

COOK COUNTY GOVERNMENT

Annual Diversity Report Fiscal Year 2020

**TONI PRECKWINKLE, PRESIDENT
COOK COUNTY BOARD OF COMMISSIONERS**

**NICOLE N. MANDEVILLE, DIRECTOR
OFFICE OF CONTRACT COMPLIANCE**

MISSION

The mission of the Office of Contract Compliance (OCC) is to ensure the full and equitable participation of minority, women, and veteran-owned businesses (MBE/WBE/VBE) in the procurement process as both prime and sub-contractors for Cook County Government and Cook County Health and Hospitals Systems (CCH). The OCC seeks greater inclusion of MBE, WBE and VBEs on County and CCH contracts by conducting outreach activities to the business community about the County's Program.

*Message from Toni Preckwinkle
Board President of Cook County*

To the residents of Cook County:

I am pleased to present our annual Cook County Business Diversity Report. Since taking office, I have been committed to making it easier for minority and women-owned businesses (M/WBEs) to do business in and with Cook County. This report is a testament to that commitment.

Overall, in 2020, Cook County awarded 12% of its contracts to minority and women-owned businesses, while 11% of contract payments were made to minority and women-owned businesses. Also note this year we are reporting on sole source contracts for the first time.

We continue working to improve participation of minority and women-owned businesses on county contracts and are modernizing our approach to capture payment data and allow for a more efficient process to track and monitor actual subcontractor payments.

We will continue our efforts to make the county a more effective, attractive business partner for minority and women-owned businesses. We are dedicated to these efforts and look forward to continuing our work for all residents of Cook County.

Toni Preckwinkle
President, Cook County Board of Commissioners

History of M/WBE Program

First enacted in 1988, the M/WBE Program was designed to remediate past County discrimination against minorities and women on construction contracts.

The Program evolved over time to apply also to goods and services contracts, as well as professional services contracts; ultimately being extended to health and hospital contracts.

In 2000, the construction portion of the Program was ruled unconstitutional, and Cook County was without M/WBE on construction for several years.

Under the leadership of President Preckwinkle, the Program now is on firm constitutional footing supported by Cook County's first ever Disparity Study in 2013.

COMMITMENT TO MINORITY AND WOMEN-OWNED SMALL BUSINESSES

Cook County Board President Toni Preckwinkle is committed to the inclusion and expansion of opportunities for small, local, minority and woman-owned businesses. Cook County is the economic engine of the State of Illinois and the heart of a dynamic metropolitan region, where it includes more than half of its population, jobs, and businesses. President Preckwinkle knows that small businesses are the backbone of the economy whose success depends upon accountable, transparent, and responsive government.

Cook County's Office of Contract Compliance is pleased to present its Annual Business Diversity Report covering the period of Fiscal Year 2020. Historically, minority- and woman-owned businesses have been awarded government contracts disproportionately lower than their availability and capacity to perform. Many local governments, including Cook County, were active and passive participants in discriminatory practices that adversely affected the growth and full participation of minority and woman-owned businesses (M/WBEs) in the government marketplace.

To remedy historic inequity and to facilitate greater inclusion, Cook County established goals for the participation of minority and woman-owned businesses in County contracts as set forth under the ordinances included in the Cook County Procurement Code. Cook County Government, including the Cook County Health and Hospitals System aspires to achieve the following goals:

Contract Type	Goals	
	MBE	WBE
Goods and Services	25%	10%
Construction	24%	10%
Professional Services	35% Overall	

About this Report

Transparency is a key mandate of President Preckwinkle and under her leadership the County began publishing annual diversity reports for the first time to make this information available to the public. This report is the County's Seventh annual report to include actual payments to M/WBEs. This report includes both contract dollars awarded and contract payments by Cook County Government as reported by vendors. The second section includes contracts awarded and payments on Cook County Health and Hospitals System (CCH) contracts as reported by vendors. This report continues to serve as a benchmarking tool in assessing M/WBE participation and identifying areas for greater inclusion. The Office of Contract Compliance tracks M/WBE participation in the following three categories (1) Goods and Services, (2) Construction, and (3) Professional Services.

Legally Defensible Program. President Preckwinkle has made it a top priority of her administration to foster greater participation and meet M/WBE goals to the greatest extent possible. This mandate requires a robust, narrowly tailored program built upon solid constitutional footing. Since taking office, President Preckwinkle has required that all contracts valued at \$25,000+ are to be reviewed by the Office of Contract Compliance for goal inclusion, where goals are set on a contract-by-contract basis. The Program is subject

to Strict Scrutiny, the most exacting form of judicial review, which requires that Cook County establish 1) that the County participated in discrimination against minorities and women; and 2) that its program to remedy those past wrongs is narrowly tailored to accomplish its remedial purpose. The Program follows the format of the federal DBE program which includes caps on personal net worth and adherence to the SBA size standards. The Program is supported by a Disparity Study and includes a sunset date to ensure continuous econometric analysis to justify the Program's maintenance

Diversity Management System. President Preckwinkle has made achieving full M/WBE participation in County procurement a key goal of her administration. The Office of Contract Compliance continues to utilize the web-based Diversity Management System, which was fully implemented in FY2013. As part of its mission and mandate, the Diversity Management System continues to capture, monitor, and report contract performance based on actual spends. The key benefits of the Diversity Management System include:

- Transparency and accountability measures for all stakeholders
- Service improvement to local small businesses
- Streamlined process – Certification applications including supporting documentation will be submitted electronically
- Promotes the County/City Collaborative reciprocal certification process
- Sharing of information with the City of Chicago and the State of Illinois' Central Management Services

Reciprocal Certification. Cook County and the City of Chicago continue their reciprocal Minority and Women Business Enterprise initiative. This initiative allows M/WBEs to be certified by either the County or City, and have that certification apply to goals set by both governmental bodies. This combined effort by the County and City reduces the time commitment and financial burden to M/WBEs and streamlines the certification process by providing a "one-stop shop" for M/WBEs interested in participating in County and City procurement opportunities.

Phased Graduation. In FY 2017, we amended the County Code to allow for firms exceeding the Small Business Administration Size Standard criteria to be able to participate in the M/WBE Program through phased graduation at a lesser level of credit towards to M/WBE goal over the course of three years. This allows a firm to gradually transition from the M/WBE Program and ensure a smoother entry into the general marketplace.

Increasing M/WBE Participation. We continue to seek opportunities to increase participation of Cook County's minority and women-owned businesses on County procurements. In FY 2020, these efforts included extensive outreach; developing and offering solicitations that limited the competitive pool to only minority and women-owned businesses; and collaboration with Vizient, Inc. the Cook County Health and Hospital System's (CCH) Group Purchasing Organization (GPO) to increase opportunities for M/WBEs

within the GPO. Those efforts have borne fruit as M/WBEs continue to participate in all contract categories as well as on sole-source contracts and as prime vendors.

Narrowly Tailored Program. We amended the County Code in FY2016 to further strengthen and enhance our M/WBE Program, to require the use of current data to set contract-specific goals. This measure will ensure we continue to implement a narrowly tailored M/WBE Program, that requires:

- Goals are set on a contract-by-contract basis, no blanket goals, or quotas
- Size of the contract, term of the contract, amount of subcontracting opportunity, availability of M/WBEs to provide a commercially useful function on the contract
- Waiver Review Process when Good Faith Efforts to achieve the goals are demonstrated
- Race and Gender-Neutral Measures to remedy past discrimination
- Prompt Payment Provision in Cook County Ordinance
- Outreach Program (OCC, OCPO and User Departments partnering with Commissioners, Assist Agencies, and other units of government)
- Anti-Discrimination Enforcement (Cook County Commission on Human Rights, OIIG, OCC)
- Unbundling large contracts (OCC, OCPO and User Departments)
- Holding pre-bid conferences (OCPO)
- Providing timely information on contracting opportunities and establishing schedules for submitting bids with adequate time (OCC and OCPO)
