**Summary:** The Bureau of Technology is requesting authorization for the Chief Procurement Officer to enter into a contract with DACRA Tech, LLC (DACRA) for the Municipal Enforcement and Administrative Hearing System. The agreement includes licensing, secure CJIS compliant cloud hosting, software support and maintenance, with annual increases not to exceed the Chicago Metro Consumer Price Index (CPI). DACRA has a presence in the state of Illinois, part of the maintenance includes leveraging the existing library of Illinois' State Laws to help ensure compliance and reduce the cost of maintaining the system. This agreement will provide hosting services, contract authority for enhancements, along with software support & maintenance for the Sheriff, Forest Preserve, Revenue, Administrative Hearings, and other Offices under the President.

DACRA is a robust, secure, and modern system that is integrated with multiple systems which reduces the use of paper and eliminates duplicate data entry. The DACRA solution is hosted in the cloud and meets the security requirements of the Sheriff and Forest Preserve Police. This initiative is an example of a shared solution leveraged by multiple County offices, thus centralizing Administrative Hearing's adjudication of citations with one platform.
