**Summary:** The Bureau of Technology requests approval of two amendments to Contract no. 1390-12899 with Oracle America, Inc. to 1) exercise the County's Universal License Agreement ("ULA") expansion option, and 2) add Oracle's Talent Software and Hosting Services to the product

pool of the County's agreement.

The ULA is a component of the overarching Contract that allows the County to establish its license consumption levels before entering maintenance mode. Because the County is currently implementing multiple large Oracle-based projects with varying go-live dates through 2020, such as Enterprise Resource Planning, Integrated Property, and the Enterprise Service Bus, it is important that the County exercises its ULA expansion option in order to accommodate the license consumption required by these projects in the coming years.

The Oracle Talent Software and Hosting Services element represent the products purchased by Oracle from Taleo Corporation, which the County previously purchased from Taleo Corporation under Contract No. 09-41-351 in 2009 to provide automated recruiting, hiring, and onboarding for the County, Health and Hospital System, Separately Elected Officials and Forest Preserve District.

The contract was awarded through the Request for Proposals (RFP) process in accordance with the Cook County Procurement Code. Oracle America, Inc. was awarded this contract based on established evaluation criteria.

**Summary:** The Office of the Clerk of the Circuit Court is requesting authorization for the Chief Procurement Officer to enter into and execute a contract with Tyler Technologies, Inc. to implement the most technically sound, scalable, and state of the art comprehensive case management solution to replace its current case management / court docketing system for all areas of law and supporting administrative departments, which is currently located on the County's legacy mainframe system. Prior to releasing the RFP, a thorough needs analysis of the Clerk's business processes and our data sharing efforts with our justice partners was conducted to ensure that all of the critical functions and specifications for the new system were identified and included in the RFP.

The new case management system will provide sufficient flexibility and has met all of the requirements that were defined, this system is also in alignment with the best-in-industry project implementation and data migration approach which will convert over forty (40) years of case and court history.

Through the implementation of the case management system, the Clerk's Office will be able to provide the following:

- Implement improved Integration with Cook County Integrated Criminal Justice through the County's Enterprise Service Bus (ESB)
- Provide enhanced the public's access to the court system allowing for improved transparency within the court docket and case files;
- Improve and streamline operations and modernize business processes;
- Increase case processing efficiency;
- Decrease repetitive work;
- Reduce reliance on paper and printing

The contract was awarded through the Request for Proposal (RFP) process in accordance with the Cook County Procurement Code. Tyler Technologies, Inc. was selected based on established evaluation criteria.
