Requesting a motion to discharge Communication No. 244388 from the Committee on Business and Economic Development, and further to move to receive and file Communication No. 244388 by the Board of Commissioners at the meeting of December 18, 2001.

Comm. No. 244388

Transmitting a Communication, dated June 14, 2001 from

WILLIAM R. MORAN, County Commissioner

Submitting a request from

TERRENCE BRIDE, Project Director, Flying J, Richton Park Travel Plaza

Re: Intergovernmental Cooperation Agreement between Cook County and the Village of Richton Park

Flying J has postponed development of our proposed Richton Park travel plaza due to the potential impact of the Cook County Motor Fuels Taxes on our ability to compete successfully in the market. The current 6 cent per gallon county motor fuels tax is not applied in Will County just one mile to the south.

Recently we met with you and county staff to convey our concern and to request your assistance with coordinating county mitigation of this large tax differential. A packet of information for the evaluation of the Cook County Board of Commissioners and staff for their upcoming June 19th Board Meeting has been submitted. This includes the following:

- An introduction
- A draft cooperative agreement
- Fiscal Benefit Analysis
- Project Tax Analysis

The proposed cooperation agreement creates a mechanism which forwards nearly all of the dollars collected through motor fuel taxes to the Village to then be returned to Flying J as an economic development incentive to locate in the Village of Richton Park.

It is our sincere desire that we find resolution to this issue as soon as possible. With the assistance of the county our development may still become a reality benefiting all concerned.

Commissioner Daley, seconded by Commissioner Lechowicz, moved to suspend the rules so that this matter may be considered. **The motion carried unanimously.**

Commissioner Collins, seconded by Commissioner Moran, moved that Communication No. 244388 be discharged from the Committee on Business and Economic Development. **The motion to discharge carried unanimously.**

Commissioner Collins, seconded by Commissioner Sutker, moved that Communication No. 244388 - Intergovernmental Cooperation Agreement between Cook County and the Village of Richton Park be received and filed. **The motion carried unanimously.**

PROPOSED RESOLUTIONS

Submitting a Proposed Resolution sponsored by

WILLIAM R. MORAN, County Commissioner

PROPOSED RESOLUTION

WHEREAS, the City of Chicago and the State of Illinois have agreed to a plan for O'Hare expansion; and

WHEREAS, Members of Congress are attempting to introduce the O'Hare expansion agreement to establish the agreement as federal law; and

WHEREAS, if introduced as a federal law the O'Hare Airport expansion agreement would not be subject to public hearings and examination; and

WHEREAS, the proposed expansion of O'Hare Airport will displace hundreds, if not thousands of residents from the suburbs around O'Hare, both directly by construction and indirectly through further flight from the noise of the airport; and

WHEREAS, the expansion will increase air traffic around an airport that is already the world's busiest, disturbing many more suburban residents around O'Hare; and

WHEREAS, the proposed expansion will create additional noise and congestion for the suburbs in and around O'Hare; and

WHEREAS, even though the agreement does allow a starter airport for the southern suburbs, this airport will be overshadowed by the even larger O'Hare Airport; and

WHEREAS, South Suburban residents will be forced to contend with an ever increasing amount of travel time to and from O'Hare and even Midway Airports; and

WHEREAS, the need for an airport and any economic development is greatest within southern Cook County; and

WHEREAS, the burden and benefits of economic development from an airport should be balanced across Cook County and not concentrated in one area.

NOW, THEREFORE, BE IT RESOLVED, that the Cook County Board of Commissioners urges the Congress of the United States of America to oppose the proposed expansion of O'Hare Airport and instead to support an airport for the southern suburbs to allow economic development in all of Cook County; and

BE IT FURTHER RESOLVED, that a suitable copy of this Resolution be sent to members of the United States Congress representing Cook County.

Submitting a Proposed Resolution sponsored by

WILLIAM R. MORAN, County Commissioner

PROPOSED RESOLUTION

WHEREAS, motor vehicle accidents kill over 40,000 people and injure three million every year, at a cost to society of one hundred and fifty billion dollars annually; and

WHEREAS, alcohol related crashes account for approximately thirty-eight percent of deaths and injuries from motor vehicle accidents; and

WHEREAS, the December holiday season is traditionally one of the most deadly times of the year for alcohol-impaired driving; and

WHEREAS, for thousands of families across the nation, the December holiday season is a sad time to remember loved ones they lost to an impaired driver during a previous holiday season; and

WHEREAS, organizations across the nation are joined with the National Highway Traffic Safety Administration to launch “You Drink & Drive. You Lose.”, a national public awareness campaign and law enforcement initiative; and

WHEREAS, Cook County joins with other communities across the nation in an effort to make the roads, streets and highways throughout America safer.

NOW, THEREFORE, BE IT RESOLVED, that the Cook County Board of Commissioners declare December as Drunk and Drugged Driving Prevention Month in Cook County and does hereby call upon all citizens, government agencies, business leaders, hospitals, health care providers, schools, and public and private institutions in Cook County to promote awareness of the impaired driving problem, to support programs and policies to reduce the incidence of impaired driving, to promote safer and healthier behaviors regarding the use of alcohol and other drugs, and to provide opportunities for all to participate in the “You Drink & Drive. You Lose.” Campaign during this December holiday season and throughout the year.

RESOLUTIONS

Transmitting a Communication, dated November 21, 2001 from

WALLY S. KOS, P.E., Superintendent of Highways

Re: Cook County Utility Coordination Council
Enactment Resolution
Fiscal Impact: None

The Illinois Compiled Statutes for highways regarding consent for construction, rules, regulations and specifications, 605 ILCS 5/9-113 (copy submitted), was recently amended to include county highway authorities under its provisions. For Cook County to acquire the maximum benefit of this amended Statute, it is necessary for the County to establish a Utility Coordination Council on or before January 1, 2002.

The duties of such a Coordination Council would be to establish and implement effective communications with public and private utilities so as to avoid costly delays in the relocation of their facilities which conflict with highway improvements. These duties are no different than the existing scope of Highway Department practices. However, a major provision of the amendment is to give the County legal recourse in dealing with non-responsive utilities. For this reason, I recommend that Cook County establish a Utility Coordination Council.

I have therefore prepared the submitted Resolution establishing the Cook County Utility Coordination Council. It is respectfully requested that, should your Honorable Body concur in this recommendation, the resolution be adopted and that three (3) certified copies be returned to this Department for processing to the Illinois Department of Transportation.

**02-R-19
RESOLUTION**

Whereas, Chapter 605 ILCS, Act 5, Article 9, Section 113 of the Illinois Compiled Statute, 605 ILCS 5/9-113(a), states: "No ditches, drains, track, rails, poles, wires, pipe line or other equipment of any public utility company, municipal corporation or other public or private corporation, association or person shall be located, placed or constructed upon, under or along any highway or upon any township or district road, without first obtaining the written consent of the appropriate highway authority; and

Whereas, subsection (b) of said Section, as recently amended, authorizes county highway authorities to promulgate reasonable and necessary rules, regulations and specifications for administration of said Section; and

Whereas, said subsection (b) further authorizes county highway authorities to adopt coordination strategies and practices designed and intended to establish and implement effective communication respecting planned highway projects that the county highway authority believes may require removal, relocation or modifications in accordance with subsection (f) of said Section. The strategies and practices adopted shall include but not be limited to the delivery of 5 year programs, annual programs, and the establishment of coordination councils in the locales and with the utility participation that will best facilitate and accomplish the requirements of the County highway authority acting under subsection (f) of said Section; and

JOURNAL OF PROCEEDINGS FOR DECEMBER 18, 2001

Whereas, said subsection (b) further provides for the establishment of coordination council organized by a county highway authority and shall include the County Engineer/(Superintendent of Highways), the County Board Chairman/(President) or his or her designee and with such utility participation as will best facilitate and accomplish the requirements of highway authority acting under subsection (f) of said Section; and

Whereas, in accordance with subsection (b), said coordination council must be established on or before January 1, 2002 and the 90 day deadline for the removal, relocation, or modification of the ditches, drains, track, rails, poles, wires, pipe line, or other equipment in subsection (f) of said Section shall be enforceable (only) upon the establishment of said coordination council.

Now Therefore, Be It Resolved by the Board of Commissioners of Cook County, Illinois, that in compliance with 605 ILCS 5/9-113, the Cook County Utility Coordination Council is hereby established effective the date of this Resolution; and

Be It Further Resolved, that the Superintendent of Highways is authorized and directed to implement the establishment of said Cook County Utility Coordination Council in accordance with the conditions established in 605 ILCS 5/9-113; and

Be It Further Resolved, that the Clerk of Cook County is directed to certify three (3) copies of this Resolution and the Superintendent of Highways directed to forward said Resolution to the Illinois Department of Transportation to document the establishment of the Cook County Utility Coordination Council.

OFFICE OF THE CHIEF JUDGE

GRANT AWARD

Transmitting a Communication, dated October 1, 2001 from

TIMOTHY C. EVANS, Chief Judge, Circuit Court of Cook County

requesting authorization to accept a grant in the amount of \$250,000.00 from the State of Illinois Department of Children and Family Services (DCFS). This grant will fund services to delinquent minors identified by the court to be in need of clinical intervention. Multi-Systemic Therapy (MST) clinicians will provide intensive therapeutic services for minors between the ages of 12 and 17 who have been diagnosed with mental health disorders. The services provided by this program will help to reduce the total number of minors placed in expensive residential treatment facilities by allowing minors to remain in their homes without compromising public safety.

The MST model was developed approximately fifteen years ago by faculty at the Medical University of South Carolina. Through the combined use of numerous well-known therapeutic techniques such as cognitive behavior therapy, MST addresses the complex issues faced by multi-need families. Also, MST clinical interventions target the family rather than the individual minor as the client. Strong evaluation and quality assurance measures through strict adherence to well-defined protocols and follow-up are essential components of MST.

No cash matching funds are required.

Estimated Fiscal Impact: None. Grant Award: \$250,000.00. Funding period: December 1, 2001 through November 30, 2002.

Commissioner Maldonado, seconded by Commissioner Butler, moved that the request of the of the Chief Judge of the Circuit Court of Cook County be approved. **The motion carried unanimously.**

CONTRACT ADDENDUM

Transmitting a Communication from

TIMOTHY C. EVANS, Chief Judge, Circuit Court of Cook County

requesting authorization for the Purchasing Agent to increase by \$120,000.00 and extend for two (2) months, Contract No. 00-41-1161 with Northwestern University School of Law, Chicago, Illinois, to allow for the continuation of services by the Clinical Evaluation and Services Initiative (CESI) to the court's Juvenile Court Clinic. CESI is a collaboration of the Children and Family Justice Center of Northwestern University of Law - Legal Clinic and the John D. and Catherine T. MacArthur Foundation. Northwestern University School of Law acts as the fiscal and administrative agent for CESI.

Board approved amount 05-16-00:	\$ 568,000.00
Increase requested:	<u>120,000.00</u>
Adjusted amount:	\$ 688,000.00

Reason: In August 1999, the Office of the Chief Judge issued the CESI report that called for the creation of a separate juvenile court clinic. The report recommended that the Juvenile Court Clinic be composed of four separate but interdependent units. Under Northwestern University School of Law's current contract effective June 2000, CESI has been responsible for developing and implementing two of the Juvenile Court Clinic units, the Education and Intervention Resource Unit and the Program Evaluation Unit. During this same period, CESI also has developed and implemented pilot programs for the two remaining Juvenile Court Clinic units, the Clinical Coordination Unit and the Administrative ~~Child Protection~~ Unit. The Clinical Coordination Unit is currently in nine of the 28 courtrooms of the Juvenile Justice and Child Protection Divisions at the Juvenile Court Center.

Northwestern University School of Law's contract is set to expire December 31, 2001. An extension and increase of the current contract is necessary to allow time to finalize a new contract with Northwestern University School of Law for the continuation of CESI's services to the Juvenile Court Clinic pending the selection of a qualified vendor to develop, staff and administer the Clinical Coordination Unit and the Administrative Unit. This office is in the final stages of reviewing the vendor recommendations made by the CESI panel of national experts. At this time, I plan to present the new contract with Northwestern University School of Law to allow CESI to operate the clinic's four units for your approval in sixty days. I expect to submit the contract with the vendor selected through the Request for Proposal (RFP) to operate the Clinical Coordination Unit and the Administrative Unit by the middle of 2002.

Estimated Fiscal Impact: \$120,000.00. Contract extension: January 1, 2002 through February 28, 2002. (312-260 Account).

Commissioner Silvestri, seconded by Commissioner Lechowicz, moved that the request of the Chief Judge of the Circuit Court of Cook County be approved, as amended and the County Purchasing Agent be authorized to increase and extend the requested contract.. **The motion carried unanimously.**

REPORT OF THE COMMITTEE ON ZONING AND BUILDING

December 6, 2001

The Honorable,
The Board of Commissioners of Cook County

ATTENDANCE

Present: Chairman Silvestri, Vice Chairman Steele, Commissioners Butler, Collins, Daley, Lechowicz, Maldonado, Moran, Quigley and Sutker (10)

Absent: Commissioners Carr, Goslin, Hansen, Moreno, Sims, Schumann and President Stroger (7)

Also Present: Pat Shymanski – Chief of Staff, Office of the President; and Patrick Driscoll – Chief, Civil Actions Bureau, State's Attorney's Office

Ladies and Gentlemen:

Your Committee on Zoning and Building of the Board of Commissioners of Cook County met to discuss amendments to the proposed Billboard and Off-Premise Outdoor Advertising Sign Ordinance on Thursday, December 6, 2001, at the hour of 9:30 A.M. in the Board Room, Room 569, County Building, 118 North Clark Street, Chicago, Illinois.

Following the call of the meeting, Chairman Silvestri introduced Substitute Amendment #4 that allows owners of signs existing in Commercial Districts that were conforming at the time of the issuance of a permit, to register the signs with the Department of Building and Zoning no later than sixty days from the effective date of the Ordinance.

AMENDMENT #4

Sponsored by Commissioner Peter N. Silvestri

SUBSTITUTE AMENDMENT

Amendment #4

to

**BILLBOARD AND OFF-PREMISE
OUTDOOR ADVERTISING SIGN ORDINANCE OF COOK COUNTY**

To amend as follows:

1.2.2. SIGNS – COMMERCIAL DISTRICTS

A. New Signs.

New billboard and off-premise outdoor advertising signs shall not be permitted in Commercial Districts as of the effective date of this Ordinance.

B. Existing conforming signs.

~~Permit holders~~ Owners of signs existing in Commercial Districts which were conforming at the time of the issuance of a permit shall ~~make application for a sign license~~ register such signs with the Department of Building and Zoning no later than ~~six (6) months~~ sixty (60) days from the effective date of the Ordinance. ~~The applicant shall be granted a license for the conforming sign which shall be valid existing conforming signs in Commercial Districts shall be an allowed use for a period of five (5) ten (10) years from the date of passage of this Ordinance. A license shall not thereafter be renewed. Upon expiration of the 10 year period, owners of signs in Commercial Districts may apply for a special use under Article 13.8 of the Cook County zoning Ordinance of 2001.~~

Commissioner Quigley, seconded by Commissioner Daley, moved to accept Substitute Amendment #4. The motion carried.

Chairman Silvestri informed the committee that the language was amended to not require a Special Use after ten (10) years because it could be considered a taking of a property right. The State's Attorney's Office stated that the Board could enact the original amendment, but could also do this in three (3), five (5) or ten (10) years.

Chairman Silvestri continued by stating that the Ordinance currently limits the number of signs that can be built in industrial districts and prohibits the establishment of more signs in commercial districts. The amendment allows existing signs to remain, prohibits any new signs in commercial districts and only allows new signs in industrial districts. He said in ten (10) years the original amendment would have opened up all the signs in commercial districts for review of Special Use requirements.

Chairman Silvestri proceeded to the Amendment to Proposed Amendment #4.

**BILLBOARD AND OFF-PREMISE OUTDOOR ADVERTISING SIGN
ORDINANCE OF COOK COUNTY**

1.0 PURPOSE

Provisions of this Ordinance establish minimum standards for billboards and off-premise outdoor advertising signs. Regulations are intended to protect public safety and to promote aesthetic values, while also recognizing that a reasonable amount of signage is necessary to promote business interests conducted in Cook County. The regulations contained in this Ordinance are consistent with the goals and objectives of the Cook County Comprehensive Land Use and Policies Plan, and with the functional and environmental needs of the zoning districts in which signs are located. To prevent an unwanted proliferation of advertising signs, a maximum of twenty (20) additional permits above those presently authorized for billboards and off-premise outdoor advertising signs shall be authorized for use in Industrial-zoned areas. Cook County also encourages municipal annexation of properties which contain billboards and off-premise outdoor advertising signs.

- D. Sign permits shall be issued by the Bureau of Administration upon satisfaction of all requirements and the approval of the Cook County Board of Commissioners. Any permit may be revoked at any time by the Bureau of Administration upon a finding that a sign violates any provision of this Ordinance, or any other applicable Cook County ordinance or regulation, or when a permittee has made false representations in securing a sign permit.

- D. Signs shall not use strobe lights.

- F. Signs shall be designed and constructed to withstand wind pressure of thirty (30) pounds per square foot, and shall be constructed to receive dead loads as required by the Cook County Building and Environmental Ordinance.
- G. Signs made of metal shall have faces or backgrounds constructed of metal not thinner than No. 28 B&S gauge.

- L. Signs shall not contain any fluttering, undulating, swinging, rotating, flashing or other moving parts, except for time and temperature.
- M. Signs shall display the name of the permit holder.
- N. Signs for which a permit has expired, which are unsafe, poorly maintained, insecure or which have been maintained, constructed or erected in violation of the provisions of this Ordinance, or with other applicable ordinances and regulations of Cook County may be removed, or caused to be removed by the Commissioner of Building and Zoning.
- O. Signs shall not display specified anatomical areas or specified sexual activity as defined in the Cook County Zoning Ordinance of 2001.

1.2 SIGN LOCATION

The following billboards and off-premise outdoor advertising signs shall be permitted subject to the regulations set forth in this Ordinance.

1.2.1 SIGNS - RESIDENTIAL DISTRICTS

Billboards and off-premise outdoor advertising signs shall not be permitted in Residential Districts.

239536 INCREASE OF TRAVEL PAYMENT FOR JURORS (PROPOSED RESOLUTION).
Submitting a Proposed Resolution sponsored by William R. Moran; Co-sponsored by Carl R. Hansen, County Commissioners:

PROPOSED RESOLUTION

WHEREAS, the current statutes provide jurors be paid \$15.00 per day for their time and \$2.20 per day for travel; and

WHEREAS, for some residents of Cook County it costs more than \$2.20 to travel back and forth to some of the Cook County court houses; and

WHEREAS, parking for those assigned to the Daley Center exceeds the \$17.20 per day that they are paid; and

WHEREAS, many times a juror is called upon to serve for six hours a day so that their pay on those days would be \$2.50 per hour; and

WHEREAS, Grand Jurors must serve every day for a month, and sometimes continue periodically beyond that for up to eighteen months; and

WHEREAS, other jurors serve anywhere from one day to weeks depending on the case they are assigned to hear; and

WHEREAS, many residents are self employed or work at minimum wage jobs so that their civic duty as a juror requires them to lose substantial sums of money by being a juror; and

WHEREAS, this financial burden induces many to avoid jury duty thus limiting the pool of jurors and even calling in to question whether the jury pool is a true representation of the county; and

WHEREAS, it is the public policy to encourage and allow participation by all residents in the jury process; and

WHEREAS, State Statute (55 ILCS 5/4-11001) establishes the amount juror's are paid, but the County Board is allowed to set the travel expense for jurors; and

WHEREAS, it is within the authority of the Cook County Board of Commissioners to increase the amount jurors are paid for parking; and

WHEREAS, increasing the amount citizens are paid for jury duty would increase the number of people able to perform their duty by serving as jurors.

NOW, THEREFORE, BE IT RESOLVED, that the travel payment for a juror be increased to no less than \$20.00 per day.

COMMISSIONER MORAN, SECONDED BY VICE CHAIRMAN CARR, MOVED TO RECEIVE AND FILE COMMUNICATION NO. 239536. THE MOTION CARRIED.

244387 INTERGOVERNMENTAL COOPERATION AGREEMENT BETWEEN COOK COUNTY AND THE VILLAGE OF RICHTON PARK. Transmitting a Communication, dated June 14, 2001 from William R. Moran, County Commissioner, submitting a request from Terrence Bride, Project Director, Flying J, Richton Park Travel Plaza:

Re: Intergovernmental Cooperation Agreement between Cook County and the Village of Richton Park

Flying J has postponed development of our proposed Richton Park travel plaza due to the potential impact of the Cook County Motor Fuels Taxes on our ability to compete successfully in the market. The current 6 cent per gallon county motor fuel tax is not applied in Will County just one mile to the south.

Recently we met with you and county staff to convey our concern and to request your assistance with coordinating county mitigation of this large tax differential. A packet of information for the evaluation of the Cook County Board of Commissioners and staff for their upcoming June 19th Board Meeting has been submitted. This includes the following:

- An introduction
- A draft cooperative agreement
- Fiscal Benefit Analysis
- Project Tax Analysis

The proposed cooperation agreement creates a mechanism which forwards nearly all of the dollars collected through motor fuels taxes to the Village to then be returned to Flying J as an economic development incentive to locate in the Village of Richton Park.

It is our sincere desire that we find resolution to this issue as soon as possible. With the assistance of the county our development may still become a reality benefiting all concerned.

NOTE: This matter was also referred to the Committee on Business and Economic Development. (See Comm. No. 244388).

Commissioner Hansen asked for a description of what specific utilities and services are included in the project.

Michael LaMont stated that steam and chilled water are the two primary utilities, in addition to minor telecommunication re-wiring.

Commissioner Hansen asked if the entire system is being replaced?

Michael LaMont responded that Fantus Clinic is currently fed with steam and chilled water from the existing power plant, and now Fantus will be connected to the new power plant.

Commissioner Collins asked what services would the consultant provide?

Michael LaMont said the consultants would prepare plans and specifications so that the item can be bid. Additionally, during construction, the consultants will monitor the construction project.

Commissioner Silvestri asked if a separate project manager would be hired for the project?

Michael LaMont said that there will not be a separate project manager and the project will be managed in-house.

Commissioner Collins asked the total amount of dollars paid to consultants on the New Cook County Hospital.

Michael LaMont stated that he would provide the figures at a later time.

Commissioner Hansen, seconded by Commissioner Silvestri, moved the approval of Communication No. 248187. The motion carried.

Michael LaMont stated that it is the original space, and the building was built in 1978.

Commissioner Silvestri asked what is necessitating the renovation?

Michael LaMont stated that the space does not function properly for use by the State's Attorney's Office and it needs to be reconfigured. He said the renovation is only in selected areas and the project has been on the Capital Program books for five years.

Commissioner Silvestri asked if there is office space currently.

Bruce Washington responded that the area contains an investigation space, conference rooms and library. He further stated that the interior finishes, i.e., the carpet, ceiling and walls are deteriorating; the project will include new lighting and HVAC.

Bruce Washington stated that part of the cost has to do with the phasing of the work. The department will be relocated in the basement of the building during renovation for a period of about three to four months.

Commissioner Silvestri asked if this was the beginning of a total renovation of the building?

Michael LaMont responded that this is a special needs project.

Commissioner Hansen asked if asbestos removal is included in the project?

Bruce Washington responded in the affirmative.

Commissioner Hansen asked what the architect is being asked to design.

Bruce Washington stated that the architect will program the space. He said the architect and the Office of Capital Planning and Policy are conferencing with the State's Attorney's Office to determine their needs, their operation, and how to make the existing space more efficient. He stated that the project is a comprehensive design as well as renovation.

Commissioner Hansen asked the number of offices currently located in the building.

Bruce Washington stated that there are four to five hundred employees, and approximately one hundred employees per floor.

Commissioner Hansen asked what is the square footage per floor?

Bruce Washington stated approximately 3,500 square feet per floor.

Commissioner Hansen asked why were the ninety code blue stations not included in the original contract?

Bruce Washington called a representative with CSI, John Tomasiewicz, to respond to Commissioner Hansen's question.

Mr. Tomasiewicz stated that the original contract was to replace existing code blue stations. He said the decision was made to upgrade patient stations to include a duress alarm, as an added benefit.

Commissioner Hansen asked if a patient button is located in every room?

Mr. Tomasiewicz responded in the affirmative; however, the new code blue alarm button would signal a cardiac-arrest versus a normal call. He concluded by saying that the proposed upgrade meets the current configuration for most hospitals built within the past five years.

Commissioner Hansen asked who recommended the change?

John Tomasiewicz stated that the recommendation was part of a report that was prepared by Claussen & Associates.

248191 OFFICE OF CAPITAL PLANNING AND POLICY, by Michael E. LaMont, Director, transmitting a Communication:

Commissioner Hansen asked Mr. LaMont to identify the problem with Lerch Bates North America, Inc.

He concluded by saying that the company is continuing to work which is in the best interest of the County.

Commissioner Hansen asked if there is a new target date?

Ladies and Gentlemen:

Your Law Enforcement and Corrections Committee of the Board of Commissioners of Cook County met pursuant to notice on Wednesday, October 10, 2001 at the hour of 11:00 A.M. in the Board Room, Room 569, of the County Building, 118 North Clark Street, Chicago, Illinois.

Your Committee has discussed and made the following requests for additional information for further consideration on the subject matter as follows:

Following the call of the meeting, Chairman Moreno stated the purpose of the meeting was to follow-up on information previously requested at the May 23, 2001 meeting regarding the increased population at the County Jail.

Chairman Moreno then gave a brief opening statement where he referenced correspondence, dated October 5, 2001, sent to various public safety agencies regarding the matter and follow-up questions from the last meeting. He asked the Secretary to include letters and all written testimony as attachments to the Committee's report. He also stressed the importance of keeping the discussion focused on the current issue and on gathering additional information for the Board that would assist county officials and public safety agencies in finding solutions to alleviate the fiscal, legal and public safety impact resulting from the increased jail population.

Previous testimony provided by the Cook County Sheriff, Judicial Advisory Council, John Howard Association, Illinois Prisoner Review Board and the Illinois Department of Corrections was reviewed. Chairman Moreno commented that the testimony suggested that recent increases in the jail population and overcrowding were due to the Illinois Department of Correction's (IDOC) aggressive parole enforcement policy, known as "Operation Windy City". He noted that the IDOC's new parole strategy mandates that state inmates arrested on a violation of parole be held in the county jail, without bond or the option to participate in alternative release programs, while they await parole hearings or the adjudication of any new charges. He said the Sheriff's testimony claimed that the State's new parole policy resulted in placing the cost of housing state inmates, who violate their parole agreement, solely on the County and increases the financial burden on the County's taxpayers. Chairman Moreno said the IDOC denies any state responsibility for the overcrowding problem and claims that the number of parole violators held has not increased since July 2000. However, Chairman Moreno noted that the committee has not received requested information from the IDOC to substantiate this claim.

Chairman Moreno also stressed the importance of keeping the Commissioners briefed on the jail's overcrowding situation, as it relates to: 1) the federal consent decree (Duran v. Sheahan); 2) the fiscal and legal impact on the County's public safety budget and criminal justice system; and, 3) public safety concerns recently raised in news articles. He stated it was his intention to provide a foundation of information from state and county agencies involved in the parole, court and corrections system that would assist in producing an agreed upon plan to proactively addresses the fiscal, legal and public safety concerns the county and its taxpayers are currently facing.

In closing, Chairman Moreno stated in order to accomplish the aforementioned goals the committee had a duty to: 1) ferret out the facts, in terms of funding through the county budget, responsible or effective public safety policies and programs; 2) find out if reimbursement for mandated county costs associated with housing state inmates and parole violators is available from the State of Illinois; and, 3) to protect the safety of the public while, at the same time, decreasing taxpayers' share of the costs in managing and servicing the largest courts and criminal justice system in the nation. In closing, he stressed the importance of maintaining cooperation between the various state and county public safety agencies in order to focus on finding recommendations to expedite parole hearings and the adjudication process.

The Chairman then proceeded to the first item on the agenda:

1. Office of the Cook County Sheriff – Department of Corrections.

Chairman Moreno called on a representative from the Sheriff's Office to give a status report on the overcrowding situation at the Cook County Department of Corrections and to follow-up on information requested at the last meeting. (The referenced documents are on file in the Office of the County Clerk.)

In regards to whether statutory provisions call for the State of Illinois to reimburse counties for costs associated with housing state inmates held in violation of their parole agreement, Zelda Whittler responded that the Sheriff does believe the provisions are applicable to parole violators held in the county jail, as well as individuals detained without bail. The Undersheriff said the provisions should be used in a claim for reimbursement from the State on behalf of the county's taxpayers.

As to whether any other county has received reimbursement from the State for costs associated with housing state parole inmates or individuals held without bond, Ms. Whittler stated she would have to get back to the committee with any information since the Sheriff's staff is still researching the question.

Regarding the status of proposed solutions to alleviate overcrowding, Ms. Whittler stated that the Sheriff still believes the establishment of a special court to handle only parole violation cases is a viable solution. She also recommended opening a temporary state facility for parole violators. However, there has not been any fiscal commitment by the State and agreement by the Illinois Department of Corrections on these recommendations.

Ms. Whittler stated there are currently 10,947 inmates housed in Cook County Department of Correction facilities. She noted that 1,467 of these inmates are 'parole holds' and 55 of those have other warrants attached to the violations.

In response to Commissioner Moran's question regarding if the statute referenced in the Sheriff's written response would cover reimbursement for patient arrestee claims, Ms. Whittler stated it was her understanding that the Sheriff was speaking primarily to inmates with parole holds and those held without bond. However, she noted that counties are entitled to receive reimbursement for such claims under a different statutory provision.

Commissioner Moran asked Ms. Whittler if she could forward the statutory provision relating to counties reimbursement of patient arrestee claims. Ms. Whittler said she would get back to the Committee with this information.

In response to Chairman Moreno's question regarding the daily cost of housing a parolee inmate in the county jail, Ms. Whittler stated the set off for the county's expenses is \$50/day.

Chairman Moreno asked if the Sheriff's Office had prepared an estimated fiscal impact for costs due to the county from the State of Illinois for the timeframe between June 2000 through November 30, 2001. Ms. Whittler stated that in addition to parole violators the statute also applies to inmates held without bond and based on a preliminary one month sampling of 7783 inmates serving 155,345 days in the CCDOC, the Sheriff's Office estimates a \$6 million monthly or a projected annual cost of \$60 million to the County.

In response to Chairman Moreno's question regarding the daily cost of providing health care to inmates held in the County's correctional facilities, Ms. Whittler stated she did not have an accurate figure but estimated the cost at \$58 per day.

Referencing the most recent response in the Duran case, Commissioner Quigley asked if the Sheriff's Office was aware that the Cook County Juvenile Detention Center intends on transferring all 17 year old detainees to the Cook County Department of Corrections. The Commissioner asked the impact this would have on jail overcrowding? Ms. Whittler responded she was not prepared to address the issue. She said the issue might better be addressed by a representative of the State's Attorney's Office.

As a point of information, Commissioner Butler noted that the Cook County Department of Corrections already receives 17 year old offenders awaiting trial in the adult court system. He also made a brief observation stating that the addition of juvenile offenders in the jail is only a small piece of the problem. Ultimately, he said the problem is caused by a criminal justice system that is overburdened and out of control; and unless the Board gets its hands on the system, it will never get its hands on the finances.

Commissioner Quigley commented on the need to discuss changes relative to internal county policies that impact the jail population as well as the Board being better informed on such issues since they affect the County's budget.

In response to Chairman Moreno's question regarding if the Sheriff's Office maintains statistics on its inmates relative to the number of no bond detainees and the parole violator detainees, Ms. Whitter stated would have to get back to Chair with this information.

In response to Chairman Moreno's question regarding if the Sheriff's Office has been in touch with the County Treasurer's Office to begin the process of certifying the county's expenses to the Supreme Court as stipulated under the statutory provision, Ms. Whittler stated the office could not supply this information to the County Treasurer until the end of the County's fiscal year, November 30, 2001.

The Chairman asked that all requests for further information be submitted to the Chair for future consideration and that a copy be given to the Secretary to the Board's Office for the record. (The referenced documents are on file in the Office of the County Clerk.)

Chairman Moreno requested that the Sheriff's Office provide a written fiscal impact detailing the county's costs associated with housing state inmates with 'parole holds' in the county's jail during fiscal year 2000 and 2001. He asked that the information include the number of days and persons detained on non-probational offenses where there was no option for bond or alternative release.

Chairman Moreno requested from the Sheriff's Office, an accurate written estimate of the daily costs associated with providing health care services to inmates in the Cook County Department of Corrections.

Chairman Moreno also requested that the Sheriff submit in writing his recommendations on possible solutions to alleviate the overcrowding situation in the Cook County Department of Corrections.

The Chairman then moved to second item on the agenda and asked members to hold questions on issues unrelated to the agenda until the end of the meeting.

2. Office of the Cook County State's Attorney – Civil Actions Bureau.

Chairman Moreno called on a representative of the Cook County State's Attorney's Office to provide information on the issue before the court and to follow-up on questions previously requested by the Committee. (The referenced documents are on file in the Office of the County Clerk.)

Pat Driscoll provided the committee with a brief status report on the recent meeting with Judge Paul Biebel and various state, county and public safety agencies on the overcrowding issue as it relates to the parole hearing process and court adjudication of parole violators' cases. He noted the purpose of the meeting was to continue the discussion on a series of problems that impact the courts and correctional system throughout Illinois. He stated no agreements or recommendations were acted upon to expedite the parole hearing process or alleviate the court backlog. The next meeting was scheduled for November 2001.

On the issue of the inmates housed in the county's jail with parole holds, Mr. Driscoll noted as a point of information that the county no longer holds inmates arrested on technical violations. He stated that all parole holds cases currently held in the county jail represent new charges and must be approached in the same judiciary manner as any other new case placed on court's docket.

Mr. Driscoll stated that solutions to speed up the court process are difficult since each case must be handled on an individual basis. He said because of time constraints, each case must insure due process under the law, including the right to counsel and the right to a jury trial on any pending new criminal case.

On the issue of creating a specialized courtroom for parole violation cases, Mr. Driscoll stated that the proposed solution would not work. He said the State's Attorney's Office is improving its management of such cases and continues to expedite them as quickly as possible, but he noted there are no quick fixes applicable from a judiciary perspective to the overcrowding situation at the county jail.

In regards to the recent overcrowding situation at the Cook County jail and the affect on the Duran case, Mr. Driscoll stated that to date the plaintiffs' attorneys have not made any contempt request before the court. He said the State's Attorney's Office continues to work on a resolution with all the respective parties involved. He said the Board should have received the most recent report from the John Howard Association. He said the county will be responding to the court on the report and the next hearing will take place in November 2001.

In closing, Mr. Driscoll assured the committee that the State's Attorney's Office is making all attempts to comply with the decree and will keep the Board informed of any new information.

In response to Chairman Moreno's question regarding how many new cases annually are put on the docket representing inmates with parole holds, Mr. Driscoll stated there are currently 1467 on the books and 910 of those were issued in the last four months.

Based on these numbers, he projected that approximately 2700 parole hold cases are handled annually.

In response to Chairman Moreno's question regarding the number of prisoners whose cases have been resolved but who are sitting in the jail awaiting placement in a drug or rehabilitative program, Mr. Driscoll stated he did not have this information with him but believed Mr. Mahoney with the John Howard Association would have the best statistics. However, he commented that improving the coordination of bed space for inmates in the TASC program is a short-term solution to reducing the jail overcrowding.

In response to Chairman Moreno's question regarding if the Cook County State's Attorney's Civil Actions Bureau had ever initiated action on behalf of the County's taxpayers against the State of Illinois for reimbursement of the costs associated the mandatory housing of state inmates in the county jails, Pat Driscoll stated the county has not filed any suit generally because the State of Illinois is not a suitable entity to sue in a circuit court.

Mr. Driscoll said it would be more suitable for the county to seek reimbursement from the state under the statutory provision reference by the Sheriff's office, which sets forth the procedures and authorizes the County Sheriff to certify to the County Treasurer the number of days persons have been detained in the custody on non-probational offenses and where there is a no bail case. He stated the County Treasurer would then notify the Supreme Court who would reimburse the county (up to \$50 for each day a person is held on a no bail court order) but only if the state legislature appropriates funds in that fiscal year to cover the reimbursement expenses.

As a point of information, Chairman Moreno noted that the President's Office has been looking at this particular issue, in terms of its fiscal impact on the County's public safety budget, and may be seeking to secure such budgetary appropriations next year during the Spring legislative session.

The Chairman asked that the following request be submitted to the Chair for future consideration and that a copy be given to the Secretary to the Board's Office for the record:

Chairman Moreno requested that the State's Attorney's Office provide detailed statistics on the current 1,467 parole hold cases, including whether the number of new cases with active warrants, no bail or alternative release orders attached to the case.

The Chairman then proceeded to third item on the agenda.

3. Office of the Illinois Department of Corrections (IDOC).

Chairman Moreno called on a representative from the Illinois Department of Corrections to address the status of information previously requested by the committee.

Roberta Fewes was recognized for the record and asked if she had received a copy of the letter directed by the Chairman to the IDOC's Associate Director, Mr. George DeTella, that reiterated the questions requested at the May 23, 2001 meeting. Ms. Fewes responded stated she had not been given a copy of the letter.

Chairman Moreno informed Ms. Fewes of the discussion that took place at the last meeting which focused on the Illinois Department of Correction's (IDOC) newly implemented aggressive parole enforcement policy in Cook County, known as "Operation Windy City".

Roberta Fewes responded to the Chairman's comments by explaining the department's new parole initiative referred to as "Operation Windy City" and current policy revisions relating to state inmates who violate their parole agreement.

Ms. Fewes stated in conjunction with Cook County the department has initiated improvements in its response to parolee arrests by local law enforcement agencies. She stated the department has increased the number of parole agents in Cook County who are on call 24 hours a day. She said these changes have created a quicker response to initial arrests, which allows evaluations to take place at local police stations and the transfer of parole violators back to IDOC's Joliet facility immediately in order to bypass parolees placement in the Cook County jail.

Ms. Fewes continued by stating that the IDOC is currently in meetings with various county officials/agencies and is assisting in the discussion for the purpose of finding an agreed upon solution to the situation. She assured the Committee that the Illinois Department of Corrections has and would continue to stand ready to work with the judiciary, state's attorneys, and county officials on their concerns involving the IDOC's parole enforcement policies.

In response to Chairman Moreno's question regarding figures on the number of IDOC inmates on parole and the parole agents IDOC has to monitor those inmates, Ms. Fewes stated there are 29,000 IDOC inmates currently on parole and 368 parole agents, of which 240 work in Cook County. She also noted that the department issued 22,000 warrants in fiscal year 2001.

In addition, Ms. Fewes gave figures on the number of new sentence violators who were transferred from the Cook County Department of Corrections (CCDOC) facility to the IDOC. She stated in fiscal year 2000 (which ended June 30, 2001) there were 2851 new sentence violators admitted from Cook County to the IDOC and in fiscal year 2001 (which started July 1, 2001) there were 2626 new sentence violators admitted from Cook County to the IDOC. She said the figures she cited were based on the number of transfers from Cook County to the Joliet-RNC facility, only.

Ms. Fewes stated the only information the department received from Cook County was in the form of a report, titled "Cook County Department of Corrections-Inmates with Parole Violations" dated July 2001. According to the report, there were 1,199 parole inmates with active parole holds housed in the CCDOC facility, of those 971 had parole holds from the IDOC, 83 had parole holds from other agencies and 149 had no holds.

In terms of technical parole violators, Ms. Fewes stated all technical violators are currently being transferred to the IDOC and are not being housed in the CCDOC.

In response to Chairman Moreno's question regarding if the State reimburses any county for its costs associated with housing state inmates or those held without bond, Ms. Fewes stated she did not have any information regarding the issue.

In response to Commissioner Butler's question regarding who is responsible for contacting the IDOC, Ms. Fewes stated when parole violators are arrested in the suburban areas, the operation center usually notifies IDOC when warrants are entered in the LEADS system. In the City of Chicago, notification usually is given by the Chicago Police Department. She said once notification is received by the IDOC, the department sends a parole agent to begin the evaluation of the violation based on the condition of the violator's parole and if there are no new charges, the parolee (referred to as a technical violator) is transferred back to the IDOC.

As a follow-up on Commissioner Butler's question, Ms. Fewes noted in fiscal year 1999 there were 1,078 technical violators, in fiscal year 2000 there were 1600 technical violators and in fiscal year 2001 there were 5646 technical violators returned to IDOC facilities. Ms. Fewes said these figures reflect improvements the IDOC has made in its new parole enforcement strategy in attempting to bypass the placement of parole violators in the county's facilities.

In response to Commissioner Butler's question regarding the length of time it takes to evaluate and then transfer a technical violator back to the IDOC, Ms. Fewes stated it depends on each case since each parolee is entitled to a hearing for probable cause.

In response to Chairman Moreno's question regarding the total capacity of beds available in the IDOC facilities versus the number of inmates currently held, Ms. Fewes stated she would have to get back to the committee with this information.

In response to Commissioner Quigley's question regarding if she was aware of any response by the IDOC to the Sheriff's proposed initiatives regarding alternative means of housing state parole holds currently held on new cases in the Cook County Department of Corrections facilities, Ms. Fewes stated she had no information pertaining to this matter.

In response to Chairman Moreno's question regarding if the state had a facility on Northwestern Avenue that might be available to detain state parole violators, Ms. Fewes stated she was not aware of any facilities currently available for this purpose.

Chairman Moreno requested the following information, in writing, from the Illinois Department of Correction:

- 1) Has the IDOC reimbursed any county for costs associated with the housing of state parole violators, or inmates held without bond in county correctional facilities?**
- 2) What is the total capacity of beds available in the IDOC facilities and how many inmates are currently being held in its facilities?**
- 3) What is the IDOC's response to the Sheriff's proposed initiatives regarding alternatives means of housing state parole holds currently in the Cook County Department of Corrections facilities, which were communicated to the department by the Cook County Sheriff at the May 23, 2001 meeting and also discussed at previous task force meetings initiated by Judge Biebel to assist in the discussion of solutions to address the legal and fiscal impact of the State's parole system on the public safety agencies and county criminal justice systems?**
- 4) Is there any State initiative or current plan being discussed with a county official or agency regarding a means to release non-violent state parole violators while they await trial?**

In addition, Chairman Moreno requested that answers to the questions asked by the committee, at its May 23, 2001 meeting, be submitted in writing to the Chairman's Office from the Illinois Department of Corrections, including written documentation to the claim that the number of parole violators held in the Cook County Department of Corrections n has not increased since July 2000. (The referenced documents are on file in the Office of the County Clerk.)

The Chairman then proceeded to fourth Item on the agenda.

4. Judicial Advisory Council (JAC).

Chairman Moreno called on a representative of the Judicial Advisory Council to provide an update on any legislative initiatives relating to overcrowding at the county jail

The Chairman recognized Kay Schroeder and asked if she could provide any information on legislative initiatives or coordination with state and county agencies in relation to the issues the county is faces, under the Duran case, with the recent overcrowding situation at the jail.

Ms. Schroeder stated that she was not aware of any initiative presently being considered that might lead to reimbursement of the county's costs as it relates to housing of state inmates in the county jail. However, she said Mr. O'Rourke asked her to inform the committee that Bill Quinlan, the Executive Director of the JAC, has been in communication with President Stroger and they are organizing a meeting of the Coordinating Council to discuss the issue. She explained the coordinating council is made up of all the heads of the county public safety offices and agencies, i.e. the Cook County Sheriff, Cook County State's Attorney, Cook County's Chief Judge, Bureau Chief of Public Safety and the Judicial Advisory Council.

Chairman Moreno commented on his frustration with the lack of information provided to this committee regarding such meetings or any reports on the progress of these meetings.

Chairman Moreno requested from the Judicial Advisory Council that a summary report of the coordinating councils meeting or minutes, if available, be forwarded to the Chairman's Office and a copy sent to the Secretary to the Board for placement in the committee's file for further discussion.

Chairman Moreno also requested information from the Judicial Advisory Council regarding any initiatives being made, on behalf of the county's taxpayers, to seek reimbursement from the State for the county's costs associated with the housing of state parole inmates or inmates held without bail in the Cook County Department of Corrections

The Chairman then moved to questions for the Judicial Advisory Council from the members.

Hearing none, the Chairman proceeded to the fifth item on the agenda.

5. Illinois Prisoner Review Board.

The Chairman called on a representative of the Illinois Prisoner Review Board to provide any information on the subject matter.

Hearing no response, Chairman Moreno moved to new items added to the agenda.

6. John Howard Association - For Prison Reform.

The Chairman called on Mike Mahoney to provide information to the committee relating to the Duran v. Sheahan et al. case in federal court and any recommendations to alleviate the overcrowding at the county jail. (The referenced documents are on file in the Office of the County Clerk.)

Mr. Mahoney distributed recent and average daily population figures at the county jail. He informed the committee that he had been appointed to monitor the Duran case in 1980 and has continued to do so over the past 20 years. He stated during that time he has found the two main problems in addressing the subject matter: 1) the lack of specific data on the inmates housed in the Cook County Department of Corrections, specifically inmates personal data (who they are, where they come from and what type of charge they are being held on), in and out data (arrival dates, release dates and length of time served in the county jail), and release information (state facility, drug and alcohol program (TASC), domestic violence program, electronic monitoring program, etc.); and 2) the lack of any long-term plan that the county's public safety agencies can coordinate and follow-up on to ensure that the county is not still discussing the overcrowding problem at the jail twenty years from now in 2021. He stated if the county did nothing else but focus on these two items, it would be serving its taxpayers and constituents better.

He stated other unintended consequences that affect this issue is what occurs in the Illinois Legislature. He said the county is very good at voicing its concerns on unfunded state mandates; however, it needs to improve its legislative and court advocacy in terms of penalty enhancement bills, state policy changes and rule changes by the Illinois Courts. He also suggested some means to attach Cook County Department of Corrections notes onto legislation, similar to those placed on criminal bills by the Illinois Department of Corrections.

In response to Chairman Moreno's question regarding if there is a state agency or council that advocates on behalf of counties for their protection, Mr. Mahoney stated he would argue that the Illinois Association of Counties or the Urban Counties Council should be actively advocating for its members.

Mr. Mahoney said there is no quick fix to the overcrowding problem at the jail, and stated he agreed with Commissioner Butler's earlier comments regarding the situation being systemic with short and long-range factors that need to be first understood before solutions can be implemented. However, he stated there are some segments that should be looked at and corrected in the short-term.

One item raised in Judge Marovich's courtroom relates to individuals whose cases are resolved but are sitting in the county jail awaiting assessment or placement in a TASC program. He said the problem is bed space and the lack of substance abuse treatment funding, which he noted is a State responsibility through the Department of Human Services.

A second item he stated the county should look at were individuals with mental illness who do not qualify for the Sheriff's alternative release programs because there is no mental health component. He suggested that a mental health evaluation and service provision be added in the screening and service process for the Sheriff under contracts with mental health agencies. He noted the Threshold Program as a successful model the county should look at, which could evaluate and work with a small segment of the population in a release program.

A third item he stated relates to individuals sitting in the county jail with bonds less than \$1000. He said the Pre-Trial Service agencies should look at that segment of the population to see if any might qualify for release with supervision.

In addition, Mr. Mahoney stated the county should look at expanding the Sheriff's day reporting and electronic monitoring program, which he said were model programs nationally. Also, he mentioned the county should explore discussions with the judiciary additional options in alternative sentencing for the increasing number of inmates sitting in jail on misdemeanor and domestic violence charges.

He pointed out that when looking at solutions to reduce the population at the jail, the county should remember the plaintiff class under the Duran case is intended for is pre-trial detainees, not sentenced offenders. He stated the county's Boot Camp is a good example of a program that addresses the placement of sentenced offenders, who are not covered under Duran, and could be expanded or diverted by using the State's Boot Camp that is rarely filled to capacity.

Mr. Mahoney further commented that a short-time capacity change to explore is the conversion of a nursing home that sits next to Division XI and the parking lot, which might be taken under eminent domain or purchased. He said he thought the building could easily be converted by erecting a fence and security screens and could operate at a minimum capacity of 300 to 350.

He said besides building or converting an existing building, the only other short-term capacity option the county might want to consider is to contract with private non-profit providers to provide work release bed space at an off-site facility for minimum security inmates. He noted this is what the State of Illinois does.

In response to Chairman Moreno's question regarding the Sheriff's proposal to have the State pay for the construction of a new facility or use an existing State facility in Chicago to house parole detainees and individuals held on no bond, Mr. Mahoney stated he convened a meeting between the Sheriff's staff and the IDOC. As a result, he said the IDOC is looking into dedicating one or two of its community operating centers as a violator facility.

In conclusion, Mr. Mahoney cautioned the committee not to rely on the Sheriff's or Judicial Advisory Council's figures on the county's costs for incarceration. He noted he has heard the same daily cost per inmate for seven years. He stressed getting accurate figures from all agencies and factors involved in order to ensure the county does not sell itself short in any attempts at reimbursement. He ended by repeating what Judge Marovich said in chambers at the last meeting held on the Duran case, quoting "Fiscal resources is not a defense of unconstitutional conditions in a correctional institution."

Commissioner Quigley made a brief observation, based on Mr. Mahoney's information, that with the fiscal constraints on the County's and State of Illinois' budgets neither is able to rush out and build a new correctional facility. He stated he believed it was time to re-assess and re-evaluate the laws and the courts' decisions involved that continue to place drug users and non-violent offenders in the county jail, which is where they serve their time due to the lack of state funding for release programs, such as TASC.

Commissioner Moran commented on the issue of the county's costs for providing services and stated he introduced a resolution calling for a \$25 inmate processing fee but has been unsuccessful in getting a co-sponsor.

As a follow-up to Commissioner Moran's comments, Chairman Moreno said he welcomed discussing the Commissioner's resolution if it moves forward at the next Board meeting. However, he said there are factors that appear to support the argument that the fee is not cost-effective and in the end, may result in costing taxpayers more money to collect.

Also in response to Commissioner Moran's comments, Commissioner Butler said he did not second or co-sponsor the Commissioner's resolution because the fee would create more problems than its worth. He stated it was similar to most of the initiatives on crime that get passed in the State Legislature, which ultimately do not solve the problem, but create new ones for someone else to pay for and manage.

Chairman Moreno requested that Mr. Mahoney provide information on private non-profit providers in Cook County, names of agencies who use these services and for what purpose, as well as how successful the contracted services have been in terms of the overall cost savings to the taxpayers.

Chairman Moreno asked Mr. Mahoney to provide his recommendation, in writing, to the Chair for the committees further consideration at its next meeting.

The Chairman then proceeded to the second new item on the agenda.

7. Cook County President's Office - Legislative Initiatives.

The Chairman then called on a representative from the President's Office to provide some information on the President's legislative initiatives relative to the problems the county is facing under the Duran case and the county lobbying efforts in Springfield relating to the subject matter.

Hearing no response, the Chairman asked Sandra Overberg, Legislative Coordinator for the Cook County Board, to respond.

Ms. Overberg said that she could provide the committee with information relating to what the President's Office and County Board has done over the past 10 years in Springfield on the issue, since she has been coordinating the county's legislative program for the President's Office from 1990 through 1994 and for the County Board since 1995.

In summary, Ms. Overberg first provided some historical information on legislation she referred to as "tough on crime" initiatives that stemmed from a national campaign ten years ago that called for stricter, harsher and more accountable criminal justice and penal systems across the country. She stated this "tough on crime campaign" resulted in a significant number of statutory changes in Illinois' Criminal Code. She noted over the past eight years, due to the increased passage of penalty enhancement laws, the county has seen a significant increase in the amount of time inmates remain in the county's jail and criminal courts' system. As a result, the county has been mandated to increase public safety funding in the County's budget for its correctional, courts and overall criminal justice system.

Ms. Overberg then briefly reviewed what the President's Office and Cook County Board has done in terms of its lobbying efforts in Springfield on this issue. She said over the past ten years the county has: 1) testified against the passage of legislation that mandated the county to provide services without passing on the funds to implement them (i.e. unfunded state mandates); 2) provided fiscal impact statements to the staff and legislative leaders on criminal bills (i.e. penalty enhancement initiatives) that have come before the House and Senate's Judiciary Committees, showing the county's estimated costs for implementing the proposed changes in state law; 3) requested State appropriations to assist the county in paying for costs associated with unfunded state mandates (i.e. criminal penalty enhancement laws); and 4) consistently, with the assistance of Metro Counties, made the argument to legislative leaders and the Governor's Office that the financial burden of subsidizing Illinois criminal justice and public safety services have steadily increased on county government and its taxpayers, while state and federal financial assistance has continued to decrease.

In addition, she stated during the past Spring session, the President's staff initiated discussions with the Governor's staff regarding the need to increase the county's electronic monitoring program as one possible means to address the impact the State's new parole enforcement policy was having on the county's correctional facilities. At that time, she said the county made a request for financial assistance from the State for the purpose of sharing the cost of purchasing additional electronic monitoring equipment. However, this and other legislative initiatives were still pending when the General Assembly adjourned in May 2001. Ms. Overberg stated she was not aware of any response to the President's request for assistance or other action on the part of the state regarding this matter.

In conclusion, she said despite the county's best efforts, on behalf of its taxpayers, to secure financial assistance from the state for the county's costs associated with implementing mandated public safety and policy changes, legislation impacting the county's finances continues to get passed and signed into law because the argument for being "tough on crime" continues to win in the legislature, as well as with the public when it comes time to vote.

Ms. Overberg commented she believed what Chairman Moreno is attempting to do through the Committee's discussion of the issue and the coordination of gathering the facts/figures in order to find recommendations from elected officials and the John Howard Association, is to make the reports of this committee to the Board. Assuming the Committee is successful in producing a final report by the end of 2002, she stated this record of updated costs and coordinated information, in conjunction with agreed upon recommendations approved by the Board, will assist in improving the county lobbying efforts in Springfield during the 2003 Spring session. She noted the information should also provide the Board the information it needs to make necessary cuts and improvements in its funding of programs and services during the 2003 budgetary process.

The Chairman then proceeded to the last new item on the agenda.

8. Judge Paul P. Biebel, Jr. - Presiding Judge, Cook County Criminal Courthouse.

Judge Biebel stated to date he had hosted three task force meetings, comprised of various state and county public safety agencies, focusing on issues to improve the county's processes in criminal court and the overcrowding situation at the jail, and had participated in the meeting in Judge George Marovich's chambers on the Duran case. He noted the next task force meeting is scheduled for the third week in October, which will focus on looking at the statutory provision and legislative solutions.

Following the testimony and with no further discussion, Chairman Moreno thanked all the agencies for providing information to the Committee and stated the next meeting of the committee will be in the second week in January at the call of the Chair. The Chairman asked that all responses on information requested or any recommendation the agencies could provide to alleviate the problem be submitted, in writing, to the Chairman and the President's Office for further consideration. He stated that information received by the Chairman's Office would be placed in the record, as part of the Chairman's report, for discussion at the next meeting of the Law Enforcement and Corrections Committee.

Commissioner Butler moved to adjourn the meeting, seconded by Commissioner Quigley. The motion carried and the meeting was adjourned.

Respectfully submitted,

COMMITTEE ON LAW ENFORCEMENT AND CORRECTIONS

JOSEPH MARIO MORENO, Chairman

ATTEST: SANDRA K. WILLIAMS, Secretary

Commissioner Moreno, seconded by Commissioner Butler, moved that the Report of the Committee on Law Enforcement and Corrections be approved and adopted. **The motion carried unanimously.**

Chairman Sims called on Fredda Berman to address Item 246430.

Fredda Berman, Director of Real Estate Tax Services, stated that the Village of Franklin Park requested eighteen (18) parcels; however, based on research by the County Clerk's Office, seventeen (17) of the requested parcels do not have delinquent taxes. Previous tax sales occurred on most of the parcels and those tax sales remain in effect or have been redeemed. Therefore the only parcel available for the No Cash Bid is PIN number 12-21-319-037-0000.

Commissioner Butler, seconded by Commissioner Goslin, moved to approve PIN 12-21-319-037-0000 and to delete the remaining 17 PINS in Communication No. 246430. The motion carried.

246431 VILLAGE OF THORNTON (NO CASH BID REQUEST). Transmitting a Communication, dated September 18, 2001 from Deborah Sims, Chairman, Finance Tax Delinquency Subcommittee, submitting a request from Judd M. Harris, Attorney:

The Village of Thornton is requesting a tax certificate from the No Cash Bid Program for the following tax delinquent property:

Vol. 219 PIN 29-33-301-077-0000

The Village of Thornton hereby requests the Cook County Department of Planning, Office of Economic Development, bid, on behalf of the Village of Thornton, on the above mentioned tax delinquent property.

The intended use of the above-described parcel is municipal redevelopment. The Village ordinance was passed after determination that the acquisition and redevelopment of this tax delinquent property is in the best interests of the Village of Thornton.

Along with a copy of the Sidwell map of the parcel, a certified resolution formally requesting the Village of Thornton to participate in the program has been submitted. A photograph and current title search of the parcels will be submitted to the board within the week.

The Village of Thornton has retained Judd M. Harris, Esq. to file a petition for tax deed for the above mentioned parcel.

246735 SOUTH SUBURBAN TAX REACTIVATION PROJECT (NO CASH BID REQUEST). Transmitting a Communication from Deborah Sims, Chairman, Finance Tax Delinquency Subcommittee, submitting a request from James M. Houlihan, Cook County Assessor:

Please accept this letter as the South Suburban Tax Reactivation Project's formal No Cash Bid Request on behalf of Blue Island, Ford Heights, Harvey, Markham, Park Forest and Robbins.

The South Suburban Tax Reactivation Project will retain legal counsel to obtain the tax deed and will bear all legal and other costs associated with acquisition of the parcels.

Chairman Sims called on Jackie Harder, Department of Planning and Development to provide a brief explanation of the item.

Jackie Harder stated that in the report from the Department of Planning and Development, a question was raised regarding some of the parcels located in a residential area. Director Harder further commented that some other parcels should be withdrawn because the name of an elected official is listed in the chain of title. Ms. Harder stated that the following parcels are located in a residential area: PINS 32-23-302-013-0000, 32-23-302-026-0000, 32-23-302-029-0000, 32-23-302-030-0000, 32-23-303-019-0000, 32-23-303-025-0000, 32-23-303-026-0000, 32-23-414-035, 32-23-414-036-0000, 32-23-414-038-0000, 32-23-414-039-0000, 32-23-414-041-0000, 32-23-414-042-0000, 32-23-303-043-0000, 32-23-414-046-0000, 32-23-414-050-0000.

A title search of PINS 32-23-114-052-0000 and 32-23-114-053-0000 reveals the name of an elected official.

Finally, Ms. Harder stated that there are several parcels that have Cook County Block Grant liens. She said the Department of Planning and Development had requested that the municipality agree to pay the liens if the end use for the parcel(s) is ineligible under the block grant rules.

Chairman Sims then called on Greg Carney, Director of Tax Reactivation Project to respond.

Greg Carney stated that he concurs with the Department of Planning to withdraw the parcels associated with the current elected official listed in the chain of title. Mr. Carney further commented that it is true that very few commercial/industrial properties are contiguous to residential parcels. He stated that he has visited the area with the Department of Planning and Development and said plans are to use the parcels for commercial and industrial purposes which the current zoning ordinance permits. He said that there are approximately nine (9) parcels in question and asked that these parcels be deferred for further review and recommendation.

Chairman Sims stated that no one from the committee would object to economic development in Ford Heights but everyone involved including representatives of the South Suburban Tax Reactivation Project must follow the guidelines.

Chairman Sims stated that requests from the Village of Robbins, the City of Blue Island and Markham are all being withdrawn.

Commissioner Goslin asked that a schedule be forwarded to Chairman Sims for distribution to the committee.

Mr. Carney responded in the affirmative.

Commissioner Butler asked why Item 246735 contained requests from numerous municipalities?

Chairman Sims stated that the South Suburban Tax Reactivation Project makes the request and the parcels are listed under a single communication number. However, in the future, communications will be from the respective municipality.

Commissioner Goslin, seconded by Commissioner Butler moved to approve PINS for Harvey, Park Forest and the amended PINS for Ford Heights as suggested and concurred with by the Department of Planning and the Tax Reactivation Project, and to Defer PINS 32-23-414-036-0000, 32-23-414-038-0000, 32-23-414-039-0000, 32-23-414-041-0000, 32-23-414-042-0000, 32-23-303-043-0000, 32-23-414-046-0000, 32-23-414-050-0000. The motion carried.

247034 VILLAGE OF DIXMOOR (NO CASH BID REQUEST). Transmitting a Communication from Deborah Sims, Chairman, Finance Tax Delinquency Subcommittee, submitting a request from Kathleen Field Orr & Associates, Attorney.

Re: Cook County No Cash Bid Program Application on behalf of the Village of Dixmoor
Permanent Index Number 29-07-208-005

Please be advised that our law firm represents the Village of Dixmoor. This letter is an acknowledgment that the Village will retain private counsel where legal counsel is required in order to process title to the properties and that the Village will bear all legal and other costs which may be associated with the acquisition of the properties. The Village plans to use this parcel for future economic development. Submitted is a municipal application for the County's No Cash Bid Program, which includes the following documents:

1. A certified Resolution from the Village which describes the intended use of the parcel and states the benefits for the municipality that would be provided by the intended use of the parcel; and
2. A current title search from Chicago Title Insurance Company; and
3. A Sidwell Map of the area that includes the parcel; and
4. Current photographs of the property.

***Referred to the committee on Finance Tax Delinquency Subcommittee on
10-18-01**

Chairman Sims asked Assistant State's Attorney Randy Kemmer to provide the committee with a brief explanation of the request.

Randy Kemmer stated that the requested parcel straddles the municipal border between Dixmoor and the City of Harvey. He stated that there is a precedent for this action but results in a problem once a No Cash Bid is approved. He suggested that the problem should be solved upfront and that the Village of Dixmoor and the City of Harvey should come to an agreement on the development plans before the No Cash Bid is approved.

Chairman Sims asked the representative from the Village of Dixmoor to comment on Mr. Kemmer's recommendation.

Attorney Kathleen Field Orr, said she agrees with Attorney Kemmer that the development plans should be solved upfront, however, the Village of Dixmoor has already sent out a Request For Proposal, advertised and met with potential developers. Ms. Orr further stated that the committee should consider sending the item to the County Board on the condition that an agreement is reached between the City of Harvey and the Village of Dixmoor.

Chairman Sims stated that the committee would not want to be in the position of making a decision on the request until the two municipalities have reached on agreement. The Chairman further stated that the Mayor of Dixmoor and the Mayor of Harvey should talk about what is going to happen with the parcel of land before the item is put before the County Board.

Attorney Orr stated that the request is for another parcel.

Chairman Sims stated that the parcel is the same one that came before the committee under the prior administration.

Ms. Orr said she does not believe the parcel is the same parcel. She stated that the Harvey portion is undergoing environmental clean up and plans are to market the Dixmoor portion.

Randy Kemmer opined that the final decision is up to the County Board.

Commissioner Butler commented that the item was first presented in October, which should have been enough time for the two municipalities to reach an agreement and a letter to be sent to the committee.

Ms. Orr stated that she was never asked for a letter until last Friday.

Commissioner Butler asked if the County knew the parcel straddled two municipalities?

Attorney Orr responded that she was recently made aware that the parcel was in more than one municipality.

Commissioner Goslin asked if the parcel is located in one municipality, would the committee support the request?

Chairman Sims stated that in order to respond to Commissioner Goslin's question, one should know the history of the Wyman and Gordon parcel of land. She stated that the Wyman and Gordon property was torn down due to a brownfield, it was believed that the entire factory was located in Harvey but upon further examination, it was found that there were parcels also in Dixmoor. Chairman Sims concluded by stating that this is a decision that the County Board has to make with an opinion from the State's Attorney.

Assistant State's Attorney Kemmer suggested that if the request for a No Cash Bid for the Village of Dixmoor is approved, the Village of Dixmoor would also own the parcel located in the City of Harvey. And, if the Village of Dixmoor voluntarily agrees to deed the parcel to the City of Harvey beforehand, it may be sufficient to relieve any objections by the City of Harvey.

Attorney Kathy Orr stated that she would prepare an agreement between the two municipalities that once the parcel is acquired by the Village of Dixmoor any portion of PIN 29-07-208-005 falling within the City of Harvey shall be conveyed to the City of Harvey.

Fredda Berman stated that normally a parcel would not straddle the boundary of a municipality which makes this a historical incident. She stated that a possible explanation for the anomaly is when the City of Harvey and the Village of Dixmoor were created this PIN number existed. She said the boundary was drawn when the number system came into existence in the 1950's and the fact that the parcel straddled the line was not caught. However, the office is now in the process of dividing the parcel so that two new PINS will be created with one falling completely and wholly within the Village of Dixmoor and the other falling completely and wholly within the City of Harvey. Ms. Berman concluded by stating that the work is in process but she cannot say exactly which tax year will be affected.

Attorney Orr asked if a portion of the parcel is located in the City of Harvey, will the Village of Dixmoor convey it to the City of Harvey.

Randy Kemmer stated that he does not believe that the Village of Dixmoor should or can have a parcel in the City of Harvey and neither should the City of Harvey have a claim on property within the Village of Dixmoor.

Commissioner Goslin asked if the City of Harvey did not want the parcel, would the County still need the letter?

Randy Kemmer stated that there should be an agreement between the two municipalities.

Commissioner Goslin, seconded by Commissioner Butler moved to approve Communication No. 247034 contingent upon receiving a letter from the City of Harvey before the County Board Meeting of 12/18/01. The motion carried. (The referenced document is on file in the Office of the County Clerk.)

248199 VILLAGE OF BREMEN TOWNSHIP (NO CASH BID REQUEST). Transmitting a Communication from Deborah Sims, Chairman, Finance Tax Delinquency Subcommittee, submitting a request dated, November 29, 2001 from Judd M. Harris, Attorney.

The Township of Bremen is requesting tax certificates from the No Cash Bid Program for the tax delinquent properties in the submitted list. The City of Blue Island is actively seeking to annex this property. We believe that the subject property is eligible for the No Cash Bid Program, as the pin numbers appear on the 2001 Scavenger Sale list. In the event that any of this property is ineligible, we will withdraw our bid on that property.

This property will be used for a development project of single-family homes, in a partnership between the Village of Bremen, the City of Blue Island, and J&T Homes LLC. This project will be an extension of the California Gardens development. The current development will be of the same quality and will be a positive addition to the City of Blue Island. In addition, John Davis, President of Davis Development Corporation, will assume the cost of any infrastructure relating to water and sewer, so that these costs will not burden the taxpayers. Neither John Davis nor J&T Homes LLC. has ever owned or had any interest in the property they are now seeking to obtain.

Submitted is a copy of the resolution in which the Village of Bremen formally requests the No Cash Bid for these parcels. Also included are the Sidwell maps and photographs of the parcels. Documentation attesting to the capacity of Davis to complete the development will be forthcoming, as a supplement to this application. Also, current title searches will be submitted within approximately one week to supplement the municipal No Cash Bid application package. Judd M. Harris, Esq. has been retained by the applicant to file petitions for tax deeds for the parcels.

Chairman Sims asked for a representative from the Village of Bremen to explain the request.

Jodi Cash, working with the attorney from the Village of Bremen, stated that there are over one hundred 100 PIN numbers under the request. Ms. Cash commented that because the scavenger sale will soon take place, not all the title searches have been completed. She said the Village of Bremen is seeking the approval of the request contingent upon satisfactory completion of the title searches by the County Board meeting of December 18, 2001.

Commissioner Butler said he is bothered when municipalities say they do not have enough time to do their due diligence and then appear before the committee asking approval of those items.

Chairman Sims stated that a scavenger sale will be held soon and a lot of the municipalities are bringing forward parcels and PINS that they would like to acquire either before the scavenger sale or purchase over the counter before someone else acquires them.

Commissioner Butler stated that the process might need to be changed. He further said that the commissioners should have more time to review No Cash Bid requests before they are approved.

JOURNAL OF PROCEEDINGS FOR DECEMBER 18, 2001

Chairman Sims responded that during the departmental review process, a certified package is requested in order to eliminate PINS that should not be approved or residential properties.

Randy Kemmer stated that 99.99 percent of the No Cash Bids are not residential properties.

Commissioner Butler said that the county should work on changing the process.

Jackie Harder responded stated that the Department of Planning and Development indicates that the Department only received ten (10) of the 132 title reports for the properties. She further stated that when there is a certified application for the scavenger sale, each application is examined for completeness. Ms. Harder also noted for the record that the Department examined the parcels and found that they are vacant.

Commissioner Butler asked if the process can be changed and how difficult would it be?

Jackie Harder responded that the County works with municipalities to try to give them an opportunity to bring economic development into their area. She said there is a very short period of time to identify parcels that the municipality may want to acquire, once a scavenger sale is published. Ms. Harder further stated that the certification on the parcels is a safety net for the County. The certification affirms that any parcel bid in error or that is not eligible will be handled by the municipality.

Commissioner Butler, seconded by Commissioner Goslin moved to approve Communication No. 248199 contingent upon receiving title searches on all requested PINS before the County Board Meeting of 12/18/01. The motion carried. (The referenced documents are on file in the Office of the County Clerk.)

Commissioner Goslin moved to adjourn the meeting, seconded by Commissioner Butler. The motion carried and the meeting was adjourned.

Respectfully submitted,

Transmitting a Communication, dated November 16, 2001 from

GWENDOLYN D. CLEMONS, Director, Department of Planning and Development

Re: Bond Volume Cap Allocation for Mortgage Credit Certificates

Requesting approval of a Resolution to allocate portions of the County's 2001 Bond Volume Cap, in the amount of \$3,193,312.50 to the Illinois Housing Development Authority (IHDA) for the purpose of administering a Mortgage Credit Certificate Program for suburban Cook County by December 31, 2001 in order to prevent a lapse in the bond cap authority for 2001. A lapse in bond cap authority would mean the permanent loss of \$3,193,312.50 to the County unless the bond cap is transferred to IHDA for the stated purpose.

The Mortgage Credit Certificate (MCC) program allows first-time home buyers a federal income tax credit of 25% to 50% (up to \$2,000.00) of their mortgage interest a direct federal income tax credit every year. A tax credit is a dollar-for-dollar reduction in the tax due, not just a deduction from gross income. A MCC holder is allowed to take tax credit each year, so long as the holder continues to live in the home for which the MCC was issued.

The MCC program expands home ownership in coordination with the HOME Investment Partnership Program activities.

The Illinois Housing Development Authority has administered the County's MCC program since 1994 no administrative cost to the County. The Mortgage Credit Certificate Program is available County-wide.

WHEREAS, the Board elected to issue Certificates with County's volume cap for calendar year 2001 in an amount not to exceed \$6,633,312.50.
