

Celebrating

Early Learning Programs

November 4, 2019

To whom it may concern:

My name is Karin Kendrick and I am the Health Coordinator for Illinois Action for Children Early Learning Program. We provide both Early Head Start and Head Start services to pregnant mothers and children 0-5 years of age. Cottage Grove Health Center has collaborated with the ELP by helping our families to establish Medical and Dental homes in their local community. Working with families in Head Start/Early Head Start it is important for us to ensure that both our children and families receive ongoing continuous use of medical and dental services. CGHC has also supported our families by providing services for medical health insurance and WIC services to our family. With their support we will still be able to continue to support our families with services. Illinois Action for Children Early Learning thanks you for your support.

Kind Regards,

Karin Kendrick  
Health Coordinator  
Illinois Action for Children Early Learning Program
