As a commercial property owner and residence owner in Elk Grove Village, Cook County, Illinois, I would urge you to vote No to the Property Tax Incentive - Prevailing Wage Requirement for Class 6b, 8, 9 properties.

This incentive was presented to attract businesses from other counties to purchase land in Cook by already spending money to improve properties to qualify for this incentive. For such requirements to be requested will be detrimental to tax incentive purchase and businesses that operate under such incentives.

During the Finance Committee meeting of March 1st, approximately fifty + people testified in opposition to the matter including numerous mayors, managers and development officers from various jurisdictions in the County. Other opponents included property owners, business owners, real estate associations, developers, and other concerned citizens. In support, three people spoke on behalf of union groups.

During this committee hearing, no evidence or testimony was provided to demonstrate that the proposed change would support or

encourage economic development in Cook County. To the contrary, all testimony provided clearly demonstrated that the proposed change would hinder economic development in the County. Even worse, the proposed change would devastate any economic development in the southern portion of the County. Nevertheless, the Finance Committee advanced the matter for a vote by the Board of Commissioners, now scheduled for March 14, 2018.

For the reasons stated herein, I encourage you to reject the enactment of the proposed amendment.

The proposed amendment does nothing to promote economic development. Instead, as demonstrated by the overwhelming number of mayors, managers and other citizens who testified in opposition, the proposed change will greatly impede economic development in Cook County; due to the added costs, administrative burdens and uncertainty the change imposes on those seeking assistance through the County Incentives Programs.

Proponents of the pending change justify the additional burdens placed on developers by making the false claim that these developers are receiving taxpayer funds which could be spent to support other worthy needs in the community. Therefore, such property owners and developers should be obligated to pay above market wages. The incentive programs at issue here do not cause taxpayer funds to be handed over to property owners. This is not a case where government is giving up money that it could possibly spend elsewhere in the community.

Instead, the benefits of the incentive flows from property development that otherwise would not occur without the help provided by the 10% level of assessment placed on incentive properties. Normally, such commercial industrial property is assessed at 25% of market value. Incentive properties would not be built "but for" the benefit of the lower level of assessment and the lower tax burden it provides. In short, 10% of something is better than 25% of nothing. There are no "winners" and "losers" in the incentive programs and government funds are not directed away from one group to benefit another. Therefore, the rationale in support of the proposed change is faulty and the proposed amendment should be rejected.

The amendment, as written, raises the following concerns:

1. Prevailing wage obligation will further complicate an already complex structure bringing additional cost and uncertainty that will deter economic development that is not feasible without the benefit of the incentive classification. This conflicts with the underlying policy upon which the incentives were created, which is to promote the expansion of the tax base by supporting economic development that could not occur.
2. Clear majority of input provided thus far from concerned constituencies is strongly opposed to the proposed change as it stifles economic development, where it is needed the most.
3. Proposed amendment is too broadly drafted as prevailing wage must be paid not only for activities related to new construction, but must also be paid for all work on any improvement receiving a property tax incentive. As such, it is drafted to cover not only the initial development but all work occurring thereafter. In addition, the proposed change requires prevailing wage to be paid for any maintenance or repair work done to any equipment at the property. Not only does this raise an additional obligation after the initial development, but more troubling it adds a personal property obligation to legislation regarding real estate taxation. Such drafting is unwise as personal property is not subject to taxation in Illinois and therefore should not be included in legislation regarding real estate tax.
4. Proposed amendment contains requirement for retention of a significant amount of employee, wage and hours information to establish compliance. In addition, there is an obligation to file monthly reports with the County Bureau of Economic Development. This regulatory and reporting obligation pushes additional cost onto property owner as well as the Bureau of Economic Development.
5. Proposed amendment also adds a requirement that any improvement activities occurring at the subject property after obtaining the incentive, must be under-taken by an entity participating in the US Dept. of Labor Apprenticeship program. Once again creating an obligation to follow the property after the initial development is completed. Also, creates additional expense and reporting obligation; thereby making development incentives less desirable. Unclear why this issue is being raised as a similar requirement for class 8

property was repealed in 2017, due to concerns that it impaired economic development in southern townships

New Burdens and Obligations Counterproductive to Economic Development

Although the prevailing rate of wages paid for public works in Cook County is not identified in the amendment, such prevailing wages would be greater than minimum wage levels set by government, and greater than market rates; as the inverse would make no sense. Published reports also confirm that “prevailing wages” for public works typically exceed those paid in the private market. As such, it appears that the public policy behind this proposed amendment is to raise the wages for workers interacting with the incentive classifications. This obligation, in combination with some of the reporting requirements also contained in the proposed amendment, would increase the cost to develop and maintain property qualifying for incentive classifications.

Increasing the cost of economic development conflicts with the original reason for the creation of the incentive classes. These development classifications were created based on the public policy that the reduced property tax provided by the incentive allows for development that otherwise would not be economically feasible. By making such development economically feasible, via incentive classification, government benefits through the expansion of its real estate tax base. The public benefits as well due to fact that taxes are spread out over this larger tax base, thereby reducing the individual load.

In many cases, the added cost of the proposed prevailing wage requirement will cause potential economic development projects to no longer be economically viable, thus deterring economic growth where it is needed the most. Such outcomes would be counterproductive. Indeed, loss of potential development projects would work against the very workers the proposed amendment seeks to help.

The testimony provided to the Finance Committee, in opposition to the proposed change, made it crystal clear that that the burdens and uncertainty that come with the prevailing wage requirement will greatly damage future development in the County, especially in the southern suburbs. Much of this testimony was provided by mayors from local municipalities as well as their development staff. These are the people best positioned to understand the negative impact that the proposed amendment would have on their ability to promote economic growth in their geographic area. Their collective voices in opposition should be given great weight and should be enough to stop this proposed change from being enacted.

Too Broad – Applies to Non-Development Activities / Includes Personal Property

The prevailing wage requirement is to be applied to “Construction” activities occurring at the subject property. The term “Construction” is defined to mean “all work on any newly constructed building or improvement or renovation on any existing building or structure, on any real estate receiving a property tax incentive involving laborers, workers or mechanics..... This includes any maintenance, repair, assembly, or disassembly work performed on equipment whether owned, leased, or rented.” 74-17(b)(4)(b).

Proponents of the pending change claim that the additional obligations they now propose will only apply to the initial development and will not burden the property after construction is complete. This is simply not true given the way the definition of “Construction” is drafted as it covers all work on any existing building or structure located on real estate receiving a property tax incentive. As drafted, the obligations follow the property after initial development activities. This is true as well for the apprentice program portion of the amendment, which applies to any work occurring after the property receives the tax incentive.

Such a broad application of the prevailing wage component not only adds to the cost of the underlying development; it then then continues to burden the property after achieving the incentive classification.

Onerous Record Keeping and Reporting Obligation

Sec. 74-71 (b)(5)(a)&(b) requires that certain records regarding the payment of a prevailing wage be maintained and that a monthly report regarding the same be filed with the County Bureau of Economic Development. These records are to be kept for a period of 5 years and are to include a significant amount of information as to wages, workers and their social security numbers, hours etc. This record keeping obligation will only act to increase the cost associated with a proposed development.

Given recent budgetary constraints and the resulting limits on manpower and other resources, is the County Bureau of Economic Development adequately resourced to accept and review 12 reports a year for every incentive property in the County? Does the County Bureau of Economic Development have adequate protocols in place to safe guard sensitive information (including social security numbers) as to every worker that interacts with every incentive property in the County? Even if such resources are available, would they be better deployed to support other County efforts to benefit the public?

Resurrects US Dept. of Labor Apprentices Program and Broadens Its Application

Finally, the prevailing wage amendment also includes a provision that requires all “Construction” occurring at the subject, after receipt of the incentive, must be undertaken by entities that participate in an “active apprenticeship and training program approved and registered with the United States Department of Labor’s Office of Apprenticeship.” Sec 74-71(b)(6). This obligation appears to echo a similar requirement the County Board first enacted (Class 8 only), but then later repealed. It is unclear why this issue is back.

On June 8, 2016, the Cook County Board of Commissioners approved Ordinance Number 16-3191, which imposed similar apprentice obligations, but only regarding Class 8 incentive property. Thereafter, numerous local municipal officials, including the South Suburban Mayors and Managers Association, raised objections to this obligation; due in part to the negative impact the obligation had on proposed economic developments in their jurisdictions. In response to this advocacy by concerned local officials, the County Board repealed the apprentice obligations as to class 8. (see Ordinance Number 17-4339, enacted July 19, 2017). Given the back-lash that resulted in this repeal, it makes little sense for the County Board to now propose to bring this program back and to do so on an expanded basis.

Recommendation

For the reasons stated above, the Board of Commissioners should reject the pending prevailing wage and apprentice program amendment to the Cook County Classification Ordinance.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We are opposed to the proposal as it does not encourage economic development which is the policy purpose behind the incentive ordinance. The prevailing wage requirement could be required on a case by case basis by the municipality but it should not be mandated by the Cook County Board

We believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

I am opposed to this proposal. It will reduce property values and cause people to leave Cook county which will lead To further devaluation of property values and cause taxes to be further increased. The problem is profligate spending in cook county not revenue shortfalls

IN opposition of legislative changes that would make tax incentives much more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow. We need to find ways to decrease the cost of government so we do not have to increase Real Estate Taxes. It is getting to expensive to live in Cook County and in Illinois in general

I am against requiring construction companies working on projects to have apprenticeship programs and pay a "prevailing wage." Wages should be market-driven, and determined by market conditions.

Change Chicago so it has a reduced government size, lower our taxes which are already high, and get rid of bureaucracy.

This measure will make the 6b and class 8 effectively useless, and will impact the poorest communities the most. Properties in the south suburbs already struggle with some of the worst taxes and highest vacancy rates. This will be the nail in the coffin for those communities.

It is difficult enough to manage buildings in Chicago with the outrageous property taxes, but now properties which deserve incentives will basically not be possible - the money they save will have to go to more management fees, due diligence, and higher contractor fees. It will also be very very difficult to find contractors in all of the necessary trades which meet these requirements.

stop this legislation by making your voice heard. If you click on this link, you will be taken to a Cook County website where you can register your opposition to this proposal. You must manually enter the County proposal number, which is 18-1604. It will only take you a minute to register your position. You must do this by Tuesday, March 13th as the County vote will take place on March 14th.

Legislative changes under consideration will create a continuing loss of tax base by making it difficult and more costly to obtain tax incentives. resulting in less new development.

I am completely against any initiative much like this one providing higher "prevailing rates of pay" which will lead to fewer new companies coming to and/or current companies staying put in Cook County. Our property taxes in Cook County are outrageously high already and those in charge should be ashamed of themselves and be held personally accountable.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created, and Cook County property taxes will grow this giving people further incentive to leave IL.

Q1 Please provide some basic information

Witness Name:	Mark Holihan
City/Town:	Park Ridge
State:	IL
ZIP:	60068

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Please vote No for proposal 18-1604 as if passed, I'm all likelihood, it will case all of our taxes to go up.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

By erasing the tax incentives for businesses you shrink the tax base in communities. OUTCOME has been to raise home taxes as a citizen you are taxing me out of my home we can not afford to raise taxes faster then small businesses can give raises to employees I keep a smaller percent of my pay then just a few years ago. I am taxed on taxed dollars it has got to stop

This proposal is counterproductive because it will cost jobs and prevent higher taxes from flowing from properties that will not be developed precisely because of the costs imposed by this proposal. The current incentives program has served the people and the county well.

Taxes are already too high in Cook County. If this item is "worth it", I would rather see funds reallocated from other expenditures.

I am stating my opposition to changing the tax incentive property plan and requiring a "prevailing wage" to be paid by residents, property owners and business owners who improve their property/asset. Legislation requiring prevailing wages will impede development and redevelopment and should NOT be imposed upon residents of Cook County. This proposal, if enacted will burden the residents and business owners of Cook County quite unnecessarily. Please vote against this proposal.

When looking for a site for another restaurant Cook County cannot even be considered. This is just another insane reason to look else where. It's as though the law makers think "if you're in business you must be making more money than you know what to do with". Just keep coming up with more ways to suck money from business and residents and never consider reducing spending and you have a whole county that mirrors Detroit.

Now, Cook County is considering legislative changes that would make tax incentives much more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

The tax policies are turning our neighborhood into a ghost town. This just adds more fuel to the fire. I have several businesses in Cook county and employ up to 80 person depending on the season. Take it easy on the landowners!

We already have the highest taxes in the country, this legislation will only make it worse.

I am in opposition to the new restrictions the County Commissioners are considering imposing on the Class 6, 7a, 7b 8, L (Landmark) & C (environmental remediation) Property Tax Incentive program. If enacted, the increased construction costs (prevailing wage) will result in fewer new development projects.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

The Chicago & Cook County Building Trades strongly supports this clarification language to ensure that all of the Women and Men in Cook County who perform construction on projects that receive public incentives and/or funding be paid a fair and Prevailing Wage. This proposal also promotes the use of USDOL OA registered apprenticeship programs by ensuring that all contractors who perform construction on these publicly funded / subsidized projects participate in them.

Proposed Modification to Chapter 74 Taxation, Section 74-71 of the Cook County Code

Q4 What do you want to do?

ATTEND THE MEETING and SPEAK IN OPPOSITION to a specific item (You may still add written comments below)

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

I am writing you today in regards to the proposed ordinance by yourself that would make it a requirement for any commercial property owner in Cook County who has a property tax incentive (class 6B, 6B SER, class 7a, 7b, 7c, class 8, Class 9 are all examples) to only use contractors who pay prevailing wages and also have a US Department Of Labor certified apprentice program. If a property owner is found to be violating this, they would lose their tax incentive. As a property owner of over 50,000 + sq feet of property within your district and 6B recipient, under your proposed ordinance, I would not be permitted to work on my own building since my organization is an open shop non-union contractor and manufacturer of electrical apparatus.

Any cost benefit to owners of obtaining a 6b for example would be negated as a result of substantially increased improvement costs and unjust contracting policies as a result of required Union or Prevailing Wage Labor.

Your proposed ordinance has no place within Cook County at this level, and closes the door to free enterprise. The proposal is horribly onerous, costly, and short sighted. It drives up the cost of doing business in Cook County. More businesses, like mine will leave and will take any contracting opportunities with. Buildings will be vacant and businesses who do stay will just run the buildings into the ground (no contracting opportunities) and then eventually move elsewhere to lower cost locals.

At the Finance Committee meeting on 03/1/18, about 60 individuals, including many mayors from South and South West Cook county who all understand how bad this proposal is for their communities, testified against the proposal. Despite all the opposition, you continue to advance this forward

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

"leadership" should think and SERVE for people. If your skill of management does not allow you to develop your "ideas" w/o additional taxes - RESIGN honestly as any small businessman does. Don't be the "smartest" - be the "honorable" and let other to do what you cannot, as simple as that.

Cook County property taxes are already among the highest in the nation and rising. This is causing businesses and jobs to leave Cook County and our tax base to shrink. As businesses move to places with lower taxes and fewer regulations, buildings become vacant, vacant land is left undeveloped and the remaining taxpayers are stung with higher tax bills. I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, and fewer jobs will be created.

Retail leasing volume is increasingly shrinking as the industry faces significant threat from e commerce. Additional costs of compliance with mandated wage levels in excess of that required by federal law will only further dampen viable leasing activity resulting in fewer jobs associated with brick and mortar retailers. A higher wage for jobs that do not get created benefits no one. I urge the Cook County Board to consider the negative impact of this proposed ordinance rather than passing it based on flawed assumptions.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County taxes will continue to increase.

Q1 Please provide some basic information

Witness Name:	William OLeary
City/Town:	Chicago
State:	IL
ZIP:	60657

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

I am against this as it will not be positive for the county.

If this is approved, it will have a begative impact on economic development and further deteriorate our tax base. My taxes are already too high!!

Cook County property taxes are among the highest in the nation and rising. This is causing businesses and jobs to leave Cook County and our tax base to shrink - WHICH IS MAKING MY PROPERTY TAXES UNBEARABLY HIGH!!! As businesses move to places with lower taxes and fewer regulations, buildings become vacant, vacant land is left undeveloped and the remaining taxpayers are stung with higher tax bills.

Years ago, Cook County adopted tax incentives designed to spur economic development. These incentives have worked. They have attracted investors to purchase and rehabilitate abandoned buildings and build new ones. In most cases, even with incentives, these properties generate more taxes than they did when vacant.

Now, Cook County is considering legislative changes that would make tax incentives much more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations. Increasing these costs will be detrimental to the city.

If these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

When will the insanity and ignorance of our elected officials stop?! Come on, I believe you should be smarter than to vote for this. There are so many people moving, I'm wondering if I should do the same, at this point. There's been too many irresponsible decisions made that has brought this state toward a never-ending, downward trajectory. I'm concerned about our future here and our property taxes. I am concerned that I will no longer afford to live here, like so many others have come to realize.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Please let us control Cook County taxes and allow businesses tax incentives, in the end if businesses move we all collectively pay more taxes and fail!

Dear Board Finance Committee: I am opposing any changes to the tax incentives legislation. Unfortunately Cook county continues to make wrong decisions that make business wonder why to stay in Illinois. Please do not change the legislation.

Q1 Please provide some basic information

Witness Name:	Claudia Aliperta
City/Town:	Chicago
State:	IL
ZIP:	60611

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

I strongly disagree with the proposal to raise taxes. people and businesses are already leaving Cook County because of higher taxes.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

As an active practitioner of commercial real estate in Cook County and the Greater Chicagoland Area, I unequivocally oppose the proposed modifications to Chapter 74 TAXATION, Section 74-71 of the Cook County Code, such proposed amendment also referred to as the Property Tax Incentive – Prevailing Wage Requirement. My strong opposition arises primarily from my conclusion that the proposed changes have no chance whatsoever of either maintaining or advancing the efficacy of the tax incentive program and its singular goal of expanding the tax base.

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

I strongly encourage the members of the Board to reject this proposal, as it adds unnecessary cost and burden to those looking to invest or expand their businesses in Cook County.

We believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

I am in opposition of the proposed "Prevailing wages" legislative changes that would make tax incentives much more difficult and costly to obtain.

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

It is very simple. Although you are entitled to an opinion, you would have to understand that your viewpoint is either misguided or wrong if your actions are forcing people and businesses to leave.

At some point, you must realize that!

We are reaching a tipping point.

The people of Cook county are not an infinite bank account. What are you doing wrong that we are one of the highest tax paying counties in the nation.

People can't sell their homes because taxes are much higher than similar homes in other counties or states even. Property values go down. Businesses are leaving and going to Indiana, Michigan and Wisconsin! Why? Because they are intune with the real issues and understand that people have limits. You have a chance to make things right. It is real easy. You will get to a point not far from now where Cook county will be an empty shell of what it used to be. Incentivize business to come here! That will increase population size. Increase home values. With the increase of numbers we increase gross taxes to allow for proper government function. You can not rely on a decreasing population to make up for the difference. Make people want to come here. Make this county a destination. Don't force people to leave.

Look in the mirror and ask yourself why yourself why the person you have been with all these years is leaving you.

It's you, your actions! you are doing something wrong if people are leaving.

Enough is enough. Remember, lowering taxes and incentivizing business to stay and/or come here will allow Cook county to not only SURVIVE but flourish. Spreading the cost to an increased number of people will get us what we need as a county to function.

Listen to the majority. Learn for the past and understand that you have the power to reverse and correct the mistakes of the last 30 Years.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

Existing incentives attract investors taking vacant property off tax roles and increasing tax base. Proposal will kill jobs. Wage controls don't work.

All policies (tax and others) should be reviewed regularly, which i applaud you for doing. The property tax incentives for development should stay in tact without change as they are working as designed. Please do not add or change these in any fasion.

Cook County previously adopted tax incentives designed to spur economic development. These incentives have worked. They have attracted investors to purchase and rehabilitate abandoned buildings and build new ones. In most cases, even with incentives, these properties generate more taxes than they did when vacant.

Please do NOT enact legislative changes that would make tax incentives much more difficult and costly to obtain.

Cook County property taxes are among the highest in the nation and rising. This is causing businesses and jobs to leave Cook County and our tax base to shrink. As businesses move to places with lower taxes and fewer regulations, buildings become vacant, vacant land is left undeveloped and the remaining taxpayers are stung with higher tax bills.

Years ago, Cook County adopted tax incentives designed to spur economic development. These incentives have worked. They have attracted investors to purchase and rehabilitate abandoned buildings and build new ones. In most cases, even with incentives, these properties generate more taxes than they did when vacant.

Now, Cook County is considering legislative changes that would make tax incentives much more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations.

We believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

Illinois and Cook County are already among the highest taxed locations in the U.S. The ever-increasing taxes are driving rentals, rather than home ownership, which in turn destabilizes neighborhoods. It is time government began to live within its means, as individuals taxpayers are obliged to do. STOP THE TAX INCREASES!

I propose another TAX increase. We are barely making the payments today. Get rid of Madigan and cronies and give this great state a break! Does Madigan and cronies publish what they are paying? You have taken a great state and took it to hell! What about our seniors, who get a fixed check and try to survive? You all are disheartened individuals and can not stand up to Madigan and force his hand, along with his lappers! Please do not pass raising the tax, Illinois will be a ghost town and the people do not deserve this! Your sucking the oxygen out of the tax payers and enough is enough! I pray your parents aren't alive, but then again, you probably don't care about them, just Tax everyone and fill your pockets with devil money. For once, do something for the people who love this state and DO NOT RAISE TAXES! I see the writing on the wall, you will be voted out and once again, the Illinois people will breathe again! Do you have a moral bone in your body? Or, you truly don't give a DAMN to what happens to the people and ILLINOIS! GET Madigan and his cronies out of office and try to bring back Illinois to the great state it was! One man should not have that much pull in this state! And, his cronies are lower than lower to cover his games. I beg of you not to raise taxes! Our children already in last year of college want out of this money sucking state! Again, please listen to the people and VOTE NO! Thank You Teri

Do not support this proposal. It will cause fewer development projects in IL, which will create a smaller tax base and result in higher taxes for all of us.

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Please vote against proposal 18-1604. We, the property tax payers, do not need additional vacant properties in the future. Developers will take a pass on property development increasing the vacancy rate even further. If the vacancy rate increases then the occupied property's taxes will go up. Property taxes in Cook County are already too high. People are leaving this County because of this. This is a horrible proposal. Please vote NO

I oppose this based on the negative impact it will have on the tax base and the affordability of housing in our city.

We are currently in the market to stop renting and buy a warehouse in Elk Grove. We had hoped that the repeal of the beverage tax was an indication that Cook County was beginning to understand the relative cost difference of living and working in cook versus lake county. This proposal has renewed that concern and we are now looking to move our business to lake county.

With the new tariffs the Trump administration has proposed a living wage or prevailing wage requirement will all but cripple the construction trade in Chicago. The individuals you are seeking to protect will not be working so paying them a prevailing wage will overall not be an issue. Something is always better than nothing.

Small developers and businesses make up the majority of the beneficiaries of this program. There is no way any small business can afford to pay prevailing wages. The projects simply would not happen.

I oppose this proposed action because I cannot and will not support mandates not required elsewhere that decrease my Village's opportunity to garner new development and redevelopment opportunities that bring jobs to Richton Park. I feel that these policies ultimately hurt hard-working residents of my Village and all of the areas in south suburban Cook County that are struggling to stay viable options as places to live and work.

I strongly oppose the proposed prevailing wage and apprenticeship ordinance. It will devastate efforts in South Cook County to attract and retain business as we compete daily with Indiana and Will County. Please vote NO.

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

The proposed adjustments to the Cook County 6b tax incentive plans are not very well thought out. The proposed adjustments make enforcement by Assessors very cumbersome and place undo risks on property owners. Real estate investors and owners will likely limit investments in Cook County due to these unnecessary risks that would be placed on owners if these proposed measures would be put into place.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

As a small business property owner in Bellwood IL for the past 20 years I have seen my property taxes increase dramatically. I am opposed to this proposal because I feel if it is enacted fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow. I am already struggling to keep pace with my current property tax burden, we need to expand our tax base not reduce it. Please oppose the prevailing wage requirement. Thank you

Stop wasting our money. It is time to attract new development and keep cost as low as possible. Raising the cost of doing business will not help the counties situation.

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Legislative changes that would make tax incentives much more difficult and costly to obtain will result in fewer new development projects. The tax base will shrink more and fewer jobs will be created.

The property taxes and taxes in Cook county are outrageous how each year they continue to rise. This is going to ruin the city b/c no one will want to move here with how the property taxes are constantly going up. Businesses will not want to come to Chicago which will hurt the economy here in our city.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow. This is bad for Cook County residents and will further exacerbate our significant issue with property taxes.

Cook County property taxes are among the highest in the nation and rising. This is causing businesses and jobs to leave Cook County and our tax base to shrink. As businesses move to places with lower taxes and fewer regulations, buildings become vacant, vacant land is left undeveloped and the remaining taxpayers are stung with higher tax bills.

Years ago, Cook County adopted tax incentives designed to spur economic development. These incentives have worked. They have attracted investors to purchase and rehabilitate abandoned buildings and build new ones. In most cases, even with incentives, these properties generate more taxes than they did when vacant.

Now, Cook County is considering legislative changes that would make tax incentives much more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations.

We believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Cook County taxes are already among the highest in the country - we need to bring more businesses in, not force them out.

We are adding the voice of the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. In some cases, the prevailing wage requirement can increase the labor cost of a project by 30%.

The ordinance is so broad that simple maintenance such as minor plumbing repairs or annual checkups for heating and air conditioning requires a property owner to assure that the work is being completed by a contractor that pays the prevailing wage and that the contractor is participating in a USDOL approved apprenticeship program. These additional administrative burdens on private business for private property again diminish the value of the tax incentive.

Too many economic opportunities are being lost to Cook County because of proposals like these that have already been enacted. Lower return on investment drives that investment to locations outside of Cook County. The result is lower tax revenues and fewer jobs for the County's residents.

Increasing construction costs will adversely impact communities that already are struggling to attract economic investment. Many of these communities are majority minority communities.

In addition, merit shop, minority construction firms and their employees will be negatively impacted. Female and minority-owned construction firms typically are not affiliated with a union but typically are the local construction firms performing the work and hiring local employees to perform the work.

An ordinance with the impact such as 18-604 could cause a similar backlash as the soda pop tax issue from last year.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

I oppose legislative changes that would make tax incentives much more difficult and costly to obtain. Specifically: County proposal number 18-1604.

Cook County property taxes are among the highest in the nation and rising, causing businesses and jobs to leave Cook County and our tax base to shrink. As businesses move to places with lower taxes and fewer regulations, buildings in Cook County become vacant, vacant land is left undeveloped and the remaining taxpayers pay higher tax bills.

Years ago, Cook County adopted tax incentives designed to spur economic development. These incentives have worked; attracting investors to purchase and rehabilitate abandoned buildings and build new ones. In most cases, even with incentives, these properties generate more taxes than they did when vacant and ease the tax burden for the rest of us individuals.

Leave well enough alone!

As a small business owner in Chicago for the past 60+ years, passing laws or eliminating tax incentives for other small business hurts everyone. I am very opposed to any such decision as it is almost impossible to do business here as it is. With the increase in minimum wage, it has nearly shut our doors as it is. Thank you.

I oppose County proposal 18-1604 We are a democracy, please listen to the people and remember what happened with the beverage tax backlash. If these changes (18-1604) are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will increase. Cook County property taxes are already too high and difficult for regular people to afford.

Dear Cook County Board Commissioners,

The proposed changes would be catastrophic to a 6B tax program that is already running a race in quicksand against every other County in the State of Illinois.

1. The proposed changes don't create any additional jobs but rather would create higher paying jobs that in turn cost business owners and investors more money to do business in Cook County (sound familiar) and that would ultimately force investment in Cook County to go elsewhere. Unions and high wages haven't work at McCormick Place trade shows....why on earth would you think it would help the 6B program?

2. Does the County really need another program to administer? I think we all know that answer

3. Business owners and investors will without a doubt think twice about investing in Cook County where there is a higher cost to do business around every corner you turn. Business owners have other Counties and even States they can locate/invest in....Cook County you need to wake up because you aren't the only game in town by a longshot. You will loose THOUSANDS of jobs and MILLIONS of dollars of investment into Cook County if you make the proposed changes.....based on what I read in the papers and hear on the news that's something you can't afford.

4. You will never get to know the businesses that relocate to other Counties and States.....Business owners don't argue they will just move to places that are better to do business.

Good luck with your vote and I hope you make the right decision for everyone you represent in Cook County.

Michael Androwich
Midwest Industrial Funds

Q4 What do you want to do?

DO NOT ATTEND THE MEETING but REGISTER IN OPPOSITION to a specific item (You may add written comments below)

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Cook County property taxes are among the highest in the nation and rising. This is causing businesses and jobs to leave Cook County and our tax base to shrink. As businesses move to places with lower taxes and fewer regulations, buildings become vacant, vacant land is left undeveloped and the remaining taxpayers are stung with higher tax bills.

Tax incentives help in decision to go ahead with the construction activity, be this for an individual who wants to build his/her home (I personally fall in this category), small builder or a big builder, especially in areas or zones which are designated as such for the sole purpose on encouraging construction.

I do believe workers should be treated and compensated fairly, but this should be done independently. Coupling tax incentives be contingent on other regulations which may be hard or time consuming to substantiate will make builders and financiers shy away from construction projects.

This will lead to fewer new development projects shrinking the tax base, reducing jobs, deterring companies to look for Chicago as their headquarters and result in additional spike of Cook County property taxes.

Property taxes continue to raise in IL and Cook County and many of our friends and neighbors either consider or have taken steps to leave the county/state. This measure will only make the taxes go up and make it harder for small businesses to take advantage of the incentives. Please consider not passing the proposed legislation to avoid hurting small business in IL and further leak of property owners out of the county and state. Thank you.

I oppose proposal 18-1604. I oppose The proposed legislative changes that would make tax incentives much more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations. I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow. Please vote against proposal number 18-1604

This will likely prevent many potential purchasers from buying in Cook County as this new requirement will likely increase costs and diminish the benefit of the Incentive. As a result, vacant properties in Cook County will likely continue to sit vacant and unimproved. Additionally, this will likely prevent businesses that do not provide prevailing wages and apprenticeship programs from competing in rehabilitation work on these properties.

Instead of simply putting the burden of irresponsible spending and corruption practices on the taxpayers by raising taxes, why don't our elected officials take responsibility to solve the systemic issue of a mismanaged budget and corruption at the foundation???

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

Too much tax already. This will drive business out of the Chicago area and Illinois. We can't afford to lose more businesses!

I am strongly opposed to the proposal "18-1604". It is effectively discouraging businesses from coming to Cook County. Cook County will not be able to improve its financial situation by killing the geese that lay eggs.

I feel strongly that this tax incentive will have a very negative effect on companies in Cook County. We are already struggling, and any further anti-business restrictions or taxes, will certainly put the nail in our coffin. Please re-consider this wage/tax dagger. It certainly isn't an incentive for our growth or stability.

Changes would make tax incentives more difficult and costly to obtain. This will have a negative impact on the economic health of the county.

Organization (if any):	Attorney at Law
City/Town:	Chicago
State:	IL
ZIP:	60602

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

Substitute 18-1604 - Amendment to Classification Ordinance

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

I oppose the proposed amendment as it is contrary to the underlying purpose of the incentive classification provisions it would amend, and would be detrimental to the county's efforts to promote economic development.

I want to express my concern about the unintended consequences that were created with the modifications to the current Tax Incentive Ordinance. These changes will jeopardize our ability to retain businesses and attract new ones. Since the year 2000, Homewood has had to support 31 requests for a Class 8 and Class 6b. We supported these requests in response to an ultimatum from the business that without the incentive they could not afford to open their business in Homewood. These businesses include Portillo's, Culvers, Walmart, Krispy Kreme, Sherwin Williams, Eagle Express Lines, Comcast, Fiber Solutions and Homewood Disposal.

The Class 8 and Class 6b are not incentives. They are equalizers. They allow Homewood to compete with Will County and Indiana. Our comparison of 2016 property taxes indicates that the Target Store in Homewood paid \$724,000 compared to Target paying \$240,000 in Plainfield and \$336,000 in St. John Indiana. The Chili's restaurant in Homewood paid \$147,000 compared to \$59,000 in Romeoville and \$34,000 in Dyer Indiana.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

) If the proposed amendment is approved, the following issues could present themselves:

- a 150 acre property redevelopment in South Cook County will be placed in jeopardy,
- an international manufacturer headquartered in South Cook County, considering manufacturing and training center expansion in the County, will explore out-of-state development of those operations;
- a downstate retailer with 30 outlets in six states considering a South Cook County distribution center location will redirect efforts to neighboring Will County and Northwest Indiana;
- a Southland steel company heavily marketed by Indiana, but with roots in Cook County, will take another look to the east and put on hold plans for a \$25-million expansion;
- upcoming Cook County-based initiatives at International Shopping Center Conference in Las Vegas to attract retailers will be compromised;
- County transportation investments - on Center and 167th Streets in Harvey serving Canadian National intermodal and national logistics, on 134th Street in Riverdale supporting Arcelor Metal operations, and Lincoln Highway Corridor projects in Chicago Heights, Ford Heights, and Sauk Village - compromised, never to realize optimal return on the infrastructure investment;
- optimum potential of the County and South Suburban land bank programs adversely impacted;
- transit-oriented development in Oak Forest, Homewood, Calumet Park, Tinley Park, Orland Park, Richton Park, Hazel Crest, East Hazel Crest, Flossmoor, Riverdale, Harvey, Matteson, Blue Island, Robbins, and Midlothian compromised, while sites outside the County - in Mokena, New Lenox, and an extended South Shore line deep into Northwest Indiana - flourish;
- the public-private partnership linking high school career programs to local manufacturers and career development opportunities in Cook County companies will be capitalized upon by collar county and neighboring state businesses - the result - accelerated "brain drain" of local talent; and
- the current dialogue with international business investors and potential Southland investment will suffer a setback when Cook County properties are presented.

2) However, if the proposed amendment is voted down and a Blue Ribbon Commission is appointed--- projects under consideration will continue to advance---- retention and expansion efforts will move forward and a comprehensive review will begin that will consider how to improve the usefulness of the tax incentive program for betterment of economic development and business growth throughout the County.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. This amendment is not in furtherance of the purpose of the Cook County incentive ordinance. The amendment would do nothing to promote economic development. Instead, it will impede such activity due to the added costs and administrative burdens it imposes on those seeking assistance through the County Incentive Programs. The risk associated with this amendment is that these businesses decide to operate outside of Cook County limits.

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

If it were not for the Class 6b tax incentive, there would basically be no industrial sector in Cook County, since Cook County's industrial taxes are more than double that of its surrounding counties. This Ordinance Amendment will likely completely undo the benefit of Class 6b incentives, and will be, therefore, a significant disincentive for industrial users to relocate to or stay in Cook County. As a result, if this Ordinance were to be adopted, the industrial tax base will be reduced, which will ultimately reduce property tax revenues, and Cook County will lose a significant number of industrial jobs, including construction, warehouse and manufacturing jobs.

201 S. Ashland LLC acquired the former Church of the Epiphany for conversion to an art and event center. Its redevelopment is contingent upon obtaining both historic tax credits and Class L real estate tax incentives. Incorporating the costs associated with paying prevailing wage will nullify the benefits associated with the tax incentives, thereby rendering the project non-economically feasible. As an example, the budget for non-structural demolition is \$75,000 or 1.8%. With prevailing wage, labor costs would escalate to over \$140,000, thereby more than doubling the total costs for this line item along. Extrapolating such incremental costs will deem use of the Class L non-economically feasible and therefore place the project in jeopardy.

We believe similar such costs escalations on historic structures will render their adaptive re-use non-feasible placing many more vacant structures on the assessors tax role, rather than converting them into a productive source of revenue. Unlike other residential and/or commercial real estate tax incentives, we believe Class L needs to be carved out of the proposal.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

If it were not for the Class 6b tax incentive, there would basically be no industrial sector in Cook County, since Cook County's industrial taxes are more than double that of its surrounding counties. This Ordinance Amendment will likely completely undo the benefit of Class 6b incentives, and will be, therefore, a significant disincentive for industrial users to relocate to or stay in Cook County. As a result, if this Ordinance were to be adopted, the industrial tax base will be reduced, which will ultimately reduce property tax revenues, and Cook County will lose a significant number of industrial jobs, including construction, warehouse and manufacturing jobs.

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

We are adding the voice of the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. In some cases, the prevailing wage requirement can increase the labor cost of a project by 30%.

The ordinance is so broad that simple maintenance such as minor plumbing repairs or annual checkups for heating and air conditioning requires a property owner to assure that the work is being completed by a contractor that pays the prevailing wage and that the contractor is participating in a USDOL approved apprenticeship program. These additional administrative burdens on private business for private property again diminish the value of the tax incentive.

Too many economic opportunities are being lost to Cook County because of proposals like these that have already been enacted. Lower return on investment drives that investment to locations outside of Cook County. The result is lower tax revenues and fewer jobs for the County's residents.

Increasing construction costs will adversely impact communities that already are struggling to attract economic investment. Many of these communities are majority minority communities.

In addition, merit shop, minority construction firms and their employees will be negatively impacted. Female and minority-owned construction firms typically are not affiliated with a union but typically are the local construction firms performing the work and hiring local employees to perform the work.

An ordinance with the impact such as 18-604 could cause a similar backlash as the soda pop tax issue from last year.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

As Commissioner who represent small businesses across cook county I am asking you to strongly oppose this proposed legislation as there is no justifiable reason to enact such a law.

Therefore I stand with the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. 3/14/2018 9 A.M. FINANCE COMMITTEE RECORD OF COMMITTEE WITNESS COOK COUNTY and
FOREST PRESERVE DISTRICT BOARDS OF COMMISSIONERS

Good Afternoon ABC Illinois Members,

You are receiving this email your voice is needed to fight the proposed changes to the Cook County Incentives program.

The changes, if passed by the Cook County Board of Commissioners, will make it a requirement for any commercial or industrial property owner in Cook County who has a Property Tax Incentive to only use contractors who pay prevailing wages and also have a United States Department Of Labor Office approved apprentice program for any work performed on the property

This ordinance is being discussed by the Cook County Finance Committee on March 14 at 9:00AM at the following address:

118 N Clark Street - Board Room 569
Chicago, IL 60602

Below is a link that will allow you to voice your opinion on this matter, which MUST be done before 9:00AM on March 13 -

<https://www.surveymonkey.com/r/9AMFINANCE03142018>

You can mark your opposition using the above link, or reply to this email with "YES", and ABCIL will file your opposition for you. Note you will have to manually enter the Cook County proposal number in item 3, which is 18-1604.

Please feel free to copy + paste the below language to use as your written statement -

--

We are adding the voice of the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. In some cases, the prevailing wage requirement can increase the labor cost of a project by 30%.

The ordinance is so broad that simple maintenance such as minor plumbing repairs or annual checkups for heating and air conditioning requires a property owner to assure that the work is being completed by a contractor that pays the prevailing wage and that the contractor is participating in a USDOL approved apprenticeship program. These additional administrative burdens on private business for private property again diminish the value of the tax incentive.

Too many economic opportunities are being lost to Cook County because of proposals like these that have already been enacted. Lower return on investment drives that investment to locations outside of Cook County. The result is lower tax revenues and fewer jobs for the County's residents.

Increasing construction costs will adversely impact communities that already are struggling to attract economic investment. Many of these communities are majority minority communities.

In addition, merit shop, minority construction firms and their employees will be negatively impacted. Female and minority-owned construction firms typically are not affiliated with a union but typically are the local construction firms performing the work and hiring local employees to perform the work.

An ordinance with the impact such as 18-604 could cause a similar backlash as the soda pop tax issue from last year.

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

We are adding the voice of the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. In some cases, the prevailing wage requirement can increase the labor cost of a project by 30%.

The ordinance is so broad that simple maintenance such as minor plumbing repairs or annual checkups for heating and air conditioning requires a property owner to assure that the work is being completed by a contractor that pays the prevailing wage and that the contractor is participating in a USDOL approved apprenticeship program. These additional administrative burdens on private business for private property again diminish the value of the tax incentive.

Too many economic opportunities are being lost to Cook County because of proposals like these that have already been enacted. Lower return on investment drives that investment to locations outside of Cook County. The result is lower tax revenues and fewer jobs for the County's residents.

Increasing construction costs will adversely impact communities that already are struggling to attract economic investment. Many of these communities are majority minority communities.

In addition, merit shop, minority construction firms and their employees will be negatively impacted. Female and minority-owned construction firms typically are not affiliated with a union but typically are the local construction firms performing the work and hiring local employees to perform the work.

An ordinance with the impact such as 18-604 could cause a similar backlash as the soda pop tax issue from last year.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. Item 18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

1. As introduced, the Prevailing Wage Amendment would affect Class 6s, 7s, 8s, 9s, SURS, etc. (pg. 5 of pdf) for:
All new incentive applicants
All current incentive holders upon Incentive renewal (changing the rules for existing businesses)
All incentive holders whose business undertakes any modernization projects (retroactive to existing incentive holders)
2. Requires that all contractors participate in a US Dept of Labor recognized apprenticeship program which would increase cost and limit the eligibility of our local MBE, WBE, and DBE contractors to participate in local projects
3. Would drive costs for projects up, add red tape, and reduce the viability of the incentive program-- increase cost to business thereby stymieing growth and investment (and jobs) in Cook County and our local communities. It's too easy to avoid Cook County and move on to neighboring Counties that are less costly and more easier to navigate process.
4. It also places an unfunded mandate on municipalities to collect and hold certified payrolls for all workers associated with any new construction or repair projects. As you are aware, communities are already being asked to do more with less and this requirement is another unfunded mandate that adds to that burden.
5. This amendment doesn't address the existing issue related to Affidavit suspension which was only a short term fix for affidavit issues for Tax years 2017 & 2018. This issue is too important to rush and not consider the unintended consequences. A comprehensive approach to resolve current issues with affidavit requirements and examine the usefulness and functionality of the Tax Incentive program is needed.
6. In addition, this requirement on private businesses is unprecedented. No other county has these rules/requirements on the books that we're aware of. Cook County should not be a testing site or guinea pig before we understand fiscal impacts and unintended consequences.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

The fact that this is even being taken up is disheartening to say the least. As a Cook County resident I cannot fathom why you people want to render one of the last incentives to business and property owners useless. Please do what's right and vote this terrible idea down.

Cook County property taxes are among the highest in the nation and rising. This is causing businesses and jobs to leave Cook County and our tax base to shrink. As businesses move to places with lower taxes and fewer regulations, buildings become vacant, vacant land is left undeveloped and the remaining taxpayers are stung with higher tax bills.

Years ago, Cook County adopted tax incentives designed to spur economic development. These incentives have worked. They have attracted investors to purchase and rehabilitate abandoned buildings and build new ones. In most cases, even with incentives, these properties generate more taxes than they did when vacant.

Now, Cook County is considering legislative changes that would make tax incentives much more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations.

We believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

Ordinance 18-1604

Q4 What do you want to do?

ATTEND THE MEETING and SPEAK IN OPPOSITION to a specific item (You may still add written comments below)

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

The proposed amendment is very troublesome for the southland region and, in particular, the Village of Park Forest. The Cook County property tax incentives are important mechanisms just to get to a level playing field in attracting – or retaining – business to the far south suburbs. Any changes to the current programs will undoubtedly have a crippling effect in our efforts to diversify the tax base in the south suburbs and relieve a staggering property tax burden on local taxpayers. Furthermore, amendments such as the prevailing wage clause in Ord. 18-1604 will be catastrophic in that it will cause existing businesses to have another reason to leave our community. On behalf of the Village of Park Forest Mayor and Board of Trustees and our 22,000 residents, I oppose Ordinance 18-1604.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. I am writing to express my concerns about and written opposition to the above proposal.

I am an attorney that practices in the property tax field, and therefore I understand how important tax considerations may be in the formation and continuation of a projects. I know that many projects would not come to fruition if not for property tax incentives. The projects create jobs. For many, the analysis may stop there.

However, I also definitely understand it is critical to examine what type of jobs those projects create. I am the immediate past Chairperson of the Jane Addams Resource Corporation (JARC), a \$4,000,000 not for profit Job training and job placement organization that promotes welding and CNC machinist jobs primarily. Our mission includes the statement that "People who work should not live in poverty." I am driven by the very concept of fair wages.

The incentive ordinance already contains the requirement of the living wage. I object to adding this prevailing wage requirement because a job not created can never be an adequate substitution for a living wage job created. The existing economic development ordinance already requires jobs that pay no less than the county defined living wage. Adding the further and more strenuous prevailing wage restrictions works against the objective of creating jobs paid at the living wage.

Many incentive projects are barely viable. Even the most minimum additional cost to a project could easily mean the investor walks away. When that happens, everyone loses. Construction jobs are lost, employment opportunities at the site are lost and local businesses lose out, not to mention the remaining tax payers who are simply left with a higher than otherwise tax bill.

I urge you to vote against this proposal, or at minimum request it be deferred for further consideration.

Respectfully submitted,
Gary H. Smith

As a professional Economic Developer for the past 36 years....I oppose this amendment, because it will definitely hurt the competitive economic development of Cook County. The recipient of the important Class incentive SHOULD pay living wages...but it is unreasonable and onerous to expect All Employers (vendors, suppliers, etc.) of Other companies that come to work on the property, albeit temporarily, must pay Living Wage based on this Unreasonable and Difficult to Monitor Amendment. Those "other" companies are NOT providing the economic development benefit, and are NOT earning the Class incentive. A Major Employer should not be held responsible for the wages and benefits paid by their vendors, suppliers, contractors, etc. This whole idea is unreasonable and harmful to Cook County. Cook County deserves Fairness and an ability to Compete Effectively for Jobs. Please do NOT support this amendment.

I oppose changing the property tax incentive program because the proposed changes WILL NOT improve the program's ability to grow the tax base. The only foreseeable outcome is that investment and jobs will go to other neighboring counties or states.

I oppose the changing of tax incentives. It will be more difficult and costly to obtain. These changes would require all construction companies working on tax incentive projects to have apprenticeship programs and pay their workers a prevailing wage. "Prevailing wages" are often higher than what small business pay and are sometimes higher than union wages. For many, the benefits of the incentives will be outweighed by these additional costs and accompanying regulations.

Fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and property taxes will grow.

A few years ago, tax incentives were designed to spur economic development. These incentives have worked. They have attracted investors to purchase and rehabilitate abandoned buildings and build new ones.

In most cases, even with incentives, these properties generate more taxes than they did when vacant.

We are adding the voice of the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. In some cases, the prevailing wage requirement can increase the labor cost of a project by 30%.

The ordinance is so broad that simple maintenance such as minor plumbing repairs or annual checkups for heating and air conditioning requires a property owner to assure that the work is being completed by a contractor that pays the prevailing wage and that the contractor is participating in a USDOL approved apprenticeship program. These additional administrative burdens on private business for private property again diminish the value of the tax incentive.

Too many economic opportunities are being lost to Cook County because of proposals like these that have already been enacted. Lower return on investment drives that investment to locations outside of Cook County. The result is lower tax revenues and fewer jobs for the County's residents.

Increasing construction costs will adversely impact communities that already are struggling to attract economic investment. Many of these communities are majority minority communities.

In addition, merit shop, minority construction firms and their employees will be negatively impacted. Female and minority-owned construction firms typically are not affiliated with a union but typically are the local construction firms performing the work and hiring local employees to perform the work.

An ordinance with the impact such as 18-604 could cause a similar backlash as the soda pop tax issue from last year.

Good morning, Madam/ Sir,

I am from Canada and a tax payer in Cook County. Chicago is one of my favorite cities and therefore I have invested in a number of rental properties here. Over the years, cost of investment, especially properties tax, has increased significantly, rate of return has become so low (in some cases negative or just 0.39% even with full occupancy) that it seems less and less worthy keeping my investment in Chicago/Cook County. If cost of business, and taxation continue to rise and more regulations are imposed, it would not make sense to stay at all.

Please consider effects of changes to everyone and on the whole economy of Cook County. Quite often, good intentions to protect certain groups could ended by less job opportunities for them. Thank you.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

We are adding the voice of the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. In some cases, the prevailing wage requirement can increase the labor cost of a project by 30%.

The ordinance is so broad that simple maintenance such as minor plumbing repairs or annual checkups for heating and air conditioning requires a property owner to assure that the work is being completed by a contractor that pays the prevailing wage and that the contractor is participating in a USDOL approved apprenticeship program. These additional administrative burdens on private business for private property again diminish the value of the tax incentive.

Too many economic opportunities are being lost to Cook County because of proposals like these that have already been enacted. Lower return on investment drives that investment to locations outside of Cook County. The result is lower tax revenues and fewer jobs for the County's residents.

Increasing construction costs will adversely impact communities that already are struggling to attract economic investment. Many of these communities are majority minority communities.

In addition, merit shop, minority construction firms and their employees will be negatively impacted. Female and minority-owned construction firms typically are not affiliated with a union but typically are the local construction firms performing the work and hiring local employees to perform the work.

An ordinance with the impact such as 18-604 could cause a similar backlash as the soda pop tax issue from last year.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. Q1 Please provide some basic information

Witness Name:	Howard Green
Organization (if any):	a resident
City/Town:	Chicago
State:	IL
ZIP:	60613

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604 PROPERTY TAX INCENTIVE - PREVAILING WAGE REQUIREMENT

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

I oppose changing the property tax incentive program because the proposed changes WILL NOT improve the program's ability to grow the tax base. The only foreseeable outcome is that investment and jobs will go to other neighboring counties or states.

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

The Village of Schaumburg wishes to express concerns with the proposed ordinance 18-1604 which will increase costs to business wishing to locate in Schaumburg and Cook County. Schaumburg is already competing with the property tax disadvantage with DuPage and Kane Counties. Further costs with the prevailing wage requirements for contractors and subcontractors and apprenticeship requirements will make it more difficult to invest in the portions of Schaumburg located in Cook County. The proposed amendment places an unfunded mandate on Schaumburg and Cook County to collect and hold certified payrolls for all workers associated with any new construction or repair projects for five years. This requirement is an additional cost that Schaumburg must bear and is another burden on the local taxpayers. Prevailing wage rates should be addressed at the state level, so that all municipalities are all on the same competitive field. The businesses who have received Cook County Class 6B incentives in Schaumburg are small businesses ranging from 4 employees to 330 employees. These businesses bring capital investment and good paying jobs. With additional regulations, these small businesses will invest elsewhere.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

As a veteran property manager, managing many industrial properties in Cook County over my career, I have seen first hand business stay in Cook County, renew leases, and keep/grow jobs BECAUSE of in-place 6b incentives. Therefore, I oppose changing the property tax incentive program because the proposed changes WILL NOT improve the program's ability to grow the tax base. The only foreseeable outcome is that investment and jobs will go to other neighboring counties or states.

I believe that if these changes are enacted, fewer new development projects will occur, the tax base will shrink more, fewer jobs will be created and Cook County property taxes will grow.

Q1 Please provide some basic information

Witness Name:	Brendan Green
Organization (if any):	AIRE
City/Town:	Chicago
State:	IL
ZIP:	60622

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604 PROPERTY TAX INCENTIVE - PREVAILING WAGE REQUIREMENT

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov

I oppose changing the property tax incentive program because the proposed changes WILL NOT improve the program's ability to grow the tax base. The only foreseeable outcome is that investment and jobs will go to other neighboring counties or states.

We have enough problems keeping businesses (as well as people for that matter) in this state. We do not need any additional reasons to push businesses and people out of this state or County! Cook County taxes and living expenses are out of control. You all need to re-evaluate how you approach EVERYTHING. There is never an attempt to seek ways to do anything that doesn't consist of costing us taxpayers money or hurting us financially. Businesses need to be able to function as well. Enough is enough already.

If each politician reduced their salaries you would "find" quite a bit of money for this state and Cook County! If you would make employees at the County & State levels put in an honest hard days work and not slack off and have so many useless positions you would again "find" quite a bit of money!

It is time to re-evaluate MANY operations at the County and State levels here! This is out of hand. I myself and counting down the years until I can get out of this state.

Q6 ACCOMMODATIONS: If you require additional assistance or special accommodations in order to participate in a hearing (for example, need language assistance, are a person with a disability), please let us know here, call 312.603.6127 or email us at cookcounty.board@cookcountyil.gov Intérpretes de lengua española estarán disponibles para los residentes que necesiten asistencia. We cannot guarantee assistance for requests made less than 48 hours in advance of a meeting.

We are adding the voice of the Associated Builders & Contractors in opposition to 18-604, the proposed ordinance amendment adding prevailing wage and apprenticeship requirements to recipients of certain property tax incentives.

These proposed changes will dramatically increase the costs of commercial and industrial projects in Cook County and severely diminish the value of any tax incentive provided to the property owner. A 2014 study by Anderson Economic Group found that prevailing wage requirements cost education construction projects in Illinois an average of \$158 million per year. In some cases, the prevailing wage requirement can increase the labor cost of a project by 30%.

The ordinance is so broad that simple maintenance such as minor plumbing repairs or annual checkups for heating and air conditioning requires a property owner to assure that the work is being completed by a contractor that pays the prevailing wage and that the contractor is participating in a USDOL approved apprenticeship program. These additional administrative burdens on private business for private property again diminish the value of the tax incentive.

Too many economic opportunities are being lost to Cook County because of proposals like these that have already been enacted. Lower return on investment drives that investment to locations outside of Cook County. The result is lower tax revenues and fewer jobs for the County's residents.

Increasing construction costs will adversely impact communities that already are struggling to attract economic investment. Many of these communities are majority minority communities.

In addition, merit shop, minority construction firms and their employees will be negatively impacted. Female and minority-owned construction firms typically are not affiliated with a union but typically are the local construction firms performing the work and hiring local employees to perform the work.

An ordinance with the impact such as 18-604 could cause a similar backlash as the soda pop tax issue from last year.

City/Town:	Chicago
State:	IL
ZIP:	60614

Q2 Tell us which meeting you wish to be recorded as a witness. If you don't know the meeting or date, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look up using the County Calendar or the Forest Preserve Calendar. Please fill out a separate form for each meeting at which you wish to speak.

**County Finance Committee 3/14/2018
9a**

Q3 Tell us the File ID number (example 17-0000) of the item on which you are registering your position. If you don't know the number, we can help at 312.603.6398 or cookcounty.board@cookcountyil.gov. You can also look it up using the County Calendar or the Forest Preserve Calendar

18-1604

Q4 What do you want to do?

**DO NOT ATTEND THE MEETING but REGISTER IN
OPPOSITION to a specific item (You may add written
comments below)**

Q5 Written Statement? You can type or copy/paste any written statement you want included in the meeting record here. If this is not enough space, or you have other attachments for distribution, please email them to cookcounty.board@cookcountyil.gov
