The tax is a farce. If you were so concerned about health you would tax cake mixes, frostings, candybars and ice cream. I will drive outside Cook Co. to purchase soda and you will lose all my shopping revenue. It is also UNFAIR that Snap recipients do not pay the tax. So you are saying let the poor people drink the unhealthy zero nutrition beverage??

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. The tax hurts the poor, seniors, veterans, children, and anyone living on a fixed income and deprives them of nutrition. The tax is hurting business in Cook County. This is a serious matter; efforts will continue until it is repealed. Regards, George Armstrong

United Business Association is firmly opposed to the beverage tax! We are an organization committed to the economic prosperity of the Midway Airport Area. This tax is devastating to the economic goals of the area. It is not only reducing sales of sweetened beverages and at the same time driving our consumers out of Cook County and the Midway Airport community. Common sense dictates the repeal of this tax!!

I object that working people would have to pay a beverage tax and any one on public aid is not taxed for the same beverage. Cut the beverages out of public aid recipients.

Long term the county should see health improve and lower some costs for public assistance.

It is time for county government to learn to live within its means. I am fed up with the increasing number of taxes being applied. It is getting to the point where I will seriously have to consider moving out of this state so I can live within my means like the county should do!

This tax is not or never will be designed to "help" anyone. It is a pure money grab to shore up a city/state that has long kicked the can down the rode. CUT SPENDING, LOWER SALERIES, Reduce whatever to get YOUR financial mess in order. Don't try to dig deeper into tax payers pockets for YOUR unfunded promises. Beverage/sugar today, more tomorrow. By the way, who are YOU to tell me what's healthy for me or what I CAN or CAN'T eat?

I am in complete favor of repeal of the Sweetened Beverage Tax. This tax has in no way stopped me from buying sweetened beverages, it has just made me travel about an additional mile to Will Co. to make those purchases. The idea that this money is NOT being used to shore up the budget is an TOTAL insult my intelligence. I am sure that looking at ways to combine services between the recorders and clerks offices can yield savings. How about looking at fines for low level amounts of possession of pot instead of jail time. This tax is just utter crazy.

The Cook County beverage tax is hurting families as well as the economy. People are not giving up drinks with sugar, they are turning to other counties and paying them for the beverages instead. Businesses and people are suffering from this unfair tax. Can the tax.

I am voicing my displeasure and disapproval of the sugar tax that Cook Count commissioners have passed under the dictatorship of Toni Preckwinkle. Stop this socialist tax and theft from hard working citizens. Put the money back on the pockets of hard working Americans. Stop punishing the makers and rewarding the takers. I run my household with what's called a budget and if I can't afford something then I make sacrifices and cut or reduce spending. It's actually a common sense approach to basic economics unless of course you have the luxury of spending someone else's money to feed your excessive budget. To any logical person this continuous tax upon the workers of this county is insane and needs to be STOPPED now. I assure you of a vote against all commissioners who voted for this sugar tax when election time comes around.

I thought the Boston Tea Party taxation days were over, but I guess not. Since Cook County started a beverage tax. This tax is unfair for minors(robbing piggy banks)and senior citizens not to live on Social Security for payment to your cronies to be reelected. Your fake advertising paying to your cronies \$\$\$ was expense to the taxpayers. I hope the next election you are voted out.

Repeal the soda tax. I drive to another county and will continue to do until this tax is repealed. The reasoning behind this tax is rather confusing. No one cared if kids drank pop or any other number of drinks prior to this tax and kids had nothing to do with the County Commissioner 'threatening' employees with loss of there jobs.

The Cook County Tax on sweetened beverages is unfair and unwarranted. As a home owner I have to tighten my budget to pay rising property taxes. The Cook County government should do the same. I'm sure a 5% cut in government spending will not break the bank.

This tax is completely unfair and is hurting families like mine and businesses. It should definitely be repealed!! We are struggling trying to make ends meet in this state. My customers are moving out!! and my husband hasn't had a raise in 8 yrs!! We will not support this tax by shopping in Cook county. We will shop elsewhere. We think ms preckwinkle and the others who support this tax should take a cut in pay & give up part of their pension to free up more needed money. Stop taxing the citizens you work for all of us not just some. Balance the budget!!!

This is not a fair tax. It's not applied to everyone. It's also about more government spending instead of cutting costs. It is NOT from concern for public health.

Can the tax, it is unfair and unwanted by all the citizens of Cook County, only put in place to cover poor spending and shortfalls, not created by the tax payers, but by the politicians!

Learn the Facts About The Citizens Of Cook County

Fact: We(the people), are TIRED/FED UP with the “behind closed doors” CONVENIENCE TAXES that are thought up and then THRUST upon our backs.

Fact: We(the people), RESENT you coming into our homes and DICTATING to us that you are the “PARENT” and that you are only looking out for the welfare of your children(we, the people of COOK COUNTY).

Fact: We(the people), DISAGREE and would like to know what FACTORS were used in the study done by the Harvard T. H. Chan School of Public Health to determine with its CRYSTAL BALL, the savings stated.

Fact: We(the people), REALIZE that we are being TARGETED. While we wish to see no one impacted by JOB LOSS, we do not like being threatened. Threatened, with county programs/services being cut as well as lay offs.

REPEAL, REPEAL, REPEAL, this ridiculous JOKE of what is called a Sweetened/Sugar Tax.

This tax is unfair. People like me and my son cannot afford it. I resent being told what we cannot drink. I am an adult and can make my own decisions. I don't own a car right now. Since the beverage tax, I go with family and friends outside Cook County and we all do all of our grocery shopping.

I oppose the soda tax, it is not fair even diet products are included. There are also so many other things that have sugar in them which are not included. It just makes people go out off cook county to buy soda etc. Soda companies do not target our children. It is the parent responsibility to watch what your children eat or drink. When we were children we knew it was for special occasion and you did not drink it without permission as well as eat candy or cake.

We have been taxed to the max on everything in Cook County. Why should the people have to pay for the counties mismanagement of the budget. Enough is enough.

We are being taxed to death. This is an unfair & ridiculous tax, and Preckwinkle should be ashamed of herself. If these beverages are so horrible, than they should also be eliminated from the list of acceptable items for LINK card holders to purchase. There would be a great savings.

This tax is regressive, disproportionately impacting the grocery budgets of those who can least afford it compared to wealthy households. Neighborhood grocery stores, restaurants, movie theaters and other local businesses that rely on beverage sales for a good part of their income will be hit especially hard. Local stores close to the state border are already having a difficult time competing with businesses outside of the state; this proposed tax will cost sales that can lead to job losses.

This has nothing to do with health. This new tax is just a way to generate revenue. Obesity and diabetes are complex conditions that require real solutions. Taxes do not replace the benefits of a balanced diet, proper wellness education and physical activity. Placing even more financial burden on working families and small businesses does not make people healthier.

What works is government and beverage companies working together as partners to increase consumer awareness about the importance of moderating calories and sugar from beverages. Educating consumers rather than taxing them is the meaningful way to improve public health without destroying jobs, hurting small business or increasing grocery bills on working families.

I have been shopping in will county since the sugar tax went into effect. We just received an increase in income tax and now this sugar tax!!! The reasoning for the sugar tax is to change people's choices to healthy choices. If that was actually the reason then there will be nothing to tax NOW WOULD THERE if we all stopped drinking sugar drink products. Start making cuts were cuts need to be made. Our county is full of people scamming the system. That is our issue

This tax not the answer. It's only hitting people pockets more. People going to drink what they want to drink. The real issue is with be the FDA passing things off as being healthy when they are not, etc. Leave our pockets alone.

I would like a vote AGAINST the sweetened beverage tax. Since it has been enacted I have purchased beverages, and a lot of other grocery shopping, in adjoining counties and have not paid any tax for this purpose. I will continue to do so and not spend my money in Cook County.

Repeal the Soda Pop Tax. It is regressive, not applied fairly or universally, and has been misrepresented as being "for our health" when in actuality it is just another money grab against the taxpayers of Cook County. My commissioner is Ed Moody, and I hope he has the cajones to join John Daley and the other commissioners in changing his vote, and voting to repeal this unfair tax. Thank you.

I do not drink a lot of pop, but it is a nice treat now and then. Children are having health issues these day because nobody goes out to play! Raise THAT CONCERN instead of raising taxes. I don't have children, so why should I get charged the tax if childhood health problems is the reason you have put a tax on pop and other beverages I enjoy periodically?! RIDICULOUS!

A tax affecting those least able to avoid it while everyone else is exempt or is able to travel outside of the county is not the answer as Cook county is not only losing the beverage tax anyway from people but not even getting regular sales tax from them as they shop outside if the county! A beverage tax is not the answer.

This tax needs to be repealed. We are drowning in taxes and this one is pushing my family to go to IN or Will County to do my shopping (less tax for Cook). This tax is dishonest because it's not for health it's a money grab. Myself and family vote EVERY election and if this isn't repealed we will voice our displeasure at the ballot box. Cook County needs to cut the budget, get rid of waste like business. When the county becomes responsible with our money, only then will I support any tax.

Stop the Taxation and everything we consumers buy. To all politicians Republican Democrat or independent you will be voted out stop this excessive taxation on everything what's next the air we breath. Remove Toni preckwinkle and stop your bogus ads it's not the company's fault of obesity and diabetes it's the parents and the consumer. Last I checked I don't go to McDonald's or Burger King or any restaurant and get my meal for free I pay for it so stop making our decisions and tell Bloomberg to go home and find something else.

I am absolutely not supportive of the sugary drink tax. The drink tax does not provide a reduction in obesity; it drives me and my family to the next county to complete our grocery shopping.

I would be supportive of initiatives that prohibit the purchase of "pre-made" foods on the SNAP program and offer an incentive to people who purchase raw fruits and vegetables to make their own meals vs. purchasing pre-packaged foods.

Cook County Board-when will this end, tax payers are already over taxed and now you tell us that you will have to lay off people in the county, what about the thousands of us in the beverage businesses in this city alone who need our jobs to pay your salaries, mortgage, healthcare, etc. I would rather be able to pay my mortgage than take my money to Indiana and grow that state when my small town of Matteson, Ill does not even have a grocery store because of poor funding, mismanagement. We know the same thing that happen in the east will happen here if this tax is passed, I hope you are prepare to get new jobs as well because the people I talk to are not happy paying higher taxes for a beverage. The commercials are appalling, what they are pushing and the way it is coming across it 2 different things. Who feed sugary drinks to their kids instead of milk and water? I haven't heard one person who agree with the commercial and think they are totally insulting to parents. I ask all the Commissioners to please CAN THE TAX, WE DO NO WANT It, we need our jobs.

Parents should decide whether a child drinks a sugary drink or something else. When I was growing up, one Pepsi was drank with our Saturday night pizza dinner as a treat. We did not drink soda any other time.

Putting this sweetened beverage tax on anything (whether it has calories or not) is wrong.

This tax goes too far. It is a hardship on my family and I don't believe it is the governments job to try to manipulate what people buy with a tax and call it a "help to our health".

I support the repeal of the beverage tax. Cook county needs to find a way to balance their budget without adding additional taxes to cook county residents. My real estate taxes just increased and now I am taxed for soda. Soda taxes are more then alcohol taxes and this is just crazy. If the tax stays I will no longer shop in cook county where I live. I have had enough tax increases in my lifetime.

The tax is unfair and discriminatory. It's just about money and not really about health. If it were, then why is it still allowed to be purchased on Link cards and not band like alcohol?

Maybe instead of taxing us as the reason for obese children, you can blame the parents for allowing them to drink it. We have a free will to chose. Maybe the obesity problem is because these kids are sitting on their electronic devices when they should be outside burning energy. That's what I did. Stop taxing us!!!

Repeal this beverage tax. Instead of taxing me, educate parents on how to make healthy choices. The beverage industry doesn't put the can of soda pop into the child's hand, his parents do. You can't legislate common sense.

This is an unfair tax. I have to buy small juice boxes to treat diabetic lows for family members. I should not have to pay this for medical needs. Also, why protein drinks are being charged this silly tax. So how this tax makes any sense is beyond me.

Here are some recent newspaper headlines for cook county: Chicago property tax bills going up 10 percent this year; property taxes: where is all that money going?; a taxing year ahead: expect to pay more for your home, parking, water and more; meet the politicians who stand to get rich off Chicago's massive property-tax hike.

And now we have yet another tax on sugary beverages. Enough already! I have a modest home with a tiny yard and pay \$8000/year in property taxes. Illinois now has the distinguished honor of having the highest median property tax rate in the country. Tack that onto super high sales tax, gas tax, liquor tax, and taxes on every single bill, etc. Hardworking people are being squeezed out of this county and state. And why? Beautiful landscape - not really; low crime rates - think again with Chicago having the highest murder rate in the country; nice roads - ha - try pothole heaven; great schools - well, most of our students test into remedial classes when they get to college so I guess not.

I have a suggestion - pare down the government so half or more of my taxes don't go to pay your high salaries, health care benefits and pensions. Do we really need county, township and city/town governments? How about you all take a pay cut in these trying times?

Lastly, the fact that you pretend like this is in the interest of public health is downright insulting - like politicians care! If you did, you would ban herbicides, pesticides, artificial coloring/flavoring, preservatives, growth hormones, antibiotics, etc., all of which are killing us slowly. Stop lying and call it what it is - you are broke, don't want to cut any of your cronies out of the picture, and care nothing about breaking the backs of your constituents who are barely making ends meet as it is. It is so easy to raise taxes because you aren't paying for it. If kids and adults are suffering from diabetes and heart disease due to drinking too much pop then they should be smart enough to cut back in their own households. If they are not smart enough then a tax won't help. Drugs are expensive and illegal but yet our drug culture is alive and well. If people are that addicted to sugar they will get it one way or another. And all of the statistics that state that this sort of tax decreases sales is a lie. Sure, it decreases sales in cook county for instance but that is because people will leave this dreaded county to shop elsewhere - I know that I will. I also dream of the day that I can retire anywhere but this state. How sad but it is true - the average family simply cannot afford to live here. Figure out how to balance a budget without killing all of us. I have considered moving to and commuting from Indiana for the last couple of years. Maybe you will take note when you have no one left to tax and are all unemployed.

The beverage tax is unfair. We are now going to Indiana for beverages and groceries. The county and state are now losing the sales tax. Cut employees and the county level.

I strongly feel this tax is just a cash-grab to take money out of the pockets of Cook County residents. If the issue was truly about the health of children (and adults), then ALL fast food, peanut butter, fried chicken, ketchup, etc. should be BANNED, not taxed, as they all contain sugar and other things not good for us. However, people should be self-policing and not dictated to concerning their own health.

The beverage tax is unconstitutional, arbitrary, punitive, and damaging to Cook County's economy.

It's unconstitutional for at least two reasons. First, there is no direct, logical connection between the products being taxed and costs incurred by county government. The imaginary health costs cited by supporters of the tax are speculative; they cannot be calculated accurately. Second, the county has no specific obligation in the law to spend any revenue from the tax on health costs.

It's arbitrary because all food products can cause health problems if not used in moderation. This tax arbitrarily penalizes a select group of food products and ignores all other food products which could cause the same alleged health problems.

It's punitive because for soda, it imposes a tax that is approximately 89% of the retail price of the soda. The US Constitution bans punitive taxes so state and county governments cannot use the tax system as a roundabout method of prohibiting products which they cannot legally outlaw.

It's damaging to the county's economy because purchasers of the taxed products can easily purchase the same products (without taxes) in neighboring counties. Cook County can change its own laws, but it cannot alter the basic laws of economics.

This is an unfair tax. Certain retailers are suffering substantial losses which could lead to job loss. The focus of the ads backing this tax are just using childhood obesity as the reason, when in reality, it is because our state pensions for cook county employees, teachers, are the real reason. Bloom berg should not have wasted good money on useless ads. His money could have been put to better use.

This "Sugar/Beverage Tax" needs to be repealed! This was a terrible idea to begin with to impose such a crazy tax! Some items are being taxed that should never have been taxed and in addition to that the county has no business getting involved in our shopping preferences. I have stopped shopping in Cook County because of this and instead, drive into Will County now. Come up with some more creative ideas like taxing the wealthy, which have been getting away with too much for years. Impose a tax on the "rich and greedy!" I am furious about this tax.

This "soda tax" needs to be repealed. As a adult, the government has no right to tell me what I should and should not drink. That is my decision. I don't drink much dark soda anymore but I still like Sprite and Sierra Mist. If I pick up something like a Sprite, I am being taxed on the tax. That is not right. What upsets me is that the green tea and lemonade I do drink is part of this tax.

The county needs to start controlling their spending and not tax the people to death. I have been going to Will County to pick up my green tea and other sparkling waters. And since I'm there, I have starting picking up more of my groceries.

Any commissioner that votes to keep this tax should not be surprised if they are not reelected in the next election. I know my commissioner will not get my vote because they backed the tax in the first place.

I am in favor to repeal this ridiculous tax. My husband and I work and we don't need anymore of our money going to unnecessary taxes. I can manage what my children drink on my own and certainly don't need Preckwinkle or Bloomberg to tell me different. What a crock! So sick of all of it and sick of taking my time to go to Will County to buy soda for a party we just had!! So sick of Cook County and Illinois in general. Definitely will be voting next election!!!! Or just moving!!

The citizens of Cook County cannot afford this or any other tax. We are already taxed too much as it is.

This tax is so wrong on so many levels that I don't have enough space to explain myself. Learn to live within budget, my family and I have to. You don't have the proper doctors supporting your claims. Play 60 claims childhood obesity is decreasing with their campaign to play 60 minutes a day. You don't have any business telling the public what to consume when the very group that is proven should be targeted can't. Cook County employees receive too much money and too many raises- I received a total of \$3 in four years when some of your employees have received over \$5 in one year in raises. So many more families will lose their primary source of income than will if you just live within budget. Why do we need Stroger Hospital, everyone is required to carry health insurance with Obamacare. I can't afford to continue to support Cook County and your irresponsible spending of my families' hard earned money. You ran for office on the premise of not raising taxes.

If the Cook County Board is really concerned about the health of children then they would impose mandates on the manufacturers of the unhealthy products that cause the chronic illnesses running rampant in the community. Give back the campaign donations and begin the real work. Taxing individual ingredients in products manufactured by companies that contribute to commissioners' campaigns is not fair to county residents. Demand the production of said products change. Demand a reduction of sugar including corn syrup, salt and any other ingredients that have been proven to lead to the chronic illnesses plaguing our county. Engage in the true fight. Stop taxing us NOW!
