

**BOARD OF COMMISSIONERS OF COOK COUNTY**  
SECRETARY TO THE BOARD OF COMMISSIONERS

MATTHEW B. DeLEON  
SECRETARY TO THE BOARD

**Cook County Board Meeting**

**September 13, 2017**

**Registered Public Comments for those Attending and Not Attending the Meeting**

**Sorted by Commissioner District using zip codes provided by commenter**

NOTE: This is our first use of the online registration survey created on the Survey Monkey website.

Because of the volume of responses for this meeting (1,881 responses), we were unable to use Survey Monkey to create a single PDF which would encompass all comments for this meeting.

To create more manageable PDFs, we broke out the responses by zip code and then combined those zip codes by commissioner district.

MANY zip codes overlap County commissioner districts. In the interests of time, we were unable to break out which specific responses were for each district. To ensure all possible responses for a district could be seen, you will find all the responses from any zip code which overlaps district boundaries in each applicable commissioner district PDF.

I would like to strongly oppose any soda tax be enacted at all. Think about the economic impact on the county and the merchants who will suffer. There also needs to be clear and concise guidelines of where these funds will go. The funds need to go into a separate fund and monitored carefully.

My family's business of 80 years, has been severely impacted by this tax. Since the tax took effect, our business has slowed considerably. We are 5 minutes from the Will county border & 15 minutes from the Indiana border. People used to come in to buy juice, pop, ice tea, Red Bull plus other items. Now no one comes in to buy sweetened beverages or any other extra items. These past several weeks, we did not make enough to cover our bills. Our business will not be able to operate under these conditions much longer! Eighty years of my family's hard work is what's on the line here! Our business will be forced to close in 6 months, as will other businesses that border other counties, when Cook County losses the revenues from all our little businesses, what will they over tax next?

I work at Meijer in Flossmoor. We can earn sales incentive bonuses. Last month are sales subject to tax were down 50% negating our bonus. Tax should be repealed. If not, low wage retail workers will be denied earning bonuses due to the sweetened beverage tax. It's unfair and hurts employees of Meijer.

The Cook County Soda tax harms businesses and jobs. I live on the border of Will County. If I really want Soda or Iced Tea, I will just cross the border and get it in Will County. I believe this tax is more about a revenue grab for one of the most financially unstable and poorly managed counties in the United States. If a 5 year old child comes into the hospital that is so obese they cannot walk, that is called child abuse and DCFS should be notified. The problem is not soda but poor parenting. Finally the people who are on food stamps and public aid are exempt from this tax. This tax is unlikely to change their options about purchasing soda] despite the health risks. People who are on Illinois Link will be the sector of the population who need nutrition counseling. This tax is not designed to help these citizens lead a healthier life. I will not support reelection of any Cook County Commissioner who votes in favor of the Soda tax.

The Cook County Soda tax harms businesses and jobs. I live on the border of Will County. If I really want Soda or Iced Tea, I will just cross the border and get it in Will County. I believe this tax is more about a revenue grab for one of the most financially unstable and poorly managed counties in the United States. If a 5 year old child comes into the hospital that is so obese they cannot walk, that is called child abuse and DCFS should be notified. The problem is not soda but poor parenting. Finally the people who are on food stamps and public aid are exempt from this tax. This tax is unlikely to change their options about purchasing soda] despite the health risks. People who are on Illinois Link will be the sector of the population who need nutrition counseling. This tax is not designed to help these citizens lead a healthier life. I will not support reelection of any Cook County Commissioner who votes in favor of the Soda tax.

This tax is unfair to HEALTHY people who want to buy a drink on occasion. A balanced diet and exercise is the key to obesity, not charging outrageous tax on drinks.

I am an adult and resent the fact that the cook county commissioners think they have the right to levy a tax on MY FOOD (which is not illegal) because they feel they should control what I (and my children) eat !! What will you tax next, BREAD? It is a starch and contributes to obesity and other health issues. Since I am the one who purchases the beverages for my child to drink, it is not your call!! You fed your children what you chose to without government interference!! Beverages with sugar are certainly not the main contributor to obesity, YOU CANNOT REGULATE THE AMOUNT OF FOOD SOMEONE EATS!! Alcohol contributes to more accidents, deaths and permanent disabling incidents than sugar. I now go to Indiana to shop for all of my groceries which is affecting Cook County's revenues!! I truly resent your highhandedness and will not vote for any commissioner who approved this tax!!

No taxes should be on local level. They hurt the local businesses. Taxes should on federal level, so that it's fair to be everybody. The businesses in Cook County are really tired of anti-business policies of Cook County board that usually hurt small businesses. You guys get a raise every year while we get a pay cut and usually end up working more.

I do not support this Cook County Sweetened Beverage Tax. I don't believe the politicians who support this tax are looking out for my young children's nutritional needs or anyone's for that matter. I think that it is just another way the county thought of to make money and then to misappropriate those funds one day. I have always worked, I graduated from college, I am married and I have children. I pay my fair share of taxes and I follow the rules. This is the first tax that has made me open my eyes to see how politically corrupt Cook County is and I am SICK of it!! The one good thing that came out of this whole situation is how much of my life I have not followed politics and who is voted into office. I am now following very closely and I will definitely be heard and seek to change things. Thank you.

This new Cook County beverage tax is an affront to the tax payers of our county! It has absolutely nothing to do with public health, but rather just another money grab by the political officials of Cook County!

If a 2L soda pop bottle sells for \$1, this new beverage tax of 1 cent/oz comes to a 64% tax! 64% tax on soda pop? Absolutely no other item sold in Cook County carries this kind of outrageous tax!

Please do the right thing, and stop this terrible money grab by the county!

Thank You.

This tax is not in place for the health of the children like Micheal Bloomberg is trying make us believe. It is just another way for the cook county board to gain more money to waste. use the money you take from us more wisely and stop wasting it on useless things. we are already over taxed by every government body, it has to stop somewhere, now is that time!

**Q5** Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Repeal the sugar tax! I will not purchase any sugary drinks in Cook County. I will drive out of my way to go to Will County to do so. It is not up to the government to determine whether myself or my children should be drinking sugary drinks. I am capable of making that decision myself. To say that this tax was enacted for the well-being of our health, is totally ridiculous.

**Q6 ACCOMMODATIONS:** If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at [cookcounty.board@cookcountyil.gov](mailto:cookcounty.board@cookcountyil.gov) Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

The sugar tax needs to be repealed. Since the tax has gone into effect, I have not purchased any drinks with added sugar in Cook County. I will now do my shopping in Will County. Unfortunately, I understand that this hurts our businesses here in my hometown of Oak Forest, but with a family of six, we are barely making ends meet as it is. Please vote to repeal this tax. It is not up to the government to determine if my children or myself should be drinking sugary drinks. I am capable of making that decision myself. To say that the tax was enacted for the health of us consumers, is totally ridiculous.

I support repeal of this outrageous tax. This tax is nothing but a cash grab. It is not to help the 'children', that responsibility belongs to the parents. Government needs to learn how to spend money, departments need to be trimmed down and budgets do not need to increase every year.

The public does not have bottomless pockets!!

I like the city I live in and want to support it, but when nonsense taxes are added, I have to take my business to other surrounding counties. Not happy that when people hear I live in cook county, they cringe. Come on cook county give us something to be proud of. It's not to help our kids, it IS to get more money. Time to stop ripping us off and help us to be proud of where we live, this is one small step but at least it would be one positive step. Thank you!

I just cannot agree with this tax. It is not just for sugar but non sugary drinks as well. This makes no sense. Will candy and other sweetened foods be next? How about a 5 lb bag of sugar? Where would it end? Soda is not the cause of childhood diabetes. Poor eating habits, sitting in front of the TV or video game and no physical activity is the real reason. This tax is another way to pick the pockets of working people. Thank you, John York

Unfair tax. People should be in charge of what they eat and drink without penalty. Link card users do not pay. Are we not "concerned" with their health? I am not paying this tax. I make the trip to another county. This tax should be repealed. Tax payers should not be used to let government officials continue with uncontrolled spending.

The tax has forced me to shop in another county of Illinois or go to Indiana. It is worth the trip for me because I am a diet soda drinker and we also purchase orange juice. I want to support local businesses as I live in Cook County, but our limited income forces us to take the ride out of Cook County to buy ALL of our groceries now, not just soda, so it makes the trip worth the time and gasoline used. Please repeal this tax, it is draining the people and businesses of Cook County dry. Thank you!

I adamantly oppose the sweetened beverage tax because, not only is it confiscatory, but it is applied unevenly. The American Diabetes Association encourages people who have diabetes to drink sugar free soft drinks, and yet these are being taxed because of their supposed negative effects on people's health. Also, SNAP card users are exempt from this tax, so the health of over 900K people in Cook County is being ignored. And finally, even though I like to shop locally, I have been driving to Will County to do my grocery shopping and will continue to do so as long as this unfair tax is in place. I urge Commissioner Ed Moody to change his vote, and to vote in favor of repealing the sweetened beverage tax.

Soft Drink sales are being blamed as the sole reason for the obesity situation. This is a false assumption as Soft Drink Sales have decreased in recent years while the obesity problem has increased. The obesity situation can be attributed additionally to lack of exercise (increased time playing video games and watching too much TV) as well as sugary and fatty foods. The Beverage Tax is not what the County says it is. It is a money grab to cover a hole in the budget, not a means to curb obesity. The county should look internally to cut fat and wasteful spending first, which most citizens feel hasn't been done.

Cook county already has some of the highest taxes in the nation from gas taxes to sales tax to property taxes, etc. I am a hard-working middle-class person being squeezed out of my home due to the excessive cost of living here. Now, the government wants to punish me if I want a sugary beverage? I have to maintain a budget for my home and this is the biggest issue that politicians in this county and state in general have no clue how to maintain a budget. If you continue to tax the heck out of your constituents, not only will you be voted out of office but you will lose many of us. Recently I heard on the news that Chicago is the only major city currently decreasing in population, which is not shocking. High crime rates aside, it is literally almost becoming impossible for people to afford the cost of living here. If you don't repeal this tax, I refuse to give this county any more money and will simply drive to DuPage county to shop. It's funny because that county used to be considered ritzy while Cook county was for the working person, but yet Cook county taxes are now higher.

this tax was supposedly to prevent obesity and for the health of young kids, but it has nothing to do with that. this is only about money. you did not hear one thing about obesity and the health of the people when the tax was put on hold. the only thing we heard was how much money is being lost and that cook county was going to start laying people off. I am tired of being taxed to death in this county and state.

This tax is not to protect children from health issues; it is just to throw another tax onto the working middle class. If it is supposed to be a "health issue for children", why is it that individuals on welfare do not have to pay the tax? If the true intent was for children's health, sweetened drinks should be prevented from purchase using food stamps, WIC, etc.

If the sugary drinks are so bad for our health as you have proclaimed, then why are you allowing people who use public aid (Link) to purchase them??? Ultimately, if their health fails as a result of consuming these evil drinks, then taxpayers will be footing the bill for health care that we would otherwise not have to worry about.

This tax should END RIGHT HERE and Right Now. Consumers are paying too much in taxes for many items purchased in Cook County, but this tax is not going to assist us in any manner, shape or form. This is increasing the Illinois Taxpayers' financial burden substantially.

The TV Commercials telling the viewers that it's healthier for our children and families is all a lie. The taxpayers in Illinois CAN NOT HANDLE THIS Financial Burden.

Please Repeal and STOP this law on September 13th!

Thank you and the Illinois Taxpayers thank you in advance for ensuring that we don't get taxed at the Higher Rate Any Longer.

Respectfully Submitted,

Julie Filippo

This is unconstitutional as you are charging tax for ounces of poured beverage, yet at least 60% of it is ice which is not taxable.

The tax is not the answer to Cook county's budget problems and hurts the most vulnerable of the county's residents (those that make "too much" for any benefits like SNAP but are living paycheck to paycheck and can't drive to other counties) the most along with businesses in the county that are losing out on massive amounts of revenue as residents shop in neighboring counties.

I am not in favor of the sugar tax. We are already over taxed and pay the highest taxes in the country. This tax is false in its pretense, a cover for government mismanagement of tax money misappropriated. Property taxes just went up, income tax just went up, gas prices and car home insurances will go up due to the hurricanes, on and on and on. Taxes will never stop but the money to pay them at this rate will. The people are fed up with the unfairness, corruption, and lack of concern for the common person. People are leaving this state in droves because of all this taxation. Cook county has become known as Crook County, and you want the freeloaders to fill the vacancy. Kill the sugar tax.

You continue to tax the citizens of Cook County continuously! So sick of it- no wonder the residents of Illinois are leaving this sad state in droves! I am an adult, and I need no one telling me what to drink! I, along with many people will go to Will County to buy my pop, gatorade, iced tea and juice- I will never give Cook County a dime for my pop tax! I hope all the voters of Cook County will vote out every crooked politician who voted for this ridiculous tax!

The pop tax is an assault by government on poor people and a mad grab for cash typical in Cook County for centuries. This board has no right to insert itself in the proper care and parenting of our children. That is not your job. Stop lying by claiming this old-fashioned tax-the-shit-out-of-the-working-man shake-down is some sort of social engineering. Michael Bloomberg's support should be enough evidence of the folly of using taxes to raise children. Stop this fiscal rape by Cook County against the people of Cook County. REPEAL THE POP TAX

This tax on sweetened beverage must be repealed immediately. Why would you support a tax that directly places Cook County tax earning businesses in jeopardy of losing customers and the business due to the extensive high cost of the tax on certain beverages. This tax is costing Cook County residents their jobs at the expense of the Cook County Beverage tax. It is time to act responsible and place public service positions in line with the rest of the tax payers lives. Pensions have been eliminated in favor of 401Ks. Raises are never automatic. We elect our commissioners to represent us the tax paying constituents. Be tough and work to find solutions that will work and stop taking the easy road of passing more and more taxes on your overtax burdened neighbors.

It's not about public health, it's about revenue. They are counting on the tax dollars to meet the budget. Like other businesses, they need to trim the fat (and there is a lot of it!). I will not under any circumstance pay the sweetened beverage tax. I now shop in Will and Du Page Counties so I can purchase pop for my husband without having to pay a tax that will allow the County to continue to mismanage taxpayer funds. Think about all the revenue the County is losing because like-minded people are doing the same.

As a consumer of sugar free sweetened beverages, I find this tax unfair and unnecessary. I have been purchasing nearly all my drinks outside the county since the tax went into effect, which is a hassle and, I know, harmful to my local businesses. However, as an underemployed college graduate I have to be careful about my spending and will continue going out of county and consider myself fortunate that I live near the county border until this money-grab of a tax is repealed. I feel sorry for people in similar or worse circumstances to myself who do not have that option, as the tax is a financial strain. I am not the only person I know doing this in my area. The tax is not curbing consumption habits, it's curbing spending habits and hurting residents' finances and should therefore be removed immediately.

This tax does not apply to low income family who get assistance buying their groceries - how will this help them, probably the ones with the least healthy diets, stop buying sugary drinks?

Just the fact that you are taxing zero sugar, zero calorie drinks shows everyone that you are not concerned with our health - only with burdening us with another tax to cover up your mishandling of the money we already give you! I am ashamed to tell people that I live in Cook County!!!!

I am in favor of REPEALING the sugar tax. It's stupid. What about cakes, candy, ice cream, potato chips etc., that cause diabetes. Why not just say the politicians need more money for their ,pockets. I for one now go the the surrounding counties to shop for everything. See what your sugar tax has done.

I oppose the sweetened Beverage tax because it places undue hardship on families and those on fixed incomes. We are being overtaxed as it is with the recent large increases in state income taxes and Cook County real estate taxes. All three taxes puts enormous burdens on people who are retired and are on fixed income. In Cook county we are not even allowed to enjoy a juice drink! Have mercy.

I just want to say that the cook county pop tax has forced me to go shopping in Will County though I live one block away from a jewel. I now visit the Sams Club in Joliet instead of Tinley Park costing the County sales Tax. Finally my doctor told my young boys that it is important to hydrate when Gatorade after their practices and I trust him more than the Cook County Board President as to the health on children

In regards to the cook county beverage tax. I am strongly opposed to it. As a physician I understand the problems associated with obesity in children and adults. I do not think this money-grab of a tax is the way to combat this health issue. I have stopped buying any taxed beverages in cook county since this tax has been in effect. Instead I buy these items in a different county, or state. This is something most of the people I know are doing. Unfortunately it comes with a cost of hurting local businesses. Irresponsible tax. Needs to end.

I am writing is to tell you to stay out of my pocket, shopping cart and my home. The reason kids are obese is not the soda company or the fast food Industries its the dam parents that don't care about there kids. Stop blaming the company for your problems and leave the tax payers out of this. Last time I checked when my family and i went to McDonald's, McDonald's didn't give us free food we paid for it. So again its the parents that don't cook health or pay health or even tell their kids to go outside and play, they just sit on there phones, computer and video games. Stay out of my pocket, business and my house. Tell Bloomberg to have his own family to control and not others.

This ridiculous tax needs to be repealed. It is costing Cook County retailers a tremendous amount of business. This money grab has nothing to do with anything other than the county not living within their means. The deceptive ad campaign financed by Michael Bloomberg is an embarrassment!

I am in opposition to repealing the sweetened beverage tax. Once education occurs regarding the harmful effects of consuming sugar-sweetened beverages (SSBs). SSB's reduction will reduce obesity, chronic disease, and health care costs through environmental changes, such as healthy vending, and changes to the beverage environment in schools, public buildings, worksites, and hospitals, we must de-normalize consumption of SSBs.

This tax need to be repealed. My question is that they are telling us if is for our own health. How so? When food stamp user can go to the store and buy 5 cases of soda and have no tax or surcharge on it is crazy. But people who work have to pay this? This isn't for our health other wise why add this surcharge to items that don't have sugar? This is unfair as a tax payer that we have to pay this and food stamp users don't!

I am disappointed that Forest Preserve employees enjoy a yearly bonus in addition to yearly salary increase for no reason. Why not eliminate at least one of those increases and repeal the tax.

Don't insult us by saying that the tax is to avoid obesity in children but still charge the tax on beverages that are zero calories. Also, what about the candy, chips, ice cream, pastries, etc that are causing obesity. Toni Preckwinkle is insulting our intelligence. I used to think that she was honest and for the good of the whole people. I've lost respect for her as a politician and a person. She should hang her head low.

The tax has forced us to shop outside of Cook County, just like we do for gas. This causes lost sales tax revenue as well as not collecting the beverage tax. I oppose the beverage tax! It has been said that the tax is for health reasons and to prevent childhood obesity so why are diet sodas and unsweetened drinks included in this tax? Sodas cannot be singled out as the leading cause of obesity. This is an unfair tax and it needs to be repelled.

17-4704: Ordinance to Repeal the Sweetened Beverage Tax

Please repeal the sweetened beverage tax. This tax results in an undue burden on the average citizen in Cook County as well as small businesses in the County. This hits businesses near the borders of the county especially hard because residents will drive to another county to make their beverage-tax-free purchases at other businesses.

It also does not achieve its "intended" purpose of encouraging citizens to be healthier. Diet beverages are taxed; and no tax is applied to beverages where sugar is added at point of sale. Drinks like Kool-Aid can be made with much more sugar than many of the beverages subject to this tax. And what about the exemption for those on welfare? Does the County Board wish them to continue to drink unhealthily? This is clearly at best poorly conceived law, and more likely a deceptively cloaked penalty on the middle-class. Additionally, this tax has made our County a laughing stock for the rest of the country. Please repeal this poorly written law.

I am in support of the cook county soda tax repeal and wish it to be removed/repealed immediately It is another unfair tax that we don't need. I have to live within my budget. Cook County needs to live within its budget and stop raising taxes. I don't drink pop but my 88 year old mother who weighs 108 lbs likes Orange Gatorade. Why can't she have it without a penalty? We have been doing our shopping outside of Cook County and will continue. Not one Cent of my money will go to this horrible tax which is only for the money anyway. It isn't for our health. I will be voting everyone out of office at the next election over this debacle. And by the way, we don't call it Soda we call it Pop. Thank you.

I have 3 years until I retire and it's legalized stealing taxes like this tax that has made up my mind to flee Illinois. It is clear that this extortion tax is just so a chosen few politicians can keep their cronies employed on the backs of the working class. The nerve to say it's for the health of the community. Not only is it extortion it's wrapped in a big fat lie!!!

Go get a real job that doesn't have a pork pie pension in bred into it paid for by the working few. Go get a job that doesn't have every holiday known to man off and granted as a benefit!!!

I only purchase diet soda and this tax is supposedly geared toward eliminating obesity?! Drinking diet soda does not MAKE anyone obese - other poor healthy eating, diet, exercise choices makes people obese. Additionally, I live close enough to Will County that I have simply taken my business elsewhere, as I am sure MANY with the means to do so have. And, as long as I am going to Will County for soda I am doing all of my grocery store shopping there. Those without the means to go elsewhere, including but not limited to, those using some form of public assistance for food purchases, are not actually paying the tax. So, not only are you taxing a product that is not causing this so called obesity, you are actually SENDING SHOPPERS OUT OF COOK COUNTY, and will probably not see any of the expected "windfall" from this tax, but, instead, will see even more businesses LEAVE COOK COUNTY!

Living near the county border, I am aware of the negative impact this beverage tax has on Cook County businesses.

Additionally, it is a very regressive tax that hurts low income families the most.

I am against the soda pop tax. First of all in Cook County we have one of the highest sales tax as well as very high real estate taxes. You can not keep taxing us you need to work within a budget and do pension reform. One other issue is how are people on SNAP exempt. Soda is not a necessity therefore if it should not be excluded. Soda is a treat for my family and therefore should not be a part of SNAP. Based on your commercials if you are worried about our health should you not be worried about the health of the people on SNAP? You need this tax to generate revenue and you need to stop taxing the hard working people of Cook County every chance you get.

The 'sweetened beverage tax' has nothing to do with health issues and is merely an excuse to impose yet another tax on the already over-taxed residents of Cook County while providing a means for government to further control our lives. Obesity is caused by poor nutritional choices, a lack of SELF control and a sedentary lifestyle, not by a Coke or a Pepsi.

Since the tax went into effect I have not and will not purchase ANY sweetened beverage in Cook County. I have given up shopping at my local Cook County grocery store and taken my business to Will County and across state lines. I will continue to do so while this frivolous tax is in effect.

Appeal the beverage tax!!!! The reason given for the tax does not follow what is taxed. And.....leave it to the parents to discipline their children.

I oppose the Cook County Soda Tax and want it repealed. Furthermore, I take umbridge to the commercials pretending this tax is to help children ... It is NOT. The commercial talks about an obese 5 year old ... Really? How many 2 to 5 year olds do you see walking around with a can of Pepsi in there hand? Ridiculous !!! If you want to protect children ... then why not tax something we know for sure kills them ... like bullets. This tax will NOT help Cook County children because I will simply buy my beverages in Will County. I will also visit restrants and bars in Will County as well - so all you are doing is hurting Cook County in the end.

The intended tax grab is a travesty. It is in no way linked to preventing obesity (a falsehood by T. Preckwinkle and constituents supporting this measure). Money spent by M. Bloomberg in creating the ads could have better supported the shortfall. I will take my business to an adjacent county. This is hurting all local businesses. I have returned purchases accidentally made, that have included the tax. Make up for the shortfall by cutting some admin staff and expenses, like private businesses must do!!

My hard earned money will go anywhere except Cook County for this totally ridiculous tax. The ironic twist of Preckwinkle and Bloomberg, is that each has decided to appoint themselves as the overseers of the people of Cook County, with the premise that they are the HEALTH GUARDIANS of anyone in Cook County who is not utilizing SNAP.

To whom it may concern, as a tax paying citizen I am tired of being taxed for the horrible investments made by politicians current and former. We are constantly paying for bad decisions, just so government workers can keep there pensions. I'm sorry but someone is going to have to be the sacrificial lamb and fall on the sword. Please put an end to extra taxing of the public. If this continues people like me will be forced to help other politicians in there campaigns just to oust the current board. At this point this is all we can do, next you will be taxing us on bread and pasta because it turns into sugar once digested.

The beverage tax unfairly targets the middle and working classes. In addition, it is pulling revenue away from Cook County stores, because people like me are now doing all their shopping in DuPage or Will County. The fact that this tax targets diet beverages as well as sugared beverages points to the fact that it was not enacted to combat obesity; it is just a revenue grab.

1.75 liters if alcohol has a tax of 1.16

24 pack of Gatorade has a tax of 4.00..the people that have money are getting in their cars and buying these items at other counties along with other items so who is suffering? The poorer, the older, the people with no choice. The voters will remember this act of extortion against hard working people and total disregard for fiscal responsibility and wasteful spending, a travesty, a shame.
