As a senior citizen resident of Cook County I have to live within my budget. Cook County needs to start working within their budget like the rest of us. Until this tax is repealed my family will continue to shop outside Cook County not only for our beverages but groceries and gas. This tax must be repealed!

This was yet another money grab for this state, county, city. We are drowning ourselves in debt trying to pay for other people's retirements yet can't save for our own. Fix the system and stop running your people out of Illinois!

Please repeal this poorly thought out tax! Taxing just sugar maybe OK, but non-sugar drinks goes too far!

The usage of the tax is misleading and MUST be clear! Specifically: When the tax didn't go in effect, we heard it would affect police, courts, etc. Now we hear on TV it is for doctors and nurses.

I oppose the Cook County Beverage Tax because of the negative impact on Cook County businesses and the unfair way that certain beverages are taxed or not taxed. The county should also not have the ability to decide which foods are healthy for consumers and use taxation to impact consumption.

The Soda Tax as it stands is too extreme on the Cook County Middle Class. If Ms. Preckwinkle doesn't want to repeal it, then tell her to at least revise it so that it's more fair making it 5-10 cents a unit like the way the liquor tax has been formed and should strictly be limited to soda and sports drinks in which the tax applies (that means the tax does not apply to flavored water, juices, or sweetened non-dairy milks).

This tax is insulting to the Cook County residents' intelligence, trying to say that it's for health purposes. It's clearly apparent that it is a sole means of revenue and is targeting strictly sweet beverages because of their popularity. I am vehemently opposed to this tax and will bring ALL my business outside of Cook County until it's repealed.

Time to end the irresponsible Cook County Beverage Tax. Cook County Residents overwhelmingly do not support the money grab of residents and tax payers. Make responsible cuts, and eliminations to services provided by Cook County Government.

Please repeal Cook County beverage tax. Cook County residents pay enough tax. If people are worried about their obese children don't let them drink sugary drinks. When my children were young they were not allowed soda, and any other sweetened juice was cut in half with water. These parents have to take responsibility. I shouldn't be punished because these people are obese and have health problems. Also, they say now they won't have the money to pay bills. How much are all of these commercials costing them to tell us how obese their children are?

Please "repeal" the Cook County beverage tax. I am now shopping outside of Cook County due to this tax--which will ultimately hurt the grocery stores & employees.

I can monitor my own sugar consumption & don't need another tax put on me.

Cook County needs to revisit its budget & other expenditures versus putting more taxes on its citizens.

This tax is a total rip off. It is touted as sugar tax and yet much of what is being taxed has little to no sugar in it! It is not the government's job to dictate what we eat. Lucky I live 3 blocks away from Lake County!

The sugar beverage tax is wrong. It isn't to help people's health but only to raise money for the county. I refuse to pay the tax so I now do all my shopping and dining out in Will County. This tax is only hurting the stores and restaurants. Our local grocery store clerk said nobody is buying in town except for the people on link cards. That is another issue. Discrimination, if we gave to pay the tax, the deadbeats on welfare shouldn't be allowed to buy those things on a link card at all.

The tax is unfair and will cause economic hardship to employers, business owners, workers, stores, etc. It supposedly going to support better health, but you're banking on people still buying the sweetened beverages even though there is a tax. So you know it's not going to deter overconsumption of these beverages. In fact, if everyone stops buying these sweetened beverages, your hoped-for revenue stream will be dried up!

repeal this phoney falacious tax.Where does it end? Between Crook county and the state with all these various tax increases,they are sucking us dry.This sugar tax is as phoney as a six dollar bill.The tax is being applied to plain tea at dunkin donuts,no sugar or cream.This money scam is the fault of the county for not being responsible with tax payer money,mismanagement,crooks in the system,everything free free free for the asking to people who dont or wont work to get what they THINK and FEEL they deserve.Down with the phoney,illicit sugar tax.tk you

To all present Commissioners,

many concerned citizens such as myself are united against the Cook County beverage tax; everyone from Democrats to Republicans, Libertarians to Greens, and independents from other points on the political spectrum almost universally agree that the beverage tax is harmful. It is an unjust oversight that forces even the most polarized of groups to cease their dissent for each other and shift it to the county tax. People from these groups are your constituents, and all of you are behooved to listen to and act upon the pleas of your constituents and rectify both the present and near future socioeconomic damage of the Cook County beverage tax. I speak not only for myself but us, the people of Cook County united in opposition against such tax injustices and strengthened by our diverse resolve. To all present commissioners, we the people of Cook County demand the tax to be repealed.

Thank you for your time.

Everyone HATES this, It does not really serve the desired purpose in any reasonable way. It should be repealed and replaced by a more modest tax, JUST on sodas, and designated EXCLUSIVELY to health and nutrition education, specifically regarding both artificially and naturally sweetened sodas.

I'm not in favor of this beverage tax and I would like for the commissioners to vote in favor to repeal this tax because it is causing the taxpayers to pay additional money. This tax is not for health reasons or concerns for the citizens of Cook County.

NO MORE TAXES. We have the highest sales tax. People are leaving the county and Illinois because of high taxes. It's time to cut the budget and do more with less just like every company in America does. Cut cost but yet do more.

This tax is not about health. It is a blatant cash grab to balance the county budget. I was opposed to it from the beginning, but even more now that Michael Bloomberg is funding an ad campaign that it's "for the health of the kids."

Stop the beverage tax. This is insane. I am driving to Du Page county to buy Gatorade to donate to my daughters varsity swim team dinners. That's absurd. They are athletes. The reason for the tax is supposedly to help decrease obesity. That's totally ridiculous. Majority of people on food stamps swipe their link card with tons of junk soda and food and they aren't taxed. Stop the madness cook county. Too much government.

Enough is enough, using health as an excuse to tax at the highest amount of income. Taxing wrong thing if really concerned about youth obesity.

This is an unbelievably horrific tax and causes good cook county residents to travel outside of the county with their money just to get a good price. A fair price shouldn't be that hard. This is obnoxious.

This tax is completely unfair! It is hurting families and businesses.my customers are so sick of this county AND state they are moving out! My husband has not had a raisin 8yrs! We are struggling,so therefore We have stopped shopping in Crook county! We have to do what we have to do.We think ms preckwinkle and the other commissioners who are supporting this outrageous tax should take a cut in pay/pensions instead of hurting the people of this county/state.balance the budget!stop the spending!!

Do away with this money grabbing tax that most Cook County citizens oppose. Cook County must set a budget and live within its means, just the way I do. Imposing and unfair tax will only enable Cook County to misuse finances and remain irresponsible. Let Preckwinkle take a pay cut and encourage her cronies to follow her example if she needs money so badly.

Maybe you should blame children obesity on the real reason. These kids sit on their electronic devices for hours a day. They get minimal amount of exercise. I see it on a daily basis. We are given a choice. That's what makes us human. Maybe the parents who don't want their children drinking sodas shouldn't buy it. I was told no, and that was that. We are given the freedom of choice. Chose wisely. I am a dialysis patient and I restrict my fluid. But every evening I get 12 ounces of soda, and it's the high light of my day. I know I can have only a certain amount of fluid a day, and I "chose" to abide by it. Obesity is a choice and can be controlled if one chooses. Don't tax my choice. Stop this ridiculous tax and put the blame where it belongs. Just because our representatives can't control their spending that is no reason to tax the tax payers. We are over taxed in Cook County with our property taxes. I am so irate about this. STOP!!!! the insanity.

Since the implementation of this tax was forced on us, it has had a disastrous effect on our local economy, our county's working families -- and my extremely limited retirement income.

Since the tax went into effect, families have been paying more for common grocery items -- and many have resorted to shopping outside Cook County for better prices and lower taxes. I know, because I'm one of them.

I prefer to spend my time and gas driving to Lake County to stock up on anything subjected to this obnoxious tax, rather than give one more penny of my money to the people who already gouge me at every possible opportunity.

It is absolutely criminal that rather than properly manage the already obscene amount of taxes they receive, the authorities of Cook County see fit to burden us with another outrageous tax.

And I see the ads supporting this idiotic tax are financed by none other than Nanny Bloomberg himself! Apparently since he was unsuccessful in foisting his personal agenda on his fellow New Yorkers, he now wants to force the people of Cook County to bend to his will instead.

With all his smug superiority, he thinks he knows what's best for the "little people". So he's going to cure us of our sugar addiction by taxing my Diet Coke -- which has no sugar whatsoever -- as well as the orange juice that I've had with breakfast for over sixty years.

Tell Nanny Bloomberg he can go to hell. And tell the authorities of Cook County to START DOING THEIR JOB.

It's high time they figure out how to properly manage the outrageous amount of tax money they already get -- instead of lining their pockets with it, and using it to buy votes to perpetuate their plush lifestyle.

REPEAL THE BEVERAGE TAX!!!

Sincerely,

Claudia Rispane

Repeal this beverage tax. Instead of taxing me, educate parents on how to make healthy choices. The beverage industry doesn't put the can of soda pop into the child's hand, his parents do. You can't legislate common sense.

The beverage tax has been advertised as a means to help reduce the occurrence of obesity, which is a respectable cause. However, and unfortunately, I question the truth of the County's position in this advertising. If the County is concerned about the health of its citizens, I find it interesting that it still expects to collect considerable monies from the sale of these beverages, as evidenced by how much of the budget will rely on this tax. If the County's concern were truly for the health of its citizens, with the goal being to reduce obesity by encouraging its citizens to buy fewer sugary beverages, then one might reasonably deduce that the beverage tax would be only a temporary fix for what ails the budget. If the aim is to reduce the purchase of these drinks-for the health of Cook County citizens-then relying on this tax as a means to collect viable revenue makes the County's position and argument insincere and deceptive at best. From what I've gathered from news bits, over 300 County jobs have been threatened-and possibly other services-if this tax is repealed. Obviously, the County doesn't foresee that there will be an eventual reduction in these purchases because the services and positions of those 300+ people are being guaranteed by the anticipated revenue collected from this sugary beverage tax. What will happen to these people and services if the tax in fact discourages purchase of these beverages? (What will be the next tax imposed upon Cook County citizens? Examination of expenditures and re-organization for better productivity is not an option?) In addition, and as a Cook County citizen and taxpayer, I take issue with the County's assumption that it is better able to parent its citizens' children with greater appreciation and respect for the families' personal budgets than their actual parents. Although I certainly can't speak to every Cook County citizen's situation, I can state that I have adult and teen children in my household who I have made aware of the effects of sugary beverages on their health. They drink them on occasion, and they are neither obese nor overweight. Further, since the tax became effective, I have driven to Indiana, which is 15-20 minutes away from my home and not out of my way by any means, to purchase sports drinks or soda and to avoid the County tax. Finally, with regard to the case that the County has made, in addition to the families who've been targeted as raising their children poorly, I feel badly for the elderly who have to spend an extra 1 cent per ounce for sugary drinks. At this point in their lives, if they would like to have a soda (be it name brand or the less expensive store brand-whichever they can afford), they should be able to enjoy the simple pleasure without it breaking their budgets. Finally, and realistically, until the Federal government or mandated state governments provide universal health care, I question the legitimacy of any level of government to impose a special tax on foods or beverages because if eaten or drunk in excess they can prove (or appear) to be unhealthy. If we continue with this line of thinking, anything-including water (which, scientifically speaking, can kill a person if drunk in excess at any one time) could be subject to additional tax-if it were worded in the "right" way and advertised to be an unmanageable health hazard without governmental intervention and regulation (and taxation).

I strongly support the repeal of the beverage tax and want my elected representatives to honor my wish in their capacity of reflecting the wishes of those that elect them to office. Should the repeal not be successful, I will become very active financially and through my time to ensure anyone voting against the repeal is not re-elected. Thank you.

This tax does not improve health. It is simply to increase revenue on items already taxed.

I am strongly in favor of repealing the beverage tax. This tax does not support health - it merely provides another avenue for Cook County to tax their residents. If you were concerned about health, then you would donate the revenue obtained to a charity. I have worked for both for-profit companies and not-for-profit entities. In all cases, when revenue could not cover expenses, then expenses were cut. Cook County needs to do the same. The beverage tax is arbitrary. It simply forces Cook County residents to purchase their beverages in one of the surrounding counties. In my case, McHenry County.

This tax has hit the average taxpayer hard. We have already been subjected to a number of tax hikes at both the local and state level, and you should listen to your constituents and repeal this tax.

This sugar tax will do no good for the people, or the state of Illinois... Taking more money away from the fixed low income of the disabled and elderly is cruel...Besides, soft drinks are not what makes children obese...From child birth, some adults put their children in front of the TV as a free babysitter, this pattern becomes habit, the children get no exercise as needed, this is what makes children obese...A responsible parent will occupy a child's time appropriately, away from the use of an electronic screen like TV and video games...Proper parenting and exercise is the answer, Not More Taxation on stressed budgets...Enough is Enough, NO MORE RIDICULOUS TAX INCREASES!!!

This tax hurts my wallet. Being retired this tax affects the amount from my ss fund by having to travel out of Cook Cty to another. This money should go to Cook Cty instead of another.

We have way too many taxes in Crook county as it is. The county should learn how to save money so they can stop stealing from tax payers.

To use children as a means of selling this tax to the public is insulting to all parents. I would venture to say you've heard from a lot more voters who oppose this tax than support it. Put politics aside and do the right thing for the right reason. Let parents decide what they feed their children. Repeal this tax! I now do all my shopping once a week in Lake County. You're not only losing my soda tax dollars but your losing all of my sales tax dollars.

I live in Wheeling, making it easy to shop in Lake County because I am near the border. I have switched ALL shopping to Lake County because of the soda tax. I noticed a huge sales tax difference too, a total of 7.25% where I go, vs. 10.0% in Wheeling. A quick check showed the sales tax went up one whole percentage point in 2015. That should have been enough! It's time to can the soda tax! Next, do something about the sales tax and property taxes. Everything is too high when compared to other areas, and there is great tax fatigue after the state income tax went up 32%.

The beverage tax is unconstitutional, arbitrary, punitive, and damaging to Cook County's economy.

It's unconstitutional for at least two reasons. First, there is no direct, logical connection between the products being taxed and costs incurred by county government. The imaginary health costs cited by supporters of the tax are speculative; they cannot be calculated accurately. Second, the county has no specific obligation in the law to spend any revenue from the tax on health costs.

It's arbitrary because all food products can cause health problems if not used in moderation. This tax arbitrarily penalizes a select group of food products and ignores all other food products which could cause the same alleged health problems.

It's punitive because for soda, it imposes a tax that is approximately 89% of the retail price of the soda. The US Constitution bans punitive taxes so state and county governments cannot use the tax system as a roundabout method of prohibiting products which they cannot legally outlaw.

It's damaging to the county's economy because purchasers of the taxed products can easily purchase the same products (without taxes) in neighboring counties. Cook County can change its own laws, but it cannot alter the basic laws of economics.

If you keep the tax, my neighbors and I will keep car pooling to Indiana to buy our beverages and other groceries. Most of their groceries are not taxed! Health benefits - Right. What about the individuals on food stamps? Not only do we pay for their groceries, they do not have to pay the beverage tax. If it is the health benefits you are concerned with, why isn't soda and other sweetened beverages purchases ban from the Link card, just like liquor?

We as intelligent individuals have the right to decide how we raise our family and what they are given. I do not know to many people that let their children drink sodas and the sugary things unless it is a special occasion or a treat. But that should be our choice. We are being taxed to much. I work in Chicago every day and find this sweetened beverage tax to be insufferable! I only drink sugar-free beverages so the Preckwinkle/Bloomberg lies are especially revolting to me. Please repeal this unfair and arbitrary tax!

This tax is a joke. The County paints a picture of a health crisis, hospital support and youth protection. However, when the injunction on the tax occurred, all we heard about was the layoff of County employees and budgeted revenues not being met. Where was the talk of monies not going to hospitals? Lastly, parents of Cook County are more than capable of protecting our youth...enough with the BS!

Repeal the sweetened beverage tax. A penny an ounce???? Will we next be taxed for the air we breathe? Heard on the radio the anticipated \$9 mil tax relief thru this tax has only generated \$300,000....so how many are shopping out of Cook County now? It not only affects sweetened beverage sales losses, but extends to so much further. If I am driving to DuPage or wherever to buy soda - might as well do all my shopping there. Interesting? Yes it is. Repeal this tax now.

I now purchase all beverages in Lake County & will continue to do so until this tax is repealed. Everyone I know is doing the same. I also believe this is double taxation because we already pay a Cook County tax on all purchases. We are sick & tired of being taxed to death. Please repeal this horrible tax that is going to hurt Cook County stores & restaurants because we will do a lot of our other shopping while in Lake County, since we're there anyway. Thank you.

We are being over charged for beverages more than other areas in the country. What makes our beverages so special or different than beverages outside our county? The excuse that this tax was implemented to prevent obesity is an embarrassment, we all know why it was implemented. I already have neighbors planning to move away since life in the city has become so expensive, this tax was the cherry on top for people beginning to leave.

This tax is a burden on small businesses and blue collar workers. This has nothing to do with health, it has to do with greedy politicians. The government has no right to force food/beverage choices on people.

The sweetened beverage tax needs to be repealed as soon as possible. I live in Chicago and work for a business that owns and operates food and beverage stores within Cook County. So I am personally affected by this tax in two ways, both where I live and where I work. This is an unfair tax on everyday items that affects low income families that are already heavily taxed in other areas. This tax also hurts sales of businesses that sell sweetened beverages (especially the ones close to the county border). I am also especially disgusted at the propaganda advertising that has been done in Chicago to try and get the residents to agree with this tax because it is in place to help with the issue of obesity. These advertisements are completely lying and this tax was created for one reason alone, which is to generate extra income for the county. Somehow the county finds enough money to pay for propaganda advertising to support this tax though. I'd be interested in knowing how much money has been spent on these advertisements.

This is an unfair tax that is not about health and wellness and it includes 0 calorie and low-calorie products. People should have the right to choose what they do/don't consume without being taxed disproportionately.

This tax must be repealed. The county is punishing its citizens for personal choices that they make concerning their lives. The county needs to bring in more health education into the schools. This tax is hurting families.

It is time to repeal the ridiculous beverage tax that was recently passed. Cook County's looming bankruptcy needs to be course corrected utilizing current tax dollars (which are already outrageous), not by continuing to add spurious taxes.

The Illinois Chamber of Commerce is the voice of business within Illinois. We are the largest broad-based business association in Illinois, serving over 2000 businesses. A substantial number of our members are located in Cook County and those businesses are of all sizes and industry sectors.

As part of our mission, the Illinois Chamber of Commerce is dedicated to the promotion and adoption of state and local tax policies that aim to improve the general business and legal climate for the benefit of Illinois employers and citizens. A Cook County beverage tax does the opposite of that. It is hurting businesses, in particular Cook County businesses, by vastly increasing costs to consumers and providing a powerful incentive to consumers to shop outside of Cook County. The effect is hitting working class families and their jobs the hardest.

Not to mention, the imposition of the Cook County beverage tax has driven sales to bordering counties and bordering areas of Indiana. The shift in sales has depressed tax receipts in Cook County, the municipalities located within Cook County, and the Regional Transportation Authority, from the locally-imposed sales taxes imposed by these taxing bodies. Those sales tax dollars will be shifted to other municipalities and counties outside of Cook County, or in some cases Indiana.

We understand the position you are in as you seek to craft a county budget, but now more than ever we need to find a solution that will sustain economic growth and job creation for the long run. The adverse effect on the business community and the higher costs imposed on Cook County residents outweighs any increase in revenue that may result from this new tax.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. The tax is absurd. I will drive farther and pay more for soda outside of Cook County just on the principle. Find a way to budget with out taxing the residents for the County's shortcoming's.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. I want this tax appeal. I feel it is not a tax promoting health, but just a way for the county to raise more money. I will not be purchasing any groceries in Cook County until this tax is repeal.

My name is Erika Cantero, and over the past few years, the price of living in Chicago has gone up drastically and our City is distributing funds inadequately in the public eye. School are closing, teachers are being laid off, but yet, you have money to put together a river walk on the north side. Spare us this bull shit. Don't tell us we need this tax when people are more health conscious than ever and childhood obesity has gone done. Don't tell us that this benefits us. Grocery shopping is already a hassle on our wallets and then you throw another tax on top of my morning OJ and my kids CapriSuns. You might live comfortably and can afford this tax, but a lot of lower income neighbors can't afford this.

I feel this soda tax is very unfair to the tax payers of Cook County. All these commercials thinking of the health of minor age children is ridiculas. It is up to the parents to make choices for their children and it isn't the pop companies making the children drink soda. So stop putting the blame on the pop companies. Put the blame on the politicians of Cook County who spend the money they don't have. How much more tax can the people of Cook County pay? It is VERY UNFAIR to us.

I am in favor of REPEALING the Sweetened Beverage Tax!

Anyone can look it up on the internet and see that Sweetened Beverages (Sugar) alone does not cause Diabetes. Obesity causes Diabetes which is a culmination of things including Junk Food, Fast Food and Lack of Exercise!

Repeal the Sweetened Beverage Tax and spend money on "Educating" our people on the Risks of "Excessive" consumption of Sugar, Junk Food and Fast Food.

Thank you for your consideration!

For over 70 years the Independent Voters of Illinois Preceint Organization has been actively involved in shaping public policy and electing dedicated public servants at all levels of government including some of you here. IVI-IPO has taken positions in the areas of health and human services.

When we have supported candidates and policy we have never proposed perfect policy but the objective is to appreciate valued aspects in reaching a collective conclusion for the betterment of all of the society. In the matter of 17-4704 while politically charged the proposal lacks purpose, principles, and perspective of sound conclusions.

It is the position of IVI-IPO both the public health reason and the fiscal responsibility are grossly disregarded. If you pass this proposal 17-4704 at the beginning of this election cycle, while you may avoid responsibility here, please know you need to be prepared to speak to you lack accountability.

Our greatest expectation is that reason will prevail.

This tax is not about health, it is about lining the countys pockets. If this tax was about health it would impact everyone equally but it won't as people on SNAP get to avoid this ridiculous tax. This tax is unfair to working class individuals and businesses. For once do the right thing, and think of the residence and can the tax. Until it is untaxed I will do all my grocery shopping in WI, which has no tax on any food item including beverages.

On October 12, 2016 Cook County Farm Bureau® requested that you oppose the then proposed Cook County Sweetened Beverage Tax. On October 12, 2017 we'll again stand with fellow business owners, retailers, and manufacturers and ask that you repeal the Sweetened Beverage Tax.

As the county's largest general farm organization, we represent the farmers who are growing the corn. We're not big soda. We're local, small business owners. When demand is reduced (as we're already experiencing), the amount farmers can return to their community is also reduced.

American Farm Bureau Federation® policy #159 states that Farm Bureau opposes anyone dictating which foods should and should not be eaten including imposing "health taxes" on food and beverages. The policy also opposes using taxpayers' money for the purpose of legislating or controlling the diets of American people.

Further, Cook County Farm Bureau policy #202 supports finance policies that encourage economic stability, increases productivity, and improves the county's competitive advantage. The Sweetened Beverage Tax is the exact opposite of this policy.

For the above reasons, Cook County Farm Bureau® opposes the Sweetened Beverage Tax and supports Ordinance 17-4704. We ask that you repeal the Sweetened Beverage Tax.

Cook County Farm Bureau® is dedicated to bridging the gap between farmers and urban consumers. Through education programs targeting youth and their parents and programs designed to connect farmers with potential consumers, Farm Bureau members are actively engaging in conversations about food and the shared values between farmers and consumers.

If you have any questions or if we can provide any additional information, please contact me at (708) 354-3276 or via email at bona@cookcfb.org.
