

BOARD OF COMMISSIONERS OF COOK COUNTY
SECRETARY TO THE BOARD OF COMMISSIONERS

MATTHEW B. DeLEON
SECRETARY TO THE BOARD

Cook County Board Meeting

September 13, 2017

Registered Public Comments for those Attending and Not Attending the Meeting

Sorted by Commissioner District using zip codes provided by commenter

NOTE: This is our first use of the online registration survey created on the Survey Monkey website.

Because of the volume of responses for this meeting (1,881 responses), we were unable to use Survey Monkey to create a single PDF which would encompass all comments for this meeting.

To create more manageable PDFs, we broke out the responses by zip code and then combined those zip codes by commissioner district.

MANY zip codes overlap County commissioner districts. In the interests of time, we were unable to break out which specific responses were for each district. To ensure all possible responses for a district could be seen, you will find all the responses from any zip code which overlaps district boundaries in each applicable commissioner district PDF.

The beverage tax should be rescinded. If the county needs more money first look at cutting costs, then if necessary look at a property tax increase.

I am buying my diet soft drinks in Lake County now, instead of the Arlington Heights Jewel where I had bought an average of five 2-liter bottles weekly for 19 years. Thus, the unfair and misleadingly named "sweetened" beverage tax penalizes an innocent, low profit-margin Cook Co. retailer.

Ban the Cook County Beverage Tax. You ought to be ashamed of the tax payer fleecing you continue to support. This was a revenue generator and nothing more. The narrative around this has been a shameful example of misdirection, misinformation and malintent.

I am in favor of repealing the cook county soda tax. Not only is this tax unfair and dangerous to buisnesses in cook county, especially small businesses, but it is also unfair in general.

The explanation of this tax is that it is to keep us healthy. But when it all boils down to it this tax was implemented as a way to steal money from us.

If our health was a main concern the prices and accompanying taxes for healthier beverages [water and juices] would be lowered to encourage purchasing of those versus purchasing of sugary drinks. Which is simply not the case.

Bottled water is still ridiculously expensive and has ridiculous tax prices accompanying it. Even with the tax sugary beverages are probably still cheaper to buy than water.

There are plenty of other more profitable and non harmful ways the state/county/city can make money.

Cook county needs to manage operations within the county closer than they have ever making intelligent decisions and eliminate wasteful actions that have placed this county in the financial position that it's currently in. Stop passing your financial burden on the citizens of cook county with additional taxes. Your own spokesman said that "of course it's about gaining additional money to correct the financial woes of the county ". This was stated at a press conference on Tuesday the 12th of 2017. The county is using the claim of health to generate money at the mercy of its citizens who are already over taxed by cook county and the state of Illinois. Who can continue to survive financially in this environment that you've created. I can't anymore.

Stupid tax. I haven't bought soda in the county since this took effect. Plus, I have family in other counties who are more than happy to purchase soda on my behalf. I.e. No tax revenue for Crook County. PS. I'd move if my son wasn't a sophomore in HS. Only 3 years to go, jackasses. Plus, I'm not raising an obese child who doesn't know reasonable soda limits and learning healthy habits at home. I.e. The TV commercials are stupid too.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. I am opposed the the Cook County beverage tax. The latest beverage tax is an affront to all Taxpayers in Cook County--except for those who benefit from it. From what I've seen and read locally, I still don't know what you're using the funds to pay for. Why would any law enforcement type positions be be funded by a beverage tax?! Fund the stuff that people really don't want to pay for and then, pretend that you don't have the money for important things like ;aw enforcement. is that what's going on here? Why can't you balance the budget and stop giving tax breaks to your friends and cronies? It appears that using whatever reasons you've been using in the press, are a cover for the lack of desire to cut the fat/waste in city government spending. I'm tired of paying for politician's friends and for unrealistic bloated pensions that none of the rest of society gets!--Not to mention double dipping and getting two pensions as some city employees do! If you need to cut "do nothing jobs," to balance the budget, then do it. I am one frustrated Democrat after watching and paying for the same things happening for 30 years!!! The Chicago Cook County Board is impacting the ability of so many long-term tax-payers to live in Chicago. Where is your long-term view of society and the middle classes?

I am personally opposed to this tax increase in any shape or form. We are overtaxed already. I don't even drink any sugary beverages. I am diabetic and drink diet soda. This is an overreach into my rights. No sugar no tax, period. Find other ways to supplement budget shortfalls by increased productivity and better management including less waste. And don't cut essential functions like police and prison guards. You need to use a model similar to those in the private sector. This is Ludicrous!!!! Stop taxing people with fixed incomes. This is already one of the most taxed counties in the country. Thank you.

The sugary drink tax is an abomination in so many ways I am sure there are not sufficient characters in this tiny text box to enumerate them all, but let me try:

* As a regressive tax, the burden of payment falls disproportionately on citizens in lower income brackets, even though every single Board member who voted for the tax surely campaigned in favor of the "little guy". What a bunch of double crossing, cynical, hypocrites you are!!!!

* The responsibility for maintaining one's health is a personal matter, not the purview of government. What will the nanny state tax next for the stated purpose of saving me from myself?

* Numerous studies in countries that have enacted sugar taxes indicate no, or at best, a marginal improvement in obesity or incidence of Type 2 diabetes. Individuals behavior and consumption choices are not so easily influenced as know-it-all politicians would like to believe.

* Many Cook County residents are crossing into neighboring counties to purchase "sugary" beverages as well as other food items, thereby costing Cook County retailers revenue, as if Illinois businesses don't face enough challenges in this dysfunctional state. In addition, early estimates show that due to this migration, expected tax revenues from this tax are far short of expectations.

* Lastly, and most importantly, this tax is not about quality of life, it is about increased tax revenue. At a time when wage growth is virtually non-existent and Social Security cost of living adjustments are near zero and completely consumed by Medicare premium increases, the Cook County Board proves it is just another Illinois governmental agency that continues to believe that taxpayers don't mind reaching into their pockets and throwing more money into the tax coffers. In fact, Illinois politicians are so out of touch with the struggles of Illinois taxpayers to make ends meet that they make King Louis XVI and Marie Antionette seems like regular folks. Do you even know the meaning of the word budget? Government waste and inefficiency is so prevalent that it is just accepted as standard procedure. And while there may be many county needs as perceived by progressive politicians, where do these do-gooders get the idea that every need can be met? Certainly, I have many needs that will go unmet unless I choose to return to work (having retired 5 years ago) other wise I will need to choose which needs are most critical and live within my current budget. I would be more than happy to explain that financial plan to the spendthrift Board members who think that their constituents all have flourishing money trees growing in their back yards.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. This tax is unfair to working families in Cook County, and further more it's flagrant false advertising to claim that all the problems with obese children can all be blamed on soda drinking. As if their parents can't see and make the choice them, or themselves or any individual for that matter!!

Our family remains totally opposed to the oppressive "sugar tax" being applied at grocery stores, restaurants, etc. We want it banished by the board. As of the time the tax became effective, our family (7 adults/families) have "voted" by NOT purchasing any subjected beverage in Cook County. Hope the message gets through and change occurs soon. Thanks,
Charlie and Sharon Swaney

The beverage tax feels outrageous and it feels like we citizens are being gouged. It is absolutely sickening. My son works in the restaurant industry and your tax is impacting their business. I live a mile from DuPage so I can buy my soda there when I want one which is seldom. I work in Chicago and know many Chicago residents and they are disgusted with the taxation. The same goes for cook county taxes. I wish I could go to my employer and tell the company I'm can't budget and need more money so you're giving me a big fat raise. That's what you've done to us residents of the county.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

The Soda tax is just another tax we don't need. People have the right to choose what they want to eat and drink. They don't need the government involved.

Wrong to tax the working people of Cook County who should be able to make lifestyle choices that include exercise and health and wellness. These choices can also can include having their favorite beverage or their favorite foods to eat. We all need to be responsible for our actions including our government and how they cant balance their expenses so they tax the citizens.. Yes i am in this industry and i can tell you that i see allot of CC citizens that are making their purchasing decisions outside of Cook County, and they are not just beverage purchases! Repeal the beverage tax. Quit hurting Cook County!

Since this tax has taken effect we have been traveling out of Cook County for our beverages. We also have been doing all our shopping at the same time and get gas. We have spent over \$1200.00, all tax money Cook County is losing. We have heard that many people are doing the same. This tax isn't for our health because if it were Preppinkle wouldn't have laid off people right after it was put on hold. You haven't changed people's smoking habits they just go out of Cook County. Live on your budget just like the ppl have to

This new tax is hurting both individuals and business within Cook County. I now drive to Lake County to get my pop. While I am there, I get other items. So, Cook Cty loses the entire sales tax on all my purchases. Cook County retailers lose the sales.

Dear Cook County Board,

As a constituent, I am respectfully asking you to repeal the beverage tax. This tax is oppressive and will not serve the "purpose" stated. It is the citizen's right to choose what they wish to purchase for their family. It is not the county's job to dictate what we chose to purchase by enacting an oppressive tax. People who want a sugary drink will get one. You are hurting local businesses by having this tax. Restaurants and stores in Cook County are paying the price. They are losing business and you are causing an undue hardship on them. Please find another way to balance your budget and cut spending instead of imposing yet another tax on your community. Please repeal the beverage tax.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. I am writing in favor of repealing the beverage tax. The tax wasn't on the ballot in November and the citizens of Cook County didn't have an opportunity to have their voices heard. This tax is a special interest tax supported by Michael Bloomberg. He is paying for the ad that infers that parents are incapable of making healthy choices for their children, giving them unhealthy drinks. The citizens of Cook County don't need government and special interests from New York to monitor how they parent. This tax isn't about a concern for children's health, it is just another reason to unfairly tax the citizens of Cook County.

I am opposed to this tax. As a citizen I am tired of getting gauged to pay for your adding personnel and giving raises when you cant manage your spending. I am now making choices to do much of my purchasing outside of Cook County and their are allot of other residents that are doing the same.

Please repeal the Cook County Beverage tax. It is wreaking havoc on the lives of hardworking low and middle income residents of Cook County and posing a hardship to small businesses. The tax is far too large and applies to too many beverages including those with artificial sweeteners that have zero calories. The entire piece of legislation should be repealed and consumers and businesses should be compensated for the egregious tax applied to all sweetened beverages regardless of calorie count. Those ridiculous ads paid for by Michael Bloomberg should be discontinued immediately. It is obvious this tax is not intended to benefit children or families but actually harms them financially. REPEAL!

Please take steps to repeal the soda pop tax. As a resident and senior citizen of Cook County, I simply cannot afford more taxes. This tax is not designed to discourage the consumption of sugary drinks since it taxes even diet beverages. It is another nickle and tax designed to support a bloated Cook County government.

Please another way to balance the Cook County budget. Don't do it on the backs of the taxpayers, yet again.

This beverage tax is hurting working families and also companies and jobs. It's unfair for to just tax anything they feel like. They want us to pay for their mistakes. Where did that Tony Prewinkle get the idea to ad 1 penny per ounce. Why not 1 penny per litre or 1 penny per bottle. She just invented the idea to start paying herself and her cronies more money. Please eliminate this unfair tax. Thank you.

I oppose the beverage tax on the grounds that the clearly has no intention on battling obesity, it exists merely to increase revenue in an already over-taxed county.

This tax is just to steel more money form the public bemuse you people can't get a real budget. You have to cut and reform . not jus raise taxes. It's your fault we are in this mess. No one cared when the Politicians stole my Social Security .And my employer and I put into it. Plus it doesn't increase every year no matter what . You have to be part of the real world and REFORM and get a real budget

Why don't you people join the real world. Instead of stealing our money and just keep raising taxes so you can keep getting raises and unbelievable benefits. Did anyone ever hear of living within your means? The real people do. We can't tell our employer I need more money because I am too stupid to live within my means so I need another raise. quite lying to us and get a real budget or get out. A 2 year old can do what you are doing. I could care about your unbelievable pensions. You didn't care about my Social Security. Do your job right or get out

The Tax needs to go. It is very confusing tax. Many stores are miss charging people and the tax is so confusing that no one is sure what should be taxed or not. When the bill was passed there was no thought on how the stores were going to handle this tax and the fact that people will by there beverages out of the county to save money.

Get real with these false ad's. What child can go in and buy all that pop? What happened to parents supervision? What happened to the scare tactic a few years ago about fast foods causing all this weight problem. Nothing was said about sugar then. You need money because you can't live within your means and get a reduced budget. Stop taking money out of our pockets to fill yours. Did you ever hear of CUT,CUT,CUT AND REFORM.?You and Bloomberg with these lies think we ALL are stupid. After over 40 years of Democratic rule the stupid ones and the machine still give you the votes. The smart ones are moving out. Do your job and make real budget and REFORM these unbelievable pensions . Get off your gravely boat and join in on the suffering of the public. STOP FILLING YOUR POCKETS and try to be Honest. This tax is going to hurt stores, fast food & sit down restaurants because we now purchase all our beverages in a different county & we no longer order a beverage in a Cook County restaurant. Which also means we will do more of our shopping while in that store. We were already paying a Cook county tax on beverages, so isn't this double taxation?

I'm filing this witness slip to support repealing the Cook County Beverage Tax. Unlike the Michael Bloomberg's 5 million plus dollar commercial ad campaign to persuade Chicagoans that the intent of this bogus 'Soda Tax' is the city's means of looking out for our children. We all know who stands to benefit from this. This isn't our first rodeo with the City commissioners coming up with new creative means of squeezing more out of hard-working mid income residents of Cook County. All though, by far, this has got to be the worst yet. After this new tax pads the pocketbooks of the mayor and participating council members, the debt will remain exactly the same. If we've learned anything from their past fund-raisers, is that "Absolutely Nothing" will be left to trickle down to help the schools, parks, roads, and the other public amenities this revenue was intended to aid in the first place. What's the next tax that the City of Chicago is going to inflict upon us "For our own good"? Watching television, using cell phones, making on-line orders, energy utilities - if all these things haven't already been burdened in some capacity already to the full extent to which the City can cyphon from them. Have you not learned anything from your previous clever little revenue-making schemes. This one is going to hurt a lot of small business owners. But, It's really great how you're looking out for our children!

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. It's not fair to tax the people, that are struggling enough, when the politicians are still making hundreds of thousands of dollars. It's enough that the cook county taxes & the property taxes have gone up. We're not getting raises to afford all of this. People will start moving out of Illinois. Maybe the politicians should give their checks up for one month to help out the state instead of taxing the poor people.

This latest tax is a feeble effort to disguise what the funds are actually being used for. Genuine concern for the growing obesity problem would be parental intervention and guidance to improve diets for their children, and banning soda from Link card purchases. It should NOT be the standard drink of choice for either children or adults, but something you enjoy occasionally. The amount of this soda tax is out of proportion, and will negatively impact retailers and the general public. A few cents per package (eg: 6-10 cents per 6 pack) would receive better reception than this inflated penny per ounce. I don't drink a lot of sweetened beverages, but when I do purchase them, I will do so outside of Cook County. I've lived in Cook County my entire life, and sadly have witnessed additional tax upon tax, with little benefit to the public. Repeal or at least revise to make it more palatable. It's a nightmare for retailers and the cash paying public. This has backfired in a most public way.

This tax is rediculos, and is just another tax on the poor and lower middle class. How is it that we must bear the brunt of your incompetence, and constant miss management of cook county. I consider my self a very liberal individual, but for the county to impose, this rediculois tax, does not help our fanacial issue all it does is cause more people to leave the county. GET YOUR SHIT TOGETHER, AND REPEAL THIS TAX OTHERWISE YOU WILL NEVER GET MY VOTE AGAIN!!!!!!!!!!

I am a resident of Cook County, Illinois. I don't smoke, I don't drink alcohol, and I don't take illegal drugs. I pay my property tax in one of the highest taxed counties in the nation. Is it really damaging my health to drink a Diet Coke now and then. Compare that to all the "supersized: fast food meals eaten daily that are not being overly taxed.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. This "soda" tax is wrong for so many reasons and right for none. It is a pure power play and an abuse of the government's powers. It is shameful and dishonest to pass this off as a concern for the health of children when non sugar and natural drinks are also on the list. If you believe these drinks to be so unhealthy, have the courage to try ban them all outright and let us drink our tap water at the current price. Even if they are unhealthy, you forget we live (or should I say lived) in a nation where we have the freedom to make such choices without the government forcing them upon us. You attack the beverage companies for making profits and then burden us and them with taxes to profit your government (or bolster your poor fiscal choices.) Even my children can see through these deceptions and hypocrisies. We and other families have already changed our buying habits in Cook County due to this tax and moved our business to DuPage County. The Cook County Board needs to go back to 8th grade History class and learn what the role of government was meant to be in this country. Growing up I was so proud to be from Chicago, IL. Now I'm embarrassed and am looking for a way to leave. So many friends and family have already gone and with each person who leaves, this place becomes more corrupt and under the thumb of the Democratic machine. My family is not here for you to tax and beat down into submission. You have become tyrannical and this soda tax is most clear cut example to date. If those who voted for this have had one sound night of sleep, Cook County is beyond hope because you, personally, are already beyond hope.

I am vehemently opposed to this tax, which does very little to improve the overall health of Cook County residents and simply forces them to pay more for basic beverages. This tax impacts retailers and restaurant owners heavily, as residents will simply go outside Cook County to purchase sweetened beverages. Please repeal this unfair tax!

The Soda Tax is ridiculous! Being a diabetic, I often have to depend on sweetened beverages for blood-sugar issues! Therefore, I am being taxed for being diabetic! This is ridiculous! What about the thousands of other items to which sweeteners are added? Why are those not involved? Say what you want---this is nothing more than an excuse for an immoral money-grab from common folks!

A beverage tax is just plain STUPID. Just because Cook County doesn't know how to properly set a budget doesn't mean that we should be taxed on something we enjoy on a daily basis. We have enough taxes in this county...I shouldn't be taxed on pop! It's stupid and absolutely ridiculous. It needs to stop now!

This is a ridiculous money making scheme. You don't overtax junk food, why would you overtax drinks to fill your budget deficits? You are ruining Chicago and Cook County! By the way, I am, and will continue to, drive 20 minutes to buy my pop, and then the rest of my groceries as well. So, just keep making the other counties more profitable. See where that gets you.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. I despise the sweetened beverage tax, and actively circumvent it by purchasing the soda I drink and the gatorade my wife drinks when I am across county lines for work. We still drink it, but you get nothing tax-wise. Furthermore, this is taking away revenue from Cook County businesses. Your measure is causing me to reduce the tax revenue you get from me and my family.

I am in favor of repealing the Cook County Beverage Tax. The guise of trying to help us get healthier was utterly ridiculous. I just stopped buying these drinks in Cook County altogether and buy elsewhere. Now the county doesn't even get the sales tax on said beverages.

I would like to repeal the soda tax. Of all the taxes that we have in this county, which are way too many, this is the worst. Why not tax all things with sugar? Perhaps they should tax air... where does it stop?

The taxes in Cook County have already passed the equilibrium. As a result we're shrinking in population (William H. Frey analysis of 2016 Census Estimates), and losing businesses (Amazon). Additional taxes will only accelerate the exodus. And, it's not the low income, small tax payers leaving. It's those with the means to relocate & the income to feel the pain of the burden. It's comical that you're attempting to make any more than a corollary connection between childhood obesity and soda, juices and sports drinks. This is a money grab, nothing more. And, it's arisen out of a failure to properly manage the county. Cut spending. Become efficient. Provide value for the money we already pay. Then you can ask for more money.

As a taxpayer, I am appalled that the lawmakers in Cook County continue to target its citizens because they cannot balance their budget. This soda tax is ludicrous! I am disgusted with the ads promoting this illegal tax because many of the citizens that are affected by obesity that this so-called health tax is supposed to target are exempt because they fall under the category of receiving state aid, so they do not pay this tax. How is this tax, therefore, fair if it is not across the board, and only targets tax paying citizens to get healthy? Repeal this unfair ILLEGAL tax!!

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. The beverage tax needs to be repealed! Even though I only purchase two bottles of DIET soda per week, I now do my shopping in DuPage County rather than giving that tax to Ms.Preckwinkle. I feel bad for the stores that may close, because so many people are doing the same. But it is all due to Ms Preckwinkle's failure as a manager as she finds it easier to assess taxes on people that have already been overtaxed than to do her job of managing the budget. The first step would be to eliminate those patronage jobs and decrease county salaries---ESPECIALLY her own and the commissioners!

I believe the board is misleading the public with their ads. Do not blame diabetes when the kids we are seeing on the commercials when parents should be responsible at that young age. We are not stupid, you are looking to fund the school teacher pensions, etc. Layoff what you need to to fund whatever you need, we are sick of what Crook County has done to us along with the state. I'm pretty sure we are all embarrassed to say we live in Illinois let alone Crook County. I'm sure you have to know that's what people call this county.

Please repeal the sugar tax. We haven't grocery shopped in Cook County since March when we heard of the tax coming into place this July. Kane and Dupage counties have been getting all our tax dollars from shopping including most of our gasoline purchases as a result of this tax. Thank you for your consideration.

Lay off the dead weight in the County to fund whatever. Leave the tax payers alone for once. The parents should be watching what their young kids are consuming don't you think. Preckwinkle had to rely on Bloomberg to get involved. We don't care about Bloomberg and his money. He needs to keep his mouth and wallet shut and help New York and leave everyone else alone

I am very much against the Cook County Beverage Tax. Most of our grocery shopping is done outside of Cook County since this tax started. The 10% normal sales tax is bad enough, but \$0.01 per ounce is very excessive. If this is for strictly benefiting everyone's health, then why are people on the Link card exempt from paying the Beverage Tax? I feel that I am being penalized for going to work on a daily basis and whatever small income I do make is going back to the Government.

Not only does the beverage tax put an undue burden on families, it is overreaching, as it is not government's job to tell people how to live their lives or what to put in their mouths. It effectively raises the cost of many beverages 50%. This will have a dual effect- 1) retailers of all sizes in Cook County, from the corner convenience store, to giants like WalMart and Target, will experience dramatic loss of sales and revenue, and 2) people will buy their beverages in other counties, and this unfair tax will generate much less revenue than expected. You don't have to be an economist to understand these unintended consequences are what will actually happen. So the revenue is not raised, families have less disposable income, and business (and their employees) will suffer.

We pay enough Cook County Tax and the state has no business collecting this soda tax. I drank soda as a child and was always underweight and continue to be slim. People should be allowed to drink soda without being taxed, and the soda doesn't cause obesity - people have to learn how to move/exercise. This tax is not only hurting businesses in Cook County, it is hurting people's finances. Instead of taxing us more, you do need to cut unwanted services. Households have to cut back on services or goods when they can't afford them, so should Cook County.

You are forcing people to shop outside of the county. Not only are you losing the tax on beverages, you are losing the sales tax on other goods sold. The so called cause you are trying to use to justify a tax is an actual choice made by a person or adult. I know that I will not be voting again for anyone who supports this tax in upcoming elections. Start controlling spending instead of figuring out how to raise already high tax rates within our county please.

Please listen to your constituents and repeal the Cook County beverage tax. It is unreasonable to place yet another burden on those who live, work and visit Cook County. What we truly need is a more efficient, effective and responsible county government and not another quick-fix tax to try and fill the many gaps that exist. Thank you in advance for repealing this unfair tax.

The sugar tax is utterly ridiculous. Why tax drinks when there are so many other unhealthy foods out there? Potato chips, cookies, cakes just to name a few. And to tax drinks that are diet or low in calories makes even less sense. I highly believe this sugar tax should be repealed.

Its up to the parents not the government to do whats right for the children. Why do the people who have raised the children to know about healthy choices pay for the ones who didn't. Cook county needs money for their irresponsible spending, using the platform doing whats right for the children is just a ploy to get cook county out of debt. We now purchase our groceries out of the county, which cook county loses all around.

The beverage tax is a money grab. I don't have children. I used to support the village where I live by supporting local businesses but now I have been doing all my grocery shopping in DuPage county and saving even more because their tax rate is lower overall. It is completely unfair and it's clear Cook County will not stop there. What is next?

First of all I want to say this has nothing to do with our health. Those kids that you talk about in the commercials that are so obese didn't get that way on soda only plus they drink it because their parents allow it. All Cook County wants to do is get more money out of taxpayers instead of cutting back on wasteful spending. We only drink diet soda so I resent paying this tax even more. We have always shopped for groceries and bought our soda in Cook County. Since I am fortunate enough to live close enough to DuPage County we have been buying our soda there since the tax went into effect. So not only are you losing my tax dollar for soda but also for all my groceries. I refuse to spend one penny for this tax. I won't even order soda at restaurants. I'm ashamed to say that I voted for Toni Preckwinkle in the last election but I assure you it won't happen in the future.

Please repeal the beverage tax. This tax is unfair and will not be used to benefit anyone's health. I'm 53 years old and lost over 50 lbs over the last 2 years and I drink diet soda. Which some studies say causes weight gain. Which is not true. If your so worried about people health tax coffee and out law cigarette's. They are linked to causing vascular dementia. Dementia causes a lot of pain and suffering for it's victims and their families. One more thing we all know what's really behind this tax and that's to keep as many people employed in government jobs so they will work to get the votes you and all the other elected officials need to stay in office.

The beverage industry and the shoppers are not the only ones suffering. The merchants are also feeling the effects because while shoppers go elsewhere for their soft drinks, they are also buying their groceries outside of cook county, where the total tax rate for foods is lower. The county has created a monster that will make life miserable for them in the long run. Greed will not win out.
