# OVERVIEW OF FY2024 YEAR-END AND FY2025 PRELIMINARY FORECAST

The Department of Budget and Management Services (DBMS) prepared this preliminary forecast report in accordance with Section 2-933 of the Cook County Code of Ordinances. The report presents a mid-year projection of year-end revenues and expenses for Fiscal Year 2024, and an initial forecast of Fiscal Year 2025 revenues and expenditures for the General Fund and Health Enterprise Fund, the County's two major operating funds.

## HARDSHIPS INTO HISTORIC INVESTMENTS

The projected gap for FY2025 is expected to be \$218.2 million, down significantly from the peak of the pandemic and its \$409.6 million gap. In the face of multiple economic risks, Cook County has seen its bond rating upgraded twice, implemented a plan to fully fund pensions in 30 years through landmark legislation, closed nearly \$1.00 billion in preliminary gaps since the pandemic, continued to build up its reserve and developed hundreds of millions of dollars in equity fund and pandemic related programs all while putting forward balanced budgets with no increases to existing taxes on residents.

For the FY2024 year-end, the County projects positive net results of \$142.0 million in the General Fund. A number of drivers have contributed to this positive variance. The continued national trend of longer hiring timeframes contributed to payroll savings. While economic growth and higher than anticipated interest rates have led to increases in sales tax and investment income.

In FY2025, the County is forecasting a budget shortfall of \$218.2 million. In FY2024, the County appropriated FY2022 reserves to support critical Special Purpose Funds (SPFs) including the Disaster Response and Recovery Fund. Accounting for these one-time investments into the SPFs, revenues are expected to increase moderately by \$53.3 million. Expenses in the General Fund are forecasted to be \$271.6 million above the FY2024 adjusted budget due to increases in personnel costs, the inflationary impact on the cost for goods and services procured by the County, rising health costs and a \$35.7 million increase in the County's General Fund

pension payment to the Pension Fund.

The County's hospital system expects positive net results of \$224.6 million for the FY2024 year-end driven by higher than anticipated CountyCare membership levels, patient volume and successful collection strategies. For FY2025, the County's health system forecasts a balanced budget for the first time since President Preckwinkle took office.

While overseeing the \$9.26 billion County budget, President Preckwinkle has also spearheaded an expansive and equitable collection of pandemic relief programs. This includes the nation's largest publicly funded guaranteed income initiative, millions of dollars for criminal justice programs and funding to support the abolishment of \$1 billion in medical debt for those most in need. It is also important to highlight that 80% of this pandemic money is going into the community through over 70 programs. This means that an overwhelming majority of this once in a lifetime funding is going to

programs for residents and not operational costs.

Cook County has also already begun a robust sustainability effort dedicated to making informed decisions that best serve our county's needs and preferences when it comes to continuing the important work of these and many other pandemic programs. In the coming year, it will be undergoing a large-scale public outreach effort to hear voices from the residents and better understand their priorities. From there, the County will be reviewing input from the residents and incorporating this feedback into its American Rescue Plan Act sustainability plan.

While outside factors can cause unexpected changes to the revenue and expenditure projections put forward in this report, this Preliminary Forecast is designed to provide a transparent snapshot of the current and anticipated Cook County budgets.

# GENERAL FUND

# GENERAL FUND REVENUES AND EXPENDITURES

For FY2024, the General Fund is projected to end the year with a favorable variance of \$142.0 million. Revenues are projected to be \$84.8 million (or 3.9%) above the adopted budget and expenses are projected to be \$57.2 million (or 2.6%) below the adopted budget.

For FY2025, the General Fund is projecting a budget gap of \$218.2 million. Revenues are forecasted to be \$184.1 million (or 8.4%) below the FY2024 adopted budget and expenses are forecasted to be \$34.1 million (or 1.6%) above the FY2024 adopted budget. When accounting for the one-time transfers from the General Fund unassigned and assigned fund balance investments made in FY2024, General Fund revenues are projected to increase moderately by \$53.3 million and expenses are projected to increase by \$271.6 million.

# PROJECTED 2024 YEAR-END GENERAL FUND REVENUES AND EXPENDITURES

Cook County’s General Fund is projected to end FY2024 \$142.0 million favorable to budget.

The General Fund is expected to end the FY2024 with a net favorable budget variance of \$142.0 million with revenues forecasted to be higher than the adopted budget by \$84.8 million and expenses are forecasted to be lower than the FY2024 adopted budget by \$57.2 million.

## FY2024 REVENUE PROJECTIONS

General Fund revenues support the County’s general operating funds and finance the Corporate and Public Safety Funds. The County’s General Fund revenue is comprised of Property Tax, Non-Property Taxes, Fees, Intergovernmental Revenues and Miscellaneous Revenues. The total budgeted FY2024 revenue for the General Fund is \$2,196.3 million.

The projected year-end revenue of \$2,281.0 million is higher than the budgeted revenue by \$84.8 million (or 3.9%). The favorable variance is driven by higher than anticipated County Sales Tax and Investment Income which are projected to be higher than the FY2024 budget by \$18.9 million and \$11.7 million respectively. These increases can be partially attributed to a greater rate of return on investments,

higher than anticipated one-time revenues from declared Tax Increment Financing (TIF) surpluses and fines collected by the Cook County Treasurer, driven by higher than anticipated late payments.

Hotel accommodation and amusement taxes are also projected to be higher than the FY2024 budget by \$2.0 million and \$3.2 million respectively due to a quicker than anticipated rebound in hotel reservations, business travel and increase in entertainment events.

## FY2024 YEAR-END EXPENDITURE PROJECTIONS

Year-end expenditures in the General Fund are projected to have a \$57.2 million (or 2.6%) favorable variance to budget. This is primarily attributable to lower than anticipated salary and wage expenses across the County as a result of higher than anticipated attrition.

# 2025 GENERAL FUND REVENUES AND EXPENDITURE FORECAST

The outlook for FY2025 includes a General Fund deficit projected at \$218.2 million.

The FY2025 outlook includes a projected shortfall of \$218.2 million in the General Fund, with moderate growth in revenues and increasing expenses compared to FY2024 adjusted budget.

## FY2025 REVENUE FORECAST

The preliminary estimate for General Fund revenues in FY2025 is \$2,012.1 million. This represents a decrease of \$184.1 million (or 8.4%) compared to FY2024 adopted revenues. Revenues in FY2025 are projected to be lower because the County is not anticipating to use transfers from unassigned and assigned General Fund balance like it did in FY2024. However, when the unassigned and assigned fund balance is excluded from FY2024 adopted budget, the County is forecasting a modest increase in the General Fund of \$53.3 million.

## PROPERTY TAX

While the County’s base property tax levy has remained flat since 1996, the preliminary estimate for the property tax levy allocation to the General Fund in FY2025 is \$11.3 million higher than the FY2024 budgeted property tax levy available for the General Fund. The

increase in the allocation is attributable to a reduction in the estimated allocation of the property tax levy to the Election Fund. The Tax Increment Financing Surplus to the General Fund is forecasted to be \$18.1 million, which is \$4.7 million more than FY2024 budget.

The FY2024 Adopted Budget includes a one-time transfer of \$237.4 million from the General Fund’s unassigned and assigned reserve.

## NON-PROPERTY TAXES

The preliminary estimate for revenues from Non-Property Taxes for FY2025 is \$1,476.4 million. This is \$35.9 million (or 2.5%) more than FY2024 budgeted non-property tax revenues. The County anticipates a modest \$27.9 million increase in Sales Taxes revenue in FY2025, due in part to a stronger than anticipated economy and despite inflationary pressures. The County projects a continued decline in Cigarette Taxes with revenues falling short of the FY2024 adopted budget by \$2.0 million due to a change in consumer behaviors and inflation.

## GENERAL FUND FEES

The County imposes various General Fund fees for services it performs. The fees charged by County departments include, without limitation, fees for vital records, real estate transactions, court case filings and delinquent taxes. The preliminary estimate for General Fund Fees in FY2025 is \$185.4 million, which is \$11.5 million (or 6.6%) more than FY2024 budgeted fee revenues. The main drivers of this increase over FY2024 budgeted fee revenue include projected increases over FY24 budgeted revenue in the Clerk of the Circuit Court fee revenue and increases in the Treasurer's fees by \$5.3 million and \$5.0 million respectively.

## INTERGOVERNMENTAL REVENUES

Revenues from intergovernmental sources are granted by other governmental units such as the U.S. Government, State of Illinois and other local units of government. The preliminary estimate for Intergovernmental Revenues for FY2025 is \$70.4 million, \$2.4 million less than FY2024 budgeted intergovernmental revenues, but aligns with the FY2024 year-end estimates.

## INVESTMENT INCOME AND MISCELLANEOUS REVENUES

Investment income is the interest garnered on the County's reserve fund balance. The County is projecting \$48.1 million in investment income for FY2025, an increase over FY2024 budgeted revenues of \$43.5 million. The preliminary estimate for Miscellaneous Revenues for FY2025 is \$43.3 million compared to the FY2024 budget of \$46.6 million. This reduction assumes less fund balance transfer to subsidize various Special Revenue Funds in FY2025.

## STATE IMPACT

The County receives 3.9% of the Personal Property Replacement Tax, which is a business income tax imposed by the State of Illinois. Annually, the Illinois Department of Revenue (IDOR) reallocates a portion of their overall business income tax revenues. The County is expected to receive a small increase compared to FY2024 due to expected increases in business income tax receipts.

The FY2024 Adopted Budget includes a one-time transfer of \$237.4 million from the General Fund's unassigned and assigned reserve.

## FY2025 EXPENDITURE FORECAST

**FY2025 General Fund expenditures are forecasted to increase by \$34.1 million (or 1.6%) over the FY2024 adopted budget. Accounting for the one-time General Fund unassigned and assigned fund balance investments made in FY2024, however, General Fund expenditures are expected to increase by \$271.6 million.**

This increase is largely driven by increases in salaries, wages, and overtime costs due to normal salary progression and a 5% cost of living adjustment. Another key component of these personnel related expenses are employee health benefit costs. The County makes available both an HMO and a PPO medical plan. Cook County has seen an ongoing shift from HMO enrollment to the more costly PPO plan. Enrollment between the two plans is nearly equal. In FY2025, the overall cost of the HMO plan is expected to rise by 7.6%, while the PPO plan is projected to increase by 6.8%. The self-funded pharmacy plan is also anticipating an additional increase of 12.0%. The County continues to review programs and plan designs in order to align with best practices.

Cook County also anticipates an increase in expenses for contractual services and operational maintenance by \$52.6 million compared to FY2024 adopted budget due to the inflationary pressure and new

strategic initiatives such as services for youth in conflict with law. Furthermore, the preliminary forecast accounts for the need to fund capital equipment projects that are not eligible to be financed with debt, which accounts for \$11.2 million.

In 2023, the State of Illinois approved landmark legislation to fully fund pensions, ensuring long-term financial stability for the County's work force. Public Act 103-0529 requires the County to continue making actuarially determined contributions to its pension fund in the same manner as it had previously been making payments under an intergovernmental agreement. Further, the legislation allows the County to utilize any legally available sources for pension contributions, adding flexibility for the County.

In FY2025, the required pension contribution is expected to be \$573.0 million and General Fund pension contribution is estimated at \$369.4 million, which is a \$35.7

million increase from the FY2024 budget contribution. By the end of FY2024, the County will have made more than \$2.906 billion in supplemental payments to address the Pension Fund's liabilities which is working significantly improve the County's pension funded ratio.

### General Fund Expenditure by Type

(In Millions)

■ FY2024 Adopted	\$1,511.5	\$351.1	\$333.7
■ FY2025 Forecast	\$1,626.9	\$234.1	\$369.4

# HEALTH ENTERPRISE FUND

## HEALTH ENTERPRISE FUND REVENUES AND EXPENDITURES

For FY2024, the Health Enterprise Fund is projected to end the year with a favorable variance of \$224.6 million. Revenues are projected to be \$711.9 million (or 16.7%) above the adopted budget and expenses are projected to be \$487.3 million (or 11.4%) above the adopted budget.

For FY2025, the Health Enterprise Fund forecasts a balanced budget of \$5.09 billion, with revenues forecasted to be \$829.9 million (or 19.5%) above the FY2024 adopted budget and expenses forecasted to be \$829.9 million (or 19.5%) above the FY2024 adopted budget.

# PROJECTED 2024 YEAR-END HEALTH ENTERPRISE FUND REVENUES AND EXPENDITURES

The Health Enterprise Fund is expected to end FY2024 with a net favorable budget variance of \$224.6 million.

## FY2024 YEAR-END REVENUE PROJECTIONS

The Health Enterprise Fund receives revenue from patient care provided at County Hospitals. In addition, Cook County Health (CCH) operates a County Managed Care Community Network (MCCN), known as CountyCare. CountyCare receives a fixed reimbursement on a per member per month basis. The total budgeted revenue for FY2024 is \$4,256.3 million for the Health Enterprise Fund and the projected year-end revenues are \$4,968.2 million, \$711.9 million (or 16.7%) above the adopted budget. The increase in revenue is largely due to higher than budgeted monthly average CountyCare membership levels and revenue cycle improvement efforts, increasing the collection rate in Net Patient Service Revenues.

## FY2024 YEAR-END EXPENDITURE PROJECTIONS

The Health Enterprise Fund year-end expenditures are projected to exceed the FY2024 adopted budget by \$487.3 million primarily due to higher than budgeted County Care membership enrollment, resulting in an increase in health plan claims.

# 2025 HEALTH ENTERPRISE FUND REVENUES AND EXPENDITURES FORECAST

The outlook for FY2025 includes a projected balanced budget of \$5.09 billion in the Health Enterprise Fund.

The FY2025 outlook for the Health Enterprise Fund includes a projected balanced budget of \$5.09 billion. This represents an increase of \$829.9 million (or 19.5%) compared to FY2024 budgeted revenues. This figure accounts for a preliminary estimate of the property tax

allocation from the General Fund to the Health Enterprise Fund of \$157.7 million.

The projected increase in revenue from FY2024 adopted revenue is driven by higher than projected membership levels, per member per month (PMPM) reimbursement

rates, and Net Patient Service Fee Revenue in Cook County hospitals. In FY2025, the increase in expenses consists of a 5.0% cost of living adjustment, normal salary progression increases, and managed care claims.

## FY2025 REVENUE FORECAST

The Health Enterprise Fund is supported by net patient services fee revenues, health plan revenues, and supplemental payments for care provided at County hospitals, pharmacies, and clinics. Net patient service fee revenues include Medicare, Medicaid, private payers and insurance carriers, and health plan revenues through the Cook County Managed Care Community Network (MCCN), also known as CountyCare. Supplemental payments include those from the Benefits Improvement and Protection Act (BIPA)

and Disproportionate Share Hospital (DSH). The Health Enterprise Fund is also funded by miscellaneous revenues such as lease revenues and will receive an allocation of the County's property tax levy of \$157.7 million in FY2025.

Net patient service fee revenues are forecasted to be \$165.7 million higher than the FY2024 adopted budget. Medicaid and Medicare revenues are expected to be above the FY2024 adopted budget by \$74.9 million and \$64.8 million, respectively. CountyCare

revenues are also expected to increase from the FY2024 adopted budget by \$689.0 million which is \$184.9 million higher than the FY2024 year-end estimates. While the traditional CountyCare membership level is declining, the membership level of new immigrant adult and seniors are expected to offset some of the decline. Net membership levels are expected to be lower than FY2024 year-end, but PMPM reimbursement rates are expected to be higher, leading to a net increase in the CountyCare revenues.

## FY2025 EXPENDITURE FORECAST

Health Enterprise Fund expenditures are expected to increase by \$829.9 million (or 19.5%) above the FY2024 adopted budget, with forecasted expenses for FY2025 totaling

\$5.09 billion. The primary driver is an increase in CountyCare claims due to higher than FY2024 membership levels. Further, FY2025 costs associated with salaries and wages are

forecasted to increase by \$46.1 million as a result of a 5.0% cost of living adjustment and increases from normal salary progression.

# PRELIMINARY FORECAST PUBLIC FORUM

A public hearing and online forum will be held on the Preliminary Forecast on July 17, 2024 at 6 p.m. in the Cook County Board Room to obtain constituent feedback on budget priorities. The Department of Budget and Management Services will work closely with residents, elected officials, and County departments to review potential efficiencies and cost saving opportunities to facilitate the presentation of a balanced budget recommendation to the Board of Commissioners in October.

More information about the Preliminary Forecast can be found at: [www.cookcountyil.gov/Budget](http://www.cookcountyil.gov/Budget).

Additionally, residents may provide recommendations on efficiencies and cost savings or submit budget questions at: [www.cookcountyil.gov/service/submit-budget-questions](http://www.cookcountyil.gov/service/submit-budget-questions).

# APPENDICES

## COOK COUNTY BUDGET CALENDAR

<b>APRIL</b>	Departments submit Capital requests. Capital Equipment is defined as an asset, usually not attached to a building or grounds, with a project cost of \$5,000 or more; a useful life of at least five years; and that the County will purchase and own.	<b>SEPTEMBER</b>	Residents and departments provide input during the final development of the County budget. The President and DBMS work to balance department requests with available resources.
<b>MAY</b>	Departments submit preliminary revenue and expense estimates to the Department of Budget and Management Services (DBMS).	<b>OCTOBER</b>	The President submits the Executive Budget Recommendation to the Committee on Finance of the Cook County Board of Commissioners.
<b>JUNE</b>	DBMS prepares the preliminary budget based on the estimates submitted by the departments and the revenue the County expects will be collected. The preliminary budget forecast is filed with the President's Office by June 30.	<b>OCTOBER/ NOVEMBER</b>	The proposed budget is made available for public review. Public hearings are conducted during which the Committee on Finance considers testimony from service providers, program staff, and the general public. After the hearings have been completed and any amendments inserted, the Board of Commissioners approves and adopts the Appropriation Bill, which authorizes funding and staffing levels for each department.
<b>JULY</b>	The President holds a public hearing on the Preliminary Forecast, allowing the public to provide feedback during the development of the Executive Budget Recommendation.  Departments submit requests for budgetary appropriation for the next fiscal year.	<b>DECEMBER</b>	The fiscal year begins. The Appropriation Ordinance is implemented on December 1.
<b>ONGOING</b>	Monthly expenditure and revenue reports are reviewed to monitor the resources allocated through the Appropriation Ordinance.
