

## **IT'S TIME TO STOP BEING PUNKS AND START BEING PATRIOTS IN OUR BLACK CHICAGO SOUTHLAND HOODS BEFORE WE ALL END UP CALLING VLADIMIR PUTIN MASSA!**

Corruption gone wild under our black aldermen that includes the likes of Carrie Austin (D-34th) and Michelle Harris (D-8th) has spiraled out of control to the extent that elections overseen by the Chicago Board of Elections Commissioners are vulnerable to hacking by the Russian Federation, North Korea and Mainland China. AND, a Russian mafia-owned plant is manufacturing Russian munitions in Burnside, which has evolved from a working-class community to an utter dumping ground that's within blocks of a Pill Hill/Calumet Heights location for a senior residence.

**THIS IS AN ORWELLIAN NIGHTMARE WE MUST WAKE OURSELVES UP FROM, BECAUSE WE DIDN'T SIGN UP FOR THAT HOT MESS WHEN WE MOVED OUT TO CHICAGO'S SOUTHLAND IN PURSUIT OF THE GOOD LIFE.**

Go one better than April 2 and vote to preserve the hood for democracy in even more breathtaking record numbers. Dare to register to vote and actually vote, especially because it'll drive crazy the veterans of the white citizen councils, who are quite mute about Trump turning this federal union into the Soviet Republic of America, who called your ancestors and elders who exercised their voting rights pinko commies. And mind you, Putin spared no opportunity to diss our first black president Barack Obama in the international arena.

**MOST IMPORTANTLY, KNOW THAT IF YOU'VE BEEN CONVICTED OF A CRIME AND SERVED YOUR SENTENCE OR YOU'RE AWAITING A VERDICT ON A CRIME YOU'VE MERELY BEEN INDICTED ON, YOU CAN STILL VOTE.**
