## Cook County Government Annual Business Diversity Report FY 2016

**Toni Preckwinkle**  
**President**

Cook County  
Board of Commissioners

*Message from Toni Preckwinkle  
Board President of Cook County*

To the residents of Cook County:

I am pleased to present our fourth annual Cook County Business Diversity Report. Since taking office nearly six years ago, I have been committed to making it easier for minority and women-owned businesses (M/WBEs) to do business in and with Cook County. This report is a testament to that commitment. Notably, for the third year, we are reporting actual payments to minority and women-owned businesses along with commitments. These payments are also shared in a transparent manner with both prime contractors and sub-contractors.

This report allows residents and businesses to see the goals we have set for ourselves and includes actual payments as well as contract dollars awarded. Overall in 2016, Cook County awarded 24% of its contracts to minority and women-owned businesses, while 30% of contract payments were made to minority and women-owned businesses.

In FY2016, we reached a major milestone and completed our first Disparity Study to ensure we maintain a strong and defensible M/WBE Program. As a result, in the same fiscal year, we amended the County Code to enhance and improve the M/WBE Program, extended the program sunset for another five years and added additional outreach measures to our Veterans-owned Business Enterprise (VBE) Program.

We continue to invest in the necessary tools to better monitor participation of minority and women-owned businesses on county contracts. We utilize a web-based system to capture payment data and allow for a more efficient process to track and monitor actual subcontractor payments. Historically, the County's reporting has relied on the *commitment* in contracts for M/WBE businesses.

We will continue to strive to make the county a more effective, attractive business partner for minority and women-owned businesses. We are serious about engaging in these efforts moving forward and look forward to continuing our work with all residents of Cook County.

Toni Preckwinkle  
President, Cook County Board of Commissioners

## COMMITMENT TO SMALL BUSINESSES

Cook County Board President Toni Preckwinkle is committed to the inclusion and expansion of opportunities for small, local, minority and woman-owned businesses. Cook County is at the heart of a dynamic metropolitan region, where we make up more than half of its population, jobs, and businesses. President Preckwinkle knows that small businesses are the engine of the economy. When we create accountable, transparent and responsive government, we help the economy grow.

Cook County's Office of Contract Compliance is pleased to present its Annual Business Diversity Report covering the period of Fiscal Year 2016 under President Preckwinkle. Historically, minority- and woman-owned businesses have been awarded government contracts in dollar amounts disproportionately lower than the availability of such businesses that are willing and able to perform these contracts. Many local governments, including Cook County, were passive participants in discriminatory practices that adversely affected the growth and full participation of minority and woman-owned businesses ("M/WBEs") in the government marketplace.

In an effort to remedy historic inequity and to facilitate greater inclusion, Cook County established goals for the participation of minority and woman-owned businesses in County contracts as set forth under the ordinances that comprise the County Procurement Code. The goals are as follows:

Contract Type	Goals	
	MBE	WBE
Goods and Services	25%	10%
Construction	24%	10%
Professional Services	35% Overall	

**About this Report** Transparency is a key mandate of President Preckwinkle and under her leadership, the County began publishing annual diversity reports for the first time to make this information available to the public. This report is the County's third annual report to include actual payments to M/WBEs. This report includes contract dollars awarded and contract payments by Cook County Government as reported by vendors. The second section includes contracts awarded and payments on Cook County Health and Hospitals System ("CCHHS") contracts as reported by vendors. This report continues to serve as a benchmarking tool in assessing M/WBE participation and identifying areas for greater inclusion. The Office of Contract Compliance tracks M/WBE participation in the following three categories (1) Goods and Services, (2) Construction, and (3) Professional Services. Data reported is based on actual payments reported by vendors.

**Small Business Initiatives** President Preckwinkle has made it a top priority of her administration to foster greater participation and meet M/WBE goals to the greatest extent possible. Ultimately, greater participation will allow small businesses to create jobs and stimulate growth in the regional economy. These efforts are described below:

**Disparity Study.** Since President Preckwinkle took office, the County has made strategic investments to lower the barriers to entry for minority and women-owned businesses, including taking measures to

ensure full participation at all levels of Cook County Government. In the second half of Fiscal 2013, the Cook County Board of Commissioners retained the services of Colette Holt & Associates to conduct a Disparity Study of the County's M/WBE Program.

A Disparity Study is a periodic evaluation of a municipality's M/WBE efforts. The term "disparity" refers to the difference between the number of M/WBEs who are able to provide the services a municipality is procuring and the number of firms who are actually working with the municipality. The study looks at whether the organization is meeting its goals with regards to access to procurement opportunities and provides recommendations to improve its efforts. Disparity studies also provide a legal defense of an M/WBE program if that program is challenged in the courts.

Nationally, it's considered best practice to conduct regular Disparity Studies. Other local agencies that have done this include the City of Chicago and the Illinois Department of Transportation. However, this effort will represent Cook County's first Disparity Study.

The Study includes a comprehensive statistical analysis based on the County's procurement history. The consultant will collect, sort, research, and analyze data and will use Custom Census methodology recommended in the National Disparity Study Guidelines to accurately estimate M/WBE availability estimates. The consultant will also calculate a Disparity index using regression analysis.

The Disparity Study was completed in FY 2016 and provided recommendations for program enhancements to ensure we continue to maintain a strong and defensible program. As a result, we amended the County Code to further strength and enhance our M/WBE Program. Specifically, we amended the Code to require the use of current data to set contract-specific goals. This measure will ensure we continue to implement a narrowly-tailored M/WBE Program. Additionally, we extended the M/WBE Program to sunset in 2021.

**Diversity Management System.** President Preckwinkle has made achieving full M/WBE participation in County procurement a key goal of her administration. During the end of FY 2013, the Office of Contract Compliance implemented a new web-based contract compliance and Minority-owned Business Enterprise (MBE), Woman-owned Business Enterprise (WBE), Veteran-owned Business Enterprise (VBE), and Service Disabled Veteran Business Enterprise (SDVBE) certification system. As part of its mission and mandate, it seeks to capture, monitor and report contract performance based on actual spends. Historically, M/WBE participation was tracked solely on commitments. The key benefits of implementing the Diversity Management System include:

- Transparency and accountability measures for all stakeholders
- Service improvement to local small businesses
- Streamlined process - Certifications including supporting documentation will be submitted electronically
- Promotes the County/City Collaborative reciprocal certification process

- Sharing of information with sister agencies including City of Chicago and the State of Illinois' Central Management System

**Reciprocal Certification.** Cook County and the City of Chicago continue their reciprocal Minority and Women Business Enterprise initiative. This initiative allows Minority and Women-owned Businesses ("M/WBEs") to be certified by either the County or City, and have that certification apply to both agencies. This combined effort by the County and City lessens the financial burden and streamlines the certification process by providing a "one-stop shop" for MBE/WBEs interested in participating in County and City procurement opportunities.

**Outreach.** In addition to participating in various outreach events to seek greater inclusion of MBEs, WBEs, and VBEs on county contracts, in 2016 the Office of Contract Compliance hosted two County-specific outreach events. The Cook County Forest Preserve, Chicago Botanic Gardens, the Chicago Zoological Society, County Key User Departments and Resource Agencies were in attendance to meet and greet with interested vendors. User Departments presented on their specific department and its needs. This event allowed for vendors to learn about upcoming the various user agencies and potential contracting opportunities within their industry.

**Increasing Small Business Participation.** We continue to seek opportunities to increase participation of Cook County's small, minority and women owned businesses on County procurements. In Fiscal Year 2014, these efforts included developing and offering solicitations that limited the competitive pool to only small, minority and women owned businesses. Our work began internally in fiscal year 2014 and came to fruition in fiscal year 2015 with our first solicitations where small, minority and women owned businesses had the opportunity to bid as primes directly with the County.

## **Office of Contract Compliance**

The Office of Contract Compliance (OCC) supports minority and women-owned business by offering an MBE and WBE certification program, ensuring M/WBE inclusion in the County's contracting processes, participates in outreach events, and reports on supplier diversity participation to the President and Board of commissioners.

OCC hosts monthly certification workshops to help small businesses navigate through the certification process. To learn more about the workshops or to register for one, please visit [www.cookcountyiil.gov/agency/contract-compliance](http://www.cookcountyiil.gov/agency/contract-compliance) or call (312) 603-5502.

- (3) Establishing uniform procedures and criteria for certifying, recertifying and decertifying M/WBEs, accepting certifications by other agencies, and maintaining a directory of Certified M/WBEs. - (4) Establishing contract specific goals based upon the availability of M/WBEs to provide the supplies, materials and equipment or services required by the Contract.

## MBE/WBE Award (Commitments) Comparison by Fiscal Year

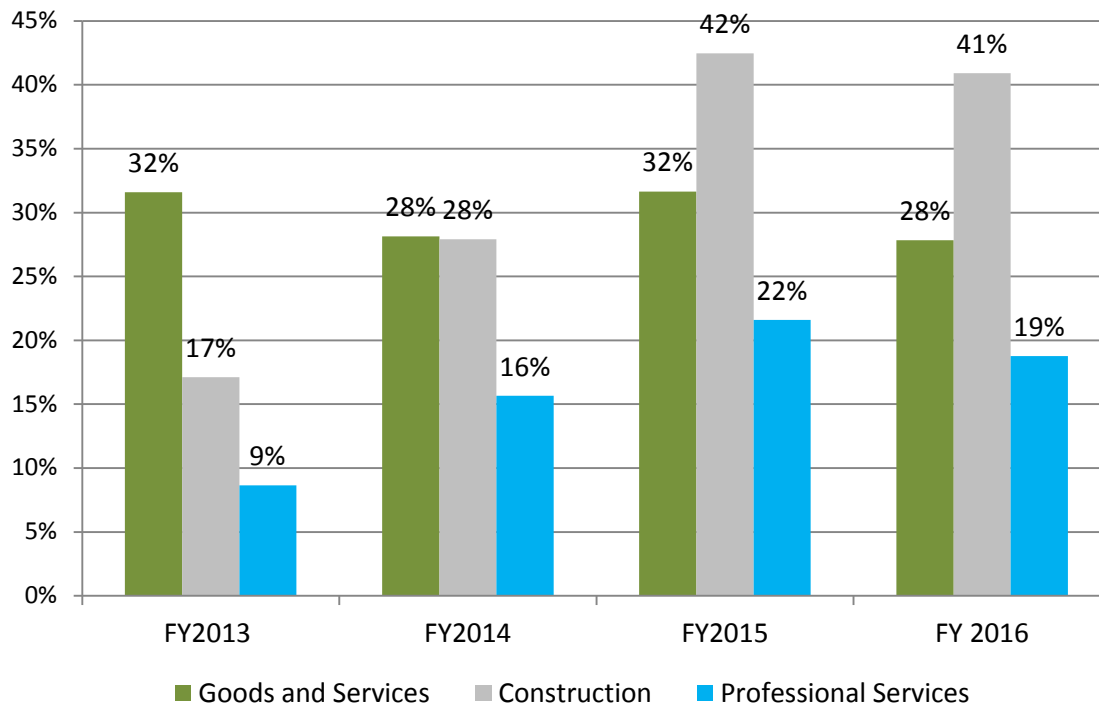

The chart above represents the committed percentage of MBE and WBE participation on contracts awarded over the last four fiscal years. Overall, M/WBE participation continues to increase over the years. Most notably, in FY16 construction increased by 34% over the past year. Mainly, this was as a result of direct awards to minority owned businesses. While in the Goods and Services category, M/WBE participation dropped from the previous year due to a large contract value awarded to a non-M/WBE vendor, whereas in FY15 there were larger contract value awards made directly to M/WBEs. Overall, M/WBE participation represented 24% of all contracts awarded in FY16.

## Annual Comparison of M/WBE Participation by Contract Commitments

## Minority- and Women-owned Firm Participation on Bond Transactions

In 2016, Cook County issued its General Obligation (GO) Refunding Bonds, Series 2016A. The participation of MBEs and WBEs in the Financial Advisory and Legal Services portion of the transaction was 35%. While in the underwriting liability portion it equaled 45%, for a combined participation of 42%.

In 2013, the Cook County Code of Ordinances was amended to codify past and current practices regarding the inclusion of minority and women owned firms' participation in bond transactions. The amendment established a formal goal of 35% participation from firms that are at least 51% owned and controlled by women and minorities on professional services regarding financial advisory and legal services work, and a similar 35% goal for such firms in the underwriting liability on all bond transactions. The Ordinance amendment also requires 35% participation for firms that are owned or controlled by women for bids solicited from broker-dealers on investments of bond proceeds. These changes reflected the first time that such goals had been codified, and were done to recognize the historic under-representation of women and minorities in financial services.

## Cook County Health and Hospital Systems

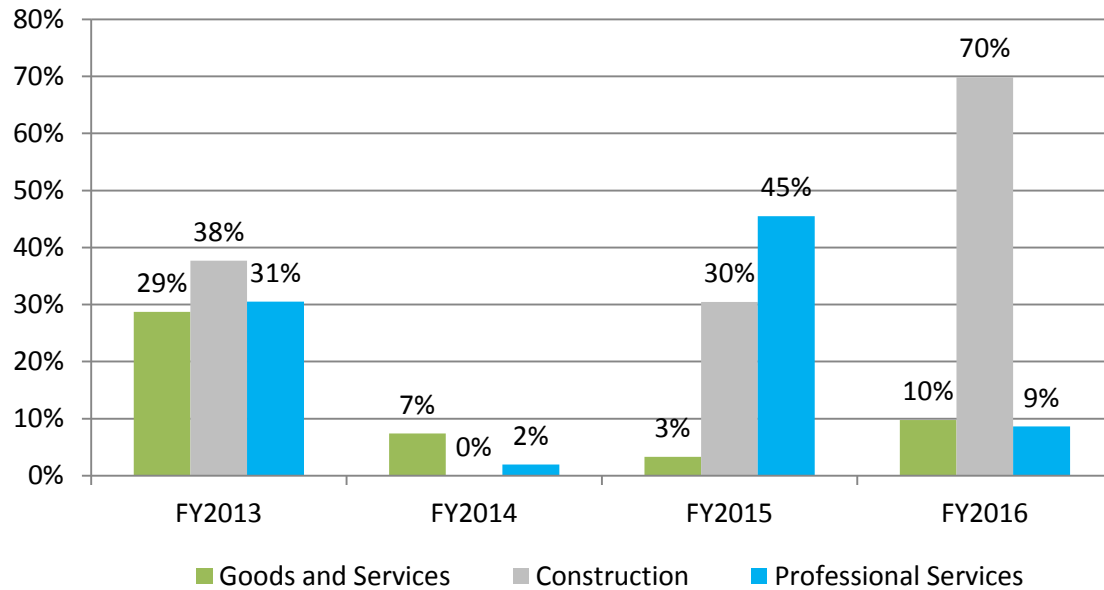

Cook County’s Office of Contract Compliance (“OCC”) also administers the Cook County Health and Hospital System’s M/WBE Program. OCC participates in the Hospital’s Finance Committee and Board Meetings and works with the Hospital System to achieve MBE/WBE participation goals. OCC works closely with the Hospital’s Supply Chain Management Department, which functions as the procurement arm by strategically sourcing goods and services across all major spend categories throughout the health system.

This section includes contract awards by the Cook County Health and Hospitals System (“CCHHS”) during FY2016 and actual payments made to minority and women owned businesses. Actual payment amounts are based on data reported by vendors. The Office of Contract Compliance tracks CCHHS M/WBE participation in the following three categories (1) Goods and Services, (2) Construction, and (3) Professional Services. The M/WBE goals are set as follows:

Contract Type	Goals	
	MBE	WBE
Goods and Services	25%	10%
Construction	24%	10%
Professional Services	35% Overall	

Overall in Fiscal Year 2016, the Cook County Health and Hospitals System awarded 12% of contracts to minority- and women-owned businesses. Additionally, in the same fiscal year, 9% of contract payments were made to minority- and women-owned businesses.

## CCHHS Award (Commitments) Comparison Fiscal Years 2013 - 2016

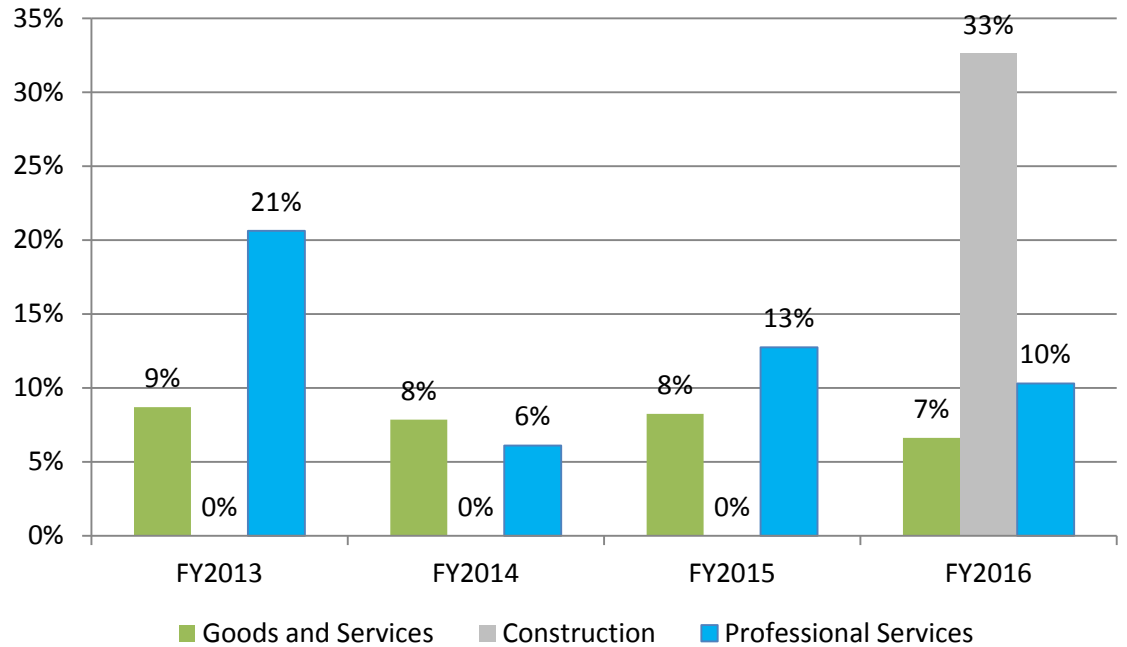

The chart above represents the committed percentage of MBE and WBE participation on Cook County Health & Hospital Systems' contract awards over the last four fiscal years. Due to the nature of goods and services procured by CCHHS, M/WBE participation has varied. Most notably, in FY16 construction increased by 40% over the past year. Mainly, this was as a result of a large value contract awarded directly to an MBE. There was a 7% increase in M/WBE participation in the goods and services category due in large part to greater participation on larger value contracts. The decrease of 34% in the professional services was due to significant contract values related to the CountyCare Program with minimal participation of M/WBEs. Overall, M/WBE participation represents a 5% increase over last year's participation resulting in 12% participation of all contracts awarded for the fiscal year.

## Annual Comparison of M/WBE Participation by Contract Commitments

*In FY 2016, committed M/WBE participation significantly increased in the categories of construction by 40% and by 7% for goods and services.*

### CCHHS MWBE Payment (Actuals) Comparison by Fiscal Year

The chart above represents the percentage of MBE and WBE participation based on contract payments made for the last four fiscal years. Overall, M/WBE participation in the goods and services category has remained steady over the years. The most notable change is the activity of M/WBEs participation in construction of 33%. Overall, in fiscal year 2016, M/WBE participation represented 9% of all contracts payments made in FY16.

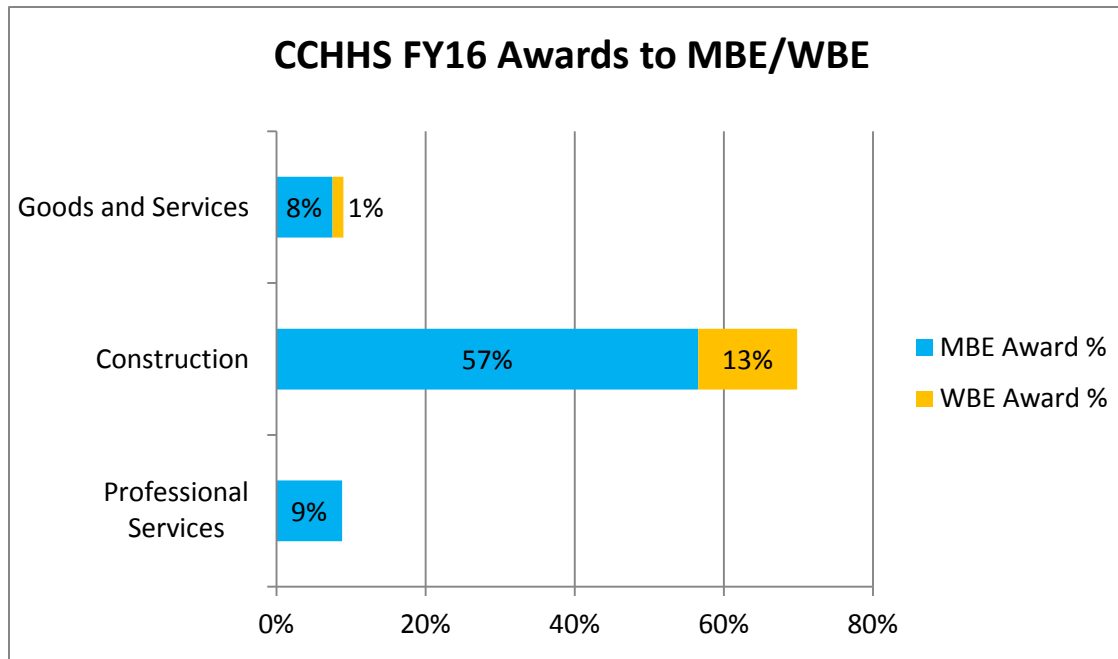

## Annual Comparison of M/WBE Participation by Contract Payment

*In FY 2016, the participation of M/WBEs represented 9% of all contract payments made on CCHHS contracts.*
