

BOARD OF COMMISSIONERS OF COOK COUNTY
SECRETARY TO THE BOARD OF COMMISSIONERS

MATTHEW B. DeLEON
SECRETARY TO THE BOARD

Cook County Board Meeting

September 13, 2017

Registered Public Comments for those Attending and Not Attending the Meeting

Sorted by Commissioner District using zip codes provided by commenter

NOTE: This is our first use of the online registration survey created on the Survey Monkey website.

Because of the volume of responses for this meeting (1,881 responses), we were unable to use Survey Monkey to create a single PDF which would encompass all comments for this meeting.

To create more manageable PDFs, we broke out the responses by zip code and then combined those zip codes by commissioner district.

MANY zip codes overlap County commissioner districts. In the interests of time, we were unable to break out which specific responses were for each district. To ensure all possible responses for a district could be seen, you will find all the responses from any zip code which overlaps district boundaries in each applicable commissioner district PDF.

I am a Cook County Resident and feel that the tax is just a way for County Pres. to have additional money to spend. It's not going to be used for health care as the ads have said. Also the mayor of New York has no business sticking his two cents into Cook County. He doesn't pay taxes here in the county or in Illinois.

It is offensive to have someone dictate and order me to be pay tax on an item that they consider to be hazardous to my health. First off, I am aware of the sugar in the items taxed and regulate my consumption of them, but that comes from education given from childhood on. Maybe if you are so concerned about this issue you should go to the local schools and start educating the children you at a young age, so they teach their own of what proper nutrition can be.

What I did notice the tax does not pertain to all of the people in cook County. It should include the people especially on welfare or on the link cards everything. No one should get a break then and all types of sugar beverages should be excluded.

I am in opposition of any sweetened beverage Tax. The one proposed is vague. The amount per ounce is outrageous and incalculable for retailers. Most of all it discriminates against the less fortunate of the population.

The tax hurts the pockets of the consumers as well as the food service industries, grocery stores, and manufacturers pockets. We feel lied! For the health of the people! This tax had me realize shopping in the next county is worth the gallon of gas to shop for everything, the new one stop shopping outside Crooks County. We've even started a collective to make our purchases in bulk so not everyone needs to go all the time. Thanks for the savings.

It is time for Cook County to learn how to balance a budget rather than constantly raiding taxes on the residents. This is not about sweetened drinks and their impact. If that were the case, I would not have paid tax on flavored WATER that did not have any sugar added. This is not a soda tax. It is a farse tax meant only to dig deeper into the pockets of county residents. I no longer shop in Cook County.

The Soda Tax as it has been referred as is unfair and burdensome to Cook County residents. Commissioners should repeal this tax and find another way to balance the finances. Constituents are being misled as to what this tax will accomplish because it won't save lives in the way being portrayed. Please do the right thing and stop unfairly penalizing the people of Cook County. Thank you.

This tax appears to be legally inconsistent e.g. taxing non-sugary drinks, tax limited to Cook County only penalizing its residents, people with Snap Cards are exempt from this tax. Tax is damaging to local retailers.

Buy my beverages and all my groceries outside of cook county now and buy taxed beverages for people in my condo. So this is hurting local businesses more than helping them.

This tax is not helping with the issues that are being talked about on commercials

The tax hurts the tax paying persons only.

But I stand in many lines a LINK Card people that seem more obese are not paying the tax.

But I refuse to pay the tax. I will like so many others that don't carry a link card will ask if there is a tax on something I'm buying if there is I tell them to remove it.

This is also what I do when it comes to charging for Page

This is just another way to get us taxpayers to keep paying for over paid politicians and workers.

Why not cut some of your wastefull spending

That will save millions

I am a senior and because there are so many extra taxes added I now do all my shopping, purchase gas and SODA in Dupage County. You are punishing the City of Chicago residents by adding this tax. Us residents in the Townships are close to the next county. Please vote down this tax. Thank you.

Hiding behind health issues is not the answer. Can the tax.

Be an average citizen and look at the grocery shelves. A beverage tax is not any solution when the sugar contents of cereal, candy and ice cream is ignored. A toddler did not put soda in a baby bottle.

Did you vote to eliminate such beverages purchased via LINK or SNAP programs?

What needs to be done is an audit of how the county spends money.

It is long overdo to stop looking at the tax payer for mishandling finances in government

Since this has passed August 2, 2017, I have no longer purchased any soda products in Cook County. This, in turn, has also allowed me to only purchase soda and a majority of groceries in Dupage County. Cook County taxes are already high as it is, whether it be property or sales taxes. To include this egregious tax to soda is utterly ridiculous and takes away from giving money to the town. If this proposal is still to continue, I will continue to make any and all of my purchases in other counties.

I live in Brookfield, not far from Du Page County. It's easy to take a short drive if I want to stock up on Diet Coke. However, I'm a supporter of local businesses and I do the rest of my shopping in my neighborhood. It would be easy to just do all my shopping in one area and that's my concern: that Cook County residents who have easy access to a neighboring county will simply bring their business to that county. I doubt that this ridiculous tax will bring revenue to Cook County, I believe that Cook County will experience a loss in revenue as we bring our business elsewhere. Furthermore it is insulting to suggest that the beverage tax is for the health of our children. I don't care what Michael Bloomberg says, he doesn't even live here. I am in favor of repealing the Cook County beverage tax.

I strongly support the REPEAL of the Beverage Tax. I DON NOT support this additional tax. Let's all be honest and clear, this is not about concern for our health, it's about not being able to manage your budget. We as citizens must manage our Income (revenue) with what we have; we make it work. I expect our government officials to do the same!! Figure it out. Another tax on hard working citizens is not always the answer. Cut the waste! There's plenty of it.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. I am in favor of repealing the Cook County Sweetened Beverage Tax, as it is not applied uniformly to all purchasers (LINK excepted), some sweetened beverages are not taxed, while some artificially sweetened beverages (0 calories) are taxed. This tax doesn't have the intended effect of reducing obesity.

I am a physician and I am in favor of repealing the tax on soft drinks and juices. I currently drive to DuPage county to purchase what I need to, which is a loss of revenue for Cook county. Most all of my colleagues at the hospital and neighbors are doing the same and will continue to do so. Sodas and other beverages are not solely responsible for the health problems we have today. This is just another example of Cook county trying to get into our pockets to shake out and grab any remaining money we might have.

Your taxes are out of control! Our forefathers would dump your beverages into Lake Michigan! And furthermore, I don't need the government to tell me what is good for me and my family, as if that has anything at all to do with this tax. What is next? A tax on red meat? Salty snacks? Candy? You want to protect me from harm? Try stopping the farmers and food manufacturers from adding growth hormones and poisonous pesticides and preservatives to our food! Hmmm, oh that's right they have powerful lobbyists who help get you elected so that will never happen! Hypocrites!

The basis for this beverage tax is meritless and built on a scare tactic used to publicly support it. Any elected official that votes to keep this tax should be embarrassed, ashamed, and with as much assistance as I can provide, lose their place in county government in the next election.

I now buy all drinks in DuPage County at the Oak Brook Costco and other stores instead of going to the North Riverside Costco 3 blocks from my home in order to not pay this tax. I bought two containers of lemonade for \$3.58 cents at the Hodgkins Sam's Club and your tax added \$1.23 to the price. Am I in Europe? This is a VAT and is disgusting. If I'm paying a VAT tax I want free education in exchange and the quality of life that Europe has. And I'm not just buying my drinks there, I'm buying EVERYTHING I NEED outside of the county. Repeal this at once, this tax is a huge burden and mistake.

We are on a fixed income and enjoy a soda one a day. We are old and are not over weight, you are depriving us of enjoying our drink of choice. Most important the government should stay out of people food of choice by taxing certain foods. Parents should be encharge of what they let them eat or drink, not the government.

As a single mother and a home owner in Cook County, this tax has a significant financial effect on myself and my family. I live on the South West side of Chicago and I support my two retired parents as well as my son. I work in the beverage industry and see how this tax is effecting my employees as well as the businesses in Cook County. This tax is not fair to our segment of the business as you are not taxing the sugary snacks no the coffee shop beverages. Please consider the residents of Cook County and make your decision to repeal this tax.

I refuse to purchase beverages in Cook County due to this outrageous and regressive tax. Most of the time while I am picking up beverages in DuPage I also shop for the majority of my other groceries thereby causing Cook County to lose out on even more sales taxes and I am not alone. This "soda tax" includes my diet iced tea and Diet Coke and my husband's fruit juices that have some sweetener added to balance out flavor. Everyone is aware that this has nothing to do with a healthier populous (because if it was diet drinks would not be included) but is just another money grab by Cook County.
