# **CEO Report Legislative Updates State**

The House and Senate are scheduled to return to Springfield October 14-16 and 28-30 for the Fall/Veto Session. The Spring 2026 calendar has not yet been published.

Governor Pritzker issued an Executive Order that "enhances access to life-saving vaccines". The Order establishes the State Vaccine Access Initiative, led by the Illinois Department of Public Health (IDPH), which will work in partnership with other state agencies to ensure that Illinois residents can get vaccines based on science-based guidance. It also directs the IDPH Director to issue a standing order to allow eligible providers in pharmacy and other appropriate clinical settings to administer vaccines recommended by IDPH after consultation with its expert Immunization Advisory Committee (IAC). Cook County Department of Public Health Chief Operating Officer, Dr. Kiran Joshi is a member of the IAC.

#### 1115 Medicaid Waiver

In July 2024, the Illinois Department of Healthcare and Family Services (HFS) received federal approval for its <u>Medicaid 1115 waiver</u>. Federal CMS has approved the 1115 waiver contract, protocols, and plans necessary for implemention.

The 1115 waiver permits Illinois Medicaid to cover new health related social needs including food/nutrition, housing and housing supports, medical respite, violence prevention/intervention, non-emergency transportation, and supported employment. These new benefits will be administered through Medicaid Managed Care. Additionally, the waiver will allow individuals residing in state prisons or the Cook County Jail to be covered by Medicaid up to 90 days pre-release, to support these individuals in their re-entry efforts.

CCH has been actively engaged in several HFS workgroups and planning discussions. The first phase of waiver services include food/nutrition, medical respite, housing, and re-entry. Internal waiver readiness meetings have also been taking place at CCH since early 2023, and stakeholders include leaders from strategy, finance, operations, clinical, and managed care.

While HFS still intends to eventually launch the waiver services, HFS notified stakeholders that they are pausing their external workgroups. HFS shared that the passage of the federal budget reconciliation bill/OBBBA has made the waiver planning process more complex, and HFS needs to understand the impact on budget, timing, and roll-out of waiver services.

HFS is hosting a <u>virtual public forum on the 1115 waiver on October 3, 11am-1pm</u>. The purpose of the forum is to provide an update on progress of the waiver and solicit comments.

### Highlights of Meetings in Washington, D.C.

President Toni Preckwinkle and Dr. Erik Mikaitis, along with Commissioner Bill Lowry, Commissioner Alma Anaya and other County and CCH officials met with 12 of the 13 offices of the Cook County congressional delegation including both U.S. Senators and 10 of 11 U.S. House members on September. 10 and 11

#### **Asks were:**

- Delay the Medicaid DSH cuts that expire on October 1, 2025, and sign onto a bipartisan House letter [see next slide]
  - Without congressional action, \$120 million annual reduction in funding to CCH
- Address impact of H.R. 1, the One Big Beautiful Bill Act (OBBBA)
   on CCH
  - Medicaid work requirements: 10% of individuals will lose
     Medicaid coverage and an \$88 million reduction in provider payment to CCH
  - Medicaid redetermination every 6 months: 5-12% loss of coverage and a \$50 million reduction in provider payment to CCH

**Medicaid DSH Advocacy Results** 

All 11 members of the Cook County
House delegation signed onto a
bipartisan letter to House leadership
urging them to support a delay of
the DSH cuts

House GOP continuing resolution released days later included a delay to the DSH cuts through November

#### Congress of the United States

Washington, DC 20515

September 19, 2025

The Honorable Mike Johnson Speaker of the House U.S House of Representatives Washington, D.C. 20515 The Honorable Hakeem Jeffries Democratic Leader U.S House of Representatives Washington, D.C. 20515

Dear Speaker Johnson and Democratic Leader Jeffries:

We write to ask you to prevent reductions to the Medicaid Disproportionate Share Hospital (DSH) program, which are scheduled to take effect on October 1, 2025. The Medicaid DSH program is a vital resource for hospitals treating low-income patients in our communities. The funds are used to support critical hospital services in both rural and urban areas of the country, including burn and trauma unit services and maternal and child health care.

The Medicaid DSH program was established to ensure that hospitals which serve the nation's most vulnerable, including children, the elderly and the disabled, would have the essential financial assistance available to continue their commitment to our communities. Medicaid DSH payments are used to help offset underpayments and uncompensated care to those facilities that qualify for the program. These payments are capped through annual state allotments as well as hospital-specific limits.

Under current statute, the Medicaid DSH program will be reduced by \$8 billion in FY 2026. Cuts of this magnitude would decimate the program, reducing the size of the annual allocation by more than half. Our hospitals are already under increasing financial strain, and reductions of this size would push vulnerable rural and other safety net hospitals—and the patients they serve—into peril.

Congress has prevented these cuts from going into effect in many prior years, recognizing importance of maintaining Medicaid DSH payments. We encourage you and all our colleagues to once again act to ensure hospital payments are not reduced at a time of financial uncertainty for the nation's hospitals.

We look forward to working with you to ensure our hospitals can continue to provide care for the most vulnerable among us.

Sincerely,

Dan Crenshaw Member of Congress

Yvette D. Clarke

Member of Congress

Gus M. Bilirakis Member of Congress

Diana DeGette Member of Congress

### Fiscal Year 2026 (FY26) Appropriations State-of-Play

Government funding expires on September 30th and no FY26 appropriations bills have been enacted

House GOP released a "clean" continuing resolution (CR) to fund the government and extend the following through November 21

- Medicaid DSH cut delays
- Medicare telehealth flexibilities
- Community Health Centers, National Health Service Corps and teaching health centers that operate GME programs

Democratic leaders in the House and Senate immediately announced their opposition to the House GOP proposal

 Democratic leaders say the partisan bill "does nothing to stop the looming healthcare crisis" and are urging repeal of healthcare provisions in H.R. 1, the One Big Beautiful Bill Act in the funding bill

House planning to vote on the continuing resolution this week followed by the Senate

Failure to pass a continuing resolution will result in a government shutdown on October 1

House committee considered the FY26 Labor-HHS appropriations bill in early September and passed it along party lines

### H.R. 1, the One Big Beautiful Bill Act Implementation Updates

#### Rural Health Transformation Fund

- States have until November 5, 2025 to apply for funding; CMS will announce awardees by December 31, 2025
  - \$5 billion/year will be distributed equally to states with approved applications and \$5 billion/year will be distributed at the discretion of the CMS Administrator (at least 25% must go to states with approved applications)
- NOFO and webinars are available to interested parties
- The program has 5 strategic goals: make rural America healthy again, sustainable access, workforce development, innovative care and tech innovation

#### State Directed Payments (SDPs)

- CMS issued preliminary guidance for state on implementation of new federal payment limits for Medicaid managed care SDPs
- Rulemaking still under development

### **Trump Administration News**

CDC Director Susan Monarez fired and Jim O'Neill, the HHS Deputy Secretary is named Acting CDC Director

Legal challenges to Trump Administration announcements have successfully paused enforcement in Illinois of:

- Reinterpretation of public benefits in ways that aim to restrict eligibility for programs that were previously available to immigrant communities.
- Information sharing by CMS with ICE for immigration enforcement purposes

#### CMS sending Medicaid data to states for individuals who immigration status they cannot verify

All states receiving this data and a letter from CMS including Illinois reportedly in early September

#### Secretary Kennedy released the MAHA Strategy as a follow-up to the MAHA Commission Report

 Contains a wide range of executive action and policy reforms aimed at tackling chronic disease among children with little detail on how the recommendations would be achieved

# **Recognition & Announcements**

# CountyCare Earns 4-Star Quality Rating

CountyCare received a four-star rating from the National Committee for Quality Assurance!

This achievement makes CountyCare the highest rated among all Medicaid plans in Illinois. Every other plan received 3.5 stars.

#### Highlights of our report card include:

- Five stars for members' rating of their overall plan services
- Five stars for providing information on members' race and ethnicity as well as their language preferences
- Four stars for members' rating of their care overall
- Four stars for child and adolescent well-care

## **ACS Trauma Certification**

Stroger Hospital's Trauma & Burn Unit recently earned Level I Trauma verification from the American College of Surgeons (ACS)—a first in the unit's nearly 60-year history.

This designation is one of the most rigorous recognitions a trauma program can achieve and affirms the exceptional quality, timeliness, and impact of our trauma care.

The unit now stands as one of only two ACS Level I verified trauma centers in Illinois. Congratulations!

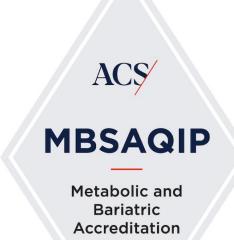

## **ACS Accreditation for Bariatric Surgery Quality**

Stroger Hospital is now accredited by the American College of Surgeon's Metabolic and Bariatric Surgery Quality Improvement Program.

This is a comprehensive, nationwide surgical quality program aimed at ensuring the safe and effective performance of metabolic and bariatric surgery.

Congratulations!

# Stroger Hospital Recognized by Healthgrades

Stroger Hospital has been recognized by Healthgrades with the Pulmonary Care Excellence Award.

The award recognizes hospitals with top-tier clinical outcomes in pulmonary care.

Congratulations!

## Get Naloxone to Stop an Overdose and Save a Life

On September 3, CCDPH joined Cook County officials at Corazón Community Services in Cicero to announce the launch of its Get Naloxone campaign.

The campaign educates suburban Cook County residents about naloxone and includes strategic distribution sites.

More than 40 naloxone boxes have been installed in local businesses and community partner sites in visible, public locations across suburban Cook County for anyone to access for free.

# **CCH/CTA Naloxone Vending Machine Press Conference**

On September 15, Cook County Health was proud to join the Chicago Transit Authority, Cook County leaders and community partners to launch a new initiative to combat opioid overdoses.

CCH has invested in Narcan vending machines to be installed at five CTA rail stations.

The goal of the vending machines is to increase access to naloxone and meet people where they are with harm-reduction resources.

## **Strategic Partner Award for CCDPH**

Congratulations to the CCDPH Community Engagement and Health Education team for being honored at the Sisters Working It Out annual gala with the Strategic Partner Award!

CCDPH and CCH partner with Sisters Working It Out to advance health equity and uplift communities across Cook County.

# **Marketing Awards**

# **International Overdose Awareness Day**

On August 29, Cook County Health and CountyCare participated in the West Side Heroin/Opioid Task Force annual International Overdose Awareness Day event. This year's global theme was "One Big Family, Driven by Hope".

The team was also joined by CCH Director Tanya Sorrell, PhD, PMHNP-BC.

The event served as a powerful reminder of the lives lost, the urgency of prevention, and the strength of a community driven by hope.

## Walk with a Doc

Cook County Health's Englewood Health Center was proud to host its first Walk With A Doctor (WWAD) event of the year at the Red Shield Salvation Army.

It was a great opportunity to bring community members and staff together and inspire them through movement and conversation.

Thanks to the community relations and health center teams for their work on this event series!

## **ACS Genitourinary Trauma Guidelines**

Dr. Courtney M.P. Hollowell, Chair of the Division of Urology, was selected to help lead a panel of internationally regarded experts to develop the American College of Surgeons Best Practice Guidelines for the Management of Genitourinary Trauma.

These guidelines will serve as the internationally accepted "gold standard" of care for providers managing complex urologic injuries in both a civilian and wartime setting.

## American Society for Gastrointestinal Endoscopy

Congratulations to Dr. Ayokunle Abegunde, Chair for the Division of Gastroenterology and Hepatology, for being one of 15 gastroenterologists nationally selected to participate in the 2025 American Society for Gastrointestinal Endoscopy GI Organization Leadership Development Program!

This 12-month integrated leadership program focuses on the business and operational side of medicine.

# Strategic Plan Update

# New Arrival Healthcare

• The reduction of new arrivals to the City of Chicago and increased Immigration Enforcement activity has resulted in a drastic reduction in patient volume from this patient population. Comparing Year To Date August

for FY25 vs. FY24:

••	August 2025 Year to Date						
	FY25	FY24	Variance	%			
New Arrival Intake Clinic	164	14,321	-14,157	-99%			
Other Outpatient Visits	16,284	47,736	-31,452	-66%			
<b>Total Ambulatory Visits</b>	16,448	62,057	-45,609	-73%			

- While we are concerned about the decline in volume from this population, overall, in both Primary Care and Specialty we have been able to absorb this decline with patients in our market.
- We would also note that ambulatory volume drives downstream impact to our Hospital operations. For example, we have seen similar declines in volume from this patient population in our Hospital volumes:

	August 2025 Year to Date						
	FY25	FY24	Variance	%			
Emergency Visits	2,460	4,905	-2,445	-50%			
Hospital Admissions	482	845	-363	-43%			
Surgical Volume	1,807	3,428	-1,621	-47%
