The downsides and detrimental components of this tax far outweigh the positives. It stands to cripple our businesses that are already suffering as a result of a litany of tax, health care and wage hikes over the last couple years.

Repeal the beverage tax. Throwing money at a problem does not solve the problem. Go after the parents for obesity. The finance committee needs to remove line items that are not used. Opened positions that are now being filled should be deleted from the budget. Programs and other lines that are not active should be deleted. The finance committee and the county board should be accountable to the voters as to where budgeted money for line items not 'active' is going. Active programs and positions filled should not be the first thing to be cut.

Opposition to beverage tax

There are other ways of raising revenues....how about cutting budgets. Be resourceful and creative and do not impose meaningless taxes that we do not need. I drive to lake county to avoid paying over 5 dollars in taxes on a case of coke at Costco.

There is no direct correlation between weight, wellness, and the like and taxes on beverages. There is on activity and eating well and education...that's where the focus should be. And keep the new York commercials in New York. Thank you

It is sad that cook county has to impose a tax that ultimately impacts independant business. This impacts the overall grocery purchases and thus impacting all sales tax gained by the state and your county. It is a shame, a shame the neglect cook county shows to small business. They are the backbone of America. They employee residents and have ties to your community. Please repeal the sugar tax, I know what to feed my family of 6, you have crossed the line.
