3. The service work within the facility shall be limited to minor maintenance, such as fluid changes, tire changes, tune-ups, and replacement of lights, batteries, belts and windshield wipers; and no body work, painting, brake testing, or engine rebuilding shall be performed within the facility. No heavy mechanical work.

5. Only school buses and passenger vehicles be parked on the Subject Property. No tractor trailers are to be parked on the Subject Property.

In Sec. 106-2 of the Floodplains Ordinance, "Flood Protection Elevation (FPE)" is defined as "the elevation of the base flood or 100-year frequency flood **plus two feet** of freeboard...." Hence, the provision would address concern that fuel containers be situated well above flood level so their contents will not be released into flood waters and damage other property.

The registration requirement for "in-person" registration of persons, firms, and corporations engaged in the business of constructing, altering, repairing, relocating, or demolishing buildings or structures set forth herein, shall be for the original or initial registration of such person, firm, or corporation. Any subsequent registration or re-registration of a person, firm, or corporation, whose name is contained in the registration book, may be done in person or electronically by signature affidavit as provided by the Code, the Building Commissioner, or the policy of the Cook County Department of Building and Zoning.

For persons, firms, or corporations that have one such failure or violation, the Building Commissioner shall request the State's Attorney to bring suit and to prosecute such person, firm or corporation for such failure or violation, and in the case of a finding of guilty, his name shall be removed or stricken from the registration book. In either case, such person's, firm's, or corporation's name shall not be re-entered or reinstated during such time as the failure or violation exists or any judgment remains unsatisfied with regard to said finding, or until the Building Commissioner determines that such person, firm, or corporation should be re-entered or reinstated.

(6) Any person, firm, or corporation that shall have been found guilty under the preceding Section may have his name re-entered on the registration book upon filing with the Building Commissioner a certificate signed by the State's Attorney, the Building Commissioner and the Health Officer to the

effect that all violations of the Code with reference to which the finding of guilty was secured have been corrected or are nonexistent and that all claims and judgments arising from such convictions have been paid.

- (7) (i) Prior to the registration of any contractor, the contractor shall present to the Building Commissioner at the time of registration, proof of liability insurance in the amount of \$1,000,000.00.
- (ii) Prior to the registration of a plumbing contractor, the contractor shall file with the Cook County Clerk, and present to the Building Commissioner at the time of registration, an indemnifying bond with good and sufficient sureties in the penal sum of \$20,000.00, such bond being payable to the County of Cook, for the use of any persons with whom such contractor may thereafter contract to do work, to indemnify any such persons and the County of Cook for damages sustained due to the failure of such contractor to perform the work so contracted for in accordance with the provisions and requirements of the Cook County building regulations, the approved permit plans, or the contract between the contractor and such person(s). In addition, such contractor shall present to the Building Commissioner at the time of registration, proof of liability insurance in the amount of \$1,000,000.00.

Effective Date: This Proposed Ordinance Amendment shall take effect 90 days after passage.
