Rules for Filing Map Amendment Application

A "map amendment" is a change in zoning classification from Cook County Zoning Map.

1. Only the title owner of the property, their attorney, or an authorized agent may file the application and only in the owner's name. **Persons other than the land owner or their attorney must present a letter of authorization from the owner.**
2. Filing fees must be submitted at the time of filing by check or Money Order, payable to the **Cook County Collector**. Fees are established by the County Board and are based upon the type of application involved. Filing fees are not refundable. **NOTE: Cash will not be accepted; See attached Fee Schedule.**
3. The applicant shall file one (1) paper and one (1) digital form of the application and all supporting documents so specified in Article 13.7.3. The applicant shall include a written statement and evidence establishing that the proposed map amendment will conform to the standards set forth in Article 13.7. The applicant shall attest, and the Department of Building and Zoning shall independently verify, that no judicial proceedings for a violation of any Cook County Ordinance pending pertaining to the subject property.
4. The applicant shall furnish a list of names and last known addresses of the persons served with notice (Article 13.7.3). The applicant shall furnish a written statement certifying compliance with the notice requirement of the Ordinance. *(Note: Your Notice to File letter should include "Public Hearing will be conducted in Cook County Administration Building. If you would like to have the Public Hearing in the Township, please request so by writing to Secretary, Cook County Zoning Board of Appeals, 69 W. Washington St. Suite# 2840, Chicago, IL 60602" within 14 days of _____)*
5. **Map Amendments require one (1) original copy of a Plat of Survey with the application.** Plat of Survey will state the acreage of the tract, include a Legal Description, and bear the raised seal of an Illinois Registered Land Surveyor. The Plat of Survey must be dated within the last five (5) years. If possible, the Plat of Survey should also show the nearest dedicated east/west and north/south streets, the right of way width and distance of each street from the property in question.
6. **One (1) Proof of Ownership must accompany the application.** Proof of ownership may be Photostats of Cook County Recorder of Deed's Certificate, Title Policy, Letter of Opinion or other adequate document. (Please note: A Real Estate Tax Bill is not Proof of Ownership). NOTE: Deed in Trust, must provide original letterhead from Trust, identifying Trustees.
7. **One (1) Site Plan of proposed construction must also accompany each application.** Proposed, additional and existing structures should be plotted on the Site Plans, indicating distances to the property lines.
8. On applications for Map Amendment, please type answers to all questions.

Map Amendment Notification Instructions

13.7 Map Amendments

13.7.3. Notice of application. An applicant shall, not less than 15 days nor more than 30 days before filing an application, serve written notice, of intent to apply for a map amendment by certified mail with return receipt requested, to the property owners within 250 feet of the lot lines of the subject property, whose names appear on the Cook County tax records. For condominium developments that are located within 250 feet of the lot line of the subject property, only the condominium association shall be served with notice. The number of feet occupied by public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement. Notice need not be sent to owners more than 400 feet from the subject property when public streets, alleys and other public ways are included in the computation. In addition, the applicant shall serve notice to the clerk of each municipality within 1½ miles of the subject property, the superintendent of each local school district, the fire chief of each local fire protection district, the township clerk and township highway commissioner. When the applicant is either the President or a member of the Cook County Board of Commissioners, notice shall be served in accordance with this section, by the Zoning Board of Appeals. Notice shall contain the address of the subject property, a brief statement of the nature of the application, the name and address of the applicant and a statement of the approximate date when the applicant intends to apply. If the property owner on which notice is served cannot be found, or the mailed notice is returned, the notice requirements of this provision shall be deemed satisfied provided the applicant made a bona fide effort to determine the owner's address.

13.7.7. Notice of public hearing.

A. Time and place of a public hearing shall be published in a newspaper of general circulation in Cook County not less than 15 days before the hearing. In addition, at least 15 days before the hearing, notice of the hearing shall be posted on the property proposed to be rezoned in such a way as to be plainly visible from the roadway or right-of-way passing the frontage of the property. Notice posted on the property shall be maintained until the date of hearing on a weatherproof sign that is at least three feet by four feet in size. The sign shall have a white background and contain the word "NOTICE" in red capital letters at least six inches high. The remaining lettering shall be in black capital letters a minimum of three inches in height. Notice shall contain at least the following language: "This property is the subject of a rezoning hearing before the Cook County Zoning Board of Appeals on (date) at (time) at (location)."

B. Written notice shall be served by regular mail and also by certified mail with return receipt requested, at least 15 days before the hearing, by the applicant to the clerk of each municipality within 1½ miles of the property proposed to be rezoned, the clerk of the township in which the property is located the superintendent of each school district, the township highway commissioner, and the fire chief of the local fire protection district in which the property is located. The applicant shall also serve written notice, by certified mail with return receipt requested, to property owners within 250 feet of the lot line of the subject property, whose names appear on the Cook County tax records, as to the date, time and location of the public hearing. For condominium developments that are located within 250 feet of the lot line of the subject property, only the condominium association shall be served with notice. The notices shall contain the same information as the posted notice and shall also contain the legal description of the property, the common address of the property, the name of the applicant, the applicant's representative and a brief description of the requested map amendment. Applicant shall submit proof of mailing for all required notices.

C. The applicant shall be responsible for the preparation of both posted and mailed notices and shall be solely responsible for the adequacy and accuracy of the information. The applicant shall also be responsible for placing and maintaining posted notice and for mailing and maintaining records of written notices. The Secretary of the Zoning Board of Appeals shall be responsible for assuring that notice by newspaper publication is given. Supplemental or additional notices shall be published or distributed as prescribed by Zoning Board of Appeals' rules. Applicants shall also file a sworn affidavit with the Department of Building and Zoning certifying compliance with the notice requirements of this section. All required notices shall be provided at the expense of the applicant.

D. When the applicant is the President or a member of the Cook County Board of Commissioners, notice shall be served in accordance with this section, by the Zoning Board of Appeals, not less than 15 days nor more than 30 days before a scheduled public hearing. Notice and service requirements shall be in addition to posting and publishing requirements of this article.

Notice of Intent to File for Zoning Relief

To Whom It May Concern:

In accordance with Articles 9.5.1, 13.6.2, and 13.8.3, respectively, of the Cook County Zoning Ordinance, and the other applicable articles and sections therein, please be informed that the Applicant, RSD Mission Hills, LLC, intends to file a Zoning Map Amendment Application, a companion Special Use/Planned Unit Development Application, and a companion Variation Application not less than 15 calendar days and not more than 30 calendar days from the date of this notice, concerning the subject property located north of Techny Road and west of Western Avenue, using the common address of 1677 W. Mission Hills Road, Northbrook Township, Unincorporated Cook County, Illinois, 60062.

The Applicant is seeking a Zoning Map Amendment in order to amend the underlying zoning of the subject property from a P2 Open Land Zoning District to an R6 Residential Zoning District. The proposed residential development will contain a total of 137 residential units on a site containing approximately 44 acres of total land area. The development plan calls for an assortment of townhomes, duplex units, and single family homes, none of which will exceed two stories in height.

The Applicant is also seeking a Special Use in order to establish and permit a Planned Unit Development consistent with the terms described above.

The Applicant is also seeking Variations to reduce the required rear yard setbacks for the duplex and townhome lots from the required 40' to 25', reduce the required corner side yards for the townhome lots from the required 21.5' to 20', an increase the allowable Floor Area Ratio for the duplex lots from 0.5 to 0.66, and increase the allowable Floor Area Ratio for the townhome lots from the required 0.6 to 0.73.

RSD Mission Hills, LLC, the Applicant, is located at 425 Huehl Rd., Building 18, Northbrook IL, 60062. RSD Mission Hills, LLC, is an affiliate of Red Seal Development Corp., which has been successfully developing and completing quality residential communities in the Chicagoland area for over 85 years.

Chicago Title Land Trust Co. as Trustee, under the Trust Agreement dated May 9, 2013 and known as Trust No. 8002361908, the Property Owner, is located at 10 S. LaSalle St., Ste. 2750, Chicago, IL 60603.

I am the attorney for the Applicant and Property Owner concerning the applications described above. My address is 221 N. LaSalle St., 38th Floor, Chicago, IL 60601. My telephone number is (312) 782-1983.

Sincerely,

The Law Offices of Samuel V.P. Banks

Nicholas Ftikas

Rules for Filing Special Use Applications

A "special use" of land or buildings, or both, described in the Cook County Zoning Ordinance is a use subject to special provisions because of unique characteristics that do not allow the use to be properly classified as a permitted use.

1. Only the title owner of the property, their attorney, or an authorized agent may file the application and only in the owner's name. **Persons other than the land owner or their attorney must present a letter of authorization from the owner.**
2. Filing fees must be submitted at the time of filing by check or Money Order, payable to the **Cook County Collector**. Fees are established by the County Board and are based upon the type of application involved. Filing fees are not refundable. **NOTE: Cash will not be accepted; See attached Fee Schedule.**
3. The applicant shall file one (1) paper and one (1) digital form of the application with all supporting documents so specified in Article 13.8.3. The applicant shall include a written statement and evidence establishing that the proposed special use will conform to the standards set forth in Article 13.8. The applicant shall attest, and the Department of Building and Zoning shall independently verify, that no judicial proceedings for a violation of any Cook County Ordinance pending pertaining to the subject property.
4. The applicant shall furnish a list of names and last known addresses of the persons served with notice (Article 13.8.3). The applicant shall furnish a written statement certifying compliance with the notice requirement of the Ordinance.
5. **Special Uses require one (1) original Plat of Survey with the application.** Plat of Survey will state the acreage of the tract, include a Legal Description, and bear the raised seal of an Illinois Registered Land Surveyor. The Plat of Survey must be dated within the last five (5) years. If possible, the Plat of Survey should also show the nearest dedicated east/west and north/south streets, the right of way width and distance of each street from the property in question.
6. **One (1) Proof of Ownership must accompany the application.** Proof of ownership may be Photostats of Cook County Recorder of Deed's Certificate, Title Policy, Letter of Opinion or other adequate document. (Please note: A Real Estate Tax Bill is not Proof of Ownership). NOTE: Deed in Trust, must provide original letterhead from Trust, identifying Trustees.
7. **One (1) Site Plan of proposed construction must also accompany the application.** Proposed, additional and existing structures should be plotted on the Site Plans, indicating distances to the property lines.
8. On application for Special Uses, please type answers to all questions.

Special Uses Notification Instructions

13.8 SPECIAL USES

13.8.3. Notice of application.

Applicants shall, not less than 15 days nor more than 30 days before filing an application, serve written notice of intent to apply for a special use, by certified mail with return receipt requested, to the property owners within 250 feet of the lot lines of the subject property. The property owners receiving notice shall be those persons or entities whose names appear on the Cook County tax records. For condominium developments that are located within 250 feet of the lot line of the subject property, only the condominium association shall be served with notice. The number of feet occupied by public roads, streets, alleys, other public ways shall be excluded in computing the 250 feet requirement. Notice need not be sent to owners more than 400 feet from the subject property when public streets, alleys and other public ways are included in the computation. In addition, the applicant shall serve notice to the clerk of each municipality within 1½ miles of the subject property, the superintendent of each local school district, the fire chief of each local fire protection district, the township clerk and township highway commissioner. When the applicant is either the President of a member of the Cook County Board of Commissioners, notice shall be served in accordance with this section, by the Zoning Board of Appeals. Notice shall contain the address of the subject property, a brief statement of the nature of the application, the name and address of the applicant and a statement of the approximate date when the applicant intends to apply. If the property owner on which notice is served cannot be found, or the mailed notice is returned, the notice requirements of this provision shall be deemed satisfied provided the applicant made a bonafide effort to determine the owner's address.

13.8.7. Notice of public hearing.

A. Time and place of a public hearing shall be published in a newspaper of general circulation in Cook County not less than 15 days before the hearing. In addition, at least 15 days before the hearing, notice of the hearing shall be posted on the property for which a special use application has been filed in such a way as to be plainly visible from the roadway or right-of-way passing the frontage of the property. Notice posted on the property shall be maintained until the date of hearing on a weatherproof sign that is at least three feet by four feet in size. The sign shall have a white background and contain the word "NOTICE" in red capital letters at least six inches high. The remaining lettering shall be in black capital letters a minimum of three inches in height. Notice shall contain at least the following language: "This property is the subject of a special use hearing before the Cook County Zoning Board of Appeals on (date) at (time) at (location)."

B. Written notice shall be served by regular mail and also by certified mail, with return receipt requested, at least 15 days before the hearing by the applicant to the Clerk of each municipality within 1½ miles of the property for which the special use application has been filed, to the clerk of the township in which the property is located and to the superintendent of each school district, the township highway commissioner, and the fire chief of the local fire protection district in which the property is located. An applicant shall also serve written notice, by certified mail, with return receipt requested, to property owners within 250 feet of the lot line of the subject property, whose names appear on the Cook County tax records, as to the date, time and location of the public hearing. For condominium developments that are located within 250 feet of the lot line of the subject property, only the condominium association shall be served with notice. The notices shall contain the same information as the posted notice and shall also contain the legal description of the property, the common address of the property, the name of the applicant, the applicant's representative and a brief description of the requested special use. Applicant shall submit proof of mailing for all required notices.

C. The applicants shall be responsible for the preparation of both posted and mailed notices and shall be solely responsible for adequacy and accuracy of the information. The applicant shall also be responsible for placing and maintaining posted notice and for mailing and maintaining records of written notices. The

Secretary of the Zoning Board of Appeals shall be responsible for assuring that notice by newspaper publication is given. Supplemental or additional notices shall be published or distributed as prescribed by Zoning Board of Appeals' rules. Applicants shall also file a sworn affidavit with the Department of Building and Zoning certifying compliance with the notice requirements of this section. All required notices shall be provided at the expense of the applicant.

D. When the applicant is the President or a member of the Cook County Board of Commissioners, notice shall be served in accordance with this section, by the Zoning Board of Appeals, not less than 15 days nor more than 30 days before a scheduled public hearing. Notice and service requirements shall be in addition to posting and publishing requirements of this article.

13.8.9. Standards for Special Use:

1. Establishment, maintenance or operation of the special use will not be detrimental to or endanger public health, safety or general welfare.
2. Establishment, maintenance or operation of the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the uses already permitted, nor diminishes and impairs property values within the neighborhood.
3. Establishment, maintenance or operation of the special use will not impede the normal and orderly development and improvement of surrounding property for permitted uses.
4. Adequate utilities, access roads, drainage and other necessary facilities have been or are being provided.
5. Adequate measures have been, or will be, taken to provide ingress and egress designed to minimize traffic congestion in public streets.
6. Establishment, maintenance or operation of the special use shall in all other respects conform to all Cook County ordinances, unless otherwise authorized by the Cook County Board of Commissioners pursuant to the recommendation of the Zoning Board of Appeals.

8.9.8 Standards for Unique Use:

1. Proof of conformance with each special use standard as specified in Article 13
2. Proof of a special and extraordinary need for the unique use including proof of unique characteristics of the subject property, proposed use and surrounding neighborhood.
3. Proof that the unique use will be an affirmative benefit to the surrounding properties and neighborhood from a land use and economic standpoint.

Rules for Filing Variance Application

A "variance" means a grant of relief from the requirements of the Cook County Zoning Ordinance which permits construction in a manner that would otherwise be prohibited by the Ordinance.

Application:

A. *Notice of application.* Applicants shall, not less than 15 days nor more than 30 days before filing an application, serve written notice of intent to apply for a variance by certified mail with return receipt requested, to the property owners of adjoining lots, whose names appear on the Cook County tax records. For condominium developments that are located on adjoining lots, only the condominium association shall be served with notice.

B. *Application.* An application for a variance shall be filed with the Department of Building and Zoning. The following documents shall accompany the application. Electronic submission of application and supporting documents shall be encouraged.

The Variance application **must be filed in one paper and one digital format.**

1. **One (1) original Plat of Survey will be submitted with the application.** Plat of Survey will state the acreage of the tract, include a Legal Description, and bear the raised seal of an Illinois Registered Land Surveyor. **The Plat of Survey must be dated within the last five (5) years.** If possible, the Plat of Survey should also show the nearest dedicated east/west and north/south streets, the right of way width and distance of each street from the property in question.
2. **One (1) Site Plan of proposed construction must also accompany the application.**
3. **One (1) photocopy of Proof of Ownership must accompany the application.** Proof of ownership may be copy of deed with document #, Title Policy – "Schedule A", Letter from Bank when in trust, **(Please note: A Real Estate Tax Bill is not Proof of Ownership).**
4. Return Receipts from the Notice of Application must be submitted.
5. **Notarized Affidavit of Notification of Property Owners** must be submitted in entirety at time of application. The form (included in this packet) must contain the names and addresses of surrounding property owners from the property in questions, for a distance of 150 feet in all directions from the property lines. The Variance will not be accepted or processed until this Notification is accurately and completely submitted.
6. Filing fees must be submitted at the time of filing by check or money order, payable to the **Cook County Collector.** Fees are established by the County Board and are predicated upon the type of application involved. **Filing fees are not refundable.**
7. Only the title owners of the property, their attorney, or an authorized agent may file the application and only in the owner's name. **Persons other than the land owner or their attorney must present a letter of authorization from the owner.**
8. On application for Variance, please type or print answers to all questions. **Our Zoning Plan Examiners will assist you in filling out answers to numbers five, nine, ten, eleven and twelve.**

C. Applications shall be accompanied by the following.

1. **Statement describing the character of the PUD and the manner in which it has been designed to take advantage of the flexibility of PUD regulations and the benefits that will accrue to the public as a result of the PUD.**

The subject site currently comprises of a portion of the existing Mission Hills golf course, is located along the north side of Techny Road, east of Sanders Road (that being part of lots 1, 2 and 3 lying easterly of the centerline of Sanders Road located in the County Clerk's Division in Section 18 Township 42 North, Range 12 East of the Third Principal Meridian) as recorded on October 11, 1876 and consisting of approximately 43.22 acres (see attached boundary description of zoning lot). The Applicant proposes a zoning reclassification for the referenced property from the present P-2 Open Land District classifications to those of an R6 General Residence District classification; and then to a new Planned Unit Development/ Special Use to allow for the unified development of this site under this new R6 General Residence District classification. Additionally, the applicant is also filing for variations for yard reductions and floor area increase to some duplex and townhouse unit types. Taken together, with the companion application(s), they will permit the Applicant's development of the said 43.22 acre property with twenty-one (21) single-family home lots with the smallest lot being 13,600 square feet; seventeen (17) duplex unit lots containing thirty-four (34) units with the smallest lot being 11,400 square feet and the largest being 16,590 square feet; and eighty-two (82) multi-unit (townhouses) contained in twenty-two (22) lots of clustered residences. All multi-unit residence (town-house) buildings will contain between three (3) to five (5) dwellings units per building. The lot sizes range from 11,115 square feet for 3 units to 18,500 square feet for the 5-unit buildings. The total number of residential units proposed by this application is only 137 dwelling units. The net development site area consists of 43.22 acres of residential uses fronting on Techny Road and Western Avenue all within a new subdivision to be known as "*Provenance*."

Within the net site area of 43.22 acres, approximately 15.80 acres or 36.64% of the development will be open spaces. These figures do not include the yards of individual homes and/or green space within the public rights-of-way.

2. Statement of planning objectives to be achieved by the PUD.

The primary objective of the development can only be achieved through the PUD design process. The flexibility in the PUD regulations allows for the development to achieve the open space and mixed housing types. These are all vital elements toward the creation of the *Provenance* community; neighboring sub-divisions will have the benefits of increased property values and the availability of the “*Provenance*” resources and facilities both public and private. The development as proposed will be of a similar intensity of use with the abutting Mission Hills existing R6 General Residence District classification to the north and their applicable uses, lot area and bulk regulations as set forth within the Cook County Zoning Ordinance.

3. Statement of present and proposed ownership of all land within the proposed are no delinquent taxes on the whole or any part of the property.

The Ownership Statement and Affidavit are provided under separate cover.

4. Development schedule indicating stages in which the proposed PUD will be built and approximate dates for beginning and completion of each construction stage.

The Applicant will begin construction immediately after necessary approvals and permits (as weather permits). It will consist of two (2) phases and it is estimated that the first phase which consist of all of the infrastructure work, as well as some model unit construction on the single family home sites, duplex units and multi-unit (townhouse) sites. Phase one construction should be completed within approximately 18 months of the date of approval of the PUD by the County Board. The anticipated absorption forecast for the planned housing type of phase two, which includes all unit types, is as follows: single family homes (any of the three home types) sales of 10 units annually; multi-unit (townhomes) sales of 22 units annually; duplex unit sales of 12 units annually. Based on this analysis, phase two should be completed approximately four (4) years after the phase one infrastructure work is completed.

5. Proposed agreements, provisions or covenants which will govern the use, maintenance, operation, and improvement of the proposed PUD and any of its common open space.

The Applicant will create three (3) associations of ownership and the Mission-Brook Sanitary District will provide water and sewer service to this area; it will provide that all such improvements to be installed in accordance with all acceptable regulations and Ordinances. The Applicant will maintain the grounds within and during Phases 1 and 2 of the development. It will provide full time personnel working on the grounds and will be able to address most, if not all, maintenance concerns. Once completed, the maintenance of the landscaping will

be turned over to the homeowners associations. Covenant(s) describing the types and use of the single family homes, duplex and multi-unit (townhouse) sites have been prepared by Howard S. Dakoff Esq. of Levenfeld Pearlstein, LLC attached.

6. Statement indicating density of use including total number of dwelling units per acre, number of bedrooms in each building and dwelling unit type.

We are proposing 21 single family home lots on approximately 7.58 acres, which is 17.5 % of the total net site area of land with a (net) density of 2.77 DU/Ac. The single-family homes will range in size from 3,630 square feet to 4,865 square feet of building area (excluding garages). The conceptual drawing illustrates five (5) different single family plans with three (3) different elevation styles. Each building as proposed will be a maximum height of 30 feet as allowed by this PUD. All homes will have a minimum of 2 bedrooms, with most allowing for more depending on the individual building type and floor plan. It is intended that the market will ultimately determine the final housing product style. No single family homes site shall contain less than 13,600 square feet of lot area.

The duplex buildings on approximately 5.28 acres or 12.2 % of the total net site area and will consist of a maximum of 34 residential units on 17 lots. The Applicant is proposing four (4) different duplex units, labeled A-D, and any unit can be matched with any other unit to create a duplex assembly. The duplexes will have two (2) styles, Four Square and Traditional, and styles each will have two (2) brick choices and four (4) different siding color choices. The units size/square footage from 1,858 square feet to 2,272 square feet. Two (2), two-story types ranging in size/square footage from 2,990 square feet to 3,680 square feet (excluding attached garage area). All duplex unit types will contain three (3) bedrooms. No duplex unit site shall contain less than 11,400 square feet of lot area. The duplex unit building sites will be located on approximately 5.28 acres of land for a (net) density of 6.4 DU/Ac.

The multi-unit (townhouse) on approximately 7.36 acres or 17.0 % of the total net site area will consist of a maximum of 82 residential units on 22 lots. We are proposing five (5) different townhouse units, labeled A-E. The townhouse buildings or assemblies will have 3, 4 or 5 units. The townhouse buildings will have two styles, South Classical and French Country styles. The French Country and Southern Classical styles will have two brick choices and four different siding color choices. The interior units ranging in size from 2,137 square feet to 2,465 square feet (excluding garages). The end units will range in size/area from 2,465 square feet to 3,059 square feet (excluding garages). All multi-unit (townhouse) will contain no more than 5 residential units each. These unit types will be concentrated in a clustered arrangement adjacent to Techny Road. The multi-unit (townhouse) building sites will be located on approximately 7.36 acres of land for a (net) density of 11.14 DU/Ac.

The combined or the Aggregate Density for all residential units types for the net land area located within the proposed development areas is 3.17 DU /Ac.

7. **Statement detailing the type and amount of non-residential uses including the total amount of common open space and net amount (open space which is not located in the required yards or storm water management areas) of open space.**

The gross site area is comprised of approximately 1,37,901 square feet or 44.49 acres of land and the development proposes to be dedicated for right-of-way adjustment along Techny Road. The Plan Data for the site is as follows:

Total Area:	44.49 acres
Techny Road R.O.W.:	1.27 acres
Net Area:	42.33 acres (2)
Common open space:	15.80 acres (1)

Notes: (1) The areas listed above are subject to verification pending final engineering. Portions of the area within the “yards,” though separated from the “net” open space, may still be used as common open space.

(2) The land area for public use along Techny Road for right-of-way has not been utilized when computing allowed density for the project pursuant to 8.4.8 of the Cook County Zoning Ordinance.

8. **Statement identifying the type and location of service facilities and off-street parking facilities, including the total number of parking spaces per sub-area.**

The site presently contains a number of public utility facilities including poles, wires, cables, conduits, vaults, pipelines, laterals, and other similar distributing equipment of a public utility which must be maintained, and shall be permitted to be expand or improved to include substation(s) or other similar public/private utility facilities.

All single family home sites will have two car garages (minimum) and will also have available parking on the individual driveways. The duplex and multi-unit (townhomes) will at a minimum have a two car garage.

The parking situation at *Provenance* breaks down as follows:

Garage Parking- Detached Single Family:	2 per residential unit
Garage Parking- Duplex, townhomes:	2 per residential unit
Driveway Parking (detached S.F.H.):	2 per residential unit
Driveway Parking Duplex	2 per residential unit
Driveway Parking (townhomes):	2 per residential unit

9. **Architectural plans for all buildings which reveal the style of the development and the building design, floor area of building types and total ground coverage of buildings.**

See separate examples of Architectural Plans prepared BSB Design by type of residential building envisioned and sought by the developer of Provenance on the 21 detached single family home lots. Please note the four (4) different duplex units and the five (5) different multi-units (townhome) units, any of which is the current design to be constructed by the developer.

10. **The landscape plan prepared by a registered landscape architect depicting trees, plant materials, grading, excavating, berming, and aesthetic features.**

See Separate Landscape Plans prepared by HKM Architects & Planners Inc. dated March 03, 2014 attached.

11. **School Impact Study estimating the number of additional students and the financial burden the proposed PUD will have on the local school districts.**

See Separate Report prepared by Strategy Planning Associates, Inc. dated January 2014 attached.

12. **Appraisal report prepared by an MAI appraiser demonstrating the value of the property as zoned and the value as zoned with the proposed PUD.**

See Separate Reports prepared by Terrence O'Brien & Company, dated February 28, 2014 attached.

13. **Tax Impact Study estimating the tax revenue to be generated by the proposed PUD and the estimated cost to various taxing bodies of providing necessary service to the PUD.**

See Separate Reports prepared by Strategy Planning Associates, Inc. dated January 2014 and Tracy Cross & Associates, Inc. dated December 11, 2013, respectively, both attached.

14. **Traffic Analysis demonstrating the adequacy of the local transportation system to handle anticipated traffic volumes generated by the proposed PUD and an analysis of the adequacy of the PUD's internal vehicular circulation system.**

See Separate Traffic Impact Study prepared by KLOA, (Kenig, Lindgren, O'Hare, Aboons, Inc.) dated December 4, 2013 attached.

- 15. Economic Feasibility Study of the proposed PUD showing the need and the feasibility of the proposed development.**

See Separate Report prepared by Tracy Cross & Associates, Inc. dated December 11, 2013 attached.

- 16. Sediment and Erosion Control Plan.**

See Preliminary Engineering drawings prepared by Pearson, Brown & Associates Inc. dated March 10, 2014.

- 17. Report indicating the subsurface conditions on the proposed PUD land, including location and result of tests made to ascertain subsurface soil, rock and groundwater conditions, depth to ground water and location and results of soil percolation tests if individual sewage disposal systems are proposed.**

See Separate Geotechnical Investigation Report prepared by Pioneer Engineering Services, LLC. dated December 10, 2013 attached.

- 18. Schedule for phased development of the proposed PUD if the PUD is not intended to be established within one year. Upon approval, the development plan or schedule shall be considered as a limitation and condition of PUD.**

The development is expected to commence within one year upon approval. If the Applicant is unable to comply with the one (1) year application period prescribed in Sections 9.6.1 and 9.8.1 of the Cook County Zoning Ordinance the Applicant will file for an extension as prescribed within Section 9.8.2 for the one (1) twelve (12) month extension of time under each section identified above.

- 19. Preliminary Lighting Plan.**

See Separate Preliminary Engineering drawings for the Preliminary Lighting Plan prepared by Pearson, Brown & Associates, Inc.

- 20. Survey prepared by a registered landscape architect or arborist of all trees over six inches in diameter, as measured six inches above established grade, indicating location, species, and quality.**

See Separate Tree Survey prepared by Urban Forest Management, Inc. and Pearson, Brown & Associates, Inc. and landscape drawing prepared by HKM Architects & Planners Inc.

21. A report indicating the existing and proposed pedestrian circulation system, including bike paths.

The proposed Pedestrian Circulation System will consist of a public sidewalk on both sides of the public street (Provenance Way), separated by a lawn parkway. In addition, the private access drives will have a five (5) foot carriage walk along one side. The emergency access lanes are designed as parallel sidewalks to tie into the above referenced sidewalks. There are no bike paths proposed, and there are no existing bike paths adjacent to the proposed development to which any proposed bike path could connect.

22. Site Plan to Scale.

See Separate Preliminary Site Plan drawings prepared by HKM Architects and Planners, and Plat of Survey prepared by Gremley & Biederman Surveyors.

PLANNED UNIT DEVELOPMENT for “Provenance”
Standards, Finding of Fact, and Recommendation of the Zoning Board of Appeals
Addressing Standards in Section 9.5.10. (A).

PROPERTY: Known as PROVENANCE, the proposed development encompasses a vacant 43.22 acre tract of land which currently operates as part of a golf course located entirely in Northfield Township and having an address of 1677 West Mission Hills Road, Northfield Township, Cook County, Illinois. The subject property is bounded as follows: on the north, by the Mission Hills Country Club community; on the east and south by single family detached houses; and to the east, a Cook County Forest Preserve property.

PROPOSED DEVELOPMENT: The applicant proposes to develop the subject 43.22 acre property with twenty-one (21) detached single-family houses; seventeen (17) duplex unit lots containing thirty-four (34) units; with eight-two (82) multi-unit (townhouse), for a total of one hundred and thirty-seven (137) residential units. As an aid to the County Board’s understanding of the proposed development, a copy of the Site Plan is attached at the end of these Finding and Recommendations.

POSITION of VILLAGE:

ZONING AMENDMENT STANDARDS: Zoning Map Amendments are governed by the Standards for the allowance of the same as set forth in Section 13.7.9-A of the Cook County Zoning Ordinance of 2001. This section requires that the Zoning Board of Appeals make Findings and Recommendations on Map Amendment Applications based *on whether the proposed use benefits public health, health, safety and welfare with respect to the following standards:*

1. *Uses of surrounding property;*
2. *Zoning classification of surrounding property;*
3. *Suitability of the subject property for the use permitted under the existing zoning classification;*
4. *Trend of development in the area;*
5. *Length of time the property has been vacant as zoned considered in the context of land development in the surrounding area;*
6. *Extent to which property values are diminished by particular zoning restrictions;*
7. *Need in the community for the proposed use; and,*
8. *Consistency with the Cook County Comprehensive Land-Use and Policies Plan.*

PLANNED UNIT DEVELOPMENT STANDARDS: Planned Unit Developments are governed by the Standards for the allowance of the same as set forth in Section 9.5.10-A of the Cook County Zoning Ordinance of 2001. That section requires that the Zoning Board of Appeals makes Findings and Recommendations on Planned Unit Development Applications based on *whether the Application has satisfied the following standards:*

1. *PUD conforms with the planning objectives, policies and maps of the County as specified in the Cook County Comprehensive Land-Use and Policies Plan.*
2. *PUD is of a type and character and contains uses that are needed in the area.*
3. *PUD is designed and laid out to preserve environmentally sensitive areas, natural resources, habitat and topographic features to the fullest extent possible.*
4. *PUD is designed in conformity with the provisions of the Cook County Subdivision Manual or any successor subdivision document.*
5. *PUD is designed to provide horizontal spacing between buildings which takes into consideration the purpose and objectives of this Article.*
6. *PUD complies with the industrial performance standards enumerated in Article 6 of this Ordinance if the PUD contains industrial uses.*
7. *PUD complies with the parking requirements enumerated in Article 11 of this Ordinance.*
8. *PUD provides appropriate yards, setbacks and buffers between the PUD and adjacent zoning lots. The applicant shall specifically request, in writing, any variations from the required setbacks.*
9. *PUD has adequate utilities, access roads, drainage and other necessary facilities.*
10. *PUD has ingress and egress designed to minimize traffic congestion in public streets.*
11. *PUD and its maintenance and operation will not be detrimental to or endanger public health, safety or general welfare.*
12. *PUD and its maintenance and operation will not be injurious to the use and enjoyment of other property in the immediate vicinity for the uses already permitted, nor diminish and impair property values within the surrounding area.*
13. *PUD and its maintenance and operation will not impede the normal and orderly development and improvement of surrounding property.*
14. *PUD shall provide more open space than would be required in a standard subdivision.*
15. *PUD shall be designed to connect to existing or planned pedestrian and bicycles systems in the vicinity.*

THE BOARD'S FINDINGS AND RECOMMENDATIONS

BASED UPON THE RECORD AND THE STANDARDS FOR THE ALLOWANCE OF MAP AMENDMENTS SET FORTH HEREIN AND ABOVE, WE HEREBY FIND AS FOLLOWS:

PUD conforms with the planning objectives, policies and maps of the County as specified in the Cook County Comprehensive Land-Use and Policies Plan.

This standard requires a showing that the proposed PUD conforms with the County's planning objectives, policies and maps as specified in the ***Cook County Comprehensive Land Use and Policies Plan***. One of the County's planning objectives set forth in its Plan is that new development in the unincorporated areas of the County complement adjacent uses and natural ***resources***. In this case, the evidence clearly shows that the proposed PUD residential in nature clearly is complimentary to and compatible to the surrounding land-use. Further, another of the County's planning policies set forth in its Plan is to authorize new development where the proposed land-use is neither detrimental to the value, use or enjoyment of neighboring properties nor detrimental to the public health, safety and welfare. In this case, the evidence shows no such detrimental impact likely to result from the County's authorization of the proposed residential PUD. Finally, the County's Comprehensive land use Plan Map set forth in its plan calls for future development of the subject property to consist of single family, duplex and townhouse uses. In this case, the evidence graphically shows a development plan that conforms with the County's Plan Map.

PUD is of a type and character and contains uses that are needed in the area.

This standard requires a showing that the proposed PUD is of a type and character which contains uses needed in the area. In this case, the evidence clearly shows that a mix of residential (detached single-family house, duplex and multi-unit-townhouse), use PUD for the subject property is warranted in this area. Similarly, the evidence also clearly shows that a mix of detached and attached housing proposed for the property satisfied a public need for choice and access in an area housing market heretofore based upon a single type of dwelling. Finally, the market study in this case shows a rapid absorption rate for the housing proposed by the Applicant's development plan.

PUD is designed and laid out to preserve environmentally sensitive areas, natural resources, habitat and topographic features to the fullest extent possible.

This standard requires a showing that the proposed PUD is designed and laid

out to preserve environmentally sensitive areas, natural resources, habitat and topographic features to the fullest extent possible. The record in this case shows that there are no floor plains, marshes, rock outcrop or significant trees on the subject property. The terrain is gently rolling with only 10-12 feet of relief noted between boring locations. The site does contain some man-made wet areas a direct result of the golf course use. Both the proposed landscape and Site Plan recognize and are designed in a way to preserve the sites topography and its water features.

PUD is designed in conformity with provisions of the Cook County Subdivision Manual or any successor subdivision document.

This standard requires a showing that the proposed PUD's design substantially conforms to the provisions of the Cook County Subdivision Manual or any successor document. In this case, the PUD does not depart from the County Subdivision regulations with respect to the proposed width of public street/ rights-of-way which will be 66' wide. Finally, the Northbrook Fire Protection District and the Northfield Township Highway Commissioner have both reviewed the site plan and approved the proposed Site Plan and has no public safety concerns pertaining to this layout and design.

PUD is designed to provide horizontal spacing between buildings which takes into consideration the purpose and objectives of this article.

This standard requires a showing that the proposed PUD provide horizontal spacing between buildings which takes into consideration the purpose and objectives of Article 9 of the Zoning Ordinance. Such horizontal spacing between buildings in a PUD is achieved by yard setbacks, and open space set-asides. In this case, the proposed PUD requests rear yard setback reductions, corner side yard set-back reductions, and maximum FAR increases to duplex and multi-unit (townhouse) lots. Such spacing reductions are consonant with the purpose and objectives of Article 9, dealing with a PUD when they "encourage the availability of open space and promote the development of recreational land-uses". The record in this case shows that approximately 15.80 acres of the 43.22 acres of this PUD have been set aside as common open space, all to be used for the recreational enjoyment of the new development's residents. That the establishment of this open space is in consequence of the Development occurring under the PUD regulations of Article 9 is beyond question. This is so because the evidence in the case establishes that, absent the spacing departures under this PUD, the properties development under standard zoning and subdivision regulations would have resulted in virtual elimination of said open space recreational amenities.

PUD complies with the industrial performance standards enumerated in Article 6 of this ordinance if the PUD contains industrial uses.

As the proposed PUD includes only residential uses and on-site neighborhood recreational uses, this standard has no factual relevance to the Board's Findings and Recommendations.

PUD complies with the parking requirements enumerated in Article 11 of this ordinance.

This standard requires a showing that the PUD's proposed on-site parking complies with the requirements of Article 11. That Article requires that each residential dwelling unit in the PUD provide two (2) accessory, off-street parking spaces. This PUD meets and exceeds those requirements.

PUD provides appropriate yards, setbacks and buffers between the PUD and adjacent zoning lots. The applicant shall specifically request, in writing, any variation from the required setbacks.

This standard requires a showing that the proposed PUD provides appropriate yards, setbacks and buffers between the Site and the adjacent zoning lots. The evidence in this case, especially the Applicant's Site Layout (admitted as Exhibit # ____), clearly set forth all variations which the PUD proposes from otherwise-required setbacks and floor area standards as set forth on Site Layout Plan. After considering all the evidence, we deemed these variations as entirely appropriate in the context of this PUD's provision of ample open space more than twice that would result from a standard subdivision.

PUD has adequate utilities, access roads, drainage and other necessary facilities.

This standard requires a showing that the proposed PUD is supported by such urban services as are needed to allow for the site's actual development. The evidence in this case shows that public water and storm water will be provided to the proposed development via the Mission Brook Sanitary District. The evidence also shows that sanitary sewer will also be provided by the Mission Brook Sanitary District, directly to the MWRDGC interceptor sewer in _____ Street a main sewer serving the site.

PUD has ingress and egress designed to minimize traffic congestion in public streets.

This standard requires a showing that the proposed PUD evidences street ingress and egress designed to minimize traffic congestion in the public street. In this case, the Traffic Study prepared by KLOA Traffic Consultants concluded that the roads adjacent to the site will have sufficient capacity

to support increased traffic generated by this new PUD. That study also concluded that the site's proposed driveway located at Techny Road is appropriate. That study suggested on-site roadway improvements along Techny Road servicing that driveway as a means of limiting conflicts resulting from the projected increased of vehicular movements. We deem this Traffic Study as evidencing the conditions upon which this development's design minimizes traffic congestion in the adjacent public streets.

PUD and its maintenance and operation will not be detrimental to or endanger public health, safety or general welfare.

This standard requires a showing that the maintenance and operation of the proposed PUD will not be detrimental to or endanger public health, safety or general welfare. In this case, the evidence shows that the maintenance and operation of the PUD's urban services, i.e. its utilities and drainage facilities, are the established obligation of recognized public and private ownership. The evidence shows that public water and sanitary sewer services in this case are the responsibility of the Mission Brook Sanitary District, a recognized private utility. We deem this showing as substantial evidence of the PUD's proposed operation and maintenance of urban services as being in accordance with public health, safety and general welfare considerations.

PUD and its maintenance and operation will not be injurious to the use and enjoyment of other property in the immediate vicinity for the uses already permitted, nor diminish and impair property values within the surrounding area.

This standard requires a showing that the proposed PUD will not be injurious to the use and enjoyment of other property in vicinity for uses already permitted, nor diminish and impair property values within the surrounding area. The question raised by this PUD standard is somewhat redundant as it duplicates those questions raised earlier with respect to the proposed rezoning. For the reason which we have heretofore set forth hereinabove relative to Standards 1, 2, 4 and 6 in our Map Amendment Findings and Recommendations, we deem the proposed PUD to be compatible with adjoining use, enjoyment and value.

PUD and its maintenance and operation will not impede the normal and orderly development and improvement of surrounding property.

This standard requires a showing that the proposed PUD will not impede the normal and orderly development and improvement of other property in the area. In this case, the properties surrounding the PUD site to the north, east and south are already developed. This being so, we deem the proposed PUD's development as being in no sense injurious to the future development of other property in the vicinity.

PUD shall provide more open space than would be required in a standard subdivision.

This standard requires a showing that the proposed PUD provides more open spaces than would be provided in a standard subdivision. The general rule of thumb in a standard subdivision case is that approximately 10% to 15% of its area results in open space. Applied to this 43.22 acre site and if developed as a standard subdivision, its resulting open space would total about 4.32 to 6.48 acres. However, because this 43.22 acre site is being developed as a PUD, its resulting open space totals 15.80 acres or about 36.6% of its area.

PUD shall be designed to connect to existing or planned pedestrian and bicycle systems in the vicinity.

This standard requires a showing that the proposed PUD be designed to connect to existing or planned pedestrian and bicycle systems in the vicinity. In this case, the evidence shows that the proposed PUD has been designed to provide on-site pedestrian circulation. The proposed pedestrian circulation system will consist of public walkways on both sides of the street (Provenance Way) separated by a lawn parkway. In addition, the private access drives will have a 5 foot carriage walk along one side of them. The emergency access lanes are designed as parallel sidewalks to tie into the previously mentioned sidewalks. There are no proposed bike paths, and in fact, no existing bike paths adjacent to the subject property to which a proposed bike path could be connected.

Notice of Intent to File for Zoning Relief

To Whom It May Concern:

In accordance with Articles 9.5.1, 13.6.2, and 13.8.3, respectively, of the Cook County Zoning Ordinance, and other applicable articles and sections therein, please be informed that the Applicant, RSD Mission Hills, LLC, intends to file a Zoning Map Amendment Application, a companion Special Use/Planned Unit Development Application, and a companion Variation Application not less than 15 calendar days and not more than 30 calendar days from the date of this notice, concerning the subject property located north of Techny Road and west of Western Avenue, using the common address of 1677 W. Mission Hills Road, Northbrook Township, Unincorporated Cook County, Illinois, 60062.

The Applicant is seeking a Zoning Map Amendment in order to amend the underlying zoning of the subject property from a P2 Open Land Zoning District to an R6 Residential Zoning District. The proposed residential development will contain a total of 137 residential units on a site containing approximately 44 acres of total land area. The development plan calls for an assortment of townhomes, duplex units, and single family homes, none of which will exceed two stories in height.

The Applicant is also seeking a Special Use in order to establish and permit a Planned Unit Development consistent with the terms described above.

The Applicant is also seeking Variations to reduce the required rear yard setbacks for the duplex and townhome lots from the required 40' to 25', reduce the required corner side yards for the townhome lots from the required 21.5' to 20', an increase the allowable Floor Area Ratio for the duplex lots from 0.5 to 0.66, and increase the allowable Floor Area Ratio for the townhome lots from the required 0.6 to 0.73.

RSD Mission Hills, LLC, the Applicant, is located at 425 Huehl Rd., Building 18, Northbrook IL, 60062. RSD Mission Hills, LLC, is an affiliate of Red Seal Development Corp., which has been successfully developing and completing quality residential communities in the Chicagoland area for over 85 years.

Chicago Title Land Trust Co. as Trustee, under the Trust Agreement dated May 9, 2013 and known as Trust 18002361908, the Property Owner, is located at 10 S. LaSalle St., Ste. 2750, Chicago, IL 60603.

I am the attorney for the Applicant and Property Owner concerning the applications described above. My address is 221 N. LaSalle St., 38th Floor, Chicago, IL 60601. My telephone number is (312) 782-1983.

Sincerely,

The Law Offices of Samuel V.P. Banks

QUIT CLAIM DEED IN TRUST

Accommodation #201324158
KNOW ALL MEN BY THESE PRESENTS that the Grantor, **RSA Properties Mission Hills, LLC**, an Illinois limited liability company, organized and existing under the laws of Illinois, for and in consideration of the sum of Ten (\$10.00) Dollars, and other good and valuable consideration in hand paid, receipt of which is hereby acknowledged, does hereby convey and quit claim unto **Chicago Title Land Trust Company, not personally, but solely as Trustee under Trust Agreement dated May 9, 2013 and known as Trust No. 8002361908**, whose address is 10 S. LaSalle Street, Suite 2750, Chicago, Illinois 60603, all right, title and interest in the following described real estate situated in unincorporated Cook County, in the State of Illinois, to-wit:

SEE LEGAL DESCRIPTION ATTACHED HERETO

TO HAVE AND HOLD said premises with the appurtenances, upon the trusts and for the uses and purposes herein and in said trust agreement set forth.

In addition to all of the powers and authority granted to the trustee by the terms of said trust agreement, full power and authority is hereby granted to the trustee to improve, manage, protect and subdivide said real estate or any part thereof; to dedicate parks, streets, highways or alleys; to vacate any subdivision or part thereof, and to resubdivide said property as often as desired; to contract to sell; to grant options to purchase; to sell on any terms; to convey either with or without consideration; to convey said real estate or any part thereof to a successor or successors in trust and to grant to such successor or successors in trust all of the title, estate, powers, and authorities vested in the trustee; to donate, to dedicate, to mortgage, pledge or otherwise encumber said property, or any part thereof; to lease said real estate or any part thereof, from time to time, in possession or reversion, by leases to commence at the present or in the future, and upon any terms and for any period or periods of time, not exceeding in the case of any single demise the term of 198 years, and to renew or extend leases upon any terms and for any period or periods of time and to amend, change or modify leases and the terms and provisions thereof at any time or times hereafter; to contract to make leases and to grant options

to lease and options to renew leases and options to purchase the whole or any part of the reversion and to contract respecting the manner of fixing the amount of present or future rentals; to partition or to exchange said property, or any part thereof, for other real or personal property; to grant easements or charges of any kind; to release, convey or assign any right or title or interest in or about or easement appurtenant to said real estate or any part thereof; and to deal with said property and every part thereof in all other ways and for such other considerations as it would be lawful for any person owning the same to deal with the same, whether similar to or different from the ways above specified, at any time or times hereafter.

In no case shall any party dealing with the trustee in relation to said real estate, or to whom said real estate or any part thereof shall be conveyed, contracted to be sold, leased or mortgaged by the trustee, be obliged to see to the application of any purchase money, rent, or money borrowed or advanced on said real estate, or be obliged to see that the terms of this trust have been complied with, or be obliged to inquire into the necessity or expediency of any act of the trustee, or be obliged or privileged to inquire into any of the terms of said trust agreement; and every deed, trust deed, mortgage, lease or other instrument executed by the trustee in relation to said real estate shall be conclusive evidence in favor of every person relying upon or claiming under any such conveyance, lease or other instrument, (a) that at the time of the delivery thereof the trust created by this Indenture and by said trust agreement was in full force and effect, (b) that such conveyance or other instrument was executed in accordance with the trusts, conditions and limitations contained in this Indenture and in said trust agreement or in some amendment thereof and binding upon all beneficiaries thereunder, (c) that the trustee was duly authorized and empowered to execute and deliver every such deed, trust deed, lease, mortgage or other instrument, and (d) if the conveyance is made to a successor or successors in trust, that such successor or successors in trust have been properly appointed and are fully vested with all the title, estate, rights, powers, authorities, duties and obligations of their predecessors in trust.

ZONING MAP AMENDMENT from P2 to R6 for "Provenance"
Standards and Finding of Fact and recommendation of the Zoning Board of
Appeals addressing Standards in Section 13.7.4. (C).

PROPERTY: Known as PROVENANCE, the proposed development encompasses a vacant 43.22 acre tract of unincorporated a portion of a golf course located entirely in Northfield Township and having an address of 1677 West Mission Hills Road, Northfield Township, Cook County, Illinois. The said property is bounded as follows: on the north, by the Mission Hills Country Club community; on the east and south by single family detached houses; and to the east, a Cook County Forest Preserve property.

PROPOSED DEVELOPMENT: The applicant proposes to develop the said 43.22 acre property with 21 detached single-family houses; seventeen (17) duplex unit lots containing thirty-four (34) units; with eighty-two (82) multi-unit (townhome), for a total of one hundred and thirty-seven (137) mixed residential development. As an aid to the County Board understands of the proposed development, a copy of the Site Plan is attached at the end of these Finding and Recommendations.

POSITION of VILLAGE:

ZONING AMENDMENT STANDARDS: Zoning Map Amendments are governed by the Standards for the allowance of the same as set forth in Section 13.7.9-A of the Cook County Zoning Ordinance of 2001. that section requires that the Zoning Board of Appeals make Findings and Recommendations on Map Amendment Applications based on *whether the proposed use benefits public health, health, safety and welfare with respect to the following standards:*

1. *Uses of surrounding property;*
2. *Zoning classification of surrounding property;*
3. *Suitability of the subject property for the use permitted under the existing zoning classification;*
4. *Trend of development in the area;*
5. *length of time the property has been vacant as zoned considered in the context of land development in the surrounding area;*
6. *Extent to which property values are diminished by particular zoning restrictions;*
7. *Need in the community for the proposed use; and,*
8. *Consistency with the Cook County Comprehensive Land-Use and Policies Plan.*

THE BOARD'S FINDINGS AND RECOMMENDATIONS

BASED UPON THE RECORD AND THE STANDARDS FOR THE ALLOWANCE OF MAP AMENDMENTS SET FORTH HEREINABOVE, WE HEREBY FIND AS FOLLOWS:

1.) Uses of surrounding property:

This standard requires a showing that the proposed use of the property is compatible with the use of the surrounding land. In this case, the surrounding land consists of the following: on the north, Mission Hills Country Club Community with an underlying zoning classification of R6 General Residence District/PUD and containing of a total of 781 dwelling units, consisting of 5-story, masonry, masonry, residential multi-unit (condominium) buildings, and 2-story brick and/or frame townhomes, club house facilities and a 9-hole portion of the Mission Hills golf course; on the east established single-family detached homes; on the south, established detached single-family homes; and on the west, across Sanders Road is a Cook County Forest Preserve. The Applicants' Site Plan proposes the construction of (21) twenty-one detached home, thirty-four (34) duplex units and eighty-two (82) townhome units. The proposed mixed of residential use of the subject property under the said Site Plan, though not identical to the surrounding land-use, is compatible with the character of the latter given the proposed developments residential character and the care taken in the Plan to match adjoining single-family detached land use to the east and south. *In sum, the record supports a finding that the proposed use of the subject property will not interfere with the use and enjoyment of the surrounding property.*

2.) Zoning classification of surrounding property:

This standard requires a showing that the proposed R6 District rezoning of the subject property is compatible with the zoning classifications of the surrounding property. The existing zoning classification of the subject property is a P2 Open Land District. The zoning classifications of land surrounding the site are as follows: on the north, a County R6 General Residence and P2 Open Land District; on the east, County R5 Single-Family Residence District; on the south, County R4 Single-Family Residence District; and the west, County P1 Public Land District (Forest Preserve) to the west of Sanders Road. Again, as With a proposed land use, a proposed zoning classification does not have to be identical with the zoning classifications of the surrounding lands in order to be found compatible with the latter. The test of compatibility for the proposed zoning classification in a case such as this is whether the land uses allowed under the proposed R6 District conflict with the use and enjoyment of lands surrounding for purposes permitted them under there existing zoning class-

(3)

ification? Having this test in mind, we see no such conflict with the residential use under the proposed rezoning because, like the land use found in the adjoining zoning district to the north, the land use being proposed is a residential land use. *Accordingly, we find that the proposed R6 District rezoning of the subject property to be compatible with the zoning district classifications of surrounding lands.*

3.) Suitability of the subject property for the use permitted under the existing zoning classification:

This standard requires a showing that the existing district zoning classification is unsuitable for the development of the subject property with land uses permitted there under. Under the prior approved PUD, this area was utilized as open space to reduce the density over the entire property. The 1976 zoning map identified the properties as both an R-6 and P-2 districts. The test of the suitability of the subject property's zoning classifications in this case is whether those classifications have in fact given birth to development for purposes permitted under the said R6/P2 zoning districts. Today, the subject property is one of the very last tracts in the area still undeveloped in the area. This being so, we attribute the property's continued lack of development to the unsuitability of the existing zoning district. *Accordingly, we find that the existing zoning classification(s) have been shown to be unsuitable for the development of the subject property.*

4.) Trend of development in the area:

This standard requires a showing of a trend of development in the area which supports the proposed re-zoning of the subject property. The evidence in this case shows that the property to the north of the subject property has been rezoned to the R6 to allow for their development. *Accordingly, we find that a trend of development exists in the area of the subject property; that the said trend of development is toward the type of mixed-use residential proposed in this case; and that the proposed R6 rezoning of the subject property is required to accommodate the subject property's zoning to that trend of development.*

5.) Length of time the property has been vacant as zoned considered in the context of land development in the surrounding area:

This standard requires a showing of the subject property has remained essentially vacant under the existing zoning when viewed in the context of the surrounding area's development. In this case, the historical record shows that the subject property was primarily zoned in the R3 district in the 1960's. In 1971 the Hills Golf Course, Inc. requested a zoning map amendment from the

(4)

R3 to r5 to permit multi-family dwelling (condominium) development with a golf course and related club house facilities (Z.A. # A-71-63). A companion filing requested a Special Use in the R5 for a Planned unit Development granted as companion application (Z.A. # SU-71-23) both were granted on January 3, 1972. After, 1972 the County subsequently enacted two (2) new Zoning Ordinances in 1976 and 2001 which extended 1972 district zoning classification of the subject property. Given this set of facts, when we consider the change of the area from under developed to developed, we were led to the conclusion that the time for this land's development had now come given the transformation of the surrounding suburban character. *Accordingly, we find that the only likely result of the continued maintenance of the property's existing zoning would be its continued vacancy, a result at variance with both the Ordinance intentment that zoning give birth to development in accordance with the development of lands occurring in the surrounding area.*

6.) Extent to which property values are diminished by particular zoning restrictions:

This standard requires a showing of the extent, if any, that the property's value is diminished by its existing zoning. In this case, the uncontested testimony was that the property's fair market value was substantially diminished in value under its present zoning classification below its value if developed as proposed, i.e., by \$7,700,000.00. The record also established That this diminution in market value bears no correspondence to public well-fare as the present zoning conflicted with the property's highest and best use. Further, the record also establishes that the diminution of the property's value via its existing zoning is unnecessary as the proposed development will not have any depreciative impact on the value of other properties in the area. *Accordingly, we find that the property's existing P2 zoning unreasonably and unnecessarily diminishes the value of the subject property, a result contrary to the requirements of public welfare.*

7.) Need in the community for the proposed use:

This standard requires a showing of a community need for the uses proposed by the proposed development. Oftentimes, this standard is met by showing a market demand for the uses proposed. In this case, the evidence is clear and Convincing that the types of detached and attached housing area of a type, Scale and character desired by the market and, therefore, are land uses likely to be readily absorbed by market demand. We found the market study and the testimony of the Applicant's appraiser convincingly and credible in this regard. *Accordingly, we find that the proposed R6 development is in accordance with the identified community need for the uses proposed for the subject property.*

(5)

8.) Consistency with the Cook County Comprehensive Land Use and Policies Plan:

This standard requires a showing that the subject property's proposed re-zoning is consistent with that suggested in the County's Comprehensive Plan. That same Comprehensive Plan reflects on its Map a recommended land use "Townhome" of the subject property to accommodate single-family homes, duplex and townhomes use on the subject property. In this case, the Applicant has requested a re-zoning from the property's present P2 zoning to a new R6 zoning to allow for the proposed single-family, duplex and townhome uses of the property. *Accordingly, we find the proposed development's R6 mixed-residential zoning to be consistent with the type of zoning recommended for the property in the County's Comprehensive Plan.*

SPECIAL USE Analysis for the "Provenance"
Standards and Finding of Fact and recommendation of the Zoning Board of
Appeals addressing Standards in Section 13.8.9 (A).

SPECIAL USE STANDARDS: Special Use are governed by the Standards for the allowance of the same as set forth in Section 13.8.9-A of the Cook County Zoning Ordinance of 2001. That section requires that the Zoning Board of Appeals make Findings and Recommendations on Special Use Applications based *on whether the proposed use benefits public health, health, safety and welfare with respect to the following standards:*

1. *Establishment, maintenance or operation of the special use will not be detrimental to or endanger public health, safety, or general welfare;*
2. *establishment, maintenance or operation of the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the users already permitted, nor diminish and impair property values within the neighborhood;*

(2)

3. *Establishment, maintenance or operation of the special use will not impede the normal and orderly development and improvement of surrounding property for permitted uses;*
4. *Adequate utilities, access roads, drainage and other necessary facilities have been or are being provided;*
5. *Adequate measures have been, or will be, taken to provide ingress and egress to minimize traffic congestion in public streets;*
6. *Establishment, maintenance or operation of the Special use shall in all other respects conform to all Cook County Ordinances, unless otherwise Authorized by the Cook county Board of Commissioners pursuant to the Recommendation of the Zoning Board of appeals:*

THE BOARD'S FINDINGS AND RECOMMENDATIONS

BASED UPON THE RECORD AND THE STANDARDS FOR THE ALLOWANCE OF A SPECIAL USE SET FORTH HEREINABOVE, WE HEREBY FIND AS FOLLOWS:

1.) Establishment, maintenance or operation of the Special Use will not be detrimental to or endanger public health, safety, or general welfare:

The Applicant proposes to develop the said 43.22 acre property with 21 detached single-family houses, seventeen (17) duplex unit lots containing thirty-four (34) dwelling units, with eighty-two (82) multi-Unit (Townhomes) for a total of one-hundred and thirty seven residential units. The proposed mixed-residential development is being designed to protect public health, safety and general welfare and it will comply with the County's Building, Subdivision and Traffic design regulations and codes. (PUD filed)

2.) Establishment, maintenance or operation of the Special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the users already permitted, nor diminish and impair property values within the neighborhood:

The proposed mixed-residential buildings types are being designed as a low-profile, 2-story buildings which will be compatible with the adjacent uses, residential single-family homes to the east and south; and the multi-story (5 stories) condos' and two-story townhouse development to the north (Mission Hills) of the subject property. The proposed development will be appropriately landscaped to enhance their appearance, as well as enhance the

(3)

general appearance of the immediate neighborhood. The proposed development will not diminish or impair property values within the neighborhood.

3.) Establishment, maintenance or operation of the Special Use will not impede the normal and orderly development and improvement of surrounding property for permitted uses:

The proposed one-hundred and thirty-seven (137) mixed-residential development will not impede the normal and orderly development and improvement of surrounding properties. The surrounding neighborhood is substantially built-out. Any new development in the surrounding neighborhood will be to replace older or obsolete improvements. The building designs and uses of the proposed development will be compatible with the surrounding uses appearance and intensity of use.

4.) Adequate utilities, access roads, drainage and other necessary facilities have been or are being provided:

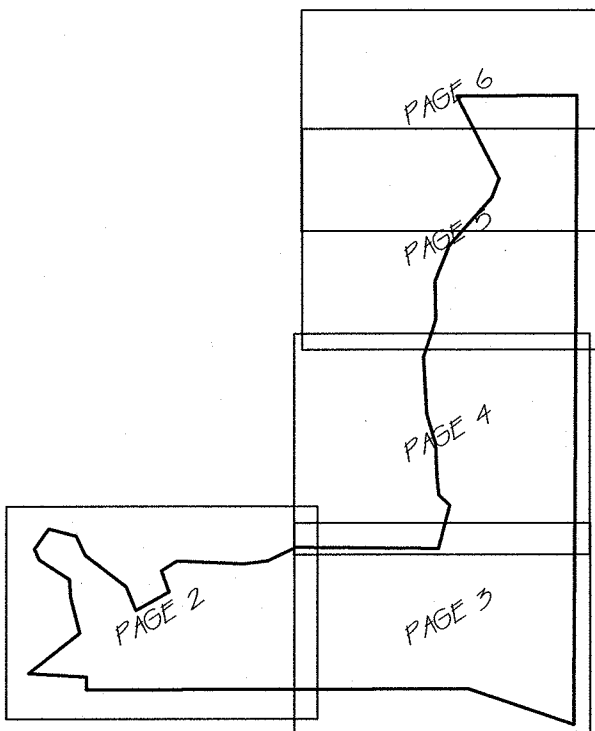

The Mission Brook Sanitary District will be providing water, sanitary and storm water sewers services. The development will be maintained and appropriately drainage facilities will be provided to comply with all County's Codes and Regulations.

5.) Adequate measures have been, or will be, taken to provide ingress and egress to minimize traffic congestion in public streets:

The Applicant has engaged a traffic engineering firm (KLOA) and was provided with design solutions which includes a principal ingress and egress which line-up with Pensive Lane located to the south of Techny Road. The traffic report presented at the zoning Board hearing identified a number improvements that they will be implemented that will effectively mitigate the traffic impact of this development on the surrounding roadway network.

6.) Establishment, maintenance or operation of the Special Use shall in all other respects conform to all Cook County Ordinances, unless otherwise Authorized by the Cook County Board of Commissioners pursuant to the Recommendation of the Zoning Board of Appeals:

The Applicant intends to comply with all other Ordinances, Regulations and Rules of the County in the development of the subject site/property for the development of the 137 mixed residential units proposed at the site. The Applicant has also filed a map amendment and a PUD in conjunction with this Special Use.
