As a tenant organizer that works with individuals that been evicted or that their landlords have filed for an eviction process in court- I know first hand the effect that an eviction can have in your record. It can prevent you from finding a new apartment, affect your credit reports, and even employment opportunities as some employers get this information through background reports. We need to make sure to dismiss/vacate all these eviction filings during the COVID19 pandemic as they are against the executive order from the IL Governor.
