

Annual Report

Advisory Committee of the Cook County Drug Take-Back Program

January 1 – December 31, 2019

Prepared for the Cook County Board of Commissioners by the Cook County Safe Disposal of Pharmaceuticals Advisory Committee pursuant to Section 46-115 of the Cook County Safe Disposal of Pharmaceuticals Ordinance (Ord. No. 16-1983)

“The report shall include minutes of meetings of the Advisory Committee over the past year, a description of the types of programs that have been implemented or outsourced and the total costs of the Stewardship program.”

Executive Summary

The Cook County Safe Disposal of Pharmaceuticals Advisory Committee ("Advisory Committee") meets quarterly to advise the Cook County Sheriff's Drug Take-Back Program pursuant to Section 46-115 of the Cook County Safe Disposal of Pharmaceuticals Ordinance. In 2019, the program's third full year of operation, the program collected 43,815.65 lbs. of drugs at a reported cost of \$145,028.62. This represents a 215% annual increase in the weight of drugs collected and a 0.19% increase in the reported program cost. The program is funded entirely by the taxpayers of Cook County through the budgets of the Cook County Sheriff's office and the Metropolitan Water Reclamation District.

A description of the collection program and minutes for each Advisory Committee meeting are provided.

Description of Collection Program

The Cook County Sheriff's Office (CCSO) directly monitors and operates collection boxes for people to dispose of unused and expired prescription and over-the-counter medicines at 84 sites throughout Cook County. Additionally, CCSO partners with law enforcement agencies that operate 33 other collection sites. CCSO also provided drug collection services at 51 local community events at 46 sites in 2019.

Collected drugs were transported by the Sheriff's office to the Covanta facility in Indianapolis, Indiana for destruction. The Covanta facility generates energy by incinerating waste, providing heat and electricity to the city of Indianapolis.

2019 Advisory Committee Meeting Minutes

During Fiscal Year 2019, four Advisory Committee Meetings were convened as required by ordinance: February 27, 2019, April 23, 2019, July 23, 2019, and December 10, 2019.

**Cook County Safe Disposal of Pharmaceuticals Advisory Committee
Wednesday, February 27, 2019, 10 a.m.
Conference Room of 704 Daley Center, Chicago, Illinois 60608**

Meeting Minutes

Attendance: Cara Smith (Chair), Comm. Debra Shore (MWRD member), Olga Lyandres (Community member), Peter Fotos (Producer Representative), Christopher Lipman (Dept. of Environmental Control member), Percy Harris (Dept. of Public Health Member), Patricia Horne (non-voting member), Undersheriff Paula Driver Evans (Guest).

Meeting was called to order at 10:10 am. by Chair Smith.

I. Old Business A. Collection and Destruction Activity. Patricia Horne reported on the activities of the Sheriff's Prescription Drug Take Back Program (Program) including collection and destruction from 80 permanent sites. Collection and destruction by the Sheriff's Prescription Drug Take Back Program and monitoring of other public programs located in Cook County amounted to 20,000 pounds of unwanted medicine in 2018.

Horne also reported the Program website had been expanded to include a video on how to dispose of unwanted medicine, an interactive map of permanent collection locations, instructions for the free Mail Back Service provided to senior citizens and homebound disabled adult residents of Cook County, a Producer and Re-packager registry, past Advisory Committee Meeting Agendas and Minutes as well as other reports, data and links. Horne noted that promotional materials had been developed for the program including multi-language written and voicemail instructions for the 1-844 Got Usd Rx Toll Free Hotline for County residents, brochures, posters and bumper stickers, and a direct mail campaign for the Mail Back Service.

It was further reported that the Metropolitan Water Reclamation District of Greater Chicago ("MWRD") had again generously approved a grant for the program in the amount of \$100,000 (split between a full time sworn officer's staff time and purchase of permanent collection boxes for eligible locations in the MWRD boundaries). Horne further reported that an in-kind contribution for disposal services had also been received from the Illinois Environmental Protection Agency for twenty permanent collection box sites, and that Covanta Indianapolis, IN donated destruction services free of charge.

It was reported that the 2017 Annual Report was posted on the Sheriff's Prescription Drug Take Back Program webpage and the 2018 Annual Report was in the process of being completed. A webpage link will be sent to each member along with a Request Form for persons eligible for the Mail Back Service.

II. New Business New locations for permanent collection boxes were discussed as well as possible links to hospices to assist grieving families and skilled nursing sites.

The biennial survey was discussed.

III. Schedule for 2nd, 3rd, and 4th Quarter Meetings: The following was agreed to for the 2019 Advisory Committee Meeting Schedule: Wednesday, February 27, 2019, Tuesday, April 23, 2019, Tuesday, July 23, 2019, Tuesday, December 3, 2019. All meetings begin at 10 a.m. and are held in the 704 Conference Room, Richard J. Daley Center, 50 West Washington, Chicago, Illinois 60602.

IV. Adjournment: The meeting was adjourned at 11:00 a.m.

Minutes respectfully submitted,
Patricia Horne

Cook County Safe Disposal of Pharmaceuticals Advisory Committee
Tuesday, April 23, 2019, 10:00 a.m.
Conference Room of 704 Daley Center, Chicago, Illinois 60602

Meeting Minutes

Present: Cara Smith (CCSO), Chair; Commissioner Debra Shore (MWRD), Christopher Lipman (Environmental Control), Member; Percy Harris (Public Health), Member; Olga Lyandres (Public), Member, and Patricia Horne (CCSO) (non-voting).

Guests: Undersheriff Driver-Evans, Mary Rita Luecke (Commissioner Suffredin's Office), Justin Hart (Commissioner Shore's Office), Jessica Schumacher (Environmental Control), Vernetta McCray (Malcolm X College), and Levi Moore (Hektoch Institute).

I. The meeting was called to order at 10:10 a.m. by Chairwoman Cara Smith

II. February 27, 2018 Advisory Committee Meeting Minutes were filed.

III. Old Business

Patricia Horne, Director, Sheriff's Prescription Drug Take Back Program, reported on program activity including web page updates, collection and destruction, establishment of mail-back program, current producer and re-packager registration.

IV. New Business

Patricia Horne, Director, Sheriff's Prescription Drug Take Back Program, presented a draft FY 2018 Annual Report pursuant to the Cook County Safe Disposal of Pharmaceuticals Ordinance. The matter was tabled at the request of Commissioner Shore.

The group discussed methods of handling the Biennial Survey. Vernetta McCray, Medical Director, Pharmacy Technology, Malcolm X College, City Colleges of Chicago, was invited to the meeting to discuss possible ways for the students of the Pharmacy Technology Program to participate in the effort. Commissioner Shore advised that she had worked with the University of Illinois at Chicago to conduct a similar survey some years ago. Everyone expressed interest in seeing the results of that survey.

V. The meeting was adjourned at approximately 11:00 a.m.

VI. Next meeting previously scheduled to be held on July 23, 2019, 10 a.m., Conference Room 704, Daley Center, Chicago.

Minutes respectfully submitted,
Patricia Horne

Cook County Safe Disposal of Pharmaceuticals Advisory Committee
Tuesday, July 23, 2019, 10:00 a.m.
Conference Room of 704 Daley Center, Chicago, Illinois 60602

Meeting Minutes

Attendance: Peter Fotos (Producer Representative), Olga Lyandres (Public), Jessica Schumacher (Environmental Control), Comm. Debra Shore (MWRD), Patrick Flannery (CCSO) and Patricia Horne (CCSO – non-voting).

Guests: Mary Rita Luecke (Comm. Suffredin's Office), Binh Doang (Comm. Suffredin's Office), Justin Hart (MWRD), Dean Alonistiotis (MWRD), and Derrick Cabrera (MWRD).

- I. Meeting called to order by Chairman Flannery at 10:15 a.m.

- II. April 23, 2019 Advisory Committee Meeting Minutes approved and filed with the following corrections: Closed captioning to be added to the Mail Back Service instructional video on Sheriff's Prescription Take Back Program web page (Shore); Senior centers and nursing homes should be considered for outreach for Mail Back Service (Shore); a link between the MWRD website and Sheriff's Prescription Drug Take Back website should be made (Horne); outreach to seniors living in isolation should be made by the Sheriff's Prescription Drug Take Back Program (Shore); the Sheriff's Office has programs that serve seniors (Flannery).

- III. Old Business

FY 2018 Annual Report was approved after questions were answered concerning provision of collection and destruction services.

- IV. New Business
Horne-New law enforcement agencies and governmental units were added to the Collection Plan both in direct collection and monitoring of their collection programs.
Shore-Ten of thirty-five PhRMA members have registered with the Producer Registry. Luecke-A copy of the Sheriff's Prescription Drug Take Back Program was requested,
Shore-Involvement with nursing homes including a protocol to handle them as end users, including assisted living programs and hospices.
Fotos-The survey conducted for PhRMA indicates that there has been an increase in the awareness of prescription drug take back activity in Cook County up from 1 in 5 to 1 in 4.; 48.55 percent of those surveyed found this programing very important. To send out the survey results to the entire committee. To assist with obtaining collection numbers from pharmacies (CVS/Walgreens).
Alonistiotis-Public/Private partnership with manufacturers and re-packagers recommended.

- V. Meeting adjourned at 11:15 a.m.

Minutes respectfully submitted,
Patricia Horne

Cook County Safe Disposal of Pharmaceuticals Advisory Committee
Tuesday, December 10, 2019, 10:00 a.m.
Conference Room of 704 Daley Center, Chicago, Illinois 60602

Meeting Minutes

Attendance: Comm. Debra Shore (MWRD), Christopher Lipman (Environmental Control), and Patricia Horne (CCSO, non-voting).

Guests: Mary Rita Luecke (Comm. Suffredin's Office), Julia Linares (Cook County Environment and Sustainability), Justin Hart (MWRD), Dean Alonistiotis (MWRD), Tony Fuller (MWRD) and Derrick Cabrera (MWRD).

- I. Meeting called to order by Patricia Horne at 10:15 a.m.
- II. Having no quorum, the group had a brief discussion on what was accomplished through collections and destruction of unwanted medicine.
- III. A chart of November collection and destruction was distributed to those present.
- IV. Meeting adjourned at 10:30 a.m.

Minutes respectfully submitted,
Patricia Horne

Annual Report
On Collection Plan Activities
January 1 – December 31, 2019

Prepared for the Cook County Board of Commissioners by the Cook County Sheriff's Prescription Drug Take Back Program on behalf of the Cook County Safe Disposal of Pharmaceuticals Advisory Committee pursuant to Section 46-111 of the Cook County Safe Disposal of Pharmaceuticals Ordinance (Ord. No. 16-1983).

The contents of this report may be viewed separately or entirely on the Cook County Sheriff's Prescription Drug Take Back Program web page at www.cookcountysheriff.org/rx/home.

For more information, please call the Sheriff's Prescription Drug Take Back Program Hotline (toll-free for residents of Cook County) at 1-844-688-7379.

(10) Whether any safety or security problems occurred during collection, transportation, or disposal of Covered Drugs during the reporting period and, if so, what changes have or will be made to policies, procedures, or tracking mechanisms to alleviate the problem and to improve safety and security in the future.....	13
(11) A description of the public education, outreach, and evaluation activities implemented during the reporting period	13
(12) A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used.....	13
(13) A summary of the Collection Plan's goals, the degree of success in meeting those goals in the past year, and if any goals have not been met, what effort will be made to achieve the goals in the next year.....	14
(14) The total expenditures of the Collection Plan during the reporting period (Jan. 1 – Dec. 31, 2019)..	14
(15) A summary of available data on indicators and trends of abuse, poisonings, and overdoses from prescription and nonprescription drugs and a review of comprehensive prevention strategies to reduce risks of drug abuse, overdoses, and preventable poisonings.....	14

Executive Summary

In 2019, the program's third full year of operation, the program collected 43,815.65 lbs. of drugs at a reported cost of \$134,323.33. This represents a 215% annual increase in the weight of drugs collected and a reduction of 0.0721% in the reported program cost. The program is funded entirely by the taxpayers of Cook County through the budgets of the Cook County Sheriff's office and the Metropolitan Water Reclamation District. To ensure full compliance with the federal, state, and local regulations, the Sheriff's Prescription Drug Take Back Program serves as the primary institution for collecting deposited drugs, sponsoring community events, providing mail back services for covered drug collection, and transporting of collected covered drugs to a responsible recycler under the Cook County Safe Disposal of Pharmaceuticals Ordinance.

The continued year-over-year increase in the collected volume of unused and unwanted drugs suggests an unmet demand for safe and convenient drug disposal in Cook County.

Description of Collection Program

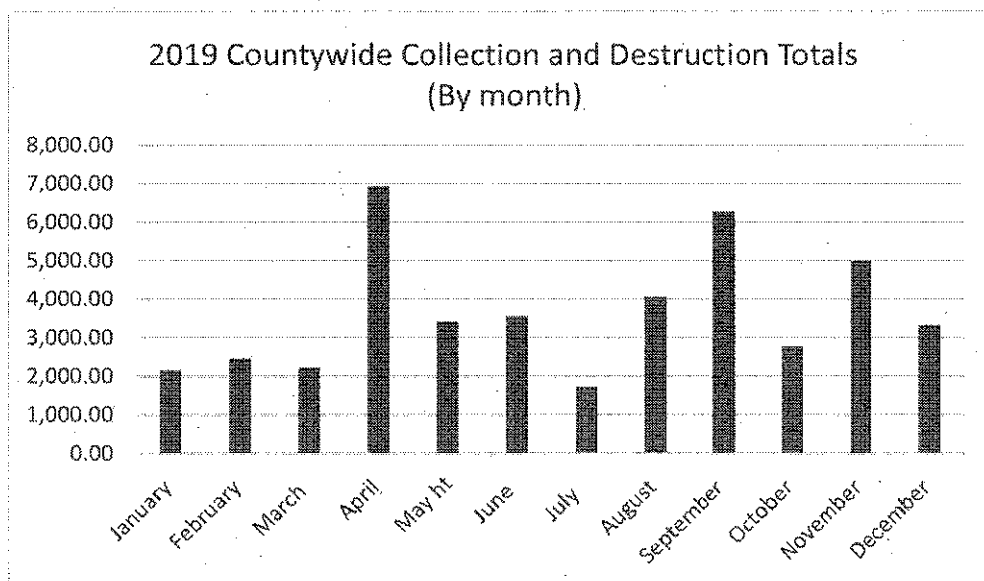

Specific reporting information required by Section 46-111 of the Ordinance:

(1) A list of Producers participating in the program according to Section 46-104 of the Ordinance

This list appears in Attachment 1.

(2) The amount, by weight, of Covered Drugs collected, including the amount by weight from each collection method used.

Collection totaled 43,853.54 lbs. occurred through permanent collection boxes, take back events and mail back service. In addition to direct collection, the Sheriff's Prescription Drug Take Back Program surveils collection of other public section sites. To summarize, the Sheriff's Prescription Take Back Program reported direct collection/destruction of 21,721.65 lbs. of which 928 were collected through take back events and 120 pounds were collected through mail back returns. In addition, surveilled suburban jurisdictions reported 10,859 lbs., City of Chicago reported 10,670 lbs., and MWRD-GC reported 602.10 lbs. See Attachment 2.

(3) The total cost of the provision of services of the Collection Plan

For this report, "cost of provision of services" refers to all activities related to: Personnel, Collection Containers, Van (Fuel, Maintenance, Depreciation) Box Truck (Fuel, Maintenance, Depreciation), Printing (Posters, Brochures, Bumper Stickers, Container Labels), Telecommunications Hotline (Usage \$45/month plus .0645/minute), Webpage (Google Map service \$.032/Place search request), Security(Camera Surveillance DEA Required 50% Existing Service and Alarm System Protection 1/ADT 25% Existing Service). In 2019, the cost for these services was \$100,951.62. This cost averaged \$2.30 per pound. By comparison, private companies have been found to charge \$20.00 per pound. The program realized savings over its budgeted costs and by comparison over the prior year due to the investment in equipment and facility. Taxpayers earned dividends on its investment in the program through increase in collections and destruction. See Attachment 3.

(4) The total amount of fees collected from participating Producers

No fees were collected from participating Producers in 2019.

(5) A list of the number, site and type of collection sites established and to be established.

The Cook County Sheriff's Office (CCSO) directly monitors and operates collection boxes at 84 sites throughout Cook County. Additionally, CCSO partners with law enforcement and other public agencies who operate 33 other collection sites. See Attachment 4.

(6) The number of mailers provided for disabled and/or home-bound County residents.

A mailer prototype was developed in January 2019, see Attachment 5, and postage was deposited into the program's United States Postal Service account to initiate a 25,000-piece mailing to seniors and disabled home-bound County residents. This mailing was not pursued due to limited staffing. Staffing was prioritized for establishing and expanding the permanent collection box program, which was already in progress.

Although a mailer was not sent out, more than 2,500 mail request forms were distributed to a variety of sources including all of Sheriff's Prescription Drug Take Back sites, 17 County Commissioner offices, two other state governmental offices and to 150 completed mail back requests which were received via United States Post Office, e-mail, and telephone calls to Unused Prescription toll-free telephone number. Of the 2,500 distributed mail request forms, we received eleven responses with unused medication weighing 4.5 pounds.

(7) The locations where mailers were provided

All of Sheriff's Prescription Drug Take Back sites, 17 County Commissioner offices, and two other state governmental offices.

(8) The dates and locations of collection events held

CCSO provided drug collection services at 51 local community events at 46 sites in 2019.

(9) The transporters and disposal facility or facilities used for the disposal of all Covered Drugs

The Cook County Sheriff's Prescription Drug Take Back Program transported collected Covered Drugs to the Covanta disposal facility located at 2320 Harding St, Indianapolis, IN 46221 and to the designated locations for federal Drug Enforcement Administration semi-annual take back events.

(10) Whether any safety or security problems occurred during collection, transportation, or disposal of Covered Drugs during the reporting period and, if so, what changes have or will be made to policies, procedures, or tracking mechanisms to alleviate the problem and to improve safety and security in the future.

None occurred. Procedures for operation of the Sheriff's Prescription Take Back Program are attached in Attachment 6.

(11) A description of the public education, outreach, and evaluation activities implemented during the reporting period.

The principal means of public education and outreach occur through the Sheriff's Prescription Drug Take Back webpage, toll free telephone number, take back events and responses to requests for public information. The program also links to community policing and environmental events. One strategy is to work with programs that are handling the Opioid Response by providing mail back materials to program representatives on the west side of Chicago. Another is to work with groups involved with Earth Day and community recycling events to give public participants multiple reasons to come out and support elimination of unwanted medicine in a safe, comfortable and anonymous manner.

Evaluation activities are in development although members of the public are always able to communicate their concerns through our email address and hotline telephone number.

Examples of promotional materials are included in Attachment 5 and 7.

(12) A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used.

In compliance with federal HIPPA requirements, unwanted medicine is separated from its containers in a secure manner by law enforcement personnel under camera surveillance. The containers and labels are then shredded and any plastic from containers is recycled. The recycling facility that the material was delivered to was Loop Recycling at 2367 S. Laflin St. Chicago, IL 60608.

(13) A summary of the Collection Plan's goals, the degree of success in meeting those goals in the past year, and if any goals have not been met, what effort will be made to achieve the goals in the next year.

In the second full year of operation, the primary goal of the Program was to establish the largest permanent collection network in the United States that routinely and properly collected and destroyed unused medications in a manner compliant with governing state law and the regulations of United States Drug Enforcement Agency and the United States Environmental Protection Agency. By establishing a network of 82 permanent public collection sites, monitoring an additional 33 public collection sites and conducting 46 community-based take back events the program has been achieved. By establishing the infrastructure and public linkages to optimize collection of unwanted "Covered Drugs" directly from the community for the indefinite future, County residents came to rely on an accessible system that permitted no-cost, anonymous and safe participation. As a result, Program collected 43,853 pounds, making it the largest local public sector unwanted medicine collection program in the nation. Further, the program increased its collection from by more than 200 percent over FY 18. The program is now setting a collection goal of 50 pounds per month per location. Our efforts in the coming year will emphasize working with collection site that are not meeting that goal to develop an action plan to increase collection amounts.

The second goal was to strengthen countywide communication linkages established under the ordinance to permit County residents with obtain program information or assistance in a variety of languages through the Program's toll-free telephone number and webpage. In FY 19, the webpage reported monthly updates in event and collection information.

The third goal is to widely promote the Program's mail back program. While the mailing system was firmly established in FY 19, the collection return from mail back envelope requests did not yield a robust quantity of "Covered Drugs". A promotional plan was developed for the mail back program in partnership with the United States Postal Service with a mailer to targeted zip codes with greater numbers of senior citizens and homebound disabled adults, Program staffing was inadequate to accomplish this goal. See Attachment 7 for an example of the mailer to be used to promote this mail back service and go to www.cookcountysheriff.org/rx/home to view an instructional video for participating in the program.

(14) The total expenditures of the Collection Plan during the reporting period (Jan. 1 – Dec. 31, 2019). \$134,323.33. This came under the budgeted amount of \$145,028.62. While the program did not earn fees during this period, it did receive \$70,039.21 through an Intergovernmental Agreement with the Metropolitan Water Reclamation District of Greater Chicago, which provided for a staff person (sworn) to collect and destroy unwanted medicine at designated sites (45) in suburban Cook County as well as collection receptacles. The program also received an in-kind contribution from Covanta Indianapolis, IN in the form of incineration of collected unwanted medicine. The material was used as a form of clean energy to operate a local manufacturing plant in Indianapolis, IN. Lastly, the program did receive some in-kind publicity through Public Affairs and CVS by promoting the Sheriff's Program through outreach events and printing a promotional message on prescription receipts received by customers informing them of the availability of the Sheriff's Prescription Drug Take Back Program.

(15) A summary of available data on indicators and trends of abuse, poisonings, and overdoses from prescription and nonprescription drugs and a review of comprehensive prevention strategies to reduce risks of drug abuse, overdoses, and preventable poisonings.

The Program is undertaking comparative research with its collection sites to aid in indicators of use of prescription and nonprescription drugs by location. That research is expected to be available in FY 20.

Cook County Sheriff's Office Prescription Drug Take Back Program Procedure for Collection and Destruction of Prescription Drugs

This Procedure is for collection and destruction of prescription drugs by designated law enforcement officers of the Cook County Sheriff's Office (CCSO) as part of the Cook County Sheriff's Prescription Drug Take Back Program, as permitted under state and federal drug enforcement and environmental law (Contraband Exclusion 40 CFR part 60.2887(p) and 60.2993(p)) and 21 C.F.R. §1317.35(a)-(d), §1317.75(a)-(e).

The authorized collection of prescription drugs for destruction placed in the custody of a designated CCSO law enforcement representative(s) will be treated as any other release order maintaining a proper chain of custody.

The Procedure for collection and destruction of prescription drugs is as follows:

1. Each participating agency in the Cook County Sheriff's Prescription Drug Take Back Program shall arrange to have a secure container, which is anchored to the ground and is kept under 24-hour surveillance by the presence of a law enforcement officer or under a camera surveillance system consistent with the standards established by the U.S. Drug Enforcement Agency.
 - a. The participating agency shall complete an agreement for installing its secure container and shall permit access to the installed secure container for collection of prescription drugs by a designated CCSO law enforcement officer. The participating agency shall complete all relevant portions of Certificate of Prescription Drugs Destruction Forms, and permit data to be shared concerning collection of prescription drugs from its secure container.
2. A designated CCSO law enforcement officer will collect prescription drugs from each participating agency's secure container on a scheduled basis consistent with the provisions of 21 C.F.R. §1317.35.
 - a. Immediately upon collection of the prescription drugs from the participating agency's secure container, the CCSO law enforcement officer will complete all relevant portions of a Certificate of Prescription Drugs Destruction Form:
 - PDDC Inv. Number
 - Agency Name
 - Agency Phone Number
 - Agency Address
 - Agency Email Address
 - b. The CCSO law enforcement officer in the presence of the designated agency representative will confirm that the items removed from the container are undisturbed.
 - Agency Representative Printed Name

- Agency Representative Signature
 - Agency Supervisor Printed Name
 - Agency Supervisor Signature
3. The designated CCSO law enforcement officer will then take custody of the referenced prescription drugs consistent with 21 C.F.R. §1317.35(b) and (c).
 4. The designated CCSO law enforcement officer will complete the remaining portions of the Certificate of Prescription Drug Destruction upon delivery of the collected Prescription Drugs to the CCSO Prescription Drug Vault, including:
 - a. PRESCRIPTION DRUG COLLECTION
 - A. Quantity of Prescription Drugs Collected
 - B. Description of Prescription Drugs Collected
 - C. CCSO Employee Name (Printed)
 - D. CCSO Employee Signature/Star
 - E. Collection Date
 - b. PRESCRIPTION DRUG STORAGE
 - A. FOR PDDC PROPERTY CONTROL ONLY (VAULT, SHELF #, LOCKER #)
 - B. PDDC PROPERTY LOG
 - c. PRESCRIPTION DRUG DESTRUCTION
 - A. Drug Disposal
 - B. Destruction Date
 - C. Recycling Vendor Date
 - D. Destroyed by CCSO Employee Signature/Star/Date
 - E. Recycling Vendor Name/Ticket #/Date
 5. The designated CCSO law enforcement officer will immediately thereafter also complete a Cook County Sheriff's Police Department (CCSPD) Property Inventory Form, consistent with CCSO agency recordkeeping requirements for storage of illicit controlled substance evidence, with the following information:
 - a. Offense/Classification Number should be listed as "7280/Other Police Services".
 - b. Complete Date Recovered.
 - c. Complete CR Number
 - A. Call Cook County Sheriff's Police Department Radio Dispatch to request CR number.
 - B. Obtain Inv. Number from CCSPD Desk.
 - d. At Item number, complete Quantity with number of collected boxes.
 - e. At Description of Property, write "Box or Bag Numerous Pharmaceutical/Drug Items."
 - f. At hash, mark a strike through (/) at dollar sign.
 - g. Under Check Any Boxes Applicable:

- A. Check off "Recovered" and write the collection location and address items are collected from.
- B. Check off "To Be Disposed of by Custodian after 30 Day Retention".
- C. Check off "Evidence & Recovered Unit Personnel" under Initial Destination of Property.
- D. Check off Recovering Unit Personnel under "Transport Via".

h. Under "Property Recovered By" complete 1st Officer's Name (Print) and Signature.

6. The designated CCSO law enforcement officer will then secure the transferred prescription drugs and transport same to the CCSPD Evidence Room or the CCSO Prescription Drug Vault.
7. Upon placement of the prescription drugs in the CCSO Prescription Drug Vault, the designated CCSO law enforcement officer will complete the remaining portions of the Certificate of Prescription Drug Destruction upon delivery of the collected Prescription Drugs to the CCSO Prescription Drug Vault, including:

PRESCRIPTION DRUG STORAGE

- A. CCSPD Property Inventory #
- B. CCSPD CR #

- a. The items shall then be stored in the CCSO Prescription Drug/Drug Evidence Vault while awaiting destruction.
8. In the event that the prescription drugs must be stored in the CCSPD Evidence Room for any period of time, the designated CCSO law enforcement officer shall turn over the transferred prescription drugs along with completed CCSPD Property Inventory and any additional documentation requested by the CCSPD.
 9. The CCSPD will then assume custody of the prescription drugs and secure them, pending destruction.
 10. A designated CCSO law enforcement officer will re-assume custody of the prescription drugs from the CCSPD immediately prior to destruction of the drug evidence.
 - a. When a designated CCSO law enforcement officer re-assumes custody of the prescription drugs, the items shall be stored in the CCSO Prescription Drug Vault while awaiting destruction.
 - b. The CCSO Prescription Drug Vault Storage Log and relevant sections of Certificate of Prescription Drugs Destruction Form (For Property Control Use Only and Property Log) shall be completed.
 11. Destruction of the prescription drugs will be performed by a designated hazardous waste recycler or a designated CCSO law enforcement officer within thirty (30) days of the Sheriff's

Prescription Drug Take Back Program custody, and shall include secure transport of said drugs to the destruction site.

- a. The contents of each confirmed container shall then process such that it is to be separated and grouped according to type of recyclable or waste material.
 - A. All non-drug material that includes identifying information, such as prescription drug labels, shall be held in a secure manner for separate record destruction.
 - B. All non-drug material shall then be recycled according to its type of recyclable or waste material.
 - C. All drug material shall be disposed of through a process of incineration by the designated CCSO law enforcement officer and as permitted by state and federal law.
 1. The drugs shall be incinerated using an incinerator that meets the specifications for an Other Solid Waste Incinerator ("OSWI") as permitted under 40 CFR part 60.2887(p) and 60.2993(p) and 21 C.F.R. §1317.35(d).
 2. The drugs shall be incinerated in small quantities not to exceed fifty pounds at one time.
 3. The drugs shall be incinerated on a secure site authorized or operated by the Cook County Sheriff's Office.
 - D. The Certificate of Prescription Drug Destruction Form shall be fully completed at the conclusion of the drug destruction event.
 1. The completed Certificate of Prescription Drug Destruction Form will be placed in the Cook County Sheriff Prescription Drug Destruction Form file in the Supply Chain Management shared folder.
 2. A copy of the completed Certificate of Prescription Drug Destruction Form will be sent upon request to the designated representative of the participating agenc(ies) from which the drugs were collected.

12. The Cook County Sheriff's Prescription Drug Take Back Program shall maintain proper recordkeeping to memorialize collection and destruction of prescription drugs occurring as part of Cook County Sheriff's Prescription Drug Take Back Program.
