Net Results

As of September 30, 2025, the General Fund net results were positive \$213.6 million, \$123.0 million **favorable** to the year-to-date budget prior to encumbrances. When including encumbrances, net results were \$113.6 million **favorable** to budget.

Revenues were \$86.7 million or 4.7% **favorable** to budget, with Sales tax receipts higher than forecasted. There was an improvement across some revenue categories versus budget in September 2025, led by increases in a number of Fees and Non-property tax types, including County Treasurer, County Clerk, Clerk of the Circuit Court, County Sheriff Fees, Hotel Accommodations Tax, Amusement Tax, Sports Wagering Tax, and Other Reimbursements / Transfers, that offset reductions in Cigarette Tax, Alcohol Beverage Tax, Property Taxes and in other areas.

Expenditures of \$1.734 billion were \$36.3 million or 2.1% **favorable** to the year-to-date budget before factoring in encumbrances of \$9.4 million, which resulted in a positive variance of \$26.9 million or 1.5% against budget. However, most of the encumbrance amount does not reflect present obligations. Rather, the encumbrances represent blanket purchase orders entered by departments at the beginning of the year with payments for services to be rendered over the course of the year.

Within the Health Fund, revenues were \$202.8 million or 4.4% **unfavorable** to budget. Expenditures of \$4.346 billion are \$169.1 million or 3.7% **favorable** to budget before factoring in encumbrances of \$30.5 million. When including encumbrances, expenditures were \$138.6 million or 3.1% **favorable** to budget. The large negative variance is due to in large part the current Managed Care payments made through September 2025.

State Revenues Update

Through September 30, 2025, the State of Illinois owes the County \$98.8 million. That includes:

The FY2025 Administrative Office of Illinois Court (AOIC) reimbursement amount reflects funding to be received from the State for invoice vouchers billed through September 30, 2025, which is used to pay the salaries of probation officers and administrative staff working in adult probation, social service, juvenile probation and JTDC. We will continue to monitor and report the amounts outstanding from the State across all revenue categories. As of September 30, 2025, the State AOIC past due amount was \$11.2 million.¹

The federal pass-through grants amount reflects funding to be received from the State, including the Illinois Emergency Management Agency (IEMA) for costs incurred by the County under its grant program.²

As of September 30, 2025, the Health System had no past due capitation revenue from the State of Illinois, in Family Health Plans (FHP) and Integrated Care Program (ICP).³ CCH will continue to monitor and report the amounts outstanding from the State of Illinois across all revenue categories.

¹ In September 2025 and October 2025, the State AOIC reimbursed the County in the amount of \$16.5 million related to invoice vouchers for Juvenile Probation, JTDC, Social Services, Adult Probation Officer's full salaries and grants-in-aid. The amount owed for FY2024 is \$0.0 million and FY2025 is \$11.2 million.

²In September 2025 and October 2025, the County received a total of \$32.9 million related to Federal pass – through grants. Most of the revenues received were for the Department of Emergency Management & Regional Security, FEMA Public Assistance, IEMA, State's Attorney Office, Sheriff, OCJ, DOTH, P&D, HUD, CCH, Public Health Grants, and others. As of September 30, 2025, the total grants past due amount owed to the County was \$102.2 million including \$930k from IEMA related to costs incurred by the County for activities performed to mitigate the impact of COVID-19. See Table – 9 (page 18) for detail.

As of September 30, 2025, the State owes the County \$79.7 million in Federal pass-through grant receivable.

³ As of September 30, 2025, the Health System had no past due in State Medicaid Managed Care ACA capitation and PMPM payments.

Property Tax Levy

Property Tax Levy – Total ten-month property tax levy revenue of \$200.8 million was behind prior year property tax revenue of \$389.4 million, resulting in an **unfavorable** comparative variance of \$188.6 million or 48.44% based on current collections through September 30, 2025. General Funds higher property tax collections in FY2024 are based on property tax levy as approved. There were no property tax collections in September 2025 based on the current tax distributions cycle, and delay in the collection of 2nd installment taxes.

General Fund Revenues Fees

Treasurer – Total ten-month actual revenue of \$46.2 million was above budgeted revenue of \$30.7 million,

resulting in a **favorable** variance of \$15.5 million or 50.54%. The increased revenue is attributable to a higher than anticipated volume of late payments during the month of December 2024 through September 2025.

County Clerk - Total ten-month actual revenue of \$47.8 million was above budgeted revenue of \$42.7 million, resulting in a favorable variance of \$5.1 million or 11.95% and is based the current collections. Revenue continues to be closely influenced by the broader economic climate. The favorable variance through September 2025 is driven by strong sales of high-value residential and commercial properties, alongside an uptick in available inventory. Despite these gains, the real estate sector faces ongoing challenges, including elevated mortgage interest rates

and persistently high home prices. Additionally, uncertainty surrounding government trade and economic policies may temper buyer and seller engagement in the months ahead.

Clerk of the Circuit Court – Total ten-month actual revenue of \$65.6 million was above budgeted revenue of \$59.6 million, resulting in a **favorable** variance of \$6.0 million or 10.04% and is based on current collections and increases in both new cases and e-Fillings.

Sheriff – Total ten-month actual revenue of \$6.2 million was above budgeted revenue of \$5.0 million, resulting in a **favorable** variance of \$1.2 million or 24.17% and is based on current collections. Effective January 1, 2025, Public Act 103-671 and Senate Bill 0688 requires the Clerk of the Circuit Court of Cook County to collect and remit to the Cook County Sheriff's Office five dollars (\$5.00) for each party at the time of civil filings where private process service is utilized for any summons or alias summons.

Home Rule Taxes

The County Sales Tax - Revenue of \$1.082 billion through September 30, 2025, was above budgeted revenue of \$996.0 million and resulted in a **favorable** variance of \$86.3 million or positive 8.66%. The County experiences a 4-month lag between when revenue is distributed to us by the State from when the underlying transaction occurs. Therefore, September receipts represent underlying transactions that occurred in June of 2025. For more current data, see Table-8 (Page 17).

The County Cigarette Tax - Revenue of \$59.0 million through September 30, 2025, was behind budgeted revenue of \$64.5 million, and resulted in an **unfavorable** variance of \$5.5 million, or 8.58%. The negative variance is due to current market conditions nationwide.

The County Hotel Accommodations Tax - Revenue of \$33.3 million through September 30, 2025, was above budgeted revenue of \$30.0 million and resulted in a **favorable** variance of \$3.3 million or 10.94%. The positive change is due to the continued rebound in bookings.

The Alcoholic Beverage Tax - Revenue of \$30.2 million through September 30, 2025, was behind budgeted revenue of \$31.6 million and resulted in an **unfavorable** variance of \$1.4 million or 4.36%. National trends indicate a decline in alcohol consumption, especially among younger adults.

The County Amusement Tax - Revenue of \$40.5 million through September 30, 2025, was above budgeted revenue of \$39.3 million, and resulted in a **favorable** variance of \$1.2 million, or 3.00%. The variance is primarily due to sporting events and popular concerts which occurred this Summer.

The Sports Wagering Tax - Revenue of \$12.3 million through September 30, 2025, was above budgeted revenue of \$11.0 million and resulted in a **favorable** variance of \$1.3 million or 11.37%. The positive variance is due to an increase in sports wagering in the County.

Miscellaneous Revenues

Other Reimbursements / Transfers – Total ten-month actual revenue of \$47.0 million was above budgeted revenue of \$33.5 million and resulted in a **favorable** variance of \$13.5 million or 40.31%. The positive

variance is primarily due to higher-than-expected CVS Caremark **Rx** rebates of \$38.2 million through the 3rd quarter of 2025 and other revenues collected through September 30, 2025.

*Further details are available in Table-1 of the appendices.

General Fund Expenditures

Expenses of \$1.734 billion were \$36.3 million or 2.1% **favorable** to the budget before including \$9.4 million in encumbrances. Combined expenditures and encumbrances of \$1.743 billion were \$26.9 million or 1.5% **favorable** to budget. All control offices are in line with or favorable compared to budget except for Chief Judge (\$5.2 million) and State's Attorney (\$2.7 million). The unfavorable variance in Chief Judge is due to the unexpected timing of transfers. The unfavorable variance in State's Attorney is driven by timing of transfers and personnel expenses.

The Bureau of Finance continues to work with the various departments on planning and analysis to identify opportunities to improve performance versus budget, accurately project revenues and expenses, and operate more efficiently.

*Further details are available in Table-2 of the appendices.

Health Fund - Executive Summary

CCH – The Health System revenue has a negative variance of \$202.8 million or 4.4% through September 30, 2025. The negative variance in the Health System is driven primarily by the timing of Managed Care PMPM payments by the state and directed payments, offsetting patient fees shortfall, revenues collection issues related to the Change Healthcare breach and decrease in Medicaid and increase in Charity Care. Expenditures of \$4.346 billion were \$169.1 million or 3.7% **favorable** to budget before including the

encumbrances. The variance in Health Plan Services (CountyCare) is driven by claim payments as CountyCare continues to accelerate payment timing to providers and is mostly offset by additional revenue received from the state. The variance in Health Plan Services (CountyCare) is also driven by appropriation and revenue adjustments of \$327.2 million to account for the higher membership and associated revenue.

was above budgeted revenue of \$3.103 billion, resulting in a **favorable** variance of \$3.5 million or 0.11% due to timing of state payment adjustments, to account for the higher membership through September 30, 2025. As of September 30, 2025, the Health System had no past due capitation revenue from the State of Illinois, including Family Health Plans (FHP), Integrated Care Program (ICP), and other program revenue.

Patient Fee Revenue - Total ten-month actual Patient Fee revenue of \$401.1 million was behind budgeted revenue of \$704.5 million and resulted in an **unfavorable** variance of \$303.4 million or 43.07%, based on current payments received due to lower than budgeted year to date patient volumes, decrease in Medicaid and increase in Charity Care. This report includes \$122.7 million YTD payments through September 30, 2025, from CountyCare to CCH for Domestic Claims care provided by CCH.

Federal State Medicaid Programming Funding DSH Revenue – Through September 30, 2025, Federal State Medicaid Programming Funding **DSH** actual revenue of \$193.2 million was above budgeted revenue of \$158.3 million and resulted in a **favorable** variance of \$34.9 million or 22.02%. The positive variance in DSH revenue was due to higher than budgeted uncompensated care costs.

Directed Payments – Total ten-month actual Directed Payments of \$530.9 million was above budgeted revenue of \$404.9 million and resulted in a **favorable** variance of \$125.7 million or 31.04%, based on current payments received. This report includes \$420.9 million YTD payments through September 30, 2025, in Directed payments to CCH from CountyCare.

Net Patient Service Revenue - Graduate Medical Education (GME) Revenue - Through September 30, 2025, Graduate Medical Education (GME) actual revenue of \$54.4 million was behind budgeted revenue of \$62.5 million and resulted in an **unfavorable** variance of \$8.1 million or 12.90%. The negative variance in GME revenue was based on the current payments cycle from the state.

Miscellaneous Revenue – Total ten-month actual miscellaneous revenue of \$68.4 million was above budgeted revenue of \$60.8 million, resulting in a **favorable** variance of \$7.6 million or 12.54% primarily due to a slight decrease of \$.1 million in Department of Public Health revenue collections, including inspection fees, cafeteria, retail food store, others, and various grant reimbursement. The miscellaneous fees collected at Stroger were above budgeted revenue and resulted in a **favorable** variance of \$1.5 million based on current collections which include Pharmacy Rx service charge, parking fees and other revenues. The miscellaneous fees were partially offset by Managed Care investment income of \$14.2 million.

Health Fund- Expenditures

Expenditures of \$4.346 billion were \$169.1 million or 3.7 percent **favorable** to budget before including encumbrances of \$30.5 million, primarily an increase in Health Plan Services for claims related to higher-than-budgeted membership and appropriation adjustments of \$327.2 million. Personnel services were \$97.1 million favorable to budget due to existing vacancies and contractual labor was favorable to budget by \$43.9 million.

Expenditures and encumbrances of \$4.376 billion were \$138.6 million or 3.1 percent **favorable** to 2025 budget as approved and adjusted. Most of the encumbrances (\$2.6 million out of \$30.5 million) are current obligations entered by Health Plan Services for claims with most of the payments made in September 2025 and \$14.7 million are current encumbrances of Stroger Hospital.

NOTES:

 $2. \ \text{In March 2018 County received $12.2 million in Home Rule Accelerated payment Per State Statue.} \\$

3. January 2016 receipts received in April 2016 reflect County Sales Tax rate changed from .75% to 1.75%.

Notes: Home Rule Sales Tax Revenues.

The Home Rule Sales Tax Revenues consist of the receipts from the Home Rule County Retailers' Occupation Tax and the Home Rule County Service Occupation Tax imposed by the County pursuant to its home rule powers, the County Code and the laws of the State as authorized by the Home Rule County Retailers' Occupation Tax Law (55 ILCS 5/5-1006) and by the Home Rule County Service Occupation Tax Law (55 ILCS 5/5-1007) (together, the "Home Rule Sales Taxes").

The Home Rule Sales Taxes are imposed county-wide upon all persons in the County engaged in the business of selling tangible personal property at retail and paid in the manner provided in such statute. It is currently imposed on the gross receipts from the retail sale or the cost price of the tangible personal property transferred by the service provider (including tangible personal property incident to the buying of a service), and generally is collected by the seller from the purchaser for remittance to the Illinois Department of Revenue ("IDOR") on the County's behalf. The Home Rule Sales Taxes are imposed on the same basis, and are subject to the same exemptions, as the State's Retailers' Occupation and Service Occupation Taxes.

Notes to the September 2025 Report:

- 1) Fees are projected to be received ratably, on a monthly basis, except for (a) patient fees which are based on a historical pattern of cash receipts for the period reported, established at the beginning of the fiscal year, and (b) IGT receipts which are based on a state agreement. The budgeted IGT BIPA Medicaid receipt payment in the amount of \$37.5 million was received on January 16th, 2025, and is included in this revenue report. Certain other fee revenues for September 2025 have been accrued to account for timing differences between departmental receipt and reporting to the Bureau of Finance.
- 2) Home rule taxes are projected to be received ratably, on a monthly basis, except for sales tax revenues, which are based on a historical pattern of cash receipts for the period.
- 3) Inter-governmental revenues are projected to be received ratably, on a monthly basis, except for probation officer reimbursements from the State which are projected for the period based on vouchers submitted and limited to the total amount of the State grant.
- 4) Other miscellaneous revenues are primarily projected as those revenues are expected to be realized.
- 5) Other financing sources' revenues are primarily projected as those revenues are expected to be realized. Except for motor fuel tax grant transfers which are recognized on a discretionary basis as amounts are transferred.

Revenues collected by the Treasurer are presented as reported by the monthly "Cook County Treasurer–Analysis of Revenue" communication to the Office of the Comptroller.

Note: 1 The FY2025 budgeted Property Tax revenue is based on the FY2025 tax levy, which will not be collected until 2026; actual revenue received during 2025 is based on the FY2024 tax levy. A timing differential occurs between the budgeted revenues and the actual collections, which during 2025 will be equal to the difference between the FY2025 and FY2024 tax levies.

The monthly allocation of the levy is based on the average monthly collection of actual property tax receipts during the preceding two fiscal years, the majority of which are traditionally received in the months of February, March, July, and August as a function of the Property Tax billing cycle.
