The tax is a farce. If you were so concerned about health you would tax cake mixes, frostings, candybars and ice cream. I will drive outside Cook Co. to purchase soda and you will lose all my shopping revenue. It is also UNFAIR that Snap recipients do not pay the tax. So you are saying let the poor people drink the unhealthy zero nutrition beverage??

United Business Association is firmly opposed to the beverage tax! We are an organization committed to the economic prosperity of the Midway Airport Area. This tax is devastating to the economic goals of the area. It is not only reducing sales of sweetened beverages and at the same time driving our consumers out of Cook County and the Midway Airport community. Common sense dictates the repeal of this tax!!

I oppose the soda tax, it is not fair even diet products are included. There are also so many other things that have sugar in them which are not included. It just makes people go out off cook county to buy soda etc. Soda companies do not target our children. It is the parent responsibility to watch what your children eat or drink. When we were children we knew it was for special occasion and you did not drink it without permission as well as eat candy or cake.

A repeal would be detrimental to the short-term health of the County's budget and the long-term health of County residents. This healthy revenue source will lead to decreased consumption of harmful sugary beverages, encourage healthier drinks and provide necessary funding for essential County services. Repeal the Soda Pop Tax. It is regressive, not applied fairly or universally, and has been misrepresented as being "for our health" when in actuality it is just another money grab against the taxpayers of Cook County. My commissioner is Ed Moody, and I hope he has the cajones to join John Daley and the other commissioners in changing his vote, and voting to repeal this unfair tax. Thank you.

I am voicing my displeasure and disapproval of the sugar tax that Cook Count commissioners have passed under the dictatorship of Toni Preckwinkle. Stop this socialist tax and theft from hard working citizens. Put the money back on the pockets of hard working Americans. Stop punishing the makers and rewarding the takers. I run my household with what's called a budget and if I can't afford something then I make sacrifices and cut or reduce spending. It's actually a common sense approach to basic economics unless of course you have the luxury of spending someone else's money to feed your excessive budget. To any logical person this continuous tax upon the workers of this county is insane and needs to be STOPPED now. I assure you of a vote against all commissioners who voted for this sugar tax when election time comes around.

I am one of many who will NEVER purchase my beverages in Crook County again unless this tax is appealed. I find it disgraceful that county employees continue to get pay raises and huge pensions, which we all know this is the real reason for this tax and not your concern over children's health. Furthermore, while showing obese children in your commercials, don't you think it's the stupid parents buying junk food and sweets for these children. It's not soda companies targeting children that are obese. It's a joke that you think we believe these kids are obese simply because of soda. Also, those on Link Cards and Food Stamps, the ones you say are targeted most don't have to pay this tax. I hope this is Preckwinkle's last term and except for John Daley who had the smarts and courage to appeal, the rest of you will NOT get any future votes from me. It's a disgrace that county employees have these huge pay wages and huge pensions that you expect the middle class to pay for because you can't balance a budget and quit wasteful spending. We know it's all a bunch of lies. First the tax is for safety and now it's for health. Cut out the extra people if you can't afford to pay them. We don't care, just quit taxing us to death. The wealthy don't care about the extra cost because it doesn't hurt them, but the middle and lower class that aren't on food stamps are sick and tired of keeping you all in your high lifestyles and continued pay raises. How about this, CUT EACH and EVERY COUNTY EMPLOYEE'S paycheck by 10% and see how much money you will save and stop future raises until you who are in charge can balance a budget. Too many county employees that do nothing and get paid huge wages. Stop hurting the rest of us and the people who work on commissions for the soda companies because many of us are shopping in DuPage and Will County and even Indiana. Get it right and get rid of the beverage tax if you want to help the middle class. The government has no business telling us what to buy. If you are too stupid to feed your young children a bunch of junk food and sugary drinks, then the rest of us shouldn't have to be responsible. I believe we need to help educate good eating habits but this tax is UNFAIR. What next? You just keep finding ways to make us pay for your overpaid jobs and pensions that you can't fund because of wasteful spending. Why do you think Trump won????? Not because he is so great, but because we are fed up with the lies and will pick your opponents rather than listen to more lies. We will remember this as one commercial says and I hope Preckwinkle is gone for good. Stop this tax and the lies.

I support repeal of the Cook County Soda Tax. It is an expensive intrusion in taxpayers' lives. There is undoubtedly plenty of waste in county government that can be cut.

Repeal the soda tax. I drive to another county and will continue to do until this tax is repealed. The reasoning behind this tax is rather confusing. No one cared if kids drank pop or any other number of drinks prior to this tax and kids had nothing to do with the County Commissioner 'threatening' employees with loss of there jobs.

Why are welfare recipients excluded. If you truly want to help the poor, this is not helping them. Unfair to exclude a class of people from tax penalties.

I strongly believe this beverage tax is unfair and is trying to enforce and unfair tax just because of wanting to enjoy a beverage of our choice. Chicago's taxes are already extremely high. Can the tax!!!

I support the repeal of the beverage tax. Cook county needs to find a way to balance their budget without adding additional taxes to cook county residents. My real estate taxes just increased and now I am taxed for soda. Soda taxes are more then alcohol taxes and this is just crazy. If the tax stays I will no longer shop in cook county where I live. I have had enough tax increases in my lifetime.

In my opinion, the beverage tax fails to address the reason it was established: obesity in general and the health problems sugar causes in adults and children, because sweetened beverages are just a fraction of a host of products people choose to consume in excess on a daily basis that contribute to obesity and health problems. The excessive consumption of sugar in foods in general is the problem. So imposing a beverage tax is as ineffective in addressing those issues as the current penalty for drug possession is in stemming drug abuse, because a person addicted to sugar will seek to acquire it whatever way they can just like any other addict, i.e.: by continuing to consume excessive amounts of cookies, cakes and candies. This makes it obvious that sweetened beverages are not the only things people rely on to satisfy the sugar cravings that contribute to their obesity and health problems. So the beverage tax comes off as nothing more than a deceptive means of gaining revenue, a prelude to the imposition of other consumer taxes, and an ineffective means of addressing obesity and the host of health issues specifically related to excess sugar consumption. Therefore the Cook County beverage tax should be repealed immediately.

I am against the beverage tax. I'm a disabled veteran on a fixed income and I should not have to pay extra if I want to drink an Iced sweet tea while I'm out enjoying the events in my city. I did not serve my country just to be taxed in this petty way.0

The tax is unfair, as not all citizens are required to pay it ALL citizens regardless of the source of income must pay all tax, no one should be exempted.

The tax is unfair. Even though it's supposed to be for health reasons, the very population that is most affected by obesity and diabetes- Latinos and African Americans- they don't have to pay the tax. Parents need to monitor their kids dietary habits to avoid overconsumption of these beverages.

Please Repeal this Tax!!! It's hurting families, and is way too expensive for families and consumers to pay for any longer. It's not making us any healthier, because even flavored water and low-sugar juices are causing us too much money to maintain living in this state.

The sweetened beverage tax is a burden on consumers and sellers. It has forced me to buy my beverages in other counties or Indiana, leading to decreased sales for our community grocers. It has to come to an end.

None of the fancy (and I expect expensive) advertising campaign to try and sell this tax as a boon to the healthcare of children is believable. We all know it's a cash grab on a popular product so you don't have to make budget cuts somewhere else.

You know that the stocks of Coca-Cola and other soda manufacturers are included in the IRA portfolios of retired seniors, right? Is your plan to deflate them, too?

You shouldn't pull at strings without giving consideration where the whole fabric starts to ravel out.

Go to any grocery store in Will or DuPage county and count the number of carts buying their soda there.

I'm not saying that drinking soda is healthy. But don't lie to us about why you're charging us more money to drink it.

Poorly started

not about health

Will not raise money projected

unfair

causes me to do other shopping outside of Cook County

cut spending or find a new source of money

you as a board are lying to the people

will not cut diabetes by 7% in one year another lie

More and more people are getting pushed our of Cook and IL. and that will cut the money coming in.

This isn't a fair tax. The amount of sugar kids take in should be a decision made by parents not the county. It is unfair to constantly tax hard-working people to make up for a deficit created by people who constantly mismanage funds.

pls repeal this tax enough is enough 7cents for a plastic bag now this it is only hurting people who cannot

this is just another way to hurt cook county residents .especially those who have no choice but to shop here but we are loseing money because why patronize stores in cook county when you can go to other areas and pay less but it is causeing people to put money elsewhere that is needed here .how about taxing bullets if you are not in law enforcement.

The beverage tax should be repealed because it places an undue burden on low and middle class families. Also, many stores are taking advantage by improperly taxing items. I was charged a "sugar tax" for a bag of sugar free hard candies. I agree that Americans need to be healthier; however, the regulations and penalties should be imposed on the beverage/food makers instead of charging struggling families more. This is only causes people to buy in other counties (which I've opted to do) and/or adds or causes a financial hardship on the families which the tax claims to benefit.

Here are some recent newspaper headlines for cook county: Chicago property tax bills going up 10 percent this year; property taxes: where is all that money going?; a taxing year ahead: expect to pay more for your home, parking, water and more; meet the politicians who stand to get rich off Chicago's massive property-tax hike.

And now we have yet another tax on sugary beverages. Enough already! I have a modest home with a tiny yard and pay \$8000/year in property taxes. Illinois now has the distinguished honor of having the highest median property tax rate in the country. Tack that onto super high sales tax, gas tax, liquor tax, and taxes on every single bill, etc. Hardworking people are being squeezed out of this county and state. And why? Beautiful landscape - not really; low crime rates - think again with Chicago having the highest murder rate in the country; nice roads - ha - try pothole heaven; great schools - well, most of our students test into remedial classes when they get to college so I guess not.

I have a suggestion - pare down the government so half or more of my taxes don't go to pay your high salaries, health care benefits and pensions. Do we really need county, township and city/town governments? How about you all take a pay cut in these trying times?

Lastly, the fact that you pretend like this is in the interest of public health is downright insulting - like politicians care! If you did, you would ban herbicides, pesticides, artificial coloring/flavoring, preservatives, growth hormones, antibiotics, etc., all of which are killing us slowly. Stop lying and call it what it is - you are broke, don't want to cut any of your cronies out of the picture, and care nothing about breaking the backs of your constituents who are barely making ends meet as it is. It is so easy to raise taxes because you aren't paying for it. If kids and adults are suffering from diabetes and heart disease due to drinking too much pop then they should be smart enough to cut back in their own households. If they are not smart enough then a tax won't help. Drugs are expensive and illegal but yet our drug culture is alive and well. If people are that addicted to sugar they will get it one way or another. And all of the statistics that state that this sort of tax decreases sales is a lie. Sure, it decreases sales in cook county for instance but that is because people will leave this dreaded county to shop elsewhere - I know that I will. I also dream of the day that I can retire anywhere but this state. How sad but it is true - the average family simply cannot afford to live here. Figure out how to balance a budget without killing all of us. I have considered moving to and commuting from Indiana for the last couple of years. Maybe you will take note when you have no one left to tax and are all unemployed.

The beverage tax is unfair to the people of Cook County, the soda bottlers, their employees, and the establishments that sell their products. This tax has contributed to job loss and decreased business of establishments who depend on the soda industry for their livelihoods. Cook County residents should not be burdened with yet another ridiculous tax.

I support motion in question to repeal the sweetened beverage tax. The sweetened beverage tax unfairly targets those who drink sweetened beverages. A more fair tax would target all sweetened or unhealthy foods rather than just beverages.

Learn the Facts About The Citizens Of Cook County

Fact: We(the people), are TIRED/FED UP with the “behind closed doors” CONVENIENCE TAXES that are thought up and then THRUST upon our backs.

Fact: We(the people), RESENT you coming into our homes and DICTATING to us that you are the “PARENT” and that you are only looking out for the welfare of your children(we, the people of COOK COUNTY).

Fact: We(the people), DISAGREE and would like to know what FACTORS were used in the study done by the Harvard T. H. Chan School of Public Health to determine with its CRYSTAL BALL, the savings stated.

Fact: We(the people), REALIZE that we are being TARGETED. While we wish to see no one impacted by JOB LOSS, we do not like being threatened. Threatened, with county programs/services being cut as well as lay offs.

REPEAL, REPEAL, REPEAL, this ridiculous JOKE of what is called a Sweetened/Sugar Tax.

The Cook County Pop tax is ridiculous. It will NOT solve "childhood obesity" and it will not stop anyone from drinking sugary drink. It will only stop them from spending their money in Crook, I mean Cook County.

The soda tax will not stop obesity. It forces cook county residents to shop in other counties, thus putting cook county businesses in jeopardy of going out of business!

This tax is unfair. People like me and my son cannot afford it. I resent being told what we cannot drink. I am an adult and can make my own decisions. I don't own a car right now. Since the beverage tax, I go with family and friends outside Cook County and we all do all of our grocery shopping.

Everywhere you turn, prices are rising. Families are feeling the pain as beverage taxes take a bigger bite out of their grocery budgets with no end in sight. I don't have children and I like soda and flavored waters. One cent/ounce is excessive and unnecessary for the purported benefits. Despite the racially pandering commercials and mailers, I have not been convinced that the tax will reach its expected beneficiaries nor will it change unhealthy behaviors. This is a governmental "smash and grab" in the worst possible way and I have done everything in my power, and will continue to do so, to avoid paying this tax. It's not as hard as the Commissioners think to cross county or state lines, or know someone who does so regularly enough, to purchase beverages outside Cook County.

This tax gives our county & city a bad name and I have yet to see actual proof that the County actually needs this money & took measures to balance the budget first. CAN THIS TAX!!!!!!

It is the right time to be more concerned about the health issues of Cook County residents and helping them improve than with just pleasing those that make money off of the poor decisions many make due to habit and lack of better knowledge of how they damage their health with sugary drinks, etc. The resulting costs to health care system and continued decline of health to individuals by not having this tax implemented will be a high price to pay just to please the big drink companies and those who just can't embrace change for the better.

Please, please, please, keep strong and implement the sugary beverage tax.

The beverage tax is a tax that should be repealed, should never have been approved, and needs to be prohibited from being considered in the past. The County does need greater revenue and support from our state government yet in the interim to balance our budget we must find revenue from the most wealthy cook county residents and organizations which do business in Cook County in order for the majority of the hard working people to remain calling Cook County our home. Repeal the tax and don't let it come back!

This tax is so wrong on so many levels that I don't have enough space to explain myself. Learn to live within budget, my family and I have to. You don't have the proper doctors supporting your claims. Play 60 claims childhood obesity is decreasing with their campaign to play 60 minutes a day. You don't have any business telling the public what to consume when the very group that is proven should be targeted can't. Cook County employees receive too much money and too many raises- I received a total of \$3 in four years when some of your employees have received over \$5 in one year in raises. So many more families will lose their primary source of income than will if you just live within budget. Why do we need Stroger Hospital, everyone is required to carry health insurance with Obamacare. I can't afford to continue to support Cook County and your irresponsible spending of my families' hard earned money. You ran for office on the premise of not raising taxes.

REPEAL THE SODA TAX, EFFECTIVE IMMEDIATELY.

I am frustrated at the level of political lies being told to the public that the soda tax will solve the health problems. I don't have any medical issue from drinking soda. Soda and juice alone does not cause disease. Everything in moderation. Where does the sugar tax end? What about candy? What about baking sugars? We are NOT stupid. The government is looking for money and toward the people to fund all their waste and spending that needs to be resolve internally. Get rid of the political personal spending allowances. Get rid of the political perks that are unlimited at your disposal. Get rid of the top medical insurance that the people are paying you. I pay for you and I cannot pay for myself. Something is seriously wrong with politics.

NO TO SODA TAX!
