**Executive Summary
Cook County Final Revenue Report
December 1, 2012 through November 30, 2013**

TOTAL REVENUE - Total twelve months actual revenue of \$2,259.8 million was below budgeted revenue of \$2,295.7 million, and resulted in an **unfavorable** variance of \$35.9 million or 1.56%. This represents an \$10.4 million **favorable variance** compared to the previous month ended October 2013 **unfavorable** variance of \$46.3 million.

There was improvement across some revenue categories versus budget in November 2013, led by County Treasurer fees, Recorder of Deeds fees, CCHHS Patient fees, Disproportionate Share Hospital (DSH) adjustment payments, Cigarette tax, County Use tax, and Non-Retailers Transaction tax, offsetting a reduction in Clerk of the Circuit Court, 1115 Medicaid Waiver Expansion, Alcoholic Beverage tax and Non-Titled Use Tax.

Net negative variances	(131.1)
Total net negative variance	\$ (35.9)

FEES

TREASURER – Total twelve month actual revenue of \$84.1 million was above budgeted revenue of \$76.0 million, and resulted in a **favorable** variance of \$8.1 million or 10.68%, based on current economic conditions, and the results of the Annual Tax Sale held in August 2013.

RECORDER OF DEEDS – Total twelve months actual revenue of \$40.2 million was above budgeted revenue of \$33.3 million, and resulted in a **favorable** variance of \$6.9 million or 20.55%, based on interest rates which are at a record low, and a strong stock market. Housing sales are rising for single-family homes and condominiums. This is due to still low interest rates and rising home prices which are bringing out the sellers. Potential buyers are acting quickly to lock in affordable rates.

CLERK OF CIRCUIT COURT – Total twelve months actual revenue of \$87.6 million was behind budgeted revenue of \$95.0 million, and resulted in unfavorable variance of (\$7.4) million or (7.77%). This is primarily due to the reduction in the number of cases filed.

CCHHS – Total twelve months actual Patient Fee revenue of \$233.4 million was above budgeted revenue of \$231.1 million, and resulted in a **favorable** variance of \$2.3 million or 0.99% through the period ended November 30, 2013. In comparison of November 30, 2013 Patient Fee revenue to October 31, 2013 Patient Fee revenue, CCHHS had a \$6.6 million positive variance resulting in a **unfavorable** variance of \$4.3 million for Patient Fee revenue. The overall **favorable** variance in Patient Fee revenue of \$2.3 million, BIPA IGT positive variance of \$30.0 million, 1115 Medicaid Waiver **unfavorable** variance of (\$95.1) million and positive variance in DSH (Disproportionate Share Hospital) of \$20.1 million, **giving CCHHS a total negative variance of (\$42.7) million through the fiscal period ended November 30, 2013.**

The positive variance in Patient Fees is primarily due to \$4.3 million the County received for the Upper Payment Limit (UPL) adjustment (from 10/1/10 and forward) combined with State Fiscal Year SFY 2013 (retro 7/1/2012 and forward). The System CEO and his management team are working closely together to improve billing processes for better revenue collections, and exploring other sources of revenue. The System CEO and his management team meet weekly to review revenue activity, have monthly meetings with the State of Illinois to discuss reduction of Medicaid application backlogs, and work together on implementing other revenue enhancing initiatives such as physician billing.

CCHHS 1115 Medicaid Waiver – Total twelve months actual 1115 Medicaid Waiver revenue of \$101.8 million was below budgeted revenue of \$196.9 million, and resulted in an **unfavorable** variance of **(\$95.1)** million or (48.31)% through the fiscal period ended November 30, 2013.

In November, CCHHS took 338 new applications each day for CountyCare. The 2013 budget was based on 115,000 CountyCare members. By the end of October CCHHS had taken over 125,000. In November, the State processed an average of 543 applications per work day. CCHHS will continue to submit CountyCare applications through the end of the wavier period on December 31, 2013. CountyCare PMPM payments are paid retro-active to the month of application. CCHHS will continue to receive 2013 PMPM payments until all of the applications are processed by the State. Payments of 2013 PMPM revenue will continue into 2014 along with some additional fee for service Medicaid revenue paid to CCHHS for the services provided by CCHHS prior to the patient's eligibility for CountyCare.

HOME RULE TAXES

The **County Sales Tax** - revenue of \$363.8 million through the period ended November 30, 2013 was above budgeted revenue of \$362.5 million, and resulted in a **favorable** variance of \$1.3 million or .37%. The November 30, 2013 positive variance increased \$.9 million from the positive variance \$.4 million as reported for the period ended October 31, 2013 mainly due to County Sales Tax reduction from 1% to .75% and a change in consumer spending. **For more data see Exhibit I – Page 9.**

The **County Cigarette Tax** - revenue of \$148.1 million through November 30, 2013 was above budgeted revenue of \$133.3 million, and resulted in a **favorable** variance of \$14.8 million or 11.10%, assisted by the one-time collection of the \$1 per pack rate change floor tax payments and ongoing enforcement efforts.

The **County Use Tax** - revenue of \$65.4 million through November 30, 2013 was above budgeted revenue of \$59.5 million, and resulted in a **favorable** variance of \$5.9 million or 9.90%. The November 30, 2013 positive variance increased \$.1 million from the positive variance of \$5.8 million as reported for the period ended October 31, 2013. The County Use Tax positive variance was primarily due to increased compliance and enforcement efforts. We continue to also see a sustained positive trend in automobile sales overall.

The **County Alcoholic Beverage Tax** - revenue of \$35.0 million through November 30, 2013 was below the budgeted revenue of \$39.1 million, and resulted in an **unfavorable** variance of (\$4.1) million or (10.41%). Sales have not increased as much as anticipated as the economy has begun to recover. To offset the negative variance, we have begun focusing additional compliance efforts in this area for the coming year.

The **County Non-Retailer Transaction Tax** - revenue of \$14.9 million through November 30, 2013 was above budgeted revenue of \$7.8 million, and resulted in a **favorable** variance of \$7.1 million or 91.32% based on current collections. While this revenue source continued to show a positive trend through year end, an Ordinance change effective August 1, 2013 reducing fees will temper revenues in the coming year.

The **County Non-Titled Use Tax** - revenue of \$4.2 million through November 30, 2013 was below budgeted revenue of \$13.8 million, and resulted in an **unfavorable** variance of (\$9.6) million or (69.46%) based on current collections. On October 8, 2013, an injunction was issued prohibiting Cook County from enforcing the tax or accepting remittances. While the injunction is in place, Cook County accordingly will not be accepting payments for the Non-Titled Personal Property Use Tax. Cook County will continue to defend what it believes to be a legal tax in the Illinois Appellate Court.

The Bureau of Finance continues to work with the various departments on planning and analysis to identify opportunities to improve performance versus budget and operate more efficiently.

Notes to the November 2013 Revenue Report:

- 1) Fees are projected to be received ratably, on a monthly basis, except for (a) patient fees which are based on a historical pattern of cash receipts for the period reported, established at the beginning of the fiscal year, and (b) IGT receipts which are based on a State agreement. The advance Benefit Improvement and Protection Act (BIPA DSH) payment in the amount of \$30.0 million was received by the County on November 26, 2013. The budgeted IGT Medicaid receipt payment in the amount of **\$37.5 million** was received on November 26th, 2013. The extra BIPA & IGT Payments County received in November are included in this report. The budgeted IGT Medicaid receipt payment in the amount of **\$93.7 million** was received on August 21st, 2013. Certain other fee revenues for November 2013 have been accrued to account for timing differences between departmental receipt and reporting to the Bureau of Finance.
- 2) Home rule taxes are projected to be received ratably, on a monthly basis, except for sales tax revenues, which are based on a historical pattern of cash receipts for the period.
- 3) Inter-governmental revenues are projected to be received ratably, on a monthly basis, except for (a) motor fuel tax grant transfers which are recognized on a discretionary basis as amounts are transferred, and b) probation officer reimbursements from the State which are projected for the period based on vouchers submitted, and limited to the total amount of the State grant.
- 4) Other revenues are primarily projected as those revenues are expected to be realized.

Property taxes represent the fiscal 2013 levy to be collected in fiscal year 2014. For purposes of this report, property taxes are recognized ratably, on a monthly basis. Revenues collected by the Treasurer are presented as reported by the monthly "Cook County Treasurer—Analysis of Revenue" communication to the Office of the Comptroller.
