URGENT! WE NEED YOUR HELP!

Dear Access to Care Client,

In the Preliminary 2018 Cook County Budget, funding for Access to Care has been removed. This could mean the end of the Access to Care program. Your healthcare is at risk!

With your help, we can change this. We need to let the Cook County Commissioners know how important Access to Care is to YOU.

Please write a letter to one or more Commissioners today. It must be done immediately as a decision on the budget will be made soon. We are enclosing a stamped envelope for you to use to send to the Commissioner(s). We are also enclosing addresses and email addresses for your use.

Attached is a sample letter you can use; or you may choose to write your own letter using your own words and your story.

Please help us maintain the funding for the Access to Care program so it can continue to serve you and many others like you.

Sincerely,
The Staff of Access to Care
