approval of any monitor appointed pursuant to the Shakman Consent Decree; provided however, that any funding of existing or newly created positions or transfer of funds within or between the Personal Services (501000), Contractual Services (520000), Supplies and Materials (530000), Operations and Maintenance (540000), Rental and Leasing (550000), or Contingency and Special Purposes (580000) account/account series by a newly Elected or appointed Official may not increase the total appropriation of their Office as Approved and Adopted in the 2023 Cook County Appropriation Bill. Any newly Elected or appointed Official subject to this provision shall provide a report to the Budget Director and the Board of Commissioners summarizing any transfers made under this provision. The Budget Director is hereby authorized to issue rules governing transfers and the limitations of authority placed on the Land Bank Authority and CCH in furtherance of Sections 8 and 9. Section 10. Agencies of the County are prohibited from taking any employment action such as posting employment opportunities, offering employment or promotional opportunities, transferring personnel, changing funding sources, or implementing demotions without obtaining written approval and confirmation from the Budget Director that funds are available for said employment action. The Budget Director shall confirm on a quarterly basis with a report to the Board regarding Agency compliance in furtherance of

Section 10. Before any individual is extended an offer of employment and added to the payroll system or employees are recommended for a reclassification, the relevant Agency of the County must obtain the prior approval of the Budget Director to validate those funds as “available.” Should employees be put onto the payroll system without these requisite prior approvals, while they will be paid for time worked, the Budget Director has the authority to withhold funding from an available account to pay for the unauthorized hire. The Budget Director shall issue a report of approved position reclassifications to the County Board on a quarterly basis for the preceding quarter. The Department of Budget and Management Service’s validation of funds available for the purpose of position control shall include the combined Salaries and Wages of Regular Employees (501010), Salaries and Wages of Extra Employees (501140), Planned Salary Adjustment (501166), Planned Overtime Compensation (501211), Planned Benefit Adjustment (501225), Per Diem Personnel (501296), and Salaries and Wages of Employees per Contract (501421) accounts. In those instances where the Department of Budget and Management Services has determined that an Agency or Department’s annualized payrolls will exceed the turnover requirement for the next funding period, for purposes of position control, funds will be deemed to be unavailable.

Appointments to Salaries and Wages of Extra Employees (501140) positions are limited to new positions, programs or emergencies that were not anticipated during the budget process. New appointments to Salaries and Wages -Extra Employees (501131) positions must be authorized for Salaries and Wages of Regular Employees (501010) funding in the next fiscal year or the position will be deleted at year-end. Funding the employment of persons as Extra Employees shall

be in accordance with the rules established by the Department of Budget and Management Services.

- Section 12.** The Budget Director will create internal service accounts for consolidating payments to a single vendor for goods and services rendered to the various agencies of county government into which the County Comptroller may from time to time make transfers from corresponding amounts budgeted to each agency. Payment of claims, premiums and other associated costs may be made directly from these internal service accounts. Each month, the County Comptroller shall make available to the County Board the Appropriation Trial Balance Report which shall include information related to said transfers. That appropriations for Personal Services, Contingency and Special Purposes shall be assigned to the Self-Insurance Fund during the fiscal year based upon premium and premium equivalent calculations and projections, including reserves as recommended by the Director of Risk Management, and shall be utilized to pay claims and costs associated with those items.
- Section 13.** Workers' compensation costs including indemnity and medical, and related payments associated with each workers' compensation claim shall be charged to the department, agency, or elected office's workers' compensation funds in instances where the previous three year's annual workers' compensation expenditures generally averaged more than \$50,000, calculated under policies jointly established by the Director of Risk Management and the Budget Director.
- Section 14.** That, in the event the Department of Facilities Management, Bureau of Technology or Comptroller's Office performs work on behalf of and at the behest of another County agency, the work performed on straight time using County employees shall not be charged to the beneficiary agency, but for all work performed on overtime, the overtime differential may be charged to the beneficiary agency's overtime account. Discretionary projects may be charged to beneficiary agency by approval of the space committee.
- Section 15.** That capital equipment purchases will follow an ongoing equipment replacement policy for each major category of equipment used by Agencies, as articulated in the County Performance Based Management and Budgeting Ordinance Article X Section 2-932, including but not limited to vehicles, telecommunications and technology equipment, office furniture, fixed plant and institutional equipment, and medical and lab equipment. During Fiscal Year 2025, all County Agencies shall submit an inventory of capital equipment to include specific inventories of software assets and technology hardware assets which shall identify such a replacement cycle. Capital Improvement projects shall be approved by the Board of Commissioners, with a replacement cycle where applicable, as identified in the Appropriation Bill. Total appropriations for approved capital equipment, capital improvements, and transportation and highway capital projects shall not exceed the amount as appropriated by the Board of Commissioners for said purposes during Fiscal Year 2025, except as permitted pursuant to Section 28. Capital equipment, capital improvements, and transportation and highway capital equipment should be funded, if possible, through a mix of funding sources including operating funds, special revenue funds, grant dollars, and short- and long-term financing alternatives including sales tax bonds, general obligation bonds, revolving lines or credit, or other debt instruments available to the County. In connection with any such shortand long-term financing

Board of Commissioners

alternatives, the Chief Financial Officer of Cook County (the “Chief Financial Officer”) is authorized from time to time during Fiscal Year 2025 to declare in writing in connection with such financings that all or a portion of the proceeds from such financing alternatives be used to reimburse the County, which writing shall be filed and received with the Finance Committee. That appropriation authority to procure capital equipment by Special Revenue Funds using short-term financing arrangements shall require repayment by the Special Revenue Fund over the period approved by the Chief Financial Officer. These repayments will be deposited annually to reimburse the funding source that was initially used to finance the project. Notwithstanding anything herein to the contrary, the County expects to incur significant costs for the capital equipment, capital improvements and transportation and highway capital equipment referenced above and approved hereby (the “Capital Improvements”) and the County has determined that it intends to finance all or a portion of the cost of the Capital Improvements with the proceeds of obligations the interest on which is excludable from gross income for federal income tax purposes (“tax exempt bonds”). No costs of the Capital Improvements to be so financed or reimbursed were paid more than 60 days prior to the date of this Resolution, other than preliminary expenditures (not exceeding 20% of the aggregate issue price of the tax exempt bonds issued to finance the Capital Improvements), provided that such preliminary expenditures shall not include costs of land acquisition or site preparation or other costs of construction or acquisition of the Capital Improvements. The County hereby declares its intention and reasonable expectation to use proceeds of tax-exempt bonds (the “Reimbursement Bonds”) to reimburse itself for expenditures for costs of the Capital Improvements. The County intends that the Reimbursement Bonds are to be issued, and the reimbursements made, by the later of 18 months after the payment of the costs or after the Capital Improvements are placed in service, but in any event, no later than three years after the date the original expenditure was paid. The County anticipates that the maximum principal amount of Bonds issued to finance the County including Reimbursement Bonds, will not exceed \$400,000,000.00. The costs of the Capital Improvements consist entirely of capital expenditures or cost of issuance of tax-exempt bonds, and no cost of the Capital Improvements to be reimbursed with the proceeds of the Reimbursement Bonds is a cost of working capital. The appropriate officers of the County are hereby authorized and directed to take or approve the taking of such actions as may be necessary or appropriate in order to preserve the ability of the County to finance its capital expenditures in accordance with the federal tax regulations and this Resolution. The County will not, at any time within one year after any allocation of proceeds of the Reimbursement Bonds to reimburse any expenditure, use the reimbursed funds to create a sinking fund for any issue of tax-exempt bonds to otherwise replace the proceeds of any issue of tax-exempt bonds.

Section 16. That appropriations for Capital Improvements and Capital Equipment are made by projects and classified by a project type. The Budget Director is authorized to allocate available appropriations to projects. Appropriate Internal Revenue Service Useful Life conditions shall be considered and met to allocate appropriations to projects financed through debt proceeds. Additionally, the Budget Director is authorized to allocate available appropriations between Capitalizable and Non-Capitalizable projects within the Motor Fuel Tax fund. Upon completion or de-prioritization of a Capital Improvement project, the Director of Capital Planning of Cook County (the “Director of Capital Planning”) shall submit a formal request to the Budget Director to close or deprioritize the project and may request a reallocation of excess appropriations to other approved Capital Improvement

projects, or approved Capital Equipment projects per the terms set forth herein. With regards to Capital Equipment, the respective requesting agency shall submit a formal request to the Budget Director to close or deprioritize the project. In the event excess appropriations remain, the Budget Director may reallocate the associated appropriations to other approved Capital Equipment projects within said fiscal year. In the event the Capital Equipment Appropriation reserves are exhausted, and Capital Equipment projects are not available to be deprioritized, the Budget Director is authorized to process a transfer from the Capital Improvement Appropriation with the approval of the Chief Financial Officer and Director of Capital Planning. Internal Revenue Service Useful Life conditions shall be met for capital projects financed through debt proceeds. Should the Agencies have encumbered debt funds for the capital projects, Budget Director shall be authorized to carryforward the debt funded encumbrances and encumbrance budget upon Chief Financial Officer's approval. Such carryover of debt funded projects shall be reported to the Board of Commissioners at the end of the first quarter. The Budget Director and the Director of Capital Planning shall jointly submit on a quarterly basis to the County Board a Capital Improvements and Equipment Funding and Project Report, which consists of three sections; provided that the fourth quarter report shall be an annual report submitted by the 31st day of January. The first section of the report will identify all Capital Improvement and Capital Equipment expenditures, encumbrances and unencumbered balances by funding sources and shall show, when applicable the bond funding by source and gross funds available through the end of the fiscal year. The second section of the report shall show all Capital Improvements by bond series, when applicable and project number; and for each project, the funding allocated towards each project, the total amount of expenditures paid, the balance of encumbered funds, the amount of unencumbered funds, any transfers of funding allocated between projects, any adjustments made by the Budget Director upon the completion of a Capital Improvement project pursuant to this section, and the status of each project. The third section of the report shall show all Capital Equipment by bureau/department by bond series when applicable and project number; and for each project, the funding allocated towards each project, the total amount of expenditures paid, the balance of encumbered funds, the amount of unencumbered funds, any transfers of funding allocated between projects, and any adjustments made by the Budget Director upon the final purchase of Capital Equipment pursuant to this section.

Section 17. For the purpose of enabling the County to have in its treasury at all times sufficient money to meet demands thereon for ordinary and necessary expenditures and to provide adequate support for the County's bond ratings and protection against unanticipated revenue shortfalls, the total of the County's Working Cash Funds shall be maintained in the estimated amount of \$209,969,390 projected as of November 30, 2024 (unless the County Board elects to change this said amount as necessary), notwithstanding any provisions of the Illinois Compiled Statutes. The Working Cash Funds shall be reimbursed from time to time by authority of the Chief Financial Officer. The amount due to the Working Cash Funds after December 1, 2024, shall be repaid in its entirety by no later than November 30, 2025. The Chief Financial Officer may direct the Comptroller to make a permanent transfer not to exceed \$25.0 million after County Board approval by roll call vote, from the Working Cash Fund to defer future borrowing requirements for the Self-Insurance Fund and Capital Equipment. The Comptroller shall transfer all interest earnings from the Working Cash Fund to the County General Fund. Such transfers shall not be subject to the Annual Working Cash Repayment Resolution.

- Section 18.** The Chief Financial Officer, in accordance with relevant authorizing ordinance or ordinances, and the associated forms of agreement as approved by the Board of Commissioners, may pay or pre-pay, from any unrestricted source, monies owed by the County as a result of a note or bond associated with a line of credit agreement, a revolver, or other debt instrument under which the County is a borrower, under such terms as are set forth in the governing documents and associated agreements.
- Section 19.** That the Comptroller and the Cook County Treasurer be and are hereby authorized and directed to close the accounts of the County pursuant to the Annual Appropriation Bill for the Fiscal Year 2024 and that such unexpended balances of the Annual Appropriation Bill for the Fiscal Year 2025 be placed to the credit of each specific fund.
- Section 20.** That there may be unencumbered balances in the various accounts in the different funds of the County that will be adequate to pay for services already rendered because of unforeseen deficiencies at the time the Annual Appropriation Bill for the Fiscal Year 2024 was passed and last adjusted. The Comptroller, Budget Director, and the Cook County Treasurer be, and are hereby authorized, to use these unexpended balances by way of transfers so that the deficiency may be liquidated, as part of closing out the year. For each fiscal year, the formatting arrangement of appropriations by object level in the relevant Appropriation Bill does not per se limit spending at the object level provided that total county expenditures do not exceed the total sum appropriated for the relevant fiscal year (including such sums as are appropriated on a continuing basis for CCH) and, when required by this Resolution or other applicable law, expenditures greater than an object level are accomplished through permissible transfers made by the Board of Commissioners, or the Budget Director as authorized by the Board of Commissioners, pursuant to Section 9. Per the Encumbrance Policy promulgated by the Chief Financial Officer, all operating expenses will be applied to the fiscal year in which the goods or services are received. Any outstanding operating encumbrances will therefore be released to the appropriate fund at the close of the fiscal year. Grant, and Capital Improvement programs have fiscal calendars that span more than one fiscal year. Therefore, Grant and Capital Improvement programs may have their encumbrances carried forward into the following fiscal year as appropriated, in accordance with the provisions of the encumbrance policy.
- Section 21.** When all accounts and books for Fiscal Year 2024 are closed and final amounts determined, the Comptroller shall report back to the County Board with the revised revenues, fund balances and balance sheets in the Annual Comprehensive Financial Report. All appropriated amounts for Fiscal Year 2024 shall be reported as adopted by the County Board in the Annual Appropriation Bill for Fiscal Year 2024 and as subsequently adjusted by transfers of funds. Said information will be made available to the County Board and to the public via the Final Appropriation Trial Balance for 2024. The unaudited Final Appropriation Trial Balance for 2024 will be posted alongside the 2025 line-item budget in a single document on the County's website by April 30, 2025, and shall be made concurrently available on the County's Open Data website in a format compatible with the County's Open Government Ordinance.
- Section 22.** In accordance with the County's Fund Diversity and Stabilization/Financial Reserve Policy, the Chief Financial Officer is authorized to assign up to \$64.9 million in the

Journal of Proceedings

Board of Commissioners

aggregate of the County's unassigned general fund balance after the end of the 2024 fiscal year when final amounts are determined within the primary ledger, including:

- Up to \$44.9 million for the Self-Insurance Reserve.
- And, up to \$20.0 million to the Pension Stabilization Reserve.

Section 23. That the Annual Appropriation Bill for Fiscal Year 2025 shall be made available on the Cook County website at www.cookcountyil.gov/Budget.

Section 24. As submitted in the 2025 Revenue Estimate, amounts equal to three percent of the estimated property tax levy allocated to the Public Safety Fund, Health Enterprise Fund, Capital Project Fund and Election Fund are hereby appropriated for Fiscal Year 2025 for the Public Safety Fund, Health Enterprise Fund, Capital Project Fund and Election Fund (a) for purposes of covering the loss and cost of collecting taxes levied for said Funds, and also the amounts of taxes so levied for the nonpayment of which real estate shall be forfeited to the State and abatements in the amounts of such taxes as extended upon the collectors' books; (b) to ensure the County meets its obligations for indebtedness as represented by the Bond and Interest Fund; and (c) in order that the actual collections of property taxes received by the Annuity and Benefit Fund are commensurate with the amounts so levied. The Cook County Clerk is authorized to extend loss and collections for the Public Safety Fund, Health Enterprise Fund, Capital Project Fund, and Election Fund in a manner that is sufficient for these purposes. Section 25. That the Chief Financial Officer shall cause the disbursement to the County Officers' and Employees' Annuity and Benefit Fund, from the Annuity and Benefit Fund 11303, sub-account 501225, Board Appropriated Payments for Annuitant Health Care Costs, in the sum of \$56,019,767, provided that the County Board and the County Officers' and Employees' Annuity and Benefit Fund agree to the disbursement and receipt of such funds by way of an intergovernmental agreement; and further provided that until such time as the parties enter into said intergovernmental agreement, the Chief Financial Officer shall work with the Cook County Treasurer to invest the funds in sub-account 501225, in such manner as is permitted by law or intergovernmental agreement, the corpus and proceeds of which shall be fully reserved for the purpose stated in this

Section 25. Additionally, the Chief Financial Officer may from time to time transfer into a Pension Stabilization Account within the Annuity and Benefit Fund otherwise permissible funds, provided that each transfer of funds into the Pension Stabilization Account is, in the opinion of the Chief Financial Officer, feasible and prudent, taking into account the then-current and projected state of the County's revenues and authorized expenditures; provided further that such transfers do not, in the aggregate, exceed \$20,000,000; and provided further that the Chief Financial Officer shall notify the Board of Commissioners immediately upon such transfer. Funds so transferred into the Pension Stabilization Account shall be available for payment to the County Officers' and Employees' Annuity and Benefit Fund, provided the disbursement, receipt, and purposes of such funds are authorized through an intergovernmental agreement between the County Board and the County Officers' and Employees' Annuity and Benefit Fund or the annual appropriation.

Financial Officer may from time to time assign and transfer General Fund Balance for stabilization of the Disaster Response and Recovery Fund in an amount not to exceed \$50,000,000.00 in any given year and future years and such contribution will be based on an analysis of projected year-end General Fund Balance in accordance with Cook County's Fund Balance Policy, and provided further that the Chief Financial Officer shall notify the Board of Commissioners immediately upon such transfer.

The use of funds in the Disaster Response and Recovery Fund shall be subject to the approval of the Executive Director of the Department of Emergency Management and Regional Security and the Chief Financial Officer in coordination with the President of the Cook County Board of Commissioners or their designee upon the declaration of an Emergency. Reporting on the use of such funds and reporting shall further comply with Resolution 23-5710 which was approved by the Cook County Board of Commissioners on November 16, 2023.

In FY2025, up to \$100,000,000.00 shall be allocated for Cook County disaster response and recovery events that may transpire in FY2025 or reimbursement to suburban municipal or local governments for costs related to disaster response and recovery.

the date in which the Board authorized the previous grant, and the amount granted at that time shall be included in the current request to renew to the Department of Budget and Management Services. Grants identified in the Annual Appropriation Bill include estimated award amounts. No expenditures will be allowed against a grant until the actual grant has been awarded and confirmed with an agreement or other commitment notice from the Funding Agency, in such form as is approved by the Budget Director. Additionally, no amount shall be expended on any grant except to the degree approved by the Budget Director. To the extent that revenue of a grant or other financial award is not described in the Annual Appropriation Bill, or an amendment increases the budget of a grant beyond the appropriation described in the Annual Appropriation Bill, in each case, in an amount greater than \$150,000, no expenditure of such grant revenues or other financial award, including grants or awards applicable to the Land Bank Authority or CCH, shall be made without prior approval of the County Board, unless otherwise permitted herein. Grants, grant amendments, grant renewals or other financial awards received in an amount of \$150,000 or less, or solely for time extensions, shall not require approval by the County Board, but shall require the approval of the Budget Director. For grants or financial awards that cover multiple years, the Budget Director is authorized to roll over any unspent appropriation from a prior year and increase the FY2025 appropriation by such unspent amount. Transfers of grant budgets or other financial awards are allowable subject to the terms of the specified agreements and advance approval from the Budget Director. Departments shall request capital appropriations during the annual budget process to expend grant funds on capital projects. Upon request from the Department, the Budget Director is authorized to allocate additional capital appropriation to projects when the grantor authorizes grant funds or other financial awards for use on such capital projects. All grants are required to include indirect cost, unless disallowed by the granting agency, the grant does not fund personnel costs, or the inclusion of indirect cost is otherwise waived by the Budget Director during negotiations with the granting agency. All grants or other financial awards submitted for inclusion on the County Board Agenda shall state the following: Budget and Management Services has received all requisite documents and determined the fiscal impact of such grant or financial award on Cook County, if any. The Comptroller and the heads of the various departments and agencies of County Government shall administer the revenues of grants or other financial awards received by standard accounts, in accordance with the standard classification of accounts. The Budget Director shall issue a report to the Board of Commissioners and the Cook County Health System Board by the 15th day after the end of each quarter identifying (i) all awards received and (ii) any grants, grant amendments, grant renewals or financial awards approved by the Budget Director pursuant to the terms of this Section 28, during the preceding quarter; provided that the fourth quarter report shall be submitted by the 31st day of January. The Budget Director shall promulgate rules to County Agencies regarding the contents of a grant application, and the review and approval process for grant or financial awards, as well as the limitations of authority placed on the Veterans Assistance Commission of Cook County, the Land Bank Authority and CCH, and the documents that must be submitted for review to the Department of Budget and Management Services prior to seeking approval by the County Board or seeking the application, renewal or acceptance of a grant or financial award.

or groups of budgetary units shall be set at 97% of the Final Adopted Appropriation for the personnel and non-personnel accounts identified by the Budget Director each fiscal year. The Budget Director has the sole discretion and is hereby authorized to release a portion of this holdback or allotment upon request and justification by the Agency. Should an Agency's request for a release of the holdback be denied by the Budget Director, the Agency may request a release directly from the Board of Commissioners. Should the Budget Director deny a request from CCH, the Veterans Assistance Commission of Cook County, or the Land Bank Authority for a holdback release, CCH, the Veterans Assistance Commission of Cook County, or the Land Bank Authority may request the release directly from the Board of Commissioners with notice to their applicable governing board. For purposes of controlling expenditures, the expenditure of or incurring of obligations against any appropriation may be further delayed, restricted, or terminated with regard to any object or purpose for which appropriations were made in the appropriation bill or resolution. A monthly schedule for the year of proposed expenditure, including any limitations or conditions against appropriations for each bureau and/or agency shall be made within 30 days of the adoption of the annual appropriation bill, and such schedule, as amended by the President of the County Board, shall be binding upon all Agencies, and such schedule of expenditure or of incurring obligations may not be exceeded, provided that any such schedule may be revised after three calendar months have elapsed since the last schedule. The monthly schedule and holdback provisions may differ across bureau/ or agency based upon expenditures and revenues.

Section 30. Where Agencies identify new revenues or modifications to existing revenues for purposes of avoiding decreases in appropriations, the Agency must complete a revenue business case in the form and manner provided by the Budget Director. Such approved new or modified revenues shall be allocated based on the Allocation of Revenue to Appropriations, by Fund and Program as shown in the Revenue Section. In like fashion, where such new or modified revenues fall short of their Revenue Estimate, the Chief Financial Officer, the Comptroller, or the Budget Director shall report the shortfall to the Board of Commissioners which may result in an amendatory reduction in appropriation authority previously granted to the budgetary unit(s), based on the Allocation of Revenue to Appropriations, by Fund and Program. Annual revenue projections for all fees administered by Elected Officials shall be determined by the office of the Elected Official with appropriate jurisdictional authority over the fee(s). Each office, department, or agency with said authority shall be responsible for preparation of an annual plan to collect revenues at a sufficient level to meet projections. In the event that revenue generated from a fee does not meet the annual projection and a shortfall is projected, as determined by the Budget Director at the end of each quarter, and when it is further determined that the shortfall is a result of a failure to impose a fee as required by law, or a failure to properly administer and collect a fee as required by law, the Budget Director shall report the shortfall to the Board of Commissioners for an amendatory reduction in appropriation authority previously granted, based on the Allocation of Revenue to Appropriations, by Fund and Program. Notwithstanding this Section, when any Elected Official (or head of a department, office, institution, or agency) files a written Notice of Non-Concurrence with the Chief Financial Officer, the Comptroller, and the Budget Director of the County, not more than ten (10) days after amendatory action by the County Board, when such action results in an upward revision of any previously stated revenue estimate wherein the budgetary unit(s) so stated has management authority over the revenue generating activities, appropriations shall not be reduced as provided above.

Section 31. The Comptroller shall make available to the Finance Committee of the County Board a monthly report of revenue and expenses for the General Fund (which includes the Corporate and Public Safety Funds), the Health Enterprise Fund and Special Purpose Funds. The Comptroller shall also issue a monthly Appropriation Trial Balance that includes appropriations, expenditures, and unencumbered balances for the current fiscal year to the Board of Commissioners, other County elected officials, bureau chiefs, and department heads.

Section 32. Any employee who is required and is authorized to use his or her personally owned automobile in the regular conduct of official County business shall be allowed and reimbursed under the Cook County Business and Travel Expense Reimbursement Policy. This policy will supersede any other business or travel expense policy, except those provisions that may be contained in contracts approved by the County Board between the County and recognized collective bargaining agents. The Cook County Business and Travel Expense Reimbursement Policy is subject to change and such changes shall be issued by the Chief Financial Officer.

Section 33. The County's Financial and Anti-Fraud Policies set forth in Volume I of this Appropriation Bill are fully incorporated herein by reference and hereby fully adopted. Said Financial and Anti-Fraud Policies apply to all Agencies, Employees, Appointees and Elected/Appointed Officials and are supplemental to provisions mandated in the County's Code of Ordinances. To maintain the fiscal stability considered important by credit rating agencies and in accordance with Government Finance Officers Association recommended best practices, an unreserved fund balance shall be carried to provide adequate support for the County's bond ratings, to protect against unanticipated revenue shortfalls, and to guard against contingencies. Cook County will maintain a prudent level of financial resources, as established in said Financial Policies, to protect against reducing service levels or raising taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures in the current and future fiscal years.

Section 34. Any excess CCH revenues received in Fiscal Year 2025, shall be designated to fund CCH, as approved by the Budget Director. A continuing appropriation is established for all amounts necessary for the express purpose of allowing the Health System to comply with payment terms of its Managed Care agreements. Any such continuing appropriation, under such controls as imposed by the Budget Director, shall be appropriated strictly and solely to the Managed Care Claims (521155) account to pay for costs associated with managed care members or to fund amounts to the health plan services reserve fund (the "Health Plan Services Reserve"). Any such continuing appropriation for Managed Care Claims is contingent on the Health System's managed care expenditures not exceeding capitation revenue. Excess revenues shall not include a designated grant or financial award. Grants and financial awards not anticipated in the annual appropriation may be appropriated in accordance with Section 27.

If CCH's net patient fee revenues collected through Medicaid, Medicare, Private and other payors, as well as Directed Payments received in FY2025 exceed the total amount budgeted for FY2025, CCH is authorized to utilize up to 30% of any such excess CCH net patient fee revenues, including directed payments, received in Fiscal Year 2025 as a continuing

appropriation to address any increased costs related to direct patient care not otherwise appropriated, upon the approval of the County Budget Director. Any such continuing appropriation, under such controls as imposed by the Budget Director, shall be appropriated strictly and solely to account for increased costs related to direct patient care not otherwise anticipated. Any such continuing appropriation is contingent on CCH's total expenditures not exceeding total revenue. Excess revenues shall not include a designated grant or financial award are defined as amounts received in excess of Budget. Grants and financial awards not anticipated in the annual appropriation may be appropriated in accordance with Section 28.

Section 35. For the purpose of enabling the County to have in its treasury sufficient funds to meet demands of Health Plan Services' claims and other Health Plan expenses and to provide adequate support for the County's bond ratings and protection against unanticipated revenue shortfalls at Health Plan Services, the Health Plan Services reserve account is hereby established. The Chief Financial Officer may from time to time transfer funds into the Health Plan Services Reserve, provided that each transfer of funds into the Health Plan Services Reserve is, in the opinion of the Chief Financial Officer, feasible and prudent, taking into account the then-current and projected state of the County's revenues, authorized expenditures and total Health Plan Services Reserves, provided further that the Chief Financial Officer shall notify the County Board, the Cook County Health Board, and the CCH Chief Financial Officer immediately upon such transfer. Health Plan Services Reserve funds may be invested in accordance with the investment policy of the Cook County Treasurer's Office and the Illinois Public Funds Act (30 ILCS 235). The Chief Financial Officer, with approval from the Cook County Health Board, may utilize funds from the Health Plan Services Reserve for payment of claims and other health plan expenses.

Section 36. Any additional revenues received in the State's Attorney's Narcotics Forfeiture, the Sheriff's Operations State Asset Forfeiture, and Money Laundering State Asset Forfeiture special purpose funds in excess of the appropriation on a cash basis for Fiscal Year 2025 shall be designated to the aforementioned special purpose funds, respectively, under controls as imposed by the Budget Director to pay for additional costs within these funds. This provision shall constitute a continuing appropriation of amounts necessary for such purposes subject to applicable procurement rules. Excess revenues shall not include a designated grant or financial award. Grants and financial awards not anticipated in the annual appropriation may be appropriated in accordance with Section 28.

Section 37. Any excess Land Bank Authority revenues received in Fiscal Year 2025 shall be designated to fund the Land Bank Authority. This provision shall constitute a continuing appropriation of amounts necessary for such purposes as may be authorized pursuant to Chapter 103, Article I, Section 103-1, et seq., of the Cook County Code. The Land Bank Authority may expend such sums as it draws against a Line of Credit that it is party to as approved by the Board of Commissioners, under such limits of repayment requirements as established by such Line of Credit. Excess revenues shall not include a designated grant or financial award. Grants and financial awards not anticipated in the annual appropriation may be appropriated in accordance with Section 28. The County may appropriate corporate funds to the Land Bank Authority in accordance with this Resolution and Annual Appropriation Bill to offset expenditures of the Land Bank Authority.

With the 2025 Appropriation Bill the County shall transfer \$6,013,000 from the Motor Fuel Tax Fund to the Public Safety Fund to specifically reimburse the Public Safety Fund for Sales Tax Revenues that will be deposited into the pledged debt service account for the Series 2022B Sales Tax Revenue Bonds during the course of Fiscal Year 2025. With the 2025 Appropriation Bill, the County will allocate up to \$252,400,000 of expenditures from the Public Safety Fund to the Transportation Fund in accordance with the County’s Analysis of Safe Roads Amendment Expenditures Report. The Budget Director is hereby further authorized to allocate or transfer expenditures from the Public Safety Fund to the Transportation Fund in accordance with the County’s Analysis of the Safe Roads Amendment Expenditures Report. The inclusion of these six taxes within the Transportation Fund does not waive any of the County’s defenses regarding the applicability of Article IX, §11 of the Illinois Constitution. The County reserves the right to remove some or all the above noted taxes from the Transportation Fund pending the results of litigation.
- Section 40.** The Equity Fund addresses historically disinvested and vulnerable communities which may include but are not necessarily limited to communities impacted over time by a lack of economic investment, declining property values and tax receipts, limited employment opportunities and household income, declining population, disproportionate exposure to crime and violence, or environmental and health hazards, or limited access to healthcare.
