The balance in account 333 was \$160,000; account 450 was \$5,000; account 638 was \$6,000. The balance 30 days prior was account 333 \$200,000; account 450 was \$100,000; account 638 was \$6,000.

How was the account used for the source of transferred funds identified? List any other accounts that were also considered (but not used) as the source of the transferred funds.

They were chosen according to the available funds in each of these accounts.

Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

None

If the answer to the above question is “none” then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

Summary: The Cook County Assessor's Office and Cook County Clerk's Office request authorization for the Chief Procurement Officer to enter into and execute a contract with Cook County Suburban Publishers, Inc.

This contract will satisfy the statutory requirements for the Cook County Assessor's Office set forth in 35 ILCS 200/12-20 and 715 ILCS 10/1 which require real estate assessments to be published at the same time for the North and South suburban townships. Cook County Suburban Publishers, Inc. can publish the North and South suburban townships under one umbrella.

This contract will also allow the Cook County Clerk's Office to satisfy the statutory requirements set forth in Article 12 of the Election Code, 10 ILCS 5/12-1 et. seq. which requires the Cook County Clerk's Office to place notices in a minimum of two newspapers for each suburban municipality in the election jurisdiction on the same day and for the same duration of time. If multiple vendors are involved, there could be a scenario where some newspapers in certain municipalities have different publication dates. This would result in a loss of coordination of the notices and possible confusion among the voters. Therefore, it is necessary to have one source that can publish notices in all election municipalities on the same day. Cook County Suburban Publishers, Inc. can provide the necessary geographical coverage and guarantee that notices are placed in the correct papers on the same day.

This is a Sole Source Procurement pursuant to Section 34-139 of the Cook County Procurement Code.
