I am urging you to vote against item number 20-2472. This is an unconstitutional overreach of power. Not only is this political suicide, it is morally wrong. We cannot continue to keep constituents shut in their homes, force children to social distance throughout the summer, shutter thousands of businesses for good, for a virus that has proven to be no more deadly than the flu. This is an abuse of power. We have flattened the curve, and now it's time to get back to living life. We CANNOT continue to live this way, and we will not. A vote in favor of this item, is a vote against you in your next election. I pray you choose to represent your constituents, rather than your own political interests.

I'm writing to demand that Cook County take drastic measures to mitigate the COVID-19 crisis in Black communities throughout the county. Cook County must designate resources specifically for black communities bearing the burden of this pandemic, Cook County needs to create a countywide Black Disaster Relief Plan, establish a Black Community Digital Resource Hub and Hotline and designate funding for Black communities across the county. Thank you for your willingness to stand up for Black people who reside in Cook County!

The only stated goal of the lockdown was to flatten the curve so the hospital system didn't get overwhelmed. This was 14 day period by Federal guidelines. The governor only had 30 days by law to conduct a lockdown. If you as Cook county leadership attempt to further any lockdown in the name of virus that has a death rate of less than one quarter of one percent you not only be in violation of the Constitution but causing greater additional death through increased poverty, suicides, drug overdose and domestic violence. This all started so we would'nt overwhelm the hospital system and so now the lockdown should be long over. If you're still worried about overwhelming the hospital system then why did you break down the McCormick Place temporary hospital? You can't have it both ways. Any furtherance of the lockdown defies logic and violates the Constitutional Rights of cook county residents.

We must get this Tyranny out of Illinois and out of these United States of America. The mere implication of some of these actions trying to be put into affect during the time of a pandemic is nothing short of deplorable. All involved should be absolutely ashamed as this is not what all of our ancestors fought and died for.

I believe the safety of our residents and first responders is paramount in this matter before the board. It is my professional opinion residents do not want police officers leaving one house and going to the next without knowing the officer may have been exposed. Take the politics out of this and follow the rest of the United States with strict information standards to protect all involved with penalties to those that may abuse this information. It works in other places but your seemingly mistrust in Cook County based police departments is not fact based.
