Board Secretary Cook County Board,

Happy New Year! As we are in the month of Dr. King's Birthday, we want to share with you what he wrote in his 1963 book "Why We Can't Wait" which outlined the historic injustices inflicted on Native people:

"Our nation was born in genocide when it embraced the doctrine that the original American, the Indian, was an inferior race. Even before there were large numbers of Negroes on our shores, the scar of racial hatred had already disfigured colonial society. From the sixteenth century forward, blood flowed in battles of racial supremacy. We are perhaps the only nation which tried as a matter of national policy to wipe out its Indigenous population. Moreover, we elevated that tragic experience into a noble crusade. Indeed, even today we have not permitted ourselves to reject or feel remorse for this shameful episode. Our literature, our films, our drama, our folklore all exalt it."

The reading of a Land Acknowledgement at Cook County Board Meetings, as you already do at Cook County Forest Preserve Board Meetings, has the support of President Toni Preckwinkle, dozens of elected officials, hundreds of organizations, and many thousands of Cook County residents. A reading of a Land Acknowledgement at Cook County Board meetings is the least you can do for the about 65,000 Native people in Cook County.

We know Land Acknowledgements alone are not enough, but they can be a step in the right direction in terms of education/awareness. The city of Chicago passed a Land

Acknowledgement in November and it's already on the homepage here:
<https://www.chicago.gov/city/en.html>. When will Cook County join Chicago in this important change?

Below is the recording of President Preckwinkle's event from November 30th with the timestamps of speakers, in case you wanted to listen to particular speakers, such as President Preckwinkle or Dr. Alaina Roberts, a scholar on Freedpeople or Dr. Fred Gardaphe, a scholar of Italian American history.

This is the Land Acknowledgement that President Preckwinkle read and what is proposed for 21-0597, which we hope will meet with everyone's approval and will pass with your support soon! If you'd like revisions, please be in touch with Commissioner Kevin Morrison or us.

Cook County exists on lands that have been home to Indigenous People for thousands of years. The Potawatomi, Ojibwe, Odawa and dozens of other Nations, were the custodians and caretakers of this land for centuries before European colonization. Truth and acknowledgement are critical to building understanding and mutual respect across all cultures, traditions and heritages. By reading this statement, Cook County recognizes the past wrongs as well as present harm upon people, Tribal lands, and governments. We honor the Indigenous people, past and present, and pause to remember the acts of violence, displacement, colonization and removal of the original inhabitants of this land. With this Land Acknowledgement, Cook County commits to learning more about and doing better to support our County's Native and Indigenous residents as we work towards equity for all of Cook County.

Please do the right and just thing for equity and racial justice!

Thank you.

Board Secretary Cook County Board,

Happy New Year! As we are in the month of Dr. King's Birthday, we want to share with you what he wrote in his 1963 book "Why We Can't Wait" which outlined the historic injustices inflicted on Native people:

"Our nation was born in genocide when it embraced the doctrine that the original American, the Indian, was an inferior race. Even before there were large numbers of Negroes on our shores, the scar of racial hatred had already disfigured colonial society. From the sixteenth century forward, blood flowed in battles of racial supremacy. We are perhaps the only nation which tried as a matter of national policy to wipe out its Indigenous population. Moreover, we elevated that tragic experience into a noble crusade. Indeed, even today we have not permitted ourselves to reject or feel remorse for this shameful episode. Our literature, our films, our drama, our folklore all exalt it."

The reading of a Land Acknowledgement at Cook County Board Meetings, as you already do at Cook County Forest Preserve Board Meetings, has the support of President Toni Preckwinkle, dozens of elected officials, hundreds of organizations, and many thousands of Cook County residents. A reading of a Land Acknowledgement at Cook County Board meetings is the least you can do for the about 65,000 Native people in Cook County.

We know Land Acknowledgements alone are not enough, but they can be a step in the right direction in terms of education/awareness. The city of Chicago passed a Land

Acknowledgement in November and it's already on the homepage here:
<https://www.chicago.gov/city/en.html>. When will Cook County join Chicago in this important change?

Below is the recording of President Preckwinkle's event from November 30th with the timestamps of speakers, in case you wanted to listen to particular speakers, such as President Preckwinkle or Dr. Alaina Roberts, a scholar on Freedpeople or Dr. Fred Gardaphe, a scholar of Italian American history.

This is the Land Acknowledgement that President Preckwinkle read and what is proposed for 21-0597, which we hope will meet with everyone's approval and will pass with your support soon! If you'd like revisions, please be in touch with Commissioner Kevin Morrison or us.

Cook County exists on lands that have been home to Indigenous People for thousands of years. The Potawatomi, Ojibwe, Odawa and dozens of other Nations, were the custodians and caretakers of this land for centuries before European colonization. Truth and acknowledgement are critical to building understanding and mutual respect across all cultures, traditions and heritages. By reading this statement, Cook County recognizes the past wrongs as well as present harm upon people, Tribal lands, and governments. We honor the Indigenous people, past and present, and pause to remember the acts of violence, displacement, colonization and removal of the original inhabitants of this land. With this Land Acknowledgement, Cook County commits to learning more about and doing better to support our County's Native and Indigenous residents as we work towards equity for all of Cook County.

Please do the right and just thing for equity and racial justice!

Thank you.

Board Secretary Cook County Board,

Happy New Year! As we live here near the shore of Lake Michigan, and beautiful and privileged land, it is our responsibility to acknowledge the indigenous people that used to inhabit this land.

"Our nation was born in genocide when it embraced the doctrine that the original American, the Indian, was an inferior race. Even before there were large numbers of Negroes on our shores, the scar of racial hatred had already disfigured colonial society. From the sixteenth century forward, blood flowed in battles of racial supremacy. We are perhaps the only nation which tried as a matter of national policy to wipe out its Indigenous population. Moreover, we elevated that tragic experience into a noble crusade. Indeed, even today we have not permitted ourselves to reject or feel remorse for this shameful episode. Our literature, our films, our drama, our folklore all exalt it."

The reading of a Land Acknowledgement at Cook County Board Meetings, as you already do at Cook County Forest Preserve Board Meetings, has the support of President Toni Preckwinkle, dozens of elected officials, hundreds of organizations, and many thousands of Cook County residents. A reading of a Land Acknowledgement at Cook County Board meetings is the least you can do for the about 65,000 Native people in Cook County.

We know Land Acknowledgements alone are not enough, but they can be a step in the right direction in terms of education/awareness. The city of Chicago passed a Land

Acknowledgement in November and it's already on the homepage here:
<https://www.chicago.gov/city/en.html>. When will Cook County join Chicago in this important change?

Below is the recording of President Preckwinkle's event from November 30th with the timestamps of speakers, in case you wanted to listen to particular speakers, such as President Preckwinkle or Dr. Alaina Roberts, a scholar on Freedpeople or Dr. Fred Gardaphe, a scholar of Italian American history.

This is the Land Acknowledgement that President Preckwinkle read and what is proposed for 21-0597, which we hope will meet with everyone's approval and will pass with your support soon! If you'd like revisions, please be in touch with Commissioner Kevin Morrison or us.

Cook County exists on lands that have been home to Indigenous People for thousands of years. The Potawatomi, Ojibwe, Odawa and dozens of other Nations, were the custodians and caretakers of this land for centuries before European colonization. Truth and acknowledgement are critical to building understanding and mutual respect across all cultures, traditions and heritages. By reading this statement, Cook County recognizes the past wrongs as well as present harm upon people, Tribal lands, and governments. We honor the Indigenous people, past and present, and pause to remember the acts of violence, displacement, colonization and removal of the original inhabitants of this land. With this Land Acknowledgement, Cook County commits to learning more about and doing better to support our County's Native and Indigenous residents as we work towards equity for all of Cook County.

Please do the right and just thing for equity and racial justice!

"Our nation was born in genocide when it embraced the doctrine that the original American, the Indian, was an inferior race. Even before there were large numbers of Negroes on our shores, the scar of racial hatred had already disfigured colonial society. From the sixteenth century forward, blood flowed in battles of racial supremacy. We are perhaps the only nation which tried as a matter of national policy to wipe out its Indigenous population. Moreover, we elevated that tragic experience into a noble crusade. Indeed, even today we have not permitted ourselves to reject or feel remorse for this shameful episode. Our literature, our films, our drama, our folklore all exalt it."

The reading of a Land Acknowledgement at Cook County Board Meetings, as you already do at Cook County Forest Preserve Board Meetings, has the support of President Toni Preckwinkle, dozens of elected officials, hundreds of organizations, and many thousands of Cook County residents. A reading of a Land Acknowledgement at Cook County Board meetings is the least you can do for the about 65,000 Native people in Cook County.

We know Land Acknowledgements alone are not enough, but they can be a step in the right direction in terms of education/awareness. The city of Chicago passed a Land

Acknowledgement in November and it's already on the homepage here:
<https://www.chicago.gov/city/en.html>. When will Cook County join Chicago in this important change?

Below is the recording of President Preckwinkle's event from November 30th with the timestamps of speakers, in case you wanted to listen to particular speakers, such as President Preckwinkle or Dr. Alaina Roberts, a scholar on Freedpeople or Dr. Fred Gardaphe, a scholar of Italian American history.

This is the Land Acknowledgement that President Preckwinkle read and what is proposed for 21-0597, which we hope will meet with everyone's approval and will pass with your support soon! If you'd like revisions, please be in touch with Commissioner Kevin Morrison or us.

Cook County exists on lands that have been home to Indigenous People for thousands of years. The Potawatomi, Ojibwe, Odawa and dozens of other Nations, were the custodians and caretakers of this land for centuries before European colonization. Truth and acknowledgement are critical to building understanding and mutual respect across all cultures, traditions and heritages. By reading this statement, Cook County recognizes the past wrongs as well as present harm upon people, Tribal lands, and governments. We honor the Indigenous people, past and present, and pause to remember the acts of violence, displacement, colonization and removal of the original inhabitants of this land. With this Land Acknowledgement, Cook County commits to learning more about and doing better to support our County's Native and Indigenous residents as we work towards equity for all of Cook County.

Please do the right and just thing for equity and racial justice!

Please vote to require the Cook County Board to read a Land Acknowledgement at monthly board meetings.

Thank you.

Board Secretary Cook County Board,

Commissioners,

Please support file #21-0597 in favor of a land acknowledgement to be read before board meetings. It is the least we can do to acknowledge those who own this land and from whom it was taken.
