Cook County Treasurer

November 2, 2020

Toni Preckwinkle President Cook County Board of Commissioners 118 N. Clark Street, Room 500 Chicago, IL 60602

Dear President Preckwinkle:

It is with great pleasure that I submit to you the Fiscal Year 2021 budget for my office.

Year after year, I come before the Board with a budget request that meets or exceeds the proposed target. My 2021 budget marks the 20th consecutive year that I have met or exceeded the target. **My budget for FY2021 is \$528,915 less than for FY2020**.

During this past summer's Second Installment collection sprint, my website once again had more than <u>ONE MILLION VISITS</u>. Additionally, I am continuing to prioritize providing outreach to taxpayers, helping taxpayers claim part of \$75 million in duplicate and overpayment refunds and \$34 million in missing senior exemptions.

The following are highlights of the FY2021 Treasurer's Office Budget:

- Our current employee count is 58, a 76.8 percent reduction from 1998 when the office had 250 employees.
- If the office maintained a staff of 250 as it had in 1998, the budget for the office would be approximately \$54.8 million.
- 94 percent of the budget comes from commercial user fees. Our goal continues to be an entirely self-funded office independent of any taxpayer-funded sources.

I am proud to request the adoption of this FY2021 budget for the Treasurer's Office.

Sincerely,

ania

Maria Pappas Cook County Treasurer

WEBSITE (cookcountytreasurer.com)

MOBILE WEBSITE (cookcountytreasurer.com)

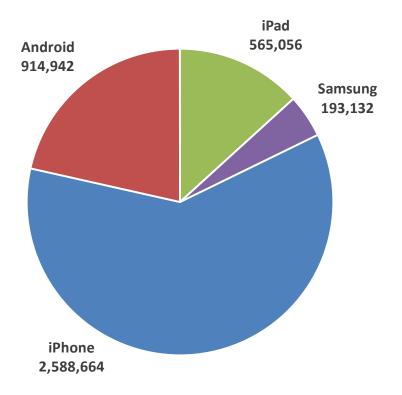

The site was upgraded in June 2015 to better accommodate taxpayers using a mobile device.

Programming code automatically recognizes if a visitor is using a mobile device and conforms the layout and design to fit the device.

Since December 1, 2017, there have been **nearly 4.3 million** visits from mobile users.

Mobile Visits

MOBILE WEBSITE (cookcountytreasurer.com)

The website has built-in functionality to display if a property address or property index number (PIN) has an overpayment going back 20 years.

In May 2020, the Treasurer's Office introduced a new feature that allows Taxpayers to easily complete <u>an electronic</u>, <u>online refund</u> <u>application</u> to claim an overpayment of taxes. The office streamlined the process to eliminated paper refund applications.

Currently, there are about **\$75 million in** overpayments are available from the Treasurer's Office.

"Your Property Tax Overview" tells property owners if taxes were sold or forfeited at the Annual Tax Sale.

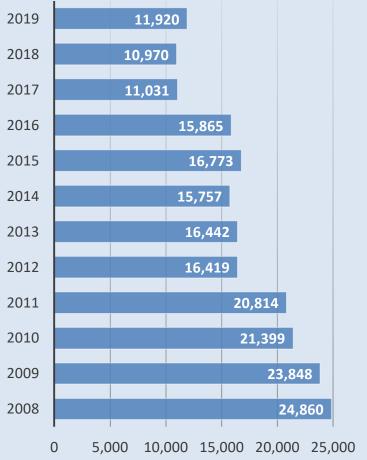

A message warns property owners to contact the Cook County Clerk to redeem sold taxes. 11,920 properties were sold in the May 2019 sale.

The Annual Tax Sale scheduled for May 2020 was postponed due to the COVID-19 pandemic.

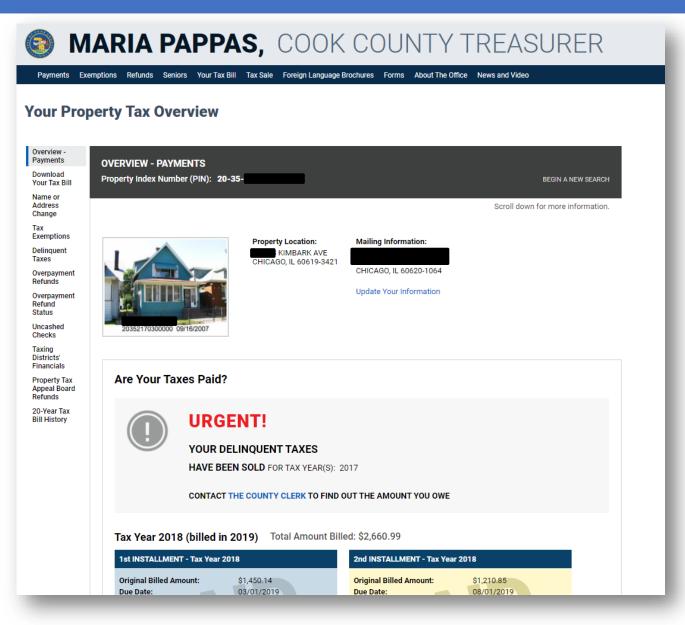

Redeeming taxes as soon as possible is important to avoid costly interest charges.

PINs Sold in Annual Tax Sale

WEBSITE – WARNING FOR SOLD/FORFEITED TAXES

To help homeowners who have mail-delivery problems, cookcountytreasurer.com now shows when tax bills have been returned by the U.S. Postal Service.

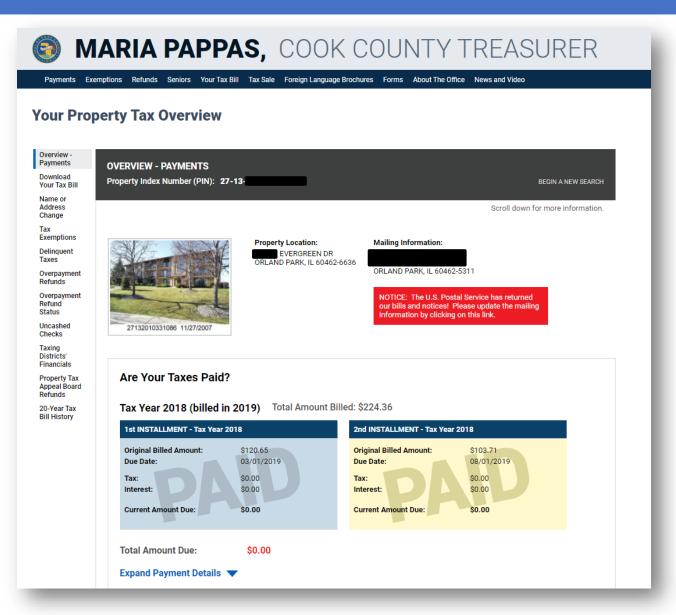

The Treasurer's Office has reduced the number of properties with incorrect mailing addresses by nearly a third, to **56,625**.

To see if your bills have been returned or to change the name and address on your bill, visit cookcountytreasurer.com and:

- Select the purple box labeled "Your Property Tax Overview"
- Enter your address or Property Index Number (PIN)
- Look for a red warning box that appears if your bills have been returned
- Select "Update Your Information" to change the taxpayer name or mailing address

WEBSITE – MESSAGE FOR TAX BILLS RETURNED BY USPS

The site was upgraded in June 6, 2019 to accept electronic name and address changes.

The simple, electronic process eliminates the need for paper applications to be sent to the Treasurer's Office and processed by hand.

More than 63,000 electronic name and address updates have been made by Cook County property owners since the process went live.

Once a change has been initiated, a message informs the requestor of the pending change.

WEBSITE – ELECTRONIC NAME/ADDRESS CHANGES

The Treasurer's Office automatically issued nearly 6,500 refunds to taxpayers totaling \$8.7 million in the summer of 2020. Since November 2018, the Treasurer's Office has issued 116,565 automatic refunds totaling more than \$65.1 million.

The site displays the status of a refund, including the amount, expected refund date, and then the actual refund date once issued.

The refunds were a result of property tax exemptions applied to the second installment tax bill. Taxpayers do not need to submit a paper application for these refunds.

Major Initiatives

THE PAPPAS STUDY 20-YEAR TAX BILL HISTORY

Introduced a new website tool for Cook County's property owners to see the 20year change in their property taxes.

Visitors to cookcountytreasurer.com can enter a property address to see taxes in 2000 compared to taxes in 2019 for all 1.7 million properties.

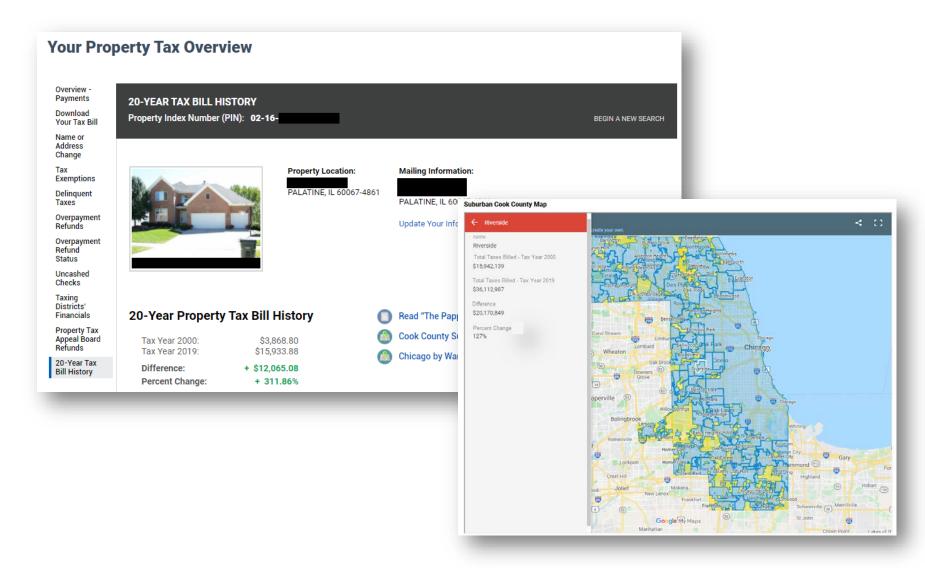

Total taxes billed all Cook County increased 99 percent in 20 years. Cook County government is one of the largest taxing districts, but has increased its tax levy extension by only 8% since 2006.

Further, interactive maps show changes by suburb or Chicago ward.

THE PAPPAS STUDY 20-YEAR TAX BILL HISTORY

Due to the impact of COVID-19 on property owners' finances, the Cook County Board of Commissioners approved Treasurer Pappas' suggestion of a twomonth waiver of late interest on property tax bills be due August 3, 2020.

The extra two months gave owners some relief by extending the time to pay without incurring late-payment charges.

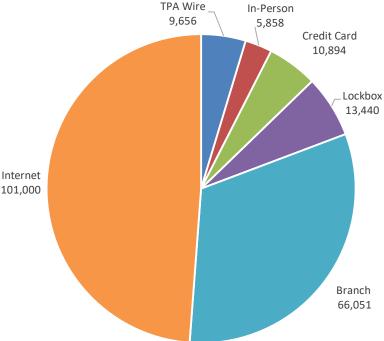

Nearly 210,000 taxpayers paid during the two-month interest waiver period. Nearly half of the payments were paid online through cookcountytreasurer.com.

More than **\$1.4 billion was collected** from August 3, 2020 through October 1, 2020.

Payments Made by Source

8/4/2020 through 10/1/2020

STATE OF THE OFFICE - 2021 BLACK HOUSES MATTER

Treasurer Maria Pappas launched the "Black House Matter" initiative to directly reach and assist black homeowners in Cook County.

The initiative includes a weekly 30-minute radio show on WVON/1690-AM. During the show, Treasurer Pappas highlights areas with large concentrations of delinquent properties along with taking calls from taxpayers owed a tax refund or missing a property tax exemption.

The Treasurer's Office helped draft a new Illinois law that increases the time taxpayers have to pay delinquent property taxes before they are offered at sale.

The change, extending the time from nine months to 13 months, will provide more breathing room to homeowners and businesspeople struggling to pay their bills before future tax sales.

The Annual Tax Sale, required by state law, is the start of a legal process that can end in a loss of property ownership. Owners can avoid the Tax Sale by paying all delinquent taxes and interest before the Sale begins.

The Tax Year 2018 sale was scheduled to begin May 8, 2020 but is indefinitely postponed as a result of the COVID-19 pandemic.

TARGETED OUTREACH PROGRAM

The Treasurer's Office Outreach Program continues to expand on its efforts to work with elected officials and civic leaders in various communities.

Due to the COVID-19 pandemic, the office has shifted to virtual outreach and direct electronic communication to assist groups and individual taxpayers.

The Treasurer's Office has been approved to purchase two mobile vehicles to reach constituents reluctant to leave their homes during the pandemic. The mobile outreach vans will provide us a new way to help vulnerable citizens on the Tax Sale list.

The office continues to work with community leaders, ethnic groups, Aldermen and other elected officials.

MARIA PAPPAS, COOK COUNTY TREASURER

Payments Exemptions Refunds Seniors Your Tax Bill Tax Dates Foreign Language Brochures Forms About The Office News a 🗲

Properties Missing Senior Exemptions for Tax Year 2018

Nearly 28,000 senior citizens could have saved hundreds of dollars on their property tax bills due August 1, 2019, by applying for exemptions they previously received.

Those homeowners received the Senior Citizen Homestead Exemption for Tax Year 2017 but did not reapply for Tax Year 2018 (due in 2019). Of those seniors, roughly 21,000 previously received the Senior Freeze Exemption but also did not reapply.

Applications for tax exemptions are available from the Cook County Assessor's Office. If the Assessor's Office grants the application, it will issue a Certificate of Error.

To check the status of exemptions for a particular property, you may search by address or Property Index Number (PIN).

STOPS was created by the Treasurer's Office to prevent the double payment of taxes and automatically return the second (duplicate) payment to the taxpayer.

If a payment is stopped, the payer is notified. The payer is given the opportunity to resubmit payment only if legally responsible. When this occurs, the first payee is authorized to receive a refund.

More than 103,000 payments (nearly \$500 million) that would have been issued as refunds have been stopped and returned since November 2010. Before STOPS, those payments would have been accepted and the payer required to request a refund.

Additional website enhancements were introduced in July 2019 to display pending payment information, an additional safeguard against overpayments.

STATE OF THE OFFICE - 2021 STOP TAXPAYER OVER PAYMENT SYSTEM (STOPS)

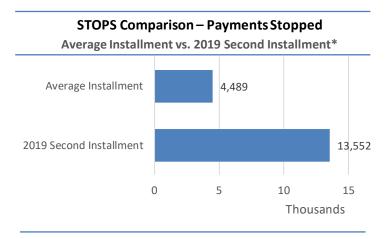

As homeowners rushed to refinance their mortgages to take advantage of historically low interest rates in 2020, the Treasurer's Office prevented an unprecedented number of overpayments.

For an average installment, the Treasurer's Office will stop about \$21 million from 4,489 payments. The 2019 Second Installment figures greatly exceeded prior collections.

More than \$52 million from 13,552 payments that would have been issued as refunds were stopped and returned for the 2019 Second Installment (due August 3, 2020).

*Through October 1, 2020.

The Treasurer's Office introduced online, electronic refund applications in May 2020. The new process eliminates the need to download, print and mail a request for an overpayment refund.

19,530 electronic refund applications have been received since May 19, 2020.

Eliminating paper applications reduces the time it takes the Office to issue refunds due to overpayments by one week.

Taxpayers can now search for refunds by property address at cookcountytreasurer.com and select the "Apply Now" button to submit their claim.

In FY1998, there were a number of challenges in the Treasurer's Office:

- 250 employees in the office
- Only six '386' personal computers
- Office was not Y2K Compliant
- No Third Party Agent (TPA) wire payment system
- No lockbox
- No bank branches accepting payments
- No financial audit
- No Information Technology (IT) department
- No Website
- No email system
- No phone system
- \$30 million in uncashed checks on the floor
- One mail-opening machine

The solution?

Automation, which has led to reduced headcount and greater efficiency.

Automation Projects

Payments

In 1998, there were two payment options: mail and in-person at one of six office locations. Now, there are nine payment options.

1998

2 PAYMENT METHODS:

- Mail to Treasurer's Office
- In-Person at Treasurer's Office (6 Offices)

2021

9 PAYMENT METHODS:

- Mail to Lockbox
- In-Person at Chase (Nearly 400 Locations)
- In-Person at Community Banks (106 Locations)
- In-Person at Treasurer's Office (1 Office)
- Wire Payments by Third Party Agents
- ACH Payments by Third Party Agents
- Online (Internet)
- Credit Card (Internet)
- Subsequent Taxes by Tax Buyers (Internet)

Lockbox

In 1999, the Treasurer's Office incorporated a lockbox system for collecting and processing taxes. This meant same-day deposits, immediate interest earnings and quicker distributions to taxing agencies.

The lockbox system eliminated the need for daily mail payments to be opened and processed individually by Treasurer's staff.

Since 1999, **nearly 11.9 million** payments have been processed by lockbox.

Bank Branch Payments

Cook County property tax payments are accepted at hundreds of local banks making it convenient for taxpayers to pay.

Today, there are nearly 400 Chase banking locations in Cook County and throughout the state that accept property tax payments.

More than 15.2 million payments have been accepted at bank branches since calendar year 1999.

As a result of bank branches accepting Cook County property tax payments, the Treasurer's Office closed its five Cook County Satellite Offices.

*Through October 1, 2020. Payments may include prior tax years.

AUTOMATION PROJECTS – PAYMENTS

Community Bank Branch Payments

Cook County taxpayers may visit one of the participating local community banks to pay taxes by direct debit (electronically).

152 banking locations throughout the area accept property tax payments, including Dyer Bank & Trust in Dyer, Indiana.

More than 100,000 payments have been accepted at these locations since 2004.

Tax Year	# of Community Bank Branches	# of Payments

Total		100,393
*Through October 1, 2020.		

Third Party Agent (TPA) – Wire Payments

The Treasurer's Office established a commercial wire payment system used by banks, mortgage and title companies to pay instead of submitting individual checks to the office.

The prior process in the office required manual handling and deposit of individual checks.

Wire payments from commercial users have totaled **nearly 25 million** payments (more than \$71 billion) since August 2003.

Tax Year	Quantity	Dollar Amount	
2019*	1,493,747	\$5,496,158,911

Total	24,786,447	\$71,311,668,010	
*Through October	*Through October 1, 2020.		

Third Party Agent (TPA) – ACH Payments

The Treasurer's Office instituted a system for commercial users (banks, mortgage and title companies) to pay via ACH direct debit transactions from an online site instead of submitting individual checks to the office.

Commercial users have submitted **nearly 930,000 payments (almost \$4 billion)** since 2007.

*Through October 1, 2020.

AUTOMATION PROJECTS – PAYMENTS

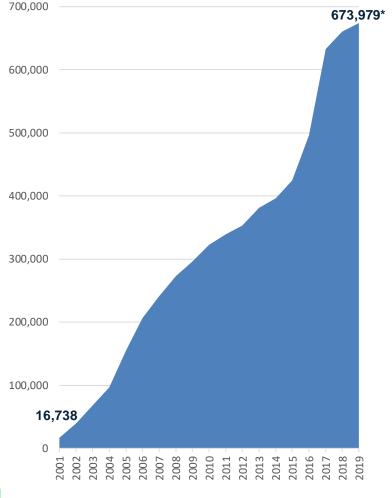

Online Payments

In March 2002, the Treasurer's Office introduced online payments for on-time payments. The office has collected **more than 6 million online payments** through October 1, 2020.

Since January 2018, there is no fee for taxpayers to make an online payment.

Online payments continue to increase yearafter-year, especially in 2020 as more taxpayers chose to stay-home during the COVID-19 pandemic.

*Through October 1, 2020 (please note taxpayers may continue to pay Tax Years 2018 and 2019 online).

Credit Card Payments

In July 2012, the office added the option for taxpayers to pay property taxes with a credit card.

Property owners in the county may make delinquent payments via credit card yearround through the online payment channel.

A total of **380,350** credit card payments have been made totaling more than **\$900** million.

Tax Year	Quantity	Dollar Amount
2019*	64,855	\$161,436,222

2013	15,920	\$34,911,745
2012	13,802	\$29,732,837
2011	7,668	\$15,360,212
Total	380,350	\$903,140,894
*Through October 1, 2020.		

Subsequent Tax Electronic Payment System (STEPS)

The Treasurer's Office created an online payment method for Tax Buyers to make tax payments on properties after the initial purchase at the Annual Tax Sale.

Since 2007, tax buyers have submitted **nearly 518,000 (almost \$1.4 billion)** subsequent tax payments.

IMPORTANT NOTE:

Property owners should redeem their sold taxes as quickly as possible to avoid additional costs from unpaid subsequent taxes.

Tax Buyers pay delinquent subsequent taxes following the Annual Tax Sale. Taxpayers are assessed 12 percent interest per installment per year on each tax amount paid by a buyer!

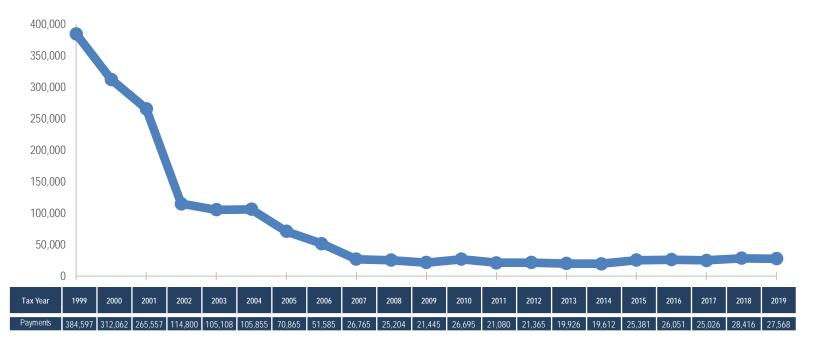

Tax Year	Quantity	Dollar Amount

In-Person Payments

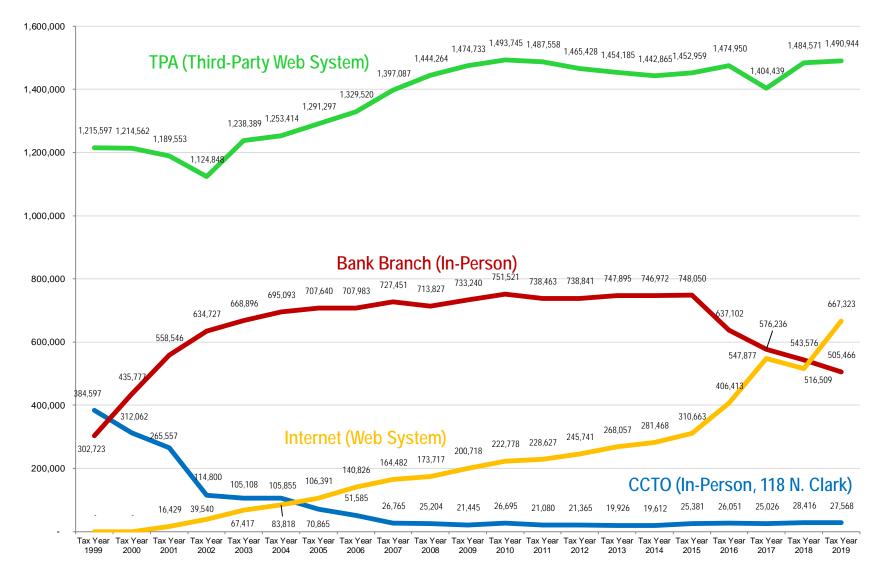

Because of the many payment options available to taxpayers, the Treasurer's Office, at the end of 2005, closed the five satellite offices. The office had more than 384,000 in-person payments at its six office locations in 2000.

For Tax Year 2019, in-person, on-time payments tallied **under 28,000** at the Clark Street location – accounting for just 0.89 percent of more than 3.1 million total on-time payments.

On-Time In-Person Payments (Satellite and Downtown Totals)

PAYMENT SOURCE TREND BY TAX YEAR (ON-TIME PAYMENTS)

On-time payments only.

CUSTOMER SERVICE – EMAIL SYSTEM

The Treasurer's Office created online functionality so that taxpayers can 'Contact Us' via email.

In May 2020, the Treasurer's Office overhauled the taxpayer email system by leveraging the SalesForce platform. A number of enhancements and efficiencies were built into this updated email system.

Emails are routed to employees throughout the office to respond within 48 hours.

The office has received and responded to **nearly 175,000** emails since 2003.

Calendar Year	Quantity
2020*	10,653
2019	11,925
2018	8,347
2017^	10,575
2016	3,830
2015	3,622
2014	4,372
2013	4,731

CUSTOMER SERVICE - CALL CENTER

In FY2020, the Treasurer's Customer Service Call Center has handled **165,756 phone calls through October 20, 2020**.

74.6% of the calls have been handled automatically by the system. **25.4%** have been answered by a Call Center Employee.

In 2019, the Treasurer's Office introduced a feature that gives callers the option to leave a message and receive a returned phone call with 24 hours.

Callers can select from English, Polish or Spanish and follow prompts to obtain specific PIN information such as amount due or refund amount available.

137,025

Phone calls to the Treasurer's Office that were answered automatically by the system.

28,731

Phone calls to the Treasurer's Office that were answered by a Call Center employee.

In 2016, the Treasurer's Office implemented the first phase of a Paperless Customer Service System.

The complete system provides:

- Scanning, imaging, and storing of electronic documents, files and data. As a result, the office significantly reduces the need to retain hard-copy paper documents.
- Tracking of documents by Property Index Number (PIN) for quick access to information. Treasurer's Office employees provide seamless customer services.
- Notification All requested information is emailed to the taxpayer.

The Electronic Property Tax Warrant Book system replaced the physical Warrant Books, which serve as the official property tax records for the county.

In April 2016, the Treasurer's Office incorporated **4,765,458** individual pages from **12,011** books into the system.

The system eliminates manual posting of records because all transactions and new tax year data sets are automatically added electronically.

The Treasurer's Office replaced the traditional outcry Annual Tax Sale auction with an automated, online auction in 2008. Tax buyer registration, collateral deposits, bidding and payments went from manually intensive processes to an online system.

Prior to this automation project, the outcry auction would take 20 days to conduct and require a staff of eight people to manage.

Now, the sale lasts just four days and takes two employees; a computer algorithm awards PINs.

More than 206,000 PINs have been sold through the automated sale system since 2008.

The Treasurer's Office distributes \$14 billion every year to some 2,200 taxing agencies throughout Cook County. The office developed the Taxing Agency Extranet to provide taxing agencies direct access to view data and access reports that used to be individually printed and mailed at the Treasurer's expense.

The site allows authorized users 24-hour, online retrieval of useful information and reports:

- Record of Distribution Report
- Agency Distribution Collection Summary
- Statement of Distribution
- PIN Detail of Funds Recouped

Through October 1, 2020, there have been **106,312** visits to the site.

The purpose of the Taxing Agency Extranet site is to provide a transparent method for local government taxing agencies to access reports, data and other useful information within the Treasurer's Office.

Transparency Projects

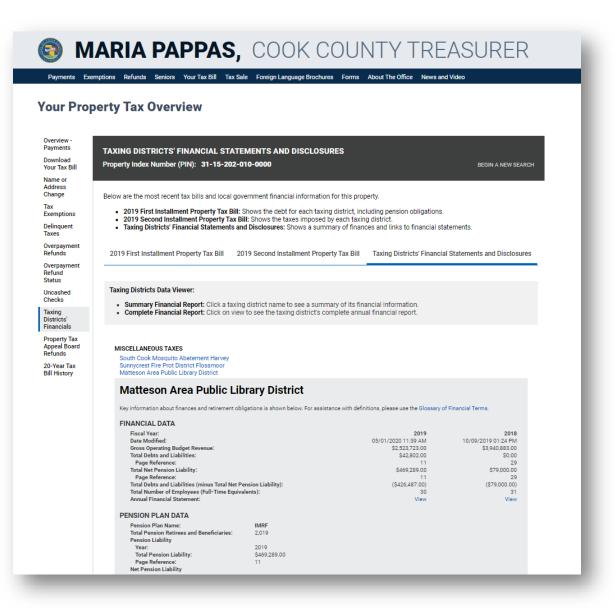

Approved by the County Board of Commissioners in September 2009, the Taxing District Debt Disclosure Ordinance, provides extraordinary transparency in government.

The ordinance requires the county's 547 primary local governments to provide their financial data and annual financial reports to the office each year including:

- Audited financial statements from their most recent audit
- Money owed (or total debts and liabilities)
- Pension and Retiree Healthcare information (including the amount promised to retirees and the amount promised that local governments do not have)

OTHER POST EMPLOYMENT BENEFITS (OPEB)

This taxing district is not required to report any Other Post-Employment Benefits (OPEB) in its financial statements.

The Treasurer's Office has crafted the property tax bill to contain useful information for property owners.

In January 2013, the Treasurer's Office began including the Debt Disclosure Ordinance (DDO) data pertaining to each parcel's taxing districts directly on the First Installment Property Tax Bill.

The figures give taxpayers full information about each local government's financial data including:

- Money owed (or debt)
- Pension and Healthcare Amounts Promised by Local Governments
- Amount of Pension and Healthcare Shortage
- Percent of Pension and Healthcare Costs They Can Pay

The Second Installment Property Tax Bill, since July 2014, displays to taxpayers how much each Tax Incremental Financing (TIF) District -- in addition to their local governments -- receives from their tax bill payments.

The Treasurer's Office developed and manages the Property Tax Portal that combines data and information from five different property-tax related offices into one single site:

- Ownership and liens from the Recorder of Deeds
- Tax payments and refunds from the Treasurer
- Valuations, exemptions and appeals Provided by the Assessor
- Prior year tax statuses, delinquencies and TIF information from the Clerk
- Appeals from the Board of Review

Since property owners have direct access to vital data, it reduces the number of questions posed to Treasurer's Office staff.

The portal has been visited more than 27.3 million times since April 1, 2012. In 2020, visitor traffic has averaged 11,391 visitors per day.

The Treasurer's Office overhauled the Property Tax Portal in 2016 to make it mobilefriendly and added functionality. The programming code recognizes a visitor using the site from a mobile device and automatically modifies the layout and design to fit the device.

Since December 1, 2017, there have been 1,249,652 visits from mobile users.

In FY2020, there have been **474,109 visits** from mobile users. An **average of 1,724** mobile users access the site each day.

Focus On Budget

The overall FY2021 budget for the Treasurer's Office has been reduced compared to the FY2020 budget.

The combined budget for FY2020 was **\$13.3 million**. The combined budget for FY2021 is **\$12.8 million**.

Amounts	Corporate	Automation	Entire Budget
FY2020	\$844,997	\$12,441,151	\$13,286,148
FY2021	\$769,732	\$11,987,501	\$12,757,233
CHANGE	-9%	-4%	-4%

The overall FY2021 headcount for the Treasurer's Office has been reduced compared to the FY2020 budget.

Headcount for FY2020 was **87 positions**. Headcount for FY2021 is **82 positions**.

Positions	Corporate	Automation	Entire Budget
2020	9	78.0	87
2021	7	75.0	82
CHANGE	-22%	-4%	-6%

STATE OF THE OFFICE - 2021 FY1998 BUDGET COMPARISON

The Office had 250 employees in FY1998.

If the office maintained its staff of 250, the FY2021 budget would be **\$54.8 million**.

Instead, the office has 81.5 positions and a real budget of **\$13.1 million** in FY2021.

- \$770,000 from taxpayer revenues (Corporate Account)
- \$12 million from commercial user fees (Automation Account)

Since FY2008, the Treasurer's Office has used \$102.6 million in commercial user fees to fund itself and automation efforts. The office is 94 percent self-funded and the goal continues to be an entirely self-funded office that is independent of any taxpayer-funded sources.

If the Treasurer's Office had the 250 employees that it had in FY1998, the budget **WOULD HAVE BEEN:**

\$54.8 million

Instead, the office has 81.5 positions and the FY2021 real budget **IS**:

\$12.8 million

PERSONNEL COSTS

The biggest portion of the Treasurer's Office FY2021 budget comes from personnel costs – salaries and fringe benefits, such as health, vision, dental and life insurance.

These personnel costs comprised **73 percent of the FY2021 budget.**

County employees are automatically awarded longevity increases, or STEPS, based on years of service. Employee salaries also increase as a result of Cost-Of-Living Adjustments (COLAs) that are approved by the County Board. Additionally, fringe benefit costs continue to increase.

The following three charts illustrate the budgetary challenges posed by salary increases, COLAs and fringe benefits.

STATE OF THE OFFICE - 2020 COST-OF-LIVING ADJUSTMENT (COLA) HISTORY

Implemented	COLA	Note
FY1999 June 1, 1999	4.0%	
FY2000 December 1, 1999	3.0%	
FY2001 December 1, 2000	3.0%	Plus \$.10/hour increase
FY2002 June 1, 2002	2.5%	
FY2003 December 1, 2002	2.0%	
FY2003 June 1, 2003	1.0%	
FY2004 December 1, 2003	3.0%	
FY2005 December 1, 2004*	1.0%	
FY2006 December 1, 2005*	1.0%	
FY2006 June 1, 2006*	2.0%	Plus \$500 Bonus
FY2007 December 1, 2006*	1.5%	
FY2007 June 1, 2007	2.5%	3% for Non-Union Employees and \$1,000 Bonus
FY2008 December 1, 2007	2.0%	
FY2008 June 1, 2008	2.75%	
FY2011 January 1, 2011*	2.25%	
FY2012 December 1, 2011**	2.25%	
FY2012 June 1, 2012	3.75%	
FY2013 June 1, 2013*	1.0%	
FY2014 June 1, 2014*	1.5%	
FY2015 June 1, 2015*	2.0%	
FY2015 October 1, 2015**	4.5%	
FY2016 December 1, 2015	2.0%	
FY2017 December 1, 2016*	2.25%	
FY2017 December 1, 2016**	1.5%	
FY2017 June 1, 2017*	2.0%	
FY2019 June 1, 2019	2.0%	Plus \$1,200 Bonus (December 2018)
FY2020 June 1, 2020*	2.0%	
*COLA awarded to Union employees only. **COLA awarded	to Non-Union emp	ployees only.

If the Treasurer's Office maintained 250 employees, the fringe benefit obligations would be approximately **\$5.4 million** in FY2021. Instead, the benefits in the budget for FY2021 are \$1.9 million, of which \$1.8 million is paid out of the Treasurer's Automation Budget.

Benefit	FY1998 Average Cost Per Employee	FY2021 Average Cost Per Employee	Increase (\$)	Increase (%)
Medicare	\$290	\$1,365	\$1,075	471%
Pension	\$3,977	\$9,062	\$5,085	228%
Insurance (Health, Life, Pharmacy, Vision, Dental)	\$3,689	\$13,047	\$9,358	354%
Total	\$7,956	\$23,475	\$15,519	295%

The budget of the Treasurer's Office operates with two separate and distinct accounts, one funded by tax money and the other by commercial user fees. These accounts are:

County Treasurer Corporate Account (formerly 060 Account)

- Funded primarily by taxpayer sources
- FY2021 Budget: \$769,732 (9 percent reduction compared to FY2020)

County Treasurer Tax Sale Automation Account (formerly 534 Account)

- Funded by commercial user fees paid by banking and mortgage firms
- Established by County ordinance on April 6, 1999
- FY2021 Original Budget: \$12,818,551
- FY2021 Real Budget: \$11,987,501 (4 percent reduction compared to FY2020)

Since FY2008, the Treasurer's Office has continually reduced the Corporate Account by shifting costs to the Automation Account. The goal continues to be an entirely self-funded office that is independent of any taxpayers-funded sources. Many governmental entities simply raise property taxes instead of creating alternative funding sources and reducing their budgets.

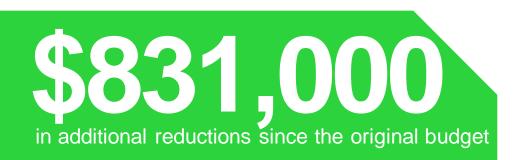

STATE OF THE OFFICE - 2021 POSITION COUNT

The Automation Projects of the Treasurer's Office have resulted in a decrease in headcount from 250 in FY1998 to 58 in FY2021, a reduction of **76.8 percent**.

FY1998 – 250 EMPLOYEES	FY2021 – 58 EMPLOYEES
* * * * * * * * * * * * * * * * * * * *	Although there are 82 positions in the FY2020 budget, the Treasurer's Office is operating with a staff of 58 as the remaining are open positions.

ADDITIONAL POSITION REDUCTION

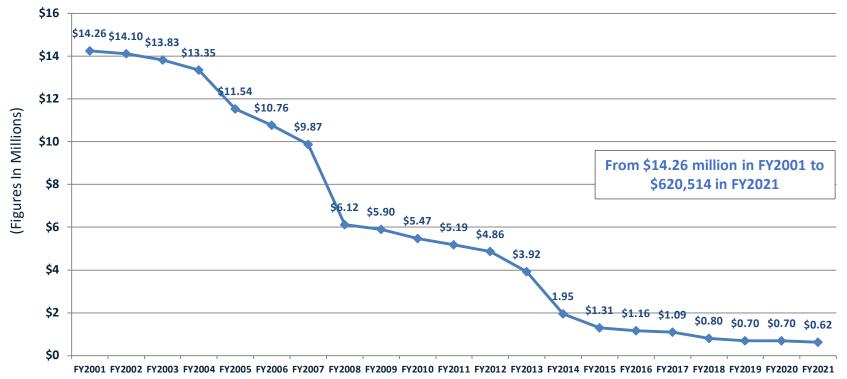

In addition to the reductions identified in the Treasurer's July submission, the office will reduce the budget by an additional 5 full-time positions and update 4 full-time positions to \$1 in the amendment process. This will reduce the overall budget by approximately \$831,000.

FY2021 marks the 20th consecutive year that the request for Corporate Account funding, excluding fringe benefits, has been reduced.

• From \$698,489 in FY2020 to \$620,514 in FY2021, not including fringe benefits

Projects

STATE OF THE OFFICE - 2021 FY2021 - FY2023 FUTURE PROJECTS

Mobile Outreach

Description:

Upcoming purchase of two vehicles to reach constituents reluctant to leave their homes during the pandemic. The outreach vans will enable interaction with:

- Assist vulnerable citizens on the tax sale list
- Identify taxpayers with possible overpayment refunds
- Verify homeowners entitled to a missed property tax exemption

The office will implement the electronic tools to support mobile outreach efforts.

Benefits:

- Eliminate taxpayers from travelling downtown by reaching them directly in the community.
- Return funds to property owners who unknowingly overpaid or are missing a moneysaving exemption.
- Reach vulnerable property owners on the tax sale list.

Commercial Payer Enhancements

Description:

The Treasurer's Office will continue to make enhancements and efficiencies for commercial payers who utilize the Treasurer's customize bulk payment channels.

The initiatives are aimed at providing commercial payers, specifically mortgage companies, title companies, and banks access to electronic data and statistics to better serve their taxpaying customers, thereby reducing errors and duplicate payments.

Benefits:

- Eliminate individual requests for data made to CCTO from commercial payers.
- Reduce the number of overpayments and duplicate payments from mortgage companies.
- Provide commercial users the ability to download bulk data such as historic payments, tax sale status, bankruptcy information, and individual tax exemption history.
- Streamline the payment process by allowing electronic payments for omitted assessment, arrearage and special assessment property tax bills.

STATE OF THE OFFICE - 2021 FY2021 - FY2023 FUTURE PROJECTS

Outsource Tax Bill Printing

Description:

The Treasurer's Office has entered into a contract with Sebis Direct Inc. to print the bi-annual 1.8 million tax bills offsite instead of in-house. The first installment tax billing with Sebis is scheduled for January 2021.

Printing can be accomplished through a more efficient, streamlined process.

Sebis will print the variable property tax data for each bill at the same time as the form layout, thereby combining processes that had been separate in prior years.

Printing, folding, inserting and mailing can all be handled as a single process.

Benefits:

- Streamline and increase efficiency of bill printing process.
- Reduce internal costs and processing time.

STATE OF THE OFFICE - 2021 FY2021 - FY2023 FUTURE PROJECTS

Integrated Property Tax System

Description:

The Treasurer's Office continues to support of the President's initiative to replace the MIS Mainframe with the Integrated Property Tax System, which will be used by all of the property tax offices.

The office has provided significant resources toward the project effort, and joined with the other elected officials several times to express concern for the direction of the project with Tyler Technologies and the delayed go-live dates (currently projected for January 2023).

Benefits:

- Eliminates the antiquated MIS Mainframe, and its limited functionality.
- Combines all data for each parcel into one unified system.
- Will be updated in real-time instead of nightly batch jobs.

INTEGRATED PROPERTY TAX SYSTEM

STATE OF THE OFFICE - 2021 FY2021 - FY2023 FUTURE PROJECTS

Name of Project:	Expansion of Electronic Forms on Website
Description:	Expand fillable electronic forms on the website for other processes, use identification verification service, to identify taxpayer, write files for daily uploads.
Benefit(s):	 Eliminate PDF documents and paper forms. Reduce manual data entry and processing.

Name of Project:	Automatically Issue Refunds via ACH
Description:	Expand issuance of refund checks via direct ACH (electronically back to taxpayer's account). Eliminate printing & mailing of refund checks by returning funds directly to payer. Bulk payer refunds will be
	batched to produce a single refund instead of multiple checks.
Benefit(s):	Streamline and increase efficiency.

Name of Project:	Online Payment "Shopping Cart" Enhancements
Description:	Create a payment channel that will allow non-mortgage/title company/3rd party taxpayers who own multiple properties to pay online in one single, easy transaction. Also, permit online payers to schedule a payment in advance.
Benefit(s):	 Eliminates a user from having to make payment transactions one at a time.
	 Reduces payment processing time.

Name of Project:	Exemptions – Certificate of Error Status on CCTO Website
Description:	Utilize data from the mainframe to convey the status to taxpayers who have applied for missing property
	tax exemptions with the Assessor.
Benefit(s):	Eliminate questions from taxpayers.
	 Display the entire exemption history, including Certificate of Error.
	 Add information to the one-stop shop property tax overview page.

Name of Project:	Office Wide Bankruptcy Automatic Stay Compliance – Phase 2
Description:	Implement a system to prevent unauthorized payments: person in bankruptcy or TPA can pay only current payments: prior payments can be paid only by trustee. Phase 2 will expand the system to include other payment sites/methods, such as online payments, Lockbox, bank branch, etc.
Benefit(s):	Facilitate compliance with federal bankruptcy law.

Name of Project:	Automation of the Scavenger Sale
Description:	Automate the bi-annual Scavenger Sale to reduce time and resources dedicated to conduct the sale.
Benefit(s):	Streamline and increase efficiency.

Name of Project:	PIN Research – Additional Enhancements
Description:	PIN Research was re-launched in 2013. The Treasurer's Office continues to build upon its foundation and
	provide more functionality and additional data that users would like to see within the application.
Benefit(s):	Add the following:
	 C of E type, status, reason
	 Build-in functionality to print email a PDF tax bill, and track stats for the same process
	 CRM/Correspondence History – log of taxpayer contact with the office

Name of Project:	Automating Manual Check Requests
Description:	Eliminate multiple data entries using workflow.
Benefit(s):	Reduce processing time for Accounts Payable.
Name of Project:	Returned Mail Module – Additional Enhancements
Description:	The office developed the Returned Mail Research module to assist with researching tax bills returned by the U.S. Postal Service. Additional functionality will introduce artificial intelligence (AI) to the process. It will also provide automatic updating of updated, valid mailing name and addresses.
Benefit(s):	Streamline and increase efficiency.

Name of Project:	Automation of Transfers
Description:	Identify and provide periodic reports of potential transfers of payments utilizing data from the MIS.
Benefit(s):	 Automatically provide a report listing potential transfers for transactions within a given tax year. Allow for misapplied payments to be posted properly.
Name of Project:	Electronic Feed of Open Item Bill Amounts
Description:	Enhance cashiering system to electronically receive Clerk open-item billing information from MIS so cashiers do not have to manually enter bill amount.
Benefit(s):	 Reduce cashiering errors. Eliminate manual entry.
Name of Project:	Online Open Item Bill Payments
Description:	Enhance online payment system to allow taxpayers to pay open older years electronically based on data from the Treasurer and Clerk.
Benefit(s):	 Provide taxpayers another option to pay (right now, Open Items can only be paid in-person or by mail). Eliminate manual payment processing.
Name of Project:	ATM/Kiosk Tax Payments
Description:	Create a kiosk/ATM to service cash and other under banked taxpayers for property tax collections
Benefit(s):	 Provides additional, convenient payment option to taxpayers.
	 Allows property tax payment collection points in areas that lack nearby bank branches.

Name of Project:	Sales-in-Error Database Rewrite
Description:	Create a system that allows the user to process a Sale-in-Error refund from the beginning of the process.
Benefit(s):	 Eliminate tracking of Vacate Tax Sale component in Excel spreadsheets and double-entry of same information into database. Eliminate need for employees to access MIS, transcribe payment information, and then re-enter into database to process refund request. Scavenger Payments and Refunds will post to MIS, thereby making the information available to the county.

Name of Project:	Tax Buyer Email Electronic Receipts after Annual Sale
Description:	Produce electronic receipts emailed to tax buyers instead of producing paper receipts.
Benefit(s):	 Eliminates the need to print receipts and for tax buyers to physically pickup the receipts.

Name of Project:	Interactive New Employee Training on Intranet
Description:	Create an interactive video/voice training program that could be uploaded to the intranet. The goal would
	be to give new employees an understanding of the office and virtual orientation.
Benefit(s):	 Eliminate the need for manual orientation.
	 Can be used as a reference for existing employees and for refresher training purposes.

Name of Project:	Update Individual Online Payment Site
Description:	Work with online payment vendor to create a more robust online payment system that leverages emails, creates taxpayer payment carts, along with adding logic to charge bulk (non-TPA) payers the \$2.00 enhanced processing fee.
Benefit(s):	 Improve payment processing systems so taxpayers can pay multiple PINs at the same time. Improve system design and communication.

- 1. Automated Telephone System
- 2. Consolidation of Bank Accounts
- 3. Customer Service Express-Line Payments
- 4. Customer Service Pro-bono Seasonal Employee Assistance From Local Banks During Peak Collection Periods
