

**BOARD OF COMMISSIONERS OF COOK COUNTY**  
SECRETARY TO THE BOARD OF COMMISSIONERS

MATTHEW B. DeLEON  
SECRETARY TO THE BOARD

**Cook County Board Meeting**

**September 13, 2017**

**Registered Public Comments for those Attending and Not Attending the Meeting**

**Sorted by Commissioner District using zip codes provided by commenter**

NOTE: This is our first use of the online registration survey created on the Survey Monkey website.

Because of the volume of responses for this meeting (1,881 responses), we were unable to use Survey Monkey to create a single PDF which would encompass all comments for this meeting.

To create more manageable PDFs, we broke out the responses by zip code and then combined those zip codes by commissioner district.

MANY zip codes overlap County commissioner districts. In the interests of time, we were unable to break out which specific responses were for each district. To ensure all possible responses for a district could be seen, you will find all the responses from any zip code which overlaps district boundaries in each applicable commissioner district PDF.

This is an excessive tax (38% on my last purchase). It's supposedly based on keeping children from becoming obese, that's nonsense. Call it another sin tax or enjoyment of life tax but don't tell me this will keep children healthy. The adults in their lives should be paying attention. A lot of families whose children who are at risk don't even have to pay the tax. We do not drink sugary drinks and I haven't seen any report showing that the government needs to protect me from diet drinks so why do we need to pay an extra tax on those if it's supposed to help children. Meanwhile those people drinking their fancy sugary coffees don't have to pay. We will purchase our drinks in a different county whenever we can and along with those will not doubt come other grocery purchases that would go to local stores.

The beverage tax is outrageous and needs to be repealed. Cook County needs to cut costs elsewhere and fire overpaid staff who don't work but collect a paycheck.

If the beverage tax is designed to promote better health, why does it include items sweetened with artificial sweeteners that have ZERO CALORIES? As a Type 1 diabetic this tax is discriminatory and is not being implemented consistently across stores in Cook County. Repeal this tax!!

This tax is a ridiculous over reach. If you need money take some of Joe Barrios family off of county payrolls, redo excessive union contracts, so many places to save money.

The beverage tax is abhorrent because it applies to beverages with no calories, therefore it is obvious Toni is lying about the reason for the tax. I cannot stand Cook County and its bloated, corrupt government. I can tolerate federal, state and city government. But county government? That seems fairly irrelevant to me. I could care less if 10 or even 50% of Cook county employees loses their jobs if the tax is repealed. County government is not a jobs program. Those individuals can get jobs in the private sector like me and everyone else. I do not use any county services and avoid our health department because I have health insurance. I cannot stand that despite being the 3rd largest city in the country, we somehow have to have the highest sales taxes, in addition to the ridiculous sweetened beverage tax. The fact that this tax was passed under the veil of health benefits for children is an absolute joke. It is appalling to hear our inept government say, look if you give us more money, we'll somehow improve your health. No intelligent person believes Toni Preckwinkle and the lies spewing from her mouth. She's just another shady politician trying to prop up her political machine. The fact that individuals using food stamps are exempt from the tax is massively unfair. Why should people getting free money from the government be tax exempt? Cook County is basically encouraging a welfare state. That is absolutely aggravating to me. I want to enjoy a diet coke and not have to think about having to pay Toni Preckwinkle 1 penny for each sip. That's revolting to think about. I'm 170 pounds, 5 11 tall and in good shape. My parents taught me about personal responsibility. If other parents are unable to teach their children about moderation, then they deserve the negative affects of an irresponsible lifestyle. I see no harm in enjoying a diet soda. But I will not tolerate paying a tax for something that has nothing to do with obesity. Diet soda has zero calories. And just to let all of you inept, corrupt commissioners know, I work in Lake County and now do 100% of my grocery shopping there. Last week I bought 48 cans of diet soda and Cook County got 0% of that purchase. Too bad for you scumbags. And as a side benefit to myself, I also do my other food shopping in Lake County and have no qualms about not supporting my local businesses. My elected representatives have failed me by making Cook County a consumer unfriendly friendly place to shop. I will not prop up a corrupt, expensive, irrelevant system of government. I loathe Toni Preckwinkle and can't wait for the day that I will vote her out of office. Every one of you commissioners should be ashamed to think you have the right to reach into my pocket and take my money under the guise of health benefits on products that have 0 calories.

The beverage tax has tens of thousands of people worried about their jobs and supporting their families. I oppose the appeal of the sugar sweetened beverage tax. Please keep the tax to fund important county health and public safety services, especially with all the violence the City of Chicago is encountering. The one caveat I'd mention is that I'm not certain why sugar free beverages were included in this tax, as residents do not have have any alternatives to move them from sweetened beverages to low calorie beverages. It's disappointing that the policy was not structured to simply address sweetened beverages alone.

I oppose the repeal of the sweetened beverage tax. The revenue from this tax supports much-needed infrastructure for the county and our justice system. The potential for job losses for those who help indigent clients is catastrophic if the tax is repealed. Not only does this tax promote healthier lifestyles for Cook County residents, but its revenue is crucial.

1/5 of everyone's grocery budget is beverages. No one wants to drink only water, milk, tea, coffee or 100 percent juice. This tax almost doubles the cost. The artificially sweetened drinks are not causing obesity and I cannot stand to hear that one more time, every 5 minutes on TV. If the concern is for sugar related obesity then just tax drinks with sugar, not artificial sugar, and then All foods that are sugar related, like bags of sugar should be taxed as well.

The arguments for this text are ridiculous. It is completely unfair to tax one sugary item without taxing them all; candy bars, sugar coated cereal, ice cream Etc. Increasing the tax on pop will not decrease children's intake of sugar, they will just find an alternate source. Get rid of Tax funded Pensions instead of forcing us to pay for your pensions by increasing our taxes when we have the highest tax rates in the country. Removing tax based pensions for teachers and government employees would solve the budget problem. The rest of the workforce has two fun their own 401k's with small corporate matches and they don't come close to a pension, why can't government employees do the same? It is 2017, not 1950.

As a pediatrician in Chicago, I oppose the repeal of the sweetened beverage tax. Sweetened beverages are a major contributor to the epidemic of childhood obesity throughout our country and in our communities. Obesity leads to numerous expensive and debilitating health problems including type 2 diabetes and heart disease. The Cook County beverage tax is a common-sense solution to provide needed revenue to reinvest in the health of our community.

Please repeal this unnecessary tax. I work in healthcare. It's the responsibility of the parents to not allow their children to drink sweetened or unhealthy bevarages.

If you are really concerned about the health of childeren or individuals, how about finding ways to work with grocery stores or food supply chains to lower the cost of health foods like fruits and vegetables so that lower income families can provide them to their children. Just a thought.

The sweetened beverage tax should be repealed. Because it applies to drinks without sugar, it is not a health issue being addressed but a money grab. If the county wants to tax sugar, it needs to tax ALL products with sugar in them. If the county cares about health, it should start teaching personal responsibility, not tax everyone excessively and drive business from the city.

I do not agree to the beverage tax because the excuse used for it is illogical. The alleged reasoning is 'improved health/lower healthcare costs because less diabetics' - no it's not - the purpose is to raise money to fund other things. Toni Preckwinkle, et. al are insulting my intelligence both as a taxpayer and a diabetic by using the serious issue of obesity/diabetes as a way to gouge some cash from the public. If you really cared about obesity/diabetics, the money raised should go to fund research/programs for those issues. If the issue truly is obesity/diabetes, look to the sugar lobby, the corn lobby, and all the other sugar manufacturers that insist on dumping sugar into all food products and do so because they've bought and legislators. Tackle the FDA and any other entity that allows food manufacturers to label things 'sugar free' because a certain percentage of sugar is allowed. NO - sugar free should mean SUGAR FREE. There's a myriad other ways to support the problem of obesity/diabetes and such support is greatly needed however this sweetened beverage tax is a scam.

The beverage tax is overstepping the bounds of what is acceptable for the American people residing in Cook County, as it unjustly burdens the local merchants and by extension their customers. Furthermore, it sends more tax dollars to neighboring counties and states as Cook County residents do not wish to pay for excessive measures and weakens the already fragile state economy. I as a concerned resident implore Cook County commissioners to repeal this tax for the sake of our economic prosperity and freedom.

I support the tax on sugar sweetened beverages and oppose its repeal. As a pediatrician, it is shocking to see the amount of pop and juice that children in our community are consuming. There is evidence that taxing sweetened beverages will reduce their consumption, so I support this tax.

I support this tax! It is a necessary measure in begin to support the health and wellbeing of Chicago's children. There are better, more honest ways to balance the budget. How about getting the fat out of county government?

Taxing beverages under the guise of health is bogus and everyone knows it. It also punishes those who can least afford the tax. I will NOT buy any of the taxable items and will go outside of Cook county to buy my beverages. This will deny the county ANY sales tax on my purchases and will cost me less than my gasoline cost to do so. I will benefit from lower gas taxes as I will fill my tank outside Cook county as well.

I will enjoy the ride knowing Toni Taxwinkle can't get my money.

This is not helping anyone. The thin veil of "health" is bologna and everyone knows it. Also, even if you think that's the case- now you won't buy said beverage meaning not only are you not paying this tax you aren't paying the non-soda tax. So the city/county lose tax money again. How much have the surrounding counties received from people going elsewhere (again losing the full tax possibilities)? We went to visit family over Labor Day holiday. We bought 9 12-packs. This will last us for a while but not only did the city and county lose our money- so did the state.

We are just one family changing where we shop- not what we buy.

This tax is definitely NOT about health. If it were, EVERYONE would have to pay it. By exempting those on food stamps, you're telling me that you don't care about the health of those children, who already, in many, many cases arrant getting the nutritional food that they need. Also, if it were about health issues, you wouldn't/shouldn't be taxing flavored water!!! So get real, and admit that it's just another tax to stick on us. What we need is another Boston Tea Party. Find another way to balance the budget, and stop putting it on the shoulders of hard working citizens!!!! REPEAL THE SWEET BEVERAGE TAX! Water isn't sweet, unless you haven't tasted any lately. Michael Bloomberg, how about putting all that money you're spending on commercials into the health card fund you're saying the tax will go to.

The soda tax is totally biased. That should be grounds to repeal it completely. Common sense needs to prevail.

EMAILED TO [luis.arroyojr@cookcountyil.gov](mailto:luis.arroyojr@cookcountyil.gov) on 8/3/2017, AND RECEIVED NO RESPONSE

Hey Junior, I don't know if you remember me, but I helped you carry Ald. Dick Mell's 33rd Ward when you were initially elected. He called me and asked me to VOLUNTEER since I was unemployed at the time and I did. I got 100% of my plusses to VOTE FOR YOU! They didn't even know who you were. I worked 4 precincts for you!!!!

Shame on you for hurting me, Bonnie, and the other Senior Citizens in OUR County District.

I'm VERY DISAPPOINTED IN YOU AND I WON'T FORGET THIS AT YOUR NEXT ELECTION AND I'LL MAKE SURE EVERYONE I TALK TO KNOWS!!!

Please respond!

Since the tax, I have left Cook County to purchase diet drinks that contain no calories. If you want to stop childhood obesity, you would be taxing snacks and other bad food items. Cook County is now losing regular sales tax revenue. I know I'm not alone in leaving the county. This is putting our county further into the red.

This is unfair. It taxes sugarless and diet beverages.

If health is an issue, tax gasoline at a penny-per-ounce. That will reduce consumption, just like the tax on tobacco did. Cars kill almost 40,000 people every year. Car make noise, produce pollutiion.

Sugar drinks only harm the people who use them. Gasoline threatens and hurts everybody.

I am not in favor of the tax on sweetened beverages. It is s regressive tax that hurts the poor and will cost the county jobs.

I support the continued implementation of the sugary beverage tax and hope Cook County continues to support efforts that promote health and public health. As a teacher, every year I see my students get fatter and fatter. The parents of these children are battling diseases like diabetes which take a financial toll on the family but also an emotional toll on the children affected. We need to proactively look for solutions to the obesity epidemic our city/county/state is facing and look for more ways to increase funding for public health initiatives that address obesity and chronic illnesses that unfortunately and intentionally target the most challenged communities. Keep the tax!

I have been a type 1 diabetic all my life, now for 50 yrs. My one sister died from it at 1-1/2 yrs old, other sister got it at 3 yrs old, the other at 9 months. We never got it by drinking sugared soft drinks as Bloomburbs commercials are stating. The tax is unfare for myself who only drinks unsweetened or artificially sweetened juice, water, or soda. I get tired of drinking water and dont like or drink tea or coffee, so my choices are very limited. Why now must I drink less to avoid your sugar tax to live within my income. I don't see Cook County living within their budget. You keep spending and spending without living within your means, but for me to enjoy a Diet Coke or glass of orange juice to get me out of diabetic shock will cost me an extra 64 cents to keep me alive. I will not pay additional County tax and WILL drive to Lake Cnty to buy all my food and groceries. Please repeal this tax, live within your means, quit spending money you don't have and quit taxing all of us for your mismanagement of funds. Wake up Commisioners.

I have been a type 1 diabetic all my life, now for 50 yrs. My one sister died from it at 1-1/2 yrs old, other sister got it at 3 yrs old, the other at 9 months. We never got it by drinking sugared soft drinks as Bloomburbs commercials are stating. The tax is unfare for myself who only drinks unsweetened or artificially sweetened juice, water, or soda. I get tired of drinking water and dont like or drink tea or coffee, so my choices are very limited. Why now must I drink less to avoid your sugar tax to live within my income. I don't see Cook County living within their budget. You keep spending and spending without living within your means, but for me to enjoy a Diet Coke or glass of orange juice to get me out of diabetic shock will cost me an extra 64 cents to keep me alive. I will not pay additional County tax and WILL drive to Lake Cnty to buy all my food and groceries. Please repeal this tax, live within your means, quit spending money you don't have and quit taxing all of us for your mismanagement of funds. Wake up Commisioners.

**Q6 ACCOMMODATIONS:** If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at [cookcounty.board@cookcountyil.gov](mailto:cookcounty.board@cookcountyil.gov) Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. The Cook County soda tax has been poorly thought out and adversely affect small business and responsible adults who drink sweetened beverages. The notion that this tax is ablut stopping kids from drinking sweet drinks would be valid if the taxes didn't include Diet drinks which children don't drink. This ordinance needs to be completely repealed and replaced with a flat percent tax instead.

The Beverage Tax is a violation of the inalienable right to life in the United States as water and beverages are singularly life sustaining above all other elements. The consideration of a tax on such is reprehensible, wrong and unconstitutional. Anyone supporting said tax should be, and voters have demonstrated; be removed from office. Taxes on this matter collected to date should be credited back to the tax payer via the 6 month reduction or elimination of all related county taxes without question.

I cannot believe you would punish citizens for the option to purchase sweetened beverages with an unreasonable tax. Why not tax the corporation producing these unhealthy beverages? If that is not an option because you're afraid of losing bribes, then you can start a campaign similar to the no smoking campaign by spreading information to people regarding what sugar does to someone if they drink too much. Personally, this does not affect me, however I see this whole nickel and diming everyone as dangerous. What else do you plan on taxing? The polluted air that we're breathing?

I am a diabetic on disability. Low income. Very little I can drink but diet beverages without sugar. By adding on this tax to DIET soda, you have made this unavailable to me and thus, a hardship. I am opposed to this tax. It is insulting to sell it as looking out for the health of our youth; parents will address the health of their children. The tax has resulted in my shopping for soda, as well as groceries, in Lake County.

This sugar tax is not preventing me from buying sugar drinks but only preventing me from spending the money in cook county. The Cook County Beverage Tax should be repealed for several reasons. To be brief, I quote the American Cancer Society's Michael Thun:

"Caloric imbalance causes obesity, so in the sense that any one part of the diet is contributing excess calories, it's contributing causally to the obesity; it doesn't mean that something is the only cause. It means that in the absence of that factor there would be less of that condition."

Soda causes obesity in the sense that soda has calories, and so if you drink more soda and don't cut back on other sources of calories, you'll have more obesity. The argument of public health is weak at best when knowledge of diet and nutrition is applied appropriately. Secondly, the tax more directly hurts lower income families and individuals with all these "small" tax costs. Most people will still buy the drinks they love, and that is their choice in their pursuit of happiness. Beyond the injustice of more looting every time you buy a soda, these proposals would be yet more precedent for future government invasions of liberty. In twenty years, when someone proposes that slothful television viewing be regulated, some scientist will no doubt say, "We did it with Coke."

The fact that you are taxing diet soda's which do not cause diabetes or obesity is ridiculous. For the last 6 weeks, Lake County has received my sales taxes for the soda and fuel that I purchase up there. If this continues, I may as well do my Christmas shopping up there as well, since I'll be up there.

If you were serious about this problem you wouldn't allow "soda" to be purchased and then "untaxed" when using "food assistance" programs. Seems "discriminatory" to me to tax only one segment of the population! And "FYI" I don't even drink any of the products you are unfairly taxing.

This tax is un-evenly applied to the taxpayer with some soda and sugar items taxed while others are not. I protest Against this tax. This is one more tax overwhelming the average Chicagoan. And it does not fix any of the city problems. Fix the budget , pensions by modifying your spending and not adding taxes. I am all in favor of reducing services and decreasing payrolls and pensions. Quit spending money we don't have. The soda tax must be repealed! Enough already. Reduce the size of the city's government

I feel this beverage tax is an over reach of government. I am able to make healthy choice decisions for myself and my children. I do not need county government to instruct me. In addition many beverages are misplaced as sugary drinks thereby further infringing on my right to make those decisions. What is next? Taxing meats based on their fat content to avoid high cholesterol in the population? The cook county forest preserve just cut through a forest area destroying many trees to put in a bike path that cuts across a very busy n dangerous intersection of central ave between Elston and Devon. This to connect a bike path to an already existing one that begins at Caldwell and Devon.

The bike traffic that I have noticed has been minimal as there are already bike lanes on Milwaukee ave. The project had to cost thousands. Perhaps those funds should have been used to make up the never ending budget crisis instead of catering to a small segment of the population for a limited seasonal usage!

This Cook County beverage tax is unfair and they are not only taxing soda beverages. They are taxing everything. They are taxing flavored water, sports drinks. They are taxing beverages that you drink @ restaurant. These taxes are unfair and are too high. The children are getting obese from EATING not drinking sweetened beverages. Everyone drinks sweetened beverages not just children. Every citizen in Cook County should be able to Vote to to repeal the beverage tax.

Please repeal the beverage tax since it unfairly excludes SNAP enrollees, stifles the economy, punishes small businesses especially the restaurant and grocery sector, and takes money out of the middle working class pockets. The middle class is being punished to live in Cook County. At the next election, my displeasure in being taxed to support wasteful spending will be reflected at the voting booth. Further insult of my intelligence by touting the beverage tax as a way to fight obesity is obscene. Why am I not getting a tax credit for enrolling in a gym ?

This tax is not for the benefit of the children as you all are making it out to be. If you decide to donate ALL of the revenue earned to children's health, then I may have a different opinion. This is another money grab from citizens that are already being taxed too much in this city. Repeal this tax and focus on balancing the budget with the money you already take from us.

Cook county imposes too many taxes on it's citizens and then uses the revenue to support a bloated county government and patronage system that does little to improve the lives of residents. I'm no fan of sugary drinks, but the money collected through this tax should stay in the pockets of the residents of Cook County. The money will produce more economic benefits and jobs in the hands of citizens than it ever could in the hands of greedy politicians.

I support the effort to repeal the Cook County Beverage Tax as it is overly oppressive and broad. Although fighting childhood obesity is honorable, when this tax even applies to prune juice it seems obvious that it is not well applied. Please reconsider the existing tax for some more targeted and appropriate type of revenue.

I strongly support the repeal of the regressive Cook County Beverage tax. I am retired. This tax is an unfair burden. Please remember the British tea tax and the Boston Tea Party.

Repeal the soda pop tax. I have already started shopping in Lake County and Indiana. I will not pay this ridiculous tax. While in Indiana last week I purchased two pair of slacks, flavored water, Coke, gas, vitamins, a top and a pair of shoes. Think of the money I saved in taxes (Indiana is 7%) and what Illinois lost mainly because of the soda pop tax. You are driving me out of Cook County and Illinois.

How much of this money will go to fight diabetes and obesity?

I think the Commissioners should consider a program to teach MOM'S how to feed their children properly and nutritiously. The Commissioners also have to be taught sugary drinks are not dangerous to health when consumed in moderation. Bottom line it's just a money grab because of tax and spend, tax and spend policies.

I'm writing to express my strong support for REPEAL of the Cook County Beverage Tax.

It is quite obvious that this disingenuous tax is not only insincere, but also a thinly veiled cover for years and years of irresponsible financial management on the part of the county.

I am a healthy adult male in very good shape - not overweight. And yet I'm being disproportionately charged for the county's long history of poor management. No wonder folks are moving away from the Chicago-area in record numbers.

I am HAPPY to pay taxes to support necessary services. This definitely includes a reasonable, fair HONEST tax INCREASE. If we are broke, say plainly "we are broke - and we ALL need to kick in a bit more to provide essential services." 1 cent sale tax increase across the board for all of us? Fine. Small county increase in income taxes? Okay. Better yet, an increase in a PROGRESSIVE, FAIR income tax? Definitely. But this tax is:

1. Dishonest. We know - and YOU know - that this is NOT primarily about public health. If it was, it could - and should - be changed in lots of ways. As just a single example, sugary beverages are one thing. But ZERO calorie beverages are something else entirely. The research on these beverages is inconclusive at best. And if you eat well, exercise, and drink zero calorie beverages, these low calorie beverages will not make one obese. DIFFERENTIATE BETWEEN HIGH CALORIE/HIGH SUGAR BEVERAGES and LOW/ZERO CALORIE BEVERAGES. That would at least make this appear to be slightly less disingenuous.

But the current over-reach stance is further evidence of how dishonest this money grab is. Plus, it plays right into the narrative that elected officials aren't honest/can't be trusted - which is exactly the WRONG message we need to be cultivating in our civic spaces right now!

I had much higher hopes for the savvy and humility of this group. I am truly disappointed. (On the upside, every time I consider buying my usual carton of low calorie orange juice at the store (and then decide not to because I don't want to support this dishonest tax) - it does remind me how important it will be to elect new commissioners.)

2. Too much. In addition to being totally inconsistent in terms of what beverages should be included - it's also far too much money. I know that whatever "sin tax" clinic that Michael Bloomberg and company sold to our commissioners instructs them that it needs to be very high to impact behavior - but, a far more reasonable approach would be to restrict the tax to HIGH SUGAR/HIGH CALORIE beverages only - NOT low or ZERO calorie beverages, fruit juices and teas, and secondly to make it a more REASONABLE tax. Oh, you'll pay an extra nickel for a coke, dime for orange juice, or quarter for a case of soft drinks? Frustrating maybe, but begrudgingly, tolerable. However, in most cases, 35-85% of the cost of an item? Ridiculous. And dripping with nanny-state pretension and arrogance on behalf of this body.

3. Unfair. Finally, if you're going to do it, apply it to all folks equally, including folks who receive public assistance. I hate to say this, as I have tremendous empathy for folks in these situations. And this tax already disproportionately effects folks who can least afford to pay higher taxes (how about a tax on high income folks - rather products bought in high quantities by low and middle income folks?). But, if you must maintain this obviously false narrative, at least include the folks who are least able to afford alternate choices (and as such, have to drink unhealthy beverages and are in turn most impacted, health-wise).

In closing, I want to restate my disappointment and disillusion with this body. Though I would typically tend to agree politically with many of the commissioners who supported this tax (I had been a strong previous supporter of several of these specific commissioners), I will work fervently to not only vote against supporters of this policy in future elections, but to also rally friends, neighbors, and others to vote AGAINST each of the commissioners who continues to support this dishonest/poorly thought out/disproportionate tax.

This is THE ONLY tax in Crook County that addresses the issue at hand. Our responsibility is for the welfare of our most vulnerable populations. Even a study from Harvard supports this initiative and its goal to fight chronic illnesses aligned with obesity. If you allow the taxation of healthy beverages such as water, you should in good conscience support the taxation of harmful beverages like pop and other sugary beverages!

People before corporations and making money for big businesses that are systematically killing Latinos, African Americans and the working poor at the highest percentages. My community wholeheartedly support the taxation of sugary beverages and applaud its entire designation is allocated in its entirety to Public Health - FINALLY!

Those in opposition to this tax should find another job because we will remember how our health and well being was not your priority!

This tax needs to continue its implementation for the positive health outcomes of all Cook County residents that are fighting obesity related issues especially our youngest populations. The welfare of Cook County should be at the forefront and the resounding message that financial gains will not be permitted at the cost of our livelihood should be the message. There are healthier ways of creating financial wealth while not jeopardizing its citizens or putting us at risk for chronic illnesses. People before the ill gotten gains of the corporate world that doesn't worry about rising healthcare costs.
