### Emergency Rental Assistance: Budget Breakdown

The following data reflects the total funds and breakdown in use of funds by category, as of July 19th, 2024.

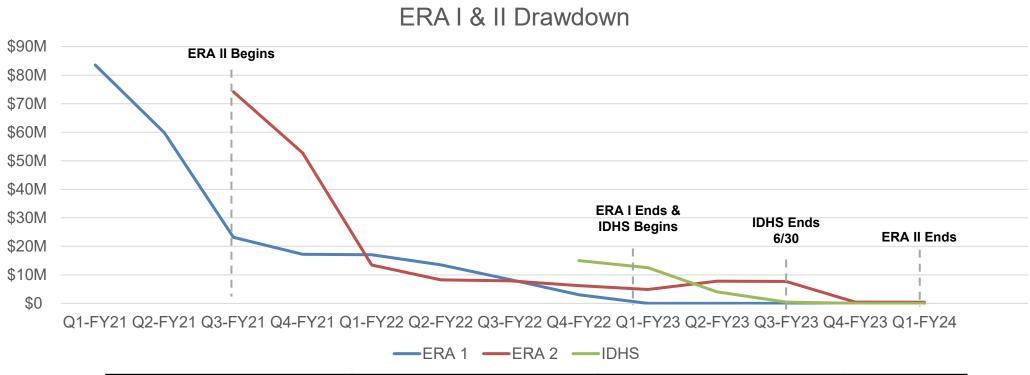

Ended 6/30

<sup>\*</sup> The IDHS allocation is leveraging ERA II funds. For that reason, the amount reflected on slide 2 combines the total ERA II and IDHS funds to give an aggregate ERA II allocation.

<sup>\*\*</sup> IDHS provided \$15M to the County, with the single year agreement initiated on 6/30/22. As the County only received its first transfer in December, the County disbursed 97.2% in half the time.

### Emergency Rental Assistance: Aid Disbursement

FEMA Closeout Review: \$121.0M

Closeout Complete: \$192.8M

Expense Overrun/(Underrun): \$(0.5M)

The FEMA PA closeout process involves collecting and reconciling 100% supporting documentation to validate project expenses once reimbursed.

During the closeout process, expense overruns or underruns may be discovered. Overruns or underruns occur when additional eligible, ineligible, or unsubstantiated costs are found within a project. For each project underrun, the County will make a repayment to align costs with reimbursements. For each overrun, the additional funds will be obligated and reimbursed.

Once documentation is collected and expenses are validated, a closeout package is submitted by the County to the State. After its review, the State then submits the package to FEMA for review.

The closeout process ensures federal compliance and protects Cook County from a claw back of funds at program closeout or during any subsequent Department of Homeland Security OIG audit.

Once all projects have been reviewed and closed out, a closeout payment transaction will be provided, and the FEMA PA program will be closed out. In the closeout payment, FEMA will reimburse the County for its Category Z administrative costs.
