PROPOSED ORDINANCE

AN ORDINANCE PROHIBITING THE SALE OF SECOND HAND CATALYTIC CONVERTERS

WHEREAS, since 1975, all motor vehicles produced in the United States are required to have a catalytic converter as part of the exhaust system. The catalytic converter is an emissions control device containing precious metals, such as platinum, palladium or rhodium, that act as catalysts. A catalytic converter is vehicle emissions control device that converts toxic pollutants in the exhaust gas of motor vehicles into less harmful fumes; and

WHEREAS, with the price of precious metal skyrocketing, such as platinum, which is \$936.10 an ounce, palladium, which is \$536.30 an ounce, and rhodium which is \$760 an ounce, thieves have acquired an

interest in stealing catalytic converters, which they then pawn or sell to junk peddlers, second hand dealers, motor vehicle repair shops, and recycling facilities for a fraction of the converter's cost. Stolen catalytic converters typically reap the thief a profit of \$100.00 to \$150.00, while, depending on the make and model of the vehicle, it costs the vehicle owner between \$1,000.00 and \$2,000.00 to replace; and

WHEREAS, vehicles that sit higher from the ground, such as trucks, pick-up trucks and SUVs, are particularly vulnerable to catalytic converter theft because thieves can access the converter simply by sliding underneath the vehicle without having to jack it up. With just a few cuts of a battery-powered saw, a catalytic converter can be removed from a vehicle in less than a minute; and

WHEREAS, catalytic converter theft typically happens to vehicles that are parked for prolonged periods in large parking lots, such as shopping centers, mass transit commuter lots or company parking lots. However, vehicles parked on City streets are not immune from such theft, as police blotters are riddled with reports of stolen catalytic converters; and

WHEREAS, because catalytic converters are not marked with the vehicle's VIN number, they are not readily traceable to the vehicle's owner, making them easy fodder for theft and illegal resale; and

WHEREAS, the Cook County Commissioners seeks to deter catalytic converter theft by making it more difficult for thieves to sell stolen catalytic converters in Cook County; and

WHEREAS, by implementing a ban on the sale of secondhand catalytic converters, Cook County would effectively become a dry County in the resale market of catalytic converters.

NOW THEREFORE BE IT ORDAINED, by the Cook County Board of Commissioners that Chapter 58 Offenses and Miscellaneous Provisions, Article II Offenses Involving Property Rights, Section 58-48 Special Handling of Catalytic Converters, is hereby enacted as follows:

ARTICLE II. - OFFENSES INVOLVING PROPERTY RIGHTS

The Chief Procurement Officer concurs.

Summary: A contract with Capita Technologies, Inc. is requested to develop and implement a new comprehensive case management information system for the Adult Probation Department and the Social Service Department to track probation and pretrial operations as well as related cashier and contract monitoring. The case management system is necessary to replace the departments' outdated case management system, PROMIS (Prosecutor's Management Information System), which resides on the Cook County mainframe. PROMIS was designed in the 1970s and is antiquated, limited in its functionality, and cumbersome to use. Also, it is no longer supported by the company that designed it.

The two departments currently supervise about 40,000 probationers and pretrial defendants. The Adult Probation Department also completes approximately 33,000 pretrial bond assessments per year and over 3,000 presentence investigations. The new system will help to improve supervision of probationers and pretrial defendants, upgrade the quality of information provided to the court, and enhance public safety. Specifically, the new system will achieve the following: increase efficiency in case management tasks; reduce redundancy in data entry; improve quality assurance, program evaluation, and workload management; improve financial auditing and contract monitoring processes; enhance security and data tracking; and increase the departments' ability to integrate with other systems within and outside of Cook County government.

Capital funding in the amount of \$2,000,000.00 was requested and approved for this project in FY2013 and \$1,325,000.00 in FY2015. Most of these funds will be used to pay for system development and implementation and the first year of support and maintenance. The remainder will likely be used for system enhancements in future years. Support and maintenance for the second and third years, which total \$694,695.64 of the total contract amount, will be paid through budgeted operating funds.

The contract was awarded through the Request for Proposal (RFP) process in accordance with the Cook County Procurement Code. Capita Technologies, Inc. was selected based on established evaluation criteria.

A motion was made by Commissioner García, seconded by Commissioner Moore, that this Contract be approved. The motion carried.

PROPOSED ORDINANCE

AN ORDINANCE GOVERNING THE SAFE DISPOSAL OF PHARMACEUTICALS

WHEREAS, Cook County is a home rule unit of government pursuant to the 1970 Illinois Constitution, Article VII, Section 6(a); and

WHEREAS, pursuant to its home rule power, Cook County may exercise any power and perform any function relating to its government and affairs including the power to regulate for the protection of the public health, safety, morals, and welfare; and

WHEREAS, the health and welfare of the residents of Cook County, particularly children and the elderly, would be greatly improved and advanced by the proper disposal of unwanted, expired or unneeded prescription drugs; and

WHEREAS, there is a significant risk of poisoning, in particular to children and the elderly, due to the improper or careless disposal of prescription drugs and the illegal re-sale of prescription drugs; and

WHEREAS, the groundwater and drinking water of Cook County is being contaminated by improperly disposed of prescription drugs passing through our wastewater and treatment centers; and

WHEREAS, the United States Supreme Court has held that waste disposal is traditionally a function of local government; and

WHEREAS, the first pharmaceutical disposal ordinance was enacted by Alameda County, California in 2012; and

WHEREAS, since Alameda County's enactment, other counties have enacted or introducing ordinances regulating the disposal of pharmaceuticals, including Los Angeles, Marin, Santa Barbara, Santa Clara, Santa Cruz, San Francisco, and San Mateo Counties in California and King County, Washington;

WHEREAS, the Alameda County ordinance was upheld in the United States District Court for the Northern District of California in Pharmaceutical Research and Manufacturers of America, et. al v. Alameda County, et. al., No. 3:12-cv-06203 (N.D. Cal., Aug. 28, 2013) and in the United States Court of Appeals for the Ninth Circuit in Pharmaceutical Research and Manufacturers of America, et. al v. WHEREAS, in an opinion by Judge N.R. Smith, the Ninth Circuit held that the ordinance did not burden interstate commerce, given that the Ordinance did not affect the interstate flow of goods; and

WHEREAS, the ordinance was found to not discriminate in favor of in-County competitors, as in both on its face and in effect, it applied to all manufacturers that make their drugs available in Alameda County without respect to the geographic location of the manufacturer; and

WHEREAS, the ordinance did not impose different requirements on Producers within California and Producers outside of California; and

WHEREAS, the ordinance did not act like a tariff and there was no evidence that the Ordinance will interrupt, or even decrease, the “flow of goods” into or out of Alameda County; and

WHEREAS, the ordinance had de minimis costs as compared with the health, safety and environmental benefits; and

FEMININE HYGEINE EXEMPTION

WHEREAS, the 1970 Illinois Constitution, Article VII, Section 6 designates Cook County as a Home Rule Unit of Government; and

WHEREAS, Cook County may exercise powers and perform functions as they relate to government, including the authority to regulate for the protection of the public health, safety, morals and welfare; and including the power to tax; and

WHEREAS, the County has determined that feminine hygiene products, such as tampons and sanitary napkins are a genuine necessity for the women of Cook County and hereby classifies feminine hygiene products in such a manner as to exempt them from the Cook County Retailers' Occupation Tax; and

WHEREAS, the Illinois Supreme Court in *Geary v. Dominick's Finer Foods, Inc.*, 129 Ill. 2d 389, 544 N.E. 2d 344 (1989) has previously held that tampons and sanitary napkins are "medical appliances," thus exempting them from sales tax; and

WHEREAS, while the Illinois Department of Revenue currently classifies tampons and sanitary napkins as "grooming and hygiene" products which are subject to the County's current sales tax, the State's Use Tax Act [35 ILCS 105 / 1 *et. seq.*], the Counties Code, and the 1970 Illinois Constitution do not specifically limit the concurrent exercise of this power or provide that the State has exclusive authority in this area, such that the home rule unit may not classify a product in such a matter to exempt it from home rule sales tax; and

WHEREAS, the City Council of the City of Chicago currently has pending legislation to exempt these products from its own sales tax; and

WHEREAS, legislation is currently pending, or has already been adopted in several States to exempt such products from their respective State Sales Taxes.

NOW, THEREFORE, BE IT ORDAINED, by the Cook County Board of Commissioners, that Chapter 74 Taxation, Article IV Retailers' Occupation Tax, Section. 74-153 of the Cook County Code be amended as follows:

ARTICLE IV.- RETAILERS' OCCUPATION TAX

Sec. 74-153- Items Used for Feminine Hygiene Exempted

The tax imposed in Section 74-151 shall not be imposed upon sales of the following items:

- (a) Good commonly sold at retail for the purpose of the collection and/or absorption, for disposal of menstrual fluid including, but not limited to: tampons; daily liners; sanitary napkins; and disposable and reusable menstruation cups.

Effective date: This Ordinance shall take effect January 1, 2017.

Approved and adopted this 23rd of March 2016.

TONI PRECKWINKLE, President
Cook County Board of Commissioners

Attest: DAVID ORR, County Clerk

A motion was made by Commissioner Daley, seconded by Commissioner Sims, that this Ordinance Amendment be approved as substituted. The motion carried.

MEETING OF MARCH 23, 2016**

16-2053

RECOMMENDATION OF THE ZONING BOARD OF APPEALS

Request: Special Use SU 15-11

Township: Orland

County District: 17

Property Address: 17101 South Wolf Road, Orland Park, Illinois

Property Description: The Subject Property consists of approximately 5.9 acres and generally located on the southeast corner of Wolf Road and 171st Street, in Section 29, in unincorporated Orland Township.

Owner: Avmedoski Brothers, LLC, 8673 Sunshine Lane, Oak Park, Illinois

Agent/Attorney: Gregory Dose Esq. of the Goldstine, Skrodzki, Russian, Nemec and Hoff, Ltd., 835 McClintock Drive, Burr Ridge, Illinois.

Current Zoning: C-4 General Commercial District

Intended use: Applicant seeks a Special Use for the operation of a school bus service and maintenance facility in unincorporated Orland Township.

Recommendation: ZBA Recommendation is of Approval with Conditions.

Conditions:

1. Limit the proposed use at the existing building at the current size.
2. Limit the repair work to Monday through Friday from 7:00 AM to 5:30 PM.
3. The service work within the facility shall be limited to minor maintenance, such as fluid changes, tire changes, tune-ups, and replacement of lights, batteries, belts and windshield wipers; and no body work, painting, brake testing, or engine rebuilding shall be performed within the facility. No heavy mechanical work.
4. No outside contractors, only employees are to be used on site for repair work.
5. Only school buses and passenger vehicles be parked on the Subject Property. No tractor trailers are to be parked on the Subject Property.
6. No more than two 2500 lbs. tanks are to be used for storage on the Subject Property.
7. On-site fuel tanks shall be installed above Flood Protection Elevation in accordance with the County Floodplains Ordinance Sec. 106-9(1)a. It states that no installation in a flood zone that contains flammable liquids or other hazardous materials can be below the "flood protection elevation (FPE)." In Sec. 106-2 of the Floodplains Ordinance, "Flood Protection Elevation (FPE)" is defined as "the elevation of the base flood or 100-year frequency flood **plus two feet** of freeboard." Hence, the provision would address concern that fuel containers be situated well above flood level so their contents will not be released into flood waters and damage other property.

Objectors: On Tuesday, 2/16/2016, the Zoning Board of Appeals received a Resolution from the

Village of Orland Park, objecting to the proposed Special Use Application.

PROPOSED RESOLUTION

Sponsored by: RICHARD R. BOYKIN, County Commissioner

CALLING UPON THE CITY OF CHICAGO TO RESCIND THE \$0.05 BOTTLED WATER TAX

WHEREAS, in the aftermath of the water supply crisis in Flint, Michigan, an increasing level of public concern is being expressed in communities throughout Chicago and Cook County about the age of the water-related infrastructure and the content of the water supply in Chicago and Cook County, including whether or not there are quantities of lead present in that water supply; and,

WHEREAS, much like the water delivery infrastructure in Flint, Michigan, the water delivery infrastructure in many parts of the City of Chicago and Cook County is rapidly aging and composed primarily of lead pipe; and,

WHEREAS, there exist clear and numerous pieces of scientific evidence demonstrating that exposure to lead causes significant neurological and developmental damage to babies, toddlers and children, and that the effects of that damage include higher rates of developmental delay, learning disabilities, and hearing loss; and,

WHEREAS, there exist clear and numerous pieces of scientific evidence demonstrating that lead exposure in adults can lead to mood disorders, decline in mental functioning, miscarriage and infertility, as well as an increased risk of cancer; and,

WHEREAS, recent analysis indicates that while the lead pipes that supply water to most of the City of Chicago and Cook County generally pose only a slight health risk, recent construction projects which disturb the water lines around the County have caused the risk to increase; and,

WHEREAS, many informed residents of the City of Chicago and Cook County, in the light of the aforementioned risks, choose to drink bottled water rather than tap water; and,

WHEREAS, many Chicago and Cook County residents with low and moderate household incomes rely upon bottled water as their cleanest source of drinking water, as an installation of a water filtration system in their homes is cost-prohibitive; and,

WHEREAS, the City of Chicago should recognize the reality that large numbers of its citizens rely on bottled water, and must purchase that bottled water commercially; and,

WHEREAS, the existing five-cent per bottle tax on bottled water imposed by the City of Chicago is regressive, in that it disproportionately impacts citizens of Cook County and Chicago with the least disposable income; and,

WHEREAS, rescinding the five-cent per bottle tax will make bottled water more affordable to lower income residents who rely on bottled water for purposes of ensuring a clean drinking water source for their families; and,

WHEREAS, it is right and proper for the Cook County Board of Commissioners to opine and advocate on matters that affect the health and welfare of the citizens of Cook County.

NOW, THEREFORE, BE IT RESOLVED, that the President and Cook County Board of Commissioners do hereby call upon the City of Chicago to rescind the five-cent bottled water tax, to ensure that the citizens of the City of Chicago and Cook County have a more affordable source of clean, healthy drinking water.

A motion was made by Commissioner Boykin, seconded by President Pro Tempore Steele, that this Resolution be referred to the Human Relations Committee. The motion carried.
