Summary: The City of Calumet City is seeking assistance from the County's No Cash Bid program to acquire three (3) PINs; all of which are vacant land as part of this request package. While the City's enclosed Resolution contains five (5) PINs, this NCB Package is requesting the following three (3) PINs listed. The PIN list is as follows: To the best of the City's knowledge, all PINS are vacant land. Calumet City desires to acquire the properties to sell individually or together as a package to developers to build new homes and return the properties to the tax rolls. Therefore, at this time, there are no agreements to disclose with Third-Party Requestors regarding the subject parcels. Ultimately, the City's purpose coincides with the County's objective to acquire tax delinquent properties for reuse in private development and tax reactivation - while meeting the City's comprehensive plan. The City will file for tax exempt status accordingly and will maintain the status until the tax deeds are conveyed to a developer. In addition, the City will continue utilizing its legal counsel to obtain the tax deeds and bear all legal and other costs associated with the acquisition of the parcels identified. The City agrees to submit No Cash Bid Annual Reports to the Cook County Department of Planning and Development on the status of each parcel for five (5) years or until development is complete, whichever occurs last, as required by the Cook County No Cash Bid Ordinance.

PROPOSED GRANT AWARD

Department: Cook County Department of Public Health (CCDPH)

Grantee: Cook County Department of Public Health

Concurrences: The Budget Department has received all requisite documents and determined the fiscal impact on CookCounty, if any.

Summary: U.S. public-health agencies have been fighting on the front line to protect Americans against COVID-19 for almost three years. To respond to the pandemic, public-health departments across the country have had to assume new and expanded responsibilities while continuing to deliver their core responsibilities and services as part of the public health system. Almost half of all employees in state and local public health agencies left their jobs between 2017 and 2021. If this trend continues, half of the governmental public health workforce will have left their jobs by 2025. Stagnant funding and cumbersome hiring processes have left departments struggling to attract, retain and train the specialized and diverse talent they need to better reach, serve, and reflect their communities. Grant funds must be used for workforce development activities, including hiring, retention, training, and other incentives to support

and sustain the public health workforce.

October 19, 2023

Summary: The Cook County Animal and Rabies Control requests authorization for the Chief Procurement Officer to enter into and execute a contract with the Board of Trustees of the University of Illinois.

This contract will allow the Department of Animal and Rabies Control to fully investigate and document all disease outbreaks of zoonotic or vector-borne diseases in humans by an accredited veterinary pathology laboratory. It is located at Brookfield Zoo. The University of Illinois Zoological Pathology Program functions as a Medical Examiner for animals and is the only full-time accredited wildlife, exotic and zoo pathology program in the state of Illinois.

The location at Brookfield Zoo allows the Department of Animal and Rabies Control to transport entire cadavers, which may be as large as an elk, to an accredited veterinary pathology laboratory without crossing State lines with potentially contaminated agents. Using a laboratory outside of Illinois would violate Federal laws prohibiting transportation of infectious materials across State lines.

This is a Sole Source Procurement pursuant to Section 34-139 of the Cook County Procurement Code.

PROPOSED TRANSFER OF FUNDS

Department: County Clerk

Request: Transfer of Funds

Journal of Proceedings

Board of Commissioners

October 19, 2023

Reason: The County Clerk's Office will be using the surplus in salaries and wages account to pay for Postage associated with upcoming elections.

From Account(s): 11306.1110.35160.501296, \$2,486,337; 11306.1110.35160.501135, \$721,311

To Account(s): 11306.1110.35170.520260; \$3,207,648.00

Total Amount of Transfer: \$3,207,648.00

On what date did it become apparent that the receiving account would require an infusion of funds in order to meet current obligations? What was the balance in the account on that date, and what was the balance 30 days prior to that date?

The purpose of this transfer is to proactively fund postage needed for upcoming elections. Balance as of 9/29/2023 11306.1110.35170.520260, \$949,744.38; 30 Days Prior 11306.1110.35170.520260, \$2,718,926.53

How was the account used for the source of transferred funds identified? List any other accounts that were also considered (but not used) as the source of the transferred funds.

Due to the competitive job market and low voter turnout in the April Consolidated General Elections, we have not been able to hire into vacant positions, which resulted in a surplus of funds in our Salaries and Wages of Per Diem Employee account. No other accounts were consolidated because we expect other accounts to have a minimal to no surplus.

Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

None.

If the answer to the above question is "none" then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

As described above, due to the competitive job market and low voter turnout in the April Consolidated elections, we have not been able to hire into vacant positions, which resulted in a surplus of funds in our Salaries and Wages of Per Diem Employees account.

A motion was made by Commissioner Britton, seconded by Commissioner Trevor, that the Transfer of Funds be approved. The votes of yeas and nays being as follows:

RECOGNIZING HEALTH LITERACY AWARENESS MONTH IN COOK COUNTY

WHEREAS, the month of October is National Health Literacy Awareness Month, a month-long initiative in the United States and worldwide, which aims to raise awareness about the importance of health literacy and promote the integration and expansion of health literacy programs; and

WHEREAS, better health literacy helps overcome barriers and challenges that may result in harm. Working collectively to improve health literacy can create a more equitable world where everyone can attain positive health outcomes; and

WHEREAS, health literacy and health outcomes are interconnected, with an estimated 14 percent, or 1 in 7, adults in the United States having below basic proficiency in health literacy; and

WHEREAS, limited health literacy is a barrier to accessing health information, proper medication use, and following instructions from a health care provider all of which may adversely affect health outcomes; and

WHEREAS, the U.S. Department of Health and Human Services' Healthy People 2030, which sets data-driven national objectives to improve health and well-being over the next decade, defines personal health literacy as the degree to which individuals have the ability to find, understand, and use information and services to inform health-related decisions and actions for themselves and others; and

Journal of Proceedings

Board of Commissioners

October 19, 2023

WHEREAS, further, organizational health literacy is defined as the degree to which organizations equitably enable individuals to find, understand, and use information and services to inform health-related decisions and actions for themselves and others; and

WHEREAS, personal health literacy is a social risk, associated with worse health care and health outcomes because individuals with limited personal health literacy are at higher risk of misunderstanding information that is important to achieving and maintaining health or losing their way in the fragmented health care system; and

WHEREAS, the impetus to divide the definition into 2 parts came from the Health and Human Services (HHS) Secretary's Advisory Committee, which observed, "As health literacy research and practice have accumulated, we now more fully understand that responsibility for health literacy extends beyond individuals to include the organizations and professionals who create and deliver health information and services"; and

WHEREAS, health literacy is a foundational principle and overarching goal of Healthy People 2030 and the U.S. Department of Health and Human Services have long recognized that health literacy is not just the result of individual capacities but also the health-literacy related demands and complexities of the health care system; and

WHEREAS, putting health literacy principles into action advances health equity because health literacy has been identified as a contributor to health disparities, which are preventable differences in the burden of disease, injury, violence, or opportunities to achieve optimal health that are experienced by populations that have been socially, economically, geographically, and environmentally disadvantaged, and there is significant overlap in demographic characteristics of those who are at risk for health disparities and low health literacy; and

WHEREAS, health literacy advances equity by making health information accessible to all populations. healthcare systems, public health organizations, and the people they employ can all play a role in making their information easy to find, understand, and use; and

WHEREAS, recognizing the connection between health literacy and health equity, this year's National Minority Health Month theme was designated as "Better Health Through Better Understanding". The U.S. Department of Health and Human Services Office of Minority Health, has made it a priority to improve health outcomes for racial and ethnic minority communities by providing them with culturally and linguistically competent healthcare services, information, and resources; and

WHEREAS, when patients are provided with culturally and linguistically appropriate information by health care organizations, they are empowered to create healthier outcomes for themselves and their communities; and

WHEREAS, this Honorable Body wishes to promote and raise awareness of health literacy during the month of October.

NOW, THEREFORE, BE IT RESOLVED, that the President and the Cook County Board of Commissioners, on behalf of the more than 5.2 million residents of Cook County, do hereby take this opportunity to acknowledge Health Literacy Awareness Month; and

BE IT FURTHER RESOLVED, that in conjunction with National Health Literacy Awareness Month, that the month of October 2023 be hereby declared Health Literacy Awareness Month in the County of Cook; and

WHEREAS, known best for its pink theme color, the month features campaigns and programs aimed at: supporting people diagnosed with breast cancer, including metastatic breast cancer; educating people about breast cancer risk factors; stressing the importance of regular screening, starting at age 40 or an age that's appropriate for each person's personal breast cancer risk; and fundraising for breast cancer research; and

WHEREAS, breast cancer is the most commonly diagnosed cancer among American women. Black women are most likely to die from breast cancer than women of any other racial or ethnic group. About 1 in 5 Black women is diagnosed with triple-negative breast cancer, more than any other racial or ethnic group. About 85% of breast cancers occur in women who have no family history of breast cancer due to genetic mutations that happen as a result of the aging process and life in general, rather than inherited mutations; and

WHEREAS, there are more than 4 million breast cancer survivors in the United States which includes women still being treated and those who have completed treatment; and

WHEREAS, according to the Centers for Disease Control and Prevention (CDC), mammograms are the best way to find breast cancer early, when it is easier to treat and before it is big enough to feel or cause symptoms; and

WHEREAS, as a result of early breast cancer detection through mammogram screenings and increased awareness the death rate decreased from 2013 to 2018 by 1%; and

WHEREAS, the Cook County Board of Commissioners recognizes breast cancer patients, survivors, and their families; recognizes the courage and strength of the individuals who are battling this terrible disease; and remembers loved ones whose lives have been affected by breast cancer.

The portion of improved property eligible for the Class E incentive shall be the proportion of square footage of the improved surface area that contains an installed solar energy system to the total square footage of all improvements on the parcel, up to a maximum of 50% of the total area of improvements on the parcel.

To qualify for the Class E classification, the applicant must:

1. File an eligibility application with the Assessor with the following information:
 - a. Parcel Identification Number (PIN) and Assessed Building Square Footage for all buildings and structures on the subject parcel.
 - b. Affidavit signed by the owner identifying the square footage of area containing installed components of a solar energy system.
 - c. Solar Energy System installation plans from the solar energy provider containing, at a minimum, the solar energy system layout/design and anticipated MWh of energy produced for off-site consumption.
2. Submit proof that the solar energy facilities have been installed and are actively producing energy for off-site consumption.
3. Maintain, directly or through a third-party contractor, the solar energy system in operating, energy-producing condition for the duration of the incentive period with the exception of temporary disruptions for system maintenance and repair.
4. Submit to the Assessor an Annual Report identifying the amount of energy generated by the solar energy system (in megawatt-hours (MWhs)) and used by off-site consumers.

This classification shall continue for a period of 10 years from the date the solar energy facilities have been installed and are actively producing energy for off-site consumption. This incentive classification will not be subject to renewal. Upon termination, the real estate shall revert to the applicable classification under this Division.

Concurrences: Department of Budget and Management Services has received all requisite documents and determined the fiscal impact of such grant or financial award on Cook County, if any.

Summary: Cook County will continue to serve as a “Hub” under the 2023 State of Illinois DCEO Small Business Community Navigator Program and engage business support organizations in the County’s small business network to serve as “Spokes” and provide direct assistance to small businesses that wish to apply to the new upcoming grant programs planned by the State of Illinois 2023 and 2024.

PROPOSED RESOLUTION

A RESOLUTION TO ADDRESS THE DEADLY FENTANYL EPIDEMIC

WHEREAS, drug overdose or poisoning is the leading cause of death for Americans aged 18-45; and

WHEREAS, nearly 70% of those deaths are due to Opioids, including Fentanyl; and

WHEREAS, Fentanyl is up to 50 times more potent than heroin and 100 times more potent than Morphine; and

WHEREAS, more than 91% of Opioid overdose deaths involved Fentanyl; and

WHEREAS, the Cook County Medical Examiner's Office has confirmed 2,000 Opioid overdose deaths for 2022, breaking the previous record of 1,935 set in 2021; and

WHEREAS, Cook County has had two consecutive years of record high Opioid/Fentanyl overdose deaths; and

WHEREAS, just over 70% of the overdose deaths were in Chicago; and

WHEREAS, approximately 78% of the Opioid overdose deaths are male, African Americans make up 56% of the deaths, Latinos account for just under 15% and whites constitute 29% of the deaths; and

WHEREAS, these numbers and statistics are staggering and alarming for countless residents in Cook County and beyond; and

WHEREAS, the U.S. Drug Enforcement Administration (DEA) says that the majority of Fentanyl is sourced from China and trafficked into the U.S. by the Mexican Sinaloa and Jalisco cartels; and

WHEREAS, the current federal border policy ignores and underestimates the impact of the Fentanyl epidemic on the front line; and

WHEREAS, the DEA says it seized enough deadly Fentanyl in 2022 to kill every American multiple times over; and

WHEREAS, the federal government must tighten the entry points at our borders and crack down on the

external producers of this deadly drug; and

WHEREAS, many of Illinois' elected leaders reduced criminal charges for Fentanyl through the passage of the state's Safe-T Act; and

WHEREAS, current policies are failing as illustrated by the heartbreaking statistics and data. Opioid/Fentanyl death counts will tragically continue to grow without a new rational course of action; and

WHEREAS, if Illinois wants to save lives, then it must reverse course and strengthen its laws against the illegal distribution and sale of Fentanyl; and

WHEREAS, on the local level, we must expand access to comprehensive drug treatment to end this deadly cycle of abuse that is devastating our communities.

THEREFORE BE IT RESOLVED, the time to tackle this deadly epidemic head on is now. The Cook County Board of Commissioners calls for immediate action to be taken by the federal government to properly secure the border to stop the illegal flow of fentanyl into the United States of America.

BE IT FURTHER RESOLVED, copies of this resolution be distributed to Senator Richard Durbin, Senator Tammy Duckworth and the entire Illinois Congressional Delegation, and call upon them to demand President Biden and his administration seek an immediate securing of the U.S. border to stem the dangerous and tragic overflow of Fentanyl into the United States of America.

PROPOSED RESOLUTION

A RESOLUTION SUPPORTING THE UNITED AUTO WORKER (UAW) UNION IN THEIR

CONTRACT NEGOTIATIONS AND STRIKE

WHEREAS, On the 15th of September 2023, the United Auto Workers (UAW) union began a historic workers' strike against the Big Three automobile companies in the United States - Ford, General Motors, and Stellantis; and

WHEREAS, The UAW is demanding that the Big Three eliminate the two-tier system for wages and benefits between newer and veteran employees, increase wages, restore the cost of living adjustment (COLA) metric, defined benefit pension for all workers, re-establish retiree medical benefits, right to strike over plant closures and a working family protection program that supports UAW members and their families in the event of one, end the abuse and over-reliance of temporary workers, more paid time off, and a significant increase in retiree pay; and

WHEREAS, The UAW stated that this labor strike is part of a larger effort for economic justice against the upper echelon of society, who have seen major financial gains the past couple of decades while working-class wages have stagnated; and

WHEREAS, The UAW is demanding a fairer share of the profits that auto workers generate, as executive pay has increased 40% during the life of the previous contract while worker pay has only increased by 6%; and

WHEREAS, UAW workers made large concessions during the 2007-2008 economic recession, which included the surrender of the COLA metric that left their wages vulnerable to inflation, to support the companies employing their members, and the current demands represent a long-overdue redressal of said concessions; and

WHEREAS, 4,600 workers with UAW Local 551 at the Chicago Ford Assembly plant at 12600 S. Torrence Avenue on the South Side of the City of Chicago in Cook County recently joined the strike. The plant produces the Ford Explorer, Lincoln Aviator SUV, and the Police Interceptor SUV - the nation's top-selling police vehicle; and

WHEREAS, according to the Chicago UAW Local 551, many workers have taken on second and third jobs to make a livable wage, negatively affecting the whole community. The community relies on the workers, and everything they do is fed back to the local community; since they do not get paid a living wage, they find it difficult to support their small businesses.

NOW THEREFORE BE IT RESOLVED, That we, the President of the Cook County Board of Commissioners and members of the Board of Commissioners, do hereby stand in solidarity with United Auto Workers in Cook County and across the country in their strike for a fair contract; and

BE IT FURTHER RESOLVED, That a suitable copy of this resolution be sent to the UAW International Headquarters and to UAW Local 551.

PROPOSED HOME INVESTMENT PARTNERSHIPS PROGRAM

Department: Planning and Development

Other Part(ies): McGaw YMCA, Evanston,

Request: Respectfully requesting the Board consider approval of HOME Investment Partnership Program Funds in the amount of \$4,500,000.00 (30-year term, 0% interest rate, 1st position HOME loan) that will be used for the renovation of the 156-unit Single Room Occupancy YMCA residence located at 100 Grove, Evanston, IL.

Total Development Cost: \$17,636,000.00

Project Loan Amount: \$4,500,000.00

Fiscal Impact: \$4,500,000.00

Account(s): 11900-1013-53638-580170

Summary: McGaw YMCA has requested \$4,500,000 in Home Investment Partnership (HOME) funds for the rehabilitation of the existing historic YMCA residential facility in Evanston, IL. The loan has a thirty-year term, 0% permanent loan rate and is fully deferred until maturity. The rehabilitation funding will help update mechanical systems, create social spaces, renovate and privatize bath facilities and update residential units and furnishings, extending the life of 156 units for men transitioning to housing stability.

The renovation of the Men's residences will include upgrading the bathing facilities to include privatizing bathing areas, inclusion of social rooms at the residence levels, upgrade to the mechanical systems, remodeling and refurbishing the single room occupancy units, and introducing a new entry for the residences separate from the YMCA recreational facility.

The McGaw YMCA facility dates to 1929. YMCA consolidated operations at the subject location, 1000 Grove Street, in 1968 and began expanding services to support the long term needs of men transitioning through the YMCA. Generally, the YMCA became a transitional facility supporting Men who were transitioning to permanent housing opportunities versus long-term stay at the YMCA. Achieving permanent residency requires the men to identify personal obstacles and goals, set a plan and undertake a supportive services plan to gain economic, mental, and physical health to support.

Journal of Proceedings

Board of Commissioners

October 19, 2023

The McGaw YMCA has a unique operating philosophy under which the Men who reside there, pay for the domiciling, making the operations self-sufficient, limiting the need for housing vouchers or subsidies for the operations. McGaw initially leases each unit on a week-to-week basis. The McGaw Residence Program Team works with the residents to achieve employment by supporting resume development, wardrobe resources and interview preparation, while also working to achieve health resource, wellness programs, financial literacy, and access to public benefits where eligible. This comprehensive rebuilding and support of their residents are key to the success and independence of the residents both while living at McGaw and upon transition to their permanent housing choices.

The subject request finances the renovation of the YMCA residential facility only and represents the first major renovation in the 95-year history of the residential building. The renovation is projected to start in Spring 2024, with a 14-month completion.

McGaw YMCA has completed a rehabilitation scope and construction drawings outlining \$14.1 million in Capital improvements, Resident and Program Space renovations, Furnishings and introduction of new lobby and circulation to the Residences.

McGaw has undertaken a Capital Campaign for a significant portion of the rehabilitation that will be finalized upon receipt of commitments including the subject that meet the investment floor requirement of its major donors. Other capital has been committed by the Federal Government, the City of Evanston, and initial donors to complete the capital requirements of the renovation. The County is only contributing approximately 24% of the development costs obtaining a 3:1 ratio on use of funds. Overall renovation is less than \$125K per residence which is considerably less than the cost to build new which comes in near \$300K per residence in like facilities, say PSH or affordable rental units.

A motion was made by Commissioner Daley, seconded by Commissioner Lowry, that the Proposed Home Investments Partnerships Programs be referred to the Workforce, Housing and Community Development Committee. The vote of the yeas and nays being as follows:

Sec. 42-3. Earned sick — Paid leave.

(a) ~~General Provisions.~~ Purpose.

~~(1) Any Covered Employee who works at least 80 hours for an Employer within any 120-day period shall be eligible for Earned Sick Leave as provided under this Section. It is in the public policy interest of Cook County to have some paid leave from work to maintain their health and well-being, care for their families, or use for any other reason of their choosing.~~

~~(2) Unless an applicable collective bargaining agreement provides otherwise, upon a Covered Employee's termination, resignation, retirement or other separating from employment, his or her Employer is not~~

It is the intent of the Cook County Board of Commissioners by enacting this Division:

(a) To establish a minimum paid leave standard for all workers in Cook County.

(b) To provide employment security and economic security for employees who need to use paid time off from work for any reason.

(c) To safeguard the welfare, health, safety, and prosperity of the people of Cook County.

(d) To ensure that an Employee not be denied use of leave for noncompliance with leave notification policies if the Employer has not provided a written copy of its notification policy to the Employee.

In order to effectuate this intent, the provisions of this Division shall be liberally construed in favor of providing workers with the greatest amount of paid time off from work and employment security.

~~(3) Nothing in this Division shall be construed to discourage Employers from adopting or retaining paid sick leave, paid vacation, paid holidays, or any other paid time off or paid leave policy more generous than policies that comply with the requirements of this Division. Nothing in this Division shall be construed to discourage or prohibit an Employer from allowing the use of paid leave at an earlier date than this Division requires. Unless otherwise provided in a collective bargaining agreement, nothing in this Division shall be construed to waive or otherwise limit an Employee's right to final compensation for any type of leave promised to be paid under a contract of employment or employment policy and earned by the Employee pursuant to the Illinois Wage Payment and Collection Act.~~

~~(b) *Accrual of Earned Sick Leave- Provisions of Paid Leave.*~~

- ~~(1) Earned Sick Leave shall begin to accrue either on the first calendar day after the commencement of a Covered Employee's employment or on the effective date of this Division, whichever is later.~~
- ~~(2) For every 40 hours worked after a Covered Employee's Earned Sick Leave begins to accrue, he or she shall accrue one hour of Earned Sick Leave. Earned Sick Leave shall accrue only in hourly increments; there shall be no fractional accruals.~~
- ~~(3) A Covered Employee who is exempt from overtime requirements shall be assumed to work 40 hours in each workweek for purposes of Earned Sick Leave accrual, unless his or her normal work week is less than 40 hours, in which case Earned Sick Leave shall accrue based upon that normal work week.~~
- ~~(4) For each Covered Employee, there shall be a cap of 40 hours Earned Sick Leave accrued per 12-month period, unless his or her Employer sets a higher limit. The 12-month period for a Covered Employee shall be calculated from the date he or she began to accrue Earned Sick Leave.~~
- ~~(5) At the end of a Covered Employee's 12-month accrual period, he or she shall be allowed to carry over to the following 12-month period half of his or her unused accrued Earned Sick Leave, up to a maximum of 20 hours.~~
- ~~(6) If an Employer is subject to the Family and Medical Leave Act, each of the Employer's Covered Employees shall be allowed, at the end of his or her 12-month Earned Sick Leave-accrual period, to carry over up to 40 hours of his or her unused accrued Earned Sick Leave, in addition to the carryover allowed under subsection 42-3(b)(5), to use exclusively for Family and Medical Leave Act eligible purposes.~~
- ~~(7) If an Employer has a policy that grants Covered Employees paid time off in an amount and a manner that meets the requirements for Earned Sick Leave under this Section, the Employer is not required to provide additional paid leave. If such Employer's policy awards the full complement of paid time off immediately upon date of eligibility, rather than using an accrual model, the Employer must award each Covered Employee 40 hours paid time off within one calendar year of his or her date of eligibility.~~

~~(e) Use of Earned Sick Leave.~~

- ~~(1) An Employer shall allow a Covered Employee to begin using Earned Sick Leave no later than on the 180th calendar day following the commencement of his or her employment. A Covered Employee is entitled to use no more than 40 hours of Earned Sick Leave per 12-month period, unless his or her Employer sets a higher limit. The 12-month period for a Covered Employee shall be calculated from the date he or she began to accrue Earned Sick Leave. If a Covered Employee carries over 40 hours of Family and Medical Leave Act leave pursuant to subsection 42-3(b)(6) and uses that leave, he or she is entitled to use no more than an additional 20 hours of accrued Earned Sick Leave in the same 12-month period, unless the Employer sets a higher limit. A Covered Employee shall be allowed to determine how much accrued Earned Sick Leave he or she needs to use, provided that his or her Employer may set a reasonable minimum increment requirement not to exceed four hours per day.~~
 - ~~(2) A Covered Employee may use Earned Sick Leave when:

For the purposes of this section, "public health emergency" is an event that is defined as such by a Federal, State or Local government, including a school district.~~
- ~~(3) An Employer shall not require, as a condition of a Covered Employee taking Earned Sick Leave that he or she search for or find a replacement worker to cover the hours during which he or she is on Earned Sick Leave.~~
- ~~(4) If a Covered Employee's need for Earned Sick Leave is reasonably foreseeable, an Employer may require up to seven days' notice before leave is taken. If the need for Earned Sick Leave is not reasonably foreseeable, an Employer may require a Covered Employee to give notice as soon as is practicable on the day the Covered Employee intends to take Earned Sick Leave by notifying the Employer via phone, e-mail, or text message. The Employer may set notification policy if the Employer has notified Covered Employee in writing of such policy and that policy shall not be unreasonably burdensome. For purposes of this subsection, needs that are "reasonably foreseeable" include, but are not limited to prescheduled appointments with health care providers for the Covered Employee or for a family member, and court dates in domestic violence cases. Any notice requirement imposed by an Employer pursuant to this~~

For time used pursuant to subsections (c)(2)(a) or (b), documentation signed by a licensed health care provider shall satisfy this requirement. An Employer shall not require that such documentation specify the nature of the Covered Employee's or the Covered Employee's family member's injury, illness, or condition, except as required by law. For Earned Sick Leave used pursuant to subsection (c)(2)(c) a police report, court document, a signed statement from an attorney, a member of the clergy, or a victim services advocate, or any other evidence that supports the Covered Employee's claim, including a written statement from him or her, or any other person who has knowledge of the circumstances, shall satisfy this requirement. The Covered Employee may choose which document to submit, and no more than one document shall be required if the Earned Sick Leave is related to the same incident of violence or the same perpetrator. The Employer shall not delay the commencement of Earned Sick Leave taken for one of the purposes in subsection 42-3(c)(2) nor delay payment of wages, on the basis that the Employer has not yet received the required certification.~~

~~(6) Nothing in this Section shall be construed to prohibit an Employer from taking disciplinary action, up to and including termination, against a Covered Employee who uses Earned Sick Leave for purposes other than those described in this Section.~~

~~(7) This Section provides minimum Earned Sick Leave requirements; it shall not be construed to affect the applicability of any other law, regulation, requirement, policy, or standard that provides for greater Earned Sick Leave benefits.~~

(a) An Employee who works in Cook County is entitled to earn and use up to a minimum of 40 hours of paid leave during a 12-month period or a pro rata number of hours of paid leave under the provisions of subsection (b) of this section. The paid leave may be used by the Employee for any purpose as long as the paid leave is taken in accordance with the provisions of this Division.

(b) Paid leave under this Division shall accrue at the rate of one hour of paid leave for every 40 hours worked up to a minimum of 40 hours of paid leave or such greater amount if the Employer provides more than 40 hours. Employees who are exempt from the overtime requirements of the federal Fair Labor Standards Act (29 U.S.C. 213(a)(1)) shall be deemed to work 40 hours in each workweek for purposes of paid leave accrual unless their regular workweek is less than 40 hours, in which case paid leave accrues based on that regular workweek. Employees shall determine how much paid leave they need to use; however, Employers may set a reasonable minimum increment for the use of paid leave not to exceed 2 hours per day. If an Employee's scheduled workday is less than 2 hours day, the Employee's scheduled workday shall be used to determine the amount of paid leave.

(c) An Employer may make available the minimum number of hours of paid leave, subject to pro rata requirements provided in subsection (b), to an Employee on the first day of employment or the

first day of the 12-month period. Employers that provide the minimum number of hours of paid leave to an Employee on the first day of employment or the first day of the 12-month period are not required to carryover paid leave from 12-month period to 12-month period and may require Employees to use all paid leave prior to the end of the benefit period or forfeit the unused paid leave. However, under no circumstances shall an Employee be credited with paid leave that is less than what the Employee would have accrued under subsections (a) and (g) of this Section.

(d) The 12-month period may be any consecutive 12-month period designated by the Employer in writing at the time of hire. Changes to the 12-month period may be made by the Employer if notice is given to Employees in writing prior to the change and the change does not reduce the eligible accrual rate and paid leave available to the Employee. If the Employer changes the designated 12-month period, the Employer shall provide the Employee with documentation of the balance of hours worked, paid leave accrued and taken, and the remaining paid leave balance.

(e) Paid leave under this Act may be taken by an Employee for any reason of the Employee's choosing. An Employee is not required to provide an Employer a reason for the leave and may not be required to provide documentation or certification as proof or in support of the leave. An Employee may choose whether to use paid leave provided under this Division prior to using any other leave provided by the Employer or State law.

(f) Employees shall be paid their hourly rate of pay for paid leave. However, Employees engaged in an occupation in which gratuities or commissions have customarily and usually constituted and have been recognized as part of the remuneration for hire purposes shall be paid by their Employer at least the full minimum wage in the jurisdiction in which they are employed when paid leave is taken. This wage shall be treated as the Employee's regular rate of pay for purposes of this Division.

(g) Paid leave under this Division shall begin to accrue at the commencement of employment or on the effective date of this Act, whichever is later. Employees shall be entitled to begin using paid leave 90 days following commencement of their employment or 90 days following the effective date of this Division, whichever is later.

(h) Paid leave under this Division shall be provided upon the oral or written request of an Employee in accordance with the Employer's reasonable paid leave policy notification requirements which may include the following:

(1) If use of paid leave under this Division is foreseeable, the Employer may require the Employee to provide 7 calendar days' notice before the date the leave is to begin.

(2) If paid leave under this Division is not foreseeable, the Employee shall provide such notice as soon as is practicable after the Employee is aware of the necessity of the leave. An Employer that requires notice of paid leave under this Division when the leave is not foreseeable shall provide a written policy that contains procedures for the Employee to provide notice.

(3) Employers shall provide Employees with written notice of the paid leave policy notification requirements in this Section in the manner provided in Section 20 for notice and posting and within 5 calendar days of any change to the Employer's reasonable paid leave policy notification

(4) An Employer may not require, as a condition of providing paid leave under this Division, that the Employee search for or find a replacement worker to cover the hours during which the Employee takes paid leave.

(i) Except as provided in subsection (c) of this Section, paid leave under this Division shall carry over annually to the extent not used by the Employee, provided that nothing in this Division shall be construed to require an Employer to provide more than 40 hours of paid leave for an Employee in the 12-month period unless the Employer agrees to do so.

(j) Nothing in this Section shall be construed as requiring financial or other payment to an Employee from an Employer upon the Employee's termination, resignation, retirement, or other separation from employment for paid leave accrued under this Division that has not been used. Nothing in this Section shall be construed as requiring financial or other reimbursements to an Employee from an Employer for unused paid leave under this Division at the end of the benefit year or any other time.

(k) If an Employee is transferred to a separate division, entity, or location, but remains employed by the same Employer, the Employee is entitled to all paid leave accrued at the prior division, entity, or location and is entitled to use all paid leave as provided in this Section. If there is a separation from employment and the Employee is rehired within 12 months of separation by the same Employer, previously accrued paid leave that had not been used by the Employee shall be reinstated. The Employee shall be entitled to use accrued paid leave at the commencement of employment following a separation from employment of 12 months or less.

(l) Paid leave under this Division shall not be charged or otherwise credited to an Employee's paid time off bank or Employee account unless the Employer's policy permits such a credit. If the paid leave under this Division is credited to an Employee's paid time off bank or Employee vacation account then any unused paid leave shall be paid to the Employee upon the Employee's termination, resignation, retirement, or other separation to the same extent as vacation time under existing Illinois law or rule. Nothing in this Division shall be construed to waive or otherwise limit an Employee's right to final compensation for promised and earned, but unpaid vacation time or paid time off, as provided under the Illinois Wage Payment and Collection Act and rules. Employers shall provide Employees with written notice of changes to the Employer's vacation time, paid time off, or other paid leave policies that affect an Employee's right to final compensation for such leave.

(m) During any period an Employee takes leave under this Division, the Employer shall maintain coverage for the Employee and any family member under any group health plan for the duration of such leave at no less than the level and conditions of coverage that would have been provided if the Employee had not taken the leave. The Employer shall notify the Employee that the Employee is still responsible for paying the Employee's share of the cost of the health care coverage, if any.

(n) An agreement by an Employee to waive the Employee's rights under this Division is void as against public policy.
