I understand the negative effects of sugar, however, not only in beverages but in many other forms. I am tired of being taxed in Chicago as its citizen. Cut staff among Cook County workers. I am tired of observing workers on their cell phones and talking to fellow workers as well as bullying their customers.

This testimony is regarding the Sugar Tax in the Chicago area. I reject the new tax law because I feel the tax is unjust, unfair, discriminatory and petty. There's Sugar in all foods and beverages on the shelves but to just target sodas makes little sense. There's no actual Sugar tax on granulated Sugar but there's a tax for beverages with Sugar? Please explain the logic within that? Bottom line if you want to decrease diabetes and health related issues from too much Sugar; target the manufacturing that produce these products(include stricter guidelines into production) start there!

This a clear tax that is ONLY there to create revenue for a city that has serious fiscal management problems. Just because the city officials can't maintain a fiscal budget doesn't mean the tax payers should pay the burden. We have had enough. I almost hit my breaking point when the red light cameras were installed for "safety" reasons and not revenue. As much as no one actually believed that to be true you still have the option to not drive and if you do so just be careful. This time the city has gone to far. I am NOT stopping drinking sugary beverages. I am purchasing all my pop and beverages (as well as other groceries) in Lake County or Wisconsin when I travel through. I can no longer buy a pop or combo meal at local eating establishment because I refuse to pay for this corrupt tax. Every person that voted for this tax should be absolutely ashamed of yourself. If your argument is truly that sugary beverages have an adverse health affects then you truly are racist. The majority of people with a LINK card in IL are minorities and yet you exempt people with LINK cards from the tax. I find it odd that if this tax is for health reasons you really don't seem to care for poor people of color. That leaves you with one of two truths. This tax was created for revenue reasons or you are blatantly racist and don't care about the lives of minorities. On a side note, anyone (regardless of any other political views) that support this tax and DON'T support the repeal of this tax are NEVER getting my vote.

I'm in favor of can the tax. We tax payers are being hit with so much as it is. we are trying to buy a house in cook county th because we love it here ,but our options are running low.I do not get the link card so it is hard to shop and now with the sbt in place makes it difficult. sbt is all about staying afloat in budget not health purposes. because most pop being sold is purchased with link and maybe there should be a limit on junk food on link card. I work grocery so I see it. plus sbt on non sugary drinks or my 2 year old daugjters apple juice is ridiculous come on.not fair.please reconsider this tax.

The Sweet beverage tax is driving our sales to decline with south drinks. The consumers are all upset of this tax passed onto them.
