I am disappointed to hear that despite the overwhelming support from the community, the board was planning on voting in opposition of changing the name of Columbus Day to Indigenous Peoples Day. I look forward to when the board decides to honor the needs of their constituents and vote YES on this amendment.

Why do you think Indigenous Peoples' Day shouldn't replace Columbus Day? That's not a rhetorical question. I encourage the board members who are against this item to *publicly explain* why they are opposed. Would you risk re-election if you said your thoughts out loud? That should be an indication that you need to rethink your position.

I am disappointed that the commissioners did not vote in favor of officially making the second Monday in October Indigenous Peoples' Day. It is long past time this nation stopped honoring Columbus and started honoring its original peoples. At the next reasonable opportunity, I would like to know each why each commissioner does or does not think this is appropriate.

How long will we continue this American tradition of not honoring Indigenous Peoples' in this country? There will come a day when our children and grandchildren will not be able to look us in the eyes. You might be thinking, that will never happen. Well history never forgets who the real fascists were. You are giving credence to a fascist who never even stepped foot in the United States, and sailed on ships under the Spanish flag. He never represented Italy at all.

I am so deeply disappointed the organizing body would not take a vote on changing Columbus Day to Indigenous Peoples Day. Indigenous Peoples should not have to wait a moment longer to be properly recognized. Honoring the colonizers continues to set us back as a society. We now know better, I expect you to do better. Let us get on the right side of history here.

I am shocked and saddened that this County Board has not moved forward with establishing Indigenous People's Day. Why do you think Indigenous Peoples' Day shouldn't replace Columbus Day? This is literally the minimum we can do as citizens to honor the people and cultures whose land was taken by colonizers. I sincerely hope this Board learns to better listen to its constituents across Cook County to pass this resolution soon, for all of our children.

I look forward to the day in what I hope is the near future when some measure of recognition will be given the Native Peoples of this country and the name Columbus Day will be switched to Indigenous People's Day. It is a deep strain on our national history that the original inhabitants of this land were dispossessed and often killed in war or by disease in the early periods of European settlement and later betrayed time and again when promises were made and then broken. It is time we made an effort to make amends for genocide and culturecide, and this name change would be a symbolic start.

Why do you think Indigenous Peoples' Day shouldn't replace Columbus Day? When we know better we should do better. Honoring Native history takes nothing away from Italian Americans as people or their contributions. But changing this day does acknowledge our commitment to removing individuals from pedestals whose intentional actions caused direct harm to a body of people. We can change this day to Indigenous People's Day and still make space for the acknowledgement and celebration of Italian American history.

Please appreciate our land, our people, the gift the native peoples gave to us. Have you been to the Reservations? Have you seen the shambles the dominant culture shackles them with? Have you read " Trail of Tears?"

Can you please offer one small simple gesture of grace and find one day in our year to honor and thank these great Nations of people who in general have been dishonored wrongfully by US government for centuries now. ?? If your answer is no, my suggestion is for you do do some traveling in your own country's and read on the way .
