Cook County is losing more tax from me than just the soda taxes. Since this tax was implemented I have done ALL my shopping in DuPage county which is a short 15 minute drive out I290. This tax places an unfair burden on lower income households and is based completely on a lie, it was only intended as a revenue grab and has nothing to do with health. If it was based on health it would exclude non-sweetened beverages and would include all products that list sugar as an ingredient.

The board of Cook County is not a stand-in substitute for parenting and should keep their noses out of my choices for my family. You take care of your family and I'll take care of mine.

This is an unjust tax, stop trying to blame childhood or adult obesity or diseases on sugary drinks, as other factors such as diet, lifestyle (lack of exercise), and family history play more of a role in diseases. If sugary drinks are to blame then shouldn't all junk food be taxed then? Ultimately it is the parents and person's decision to drink juice or soda or other sugary drinks. One thing that I don't understand is why is an organic non sugary drink (Zero) or other low calorie non sugary drinks/ flavored water with other enhancers like (Izze) still taxed? My husband and I have been buying sugary beverages out of Cook County as a result of this injustice and headache. Let's face it- Cook County is broke, but come on everyone knows that this tax is just to help close the gap of the lack of budget. I honestly don't know how Cook County will ever get over being broke, but unjust and petty taxes such as this one is not the answer. You guys have already set up red light cameras, speed cameras, high fees for meter parking Downtown, plastic bag tax, fire bullets tax, tobacco and alcohol taxes, higher income taxes, property taxes, tollways. Did America not have a war from Independence from Great Britain due to unjust taxes? You are causing Cook County to become a hated place and for business to profit in other surrounding areas because this is where people are going to to buy their groceries now.

Parents should control if their children drink soda, / sweet drinks.

Not Cook County politicians. As well as what they eat. Like pizza, burgers, hot dogs, donuts, cookies, candy, ETC.

STOP THIS TAX SCAM.

I have not bought any drinks in Cook Co, except milk. since this tax took effect. And. I do most of my shopping in the North, and or, west suburbs. of DuPage and Kane county. Where most of my family was smart enough to leave here, and move there years ago.

And pay a lot less on all taxes.

I am so strongly in favor of repealing the Cook County beverage tax.This is one of the most unfair and unreasonable taxes ever instituted.Every time I purchase various beverages, I am literally being robbed by the County due to the high percentage of tax added to each bill,each receipt shows the cash being taken at the expense of my fixed income.I don't blame anyone for wanting to leave this County.

This tax is another way to add more expenses to the Chicago taxpayers. It's not for the health of the children, it's for the money. Diet soda will be taxed too. I can assure that anyone in office now that is for this tax WILL NOT get my vote!

I don't believe this tax will ultimately be used for the purpose that has been communicated to the citizens of Cook County. This is a ploy by the county to find another source of income instead of doing the hard work of cutting wasteful spending. If the county needs more funds I feel it should show us citizens that they have made every effort to reduce spending. Only after the county proves to us that more funding is needed should an new tax be imposed. When imposing a new tax it needs to be something where everyone in the county participates.

While I understand the need for children to not consume a lot of “sugary drinks”, I believe that holding soft drink companies hostage is totally unfair. “Sugary drinks” are not the only possible cause of childhood obesity, diabetes, or hypertension. Let’s start at the beginning of a child’s day: cereal. Most “kid approved” cereals are loaded with sugar. There is sugar in milk. Then, of course, there are the cookies, candy, gum, and other snacks that children eat during the course of the day. So, here’s a suggestion: EDUCATE PARENTS, CAREGIVERS, TEACHERS about proper eating habits that are acceptable for children. Please stay out of my house and what I choose to consume and don’t tax me for my choices! In a recent ad, paid for by Michael Bloomberg, the end of the ad shows that the taxes collected will be used by doctors, nurses, and others for educational purposes. I thought the whole idea behind this ridiculous tax was to help balance the budget in Cook County. Please repeal this tax and help the people of Cook County keep some money in our pockets. Thank you.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. The beverage tax needs to be repealed because it is unfair to the residents and visitors of cook county. We already have enough taxes and this tax just irritates people to the point they want to move to another county or even out of the state. The right thing to do is to repeal the beverage tax.

If parents don't want the kids to drink soda don't buy it. A little self control.

Will cook county tax all the food and snacks that are bad for you next.

This is ALL just for MONEY and it is the poor people that are paying the tax. People with a car can go elsewhere.

Shame, shame on cook county.

I am a senior citizen who is not diabetic or obese and enjoys a couple of glasses of DIET cola a day. Why is sugar free, zero calorie soda taxed when thousands of items of junk food with sugar are not. And I am so sick of the hipocracy of claiming this is for health benefits when 800,000+ SNAP recipients who predominantly use county health services do not pay this tax. It's a money grab plain and simple and it is outrageous. Balance your budget. Cut the fat on the payrolls. Leave my DIET soda alone. I will buy my cola in Dupage county and get other groceries and gas there as well. Toni Taxwinkle will not get my money or my vote.

The sugar/soda tax is unfair to the residents of Illinois. The pretense that it was created to decrease sugar related illness is a lie. It taxes non sweetened drinks as well as non-sweetened drinks. If the legislature is so concerned about sugar and our health then they should outlaw sugar in all forms such as cookies, cake, doughnuts, etc.

While I understand the need to have funding for necessary services but this is just a money grab and has little to do with sugar and our health. Taxes like this cause financial burden on us and especially those with a fixed income. It also gives residents of Cook county and Illinois another reason to move out of the county and state. I compel you to do the right thing and repeal the sugar and soda tax and tax.

Not only is this tax another burden one citizens but I do not believe that it has anything to do with our children. My wife and I do not have any children but we are still against the tax. Why not just regulate every child's diet by way of tax. Salt, butter, cheese, etc. This job should be left up to parents not to the county. We have now begin to purchase not only our juice from DuPage county but since we are there, we do ALL of our grocery shopping. For us, the tax has had an inverse effect on revenue as it will push potential dollars OUT of the county instead of keeping it here. The same will be true for many Cook County residents who live near collaring borders...DuPage Country, Will County, Indiana. Horrible idea. I will vote for anyone Preckwinckle. She blew it for me.

I just want to say that the ridiculous ads actually trying to tout the "sugar tax" as a way of helping our community is nothing short of brazenly insulting. And it goes to show that a vast number of these council members in support of such a preposterous tax have no business sitting on this committee.. This is yet another example of why Chicago is used as a standard example of how not to run a city/county.. Why the once great city of Chicago is now looked at as the next Detroit waiting to happen and justifiably so.. This is one more log on the already burning fire. People are utterly sick and tired of the real "problems" in this city not being addressed and ultimately leading to the ridiculous measures being taken to band-aide said "problems" as is exemplified in this most recent example..

This tax was a bad idea badly implemented. Neither micromanaging people's choices, nor trying to fix the County's finance woes on the backs of pop drinkers and hard-pressed retailers, is at all just. Even if it were, it has served to drive countless consumers (including me) to spend their money outside of Cook County.

As I write, I've just come back from another \$200+ grocery trip outside the county border, rather than at the Jewel conveniently located nearby. The huge pop displays at the store I patronized tell me that I'm not remotely alone.

The tax is unjust, inefficient, unpopular, and calculated to drive away business. Please rectify the error made in passing it, and join my local commissioner, Richard Boykin, in repealing it so that I can go back to shopping locally once again.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. Switching from regular soda to diet soda helped me lose 130 pounds and keep it off for over a decade now. This tax is claiming to be for the benefit of the population's health, but diet soda is also being taxed, when there are zero conclusive studies of diet soda being bad for you. I am living proof that diet soda can help change your health for the better, so I find it insulting when politicians tell me this tax is for the health of the people. It's not for our health. It's just another regressive tax and a way to empty our pockets a little more.

The Beverage Tax was sold-in in a very disingenuous manner. The tax is a killer for small retailers business. Consumers are already being hit with one the - if not THE - highest sales tax in the nation. Many of us are simply going to Will and DuPage to avoid tax.

Cook leadership must budget and manage themselves like the rest of us. Cook Public Health need not take care of my children. As a responsible parent, taking care of my child is MY job, not Cook County's. This is government overreach, plain and simple.

Instead of spending time and money advertising for this tax, how about advertising to family's on personal responsibility and encouraging families to not give their children sugary drinks and chips for breakfast, as is seen everyday on public transportation. A soda isn't intended to be an everyday drink. "Big soda" companies are clear on this - they are not "...targeting our children."

I find this pop tax unfair. It is not about children, health or obesity. There is not one study that supports the claims made in the IL commercials for pop tax. The pop tax is about the greed of Cook County not being able to spend within their means. I feel that we who live in Cook County are just used as piggy banks for the frivolous spending towards bloated contracts, political agendas and the betterment of those who make the spending mistakes. We should not be the ones paying for someone else's problems. Cook County and Chicago have some of the highest taxes in the nation and still always cry broke and pass the buck to the citizens who live within it's borders. It's just sad that the city and county use people to benefit their problems. missteps and overspending.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. This tax is not to promote better health in children but to cover a deficit in the county budget. If it is about obesity, why aren't candy, cookies, ice cream being taxed? BECAUSE IT IS NOT A TAX ABOUT HEALTH !!! Quit lying to the taxpayers.....we are not STUPID!

When the cost of a "sweetened" drink is cheaper than the cost of water, including bottled water tax, within the city of Chicago, something needs to be reconsidered. All of the commercials talk about "children" developing diabetes. If we provide education assistance about consumption moderation you can achieve the same affect, don't lie to us with half truths and claim the dollars are spent else where.

I'm a deli manager at a Jewel-Osco in Cook County which borders another Jewel-Osco in DuPage County. I had to cut my payroll every week since the enactment of the sugar tax, and my entire store is experiencing a sales loss. The total store has cut payroll and this is not only effecting the associates' pocketbooks, but also hurting the overall morale. Sales are up at the DuPage Jewel-Osco that is less than 2 miles away.

People aren't buying less sugar, they are simply driving a little further out of Cook County to stock up on sugary drinks.

This is in no way a health issue. Children can still get candy bars and other sugar. If you want it for sugar, then do not include diet drinks. The stated reason for this tax and the commercials run in favor of it are insulting to my intelligence.

Please repeal the Cook County Beverage Tax. It has nothing to do about health benefits, but rather is a way to take more money out of taxpayers pockets. If it was about consumer health, the preference would be \$0 tax received. A county tax also only hurts those in cook county. So many simply cross county lines to purchase the soda. Also, why would diet soda should be taxed too as this is not adding to health risks. The sugar in beverages should be taxed at the source (the manufacturer) to be effective in decreasing consumption.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. You should also cut the outrageously sky high property tax by half and repeal the recent increase in the income tax. You are making it harder and harder to live in Illinois. I am tired of being robbed by Democrats. I thought you were on the side of the working man. I can live with, but am not happy about the five or so other recent tax increases. Stop coming up with new taxes to pile on top of all the existing taxes. You will have to find another way to fund your pensions. I do not get a pension. No one is paying for my retirement. Why should I pay for yours? You will have to start cutting government. If you need help, call or email me. I will begin massive cuts.

I oppose this tax because I purchase Propel water beverage with electrolytes and 5-Hour energy shots on a regular basis and cook county wants to charge me a beverage tax over the high 10% tax that I am already paying. I refuse to pay this tax therefore I drive to DuPage county to buy these items. I believe that if the politicians would just be HONEST and admit that they are UNABLE to balance the budget then maybe the residents could VOTE on a plan to help generate additional revenue for the county. This bullshit story of fighting childhood obesity is not working for me. Fight childhood obesity by getting kids to exercise instead of playing video games.

The Soda Tax for restaurants was implemented in a way forcing restaurants to pay the tax upfront to the supplier which makes it very hard to pass on to guests... so it is the restaurant taking the tax hit. Additionally, this is the only tax that I'm aware of where the end user isn't the one paying the sales tax. It cost me about 20k to my bottom line across my restaurants last month. This is just a business tax.

The sweetened beverage tax is financially burdensome to consumers and retailers and should be repealed. I refuse to pay this tax and will continue to purchase my non-sugar sweetened beverages in another county.

This tax is nonsense, you tax everything, I am a senior on a fixed income. You tax property, phones, utilities, food and now the little pleasure I was able to afford pop, what will you tax next, possibly the air we breath or each breath we take. You say it's for the welfare of our children I say "BS". Parents are responsible for their children welfare, if they don't want them to have pop then don't buy it. Why should the rest of your citizens be penalized. This is not about the welfare of the children, it's about the budget. You people need to get together and find another solution to your budget problems other than taxing US to death. I want this tax repelled, very disappointed in you Pertwinkle, thought you were better than this. Shame on you!

I am opposed to the Cook County Beverage tax because the percentage of the tax is exceedingly high and forced many people to either stop purchasing beverages in Cook County altogether (which my family has stopped doing) or to purchase beverages in outlying counties where there is no additional beverage tax, which then takes tax dollars away from Cook County. I also am annoyed with the one-sided commercials which state that millions of dollars will be brought in by this new tax, however Cook County needs to tighten their belts and stop over-spending outside of their budgets. I would also like to know why people who have food stamp benefits are not charged this new tax - they are a very large group of people who could readily benefit from abstaining from sugary beverages.

Please repeal this tax, it is a stupid high tax that takes away actual tax dollars from the county. My family has always regulated the amount of sugary drinks that we consume, choosing to drink mainly milk, water and fresh brewed tea; however Cook County has taken away the special treat of soda and Gatorade that we occasionally enjoyed. Perhaps the Cook County Board should make people aware of the healthy beverage choices instead of imposing this tax, do we need to have our own type of Boston Tea Party for the board to see that this tax is not going to be accepted without complaint from the people who live in Cook County - if we have our own "Chicago Soda Party" count me in because I will not stand by and accept this tax.

The Cook County Sweetened Beverage Tax is a financial burden on the residents of Cook County. I am an adult who is intelligent enough to monitor my own sugar consumption and do not need or want to pay a penny per ounce for beverages I consume that may have added sugar. I also do not want to take the added time and fuel to drive to Dupage County to purchase my beverages but that is now what I am forced to do to avoid Cook County's unfair tax. I understand that this tax is meant to reduce childhood obesity, while that is a good intention, parenting should be left to parents and government should stay completely out of it. If a parent cannot instill good habits in their children, responsible people such as myself should not be financially burdened by their inability to be a good parent. I also do not like having to pay enormous property taxes to provide decent schools for other people's children but that is not at issue today.

This tax makes me very angry and I refuse to buy something for my family of six in this county that will incur the tax. I am driving to Dupage county to stock up on our family's drinks which by the way have zero sugar. I live in Chicago so now I buy my gasoline there, too!!

Sincerely,
Sally Conneely

I am a 68 year old female who has lived in Chicago all of my life. I don't like coffee, tea, or juice. I have drunk pop since I was a kid. That is all I drink now. I am not obese or diabetic. I am an adult who should not have to out of my way to not pay a penalty tax because I like a certain legal thing to drink. By the way, I don't drink alcohol either. I should not be punished by the city for buying a beverage in one of the city's stores for myself or for anyone else I may buy it for. I am so angry about this I can spit nails. I voted for Toni Preckwinkle and I will never vote for her again. REPEAL THIS AWFUL TAX.

This is not the right way to affect healthy change and unfairly penalizes business owners. I oppose the Cook County Beverage Tax and would like to see it repealed.

You must find a different solution other than targeting soda. Try closing a few pension loopholes seek other tax opportunities...but do not specifically target soda without targeting all fast foods, pizza joints, etc.

Repeal this unfair money grab of a tax or commissioners will be repealed. It is reprehensible to hide behind the guise of helping children mostly serviced by County facilities and likely not burdened by the tax because most use SNAP. The very people Toni Taxwinkle proposes to help won't even realize this tax exists. The money outsider Michael Bloomberg has spent airing those ludicrous commercials could have been spent actually helping people instead of propping up his misguided sense of purpose. REPEAL THE TAX.

This tax does not help Cook County in any way. It actually gives them less money than before, because people will go to another county/state to buy their beverages.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

I believe the revenue generated from this sweetened-beverage tax will benefit our state immensely. As a consumer, I welcome the extra cost of these beverages, as long as the money supports programs and initiatives to promote public health, such as incentives for grocers to locate their businesses in food deserts, and expanding medical services to those with low access to health care in impoverished neighborhoods.

Both the county and state need to find other ways to balance their budgets. Many families within Chicago are already low income and this tax only makes things worse. It is also unfair for local officials to make these types of product usage decisions for individuals.

I think this is a good idea. Maybe parents don't feel the government should be telling them how to raise their children, but obviously some one needs to tell them if they feel they must drive to Indiana to buy soda for their children. Parents wake up!

The Cook County Sugar Tax is an unfair tax which only benefits Cook County to help balance the budget. To say this Tax was to assist with health issues related to sugar medial issues and such, is just garbage. There are many unhealthy sugar items being sold in Cook County and have the same effect. Cook County is just hurting itself as other Counties will receive business from Cook County residences due to the additional tax. In addition to this Sugar Tax, most businesses and restraurants do not have the appropriate capability to charge customers correctly for this Sugar tax. Some restruarants charge as a line item then tax this Sugar tax. Subway charges for a 40 oz drink when the cup size is in fact 30oz. KC and MCDonalds charges as a surcharge line item (tax) then takes the tax since its listed as a subtotal. This tax will never be charged correctly. Also most business that sell beverages that have refill capability do not charge tax on the refill. This negates the Sugar Tax and is not represented accurately. Poor excuse for a Sugar Tax to benefit health as this is the leveraging someones salary or taking place a the tobacco tax that used to be in effect years ago. Get your stuff together Cook Country or me and my family will move to another County that respects its residents.

Because our legislators can not control spending and appropriately budget does not mean we should consistently pick up the slack with even more taxes. I do not agree to have a tax imposed on sugared drinks. This is bad for everyone. I do not see how this will help obesity.

This soda tax is nonsense, why don't you find another solution to balance the budget, like move government retirement plans over to a 401k that the government employees pay into (like corporate America), instead of giving another tax to pay.

I want the sweetened beverage tax repealed. Government needs to stop coming to constituents to solve budge problems. Why did Preckwinkle give raises when the county could not afford to provide them? Working for the private sector, we do not get raises when the business cannot afford it.

The current tax is a burden to local businesses and household expenses. Taxes such as these do not limit intake of sugar in the sedentary population. Rather, education of proper nutritional strategies and when sugar can be beneficial (eg. during athletic activity lasting longer than 1 hour) would make a greater impact.

This is simply another money grab by the County. The last few years there has been constant increases in taxes. There has NOT been any effort to cut the FAT from the budget. I am sick of being taxed JUST SO POLITICIANS CAN INCREASE THEIR PATRONAGE.

IF YOU CANNOT ELIMINATE THE FAT IN THE SYSTEM, THE VOTERS CAN ELIMINATE YOU FROM YOUR POSITION.

ALSO, I OBJECT TO YOUR "NANNY" GOVERNMENT.

I AM ABLE TO DETERMINE WHAT IS ACCEPTABLE FOR MYSELF AND MY FAMILY.

The soda pop tax has to be abolished. The County nor anyone else has a right to impose a tax to punish people for what they want or desire. Nor does any New York politician be sticking his beak into our County's affairs. This tax has affected peoples employment as well.

Hello Cook County Board members, respectfully I would like to say the sweetened beverage tax, is the most unfair tax I have ever seen. Beverage tax affects drinks with zero calories, zero sugar, for example, flavored water. Drinks that are actually healthy for kids to drink. Because indeed, this tax is really about creating healthier children....yeah right. This tax is another way the Cook County Board is trying to attack the people of Chicago. The ONLY message we are receiving from this tax ,is if you can't afford to pay ALL the exuberant taxes in Cook County/Chicago, the water bottle tax, the bag tax, the high sales tax, high property taxes , the red light cameras, etc.. we don't want you living here. I say show the people of Chicago and Cook County, you the board members simply tolerate us regular citizens affected by this tax and REPEAL this Beverage tax. Note.. not Respect usmerely and simply tolerate us. Please repeal this tax. And suggestion instead of threatening to cut aid to children and families in need, cut your own salaries and try paying all these taxes on reduced salaries. Respectfully Concerned Citizen.

The tax is an important way to address the obesity epidemic amongst the youth of Cook County. These availability of these drinks at low cost is poisoning the children of our county.

The county is hailing this tax as a health initiative. I contend that this has nothing to do with health and everything to do with the county's wasteful spending. Further the argument that beverage companies target children is a ridiculous argument since I've never seen a child doing the grocery shopping for its family. The choices for what my family eat and drink are my choices and do not require county interference. The fact is that since this tax went into effect I have not purchasing the beverages that I enjoy, I just don't buy them in cook county. So effectively the only thing this tax has accomplished in additional revenue to neighboring counties. If cook county needs additional revenue, start with fixing the wasteful spending inhouse.

I oppose the Cook County Beverage Tax because of the negative impact on Cook County businesses and the unfair way that certain beverages are taxed or not taxed. The county should also not have the ability to decide which foods are healthy for consumers and use taxation to impact consumption.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. CAN THE TAX!! It is UNFAIR and in my opinion UNCONSTITUTIONAL simply because it does not apply to all Americans - only the ones who are unfortunate enough to live here.. Some of us can't just get up and move. I'm too OLD, too sick and simply not able to relocate. But, if I were a little younger I would leave. As it is, I'm pretty much stuck in a situation where I am being taxed to DEATH!! I've lived here all my life but it is too HARD nowadays to live in Chicago.

I rely on transparency from politicians of how they can make our lives more affordable in Cook County. I need more responsible politicians to take on financial accountability and have more reasonable resolve moving forward to finance their spending. Soda tax is an eye opener of how politicians can just impose on its constituents to shoulder their shortfalls. Gathering health institutions to support the soda tax with false pretenses. Small businesses cannot afford the soda tax. Ripple effect...snack and chips sales have gone down as an effect.If it is all about sugar in our drinks, then what is next...candies, cakes, bread, lemonade, hot chocolate, etc.,we need more health awareness programs but taking away the consumer/public's choices through unreasonable soda tax..is forcing it down our throat. Politicians should represent our best interests not use us to finance their mistakes...so many taxes this year in Illinois....What is next? Can we afford to live in Cook County After All These Taxes? Repeal the Soda Tax...it just doesnt fly on Health Issues...we are smarter than that...It is not about Health/It is about REVENUE, at OUR EXPENSE. It is not right.

I don't understand why we have to pay for the budget mismanagement of the county. Why are we threatened with closing of county run programs and firing of employees when no one was hired back in the first wave of firings when the tax was imposed? Fix your own mistakes instead of taking it out on the citizens of Cook County.

This is a hurtful tax to the average taxpayer, who has been hit hard by both the city of Chicago and the state recently. I would like very much to see this tax repealed.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. The short term gain for beverage business and jobs should not over shadow the long term gain of a healthy cook county. Business will thrive when consumers are well and healthy enough to work and purchase long into their 70's without disabilities. When society is healthy that show up as better employees, parents, students and more. Please help change the future and improve health by voting No to repeal the SSB tax.

I'm a consumer on the transitional view of this tax which I clearly feel is being lied about. first if it was about the children as stated then why? would citizen which receive public assistance (be able to purchase with there link cards and pay No tax .) I have raised my children and without disease , nor illness and not saying that every child that suffer from these illness Or Disease only receive assistance such as link..I can't comprehend for the life of me why ???? I'm being punished once again! Simple this is an unfair tax !!! and I say NO !!! and I Will Remember Election Time !!!

The beverage tax's purported purpose of cutting down sugar consumption by children is an obvious sham! Everyone who drinks canned or bottled beverages containing no sugar and even just plain water is impacted by this ridiculous legislation. It is simply outrageous that a bottle of diet ginger ale priced at .99 now costs \$1.67, especially when there is no sound basis for the tax. As an elderly woman on a limited budget who NEVER buys anything but sugarless beverages I am severely disadvantaged by this unfair tax and have had to eliminate canned and bottled drinks altogether because I simply cannot afford their cost with the added tax. I would urge ALL conscientious consumers, even those who can afford the extra cost, to boycott canned and bottled drinks; the tax on them is simply unjust, dishonest, and immoral. The beverage tax needs to be repealed and EVERY Cook County Commissioner who supports this ill-conceived, preposterous measure is no friend of constituents and consumers and needs to be canned along with the tax. I will do my best to work to achieve that.

I oppose a repeal of the penny-per-ounce tax sweetened beverage tax. This would be detrimental to both the health of county residents and the health of the county budget, potentially effecting services offered to Cook County residents.

We are being charged for bottled water with no sugar in it, and non-sugar drinks! This is ridiculous. If you want children to reduce the amount of sugars in their diet, tax cupcakes, cake products, candies, chips with high fats and sugars. The neighborhood stores are adding or increasing the price of the product so they can still make an extra profit. You want to make money so you can stop decreasing health care in Chicago, get a casino, and, or county lottery, reduce your own pay, to raise more funds. Between the high cost of living in the Chicagoland area, a government bent on decreasing healthcare and welfare that affects as many whites as non-white, this is so crazy and now we are being taxed for products that have no sugar or corn syrup in them. It's unfair and illegal! Do us a favor and do the right thing.

Good Morning Commissioners. Thank you for the opportunity to provide testimony in support of the proposed Sweetened Beverage Tax.

My name is Marti Smith. I am a Registered Nurse and the Midwest Lead for National Nurses Organizing Committee/National Nurses United. I speak on behalf of the RNs at CCHHS, as well as 186,000 RNs nation wide.

As RNs, we see rising childhood obesity rates and troubling trends in diabetes and heart disease that normally afflicts those in their later years now affecting school aged children. We also see the costs of these diseases on our communities - in patients who too early become disabled or debilitated by preventable health problems these diseases cause.

Because sweetened beverages are inexpensive and widely available, beverages such as soda are consumed at very high rates. It makes sense - they taste good, they're cheap, and they're heavily marketed to children.

Why focus on soda and other sugary drinks?

Soda and other sugary drinks are the number one source of added sugar in the American diet.

According to the Consortium to Lower Obesity in Chicago Children, by 9th grade, 48.6% of Chicago children are overweight or obese.

In fact, Cook County Health and Hospitals System spent more than \$200 million treating diabetes, obesity, and other diseases caused in part by consumption of sweetened beverages.

In 2015, Berkeley California enacted a very successful Soda Tax, which has already shown positive health effects, including a 21% reduction in consumption - precisely where health officials had hoped to see the largest decrease.

The intent of Cook County Sweetened Beverage tax is to reduce sugary drink consumption by all, which will reduce incidence of diabetes and other negative health impacts.

I've heard what those opposing this tax say. By their logic, as a nurse, more patients would represent job security for us. By that logic, we should advocate to abolish seat belts, helmets, and smoke detectors. Instead, we support your decision which was based on sound health policy, for the good of our children and our community.

This short sighted lawsuit will eliminate \$74 million in revenue for our revenue-starved county, potentially leaving 100s of families without an income. These families support the retailer selling these beverages. But more importantly, the tax will have long-lasting positive impact upon the health of our communities.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. The Illinois Chamber of Commerce is the voice of business within Illinois. We are the largest broad-based business association in Illinois, serving over 2000 businesses. A substantial number of our members are located in Cook County and those businesses are of all sizes and industry sectors.

As part of our mission, the Illinois Chamber of Commerce is dedicated to the promotion and adoption of state and local tax policies that aim to improve the general business and legal climate for the benefit of Illinois employers and citizens. A Cook County beverage tax does the opposite of that. It is hurting businesses, in particular Cook County businesses, by vastly increasing costs to consumers and providing a powerful incentive to consumers to shop outside of Cook County. The effect is hitting working class families and their jobs the hardest.

Not to mention, the imposition of the Cook County beverage tax has driven sales to bordering counties and bordering areas of Indiana. The shift in sales has depressed tax receipts in Cook County, the municipalities located within Cook County, and the Regional Transportation Authority, from the locally-imposed sales taxes imposed by these taxing bodies. Those sales tax dollars will be shifted to other municipalities and counties outside of Cook County, or in some cases Indiana.

We understand the position you are in as you seek to craft a county budget, but now more than ever we need to find a solution that will sustain economic growth and job creation for the long run. The adverse effect on the business community and the higher costs imposed on Cook County residents outweighs any increase in revenue that may result from this new tax.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

The tax is absurd. I will drive farther and pay more for soda outside of Cook County just on the principle. Find a way to budget with out taxing the residents for the County's shortcoming's.

The sweetened beverages tax should be repealed for 3 reasons:

1. The tax is unfair.
2. The tax is aimed at working families.
3. The tax will cost jobs.

The tax is unfair because there are many causes of health problems - genetic factors, environmental factors, level of activity, amount of sleep, and the whole array of products that people ingest. To blame one group of people for our public health costs and impose an onerous tax on them is wrong.

The tax isn't added to sweetened beverages 'made to order' at places like Starbucks. That means the tax is unfairly targeted at working families who buy less expensive drinks.

The sweetened beverages tax will lead to a loss of jobs, as has been seen in other places with a similar tax.

Reasons 2 & 3 mean the tax goes against core supporters of the Democratic Party, and they will remember this betrayal come election time.

Repealing the sugar tax is detrimental to the short-term health of the County's budget and the long-term health of County residents. This healthy revenue source will lead to decreased consumption of harmful sugary beverages, encourage healthier drinks and provide necessary funding for essential County services. While I worry that this is another tax collected from hard working lower and middle classes citizens, I also know that these are the groups most likely to be over consuming sugary drinks, leading to obesity and related health issues in the long-term. For this reason, I'm opposed to a repeal.
