Commissioner Quezada, I'm a constituent of yours in District 8 and calling on you to vote YES and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board Meetings, AND #21-0565 to have Indigenous Peoples' Day REPLACE Columbus Day for Cook County. It is long past time we put these small practices into place to acknowledge not only the original stewards of these lands, but our role in their oppression and expulsion.

Thank you for your support! Hopefully we'll see success soon on BOTH these issues!

I am a constituent of Bridget Degnen in District #12. I urge a YES vote on #21-0565 to have Indigenous People's Day REPLACE Columbus Day for Cook County. This would be a start in recognizing the enormous wrongs committed by settlers in North American when seized the land of Indigenous peoples and engaged in ethnic cleansing and genocide.

Hello,

My name is Rose Miron and I am a historian of Indigenous history in the United States and a resident of District 13 in Cook County. I hold a PhD in American Studies, focusing on American Indian and Indigenous history and work as a historian for the Newberry Library. My Commissioner is Josina Morita.

I am writing today to express my support for File #21-0565 and #21-0597 to replace Columbus Day with Indigenous Peoples' Day and the reading of a Land Acknowledgement before monthly board meetings.

I will begin with the issue of Columbus Day. Columbus Day commemorations usually portray Christopher Columbus as a heroic and peaceful explorer, but historical sources, including Columbus's own letters and journals, tell a different story. In them, we see Columbus immediately resolve to exploit the new lands he reached and their people. They clearly show him relentlessly searching for gold, establishing military footholds throughout the islands, and killing and enslaving Indigenous people. They also show Columbus describing Indigenous people as "good servants" with "no religion," dehumanizing language that invited the Spanish to follow his model of ruthless exploitation with a clear conscience, which they did beginning with his second voyage. While it may be tempting to think that Columbus's actions were acceptable in the 15th century, even as many of us acknowledge them as wrong today, in fact, they were highly debated at the time, and many criticized his greed and violence. The history of Columbus's life and the violent birth of settler colonialism in the United States that followed his voyages should be taught as a part of US history in all its complexity, but a holiday honoring his legacy does not enable discussions of encounters between Europeans and Native people. That history must be better understood in order to promote equity and cross-cultural understanding. I encourage those who are concerned about the erasure of history to reflect on the information that Columbus Day obscures. In addition to erasing a history of enslavement, rape, mutilation, and murder, existing narratives that accompany Columbus Day typically marginalize or fail to mention Indigenous people entirely and rarely depict settler-colonial violence. Despite the atrocities committed by colonizers, Indigenous communities are still here and thriving. In order for us to build a more equitable future for all who live in Cook County, we must center Native voices and reevaluate how we view, talk, teach, and think about the history of Columbus Day.

On the second issue of reading a Land Acknowledgement, I implore the commissioners to consider the importance of recognizing the historical and ongoing presence of Indigenous peoples as a part of their work. Land acknowledgements call attention to Indigenous peoples' ongoing connections to a place and to the importance of confronting the often violent history that forced them from that land. The history of Indian removal from Cook County is violent, and includes horrific campaigns against Native people such as those that took place in the so-called "Blackhawk War" (1832) and those that resulted from removal such as the Potawatomi Trail of Death (1838). Acknowledgement of these histories is imperative to recognize how the county benefitted from dispossession and settler colonialism as well as how they can work with tribal communities whose land we are situated on to reckon with that difficult history.

Thank you for considering these important proposals.

Commissioner Britton, I'm a constituent of yours in District 14 and calling on you to vote YES and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board Meetings, AND #21-0565 to have Indigenous Peoples' Day REPLACE Columbus Day for Cook County. As a county and indeed a nation built on land where indigenous peoples have lived for countless generations, all non-native folks owe them respect and a great deal more. While land acknowledgements are only the beginning, they bring this underlying situation to light, a necessary first step to healing our relationship with the land and its people. For the same reasons, indigenous peoples deserve a day of recognition, and Columbus, whose attitudes toward native people are documented to have been especially hateful, does not.

Thank you for your ongoing support! Hopefully we'll see success soon on BOTH these issues!

Sincerely,
Rob Hackl-Blumstein

Commissioner Lowry, I'm a constituent in District #3 and calling on you to vote YES and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board Meetings, AND #21-0565 to have Indigenous Peoples' Day REPLACE Columbus Day for Cook County. Growing up in Cook County, we learned in school about Columbus and about a few broadly categorized Indigenous groups, but nothing about how the relationships of indigenous peoples to this land, to one another, and to settlers shape our experience of the place we live. It wasn't until I was a teenager that I learned (outside of school) about the ongoing influence of indigenous neighbors in Cook County. I want the next generation of children and adults to have the opportunity to form a deeper understanding of how colonial processes shape our daily life and institutions. I believe that knowing how we got here will foster a respect for indigenous sovereignty and for our responsibilities to the land and to one another. That starts, but does not end, with land acknowledgement.

It is time for Cook County to join the ranks of municipalities and governments which are honest with themselves and the history of Indigenous peoples on this continent. Continuing to cling to "Columbus Day," and the fabricated narrative with which it is associated, fools no one my age. People of my generation and younger already know the truth. Anyone younger than 45 moved on from the false narrative of "Columbus Day" decades ago. It's time for Cook County government to catch up and to face history and ourselves. Telling the truth about correcting historical mistakes is always better than refusing to change.

Commissioner Trevor, I'm a constituent of yours in District #9 and calling on you to vote YES and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board Meetings, AND #21-0565 to have Indigenous Peoples' Day REPLACE Columbus Day for Cook County. As an educator and former history teacher, I think it is very important to teach a true and representative history of our country and recognize both the good and the bad. Replacing Columbus Day with Indigenous Peoples' Day is one small step in recognizing the genocide that was carried out and honoring those whose land was stolen. Please vote for these two measure in order to recognize, honor and educate.

I urge you to vote YES and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board meetings AND #21-0565 to have Indigenous People's Day REPLACE Columbus Day for Cook County. Reading a Land Acknowledgement is one small way to keep raising our consciousness about the need for right relations with our native kin. Replacing Columbus Day with Indigenous People's Day is a concrete step towards denouncing a racist, colonial, genocidal history and honoring those who were harmed by that history. Thank you very much for your thoughtful consideration of these two measures.

Commissioner Morita, I'm a constituent of yours in District #13 and calling on you to vote YES and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board Meetings, AND #21-0565 to have Indigenous Peoples' Day REPLACE Columbus Day for Cook County. I feel this way because I am an Indigenous American who regularly sees how my people have been affected by the colonization and discriminatory practices of the country. These two items are the least we can do as the City of Chicago to acknowledge the trauma and discrimination that Native people have experienced since the establishment of this country. Please vote YES and support these items.

Hi Mr. Daley. I am a constituent of yours in Chicago, McKinley Park. I am urging you to vote yes and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board Meetings, and #21-0565 to have Indigenous Peoples' Day replace Columbus Day for Cook County. In order to move forward as a nation of true equality, we need to recognize all people here. Honoring the indigenous people who were here first does not take away from Italian-Americans; we can honor them in a different way besides supporting a violent man such as Columbus.

Your support will go a long way to ensuring that Native Chicagoans are seen, heard, and supported here in the Chicagoland area. We cannot have equal opportunity until we have recognition.

Thank you for your understanding and support.

Warmly,

Kate O'Rourke

Commissioner Trevor, I'm a constituent of yours in District #9 and am calling on you to vote YES and support #21-0597 to have Cook County read a Land Acknowledgement at monthly Board Meetings, AND #21-0565 to have Indigenous Peoples' Day REPLACE Columbus Day for Cook County. It is too late for us to protect indigenous people from the destruction of their way of life, and from the decimation of their population. We should take these very small steps to acknowledge the lasting harm that European settlers caused in indigenous communities and to actively honor the original inhabitants of our country. Those of us who were taught that Christopher Columbus "discovered America" were not provided with an honest, accurate history lesson!
