I am embarrassed to be a resident of Illinois that passes immoral legislation. Legislators opposed and passed abolishment of the death penalty for convicted criminals yet decides innocent unborn babies can be sentenced to death and that all illinoisians should pay for others immoral behavior by requiring insurance companies to pay. Insurance companies will pass on the cost to all through premium increases and the state of illinois medicaid recipients. No legislation should be made law without the vote of the entire population on a general ballot

I strongly oppose HB2495 & SB25 and ask that the Cook County Board do the same. These changes are radical, horrifying, and unnecessary. Stop this culture of death.

While this resolution is obviously no longer needed with the passage of SB 25 as amended in lieu of the previous House bills. I believe that the fundamental Whereas statement (2nd paragraph) is untrue, and as such this resolution should be dismissed or the Committee should vote "No" on the matter. I dispute that

"WHEREAS, every individual who becomes pregnant has a fundamental right to continue the pregnancy and give birth or to have an abortion;" and to refute the veracity of this statement, note the wisdom of Mary Ellen Warren regarding whether a child which is formed in one's uterus is property: "The appeal to the right to control one's body, which is generally construed as a property right, is at best a rather feeble argument for the permissibility of abortion. Mere ownership does not give me the right to kill innocent people whom I find on my property, and indeed I am apt to be held responsible if such people injure themselves while on my property. It is equally unclear that I have any moral right to expel an innocent person from my property when I know that doing so will result in his death." Per this statement I voice my opposition to the the Cook County Board moving this resolution forward and I urge the Committee to vote "No" regarding this resolution. Thank you.

SB 25 is a dangerous bill for women, and, of course, for their unborn babies. This bill is too extreme and was passed underhandedly at the 11th hour on a holiday weekend. Why not allow for more time to consider the implications of every part of the bill? Rushing bills through a legislative body, especially when the original bill is added onto a different, totally unrelated bill, is a sign that they are inherently flawed! Please consider all of the human beings that this bill will harm and do not support it!

Abortion is not healthcare. Reproductive choices are made when a man and woman decide to have sexual intercourse. Once the baby is conceived, that is a Human Being with a constitution Right to Life. Our children are our future and we do not want to further harm Illinois' future by making it the baby-killing capital of the USA. It was voted in to law contrary to public opinion. The majority of us who were not chosen to be aborted are in favor of life and against abortion. Death is NEVER a solution to a problem and Illinois girls and women deserve better than being told a baby will ruin their lives. Those babies killed in abortions are future voters and residents. STOP killing our future.

I strongly oppose SB-25 and the massive expansion of abortion. The arguments in favor of expanding abortion are based on flawed premises, and subject the most vulnerable contingent of our citizens to a position with absolutely no defense.

I strongly oppose the resolution listed as item 19-3758. I do not think it is good for a women, for our community, or for unborn baby to advocate for such a radical abortion position. I strongly oppose item # 19-3758. I do not want any state funds used to provide abortions or support Planned Parenthood.

Over 30 years ago my wife and I had twins born at 33 weeks and today both children are productive, tax paying, Cook County citizens. With today's technology, viability is reached much sooner than before, illustrating that these POCs are truly human and alive. Therefore, I find this abortion bill not only civilly counterproductive, but also morally reprehensible.

Do not allow Illinois be even worse than it already is when it comes to murdering children. Vote no to the so called Reproductive Health Act. It has nothing to do with health and it does endanger the lives of children and mothers. Don't make it any easier to murder children in Illinois. Vote no the Reproductive "Health" Act.

I strongly oppose HB 2495 & SB 25 and the expansion of abortion. The thought that my tax dollars will pay for something so abhorrent to me is incredibly distressing. As a retired registered nurse I understand the incredible suffering an unborn child may have to endure in this process and the long term devastating emotions consequences for vulnerable woman and young girls. Also I am not so naive as to believe that that lifting restrictions on parental consent can put adolescents as risk to those who would exploit them sexually. I stand with Commissioner Morrison, the one lone voice of reason, the one lone voice that speaks not for the vocal minority of Illinois citizens behind this violence against the unborn women in crisis but for the majority of Americans who actually value human life.

This extreme abortion legislation should be opposed. It's unfortunate no one has aborted those who support this. Chicago politics in Crook County. God sees all

I am against abortion. I believe killing the unborn is wrong. The unborn should be given for adoption rather than death.

Please do not add insult to injury by supporting this radical abortion legislation. As a resident of Cook County, I am appalled that my representatives are supporting the Murder of babies and endangering women's lives. Please vote against it.

I ask that lawmakers would understand that pre-born babies, just like their own children and grandchildren, are “fearfully and wonderfully made” in the image of God. Human beings are His crown jewel of creation as they are made in the image and likeness of God.

Please recognize that abortion extinguishes a human life with great potential.

I have emailed and called my lawmakers repeatedly to ask them to protect unborn life. I even went to Springfield to stand up for the unborn.

I am a woman, but I do not believe I have the right to take another human life inside or outside the womb. Many pregnancy care centers exist to help women with unwanted pregnancies.

We cannot accept killing helpless babies. We can work together to help mother and child.

I strongly oppose HB 2495 and SB 25. These were hastily and quietly brought to vote without alerting all sides (specifically opponents) of the issue. These bills do NOT represent how the majority of the population of the state of Illinois feels on these issues. Please listen and record my opposing views to HB 2495 and SB 25. Thank you.

Please stop the killing of preborn children. While all lives matter, I do note the disproportionate number of female and children of color that are the victims of this ongoing activity. It is not reproductive health, if a baby girl can not get born to even make a choice. It is not a civil right, if a child of color not get born to dream! All lives matter. Let the children live!

As a private citizen, registered nurse and Roman Catholic voter I am against the Reproductive Health Act. It is cruel and inhumane to dismember babies inside the mother's womb. This is done for the sake of convenience for the mother? All who support this law are propagating evil in the state of Illinois. Abraham Lincoln freed the slaves. Now babies are under attack, to be disposed or sold for body parts. I feel this is not the role of an elected government. Please protect these innocents and stand on the right side of history.

We should be protecting new human beings in the womb rather than denying them their constitutional right to life. These bills are based upon lies. If abortion is "healthcare," why are all the licensing and inspecting and recordkeeping requirements removed? A young girl is more protected getting a tattoo in Illinois! This procedure will affect women for the rest of their lives and could result in physical harm as well as the emotion burden of killing your own child. This is dangerous legislation and my entire household is firmly against it. Illinois deserves better!

I am in opposition to the Reproductive Health Act, HB2495 and SB25. This bill takes away parental notification if a minor were to seek an abortion and also allow abortions up to birth for any reason. This is radical legislation and we the people of Illinois were not heard when there were 4,000 protesters in March and 18,000 witness slips submitted to oppose this legislation. This is not what the majority of the people of Illinois want. Thank you.

Please do not back the proposed abortion bill. Illinois should not be a haven at all costs for abortion as it is the murder of babies in the womb. Atrocious bill!

I am here to oppose HB 2495 and SB 25, the so called Reproductive Act, which really has nothing to do with the health of the baby or mom.

God says that before He formed us in our mother's womb, He knew us. He says: My own hands shaped you and created you. Will you now turn and destroy me?

Remember that you molded me like clay. Will you now turn me into dust again?

Did you not clothe me with skin and flesh and knit me together with bones, muscles, tendons, ligaments and tissue? You gave me life and showed me kindness, and in your providence watched over my spirit." Job

From Psalms: For You formed my inward parts; You covered me in my mother's womb. I will praise You, for I am fearfully and wonderfully made; marvelous are Your works, and that my soul knows very well. My frame was not hidden from You when I was made in secret, and skillfully wrought in the lowest parts of the earth. Your eyes saw my substance, being yet unformed.

I have set before you life and death, blessing and curse. Therefore choose life, that you and your offspring may live...

From Proverbs 24: Rescue those being led away to death;
hold back those staggering toward slaughter.
If you say, "But we knew nothing about this,"
does not He who weighs the heart perceive it?
Does not He who guards your life know it?
Will He not repay everyone according to what they have done?"

Don't you know that God created each one of us when He created the foundations of the earth? He created everyone with a plan and a purpose.

Why don't you care for the littlest of these? God knit us together in our mother's wombs. Each one is uniquely and wonderfully made.

The mother's womb is supposed to be the safest place on earth. But it's not anymore.

Y'all have told our children that it is perfectly normal and acceptable to have an abortion and most of them regret it later on and live with guilt and sorrow for what they have done.

All women who lose a baby grieve and mourn, whether by abortion or miscarriage.

If you are one of them, there is good news. If you accept Jesus Christ as your Lord and Savior and trust in Him completely, if you ask Him to forgive you, He will. If you become a true Christian, you will be reunited with that baby you lost or aborted, as they will be there waiting for you when you go to Heaven.

Please do not approve this measure. It is terrible for girls, women, babies, and healthcare workers with a conscience. This legislation is good for only the abortion industry and politicians the abortion industry has bought.

It is our privilege to uphold the value of human life. We should open our hearts to help mothers and their babies, working diligently to find compassionate solutions to the difficult problem of unwanted pregnancies. There are better solutions than abortion. Abortion is murdering a baby in the most cruel and heartless manner. If there is any compassion in your heart for innocent children, then I urge you to oppose Illinois House Bill 2495 & Senate Bill 25 "Reproductive Health Act".

I am hereby in opposition to the further expansion of any and all resolutions pertaining to the Illinois House Bill 2495 & Senate Bill 25 which are discussed at the resolution which listed as Item 19-3758, not just for the sake of the mothers that may develop health complications, but also for the sake of the voices of those that do not get a chance in life to express their personal opinions.

Abortion is taking a human life which is killing. It's against the fifth of the ten commandments. Illinois should not help abortionists and, especially, Illinois should not force people to pay for by way of their insurance premiums

Evasive procedural smoke and mirrors on this legislation was amazing.

Lack of parental consent in this process is (still) wrong thinking.

Abortion in my medical experience, is mostly been about birth control; very few medical emergencies. Late term decisions to not have the child can be coordinated in a much safer fashion with delivery and placing child up for adoption (I am an adoptive parent of 2 boys from birth as well).

Lastly as a medical professional, the lack of reporting and oversight of this process and clinics is also astounding.

I stand in opposition to this "health care" act.

I am deeply saddened that item #19-3758, concerning HB 2495 & SB 25, are even brought forth for a vote! These bills will allow many human lives to be ended. It was amazing to me to see on the news last week a story about a little tiny baby that was born prematurely and yet survived. The newscasters marveled and appeared genuinely happy that the baby was doing well! Yet, these bills will make it easy and legal for the lives of many other babies to be taken; to be killed and not given a chance to live a life! Before you vote on this measure, it might be helpful to you to view what a fetus looks like in a mother's womb from the beginning of a pregnancy to the point of birth. A fetus is a tiny, living, human being! When you see it, you will not be able to deny it! Please vote "No" on 19-3758.

I am opposed to killing of innocent babies in any form. Women do not have a right to kill their unborn children, but they have a right to protect themselves from getting pregnant and protecting themselves from getting venereal diseases. Thank you.

This bill legalizes murder of children for convenience. The state should be protecting them not killing them.

I strongly oppose the new abortion law that has been passed in Illinois. I think of President Lincoln who helped slavery be defeated in our country, and how our own state has enacted this bill which allows infanticide.

If it passes, it would create a "fundamental right" to abortion and prevent the state from interfering in any way with the killing of unborn babies. It would erase criminal penalties for performing abortions and allow non-doctors to do them. The legislation also would repeal the partial-birth abortion ban, abortion clinic regulations and conscience protections for medical workers.

The abortion allowances we have had are already discouraging. But this level of barbarity is beyond anything I have ever seen. A civilized nation may create the fig leaf of a law to make baby killing ok but I must let it be known that I do not support this attempted fig leaf. History tells us that ancient Romans simply discarded unwanted babies onto the trash heap. This bill brings us closer than ever. May God have mercy on our country.

This statement is in response to Illinois House Bill 2495 & Senate Bill 25. I am extremely saddened by an increasing culture of death in the state of Illinois. These bills are promoting a stance on abortion that is unprecedented. Here are some questions/comments that I implore the commissioners and legislators to consider.

- It seems the entire abortion debate begins and ends with this simple question: "Does abortion kill a human being or not?" If a person believes an unborn baby is a human being, there can be no discussion of "rights" of the mother or "choice". The rights of the human being waiting to be born are unequivocal and the only exception would be if the mother's life were in clear and present danger. All other arguments of any shape or form fall to pieces when we agree there is a human life that's being protected or destroyed.
- So, when a person's heart stops beating (for an extended period), are they not considered dead? When a fetus/baby/person's heart STARTS beating, would they then not be considered to be living? In the womb, their heart begins beating during week 5 of pregnancy*.
*<https://www.mayoclinic.org/healthy-lifestyle/pregnancy-week-by-week/in-depth/prenatal-care/art-20045302>
- Every one of you was at the same point of development as a baby who has been aborted. Did any of your parents ever consider aborting you? It's an unnerving thought.
- By supporting and subsidizing abortions, the government treats human life as a commodity like corn or wheat. How much more costly is subsidizing a culture of death? From a strictly economic standpoint, abortion has and is killing off millions of future workers directly impacting our cities, states and country. Who knows what great discoveries, inventions, accomplishments have been lost to abortion.
- We need to get back to the core question of whether a life is being destroyed or not. I believe most people know the correct answer deep down, but fear and selfishness corrupt basic reason and morality and lead us to do all kinds of insane behaviors, including supporting bills like Illinois House Bill 2495 & Senate Bill 25.

Thank you for your time in considering these points.

I would like to voice my opposition to the extreme abortion bill that is now being considered in the state of Illinois. I have heard that this is the most liberal abortion bill in the country! Why are we we even considering a bill that would continue to kill babies. This bill is masked as a reproductive health bill, when it is really all about abortion. God gave us the ability to create new life. He did not give us the authority to take that life at any point in the pregnancy. Please consider your position carefully. There are eternal consequences for your decision.

As a lifetime Cook County resident I strongly object to the heinous Cook County resolution that this bill proposes ... We are killing human beings and any time in the history of our our world, that civilizations have done what we are doing with the unborn, are no longer in existence. How low can we go as a county, city and a state? We are much better than this!

Too many "personal preferences" and ideologies, taking away parental notification/control, taxpayer funding of abortions, deception in passing these bills over a holiday weekend, legal voters having no say-so in these matters. This is completely illegal.

The anti-life legislation recently passed in the General Assembly does not represent the will of the people of Illinois, but was passed because the abortion lobby has the financial power to bully our elected representatives into doing their bidding. Cook County should not be complicit in this shameful action.

Please do not embarrass Illinois any further by voicing support for HB 2495 and SB 25. This extreme legislation that places women and children in harms way is anathema to a civilized, caring culture that would do better by supporting life, not death.

This resolution is an unnecessary action of the County Board in support of a misguided piece of legislation which unfortunately has already been passed by the Illinois General Assembly. The legislation the proponents of this resolution propose to support will repeal some provisions of the Illinois Abortion Law of 1975 as amended which were enacted expressly for the purpose of countering abuses reminiscent of the purported abuses of illegal abortion prior to 1973 which had been discovered in an in-depth investigative report by the Chicago Sun-Times in 1978 with the express intent of maintaining access to safe and legal abortions in Illinois. It is the intent of this legislation to make some dangerous and unethical practices of "back alley" abortionists prior to 1973 perfectly legal and available in Illinois in 2020. Such provisions of the Abortion Law of 1975 would include a prohibition on performing an abortion on a woman who was indeed not pregnant and a prohibition on the payment of referral fees for abortion patients.

I am disappointed that our Illinois representatives and senators have passed such a radical bill on abortion. As a Latina woman I firmly believe that abortion does not empower women, it does complete opposite for all women.
