COMMISSIONER – TENTH DISTRICT
COOK COUNTY BOARD OF COMMISSIONERS

September 19, 2022

The Honorable Timothy C. Evans, Chief Judge
Circuit Court of Cook County
Daley Center 50 W. Washington St., Rm. 2600
Chicago, Illinois 60602

Dear Chief Judge Evans:

The Board of Commissioners is now in receipt of your office's quarterly reports regarding the court system's Secure Remote Continuous Alcohol Monitoring (SCRAM) program.

The following statistics requested in the original contract are included in the Quarterly SCRAM Monitoring Analyses:

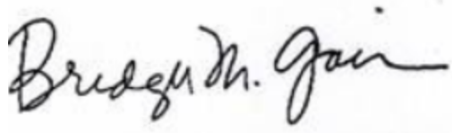

- The number of defendant/probationers referred
- The number of currently active defendant/probationers
- The number of defendant/probationers terminated from the program
- A breakdown of the number and types of rule infractions
- The average length of stay in the program
- Average and distribution of cost per defendant/probationer

However, the report omits the following data as specified in original contract Scope of Services document:

- The number of devices installed
- A breakdown in types of terminations
- The range for length of stays in the program
- The range for average cost per defendant/probationer

I would very much appreciate the information on devices installed, terminations, range of cost, and lengths of stays in the program in advance of Wednesday's hearing so that the committee can get the best possible understanding of the impact of the program and associated contracts.

Sincerely,
