

**BOARD OF COMMISSIONERS OF COOK COUNTY**  
SECRETARY TO THE BOARD OF COMMISSIONERS

MATTHEW B. DeLEON  
SECRETARY TO THE BOARD

**Cook County Board Meeting**

**September 13, 2017**

**Registered Public Comments for those Attending and Not Attending the Meeting**

**Sorted by Commissioner District using zip codes provided by commenter**

NOTE: This is our first use of the online registration survey created on the Survey Monkey website.

Because of the volume of responses for this meeting (1,881 responses), we were unable to use Survey Monkey to create a single PDF which would encompass all comments for this meeting.

To create more manageable PDFs, we broke out the responses by zip code and then combined those zip codes by commissioner district.

MANY zip codes overlap County commissioner districts. In the interests of time, we were unable to break out which specific responses were for each district. To ensure all possible responses for a district could be seen, you will find all the responses from any zip code which overlaps district boundaries in each applicable commissioner district PDF.

The Cook County beverage tax does not address health concerns of our most vulnerable population, the poor. SNAP participants can still buy sweetened beverages and our EXEMPT from the tax. The tax is not effective from public health concerns. I find myself doing my grocery shopping in nearby DuPage County. While there I also end up doing my shopping saving lots of money on Cook County sales taxes. Repeal the tax now!

I would like to preface my remarks by saying that I am not a member of the beverage or retail industries at all. I am just an ordinary citizen of Cook County who is deeply offended by this tax that will only hurt the working people and businesses of our county, while doing nothing for public health.

I do not have a financial interest in this legislation, unlike some of the supporters of the sweetened beverage tax, who seek public money to fund their dubious 'anti-obesity programs'.

I like relaxing with the occasional cold soda. I buy the small cans when they're on sale for \$3.00. 8 cans, 7.5 oz each. 60 total ounces. Under your tax, I have to pay 60 cents more, a 20% increase, which is outrageous! And think of the families that buy the 2-liter bottles on sale. Instead of \$1.00, they pay 67 cents more, a whopping 67% increase! That's beyond outrageous!

Do these taxes even work? History is instructive. This has been tried before. In Philadelphia, their soda tax has led to decreased sales in the city, but soda sales outside Philadelphia have increased. Net effect? Less sales for Philadelphia businesses, and no positive effect on health. An even better example is Mexico. They instituted a soda tax in 2013, and it has been studied. The result? Lower sales caused thousands of businesses to close, while the decrease in consumption of soda amounted to a measly 10 calories a day per person. That's not going to do anything to prevent obesity or diabetes!

If you do not repeal this hurtful, regressive tax, the people and businesses of Cook County will remember, and not even all the money of some billionaire from New York will stay their wrath!

The Public Health benefits of the soda tax are so important to the entire community as well as to older persons. We strongly support the bottom line effort to reduce consumption of excess sugar and the use of funds for healthcare for our citizens. The costs of not maintaining a county health system, a public Health Department and prevention and care is mind boggling. Please do not do the "easy repeal," stand up for the citizens of the county by offering leadership and caring.

I oppose the repeal of the sweetened beverage tax. As a pediatrician in a community ravaged by obesity, I see my young patients suffering from obesity, and as an internist, I see my adult patients suffering from the complications of a lifetime of obesity. I have been told by families in the last few weeks that they have no longer bought SSB's since the tax was implemented, which is a POSITIVE thing for their health and a sign this should continue!

Why doesn't the Board fund education programs for parents so healthy meals, sans chips, cookies, sugary snacks, be provided to children? While I understand Dr. Orgain is part of the Department of Family Medicine at UIC, she specializes in in-home care, home bound patients, and people in assisted living facilities and recently discharged from the hospital. If this is her concentration and focus, why is she so vocal about sugary drinks and children? Sugary drinks aren't the the only causes of obesity, diabetes, or kidney failure. Diet, lack of exercise, heredity are also causes. This is the most absurd tax that has even been enacted. If this is not repealed, I hope voters who are opposed to the tax will make their voices heard in the next election.

Please repeal the controversial beverage tax. This tax is too regressive, an overreach by the county and will end up doing much less than promised, both financially and the dubious public health advantages, eroding further the little trust the public has for its government. A more consistent revenue source should be sought that doesn't leave businesses, consumers and taxpayers fuming and muttering about an unpopular idea.

Please repeal this burdensome and wrong-headed beverage tax. The revenue involved doesn't justify an effort to micromanage the lives of Cook County citizens, particularly given how much business is being driven across the county border.

If we need a tax increase, let the cost be shared among all citizens, not applied as an overwhelmingly high sin tax (67% on a 2-liter!) against one arbitrary product.

I think this is an unfair tax for me as a consumer, and I think it will unfairly hurt businesses as well. I think the tax is too high, and I, and I'm sure others will do their shopping for soda, and other drinks affected by the tax outside Cook County. This will hurt businesses because sales of soda will go down substantially in Cook County, and I believe sales of other itens will go down as well. I do a lot of my shopping at Walmart, Target, and Meijer, and I don't just buy groceries there. There are bound to be times when I am at stores outside Cook County to buy soda, and will also buy clothes, books, magazines, electronics, furniture, etc. All items that Cook County will lose out on the tax money from those purchases because of this unfair soda tax. If the tax were a penny or two per can of soda, or six to twelve cents per 2-liter bottle I could probably live with it. Especially if the majority of the tax went to help educate people about diabetes or other issues with consuming a lot if sugary drinks, or maybe to re-establish daily physical education classes in schools to allow for more exercise for kids who might consume sugary drinks, or advertising or programs to promote exercise for adults. From what I've heard this tax is mainly going to make up for budget shortfalls. This seems really wrong to me. Please vote to rescind this tax.

The Cook County beverage tax is unfair as it is taxing almost all drinks that do not fall into sugary drink category.

As a tax payer this is giving me another reason to take my money to either another county or state! You shouldn't dictate what I am able to drink. If the reason is to raise healthier kids then that is the responsibility of the parents and not everyone else's. And if that's the case then why are we also taxing bottled water?! You can't have both!!! This isn't fair! Where does it end?! Will you then tax chips, sweets? Who knows. You don't want healthier kids your want bigger wallets!

Fortunately, since I drink very little soda, this tax doesn't personally affect me. Proponents of this tax argue that we need to worry about child obesity, but yet the money raised by this tax will not be used to fund those types of programs. The money is needed because the Board doesn't know how to manage a budget. If people stopped buying soda, there would be no tax, therefore, no revenue. That would not solve the Board's need for money. The County Board would then have to find an alternative tax to cover their shortage. Shame on you for misleading the public. Get your affairs in order and learn to be fiscally responsible. Don't under estimate constituent's ability and desire to go outside the county line to not only buy soda, but other items as well. Finally, don't under estimate the constituent's power to vote.

The beverage tax should be repealed. It is arbitrary and punitive and it puts Cook County businesses at a disadvantage. It simply causes residents to go to other counties or states to purchase beverages. Politicians need to stop acting like they're better than or smarter than regular people. People can make their own decisions on what they eat or drink!

i am totally opposed to this tax.It is just another way to get more money from the people.It has nothing to do with health issues.Why dont you just tax everything that contains sugar ,which is just about everything.Just think how much money you could raise then,and i am sure you would find a way to spend it all without reducing any deficet.

I feel that there should not be a tax on sugary drinks. I work in a store and people are still buying the drinks, so that is not stopping them from consuming the sugar. People will either buy it in the city, or many will go out of Cook County to buy it when they buy their cigarettes and gas. It is hurting our businesses. I strongly disagree that people on Snap assistance do not have to pay the sugar tax. They are probably one of the highest groups of people where the commercials are emphasizing that soda companies are targeting those groups of children, and they should have to pay the tax the same as everybody else. If this tax is for what government is saying it is, then everyone needs to pay this tax. The commercials are baloney if people on Snap assistance do not have to pay the tax. If somebody on Snap assistance decides to spend their money on pop, then they need to pay the tax. By the way, I feel that pop companies advertise to everyone, and not a specific group of people as stated in the commercials presented by the government.

I strongly oppose the beverage tax, and consequently support the ordinance to repeal it. It is an unnecessary additional burden that has NOTHING to do with the health and welfare of our children. It is another example of a governmental body overreaching into my right to choose what to consume.

I am a senior citizen who is not obese or diabetic and not on SNAP. I enjoy a couple glasses of DIET cola in the evening. I will never buy soda in Cook county again if this tax is not repealed but will drive to DuPage and buy it there and get other groceries and gas there too. Toni Taxwinkle will not get my money or my vote ever again.

I oppose the Cook County sugar beverage tax and I hope the people elected to represent it's district feel the same way. The tax has angered many cook county residents, I am yet to encounter one person in favor of it. I along with many others believe it is unfair and does more damage then it does good. The hard working middle class is effected the most and at a time when we're asked to already pay higher fees & taxes, to be asked to pay more is simply wrong and unjust. We don't need another revenue tax, we don't need out of state millionaire ads on TV, we need our elected officials to stand up for us and do what's right. The people in your county are angry and tired of higher taxes. Do what's right, appeal the Sugar Beverage Tax!

I favor repealing the beverage tax because it is unfair to cook county residents. Cook County already has the highest tax rates and this additional tax is infuriating residents, visitors, and burdensome to businesses that have to collect the tax. We need to make Cook County friendly to do business in and to live in instead of being nickel and dimed. Michael Bloomberg needs to donate his money directly to the cook county health system instead of spending it to make the media rich.

Can the tax. Why do taxpayers have to pay for everything. People who receive link card should not be able to purchase sugary beverages with our tax dollars. As people who receive link purchase a lot of sugary beverages and unhealthy food to feed their children. If taxpayers have to pay link receiptents should have restrictions on what they can buy. Can the tax I'm tired of paying for everything.

I feel a penny an ounce for soft drinks is too much for consumers. If this is a tax on sugar beverages, why does this include diet soda as well? Since this tax has gone in effect, I have been going outside of Cook county to buy groceries, and will continue to do so unless this tax is repealed!

Can the tax. I favor of getting rid of it what a waste of taxpayers money. I say vote someone in who can balance the budget without raising taxes. Link recipients should not be allowed to purchase sugary beverages with tax dollars. If they want to drink sugary beverages they should pay the tax to.can the tax what a burden for taxpayers.

The SUGAR BEVERAGE TAX will radically & realistically jeopardize and kill grocery business' who have been around for 25+ years. We are an establishment of 40+ years and already extremely feeling the rippled effects in the drop of sales due to the destructive tax. Consumers are tired of paying insane taxes in our city/county. We are one of a kind when it comes to consumer taxes. Be it known, consumers will NOT REFRAIN from consuming or purchasing sugared beverages! Instead they will/are going to the neighboring counties to purchase not only their choice of beverages, but all their groceries. This is seriously hurting/hindering our business'. The BACKFIRE effect of the SBT will be that consumers will continue to consume/buy the product, at their own free choice! Ultimately, the reality is both the city and county WILL NOT benefit from the destructive tax imposed! Instead the consumer's tax revenues will go to the townships and counties that are proactive and objectively business focused and have selflessly opted out of the destructive tax, thus protecting the business interests, efforts, struggles and legacies. The public knows that County authorities have to clean up their excess spending, create conservative budgets, and get rid of all the bad elements in the government levels abusing the system. It's heart-wrenching to witness how our leaders are destroying business', instead of creating/supporting a strong economy for the best interest of its citizens! The impact of this ordeal will be that our current leadership & commissioners WILL NOT be reelected for lack of representation in the best interest of the business' contributing to tax revenues through business sales. Consequently, because we will be driven out of business due to the ambitious, selfish & destructive law imposed. My humble plead on behalf of our long standing-many years of hard work business, our employees, and consumers is that you repeal a tax that will destroy many of our business' in the COUNTY OF COOK. Thus, dismissing and undermining the sacrifices, efforts and successes of a land that allows dreams to flourish through the realization of Fair American Laws, created by true and JUST American Leaders of a Great Nation! PLEASE REPEAL THE TAX, AND ALLOW US TO CONTINUE A LEGACY FOR OUR HEIRS.

I feel that the budget could be balanced if the upper administrative staff take a 10-25% cut in their salaries and eliminate some of the extra benefits (cars, drivers can be shared, etc) that can be better utilized to fill in this gap that exists. Re-evaluate how monies are being spent and cut out the unnecessary benefits.

**SUGAR TAX**

Mismanagement, poor future site and the inability to make hard choices result in more spending. This is not a health issue, call it ANOTHER "Revenue issue." As long as the County and other entities continue with business as usual, spending as if there is no bottom, there will be a need for more funds. What will you charge us for next -- breathing air? Who are you paying -- did you shop for the best price, are you getting the best services, do you need what you purchased; ask yourself is it recyclable, reusable, necessary? I do these things in my home, have been for many years now, and still find ways to save/make extra to give you. Where/when does this stop?

The sweetened beverage tax is a healthy source of revenue for Cook County. Sugary drinks are the number one source of added sugar in the American diet and are linked to increased risk for heart disease, type 2 diabetes and obesity. Mounting evidence shows that as prices go up, consumption goes down.

This tax will encourage healthier drinks while also providing needed funding for the County. Eighty-seven percent of the County's budget goes toward its Health & Hospitals System and to public safety services like providing public defenders. The revenue from the tax provides several million dollars to increase resources for job training and placement programs for justice-involved youth. Additionally, the County committed several hundred thousand dollars to community health improvement grants via the Cook County Department of Public Health.

The Cook County beverage tax should be repealed. Such taxes have zero demonstrated success in reducing obesity, caloric intake or even sugary beverage sales.

The tax is a regressive money grab that preys on those with lowest incomes who bear a disproportionate tax burden.

The tax is poorly structured and ill-conceived when one considers what beverages are taxed or not taxed and there is no scientific or policy basis for including some items (zero-sugar diet sodas) and excluding others (high sugar, pasteurized juices that provide little or no nutritional benefit).

Cook County has a debt problem. That problem won't be solved by enacting punitive, poorly structured new taxes that meddle in the personal purchasing decisions of residents.

Historically, governments have been horrible at attempting to determine what people should and should not consume. The science is far from settled and no doubt varies from person to person in terms of consumption of calories, breakdown between fats, proteins and carbohydrates and impact of sugar or sugar substitutes.

This proposal to repeal the beverage tax should be supported and the tax should be repealed.

Thank you for your consideration.

I am in favor of repealing the currently imposed "sugar tax" on beverages sold in Cook County. The law is vague, unclear, and in cases unfair, a misrepresentation of its true purpose. I understand the county may be having financial difficulties as we all are experiencing. There needs to be more cuts and finding more equitable sources to seek for funding or taxing. The current tax in effect penalizes a large majority, and was misrepresented by being a health bill issue.

This is an unfair tax to all of Cook County. This tax will NOT eliminate child obesity, and I believe this tax is just a cover to collect more tax money. Also, people are going to other counties to purchase their non-alcoholic drinks thereby possibly providing less tax money for Cook County.

I love living in Chicago, but the taxes for Cook county is outrageous. Now taxes on drinks. Yes we like soda but, it not just soda your taxing, what about juices. Cranberry juice, Apple juice, orange juice, what do you want our families to drink besides water from the sink. Tax on food, tax on water bottles, the list continues on. Please give us a break
