Summary: The Bureau of Technology respectfully submits a request to amend the contract with Ensono LLC (Ensono). Amendment #4 will provide the necessary time to properly plan, coordinate, and execute the migration of hosting services to future vendor solutions while ensuring continuity of operations and minimizing operational risk. This Ensono amendment provides for the continued 24x7x365 hosting and support of two (2) private cloud hosting environments. The services covered under this amendment include the following:

- Non-Production, Production and Disaster Recovery environments are provided for the IPTS solution. The services directly support the Assessor, Clerk and Treasurer offices.
- Disaster Recovery services are provided for the Clerk of the Circuit Court's Odyssey Case Management System.

The Bureau of Technology successfully negotiated the proposed amendment, which includes a 17% rate increase over the current 2024 pricing. The negotiated rates would remain fixed for the duration of the two-year amendment term. In addition, the County will retain the flexibility to terminate services without penalty, provided a 90-day notice is given to Ensono.

This is a Sole Source Procurement pursuant to Section 34-139 of the Cook County Procurement Code.
