

Board of Commissioners of Cook County

Health & Hospitals Committee

Tuesday, July 14, 2026

1:00 PM

**Cook County Building, Board Room,
118 North Clark Street, Chicago, Illinois**

Issued on: 7/9/2026

NOTICE AND AGENDA

There will be a meeting of the Committee or Subcommittee of the Board of Commissioners of Cook County at the date, time and location listed above to consider the following:

PUBLIC TESTIMONY

Authorization as a public speaker shall only be granted to those individuals who have registered to speak, with the Secretary, 24 hours in advance of the meeting. To register as a public speaker, go to the meeting details page for this meeting at <https://cook-county.legistar.com/Calendar.aspx> to find a registration link. Duly authorized public speakers may speak live from the County Board Room at 118 N. Clark Street, 5th Floor, Chicago, IL or be sent a link to virtually attend the meeting and will be called upon to deliver testimony at a time specified in the meeting agenda. Authorized public speakers who are not present during the specified time for public testimony will forfeit their allotted time to speak at the meeting. Public testimony must not exceed three minutes; the Secretary will keep track of the time and advise when the time for public testimony has expired. After each virtual speaker has completed their statement, they will be removed from the meeting. Once removed, you will still be able to follow the proceedings for that day at:

<https://www.cookcountyil.gov/service/watch-live-board-proceedings> or in a viewing area at 69 W. Washington Street, 22nd Floor Conference Room F, Chicago, IL. Persons authorized to provide public testimony are encouraged to speak to an item that is germane to the meeting and shall not use vulgar, abusive, discriminatory, profane, or otherwise inappropriate language when addressing the Board; failure to act appropriately, or failure to adhere to the time requirements may result in expulsion from the meeting and/or disqualify the person from providing future testimony. Written comments will not be read aloud at the meeting, but will be posted on the meeting page and made a part of the meeting record.

PROPOSED RESOLUTION

REQUESTING A MEETING OF THE COOK COUNTY HEALTH AND HOSPITALS COMMITTEE TO RECEIVE AN UPDATE FROM COOK COUNTY HEALTH AND THE COOK COUNTY DEPARTMENT OF PUBLIC HEALTH ON THEIR COVID-19 AND OTHER DISEASES OF CONCERN IMMUNIZATION and MITIGATION PLANS IN SUBURBAN COOK COUNTY

WHEREAS, on January 27, 2020, the United States Secretary of Health and Human Services declared that COVID-19, a respiratory illness spread by close contact through respiratory droplets, presents a public health emergency, and the World Health Organization characterized the COVID-19 outbreak as a pandemic on March 11, 2020; and

WHEREAS, despite advances in treatment protocols and the availability of vaccines, COVID-19 continues to be a serious disease across the U.S. and Cook County, and;

WHEREAS, as of November 30, 2022, there have been 655,646 confirmed cases of SARS-CoV-2 in Suburban Cook County under the jurisdiction of the Cook County Department of Public Health with 7,309 reported deaths; and

WHEREAS, on August 31, 2022, the FDA amended the emergency use authorizations (EUAs) of the Moderna COVID-19 Vaccine and the Pfizer-BioNTech COVID-19 Vaccine to authorize bivalent

formulations of the vaccines (in individuals 18 years of age and older for Moderna and 12 years of age and older for Pfizer-BioNTech) for use as a single booster dose at least two months following primary OR at least two months following monovalent booster vaccination; and

WHEREAS, the FDA has also revised the EUA of the Moderna COVID-19 Vaccine and the Pfizer-BioNTech COVID-19 Vaccine to remove the use of the monovalent Moderna and Pfizer-BioNTech COVID-19 vaccines for booster administration for individuals 18 years of age and older and 12 years of age and older, respectively; however, they continue to be authorized for use for administration of a primary series for individuals 6 months of age and; and

WHEREAS, the Novavax COVID-19 vaccine is currently approved for individuals 12 and up; and

WHEREAS, the ever-changing nature of this virus has necessitated routine updates for the benefit of Commissioners and the public to stay abreast of the latest mitigation and vaccine protocols, proving essential to combatting the pandemic and to building back better; and

WHEREAS, the Cook County Department of Public Health (CCDPH) is the Illinois certified local health department for suburban Cook County, Illinois, with the exception of Evanston, Skokie, Oak Park, and Stickney Township, serving 127 municipalities; and

WHEREAS, the Cook County Department of Public Health (CCDPH) working alongside the Cook County Department of Emergency Management and Regional Security is charged with making the COVID-19 vaccines available to people in CCDPH's jurisdiction of suburban Cook County; and

WHEREAS, CCDPH is continuing to work with partners at all levels, including hospitals, health care providers and community leaders, to develop flexible and responsive COVID-19 vaccination programs that can accommodate different vaccines and increase uptake of boosters by informing the public and advertising about the vaccines importance with the Boost Up Cook County COVID and flu vaccination campaign, which is particularly important due to the possibility of a 'Tripleemic' of COVID, Flu and RSV this winter; and

WHEREAS, equally important has been to ensure the vaccines are distributed in an equitable fashion, prioritizing those areas and residents of the county that have been most impacted by COVID-19 as a result of longstanding disparities in healthcare system access and delivery; and

WHEREAS, as of November 30, 2022, CCH and CCDPH have administered 1,625,108 million complete vaccine series to suburban residents or 71% of the total population; however, only 14.8% of the population is up to date on recommended vaccines to include boosters.

NOW THEREFORE, BE IT RESOLVED, that the Cook County Health and Hospitals Committee convene a meeting to discuss the Cook County Department of Public Health's COVID-19 mitigation and vaccination efforts for Suburban Cook County; and

BE IT FURTHER RESOLVED, that the Cook County Department of Public Health and any other identified Cook County entity involved in Cook County's COVID-19 response will provide quarterly COVID-19 updates to the Cook County Health and Hospitals Committee starting in September of 2023. This will include but not be limited to their COVID-19 vaccine plans, contact tracing and mitigation plans and any other pertinent information regarding COVID-19 or any other infectious diseases of concern for Suburban Cook County including analyses of the latest data on age, geographic, racial, and other pertinent category impacts.

PROPOSED RESOLUTION

A RESOLUTION CALLING FOR A HEARING OF THE COOK COUNTY BOARD'S HEALTH AND HOSPITALS COMMITTEE REGARDING THE INCREASED RATE OF COLORECTAL CANCER RATES IN POPULATIONS UNDER 45

WHEREAS, in the United States colon cancer and rectal cancer, collectively known as colorectal cancer (CRC), is the third most commonly diagnosed cancer and the second leading cause of cancer-related death in both men and women; and

WHEREAS, the American Cancer Society (ACS) estimates that in 2026 alone, approximately 108,860 new cases of CRC will be diagnosed in the US, with about 55,230 deaths; and

WHEREAS, the lifetime risk is such that about 1 in 25 men and 1 in 26 women will develop colorectal cancer; and

WHEREAS, alarmingly, cases of CRC are on the rise in younger adults, with 1 in 5 people being diagnosed with CRC is under age 55; and

WHEREAS, once thought as primarily a disease of older age, CRC is now the leading cause of cancer-related death among young adults and rising at an alarming rate in people under 50 - by nearly 3% per year - even as incidence has declined slightly in the overall population; and

WHEREAS, nearly 30% of Cook County's population is between the ages of 20 and 39; and

WHEREAS, The Affordable Care Act (ACA) requires both private insurers and Medicare to cover the costs of all colorectal cancer screening tests but only after an individual is 45 years old; and

WHEREAS, the cause for this sudden increase in CRC in young adults remains unclear and requires attention by all experts in this field;

NOW, THEREFORE, BE IT RESOLVED, that the Cook County Board of Commissioners call for a convening of the Cook County Board's Health and Hospitals Committee to conduct a hearing regarding the increase in colorectal cancer in young adults within Cook County and the necessary steps to ensure all residents have access to affordable preventative screenings.
