Ensuring Equity for Priority Populations

We are prioritizing across both geography and population groups.

- Social Vulnerability Index (SVI)
- ~35 municipalities, primarily in the west and south regions of suburban Cook County

Other populations and communities were considered with strong justification.

Application Screening & Decision-Making Process

Initial Screening, Panel Review and Final Decisions

Decision Factors

Prioritizing equity

During the individual and panel reviews, scores related to equity ranging from Poor to Excellent were assigned in the following two categories:

1. Populations and Communities to be Reached
2. Community Need Identified and Benefit from CBO's Proposed Program

Other factors considered

- Organizational Description/Capacity
 - Strengths, Experience, and Partnerships
 - Fiscal and Contracting Capacity
- Workplan by Funding Source/Strategy
- Programmatic Risk Assessment
- Letters of Commitment
