Bureau of Finance | Office of the Chief Financial Officer **IVAN SAMSTEIN** CHIEF FINANCIAL OFFICER 118 N. CLARK STREET • Chicago, Illinois 60602 • (312) 603-6846

May 31, 2016

To the Honorable President Toni Preckwinkle Members of the Cook County Board of Commissioners, and Citizens of Cook County

Ladies and Gentlemen:

We are pleased to present the Comprehensive Annual Financial Report ("CAFR") of Cook County, Illinois (the "County") for the fiscal year ended November 30, 2015. The CAFR has been prepared by the County in accordance with the principles and standards for financial reporting set forth by the Government Accounting Standards Board ("GASB") and audited by various firms of independent auditors retained by the County.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the County. We believe that the data, as presented, is accurate in all material respects, presents fairly the financial position and results of operations of the County, as measured by the financial activity of its various funds, and provides the reader with disclosure of the County's activities.

The independent auditors' report on the basic financial statements and the supplemental combining and individual funds statements and schedules, is included in the Financial Section of this Report. The goal of the independent audit is to obtain reasonable assurance as to whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures contained in the financial statements. The fiscal year 2015 audit of the basic financial statements was performed, and an unmodified audit opinion was issued by the certified public accounting firm of RSM US LLP (formerly known as McGladrey LLP).

In addition to meeting the requirements set forth, an additional audit designed to meet the requirements of the federal Single Audit Act Amendments of 1996 and related OMB Circular A-133 Audits of State, Local Governments, and Non-Profit Organizations is performed annually.

The County has prepared the CAFR in accordance with accounting principles generally accepted in the United States of America ("GAAP"). GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion & Analysis ("MD&A"). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

PROFILE OF COOK COUNTY GOVERNMENT

The County was created on January 15, 1831 by an act of the Illinois State Legislature and became the 54th county established in the State of Illinois (the "State"). On May 7, 1831, the County elected its first officials. The population of the County is currently estimated at 5,246,456 making it the second largest county in the United States.

Within the County, there are 134 municipalities, including the City of Chicago (the "City"), 30 townships, 280 special districts, and 177 school districts. The City and the suburban municipalities account for approximately 85% of the County's 946 square miles, while unincorporated areas make up the remaining 15%. The unincorporated areas of the County are under the jurisdiction of the County Board.

Under the Illinois Constitution, the County is a home rule unit of government and, except as limited by State law, may exercise any power and perform any function relating to its government and affairs, including the power to borrow money and levy taxes. There are no current statutory limitations on the power of the County to levy real property taxes or to issue general obligation bonds or notes.

The County's powers are exercised through a 17-member Board of Commissioners. The County Board is the legislative authority which is led by its President. The Commissioners are elected from single member districts to four-year terms, while the President is elected by the voters of the entire County to a four-year term.

The County presently performs three principal functions: the protection of persons and property; the provision of public health services; and general governmental services including, among others, the assessment of property, levy, collection and distribution of taxes and maintenance of certain highways.

Protection of Persons and Property ("Public Safety Fund"). Protection of persons and property consists of the operation of the Circuit Court of Cook County, prosecution of persons charged with criminal offenses, and other activities of the State's Attorney's Office, operation of the County Jail (including Cermak Hospital, which serves inmates), operation of a Sheriff's police department, and other costs, such as those associated with facilities, highways, and administration. The Circuit Court of Cook County is the second largest unified court system in the United States, and the County Jail is the largest single site jail facility in the country.

Cook County Health and Hospitals Systems ("CCHHS" or "Health Fund") The CCHHS operates a health care delivery system composed of the following elements: John H. Stroger, Jr. Hospital of Cook County, Provident Hospital of Cook County, Oak Forest Health Center, the Ambulatory and Community Health Network of Cook County, Cermak Health Services of Cook County, the Bureau of Health Services, the Ruth M. Rothstein CORE Center, the Cook County Department of Public Health, and the CountyCare Managed Care Community Network.

The CCHHS has also developed partnerships with community hospitals to assure John H. Stroger, Jr. Hospital of Cook County's role for tertiary referrals. These relationships include: St. Anthony Hospital, St. Elizabeth's and Roseland Hospitals (partners in specialty pediatric and maternal services). In addition, partnerships exist with community clinics, the Veterans Administration (services for pregnant veterans), and the Chicago Department of Public Health.

General Government Services ("Corporate Fund"). The Corporate Fund includes County revenues and expenditures for government management and supporting services, control of environment, certain operating costs related to maintenance of highways, economic and human development, the assessment of real property, the levy extension, collection and distribution of taxes and the recording of property transfers.

In addition to general governmental services, the County has component units that are included in its reporting entity, due to the significance of their operational and/or financial relationships with the County: The Forest Preserve District and the Emergency Telephone 911 System. Additional information on these component units can be found in the notes to the financial statements.

BUDGET PROCESS

The development of the annual budget begins with each department submitting a detailed request for appropriation. Meetings are then held by the President of the County Board, or her designee the Budget Director, with each department to review the requests. Based on department requests and available resources, an Executive Budget Recommendation is prepared for the President of the County Board by the County Budget Director.

The Executive Budget Recommendation, as approved by the President of the County Board, is submitted to the Cook County Board and subsequently referred to the Committee on Finance, which in turn holds hearings involving each department. The Committee on Finance makes available the Annual Appropriation Bill in tentative form, which is made available for public inspection for at least ten days prior to final action. Public hearings on the tentative Annual Appropriation Bill are then held. Amendments to the tentative Annual Appropriation Bill are then approved by the Committee on Finance. Subsequently, the Executive Budget in the form of the Annual Appropriation Bill is approved and adopted by the County Board.

In 2015, a preliminary forecasted budget deficit of \$168.9 million was addressed through cost reductions, management initiatives, debt service savings, tax enforcement initiatives, and some economically-driven revenue growth. The \$61.1

million in CCHHS Solutions was driven primarily from \$56.3 million in growth related to the increase in the federal reimbursement rate for CountyCare and \$4.8 million in net expenditure reductions at the health system.

LOCAL ECONOMIC CONDITION AND OUTLOOK

As the largest of 102 counties in the State, the County is the economic and cultural hub of the State, and is one of the major metropolitan areas in the nation after Los Angeles and New York.

The County is a diverse industrial center and a leading economic center of the Midwest. Income figures for the County exceed State and national rates; the most recent data available is for 2014 and shows the County's per capita personal income of \$51,280 exceeding the State average of \$47,643 and the national average of \$46,049.

The County's industrial profile resembles that of the U.S., with a slightly larger services sector and somewhat smaller governmental presence. The County has a strong transportation network, with expansion of Chicago O'Hare International Airport and the Illinois Tollway both underway. Leading service sector industries in the County include health care and related services. Some of the leading private local employers with regional or national headquarters located in the County are Advocate Health Care, University of Chicago, Northwestern Memorial Healthcare, J.P. Morgan Chase & Co., United Continental Holdings Inc., Healthcare Service Corporation, Walgreens Boots Alliance, Inc., Presence Health, Abbott Laboratories, Northwestern University and American Airlines.

The County's unemployment rate at the end of 2015 was 5.8%, compared with 6.0% for the State and 4.8% for the nation in the same period.

DEBT ADMINISTRATION AND BOND RATINGS

The County continues to have access to the debt markets to finance the acquisition, renovation or construction of various long-term assets. It is management's objective to adequately plan to meet the County's ongoing demands for essential capital improvement projects and equipment without overburdening taxpayers with general obligation bonds payable from ad valorem taxes, nor overly leveraging other county revenue sources. The County had roughly \$3.5 billion in bonded indebtedness at the end of Fiscal Year 2015, comprised of both fixed rate and variable rate General Obligation Bonds and a smaller amount of fixed rate Sales Tax Revenue Bonds.

The County's underlying rating on its general obligation bonds is currently A2/AA/A+ - from Moody's Investors Service, Standard & Poor's and Fitch Ratings, respectively. All three agencies currently maintain negative outlooks on their respective ratings. The County also has outstanding Sales Tax Revenue Bonds that are rated AAA by Standard & Poor's.

A rating reflects only the views of the rating agency assigning such rating and an explanation of the significance of such rating may be obtained from such rating agency. The County has furnished to the rating agencies certain information and materials relating to the Bonds and the County, including certain information and materials that have not been included in this financial report.

LONG-TERM FINANCIAL PLANNING & MAJOR INITIATIVES

County Sales Tax

In 2011, the County Board passed an ordinance amendment to roll back the Home Rule County Retailer's Occupation Tax Law from 1.25 percent to 0.75 percent over two different dates. The first change reduced the rate by 0.25 percent on January 1, 2012 and the second and final reduction of 0.25 percent occurred on January 1, 2013. The County made key reductions in operating appropriations from 2012 to 2015 to compensate for the reduction in revenue.

However, by 2015 the County's legacy liabilities that include unfunded liabilities at the County Employees' and Officers' Annuity and Benefit Fund of Cook County ("Pension Fund") and debt service costs associated with legacy bonded indebtedness continued to grow at an accelerated rate. As of December 31, 2014 the Pension Fund's actuarially projected

shortfalls associated with pension liability was determined to exceed \$5 billion, which if unaddressed was projected to render the Pension Fund insolvent by 2039, under the current statutory finance and benefit framework. The County's legacy debt service cost is expected to rise by \$120 million by 2023 versus Fiscal 2014 even without including any new debt issuance. In addition, the County's highway and transportation infrastructure also required funding to ensure unmet needs are addressed.

Therefore, on July 15, 2015, the County Board passed an ordinance amendment to the Home Rule County Retailer's Occupation Tax Law that increased it from 0.75 percent to 1.75 percent. The change was effective on January 1, 2016, with the first revenue received in April, 2016. This increase is projected to raise \$305 million in 2016 and \$474 million in 2017 and is specifically allocated to address the County's legacy liability costs and critical infrastructure funding needs.

Performance Management

The County has implemented the "Set Targets, Achieve Results" (STAR) Performance Management program in all agencies and offices. The Board of Commissioners passed an ordinance on February 1, 2011, which requires all County agencies, bureaus and departments to collect and report quarterly measures of their performance. Through the STAR program, the County has submitted quarterly reports for the past 16 quarters, which can be found at https://performance.cookcountyil.gov, and has held over 200 weekly accountability meetings with County agencies. The County has begun to implement performance based budgeting tied to performance indicators the agencies identify. STAR has helped the County improve services and reduce expenses by better utilizing existing resources and increasing operational efficiency. The program provides County leaders with the tools and information they need to measure success and make key management and resource allocation decisions based on facts and data.

Economic Development

The County continues to undertake efforts to play a larger role in regional economic development. In 2015, the Bureau of Economic Development has launched two major initiatives that will carry over to 2016: (1) In coordination with the Chicago Regional Growth Initiatives (CGRI), the Bureau has been selected to create a regional plan to attract and leverage foreign direct investment (FDI) as part of the Global Cities Initiative (GCI), a joint-project of the Brookings Institution and JPMorgan Chase. FDI occurs when a foreign company invests in a U.S. business enterprise either by opening a new operation or through a merger or acquisition; (2) Within the Bureau, the Department of Planning and Development launched the County's Disaster Recovery program funded by an \$83.6 million CDBG-DR grant from HUD. The program invested funds into affordable housing, provided resources to buy-out properties continuously damaged by flooding waters, funded new storm water and infrastructure improvements for businesses and residential neighborhoods, and assisted neighborhoods and communities with the preparation of hazard mitigation plans, flood plain studies and soil mapping. Through these efforts combined with other similar ones the County continues to implement strategies to create and promote regional economic growth opportunities that in turn help reduce poverty and increase public safety.

Cook County Health & Hospital System Initiatives

In fiscal year 2008, a new independent Cook County Health and Hospital System ("CCHHS") Board was created by the Cook County Board of Commissioners to provide oversight of health care operations, and in May 2010, the Cook County Board of Commissioners voted to make the CCHHS Board permanent. The CCHHS continues to undertake significant restructuring with a focus on operational efficiency so that the CCHHS can better fulfill its mission of serving the health care needs of the region.

In 2012, CCHHS and Cook County Board Officials collaborated to cut Medicaid costs, to help county taxpayers, and transform Cook County's hospital system by jump-starting national health care reform in Cook County. In October 2012, the federal government approved a Federal Section 1115 Medicaid Waiver ("Medicaid Expansion") for the State of Illinois, allowing CCHHS to early enroll certain uninsured patients into Medicaid. The Medicaid Expansion program ended June 30, 2014 and effective July 1, 2014 CountyCare was granted the designation of Managed Care Community Network ("MCCN"). As of November, 2015, CountyCare had over 167,000 members that were covered, that included, adults, families, seniors and persons with disabilities.

INDEPENDENT AUDIT

Portions of the audit were implemented as a subcontractor agreement between RSM US LLP and a consortium of Cook County-based minority and women-owned certified public accounting firms.

In addition to the fiscal 2015 County basic financial statements, RSM US LLP also conducted the CCHHS audit and the County Treasurer's audit. The Clerk of the Circuit Court audit was conducted by Prado & Renteria. Washington, Pittman & McKeever conducted the Single Audit of the County's various federal grant programs. Baker Tilly Virchow Krause LLP conducted the Forest Preserve District's audit and Legacy Professionals LLP conducted the separate pension fund audits. The Cook County Emergency Telephone System Board audit was performed by Washington, Pittman & McKeever. All of the independent audits have been performed in accordance with auditing standards generally accepted in the United States of America and received unmodified opinions.

Copies of each audit report, including the schedule of expenditures of federal awards, findings and recommendations, and the auditors' report on internal control and compliance with applicable laws and regulations, are included in separate annual audit reports and, may be obtained from the Comptroller's Office, Cook County Building, 118 N. Clark Street, Room 500, Chicago, Illinois 60602.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Cook County for its comprehensive annual financial report (CAFR) for the fiscal year ended November 30, 2014. This was the second consecutive year that the County has achieved this prestigious award, with the most previous such award in 2001. In order to be awarded a Certificate of Achievement, the County had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable program requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another such certificate.

The County also received the GFOA's Distinguished Budget Presentation Award for its fiscal year 2015 annual budget document. To qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation and completion of this CAFR represents the culmination of numerous efforts by many County employees, and the cooperation and assistance of the various accounting firms engaged to audit the County's operations. We would like to express our sincere appreciation to the members of our staff, the staff of the certified public accounting firms of RSM US LLP, Washington, Pittman & McKeever, Prado & Renteria, Legacy Professionals LLP, Baker Tilly Virchow Krause LLP and the staff of the County Auditor for making this report possible. Credit also is due to the President and the Board of Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of Cook County's finances.

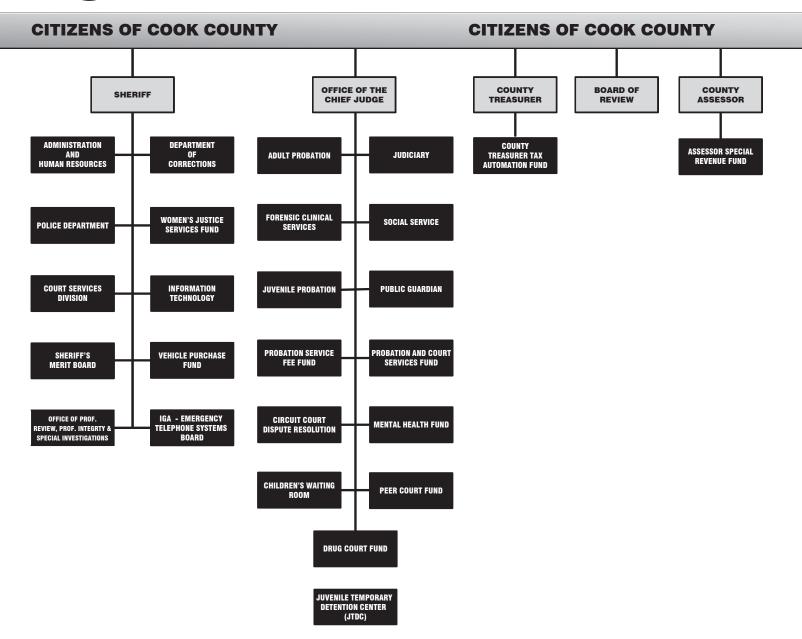

Respectfully submitted,

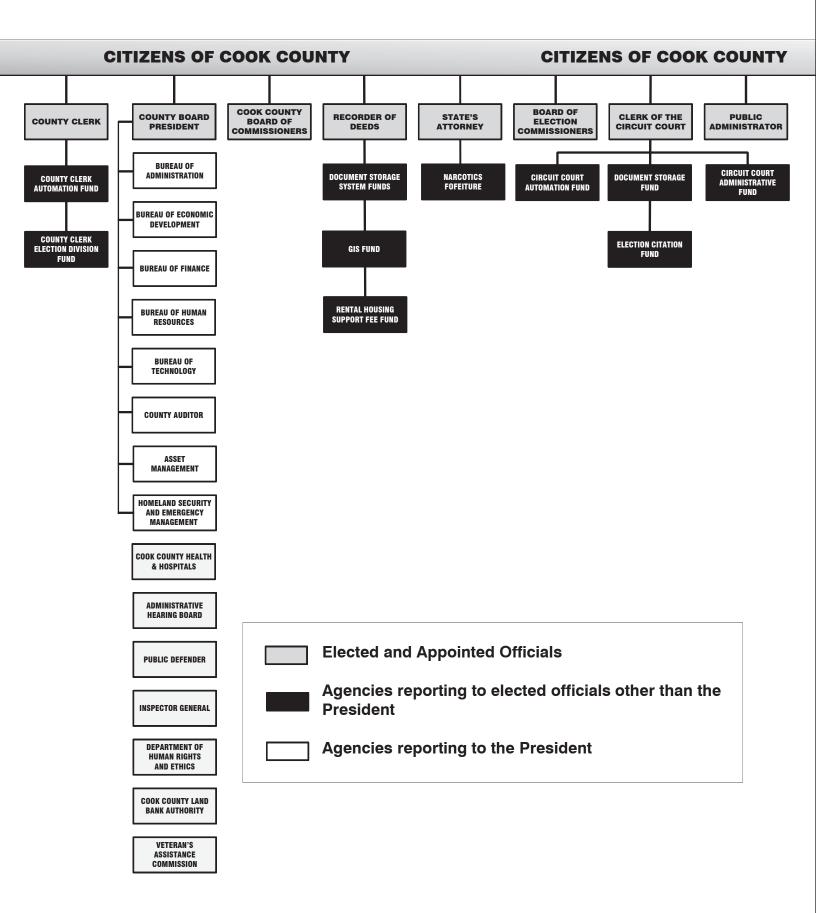

In His

Ivan Samstein Chief Financial Officer

Lawrence L. Wilson, CPA Comptroller

RSM US LLP

Independent Auditor's Report

The Honorable Toni Preckwinkle, County Board President and Members of the County Board of Commissioners Cook County, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cook County, Illinois (County), as of and for the year ended November 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component units (the Forest Preserve District of Cook County and the Emergency Telephone System). We also did not audit the financial statements of the County Pension Trust Fund, the County Postemployment Healthcare Trust Fund and the Clerk of the Circuit Court Agency Fund which represent 96 percent, and 76 percent, respectively, of the assets, and revenues/additions of the aggregate remaining fund information. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, the Pension Trust Fund, the Postemployment Healthcare Trust Fund and the Clerk of the Circuit Court Agency Fund, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cook County, Illinois, as of November 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in the Notes to the Basic Financial Statements, Note X, during the year ended November 30, 2015 the County adopted the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions, an Amendment of GASB Statement No.* 27 and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No.* 68. Also, as described in Note X, the County changed its accounting policy for self-insurance claims. The implementation of GASB Statement Nos. 68 and 71 and the change in accounting policy for self-insurance claims resulted in a restatement of November 30, 2014 net position as described in Note X. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4 - 25, pensions and other post-employment benefit obligations (OPEB) information on page 115 - 117 and budgetary schedules for the General Fund and major special revenue funds on pages 118 - 132 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying supplemental combining and individual fund statements and schedules, the introductory section, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplemental combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the accompanying supplemental combining and

individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION & & ANALYSIS

As management of Cook County, Illinois (the "County"), we offer the readers of the Management's Discussion and Analysis (the "MD&A") section of the County's Comprehensive Annual Financial Report (the "CAFR") a narrative overview and analysis of the financial activities of the County for the fiscal year ended November 30, 2015. The reader is encouraged to consider the information presented here in conjunction with the basic financial statements and the accompanying notes, which follow this section.

Financial Highlights for FY 2015

- The County's FY2015 preliminary forecasted budget deficit of \$168.9 million was addressed through cost reductions including vacancy reductions, management initiatives, debt service savings, tax enforcement initiatives, and some economically-driven revenue growth. The \$61.1 million in CCHHS Solutions was driven primarily from \$56.3 million in growth related to the increase in the federal reimbursement rate for CountyCare and \$4.8 million in net expenditure reductions at the health system.
- The County's financial statements have been restated as of November 30, 2014. The restatement is a result of the implementation of GASB Statement No. 68, Accounting and Financial Reporting for Pensions an amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date an amendment of GASB Statement No. 68. Additionally, the County changed its accounting policy for self-insurance claims. The implementation of the pension standards and the change in accounting policy resulted in a restatement of opening net position for governmental activities, business-type activities and the CCHHS Fund. See Note X for information on the impact of the restatement.
- On December 19, 2014, the County entered into an agreement for \$125.0 million General Obligation Bond Series 2014D as a variable rate revolving line of credit with PNC Bank. The purpose is to provide for a financing mechanism for capital projects during acquisition/construction phase of each such project. See additional information under "Debt Administration."
- On April 3, 2015, the County prepaid in full without any penalties the outstanding \$40,000,000 term loan with BMO Harris Bank N.A. that was drawn in November 2014.
- On July 15, 2015, the County Board passed an ordinance amendment to the Home Rule County Retailer's Occupation Tax Law that increased the tax rate from 0.75 percent to 1.75 percent. The change was effective on January 1, 2016, with the first revenue received in April, 2016. This increase is projected to raise \$305 million in 2016 and \$474 million in 2017 and is specifically allocated to address the unfunded liabilities at the Cook County Officers' and Employees' Annuity and Benefit Fund, the County's debt service costs associated with legacy bonded indebtedness and critical transportation infrastructure needs.

- Total fiscal year 2015 expenses for governmental activities were \$2.663 billion, which represents an increase of \$37.2 million (1.4%) over fiscal year 2014 expenses for governmental activities of \$2.626 billion.
- At the end of the 2015 fiscal year, the County's governmental funds reported combined fund balances of \$427.8 million, a decrease of approximately \$149.0 million (25.8%) in comparison with the prior year of \$576.8 million primarily due to a reduction in the bond-funded Capital Projects Fund as anticipated projects have led to spending of the associated bond proceeds.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The reporting model focuses attention on the County as a whole (government-wide) and on major individual funds. Both perspectives are presented to enable the reader to address relevant questions, broaden the basis of comparison and enhance the County's accountability.

Cook County's basic financial statements are comprised of three components:

- 1. Government-wide financial statements
- 2. Fund financial statements
- 3. Notes to the basic financial statements

This report also contains required supplementary information, other supplementary information and unaudited statistical data in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, in a manner similar to private sector businesses.

The **Statement of Net Position** presents information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position (deficit). Increases or decreases in net position, over time, may serve as a benchmark as to the improvement or deterioration in the County's financial position. Additionally, non-financial factors, such as changes in the County's property tax base or the condition of County facilities, should be considered to assess the overall financial health of the County.

The **Statement of Activities** presents information on how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal years, such as revenue pertaining to uncollected taxes and expenses relating to earned, but not used, vacation, sick leave and pension obligations.

The government-wide financial statements report the following different types of programs or activities:

- Governmental Activities The majority of County services are reported under this category. Governmental activities of the County include public safety responsibilities through the operation of the second largest unified court system in the nation and the operation of the largest single site jail complex in the United States. Also included in governmental activities are corporate functions that include the design, operation and maintenance of a highway system; control of the environment; the assessment, levy, collection and distribution of property taxes; and general administration and finance. The major revenue sources of these activities are property taxes, sales taxes and other non-property taxes, and various fees. Governmental activities include the primary government composed of the County itself.
- Business-type Activities The business-type, or enterprise, activities of the County include the operation of the Cook County Health and Hospital System ("CCHHS"). The CCHHS consists of the following entities: John H. Stroger, Jr. Hospital of Cook County, Oak Forest Health Center, Provident Hospital of Cook County, Cermak Health Services, the Department of Public Health, the Ambulatory and Community Health Network of Cook County, Ruth Rothstein Core Center and the Bureau of Health Services. As an enterprise activity, the intent of these entities is to provide primary, intermediate, acute, and tertiary medical care to patients, without regard to their ability to pay. The CCHHS Board oversees the operational, planning, and policy activities of the CCHHS.

Discretely Presented Component Units – Component units are entities for which the GASB Standards view the County as financially accountable. The two discretely presented entities, based on their relationship with the County, are the Forest Preserve District of Cook County (the "District") and the Emergency Telephone System, which provides Emergency 911 services primarily in unincorporated areas of the County. Under Illinois law, the Forest Preserve District is a separate body politic, as a non-home rule unit of government with a separate and distinct tax levy and financial resources from those of the County.

Fund Financial Statements

The fund financial statements are designed to report groupings of related accounts which are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with budgetary and other financial-related legal requirements. All of the funds of the County can be divided into the following categories: **governmental** funds, **proprietary** funds and **fiduciary** funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements, i.e. most of the County's basic services are reported in the governmental funds. These statements focus on (1) how cash and other financial assets can readily be converted to available resources and (2) the balances left at year-end that are available

for spending. Such information may be useful in determining what financial resources are available in the near term to finance the County's various programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains several individual governmental funds organized according to their type (special revenue, debt service, and capital projects). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund which is considered to be a major fund. The General Fund includes the following four accounts: Corporate Account, Public Safety Account, Self-Insurance Account, and the Chief Judge Juvenile Justice Account. The other major governmental funds, the Debt Service Fund, Motor Fuel Tax Fund, Annuity and Benefit Fund (which is used to receive designated revenues that are later transmitted to a separate and distinct Fiduciary Fund discussed in greater detail below) and Capital Projects Fund, are individually presented. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of supplemental combining and individual statements and schedules within this report.

Proprietary funds. Proprietary funds are generally used to account for services for which the County charges a fee for services provided. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The County uses one enterprise fund to account for the operations of its various healthcare activities. The proprietary fund financial statements provide information for the CCHHS.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside of the primary government. The County Employees' and Officers' Annuity and Benefit Fund of Cook County is a separate unit of government that administers a defined benefit plan created by acts of the Illinois State Legislature to provide retirement and disability benefits to qualified employees and retirees of Cook County. Consistent with GASB standards, the County reports a Pension Trust Fund and a Postretirement Healthcare ("OPEB") Fund for associated employee benefit plans. These funds are used to report assets held in a trust for employees, retirees and their beneficiaries, and cannot be used to support the County's programs and are controlled by a separate body of government as created and empowered under Illinois law. The County also uses fiduciary funds to account for assets held by the County as agent for various entities. The Pension Trust Fund, Postretirement Healthcare Fund and Agency funds are reported in this fund category using the accrual basis of accounting. These funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to provide a full understanding of the data presented in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, the required supplementary information section presents certain required supplementary information concerning the funding of the County's Employees' and Officers' Annuity and Benefit Fund of Cook County ("CEOABF") as a separate unit of government that administers a defined benefit plan created by acts of the Illinois State Legislature to provide retirement and disability benefits to qualified employees of Cook County. This section includes information on contributions made by the County to the CEOABF. Budgetary schedules for the General Fund and major special revenue funds are also presented in this section.

Government-wide Financial Analysis

Net Position

The County has presented summarized comparative financial statements below.

As noted earlier, over time net position may serve as a useful indicator of a government's financial position. In the case of the County, liabilities and deferred inflows exceeded assets and deferred outflows by \$14,456.9 million as of November 30, 2015.

Note: 2014 information has been restated for the implementation of GASB 68 and 71

The County's total net position consists of the following three components:

Net Investment in Capital Assets

The County's net investment in capital assets of (\$36.7) million represents its investment in capital assets at depreciated cost (e.g. land, buildings and improvements, infrastructure, and equipment) less any related debt and deferred outflows of resources used to acquire those assets that is still outstanding. This amount decreased by \$95.4 million primarily due to a reduction in the Capital Projects fund balance that was originally provided from bond proceeds that are being drawn down to fund capital projects. The County uses these capital assets to provide services to citizens. The County's governmental activities fund all construction in progress ("CIP") including a portion upon completion that is transferred to the CCHHS (Business-type activities) as capital assets. The associated debt to fund the capital assets is not transferred to CCHHS as it is General Obligation debt that will be retired by governmental activities. Monies used to construct capital assets of the health facilities are obtained from governmental purpose bonds financed by the governmental funds of the County. Accordingly, the long-term debt is shown in the Government Activities and the corresponding capital assets are shown in the Business-type Activities. An adjustment column is included to properly report the County's net investment in capital assets at the total level for the primary government. As the County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted Net Position

Net position restrictions are primarily due to external restrictions imposed by legislation, grantors and bond covenants. The County has a balance of \$670.4 million restricted for various specific purposes. Restricted net position decreased \$110.1 million (14.1%) over the prior year due mainly to the timing of various program expenses.

Unrestricted Net Position (Deficit)

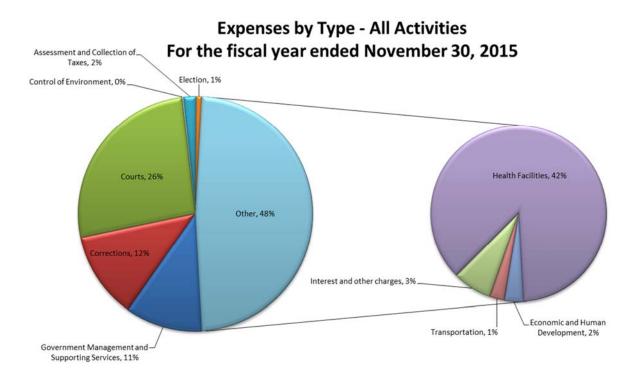

Unrestricted net position shows a \$15,090.6 million deficit at the end of the fiscal year. It should be noted that the deficit in unrestricted net position does not mean that the County does not have the resources available to pay its bills or other short-term liabilities.

The following schedule compares the revenues, expenses, and changes in net position for the governmental and business-type activities:

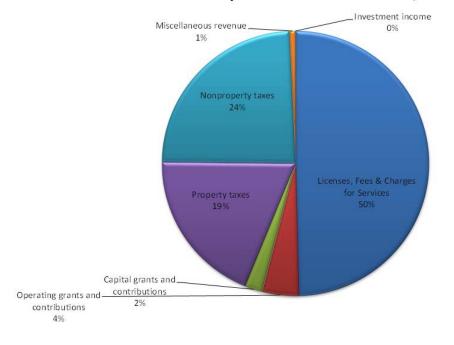

Cook County, Illinois Revenues, Expenses and Changes in Net Position For the fiscal year ending November 30 (in millions)

| | Governmental | | | | Busine | | • • | | | | | |

Note: 2014 information has been restated for the implementation of GASB 68 and 71

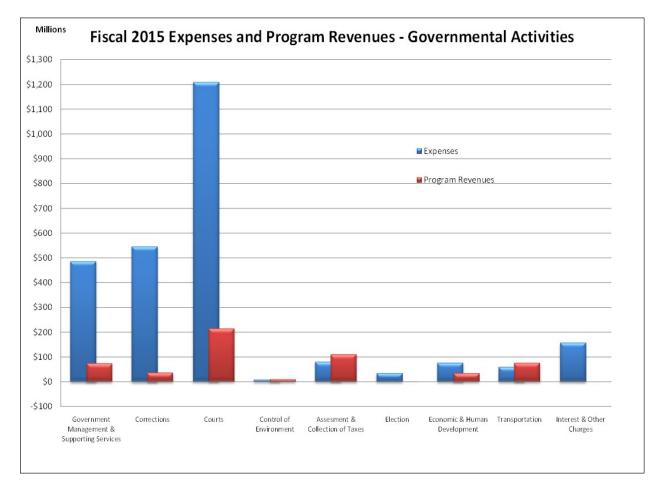

Revenues by Source - All Activities For the fiscal year ended November 30, 2015

Governmental Activities

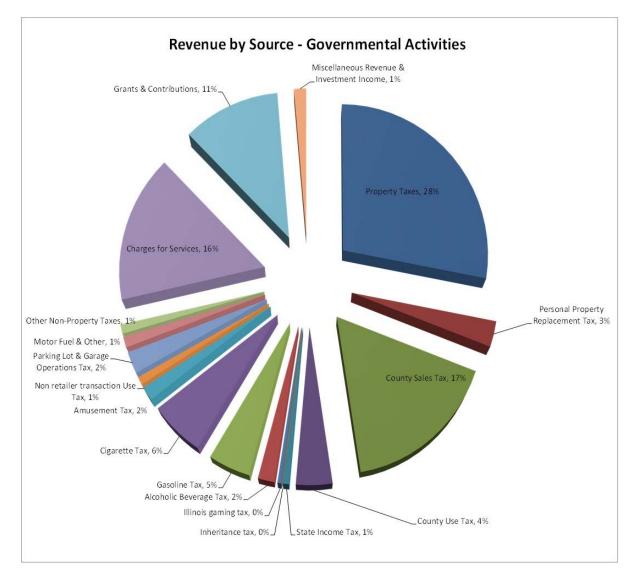

The net position of governmental activities was a negative \$9,979.5 million at the beginning of the 2015 fiscal year as restated due to the implementation of GASB 68 requirements. Net position of governmental activities decreased \$678.8 million (6.8%) in fiscal year 2015 to a negative \$10,658.3 million.

The following chart presents program revenues and expenses for governmental activities for the fiscal year ended November 30, 2015:

Program revenues are derived from the program itself and reduce the costs of operating the particular function of the County. In fiscal 2015, total program revenues of the County for governmental activities amounted to \$558.8 million, a decrease of \$20.0 million (3.5%) from fiscal year 2014 program revenues of \$578.8 million. The largest portion of program revenues is licenses, fees and charges for services of \$329.1 million (58.9%), which primarily consisted of fees and fines from court operations and penalties on real estate taxes. The other portions of program revenues were operating grants and contributions of \$149.5 million (26.8%) and capital grants and contributions of \$80.2 million (14.3%) received from various federal and state agencies, including donated capital assets. Operating and capital grants and contributions (\$229.7 million) decreased \$31.1 million (11.9%) from the 2014 total of \$260.8 million.

The following chart presents revenues by source for governmental activities for the fiscal year ended November 30, 2015:

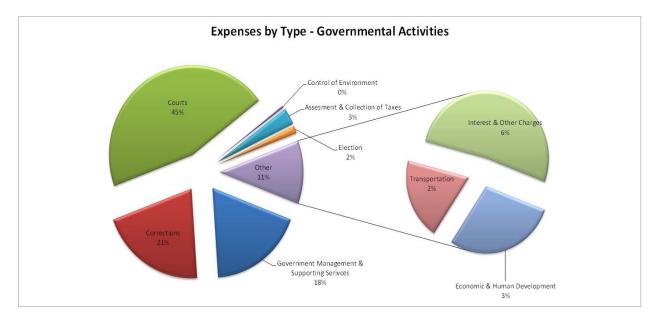

Property taxes, the County's largest general revenue source, were \$99.1 million (14.6%) lower than the previous fiscal year, primarily due to a reduced allocation to the County Governmental Activities in relation to CCHHS Enterprise Activities. The County's property tax rate for fiscal year 2014 was 0.568 per \$100 of equalized assessed valuation. The base property tax levy has been held constant at \$720.4 million since 1996, excluding expiring TIF districts which have led to modest growth in the overall levy.

Sales tax, the County's second largest tax revenue source, was \$10.7 million (3.2%) higher than the previous year, increasing from \$336.6 million in 2014 to \$347.3 million in 2015. Cigarette taxes for governmental activities increased from \$4.6 million in 2014 to \$121.8 million in 2015, primarily due to a reallocation of these tax collections to the general fund from CCHHS as approved in the 2015 Annual Appropriation Bill. Non retailer transaction use tax increased by \$7.8 million (82.1%); the County Department of Revenue

continues to pursue various enforcement, tax discovery efforts and collection options to increase compliance of this tax type, including a recent intergovernmental agreement with the Illinois Department of Revenue to collect this particular tax on behalf of the County.

Program revenues recognized from licenses and fees increased by \$11.1 million (3.5%) from \$318.0 million in 2014 to \$329.1 million in 2015 primarily due to year to year shifts in Recorder of Deeds revenues from an improved real estate market in terms of both residential and commercial property sales along with increased home values, and favorable revenue variance for the County Treasurer based on an increase in collections of prior years' delinquent taxes. Operating grants and contributions decreased by \$17.9 million (10.7%) from \$167.4 million to \$149.5 million due to a decrease in state funded grant programs. Direct State grants and Child Support Enforcement Agreement funds specifically require appropriations from the State's General Fund absent court action. The State's backlog of growing overdue bills associated with the ongoing budget impasse puts receipt of these State revenues at risk.

The following chart presents expenses by type for governmental activities for the fiscal year ended November 30, 2015:

Total fiscal year 2015 expenses for governmental activities were \$2.663 billion, which represent an increase of \$37.2 million (1.4%) over fiscal year 2014 governmental activities of \$2.626 billion. During fiscal year 2015, the County adopted the provisions of GASB Statement No. 68 *Accounting and Financial Reporting for Pensions*. In accordance with the adoption, the County recorded pension expense of approximately \$380 million over and above the annual contribution to the Plan. The impact of GASB 68 on FY2014 activities could not be determined so the 2014 expenses presented in the MD&A are measured under the previous standard, GASB 27. Approximately \$153 million more in pension expense was recorded in 2015 compared to 2014. Also, the County changed its accounting policy for self-insurance claims.

As in previous years, the largest portion of expenses was used to fulfill the County's public safety responsibilities, which include the operation of the court system (45.4%), and corrections (20.5%). Economic and Human Development expenses increased by \$45.6 million (144.3%) over the previous year,

primarily due to pension expense, activities within governmental grants and the addition of a new special revenue fund, the Land Bank Authority Fund which uses resources to facilitate the return of vacant, abandoned and tax-delinquent properties to productive use thereby combating community deterioration, creating economic growth and stabilizing the housing and job market. Court expenses increased \$46.2 million (4.0%) and Corrections expenses increased \$20.0 million (3.8%) over the previous year due primarily to the reclassification of costs previously reported in the government management and supporting services decreased \$50.9 million (9.5%) over the previous year, reflecting the reclassification of certain expenses to Courts and Corrections categories as stated above. The increase in total expenditures of \$37.2 million (1.4%) between FY 2014 and FY 2015 is primarily due to the impact of GASB 68 as previously discussed.

The County is self-insured for various types of liabilities, including medical malpractice, workers' compensation, general automobile and other liabilities. The County is a defendant in lawsuits alleging medical malpractice, work-related injuries, highway cases and other claims. Cases related to these areas are in various stages of the legal process. The County purchased excess liability insurance coverage related to medical malpractice and other claims. The medical malpractice policy is on a claims made basis. While it is difficult to estimate the timing or amount of expenditures, management of the County utilizes an independent actuary to calculate a liability and expense related to this function. The Self-Insurance liability increased \$48.0 million (14.4%) in FY 2015 to \$382.5 million from \$334.5 million in FY 2014. This increase was due to an increase in the following claims liabilities: civil (\$29.8 million), workers' compensation (\$16.7 million), and claims expense reserve (\$8.6 million), respectively. In FY 2015, the County allocated the CCHHS portion of self-insurance to Business-Type Activities, which amounted to \$157.9 million (41.2%) of the total \$382.5 million total self-insurance liability.

Business-type Activities

The County's major business-type activities include the following healthcare operations:

- Bureau of Health Services
- John H. Stroger, Jr. Hospital of Cook County
- Provident Hospital of Cook County
- Oak Forest Health Center
- Ambulatory and Community Health Network of Cook County
- Department of Public Health
- Cermak Health Services
- Ruth Rothstein Core Center
- CountyCare

The net position of the County's business-type activities decreased by \$101.8 million in fiscal year 2015.

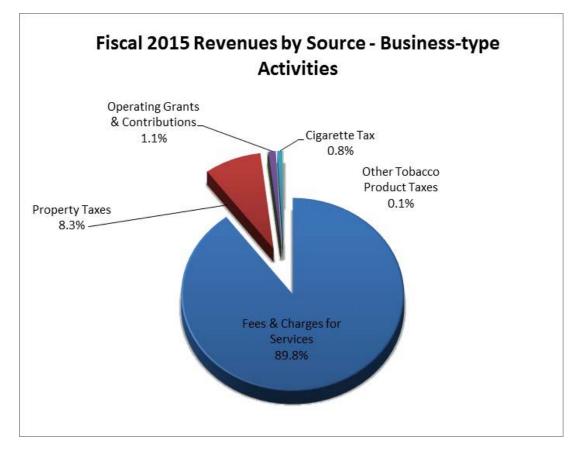

Capital contributions increased \$10.6 million to \$17.1 million in fiscal year 2015 from \$6.5 million in fiscal year 2014. Capital contributions represent the amount the County has contributed toward the construction and acquisition of significant capital assets for the operations of the Cook County Health and Hospital System.

Transfers from governmental to business-type activities were \$63.0 million in fiscal year 2015, representing an increase of \$3.4 million (5.7%) from \$59.6 million in fiscal year 2014. These do not include the impact of County taxes that are dedicated to, and recorded in the business-type activities, as detailed on the following pages.

In addition, the County subsidizes CCHHS by assuming a significant portion of CCHHS related longterm obligations. This consists primarily of CCHHS's share of General Obligation debt and capital outlay.

The above activity is more fully described in Footnote I.C. & Footnote IV.

The following chart presents revenues by source for business-type activities for the fiscal year ended November 30, 2015:

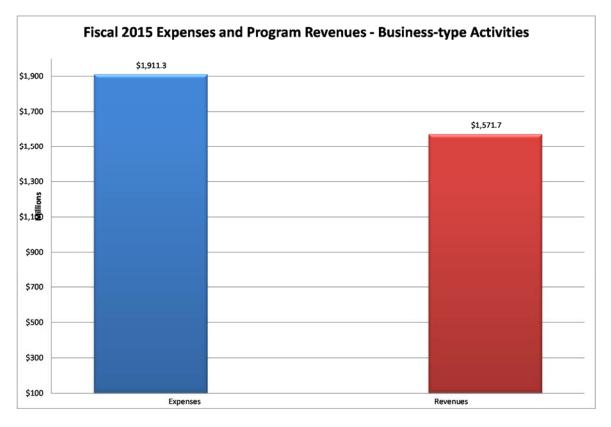

Total program revenues for the business-type activities were \$1,571.7 million in fiscal year 2015 as compared to \$1,264.7 million in fiscal year 2014, representing an increase of \$307.0 million (24.3%). This increase is primarily due to the Medicaid Expansion Program ("CountyCare") which started in fiscal year 2013. CountyCare contributed \$861 million in FY15 from \$656 million in FY14, which is an increase of \$205 million (31.25%) to program revenues.

During FY 2015 the CCHHS payor utilization based on gross patient service revenue increased \$99.6 million (9.8%) to \$1,121.6 million in FY 2015 from \$1,021.9 million in FY 2014. The increase was attributable to the following: Medicaid increasing \$51.6 million (13.7%) from \$376.7 million in FY 2014 to \$428.3 million in FY 2015; Medicare increasing \$26.0 million (17.5%) from \$149.0 million in FY 2014 to \$175.0 million in FY 2015; and Other increasing \$13.9 million (30.4%) from \$45.9 million in FY 2014 to \$59.8 million in FY 2015.

Cigarette taxes allocated to CCHHS decreased by \$113.5 million (89.6%) due to a reallocation of these taxes to the general fund.

The following graph summarizes the fiscal year 2015 program revenues and expenses of the business-type activities:

CCHHS is one of the largest public hospital systems in the United States operated by a unit of local government and is the largest provider of medical care to the uninsured, underinsured, and Medicaid populations in the State of Illinois. The emergency department at John H. Stroger, Jr. Hospital is the busiest in the metropolitan Chicago area with a 2015 census of more than 121,000 patient encounters. Provident Hospital's emergency department is the one of the busiest in the area with almost 32,000 encounters in 2015.

Operating revenues, net of bad debt provision, increased to \$1,571.7 million in fiscal year 2015 from \$1,264.7 million in fiscal year 2014. This increase is primarily due to the Medicaid Expansion program ("CountyCare") which started in fiscal year 2013. CountyCare contributed \$861 million to overall

operating revenues. CCHHS continues to incur significant operating losses due to a large self-pay patient population, and rising labor and medical costs which are offset by tax revenues. The Cook County Board of Commissioners remain committed to the continued mission of CCHHS and through the adopted budget process in fiscal year 2015 approved 13.1% of revenue from other resources in order for CCHHS to complete funding of the adopted budget.

In 2012, CCHHS and the Cook County Board Officials collaborated to cut Medicaid costs, help County taxpayers, and transform Cook County's hospital system by jump-starting national health care reform in Cook County. In October 2012, the Federal government approved CCHHS's Medicaid Expansion Program ("CountyCare") by creating the CMS waiver under Section 1115 of the Social Security Act ("1115 Waiver") for Cook County, allowing CCHHS to enroll more than 115,000 individuals who would become eligible for Medicaid in 2014 under the Affordable Care Act with no cost to the State of Illinois. However, when the State of Illinois begins to fund a portion of the program in July 2016 there is risk that the State will cut funding or not pay timely.

Once enrolled in CountyCare, members receive covered services at no cost including but not limited to primary and specialty visits within a broad network of doctors and hospitals. The CountyCare network consists of 138 primary care access points including CCHHS facilities, all Federally Qualified Health Centers ("FQHCs") in Cook County, over 35 community hospitals, and five major academic medical centers.

CountyCare began as an Illinois Medicaid Demonstration program. When the demonstration program period ended on June 30, 2014, CountyCare members were transitioned into a County Managed Care Community Network ("MCCN") which is an Illinois-designated Medicaid managed care structure to ensure members can remain with their medical home and network of care. Membership continued to grow in 2015 especially in the Family Health Plan ("FHP") and Integrated Care Program ("ICP"). As of November 30, 2015, the total membership for the FHP, ICP and Affordable Care Act programs totaled 168,000.

CCHHS experienced an increase in its reported operating loss in 2015 due to GASB 68 implementation and due to a change in accounting principle for self-insurance claims. CCHHS expects operating losses in the future to decrease due to increased CountyCare revenues and utilization of CCHHS facilities, and increases in Provident Access revenue, but understands that to sustain this trend it is dependent upon decreasing costs and increasing patient satisfaction and retention. To this end, CCHHS is establishing initiatives to sustain the trend of decreasing operating losses. Even with the favorable impact of the CountyCare revenue, CCHHS continues to be highly dependent on reimbursement from the Illinois Department of Healthcare and Family Service ("DHFS"), though the largest amount of dollars are federal pass-through dollars, the risks of State payment details persist due to the precarious finances of the State of Illinois. Future declines in DHFS reimbursement could have a significant adverse effect on CCHHS's operating results.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is used in assessing the County's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary spending at the end of the fiscal year. The types of governmental funds reported by the County include the General Fund, Motor Fuel Tax Fund, Annuity & Benefit Fund, Capital Projects Fund, Debt Service Fund and Non-major Governmental Funds.

As of November 30, 2015, the County's governmental funds reported a combined fund balance of \$427.8 million, a decrease of \$149.0 million (25.8%) in comparison with the prior fiscal year fund balance of \$576.8 million. Of the current fiscal year total, \$344.6 million is restricted, \$23.0 million is committed, \$22.6 million is assigned and \$37.6 million is unassigned.

Revenues from all governmental funds for the current year were \$2.179 billion which represented an increase of \$221.3 million (11.3%) from the previous year of \$1.957 billion. Expenditures for all governmental funds in the current year were \$2.272 billion representing a decrease of \$146.6 million (6.1%) from the previous year of \$2.418 billion.

The General Fund is the County's principal operating fund and is primarily used to account for its governmental activities. The General Fund had a total fund balance of \$99.3 million at November 30, 2015, which represented an increase of \$36.8 million (58.9%), as compared to \$62.5 million at the beginning of the fiscal year. Of the current fiscal year total, \$22.6 million is assigned and \$76.7 million is unassigned. General Fund revenues during the current year were \$1.451 billion, which represented an increase of \$232.1 million (19.0%) from the previous fiscal year of \$1.219 billion.

The following items explain significant changes in General Fund revenues and expenditures:

- Property tax revenues increased by \$41.3 million (15.4%) compared to fiscal year 2014 primarily due to the Proprietary Fund's decreasing reliance on property tax revenues.
- Revenues from non-property taxes increased by \$163 million in the General Fund, compared to fiscal year 2014, due primarily to a \$121.8 million reallocation of Cigarette Taxes to the General Fund versus the Health Enterprise Fund, but also impacted by increases in Sales Tax, Use Tax, Gasoline Tax, Cigarette Tax, Amusement Tax, Non-Retailer Transaction Use Tax, and Parking Lot and Garage Operation Tax which were off-set by decreases in Off-Track Betting Commission and Non-titled Use Tax. The overall increase is the result of an improved economic outlook along with enhanced compliance initiatives impacting a number of other taxes. With the improving economy, the County continues to benefit from the growth in the Use Tax and the Non-Retailer Transaction Use Tax due to improved vehicles sales. Non-property taxes are for the most part taxes imposed by the County under the Home Rule authority granted by the 1970 Illinois Constitution.
- Revenues from fee offices increased by \$11.5 million (4.5% variance) compared to fiscal year 2014. These increases were primarily due to year to year shifts in Recorder of Deeds recording fees driven by strong real estate market sales in both residential and commercial properties, coupled with rising home values, and County Treasurer favorable revenue variances based on an increase in collections of delinquent taxes.

• The General Fund expenditures for fiscal year 2015 increased by \$42.0 million (2.9%). The most significant increases were with corrections and courts. The increase in Corrections (\$25.1 million) (6.7%) and Courts (\$7.2 million) (0.9%) was primarily due to expensing the impact of wage increases for expired collective bargaining agreements and for personal services, including health benefits to support enforcement and court activities.

The Motor Fuel Tax Fund reported a fund balance of \$56.1 million at November 30, 2015. This amount represented a decrease of \$28.9 million, (34.0%) as compared to \$84.9 million as of November 30, 2014. The entire fund balance for the Motor Fuel Tax Fund is restricted for road improvements and construction along with permissible court related expenditures. Expenditures for 2015 increased by \$16.7 million (107.7%) to \$32.3 million due to the fact that some of the new contracts and construction related to roads, bridges and highway improvements were paid from the Motor Fuel Tax Fund and partially from the proceeds from the 2012 Sales Tax bond issuance, therefore a portion of the associated expenditures are also recorded in the Capital Projects Fund.

The Annuity and Benefit Fund's total expenditures and transfers totaled \$191.6 million, a 10.1% decrease from fiscal year 2014. Changes from year to year relate primarily to the timing of property tax collections and the related distribution to the Plan.

As of November 30, 2015, the Capital Projects Fund reported a fund balance of \$71.3 million, which represented a \$103.9 million (59.3%) decrease as compared to \$175.2 million on November 30, 2014. The entire fund balance for the Capital Projects Fund is restricted. The decrease in fund balance resulted from capital outlay expenditures of \$111.1 million, offset by a \$6.5 million note issuance. The expenditures were for ongoing capital projects.

As of November 30, 2015, the Debt Service Fund reported a fund balance of \$92.9 million, which represented a \$60.3 million (39.4%) decrease as compared to \$153.1 million on November 30, 2014. The change is primarily due to the annual debt service requirements that exceeded property taxes and transfers into the fund. The entire fund balance for the Debt Service Fund is restricted to pay principal and interest on debt. In FY 2015 the County issued no new general obligation bonds.

Proprietary Funds

The County's proprietary fund statements provide similar information found in the government-wide business-type activities financial statements, but in more detail.

For the fiscal year ended November 30, 2015, the unrestricted net position of the enterprise fund was a deficit of \$4.194 billion, compared to a \$3.954 billion deficit at November 30, 2014 (as restated).

General Fund Budgetary Highlights

The Board of Commissioners of the County adopted the County's FY 2015 Budget on November 14, 2014. The total County operating budget for 2015 was \$3.75 billion. The General Fund, made up of the Corporate and Public Safety Funds, totaled \$1.43 billion and represented 38.2% of the total operating budget.

The accompanying basic financial statements include a Statement of Revenues, Expenditures, and Changes in Fund Balances—Budget and Actual—on a Non-GAAP Budget Basis. The County's budgetary basis of accounting is discussed in the Notes to the Required Supplementary Information.

During fiscal year 2015, the County's actual General Fund revenues were \$1.343 billion on the budgetary basis, .8% below the budgeted estimates of \$1.352 billion. Intergovernmental grants and revenues were higher than budget by \$6.2 million due to higher than expected subsidies toward the salaries of certain probation officers and staff at the Juvenile Temporary Detention Center ("JTDC") with the transition of the JTDC from the Transitional Administrator to the Chief Judge. Miscellaneous revenues were less than budget by \$32.0 million, primarily due to Gas Tax Audits and anticipated Settlements not materializing. Total fee revenues were higher than budget by \$6.0 million due to an unexpected increase in real estate transactions at the Recorder of Deeds and delinquent tax payments at the Treasurer. Total tax collections were higher than budget by \$9.2 million due to a positive variance in the Use Tax given the increase in automobile sales. Actual budgetary basis General Fund expenditures and encumbrances for fiscal year 2015 were \$1.44 billion, \$10.5 million (.7%) over the budget.

Capital Assets

- -

The County's capital assets for its governmental and business-type activities decreased \$14.1 million (0.6%), net of accumulated depreciation at November 30, 2015. Capital assets include land, construction in progress, buildings, infrastructure, and machinery and equipment (including intangible assets). The County uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending.

The County implements various capital improvement projects annually. Construction of County roads and replacements within County facilities are included in the improvement funding. Countywide projects are designed to target the changing needs of building systems and increase efficiency in maintaining higher building Leadership in Energy and Environmental Design ("LEED") standards. Continuous improvements are being done to the County's highway system. Major projects such as the resurfacing enhancements north and south are an important part of the Cook County transportation network.

Investments in a number of technology-based efficiency initiatives will reduce costs in the long run: the County has funded an Enterprise Resource Planning ("ERP") Center of Excellence to focus on implementing a new ERP system as well as a Countywide Time and Attendance project. The Time and Attendance project will implement a uniform system throughout Cook County facilities capable of combining time and effort tracking.

Additional information on the County's capital assets can be found in Note I.D.4. & Note III.B. of the Basic Financial Statements.

Debt Administration

General Obligation and Sales Tax Revenue bonds are issued pursuant to an authorizing Bond Ordinance which is adopted by the Cook County Board of Commissioners. The County has the authority to issue bonds under its home rule powers as defined by the 1970 Illinois Constitution. Each bond issue is sold to investors with the net proceeds from the bond sales being utilized to finance the costs, including design, construction and furnishing of the capital projects and capital equipment which are approved by the Board. Historically, in prior years the County has also sold bonds to fund interest during construction of the capital projects and capital equipment as well as finance working cash accounts and self-insurance accounts.

The full faith and credit of the County is pledged for the punctual payment of principal and interest due on the General Obligation bonds. The County has levied ad valorem real property taxes to provide for these payments. These taxes are required to be extended for collection against all taxable real property within the County, without limitation as to rate and amount. The Sales Tax Revenue bonds are limited obligations of the County and are payable solely from the pledged sales tax revenues, which comprise the first collection of Home Rule local option sales tax revenues.

The County continues to obtain long-term financing for the construction, acquisition or renovation of various long-term assets. It is management's objective to meet the County's overall demands for capital improvements and capital equipment and, at the same time, to ensure that property taxpayers are not overburdened with General Obligation bonds payable from future ad valorem taxes.

On December 19, 2014, the County entered into an agreement for \$125.0 million General Obligation Bond Series 2014D as a variable rate revolving line of credit with PNC Bank. The purpose is to provide for a financing mechanism for capital projects during acquisition/construction phase of each such project. The County plans to pay off any balance on the line of credit by issuing long-term debt. As of November 30, 2015, the outstanding balance was \$6.5 million. More detailed information is provided herein the Long-term Debt Note.

On April 3, 2015, the County prepaid in full without any penalties the outstanding \$40,000,000 term loan with BMO Harris Bank N.A. that was drawn in November 2014.

As of November 30, 2015, the total net outstanding bond debt was \$3.62 billion. The following table indicates the changes in the County's long-term debt that occurred during fiscal year 2015 (in millions):

| Description | | rnmental tivities | | ess-type vities | Total | | |
|-------------------------|-------------|----------------------|------------|--------------------|-------------|-------------|--|
| | 2015 | 2014 | 2015 | 2014 | 2015 | 2014 | |

Changes in Long-Term Debt Primary Government - All activities (\$ amounts in millions)

Amounts in the table for FY 2014 have been restated for the implementation of GASB Statement No. 68. Additionally, the significant change in self-insurance claims between 2014 and 2015 is due to a change in accounting principle during FY 2015.

During the current fiscal year ended November 30, 2015, the County's liabilities for long-term obligations increased by \$726.9 million (4.2%). The increase was primarily attributable to an increase in the reported pension and OPEB obligations. It should be noted that all debt associated with the capital assets of the CCHHS (business-type activities) are general obligations of the County (governmental activities).

Additional information on the County's long-term debt can be found in Note III.E. of the Basic Financial Statements.

Bond Ratings

Cook County continues to meet the needs of its ongoing Capital Program through the use of its current revenues for pay-as-you-go financing where practical along with the use of municipal bonds for debt financing where efficient. The County's underlying ratings on its General Obligation bonds at November 30, 2015 were:

| Fitch | A+ |
|-------------------------------|----|
| Moody's Investors Service | A2 |
| Standard & Poor's Corporation | AA |

In June 2015, Moody's Investor Services downgraded the County's rating from A1 to A2, with the primary concern being the growing pension liabilities at the County Employees' and Officers' Annuity and Benefit Fund of Cook County. All three rating providers have currently assigned negative outlooks to their respective ratings.

Cook County also has outstanding Sales Tax Revenue Bonds which carry a credit rating of AAA from Standard & Poor's, which is the sole credit rating, assigned to the Sales Tax Revenue bonds.

Other Obligations

The County administers a self-insurance program for all risks, including workers' compensation, medical malpractice, auto and general liability and other liabilities subject to certain stop-loss provisions. Detailed information about the County's liabilities related to the self-insurance program is included in Note 1 to the Basic Financial Statements. Other obligations reported include pension, OPEB and compensated absences for vacation and sick time earned by employees.

Economic Factors and Future Significant Information

The County's revenues and expenditures have been affected by changes in local, national and international financial factors. The Cook County Administration has taken these economic changes into consideration and has implemented management initiatives to improve the County's fiscal future. Some of the key economic factors that influence the County's finances are noted below:

- The 2015 annual average unemployment rate for Cook County decreased to 6.1% compared to 7.5% in 2014
- Home sales in the Chicago area grew 6.6% year over year
- Median home prices in Cook County rose by 9.5% in 2015, year over year
- Real gross product grew by 2.0% in 2015 for the metro region, vs. 1.4% nationally
- Personal income grew by 4.3% in 2015 for the metro region
- Gasoline prices declined by 25% in November 2015, year over year
- On July 15, 2015, the County Board passed an ordinance amendment to the Home Rule County Retailer's Occupation Tax Law that increased the tax from 0.75 percent to 1.75 percent. The change was effective on January 1, 2016, with the first revenue received in April 2016. This increase is projected to raise \$305 million in 2014 and \$474 million in 2017 and is specifically allocated to address the County's debt service costs associated with legacy bonded indebtedness along with critical transportation infrastructure needs and the unfunded liabilities of the Cook County Officers' and Employees' Annuity and Benefit Fund.

Requests for Information

This financial report is designed to provide a general overview of the County's financial position for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Comptroller, 118 North Clark Street, Room 500, Chicago, Illinois 60602.

Exhibit 6 COOK COUNTY, ILLINOIS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended November 30, 2015

Net change in fund balances - total governmental funds Amounts reported for governmental activities in the statement of activities are different because:

The governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In addition, donated capital assets are not recorded on the fund financials but are included as capital assets and related revenue on the government-wide statement of activities.

| Capital outlay | 122,013,764 |
|---------------------------------------|---------------|
| CCHHS transfers - contributed capital | (17,128,696) |
| Depreciation and amortization expense | (113,621,805) |
| Loss on disposal of capital assets | (10,279) |

\$

(148, 970, 842)

(8,747,016)

(554, 458, 161)

(678, 842, 190)

\$

Some expenses reported in the statement of activities do not require the use of current financial resources such as pension and OPEB obligations, self insurance claims and property tax objections, and are not reported as expenditures in the governmental funds.

| Property tax objections | (3,962,870) |
|-------------------------|---------------|
| Pollution remediation | (789,780) |
| Compensated absences | (410,759) |
| Self-insurance claims | (33,259,522) |
| OPEB | (135,541,769) |
| Pension expense | (380,493,461) |
| | |

The issuance of long-term debt (e.g. bonds, notes) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items, including current year debt issuance and loss on refunding. The effect on net position of these items are the following:

| Debt service principal payments | 107,260,000 | |
|--|---------------|---------------|
| Note principal payment | 40,000,000 | |
| Issuance of Note | (6,524,329) | |
| Change in prepaid bond insurance | (75,451) | |
| Amortization of bond premium | 12,235,263 | |
| Change in accrued interest on bonds | (193,013) | |
| Change in deferred inflow and outflows - refundings | (4,311,501) | |
| | | 148,390,969 |
| Revenues in the statement of activities that do not provide current financial resources of resources in the fund financials. These amounts represent the changes in unavailable | | |
| prior year. | | |
| Deferred inflow of resources - property and other taxes | (125,091,567) | |
| Deferred inflow of resources - grants | 10,034,427 | |
| | | (115,057,140) |

Change in net position (deficits) of governmental activities.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cook County, Illinois (the "County"), a home rule unit under the Illinois Constitution of 1970, was created by the State of Illinois in 1831. The County is managed by 17 Commissioners elected from single member districts for four-year terms. The President of the County Board of Commissioners (the "County Board") is also elected and serves as the chief executive officer; she/he may also be elected as a Commissioner. Currently, the President is not a Commissioner. All 17 Commissioners serve as the legislative body.

The accompanying financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"), as prescribed by the Governmental Accounting Standards Board ("GASB").

The County implemented the following GASB Statements in the 2015 fiscal year:

- GASB Statement No. 67, "Financial Reporting for Pension Plans." This Statement did not have a significant impact on the 2015 financial statements.
- GASB Statement No. 68, "Accounting and Financial Reporting for Pensions." This statement was adopted and required the County to report a net pension liability and other pension related amounts as well as significant new disclosures throughout this report, as well as a restatement to opening net position for governmental and business-type activities.
- GASB Statement No. 69, "Government Combinations and Disposals of Government Operations." This Statement did not have an effect on the 2015 financial statements.
- GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date" This statement required the reporting of deferred outflows of resources at the beginning of the reporting period however this amount was offset with a liability to the pension fund and had no impact on opening net position.

Management is currently assessing the impact that the adoption of the following GASB Statements will have on the County's future financial statements, which are not implemented and not required for the fiscal year ended November 30, 2015. The implementation of GASB Statement No. 75 is expected to have a material adverse effect on the County's net position. Pending statements are as follows:

- GASB Statement No. 72, "Fair Value Measurement and Application," will become effective for the County in fiscal year 2016.
- GASB Statement No. 73, "Accounting and Financial Reporting for Pensions and Related Assets That are not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68," will become effective for the County in fiscal year 2017.
- GASB Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans," will become effective for the County in fiscal year 2017.

- GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," will become effective for the County in fiscal year 2018.
- GASB Statement No. 76, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments," will become effective for the County in fiscal year 2016.
- GASB Statement No. 77, "Tax Abatement Disclosures," will become effective for the County in fiscal year 2017.
- GASB Statement No. 78, "Pension Provided through Certain Multiple Employer Defined Benefit Pension Plans," will become effective for the County in fiscal 2017.
- GASB Statement No. 79, "Certain External Investment Pools and Pool Participants," will become effective for the County in fiscal 2017.
- GASB Statement No. 80, "Blending Requirements for Certain Components Units an amendment of GASB Statement No. 14," will become effective for the County in fiscal 2017.
- GASB Statement No. 81, "Irrevocable Split Interest Agreements," will become effective for the County in fiscal 2018.
- GASB Statement No. 82, "Pension Issues-an amendment of GASB Statements No. 67, No. 68 and No. 73," will become effective for the County in fiscal 2018.

A. Financial Reporting Entity

As required by GAAP, these financial statements present the County (the primary government) and its component units, the Forest Preserve District of Cook County, the Cook County Emergency Telephone System, and the County Employees' and Officers' Annuity and Benefit Fund. As used both on the face of the financial statements and in the footnotes, the term "Primary Government" includes both County funds and any Blended Component Units while the term "Component Units" includes only Discretely Presented Component Units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Discretely Presented Component Units

The following two component units have been discretely presented due to the nature and significance of their relationship to the County as described below:

1. The Forest Preserve District of Cook County, Illinois (the "District") was established pursuant to Illinois Compiled Statutes (Chapter 40, Act 5, Sections 9-101 to 10-108) on July 1, 1914. The District is governed by the same Board of Commissioners that currently serve as members of the County's Board or Forest Preserve District Board of Commissioners (the "District Board"). The President of the District appoints management positions and has authority for budgets, fiscal management and the setting of charges and fees for the use of forest preserve facilities. As a separate taxing body the District is subject to its own statutory tax rate limitations. The District has the power to create forest preserve facilities and may issue debt

secured by the full faith and credit of the District. The County is not responsible for financing operating deficits or debt service of the District and there is no benefit/burden relationship between the District and the County, nor does the County have operational responsibility for the District. The boundaries of the District are coterminous with the boundaries of the County. The District's financial statements are discretely presented in the County's financial statements based on GASB Statement No. 61.

2. The Cook County Emergency Telephone System (the "System") is a venture established by resolution of the Cook County Board of Commissioners in accordance with the Emergency Telephone System Act of the Illinois Compiled Statutes. The County Board and the Sheriff's Office appoint the System's board members. The County Board approves any surcharge changes requested by the System's management and the County funds salary expenses for System employees through an annual appropriation. As such, the System is presented as a discrete component unit in accordance with GASB Statement No. 61. The System was organized for the purpose of providing equipment, services, personnel, facilities and other items necessary for the implementation, operation, maintenance and repair of the E-911 Emergency Telephone System within the unincorporated portions of the County and the municipalities of Robbins, Ford Heights, Stone Park, Northlake, Golf, Phoenix, and Dixmoor, Illinois. The System, for the fiscal year ended November 30, 2015, is presented on the accrual basis of accounting as defined by GASB.

Although the County Employees' and Officers' Annuity and Benefit Fund is a legally separate entity for which the County is not financially accountable, it is included in the County's basic financial statements as fiduciary funds (Pension Trust and Other Post-Employment Benefits (OPEB) Trust). The unfunded liabilities, and the trajectory of the Fund's solvency is such that exclusion might serve to render the County's financial statements misleading. The County Employees' and Officers' Annuity and Benefit Fund is a defined benefit, single-employer pension and OPEB plan established by Illinois Compiled Statutes (Chapter 40, Acts 5/9 and 5/10). The Retirement Board is the administrator of the County Employees' and Officers' Annuity and seven of whom are elected by plan participants. The Trust Funds are maintained and operated for the benefit of the employees and officers of the County. As a result, the Trust Funds are financed by investment income, employees' payroll deductions and employer contributions (property taxes levied and collected by the County).

The County is not aware of any other entity over which it exercises significant operational or financial control which would result in the entity being blended or discretely presented in the County's financial statements.

The following component units included within the County's reporting entity, report on a calendar year basis; the Forest Preserve District of Cook County (discretely presented) and the County Employees' and Officers' Annuity and Benefit Fund (Pension Trust and OPEB Trust funds). The financial statements included for these entities are for calendar years that ended on December 31, 2014, as permitted, but not required, under GASB Statement No 14.

The Housing Authority of the County of Cook (the "Authority" or "HACC") is the second largest public housing authority in Illinois. The Authority is a municipal corporation that was established in 1946 to serve 108 communities, as well as unincorporated areas in suburban

Cook County. Funding is provided by the Federal Government through the Department of Housing and Urban Development ("HUD"). The Board of Commissioners of the Authority is comprised of individuals who are appointed by the Cook County Board President and confirmed by the full County Board for five-year terms. The Authority is not considered a discretely presented component unit or blended component unit of the County; however, under GASB Statement No. 14, "The Financial Reporting Entity, as amended," the County considers the Authority to be a related organization. The County is not aware of any other significant operational or financial control over the Authority that would require the Authority's financial activity to be presented in the County's financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the County and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for services. Likewise, the primary government is reported separately from its discretely presented component units for which the primary government is financially accountable.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes where the amounts are reasonably equivalent in value to the inter-fund services provided and other charges between the County's governmental activities and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identified with a specific function or segment.

Program revenues include:

1) Licenses, fees and charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment.

2) Operating and capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting system of the County, which is maintained by the County Comptroller (the "Comptroller") is a fund system implemented to present the balances and activities of each fund. It is also designed to provide budgetary control over the revenues and expenditures of each fund. Separate funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. Each fund is an independent fiscal and accounting entity made up of a self-balancing set of accounts, recording cash and other financial resources, together with all related liabilities, deferred inflows of resources and residual balances, and changes therein.

Accounting records for the Forest Preserve District, the Trust Funds, and the various fee offices are maintained by the respective entities.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

Revenues such as property taxes, non-property taxes, investment income and miscellaneous in the governmental fund financial statements are reported as general revenues on the government-wide statement of activities. Revenues such as fees and licenses, Federal government grants, State of Illinois (the "State") grants and charges for services are reported as program revenues on the government-wide statement of activities.

Governmental fund financial statements are reported using the flow of *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available for financing current obligations. Accordingly, property taxes are recognized as deferred inflows of resources in the year of levy (because the collections are unavailable at year end) and as revenue in the subsequent year when the taxes are collected throughout the year, or within 60 days thereafter. Uncollected taxes are written off by the County at the end of the fiscal year immediately following the year that the taxes become due.

Derived tax revenues and State shared revenues (home rule taxes, State sales tax, PPRT, etc.) are recorded when the underlying exchange takes place, subject to availability. Federal and State grant revenues are recognized when the County has met all eligibility requirements, subject to availability. Interest on investments is recognized when earned. The County considers amounts to be available if collected during the period, or within 60 days after fiscal year-end. Amounts related to the current fiscal year but not collected within the first 60 days of the subsequent year are recorded as deferred inflows of resources (unavailable).

Property taxes, most non-property taxes, intergovernmental grants and investment income are susceptible to accrual. Most other revenues (fees, fines, cigarette taxes, etc.) are recognized when collected by the County or its agencies on the cash basis.

In governmental funds, expenditures, other than long-term debt and other long-term obligations (compensated absences, pensions, OPEB, property tax objections, self-insurance claims, etc.) are expected to be paid with available expendable resources and are recognized when obligations are incurred. Debt principal retirements and other payments related to long-term obligations other than debt, are reported as expenditures when due.

In the fund financial statements, proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services, in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenue of the Cook County Health and Hospital System ("CCHHS") enterprise fund is payments received under CountyCare and charges to patients for services performed. Operating expenses of the CCHHS include the cost of services, costs incurred to other providers, administrative expenses, and depreciation on capital assets.

Governmental Funds

The County reports the following major governmental funds:

<u>General Fund</u> – The General Fund is the general operating fund of the County. It is used to account for all financial resources not accounted for and reported in another fund. There are four accounts used by the County for General Fund financial resources: the Corporate Account, the Public Safety Account, the Self Insurance Account, and the Chief Judge Juvenile Justice Account. The Corporate Account includes all revenues and expenditures attributable to government management and supporting services; control of environment; assessment, collection and distribution of taxes; election; economic and human development and transportation. The Public Safety Account includes the revenues and expenditures attributable to the protection of persons and property (corrections and courts), to include the costs of administering laws related to vehicles and transportation, government management and supporting services and revenues and expenditures of the Medical Examiner. The Self Insurance Account is used to account for various County risks, including worker's compensation and other liabilities. The Chief Judge Juvenile Justice Account includes activities pertaining to juvenile officers and was closed at the end of the fiscal year.

<u>Motor Fuel Tax Fund</u> – The Motor Fuel Tax Fund was established to provide for the design, construction and maintenance of streets, roads and highways. Revenues are derived from reimbursements from the State, the Federal Government, other governments and other miscellaneous sources. The revenue is derived from the County's share of the State's Motor Fuel Tax on gasoline which is restricted for road/highway construction, improvements and related debt service.

<u>Annuity and Benefit Fund</u> - The Annuity and Benefit Fund was established to account for the yearly revenues and expenditures the County receives and transmits to the separate body politic represented by the County Employees' and Officers' Annuity and Benefit Fund of Cook County. Revenues are derived from dedicated tax levies, personal property replacement taxes and interest earnings.

<u>Capital Projects Fund</u> – The Capital Projects Fund is used to account for the acquisition, construction and renovation of major capital facilities of the County. The Capital Projects Fund

includes the following accounts: government management and supporting services, protection of health, corrections and courts.

<u>Debt Service Fund</u> – The Debt Service Fund is used to account for the accumulation of resources to pay principal and interest, when due, of the bonded debt incurred by the County.

Proprietary Funds

Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The County reports the following proprietary fund:

<u>Enterprise Fund</u> – The Enterprise Fund is used to account for certain costs of operating CCHHS. In May 2008, the County Board created the Cook County Health and Hospitals System Board (the "CCHHS Board") to provide independent oversight of health care operations. The CCHHS Board is accountable to the County Board. The CCHHS Board and the Ordinance were originally scheduled to terminate in three years. In May of 2010, the County Board of Commissioners voted to make the CCHHS Board permanent. The CCHHS includes the following entities: John H. Stroger, Jr. Hospital of Cook County, Oak Forest Health Center, CountyCare, Provident Hospital, the Cook County Department of Public Health, the Bureau of Health Services, the Ambulatory and Community Health Network, the Ruth Rothstein Core Center and Cermak Health Services of Cook County. The Bureau of Health Services oversees the operational, planning and policy activities of CCHHS.

The operations and activities of the CCHHS continue to be subsidized by the County as CCHHS continues to incur operating losses. The Cook County Board of Commissioners remain committed to the continued mission of CCHHS and through the adopted budget process in fiscal year 2015 approved 10.6% of revenue from other resources in order for CCHHS to complete funding of the adopted budget, such as property tax, sales tax, cigarette tax and proceeds from debt restructuring savings. Certain significant activities/costs are paid directly by County governmental funds including debt principal and interest, capital asset acquisition/construction, and contributed services. If all CCHHS expenses and liabilities were recorded in the Enterprise Fund, the reduction in the CCHHS' net position would be significant.

(1) Net Patient Service Revenue

A significant amount of CCHHS's net patient service revenue is derived from the Medicaid and Medicare programs. Payments under these programs are based on a specific amount per case or on a contracted price or cost, as defined, of rendering services to program beneficiaries.

Net patient service revenue is reported at estimated realizable amounts from patients, thirdparty payors, and others for services rendered. Retroactive adjustments under reimbursement agreements with third-party payors are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and are adjusted in future periods as final settlements are determined. Estimated amounts due from or to third-party payors are reported as third-party settlement liabilities in the statement of net position.

(2) Charity Care

CCHHS's mission is to treat all patients in need of medical services without regard to their ability to pay. Medical services are available at all CCHHS's locations for those patients that are unable to pay for them. Patients are evaluated through the CCHHS financial counseling services. If a patient qualifies for Medicaid or other Federal programs, CCHHS will assist the patient in completing the applications for those programs.

For those patients that do not qualify for Medicaid or any other Federal programs, CCHHS has a charity care program for Cook County residents that evaluates the patient's need based on family size and income. The guidelines to qualify for charity care are adjusted each year based on changes in the Federal Government's poverty guidelines. The charity program covers patients with incomes up to 600% of the Federal Poverty guidelines.

Patients that are not residents of Cook County that need financial assistance in paying for their medical services are also offered a discount under the Illinois Uninsured Patient Discount program if their income is less than 600% of the Federal Poverty guidelines.

Charity care is measured based on the CCHHS's estimated direct and indirect costs of providing charity care services. That estimate is made by calculating a ratio of cost to gross charges, applied to the uncompensated charges associated with providing charity care to patients. Fiscal year 2015 amounts are as follows:

| Charges forgone for charity care | <u>\$365,044,304</u> |
|---|----------------------|
| Estimated costs incurred for charity care | <u>\$265,739,453</u> |

During fiscal year 2015, the CCHHS's payer utilization was as follows, based on gross patient service revenue:

| Self-Pay | 41 % |
|---------------------------------|-------|
| Medicaid (including CountyCare) | 38 |
| Medicare | 16 |
| Other | 5 |
| | |
| | 100 % |

For the year ended November 30, 2015, estimated gross charges associated with services provided to CountyCare patients totaled approximately \$180,712,000. The impact of CountyCare has moved clients from the self-payor mix into the Medicaid Expansion payor mix, thereby increasing Medicaid revenue. Revenue associated with CountyCare patients is reported in CountyCare capitation revenue.

(3) Interagency Transfer Agreements

The CCHHS receives enhanced Medicaid reimbursement by means of an Interagency Agreement (the "Agreement") between the County Board and the Illinois Department of Healthcare and Family Services ("DHFS").

Under terms of the Agreement, DHFS will direct additional funding to the CCHHS for inpatient and outpatient services based on per diem and per visit cost reimbursement methodologies. In addition, the Agreement requires DHFS to provide the CCHHS additional funding to assist the CCHHS in offsetting the cost of its uncompensated care. Such adjustment amounts include federal matching funds.

Under the terms of the Agreement, CCHHS received \$292,900,988 additional payments from DHFS during the fiscal year ended November 30, 2015. Of the amount received, \$77,890,401 is unearned and included in unearned revenue on the Statement of Net Position. Such unearned revenue is excluded from net patient service revenue and represents amounts to be earned during December through June 2016, the last seven months of the State of Illinois's 2016 fiscal year. Included in net patient service revenue as earned is \$291,776,026 which takes into consideration the prior year unearned revenue of \$76,765,440.

Reimbursement under the Agreement will automatically terminate if federal funds under Title XIX are no longer available to match amounts collected and disbursed according to the terms of the Agreements at the rate of at least 50%. The Agreements will also automatically terminate in any year in which the General Assembly of the State fails to appropriate or re-appropriate funds to pay DHFS's obligations under these arrangements or any time that such funds are not available. The Agreements can be terminated by either party upon 15 days' notice. Additionally, the Agreements require the parties to comply with certain laws, regulations, and other terms of operations.

(4) CountyCare

In October 2012, the Federal government approved CCHHS's Medicaid Expansion Program ("CountyCare") by creating the CMS waiver under Section 1115 of the Social Security Act ("1115 Waiver") for Cook County. CountyCare began as an Illinois Medicaid demonstration project that ran through June 30, 2014, at which time CountyCare members were transitioned into a County Managed Care Community Network ("MCCN").

Under the 1115 Waiver, CCHHS received Per Member Per Month ("PMPM") revenue for CountyCare members of \$629, but subject to the Federal Medical Assistance Percentage ("FMAP"), which CCHHS funded through the Interagency Transfer Agreement. Effective January 1, 2014, the PPM increased to \$632, with no FMAP requirement.

At November 30, 2015, estimated amounts due from the State of Illinois relating to the CountyCare program totaled \$51,750,784, and are reported in the statement of net position.

All claims for payment of CountyCare are handled by a Third Party Administrator ("TPA"), whether the claims are generated by CCHHS facilities (domestic claims) or the network of outside

providers (foreign claims). Total estimated foreign claims expense for the year ended November 30, 2015 was approximately \$660,301,000 and is included in the purchased services, rental and other expense in the statement of revenues, expenses and changes in net position. Estimated foreign claims incurred but not paid as of November 30, 2015 were \$176,614,807 and are reported as Claims payable in the statement of net position.

While it was an Illinois Medicaid Demonstration program, CountyCare had to demonstrate that its costs were justified for the PMPM rate negotiated. If CountyCare's costs during the demonstration period were less than the PMPM rate, CCHHS must repay the overpayment of PMPM received. At November 30, 2015, CCHHS has reserved estimated overpayments of approximately \$85,000,000, included in third-party settlements liability in the statement of net position. Additional information on CountyCare is available in the CCHHS separately issued financial statements.

Fiduciary Funds

The County reports the following fiduciary funds:

<u>Pension Trust Fund and Postemployment Health Care Trust Fund</u> – The Trust Funds are used to account for transactions, assets, liabilities and net position available for the pension and Other Postemployment Benefits ("OPEB") provided by the County Employees' and Officers' Annuity and Benefit Fund of Cook County.

The Pension Trust Fund and Postemployment Health Care Trust Fund utilize the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recognized at the time liabilities are incurred. Investments are generally recorded at fair value.

<u>Agency Funds</u> – The Agency Funds are used to account for resources received and held by the County as an agent for external parties. Agency Funds include amounts held by the following offices: the County Treasurer (the "Treasurer"), the Clerk of the Circuit Court, the County Sheriff, the State's Attorney, the Public Guardian, the Public Administrator, and Other Fee Offices.

D. Assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position or fund balance

1. Cash and investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity date of three months or less from the date of acquisition.

(1) The County (all Funds other than the Fiduciary Funds):

The County has an ordinance that directs all elected and appointed officials to invest public funds in their possession for which they are the custodians in interest-bearing accounts and that amounts in excess of insured limits must be collateralized at 102%.

The Treasurer has adopted an investment policy that limits the types of investments to be made for funds held by the Treasurer to the following investments authorized by the State's Public Fund Investment Act:

- a. Bonds, notes, certificates of indebtedness, Treasury bills or other securities, now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest, and which have a liquid market with a readily determinable market value;
- b. Bonds, notes, debentures or other similar obligations of the United States of America or its agencies;
- c. Repurchase agreements whose underlying purchased securities consist of the obligations described in paragraph (a) or (b) above;
- d. Interest-bearing savings accounts, interest-bearing certificates of deposit, interestbearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act, 205 ILCS 5/1, *et seq.*; provided, however, that any such bank is insured by the Federal Deposit Insurance Corporation, is rated in one of the two highest rating categories by at least two of the three major credit rating agencies, and meets all the Treasurer's criteria of creditworthiness and soundness;
- e. Money market mutual funds registered under the Investment Company Act of 1940, as from time to time amended (including those funds managed by the Investment Advisor and its affiliates), *provided, however*, that the portfolio of any such money market fund is limited to obligations described in paragraphs (a) (b) or (d) above and to agreements to repurchase such obligations. All money market mutual funds must have a weighted average maturity of 60 days or less and be managed in accordance with rule 2a-7 of the Investment Company Act of 1940. All funds must be available for redemption on a daily basis. Repurchase agreements within the money market mutual fund must be collateralized using securities consisting only of obligations described in paragraph (a) and (b) above and must be collateralized at 102% of principal amount;
- f. Local government investment pools (such as the Illinois Funds or the Illinois Metropolitan Investment Fund), either state-administered or created pursuant to joint powers statutes and other intergovernmental agreement legislation; *provided, however*, that the pool is rated at the time of investment in one of the two highest rating categories by at least two of the three major credit rating agencies. The collateral requirement pool shall be maintained by the State agency administering the pool or by the pooled fund's custodial institution, provided that the state agency has collateralized all County funds

in accordance with all State laws, County ordinances, and this Investment Policy;

g. Any other investment instruments now permitted by the provisions of the Public Funds Investment Act or any other applicable statutes, or hereafter permitted by reason of the amendment of the Public Funds Investment Act or the adoption of any other statute or ordinance applicable to the investment of County funds, provided that such instruments prior to purchase are approved in writing by the Investment Policy Committee.

The Treasurer's policy prohibits the purchase of derivatives such as financial forwards, swaps, or futures contracts, and any leveraged investments, lending securities, or reverse repurchase agreements.

The County's investments that have a maturity date of less than one year are reported at amortized cost, which approximates their fair value. Additionally, the County's investments in 2a-7 money market funds and 2a-7 like pools (Illinois Funds) are reported at amortized cost. All other investments are reported at fair value.

Temporary cash borrowings take place among the various operating funds. These interfund borrowings allow idle cash not currently required in some funds to be borrowed by other funds on a temporary basis. Since the County's operating bank accounts are maintained on a pooled basis, temporary inter-fund borrowings result from the issuance of checks in amounts in excess of the cash credited to the fund for which the check was issued. The County believes that prudent inter-fund borrowing of temporarily idle moneys constitutes an appropriate cash management practice since it reduces the need for external borrowings.

Inter-fund borrowings are not made from cash accounts maintained for debt service or rental payments.

The County maintains separate and restricted trust accounts with trustees for almost all outstanding general obligation debt. These separate and restricted trust accounts are managed by the County's Office of the Chief Financial Officer. Current tax collections are transferred into individual trust accounts to satisfy the above liabilities as they become due. The County invests the principal in the accounts in accordance with the provisions of each bond ordinance. Investments are primarily investment grade commercial paper, certificates of deposit, treasury notes and money market funds.

(2) Agency Funds

The Agency Funds maintain their own cash and investment accounts to manage the various fiduciary responsibilities of the County. The funds are governed by the County's Taxpayers Interest Assurance Ordinance, which requires that all cash held by the fee offices be placed into interest-bearing bank accounts and for those amounts in excess of insured limits, to be collateralized at 102% except for economic reasons or if funds are prohibited by law from being invested (i.e. trust funds). The County's Public Guardian (Agency Fund) is the court appointed guardian of the assets of individuals deemed disabled and unable to control their estate. The Public Guardian does not actively manage the funds,

but is simply a custodian. The investments are valued by the financial institutions/funds that manage the investments and are generally reported at fair value.

(3) Trust Funds

The Trust Funds are administered by the respective fund's Retirement Board and its cash and investments are held by a designated custodian. The Funds are authorized to invest in bonds, notes, certificates of indebtedness, mortgage notes, real estate, stocks, debentures or other obligations as set forth in the Illinois Compiled Statutes. Investments are reported at fair value, which generally represents reported market value as of the last business day of the year. Limited partnerships are carried at fair value as estimated by each partnership's general partner.

2. Receivables and Internal Balances

Inter-funds/Internal Balances – Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" (i.e., the current portion of interfund loans). Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Loans – Cook County HOME Investment Partnership Program ("HOME") funds are awarded to eligible public, private or non-profit entities for the development of affordable housing within Suburban Cook County. These funds are awarded as loans with terms negotiated on a per-project basis. The County has established a formal program to monitor the status and repayment of these loans. In accordance with its policy, the County has recorded an allowance for loan losses for all loans past due 120 days or greater. The allowance as of November 30, 2015 was approximately \$33,000,000.

Property taxes – Following the approval of the Annual Appropriation Bill proceedings as adopted by the County Board, authorization is given to provide for the collection of revenue by direct taxes on real property. This is known as the tax levy and must be certified to and filed in the Cook County Clerk's (the "Clerk") Office. The real property taxes become a lien on property and a receivable as of January 1st in the budget year for which taxes are levied.

The County Assessor (the "Assessor") is responsible for the assessment of all taxable real property within the County, except for certain railroad property and pollution control, which is assessed directly by the State. One-third of the County is reassessed each year on a repeating triennial schedule established by the Assessor.

Property assessed by the County is subject to equalization by the State. The equalized value is added to the valuation of property assessed directly by the State (to which an equalization factor is not applied) to arrive at the assessment base used by the Clerk in determining the tax rate for the County's tax levy. By virtue of its Constitutional "home rule" powers, the County does not have a statutory tax limit, except as described below.

The County Board passed The Property Tax Relief Ordinance, which voluntarily restricts the growth in the aggregate real property tax levy for the General (Corporate and Public Safety

Accounts) and the CCHHS funds, to the lesser of 5% or the Consumer Price Index for All Urban Consumers. The Bond and Interest levy, the Pension levy and Election levy are excluded from this ordinance.

Property taxes are collected by the County Collector (who is also the County Treasurer), who remits to the County its respective share of the collections. Taxes levied in one year normally become due and payable in two installments, on March 1st and the latter of August 1st or 30 days after the mailing of the tax bills during the following year. The first installment is an estimated bill equal to 55% of the prior year's tax bill. The second installment is for the balance of the current year's tax bill, and is based on the current levy, assessment and equalization, and any changes from the prior year in those factors. Railroad property taxes (based on the State's assessments) are due in full at the time the second installment is due.

The 2015 levy year taxes are intended to finance FY2015, and are recorded as revenue in the government wide statements (full accrual) even though the tax bills are prepared and collected in the next fiscal year. In the governmental fund financial statements, the 2015 levy year taxes are reported as deferred inflows of resources (amounts are unavailable). For the governmental fund financial statements, property tax revenue for fiscal year 2015 represents the amount of property taxes levied in fiscal year 2014 and collected in fiscal year 2015 (and 60 days thereafter). Property tax receivable at November 30, 2015 in governmental funds and governmental activities represents the fiscal year 2015 taxes certified to the County Clerk in December 2015 and uncollected 2014 levy year taxes.

Property, on which property taxes are unpaid after the due date (see above), is eligible to be sold at a public sale. If property sold for taxes is not redeemed within two years, the tax buyer receives a deed to the property.

The Annual Appropriation Bill of the County contains a provision for an allowance for uncollectible taxes. It is the County's policy to review this provision annually and to make adjustments accordingly.

On July 29, 1981, State law requiring additional procedures in connection with the annual levying of property taxes, became effective. The law states that, if an aggregate annual levy, exclusive of election costs and debt service requirements, is estimated to exceed 105% of the levy of the preceding year, a public hearing shall be held on the proposed increase. If the final levy as adopted exceeds 105% of the prior year's levy and exceeds the proposed levy specified in the notice, or is more than 105% of such proposed levy and no notice was required, notice of the adoption of such levy must be published within 15 days of the adoption thereof. No amount in excess of 105% of the preceding year's levy may be extended unless the levy is accompanied by a certification of compliance with the foregoing procedures. The express purpose of the law is to require published disclosure of an intention to adopt a levy in excess of the specified levels. The County held public hearings on its 2015 budget, to comply with this law.

During 1995, the State extended the provisions of the Property Tax Extension Limitation Law (the "Limitation Law") to non-home rule taxing districts in the County. Subject to specific exceptions, the Limitation Law limits the annual growth in property tax extensions for the District to (i) 5% for taxes extended in 1995 and (ii) the lesser of 5% or the percentage increase

in the Consumer Price Index for All Urban Consumers during the calendar year preceding the relevant levy year for taxes extended in years after 1995.

All personal property taxes in the State of Illinois were abolished, effective January 1, 1979. A personal property replacement tax (the "PPRT") was enacted, effective July 1, 1979.

The PPRT represents an additional income tax for corporations (including certain utilities) at the rate of 2.5% of net taxable income; an additional income tax for trusts at the rate of 1.5% of net taxable income; a new income tax for partnerships and Subchapter S Corporations at the rate of 1.5% of net taxable income; and a new tax at the rate of 0.8% of invested capital for public utilities providing gas, communications, electrical and water services. Partnerships and Subchapter S Corporations previously had not been subject to the Illinois income tax.

The PPRT law provides that monies received by the County from the tax shall be applied, first, toward payment of the proportionate amount of debt service (if any), which was previously levied and extended against personal property for bonds outstanding as of December 31, 1978, and, second, applied toward payment of the proportionate share of the pension or retirement contributions of the County to the County Employees' and Officers' Annuity and Benefit Fund of Cook County which were previously levied and extended against personal property. The County does not have any remaining applicable debt and all PPRT collections are deposited in the Annuity and Benefit Fund for distribution to the County Employees' and Officers' Annuity and Benefit Fund of Cook County.

3. Inventories and prepaid expenses

Inventory (CCHHS) is valued at the lower of cost or market using the first-in, first-out method. In the Statement of Net Position, prepaid expenses represent prepaid insurance, paid upon the issuance of insured debt.

4. Capital assets

Purchases of capital assets, for all funds other than the Enterprise Fund, are recorded as an expenditure of the fund from which the expenditure was made in the fund financial statements.

Capital assets, which include property, plant, equipment, intangible assets (easements, software) and infrastructure assets (e.g. roads, bridges, curbs and gutters, and sidewalks and lighting systems) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the Enterprise Fund. Capital assets are defined, by the County, as assets with an initial individual cost of \$5,000 or more (\$1,000 for CCHHS) and an estimated useful life in excess of one year. Capital assets are recorded at cost. In the governmental activities, costs recorded do not include interest incurred as a result of financing asset acquisition or construction. Assets acquired by gift, bequest or through developer and other contributions are recorded at their fair market value at the date of acceptance. Upon sale or retirement, the cost of the assets and the related accumulated depreciation, if any, are removed from the accounts. Maintenance and repair costs are charged to operations.

Depreciation and amortization is provided over the estimated useful life of each class of assets. The estimated useful lives for assets are as follows:

| Assets | Years |
|---------------------------------|-------|
| Building & Other Improvements | |
| Buildings | 40 |
| Building Improvements | 20 |
| Land Improvements | 20 |
| Machinery & Equipment | |
| Fixed Plant Equipment | 10 |
| Institutional Equipment | 10 |
| Medical Dental Lab Equipment | 5 |
| Telecommunications Equipment | 5 |
| Computer Equipment and Software | 5 |
| Other Fixed Equipment | 5 |
| Furniture and Fixtures | 10 |
| Vehicle Purchases | 5 |
| Automotive Equipment | 5 |
| Infrastructure | |
| Bridges | 50 |
| Tunnels | 50 |
| Traffic Signals | 5 |
| Streets and Highways | 20 |

Depreciation and amortization on capital assets is computed on the straight-line method.

At November 30, 2015, the County was in the process of numerous construction and renovation projects at the various CCHHS sites. The construction in progress is recorded as expenditures in the governmental fund (Capital Projects Fund) and is recorded as a capital asset in the Statement of Net Position - governmental activities. Other expenditures from the capital projects fund of the County were for equipment, which amounted to \$17,128,696 and were transferred to CCHHS during fiscal year ended 2015, and are included in CCHHS as capital contributions.

5. Deferred Inflows of Resources and Unearned Revenue

In addition to assets, the statement of net position will report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of net position will report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The County reports deferred inflows of resources on its governmental fund financial statements. Deferred inflows of resources arise when potential revenue does not meet the "available" criteria for recognition in the current period in the governmental funds.

The Statement of Net Position and governmental funds' balance sheets' report unearned revenues. Unearned revenues arise when resources are received by the County before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures or other eligibility requirements. In subsequent periods, when revenue recognition criteria are met or when the County has a legal claim to the resources, the liability for unearned revenues is removed from the financial statements and revenue is recognized. See Note C (3) for information about CCHHS' unearned revenue.

6. Compensated Absences

<u>Governmental and Business-type Activities</u> – Employees can earn from 10 to 25 vacation days per year, depending on their length of employment with the County. An employee can accumulate no more than the equivalent of two years' vacation. Accumulated vacation leave is due to the employee, or employee's beneficiary, at the time of termination or death.

Salaried employees can accumulate sick leave at the rate of one day for each month worked, up to a maximum of 175 days. Accumulated sick leave is forfeited at the termination of employment; therefore, sick leave pay is not accrued and is charged as an expenditure/expense when paid.

Sick leave does not vest, but any unused sick and vacation leave, up to six months in duration, accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes.

Compensatory Overtime will accrue at a rate of 1 and ½ hours for every hour worked in week over forty (40) hours. An overtime eligible employee may "bank" up to 240 hours of compensatory time. All overtime hours worked above this limit must be compensated with overtime pay at the rate of 1 and ½ hours for every hour worked in a week over forty hours after banking 240 hours of compensatory time.

7. Claims Payable – CountyCare and Third Party Administrator

This liability represents amounts payable to providers outside of CCHHS for services provided to CountyCare members. This estimate reflects the estimated ultimate cost of services incurred but not paid, net of expected stop loss insurance recoveries. Management believes the claims liability is adequate to cover the claims incurred but not paid as of November 30, 2015. On March 28, 2014, the CCHHS Board approved a five-year contract with IlliniCare Health Plan, Inc. to provide third-party administrative services, managed care and clinical care services for CountyCare. The contract took effect July 1, 2014. Total costs of this contract are not to exceed \$1.796 billion over the contract period.

8. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bond issuance costs are expensed when incurred. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period.

The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Principal and interest payments are recorded as expenditures when due.

General obligation bonds and other forms of long-term debt supported by general revenues are obligations of the County as a whole and not of the individual constituent funds of the County. General obligation debt proceeds may be used to finance CCHHS projects, but are not recorded as liabilities in the Business-Type Activities. Un-matured obligations of the County are recorded as noncurrent liabilities in the Statement of Net Position.

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of County Employees' and Officers' Annuity and Benefit Fund of Cook County ("the A & B Plan") and additions to/deductions from the A & B Plan's fiduciary net position have been determined on the same basis as they are reported by the A & B Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

9. Fund Balances / Net Position

In accordance with the provisions of Governmental Accounting Standards Board Statement No. 54 ("GASB 54"), "Fund Balance Reporting and Governmental Fund Type Definitions", fund balance classifications comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in the governmental funds.

In the General Fund, it is the County's policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned) fund balances are available, followed by committed and then assigned resources. Unassigned amounts are used only after the other resources have been used. In all other governmental funds, it is the County's policy to consider restricted resources

to have been spent last when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned) resources are available. In those funds, the County considers assigned resources to have been spent first, followed by committed and then restricted resources.

Within the governmental fund types, the County's fund balances are reported in one of the following classifications:

Nonspendable – includes amounts that cannot be spent because they are either: a) not in spendable form; or b) legally or contractually required to be maintained intact.

Restricted – includes amounts that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the County removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The County's highest level of decision-making authority rests with the County Board. The County Board passes Ordinances to commit their fund balances.

Assigned – includes amounts that are constrained by the County's *intent* to be used for specific purposes, but that are neither restricted nor committed. Intent is expressed by: a) the County Board itself; or b) a body or official to which the Board has delegated the authority to assign amounts to be used for specific purposes. The County Board has not delegated the authority to assign amounts. The County Board assigns amounts for a specific purpose within the General Fund. Within the other governmental fund types (special revenue, debt service, capital projects) resources are assigned in accordance with the established fund purpose and approved appropriation. Residual fund balances in these fund types that are not restricted or committed are reported as assigned.

Unassigned – includes the residual fund balance that has not been restricted, committed, or assigned within the general fund and deficit fund balances of other governmental funds.

In the government-wide and proprietary fund statements of net position, equity is displayed in three components as follows:

Net Investment in Capital Assets – This consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, deferred outflows/inflows of resources attributable to capital assets or the related debt, and other debt that are attributable to acquisition, construction or improvement of the assets.

Restricted – This consists of net position that is restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such

as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This consists of net position (deficit) that does not meet the definition of "restricted" or "net investment in capital assets."

Net position for governmental activities follows the policy for the use of restricted and unrestricted resources outlined above. For Enterprise Funds and Business-type activities, the County considers restricted resources to have been spent first when an expense is incurred for which both restricted and unrestricted resources are available.

10. Cash Flows

For purposes of the Statement of Cash Flows, the County considers all unrestricted, highly liquid investments with a maturity date of three months or less from the date of purchase to be cash equivalents. Restricted investments consist only of investments with a maturity date greater than ninety days from the date of purchase.

11. Indirect Costs

Indirect costs are charged to various Federal programs, State programs and other funds based on a formal plan developed annually by the County. These costs are reflected as expenditures/expenses in those funds benefiting from the services provided and as reimbursements to the General Fund, which provides the services.

12. Use of Estimates

The preparation of financial statements, in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets, deferred outflows, liabilities, and deferred inflows and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

13. Governmental Activities Column Statement of Net Position

The Governmental Activities column for the County excludes debt related to business-type activities in the "Net investment in capital assets" line item totaling \$403,980,877. The County issues debt to finance construction projects for its business-type activities (CCHHS); however, the CCHHS owns the assets and the County retires the debt. The Statement of Net Position reports an adjustment column to properly reflect the entity wide net investment in capital assets.

14. Separately Issued Reports

Copies of this report and all other documents referred to herein, as well as copies of the Single Audit Report may be obtained from the Office of the Chief Financial Officer, Cook County Building, 118 North Clark Street, Suite 1127, Chicago, Illinois 60602.

Copies of the Health and Hospitals Systems Report can be obtained from the Chief Financial Officer, 1900 West Polk, Room 505, Chicago, Illinois 60612.

Copies of the Annual Appropriation Bill and the financial statements of the Forest Preserve District may be obtained from the office of the Chief Financial Officer of the Forest Preserve District, 69 West Washington Street, Suite 2060, Chicago, Illinois 60602.

Copies of the financial statements and actuarial reports of the Pension Funds may be obtained from the office of the Executive Director of the Cook County and Forest Preserve District Employees' and Officers' Annuity and Benefit Funds, 33 North Dearborn Street, Suite 1000, Chicago, Illinois 60602.

Copies of the Financial Statements of the Emergency Telephone System can be obtained at the Cook County Emergency Telephone System Board-911, 9511 West Harrison Street, Des Plaines, Illinois 60016.

II. Stewardship, compliance, and accountability

A. Budgetary information

1. The County

The development of the Cook County annual budget begins with the publication of a preliminary forecast, required by Executive Order to be prepared annually by the Budget Director. The preliminary forecast presents an initial projection of the upcoming fiscal year's revenues and expenditures and also provides a mid-year estimate of current fiscal year revenues and expenditures through year-end. Public input on the upcoming year's budget priorities are provided through an interactive website, social media, and a public hearing.

Each department submits a detailed request for appropriation. Meetings are subsequently held by the Budget Director with each department and elected official to review his/her budget request. The Budget Department, together with the Department of Revenue and the Chief Financial Officer, prepares an estimate of revenues and other resources available for appropriations. Based on overall County priorities, departmental budget requests, and available resources, the Budget Director prepares an Executive Budget Recommendation on behalf of the President. The Executive Budget Recommendation is then submitted to the County Board's Committee on Finance, which in turn holds public hearings with each department and elected official.

After public hearings on the executive recommended budget are completed, the Committee on Finance recommends the budget to the County Board with such amendments as it may deem appropriate. The County Board reviews the recommended budget, along with any further approved amendments that may be decided upon by the County Board, and approves the budget in the form of the Appropriation Ordinance. Current state statute, enacted prior to the current state constitution, provides that the Annual Appropriation Ordinance is to be adopted before March 1st of the current fiscal year.

The fiscal year budget is prepared on a budgetary accounting basis in which the current year's

encumbrances are treated as expenditures of the current period on the budgetary operating statements. Annual budgetary appropriation accounts are established for the General Fund, the Debt Service Fund, the Cook County Health and Hospital System (CCHHS), and Special Revenue Funds (other than Township Roads, State's Attorney Narcotics Nuisance Abatement, Environmental Management Services, Environmental Control Solid Waste Management, Governmental Grants, and other non-budgeted special revenue funds).

These appropriation accounts represent the maximum expenditures authorized during the fiscal year, and they cannot be legally exceeded unless subsequently amended by the County Board. Unexpended and unencumbered appropriations lapse at the end of each fiscal year. Unencumbered balances in the various fund accounts of the County and other fund accounts may be inadequate to pay for services already rendered because of unforeseen commitments at the time the Annual Appropriation Ordinance is passed. The Comptroller, Budget Director, and the Treasurer are authorized by the County Board to use these unexpended balances as transfers so that fund deficiencies may be appropriately adjusted. The Capital Projects Fund applies project length budgets for fiscal control.

The legal level of budgetary control as established by State Statute is at the object classification level within the department (for example personal services, contractual services, supplies and materials, etc.).

By operation of Law, the County's Debt Service Funds are funded by relevant bond ordinances, not through the appropriation bill. The County's bond ordinances and the indentures promulgated thereunder ensure that those who buy County Bonds receive payment without regard to whether the County appropriates real estate taxes by way of the appropriation bill. The sums set forth in the appropriation bill for Debt Service Funds reflect the County's projections regarding variable rate and fixed rate bonds, and those sums are utilized primarily to estimate the sums to be collected through the annual real estate levy for the General and Health Fund.

The Governmental Grants Fund, Sheriff Youthful Alcohol and Drug Education Fund, Township Roads Fund and the Other Non-budgeted Special Revenue Funds are not budgeted within the annual budgeting process, as discussed above. The County controls expenditures from non-budgeted funds by monitoring cash balances through its accounting and cash disbursement system.

The County Board may amend the Annual Appropriation Ordinance by approving appropriation transfers within a department's budget or between departments. The Budget Director may execute such transfers up to \$10,000 without action by the County Board, and as otherwise permitted by the Budget Resolution. Total appropriations for each fund cannot be increased unless the County Board approves a supplemental appropriation. During the year ended November 30, 2015, the County Board approved no supplemental appropriations.

B. Excess of expenditures over appropriations

For the year ended November 30, 2015, expenditures exceeded appropriations (non GAAP budget basis) for the funds listed below. Similar information for the General Fund is reported in the Notes to the Required Supplementary Information.

| | Fund/Department/Object Classification | Over-Expenditure |

***Categorization not applicable

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal policy on interest rate risk.

Credit Risk. The County Code of Ordinances ("Code") limits investments in commercial paper to banks whose senior obligations are rated in the top two rating categories by two national rating agencies and maintain such rating during the term of such investment. This requirement is more restrictive than what is allowed under the State law. The Code also limits investments in domestic money market mutual funds to those regulated by and in good standing with the Securities and Exchange Commission.

Certificates of Deposits are also limited by the Code to national banks which are either fully collateralized by at least 102% with marketable U.S. Government securities marked to market at least monthly, or secured by a corporate surety bond issued by an insurance company licensed to do business in Illinois, have a claims-paying rating in the top rating category by a nationally recognized statistical rating organization, and maintain such rating during the term of such investment.

| Type of Investment | Moody's/ Standard Poor's Rating | Carrying Amount |
|--|---------------------------------------|--------------------|
| Other Debt Securities | Aaa/AA+ | \$ 1,125,882 |
| Federal National Mortgage Association | Aaa/AA+ | 93,388,550 |
| Federal Home Loan Mortgage Corporation | Aaa/AA+ | 5,494,002 |
| Governmental National Mortgage Association | Aaa/AA+ | 2,608,342 |
| Money Market Mutual Funds | Aaa/Not rated | 133,037,833 |
| Money Market Mutual Funds | Not rated/AAA | 160,876 |
| Money Market Mutual Funds | Not rated | 5,120,145 |
| Repurchase Agreements | Not rated | 1,618,693 |
| Illinois Funds | Not rated/AAA | 1,273 |

Custodial Credit Risk – Cash and Certificates of Deposit. In the case of deposits, this is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The Treasurer's Investment Policy states that in order to protect the County's public fund deposits, depository institutions are required to maintain collateral pledges on County certificates of deposit during the term of the deposit of at least 102%, consisting of marketable U.S. Government or approved securities or surety bonds issued by top-rated issuers. Collateral is required as security whenever deposits exceed the insured limits of the FDIC. Collateral is held by the County's agent in the name of the County. The carrying value of Cash – Demand Deposits was \$998,633,150 as of November 30, 2015. The County's deposits were not exposed to custodial credit risk as of November 30, 2015.

Custodial Credit Risk – Investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The County had no custodial credit risk exposure as of November 30, 2015 because all investments are held by the County's agent in the County's name.

Foreign Currency Risk – This is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The risk of loss is managed by limiting its exposure to fair value loss by requiring their international securities managers to maintain diversified portfolios. As of November 30, 2015, the County was not invested in any foreign investments or deposits.

Concentration of Credit Risk – The County does not have a formal policy on concentration of credit risk. As of November 30, 2015, the following investments exceeded 5% of the County's total investment portfolio: FNMA \$93,388,550 (39%).

Other – The Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments in the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at share price, which is the price the investment could be sold for.

2. Pension Trust Fund (the "County Employees' and Officers' Annuity and Benefit Fund" which is a separate body politic from the County)

The Pension Trust Fund is authorized to invest in bonds, notes, certificates of indebtedness, mortgage notes, real estate, stocks, shares, debentures, or other obligations or securities as set forth in the "prudent person" provisions of the State Statutes. All of the Pension Trust Fund's financial instruments are consistent with the permissible investments outlined in the State Statutes and any index-linked financial instruments are limited to those indices that replicate the permissible investments outlined in the State Statutes. The following table represents a summarization of the fair value (carrying amount) of the Pension Trust Fund's investments as of December 31, 2014. There were no investments that represent 5% or more of the Pension Trust Fund's net position held in trust or benefit purposes in a single issuer (other than the U.S. Government).

| Type of Investment | | Fair Value |
|---|----|---------------|

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The Pension Trust Fund has set the duration for each manager's total fixed income portfolio to fall within plus or minus 30% of the duration for the fixed income performance benchmark (Barclays Capital Aggregate Fixed Income, which was 5.55 years at December 31, 2014). The following table presents a summarization of the Plan's debt investments at December 31, 2014 using the segmented time distribution method:

Investment Maturities (in Years) Less More **Type of Investment** Than 1 1 - 5 6 - 10 Than 10 Fair Value \$ 70,779,443 201,547,638 342.338.742 242.543.755 857.209.578 Corporate bonds \$ \$ \$ \$ Comingled Fixed Income 25,893,428 25,893,428 U.S. Government and 337,059,785 186,525,528 government agency obligations 20,307,593 565,775,285 1,109,668,191 587,544,323 Short-term 587,544,323 Total \$ 678,631,359 \$ 564.500.851 \$ 528,864,270 \$ 808.319.040 \$ 2,580,315,520

COOK COUNTY, ILLINOIS NOTES TO BASIC FINANCIAL STATEMENTS November 30, 2015

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. U.S. Government obligations or obligations explicitly guaranteed by the U.S. Government are not considered to have credit risk and do not require disclosure of credit quality. The Pension Trust Fund has set the average credit quality for the total fixed income portfolio of not less than A- by two out of three credit agencies (Moody's Investor Service, Standard & Poor's and/or Fitch).

The following table presents a summarization of the credit quality ratings of investments as of December 31, 2014 as valued by Moody's Investors Service /Standard & Poor's:

| Type of Investment | Rating* | 2014 |

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Pension Trust Fund will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of December 31, 2014, the Pension Trust Fund was not exposed to custodial credit risk.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The Pension Trust Fund limits the amount of investments in foreign equities to 20% of total Pension Trust Fund assets and foreign fixed income obligations to 2.5% of total Pension Trust Fund assets.

The Pension Trust Fund's exposure to foreign currency risk as of December 31, 2014 is as follows:

| Type of Investment | Fair Value (USD) 2014 |
|--------------------|--------------------------|
| Equities: | |
| Australian dollar | \$ 78,719,386 |

Securities Lending. State Statutes and the Board of Trustees permit the Pension Trust Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return collateral for the same securities in the future. The Pension Trust Fund's custodian, acting as the lending agent, lends securities for collateral in the form of cash, U.S. Government obligations and irrevocable letters of credit equal to 102% of the fair value of domestic securities plus accrued interest and 105% of the fair value of foreign securities plus accrued interest.

The Pension Trust Fund does not have the right to sell or pledge securities received as collateral unless the borrower defaults. The average term of securities loaned was 108 days for 2014; however, any loan may be terminated on demand by either the Pension Trust Fund or the borrower. Cash collateral was invested in a separately managed portfolio which had an average weighted maturity at December 31, 2014 of 57 days.

Although the securities lending activities are collateralized as describe above, they involve both market and credit risk. In this context, market risk refers to the possibility that the borrower of securities will be unable to collateralize the loan upon a sudden material change in the fair value of

the loaned securities. Credit risk refers to the possibility that counterparties involved in the securities lending program may fail to perform in accordance with the terms of the contract.

Indemnification deals with the situation in which a client's securities are not returned due to the insolvency of a borrower. The contract with the lending agent requires indemnification to the Pension Trust Fund if borrowers fail to return the securities or fail to pay the Pension Trust Fund for income distributions by the issuers of securities while the securities are on loan.

As of December 31, 2014, the fair value (carrying amount) of loaned securities was \$1,386,654,050 and the fair value (carrying amount) of cash collateral received by the Pension Trust Fund was \$1,308,676,647. Securities on loan included equities, U.S. and international equities, U.S Government and government agency obligations, exchange traded funds and corporate bonds. As of year-end the fair value of the non-cash collateral received by the Pension Trust Fund was \$114,258,432.

When Issued Transactions. The Pension Trust Fund may purchase securities on a when-issued basis, that is, obligate itself to purchase securities with delivery and payment to occur at a later date. At the time the Pension Trust Fund enters into a commitment to purchase the security, the transaction is recorded at purchase price which equals value. The value at delivery may be more or less than the purchase price. No interest accrues to the Pension Trust Fund until delivery and payment takes place. As of December 31, 2014, the Pension Trust Fund contracted to acquire securities on a when-issued basis with a total principal amount of \$89,770,000.

Derivatives. The Pension Trust Fund's investment policy permits the use of financial futures. Speculation and leveraging of financial futures within the portfolio is prohibited. The Plan uses derivative financial instruments to gain exposure to an asset class, manage portfolio risk or to facilitate international portfolio trading.

A derivative security is a financial contract whose value is based on, or "derived" from, a traditional security, an asset, or a market index. Derivative instruments include forward currency contracts and futures contracts as part of the Pension Trust Fund's investment portfolio.

Derivative transactions involve, to varying degrees, credit risk, interest rate risk and market risk. Credit risk is the possibility that a loss may occur because a party to a transaction fails to perform according to the previously agreed upon terms. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Market risk is the possibility that a change in interest or currency rates will cause the value of a financial instrument to decrease or become more costly to settle.

Forward currency contracts are used to hedge against fluctuations in foreign currency-denominated assets used primarily in portfolio trade settlements. These contracts are a cash contract in which a seller agrees to deliver a specific cash commodity to a buyer sometime in the future. Forward agreements are subject to the creditworthiness of the counterparties, which are principally large financial institutions. Forward currency contracts are reported at fair value in the receivable for securities sold and payable for securities purchased on the Combining Statement of Pension Plan Fiduciary Net Position and Postemployment Healthcare Plan Net Position included in investments. The gain or loss on forward currency contracts is recognized and reported on the Combining Statement of Changes in Pension Plan Fiduciary Net Position and Postemployment Healthcare Plan Net Position and Postemployment Healthcare Plan Net Position Plan Fiduciary Plan Fiduciary Net Position Plan Fiduciary Plan Fi

Net Position as part of investment income. The foreign currency contracts are short-term in nature, typically ranging from a week to three months.

The Pension Trust Fund uses futures contracts as an investment vehicle to gain exposure to an asset class with minimal market entry costs to the Pension Trust Fund. At December 31, 2014, the Pension Trust Fund had futures contracts with a fair value of \$13,566,225 and a notional value of \$341,238,940 and a maturity date of March 20, 2015 for all contracts.

Futures contracts are reported at fair value in the equity investments on the Combining Statement of Pension Plan Fiduciary Net Position and Postemployment Healthcare Plan Net Position. The gain or loss on futures contracts is reported as part of investment income on the Combining Statement of Changes in Pension Plan Fiduciary Net Position and Postemployment Healthcare Plan Net Position.

The Pension Trust Fund's portfolio includes the following derivative instruments at December 31, 2014:

| | 2014 | Change in Fair Value |
|---|--|-------------------------------------|
| Forward currency contract receivables Forward currency contract payable | \$ 20,662,823 (20,407,274) 255,549 | \$ |
| U.S. Equity Index Futures Contracts International Equity Index Futures Contracts | 13,566,225 | 3,963,802 (162,770) 3,801,032 |
| Total derivative instruments | \$ 13,821,774 | \$ 3,801,032 |

As of December 31, 2014, the Plan had capital commitments of approximately \$405 million for various limited partnership and private equity investments.

C. Interfund receivables, payables, and transfers

During the course of normal operations the County has numerous transactions between funds including expenditures and transfer of resources to provide services. These transactions are recorded as transfers, which move resources from revenue collecting funds and Non-major funds to finance various programs in the General Fund in accordance with budgetary authorizations. The County also contributes property taxes levied for pension contributions and certain services, such as purchasing, data and payroll processing, to the operations of CCHHS. The transfers of these amounts (\$62,987,754 for fiscal year 2015) are reported as other financial sources (uses) in the Governmental Funds and as transfers in the Enterprise Funds. The County also contributes capital assets to CCHHS, which are not recorded in the overall transfer amounts. These capital contributions (\$17,128,696 for fiscal year 2015) are reported separately as capital contributions on the Proprietary Fund Statement of Net Position, and as transfers in the Government-wide Statement of Net Position (see Note VII for further information).

Transfers between fund types during fiscal year 2015 included:

Transfers Summary - All Funds

| November 30, 2015 | Transf | er In | Tra | nsfer Out |
|---|----------------|---------|---------------|------------|
| General Fund - | | | | |

| Total all funds | <u>\$ 144,</u> | 431,260 | \$ 1 4 | 44,431,260 |

Interfund receivable and payable balances among Governmental and Proprietary Funds at year end are the result of the time lag between the dates that inter-fund goods and services are provided, the date the transactions are recorded in the accounting system and the date payments between funds are made. Interfund receivables and payable also are a result of reclassifications of cash between funds to eliminate negative cash balances in a particular fund as of November 30, 2015. Balances between Agency Funds and Governmental Funds are a result of payments made to refund property taxes that have not been reimbursed by the Governmental Funds.

| Interfund Receivables and Payables November 30, 2015 | Receivable Fund Due from | Payable Fund Due from | | | |

D. Leases

Operating Leases

The CCHHS leases data processing and other equipment. Lease agreements frequently include a renewal option and usually require the CCHHS to pay for maintenance costs. Rental payments for operating leases are charged to operating expense in the period incurred. Rental expense for operating leases was approximately \$8.4 million for fiscal year 2015.

Estimated minimum future lease payments under non-cancelable lease obligations for fiscal years ending November 30 are as follows:

| Year | Amount |
|------------|---------------|
| | |
| 2016 | \$ 7,509,554 |
| 2017 | 4,381,636 |
| 2018 | 3,101,399 |
| 2019 | 1,598,555 |
| 2020 | 748,963 |
| Thereafter | 1,003,337 |
| | |
| | \$ 18,343,444 |
| | |

E. Long-term debt

_

1. Outstanding Long-term Debt

The County's debt is issued pursuant to the County's home rule powers under the 1970 Constitution of the State of Illinois and authorizing ordinances adopted by the County Board. The County has authority to incur debt payable from ad valorem property tax receipts or from any other lawful source and maturing within 40 years from the time it is incurred without prior referendum approval.

As of November 30, 2015, the total portfolio is comprised of \$3.5 billion par value General Obligation and Sales Tax Revenue Bonds, as shown in the following table:

| Fiscal Year | Total Principal | | | Total Interest | Total Requirements | | | |
|-------------|--------------------|---------------|----|-------------------|-----------------------|---------------|--|--|
| 2016 | ¢ | 100 200 000 | ¢ | 1 60 50 4 00 1 | ¢ | 260 70 4 00 1 | | |
| 2016 | \$ | 100,200,000 | \$ | 160,594,901 | \$ | 260,794,901 | | |
| 2017 | | 121,390,000 | | 156,209,690 | | 277,599,690 | | |
| 2018 | | 140,115,000 | | 150,459,069 | | 290,574,069 | | |
| 2019 | | 154,095,000 | | 144,296,244 | | 298,391,244 | | |
| 2020 | | 161,370,000 | | 137,425,721 | | 298,795,721 | | |
| 2021 - 2025 | | 920,730,000 | | 565,086,777 | | 1,485,816,777 | | |
| 2026 - 2030 | | 1,050,100,000 | | 344,839,701 | | 1,394,939,701 | | |
| 2031 - 2035 | | 811,391,750 | | 115,048,222 | | 926,439,972 | | |
| 2036 - 2037 | | 11,625,000 | | 879,000 | | 12,504,000 | | |
| Total | \$ | 3,471,016,750 | \$ | 1,774,839,325 | \$ | 5,245,856,075 | | |

Interest on variable rate debt was calculated using the interest rate at fiscal year-end, November 30, 2015, and assumes that current rates remain the same.

Series 2004D – 0.210% Series 2012A – 0.869% Series 2012B – 0.968% Series 2014C – 0.480%

2. General Obligation Bonds

General Obligation Bond Debt Service Funds are maintained for the retirement of bonded debt. Property tax receipts are directly deposited with a bond trustee by the County's Treasurer for the payment of principal and interest.

Some of the County's bonds are variable rate demand bonds (see details on following pages). The interest requirements reported below are based on the rates in effect as of November 30, 2015. Actual interest expense could be materially different.

The annual debt service requirements to retire long-term bonds outstanding at November 30, 2015, as presented below in Table 1, is based on the stated maturities of the various bond indentures, including variable rate demand bonds (both direct placements and variable rate demand bonds) and assumes that these bonds will be remarketed and that credit facilities for these bonds will be renewed over the term of the bond indentures. Should the variable rate demand bonds not be remarketed or direct placement credit facilities are not extended, the actual debt maturities as presented could accelerate significantly (see Table 2).

| Outstanding General Obligation Debt | | | | | | | | | | | | |

Table 1

Variable Rate Demand Bonds

As of November 30, 2015, the County had one bond series that was variable rate demand bonds – Series 2004D. Additional series with similar features that were held as direct purchase agreements with commercial banks includes the Series 2012A, Series 2012B and Series 2014C.

All variable rate demand bonds are direct general obligations of the County to which the County has pledged its full faith, credit and resources. Under certain circumstances, investors in these variable rate demand bonds have the right to demand payment of their demand bonds. If any such demand bonds are not remarketed to other investors, the County is required to purchase the demand bonds. The County has entered into agreements to prepare for such demands. The details of the agreements are outlined below.

The rate basis for the Variable Rate Demand Bonds is calculated in a Weekly Rate Mode and bears interest (computed on the basis of a 365-day or 366-day year as applicable for the actual number of days in the period) at the Weekly Rate from the closing date and from each Weekly Rate Conversion Date to the earlier of the following; Conversion Date or its Maturity. The Weekly Rate for each Weekly Interest Period shall be the lowest rate of interest which will, in the judgment of the Remarketing Agent, have due regard for prevailing financial market conditions, permit the Bonds to be remarketed at par, plus accrued interest, on the first day of such Weekly Interest Period. Each determination of a Weekly Rate by the Remarketing Agent shall be conclusive and binding upon the County, the Trustee, the Tender Agent, the Liquidity Provider and the Bondholders. As of November 30, 2015, the County had one bond series that was variable rate demand bond, which had the following rates:

Series 2004D - 0.210%

The County also had three series of Variable Rate Bonds that were directly purchased by commercial banks and that are subject to variable rates of interest. Those series are:

Series 2012A – 0.869% Series 2012B – 0.968% Series 2014C – 0.480%

Direct Pay Letter of Credit

On December 1, 2014, the County converted the credit facility for the Series 2004D bonds (\$130 million) which were supported by the Barclays Bank PLC Standby Bond Purchase Agreement to a direct pay letter of credit also with Barclays Bank PLC. The new direct pay letter of credit agreement (agreement) allows the County to borrow money, under certain conditions, for the purchase of any demand bonds not remarketed. The agreement will expire December 1, 2017. The trustee is entitled to draw an amount sufficient to pay the purchase price of the bonds delivered to the bank. Under the agreement, any advances would incur an interest rate equal to the Bank Rate, which is the Base Rate for the first 60 days. For the 61st day to the 180th day, interest would incur at the Base Rate plus 1.0%, and from the 181st day, and thereafter, interest would incur at the Base Rate plus 2.50% per annum or 150% of the yield on the 30 year United States Treasury bonds. In the event of default, the rate would be equal to the Base Rate plus 4%. The County is required to pay

Barclays Bank PLC a quarterly commitment fee for the agreement currently at 0.55% of the liquidity facility amount. These bonds have a final maturity date of November 1, 2030. The County is required to comply with the agreed-upon bank covenants. In an event of default, the Bank may declare all obligations due and payable, in accordance with the agreement, which states all outstanding bonds shall be redeemed on the 1st business day of January following the first 15th day of February following the occurrence of default. The terms of default include a rating threshold for County General Obligation Bonds below Baa2/BBB/BBB from Moody's, Fitch and Standard & Poor's, respectively. As of November 30, 2015, the County had not drawn any funds under its existing Direct Pay Letter of Credit.

Direct Placements Agreements

Series 2012A

In July 2012, the County issued \$145.5 million Series 2012A variable rate bonds in a direct purchase with JP Morgan Chase Bank. The interest rate for the series is reset monthly and is equal to 74% of the one month LIBOR rate plus an applicable spread, which is subject to the maintenance of the lowest current long-term, unenhanced credit rating(s) assigned to unsecured general obligation bonded debt of the County. Based on the lowest current long-term rating of A2 from Moody's and A+ from Fitch, the interest rate is set at 74% of LIBOR plus 98 basis points. At November 30, 2015 this rate was 0.869%. The bonds are subject to a tender date of August 1, 2017 at a purchase price equal to par plus accrued and unpaid interest at the end of the initial interest rate period. In the event the bank has not received the purchase price of the bonds on the tender date, the bonds will incur interest at the Base Rate, which is the highest of the Prime Rate and 1 Month LIBOR plus 2.5%. If the County's ratings adjust downwards, the applicable spread is set to increase by 10 basis points per notch with the default rate being applicable if the rating drops to BBB-/BBB-/Baa3 for Fitch, S&P and Moody's, respectively. In an event of default, the rate would be equal to the Base Rate plus 4%. The maximum allowable rate under the Master Bond Ordinance is 10% per annum. In accordance with the Trust Indenture, the County is required to comply with the agreed-upon bank covenants; non-compliance would result in an event of default triggering a mandatory redemption of the bonds. In the event of a mandatory redemption of the bonds, all outstanding bonds shall be mandatorily redeemed on the 1st day of January following the 15th day of February following the first business day after the Bonds began to bear interest at the Term Out rate.

Series 2012B

In August 2012, the County issued \$107.8 million Series 2012B variable rate taxable bonds in a direct purchase with Bank of America. The interest rate for the series is reset monthly and is equal to the one month LIBOR rate plus an applicable margin, which is subject to the maintenance of the lowest current long-term, unenhanced credit rating(s) assigned to unsecured general obligation bonded debt of the County. Based on the lowest current long-term rating of A2 from Moody's and A+ from Fitch, the interest rate is set at LIBOR plus 77.5 basis points. At November 30, 2015 this rate was 0.968%. The bonds are subject to a mandatory purchase date of August 23, 2016 at a purchase price equal to 100% of the principal amount thereof plus accrued interest on the purchase date. In the event that the bank has not received the purchase price of the bonds on the mandatory purchase date, the bonds will incur interest at the Bank Rate, which is the Base Rate for the first 90 days thereafter at the Base Rate plus 1%. The Base Rate is the highest of the Prime Rate plus 1.5%,

Federal Funds Rate plus 3%, and 7.5%. If the County's ratings adjust downward, the applicable spread is set to increase by 10 basis points per notch with the default rate being applicable if the rating drops to BBB-/BBB-/Baa3 for Fitch, S&P and Moody's respectively. In an event of default, the rate would be equal to the Base Rate plus 3%. The maximum allowable rate under the Master Bond Ordinance is 10% per annum. In accordance with the Trust Indenture, the County is required to comply with the agreed bank covenants; non-compliance would result in an event of default triggering a mandatory redemption of the bonds. In the event of a mandatory redemption of the bonds in Term-Out mode, all outstanding bonds shall be redeemed on the 1st day of January following the 15th day of February following the first business day after the mandatory Term-Out redemption date at the redemption price of 100% of the principal amount plus accrued interest to the Term Out redemption date.

Series 2014C

In October 2014, the County issued \$100.1 million Series 2014C variable rate bonds in a direct purchase with Wells Fargo Municipal Capital Strategies LLC. The interest rate for the series is reset weekly and is equal to the SIFMA rate plus an applicable spread, which is subject to the maintenance of the lowest current long-term, unenhanced credit rating(s) assigned to unsecured general obligation bonded debt of the County. Based on the current long-term rating of A2 or higher from Moody's, and A or higher from Fitch and S & P, the interest rate is set at SIFMA plus 47 basis points. At November 30, 2015, this rate was 0.48%. The bonds are subject to a tender date of September 30, 2017 at a purchase price equal to par plus accrued and unpaid interest at the end of the initial interest rate period. In the event the bank has not received the purchase price of the bonds on the tender date, the bonds will incur interest at the Base Rate, which is the highest of the Prime Rate plus 1.00%, Federal Funds Rate + 2.00%, and 7%. If the County's ratings adjust downward, the applicable spread is set to increase by 10 basis points per notch until ratings adjust to A3/A-/Awith Moody's, Fitch and S&P, respectively. The spread will be 102 basis points at Baa1/BBB+/BBB+ level from Moody's, Fitch and S&P, respectively and 137 basis points at Baa2/BBB/BBB level with Moody's, Fitch and S&P, respectively. The default rate being applicable if the rating drops to Baa3/BBB-/BBB- for Moody's, Fitch and S&P, respectively. In an event of default, the rate would be equal to the Base Rate plus 3%. The maximum allowable rate under the Master Bond Ordinance is 10% per annum. In accordance with the Trust Indenture, the County is required to comply with the agreed bank covenants; non-compliance would result in an event of default triggering a mandatory redemption of the bonds. In the event of a mandatory redemption of the bonds in Term-Out mode, all outstanding bonds shall be mandatorily redeemed on the 1st day of January following the 15th day of February following the first business day after the Bonds began to bear interest at the Term Out rate.

The County's underlying rating on its general obligation bonds is currently A2/AA/A+ from Moody's Investors Service, Standard & Poor's and Fitch Ratings, respectively. All three agencies currently maintain negative outlooks on their respective ratings.

Under the terms of the associated credit agreements with the County's outstanding variable rate bond series, in the occurrence of a failure to renew the credit facility prior to expiration, or in the instance of a failed remarketing for the Series 2004D, the amount of interest required at each interest payment date would increase significantly, and the due dates for the principal retirements would be significantly accelerated.

The debt service requirements that would be necessary if these provisions were exercised (GASB defined "take-out" agreements), compared to how amounts are reported in Table 1, are as follows with amounts in thousands:

| | Series 2004 D Se | | | | | | | | | | Series | es 2012A | | | | | |

| rate bonds, which were originally issued to finance capital projects. | | 100,141,750 |
| Total County General Obligation bonds | \$ 3 | 3,362,051,750 |

Revolving Line of Credit-Series 2014D Note Payable

On December 19, 2014, the County entered into an agreement for \$125.0 million General Obligation Bond Series 2014D as a variable rate revolving line of credit with PNC. The line is structured as a revolving variable rate note that can be drawn and repaid until December 19, 2016. The County has drawn \$6.5 million and that balance remains outstanding as of November 30, 2015. The purpose of the line of credit is to provide a financing mechanism for capital projects during the acquisition/construction phase of each such project. Initially, the County pays for any capital equipment purchases from operating cash on hand, and then subsequently reimburses the operating funds from the line of credit on an as-needed basis. The County plans to pay off any balance on the line of credit by issuing long term debt. Currently, the interest rate for the series is reset daily and is equal to 70% of the daily LIBOR Rate plus an applicable spread, which is subject to the maintenance of any two of the lowest current long-term, unenhanced credit rating(s) assigned to unsecured general obligation bonded debt of the County. Based on the two lowest current long-term rating of A2 from Moody's and A+ from Fitch, the interest rate is set at 70% of LIBOR plus 42 basis points. As of November 30, 2015 this rate was 0.591%.

Sales Tax Revenue Bonds

The \$24.95 million 2013 Sales Tax Revenue – Qualified Energy Conservation Bonds, with a bullet maturity in November 2035, and invested sinking fund installments due in earlier years to create overall level debt service, were issued to fund energy conservation projects during the next several fiscal years. The bonds have an interest rate of 5.354% and are due in annual installments of \$144,677 to \$1,280,807. The bonds qualify for a 70% of 5.33% interest subsidy for the life of the bonds, less a 7.15% sequestered reduction under current federal law. As of November 30, 2015, the County has deposited \$1.7 million into the principal sinking fund. The pledge of sales tax will remain until the final maturity in November 2035. The amount of pledges remaining at November 30, 2015 is \$51,656,106.

The \$90 million 2012 Sales Tax Revenue Bonds were issued for highway capital projects and are to be paid from the County's home-rule sales tax revenues. The bonds have an interest rate of 2.00% to 5.00% and are due in annual installments of \$1,355,000 to \$27,070,000. The pledge of home rule sales tax revenues will remain until all bonds are retired in FY 2037. The amount of pledges remaining as of November 30, 2015 is \$137,566,714.

The \$24.95 million 2013 Sales Tax Revenue Bonds and the remaining \$84.02 million 2012 Sales Tax Revenue Bonds are paid from the County's home-rule sales tax revenues. The pledge of home rule sales tax revenues will remain until all bonds are retired in FY 2035 and FY 2037, for the 2013 and 2012 bonds, respectively. Deposits are made monthly to the financial institution serving as trustee for the bonds, Bank of New York Mellon, as detailed in an associated trust indenture, though interest payments are made semi-annually and principal payments are made annually.

*Compensated absences will be liquidated by the applicable governmental funds that account for the salaries and wages of the related employees. Self-insurance claims, property tax objections and pollution remediation liabilities will generally be liquidated from the General Fund. Pension and OPEB liabilities will be liquidated by the Annuity and Benefit (A & B) Fund.

** December 1, 2014 balances have been restated for the implementation of GASB 68.

4. Property Tax Objections

The County refunds property taxes collected in error and those pertaining to the settlement of prior year property tax objection suits. Property tax objection suits are classified as either a tax objection or "illegal rate" cases. Tax objections have substantially been resolved through 2011. The "illegal rate" cases have been settled through and including 2004, which were paid out in January 2016. The outstanding "illegal rate" cases remain open from 2005-2013, as of November 30, 2015. The deadline to file 2014 illegal cases and specific objections was January 15, 2016. The County has estimated potential amounts payable relating to such years for which suits have been filed but are not settled or adjudicated. Additional amounts have been estimated for other specific property tax objections and errors for which refunds are expected to be paid.

All settlements and tax refunds are payable from current collections of relevant taxing districts associated with the property at issue, in tax objections or the refund applications.

These amounts are reflected as noncurrent liabilities since payments will be made from future property tax collections (including refunds pertaining to prior tax levy years).

The following schedule summarizes the activity of property tax objections during the fiscal year ended November 30, 2015:

| | isiness-type Activities | - | overnmental Activities |
|--|-------------------------------|----|---------------------------|
| Property tax objection liability, November 30, 2014 Current year activity | \$ 10,826,604 2,388,908 | \$ | 78,421,383 3,962,870 |
| Property tax objection liability, November 30, 2015 | \$ 13,215,512 | \$ | 82,384,253 |

5. Pollution Remediation

The County's Department of Facilities Management consistently responds to the urgent or immediate needs of other departments whenever asbestos removal is required due to a remodeling project, valve, piping or other necessary repair, the entire area is abated, not just the immediate need. In accordance with GASB 49, the County has developed a list of known areas to have contaminated materials and the projected remediation costs. In the opinion of County management, the amount recorded of \$1,347,000 as of November 30, 2015 appears to be adequate to reflect future payments which constitute an estimate of manpower and materials. This has been recorded as a noncurrent liability, due within one year on the government-wide Statement of Net Position.

6. Fund Balance

At November 30, 2015, the County's fund balances were classified as follows:

| | General | N | lotor Fuel Tax | Capital | Projects | I | Debt Service | nmajor Special evenue Funds | Total |

IV. Other Information

A. Risk Management

1. The County

The Self Insurance Fund, a sub-fund of the General Fund, is used to account for certain risk financing activities of the County. Additionally, liabilities pertaining to self-insured claims for CCHHS are reported in the CCHHS Fund. The County is self-insured and believes that it is more economical to manage its risks internally within certain risk tolerances and to set aside funds as needed for current claim settlements and adverse judgments through annual appropriations, surplus funds and bond proceeds. Since December 31, 2000, the County has purchased excess liability insurance coverage related to medical malpractice and other claims. The current medical malpractice policy, as of November 30, 2015, is on a claims-made basis and provides up to \$75,000,000 of limits above the County's self-insured retention of \$25,000,000 per claim. The municipal policy is on an occurrence basis and provides \$35,000,000 of coverage above the County's retention of \$15,000,000 per claim.

The municipal policy provides coverage not only for bodily injury and property damage losses but extends coverage to include employment practices liability, law enforcement liability, public official's liability and employee benefits liability. Beginning in 2011, the County purchased property insurance which provides replacement cost coverage for physical damage to County's buildings, contents and inventory from covered causes of loss. It also provides coverage for extra expenses incurred to continue operations after a loss. The County's deductible is \$250,000. There is no excess coverage for workers' compensation claims. The County annually evaluates risk transfer options within the insurance marketplace and adjusts limits and retentions accordingly.

The claims liabilities reported on the government-wide statement of net position and within the CCHHS enterprise fund have been determined by management with the assistance of an external actuary and include an estimate of incurred but not yet reported losses (IBNR). Estimated losses for workers' compensation include allocated loss adjustment expenses (ALAE). ALAE are the direct expenses for settling specific claims such as legal defense fees, expert witness fees and court reporting fees. They do not include internal defense costs. Unallocated loss adjustment expenses are the indirect expenses to settle claims, primarily administration and claims handling expenses. The litigation expense reserve is \$40.9 million. As of November 30, 2015, the County has recorded a government-wide total liability of \$382.6 million for self-insurance claims. The County has estimated \$77.2 million of the total liability as a long-term liability that is due within one year. Of the total liability for self-insurance claims, \$224.6 million is reported in governmental activities of the County and \$158.0 million is reported in business-type activities (and the CCHHS Fund).

The County funds its self-insurance claims, including those of the CCHHS, on a current basis and has the authority to finance such liabilities through the issuance of bonds, the levy of property taxes or other means. While it is difficult to estimate the timing or amount of expenditures, management of the County believes that the self-insurance liabilities recorded in the statement of net position at November 30, 2015, represent probable losses resulting from medical malpractice, workers' compensation, general liability, automobile, civil rights and other liability claims including incurred but not reported claims. The self-insurance liabilities recorded are based on facts known at the current time (and IBNR as discussed above). However, the discovery of additional information concerning specific cases could affect estimated losses in the future.

The following table presents the activity of the County during fiscal years 2014 and 2015 for the primary classifications of long-term liabilities:

*represents the present value of the estimated losses based on a 1.68% discount rate.

B. Encumbrances/Commitments

The encumbrance system of accounting is followed in all governmental funds under which current year's appropriations are charged when purchase orders, contracts and other commitments are made in order to reserve that portion of the applicable appropriation.

Encumbrances are not the equivalent of expenditures/expenses in GAAP operating statements; therefore, the reserve for encumbrances is reported as part of the restricted, committed or assigned fund balance. The County's total encumbrances were \$154,569,197 at November 30, 2015: General Fund - \$22,602,352; Motor Fuel Tax Fund - \$51,756,511; Capital Projects Funds – \$62,211,101; and Nonmajor Governmental Funds - \$17,999,233.

The County had contractual commitments for construction activities totaling \$113,967,612 at yearend. This amount includes architectural, engineering and construction amounts and will be financed with proceeds from future debt issues.

C. Contingent liabilities

1. Federal and State grant programs

The County participates in a number of Federal and State grant programs. The County's participation in these programs is subject to financial and compliance audits by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant.

2. Arbitrage Liability

The Tax Reform Act of 1986 requires issuers of state and local government bonds to rebate to the federal government arbitrage profits earned on those bonds under certain circumstances. There was no arbitrage liability at November 30, 2015.

D. Conduit debt obligations

The following information represents outstanding limited obligation non-government debt issues, which bear the name of the County. These debt issues are not obligations of the County, and the County solely served as a conduit issuer for these non-recourse debt issuances.

As of November 30, 2015, the County had participated in thirteen (13) Revenue and Industrial Development Bonds or Multi-family Housing Revenue Bond issues for the purpose of assisting private for profit or non-profit entities in financing various capital projects on a tax exempt basis.

As of November 30, 2015, the following Conduit Debt Obligations remained outstanding.

| Issue Date | Issue Amount | ue Amount Description | | | | | | |
|-------------------|--------------|--|------------|--|--|--|--|--|
| September 5, 1985 | \$ 3,883,600 | The County of Cook, Illinois Single family Mortgage Revenue Capital Appreciation-Series A | 06/01/2017 | | | | | |
| June 27, 2000 | 2,500,000 | The County of Cook, Illinois Revenue Bonds, Series 2000 (Kenneth Properties LLC Project) | 06/01/2020 | | | | | |
| May 25, 2005 | 8,500,000 | Bonds Series 2005 (Bernard Zell Anshe Emmet Day School Project) | 05/01/2035 | | | | | |
| October 1, 2010 | 90,000,000 | The County of Cook, Illinois Recovery Zone Facility revenue Bonds, Series 2010 (Navistar International Corporation Project) | 10/15/2040 | | | | | |

These bonds, and the related interest, are solely payable from revenues arising from the bond holder's capital projects. The bonds and interest therein do not constitute an indebtedness of the County.

V. Pension plans

A. County Pension Plan

Plan description. The County Employees' and Officers' Annuity and Benefit Fund of Cook County ("the A & B Plan"), is the administrator of the single employer defined benefit pension plan established by the State of Illinois on January 1, 1926. The A & B Plan is governed by legislation contained in the Illinois Pension Code particularly Chapter 40 of the Illinois Compiled Statutes (ILCS), Article 9 (the "Article"). The A & B Plan (including employer and employee contribution requirements) can be amended only by the Illinois Legislature. The A & B Plan was created for the purpose of providing retirement, death (spouse or children) and disability benefits for full-time employees of the County and the dependents of such employees. The A & B Plan Board consists of nine members – two members of the Board are ex officio, four are elected by the employee members of the A & B Plan and three are elected by the annuitants of the A & B Plan. The two ex officio members are the Comptroller of Cook County, or someone chosen by the Comptroller, and the Treasurer of Cook County, or someone chosen by the Treasurer. The County Employees' and Officers' Annuity and Benefit Fund of Cook County issues a publicly available financial report that includes financial statements and required supplementary information for the A & B Plan. This report may be obtained by writing to the Pension Board at 33 North Dearborn Street, Suite 1000, Chicago, Illinois 60602, or through their website at http://www.cookcountypension.com.

Benefits provided. The A & B Plan provides retirement, disability, and death benefits to plan members and beneficiaries. Tier 1 employees age 50 or over and Tier 2 employees age 62 or over with at least 10 years of service are entitled to receive a minimum formula annuity of 2.4% for each year of credited service to a maximum benefit of 80% of the final average monthly salary. For Tier 1 employees under age 60 and Tier 2 employees under age 67, the monthly retirement benefit is reduced ½ percent for each month the participant is below the age. This reduction is waived for Tier 1 participants having 30 or more years of credited service.

Benefit terms provide for annual cost-of-living adjustments to each employee's retirement allowance subsequent to the employee's retirement date. The annual adjustments are 3.0% compounded annually for

Tier 1 participants, and the lesser of 3.0% or one half of the increase in the Consumer Price Index for Tier 2 participants.

If a covered employee leaves employment without qualifying for an annuity, accumulated employee contributions are refundable with interest (3% or 4% depending on when the employee became a participant).

Employees covered by benefit terms. At November 30, 2015, the following employees were covered by the benefit terms:

| Inactive employees and beneficiaries currently receiving benefits | 17,597 |
|---|--------|
| Inactive employees entitled to benefits, but not yet receiving them | 13,190 |
| Active employees | 21,589 |
| Total plan membership | 52,376 |

Contributions. The Plan is a single employer defined benefit pension plan with a defined contribution minimum. Illinois Compiled statutes (40 ILCS 5/9-169) establishes the contribution requirements of the County and may only be amended by the Illinois legislature. The County is required to levy a tax at a rate not more than an amount equal to the total amount of contributions by the employees to the A & B Plan made in the fiscal year two years prior to the year for which the annual applicable tax is levied, multiplied by a factor of 1.54.

For the year ended November 30, 2015, employees were required to contribute 8.5% (9% for County Police) of their salary to the A & B Plan, subject to the salary limitations for Tier 2 participants in 5/1-160 of the ILCS. The County's actual contributions to the A & B Plan were \$194.8 million. Contributions legally due to the A & B Plan for the County's FY 2015 pension contributions are reported as a payable to the A & B Plan in governmental activities, business-type activities and the CCHHS enterprise fund. Amounts remitted to the A & B Plan during FY 2015 represent collections of the FY2014 levy, and personal property replacement taxes ("PPRT") collected during FY 2015.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2014.

Actuarial assumptions. The total pension liability in the December 31, 2014 actuarial valuation was determined using the Entry Age Normal actuarial cost method and using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 3.25% |
|---------------------------|---|
| Salary increases | 8.0% to 3.75% |
| Investment rate of return | 7.50%, net of investment expense, including inflation |
| Municipal Bond Rate | 3.34% |

Mortality rates were based on an experience analysis of the County Employees Annuity and Benefit Fund over the period 2009 through 2012. The RP-2000 Blue Collar Mortality Table, base year 2000, fully generational based on Scale BB was used.

The long-term expected rate of return on the Fund's investments was determined based on the results of an experience review performed by a consultant. The investment return assumption was based on the current asset allocation of the A & B Plan. In the experience review, the consultant developed best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or geometric real rates of return for each major asset class included in the Fund's target asset allocation are listed in the table below.

| | Long-term |
|------------|--|
| Target | Expected Real |
| Allocation | Rate of Return |
| | |
| 32.00% | 2.00% |
| 25.00% | 6.50% |
| 20.00% | 6.50% |
| 8.00% | 5.70% |
| 9.00% | 4.72% |
| 6.00% | 3.80% |
| | Allocation 32.00% 25.00% 20.00% 8.00% 9.00% |

Discount rate. The discount rate used to measure the total pension liability was 4.50 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that County contributions will be made at rates required by the Illinois Pension Code (40 ILCS 5/9-169). Based on this assumption, the A & B Plan's fiduciary net position was projected to be insufficient to make all projected future benefit payments of current plan members in 2038.

A municipal bond rate of 3.34% was used in the development of the blended discount rate after that point. The 3.34% rate is based on the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date (December 31, 2014). Based on the long-term rate of return of 7.50% and the municipal bond rate of 3.34%, the blended discount rate would be 4.50%.

Changes in the Net Pension Liability

| (Amounts in thousands) | Increase (Decrease) | | | | |
|--|----------------------|------|--------------|---------------|--|
| | Total Pension | Plan | Fiduciary | Net Pension | |
| | Liability | Net | Position | Liability | |
| | (a) | | (b) | (a) - (b) | |
| Balances at 12/01/2014 | \$ 21,117,644 | \$ | 8,927,367 | \$ 12,190,277 | |
| Changes for the year: | | | | | |
| Service cost | 491,887 | | - | 491,887 | |
| Interest | 958,434 | | - | 958,434 | |
| Differences between expected and actual experience | - | | - | - | |
| Contributions - employer | - | | 146,075 | (146,075) | |
| Contributions - employee | - | | 129,325 | (129,325) | |
| Net investment income | - | | 484,026 | (484,026) | |
| Benefit payments, including refunds of | | | | | |
| employee contributions | (622,003) | | (622,003) | - | |
| Administrative expense | - | | (5,010) | 5,010 | |
| Other changes | | | 8,619 | (8,619) | |
| Net changes | 828,318 | | 141,032 | 687,286 | |
| Balances at 11/30/2015 | \$ 21,945,962 | \$ | 9,068,399 | \$ 12,877,563 | |

The net pension liability and proportionate share amounts as of November 30, 2015 were as follows:

| | Proportionate | |
|------------------------------|---------------|------------------|
| | Share | Amount |
| Governmental Activities | 67.1318% | \$8,644,938,585 |
| Business-type Activities and | | |
| CCHHS Fund | 32.8682% | \$4,232,624,501 |
| Total | | \$12,877,563,086 |

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the County, calculated using the discount rate of 4.5 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.5 percent) or 1-percentage-point higher (5.5 percent) than the current rate:

| | (Amounts in thousands) | | | |
|--------------------------------|------------------------|-------------------------|--------------------|--|
| | 1% | 1,0 000000 | | |
| | Decrease (3.5%) | Discount Rate (4.5%) | Increase (5.5%) | |
| County's net pension liability | \$ 16,898,355 | \$ 12,877,563 | \$ 9,717,607 | |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued A & B Plan financial report.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended November 30, 2015, the County recognized total pension expense of \$699,079,034 (\$478.5 million in governmental activities and \$220.5 million in business type activities).

At November 30, 2015, the County reported deferred outflows of resources related to net differences between projected and actual earnings on pension plan investments. These amounts will be amortized over 5 years beginning in FY2015. Amounts will be included in pension expense over the remaining years as follows (amounts in thousands):

| | | | Busi | ness-type | |
|-------------------------|-----|-----------|------|------------|---------------|
| | Gov | ernmental | Acti | vities and | |
| Year ended November 30: | A | ctivities | CCI | HHS Fund | Total |
| 2016 | \$ | 22,537 | \$ | 11,034 | \$ 33,571 |
| 2017 | | 22,537 | | 11,034 | 33,571 |
| 2018 | | 22,536 | | 11,034 | 33,570 |
| 2019 | | 22,536 | | 11,034 | 33,570 |
| | | | | | |
| | \$ | 90,146 | \$ | 44,136 | \$ 134,282 |

Deferred outflows of resources and deferred inflows of resources resulting from changes in the proportionate share of the net pension liability allocated between the County and CCHHS. These amounts will be amortized over 4.11 years beginning in FY2015. Amounts will be included in pension expense over the remaining years as follows (amounts in thousands):

| Year ended November 30: | ernmental ctivities | Acti | ness-type vities and HHS Fund | Total |
|-------------------------|-------------------------|------|-------------------------------------|---------|
| 2016 | \$ 9,252 | \$ | (9,252) | \$ - |
| 2017 | 9,252 | | (9,252) | - |
| 2018 | 9,252 | | (9,252) | - |
| 2019 | 1,018 | | (1,018) | - |
| | \$ 28,774 | \$ | (28,774) | \$ - |

The County's contributions to the A & B Plan subsequent to the measurement date of the net pension liability (December 31, 2014) amounted to \$149.8 million and are reported as deferred outflows of resources. These amounts will be included in pension expense in fiscal year 2016.

Payable to the Pension Plan

At November 30, 2015, the County reported a total payable of \$149.8 million for the outstanding amount of contributions payable to the A & B Plan (\$100.5 million for governmental activities and \$49.2 million for CCHHS and business-type activities).

Changes Subsequent to the Measurement Date

On October 28, 2015, the Cook County Board authorized an Intergovernmental Agreement with the County Employees' and Officers' Annuity and Benefit Fund of Cook County ("Pension Fund",), which was executed on December 8, 2015, to establish a mechanism by which the County can disburse additional funds to the Pension Fund, from the County's Retailers' Occupation and Services Occupation Tax. The Pension Fund will receive these funds from the County, independent and in addition to the sums provided for in Sections 9-169 of Illinois Pension Code (40 ICS 5/9-169). The County Board authorized a sum of \$270,526,000 in the County's FY2016 Appropriation Bill for this additional payment; for which the first disbursement was made on April 29, 2016, for a sum of approximately \$26 million.

VI. Other Postemployment Benefits (OPEB)

Plan Description. The County Employees' and Officers' Annuity and Benefit Fund of Cook County ("Plan") administers the Healthcare Premium Plan (HPP), a single-employer defined benefit postemployment healthcare plan. HPP provides a healthcare premium subsidy to annuitants who elect to participate in HPP. The Plan is currently allowed, in accordance with State Statutes, to pay all or a portion of medical insurance premiums for the annuitants. The Plan is included in the County's financial statements as a Post- employment Healthcare trust fund. The financial statements of the Plan are audited by an independent public accountant and are the subject of a separate report. Copies of the Plan's report for the year ended December 31, 2014 are available upon request from the Retirement Board.

The Pension Board of Trustees states that HPP is administered pursuant to Chapter 40, Article 5/9 of the Illinois Compiled Statutes, which establishes the authority to provide an optional OPEB benefit to the Pension Board of Trustees.

Summary of Significant Accounting Policies. HPP's financial statements are presented using the accrual basis of accounting. The Plan considers the premium subsidy an additional retirement benefit, with no contribution rate or asset allocation associated with it. The cost for postemployment group health benefits is approximately equal to the premium subsidy. Actual costs may differ based on claims experience. Healthcare premium subsidies are recognized when due and payable.

Funding policy. The premium contribution requirements of Plan members are established by and may be amended by the Pension Board of Trustees. The funding source for employer contributions are derived from the real estate taxes as authorized under Chapter 40, Article 5/9 of the Illinois Compiled Statutes for employer pension contributions, with no separate designated employer contribution for the Plan, and the legislature retains authority to amend employer and active employee contributions to the County Employees' and Officers' Annuity and Benefit Fund of Cook County which administers the Plan. The employer contribution is based on projected "pay-as-you-go" financing requirements as determined by the Pension Board of Trustees. The Plan may pay all or any portion of the premium for health insurance on behalf of each annuitant who participates in any of the Plan's healthcare plans, subject to the determination of the Pension Board of Trustees. The Plan is currently paying approximately 50% of the total premiums for retiree annuitants, including the cost of any family coverage, and 70% of the premiums for survivor annuitants. For fiscal year 2015, the County contributed \$40,907,164 to the Plan.

At December 31, 2014, there were 21,656 active employees currently eligible for benefits and 1,309 terminated employees who will be eligible for benefits under the current plan structure as adopted by the Pension Board of Trustees, but are not yet receiving them. Additionally, the number of annuitants whose cost to participate in the program was subsidized, totaled 8,591.

Annual OPEB Cost and Net OPEB Obligation. The Plan's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

The Plan's annual OPEB cost and net OPEB obligation for the most recent fiscal year is as follows:

| Annual required contribution (ARC) | \$ | 190,871,452 |
|--|----|---------------|
| Interest on net OPEB obligation | | 39,006,768 |
| Adjustment to annual required contribution | | (53,429,288) |
| Annual OPEB cost | | 176,448,932 |
| Contributions made | | 40,907,164 |
| Increase in net OPEB Obligation | | 135,541,769 |
| Net OPEB Obligation - Beginning of year | | 875,253,705 |
| Net OPEB Obligation - End of year | \$ | 1,010,795,474 |

The annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the most recent fiscal years is as follows:

| | Employer | Contribution | |
|------|----------------|------------------|-------------------|
| | Annual | Percentage of | Net |
| | OPEB | Annual OPEB | OPEB |
| Year | cost | cost contributed | obligation |
| | | | |
| 2013 | \$ 170,902,290 | 24.71% | \$ 732,880,371 |
| 2014 | 187,900,888 | 24.23% | 875,253,705 |
| 2015 | 184,885,563 | 22.13% | 1,010,795,474 |

The actuarial valuations of the HPP of the Plan as of December 31, 2014 indicate the annual required contribution to be \$190,871,452. The annual required contribution is based on an annual projected payroll of \$1,514,550,023 for 21,656 active members in 2014.

Funded Status and Funding Progress. As of December 31, 2014, the Plan was zero percent funded. The actuarial value of Assets was zero, and the actuarial accrued liability (AAL) for benefits was \$1,980,088,617, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,980,088,617. The covered payroll (annual payroll of active employees covered by the plan) was \$1,514,550,023 and the ratio of the UAAL to the covered payroll was 130.7 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continued revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented in the RSI following the notes to the financial statements, present multi-year trend information about whether the actuarial value of the Fund assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with long-term perspective of the calculations.

Additional information as of the December 31, 2014 actuarial valuation follows:

| Actuarial Valuation Date Actuarial Cost Method Amortization Method Amortization Period (Open) | December 31, 2014 Entry age actuarial cost as a percentage of earnings Level dollar (open) 30 years |

VII. County Health and Hospitals System (CCHHS)

Certain expenses incurred by various departments of the County in the operation of the CCHHS have been recorded in the financial statements of the CCHHS (e.g., Data Processing, Purchasing and Auditing) as an expense, with a corresponding credit to transfer in for the subsidy. These expenses amounted to \$14,975,380 in fiscal year 2015. These expenses are included in the cost reimbursement reports submitted by the CCHHS to the State and Federal health care intermediary.

Construction-in-progress and other capital expenditures affecting the CCHHS are accounted for in various Capital Project Funds maintained by the Comptroller as expenditures. These expenditures amounted to \$17,128,696 for fiscal year 2015. The corresponding long-term debt which finances these expenditures is not expected to be liquidated by CCHHS and thus is reflected as a liability in the County's Governmental Activities.

CCHHS is included in the County's financial statements as a Proprietary fund. CCHHS issues a publicly available financial report that includes financial statements and required supplementary information. That report is available on line at <u>www.cookcountyhhs.org</u>.

VIII. Contingency – State Treasurer Claim

The Treasurer has received a demand from the Illinois State Treasurer for certain monies, which are claimed to be subject to the Illinois Uniform Disposition of Unclaimed Property Act. The Cook County State's Attorney has reviewed the State Treasurer's demand and concluded that the claims are generally without merit with the exception of amounts related to certain warrants outstanding. The County believes, however, that the warrant list used in establishing the amounts claimed is inaccurate and that the demand and listing are excessive and incorrect. The Treasurer has declined to comply with the State Treasurer's demand of certain monies pursuant to the opinion rendered by the Cook County State's Attorney. In the opinion of the Cook County State's Attorney, the lawsuits fail to state a claim under the Property Tax Code or the Unclaimed Property Act.

The County presently maintains a cash balance and an offsetting liability of \$1,490,713 related to outstanding warrants and checks. The County does not believe that the final resolution of the amounts claimed will have a material impact on the County's financial statements.

IX. Component Unit – Forest Preserve District (District)

A. The Forest Preserve District Reporting Entity

The Forest Preserve District of Cook County, Illinois ("the District") was established in July 1915. The District is a separate governmental entity with boundaries coterminous with Cook County, Illinois. The District operates on a calendar year and its December 31, 2014 statements are reported herein. The District operates under a Board of Commissioners form of government and provides the following services as authorized by its charter: law enforcement, recreation, resources management, planning and development, and general administrative services.

Reporting Entity - The accounting policies of the Forest Preserve District of Cook County, Illinois, conform to accounting principles generally accepted in the United States of America ("GAAP") as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board ("GASB").

The District includes all of the funds of the Forest Preserve District of Cook County, Illinois. The reporting entity for the District includes the following component units:

Presented Discretely With the Reporting Entity - The Chicago Horticultural Society ("Chicago Botanical Garden") and Chicago Zoological Society ("Brookfield Zoo") maintain their own boards, however their annual property tax levy requests require the District's approval. The District owns the land sites of the Chicago Botanical Garden and Brookfield Zoo. The Chicago Botanical Garden and the Brookfield Zoo are subject to agreements with the District to operate and maintain their respective land sites.

The Chicago Botanical Garden's agreement expired in 2015 however the contract was automatically renewed for an additional 40 years through 2055. The Brookfield Zoo's agreement expires in 2026. Because of the nature of the Chicago Botanical Garden's and Brookfield Zoo's financially integrated relationship to the District, they are not blended with the District but presented discretely beside the District's financial statements.

Information contained in this section (Note IX) is for the Forest Preserve District only, and omits information for the District's two discretely presented component units - the Chicago Horticultural Society (Chicago Botanical Garden) and Chicago Zoological Society (Brookfield Zoo).

Complete financial statements for the Forest Preserve District, the Chicago Horticultural Society (Chicago Botanical Garden) and Chicago Zoological Society (Brookfield Zoo) may be obtained by request from the District at 69 West Washington Street, Suite 2060, Chicago, Illinois 60602.

B. Cash and Investments

For purposes of the statement of cash flows, the District considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents. Illinois Statutes authorize the District to make deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union

shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Investment Pool. The District maintains a cash and investment pool that is available for use by all funds except its Pension Fund. This pool holds deposits, certificates of deposit, and other investments with a maturity of less than one year. The portion of each fund's share of this pool is displayed as cash and cash equivalents. Investments are stated at fair value. Accrued interest on investments is separately stated. The Illinois Statutes authorize the District to discretionarily allocate interest income to the various funds, except for the pro rata share belonging to the Bond and Interest Fund. The District has adopted an investment policy. That policy follows the Illinois Statutes (Public Funds Investment Act of the State of Illinois) for allowable investments.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which the investments could be sold.

Interest Rate Risk

The District's investment policy seeks to ensure preservation of capital in the District's overall portfolio. Return on investment is of secondary importance to safety of principal and liquidity. The District's policy limits the District to investments with a maturity of no more than 3 years from the date of purchase, unless matched to a specific cash flow. Reserve funds and other funds with longer-term investment horizons may be invested in securities exceeding 5 years if the maturities of such investments are made to coincide as nearly as possible with the expected use of funds. The intent to invest in securities with longer maturities is required to be disclosed to the Board of Commissioners in writing. In addition to the maturity restrictions, the policy requires the District investment portfolio to be sufficiently liquid to meet all cash flow requirements as they come due. As of December 31, 2014, the District's investments were as follows: (amounts in thousands)

| | | Maturity (in Years) | | | |
|--|---------------|---------------------|---------------|--|--|
| Investment Type | Fair Value | Less than 1 | 1-5 | | |
| U.S. Government and Agency Obligations | \$ 88,474,803 | \$ 28,684,603 | \$ 59,790,200 | | |

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's formal investment policy is to apply the prudent-person rule. The District has no other policies that address credit risk. As of December 31, 2014, the District has invested in certificates of deposits and money markets, which are not rated, and State Treasurer - Illinois Funds, which are rated AAA by Standard & Poor's.

Additionally the District had the following investments and ratings:

| Type of Investment | Standard & Poor's Rating | Moody's Rating |
|-------------------------------|-----------------------------|-------------------|
| U.S. Government and | | |
| government agency obligations | AA | Aa |
| Corporate bonds | BB to AA | Ba to Aa |
| Commingled fixed income fund | Not Rated | Not Rated |
| Short-term investments | Not Rated | Not Rated |

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District's investment policy requires diversification of the investment portfolio to minimize risk of loss resulting from over-concentration in a particular type of security, risk factor, issuer, or maturity. The District's policy further states that no financial institution shall hold more than 25% of the District's total portfolio at the current time of investment placement. In addition, no more than 33% of total investments may be invested in commercial paper at any time. The District operates its investments as an internal investment pool where each fund reports it's pro rata share of the investments made by the District. In this internal investment pool there were no investments which are subject to concentration for credit risk that represent more than 5% of the portfolio as of December 31, 2014.

Custodial Credit Risk – Deposits

The District's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured with collateralization pledged by the applicable financial institution to the extent of 110% of the value of the deposit.

Custodial Credit Risk – Investments

The District's investment policy requires all securities to be held by a third party custodian designated by the Comptroller's Office and evidenced by safekeeping receipts.

C. Capital Assets

A summary of changes in the District's capital assets for the year ended December 31, 2014, is as follows:

| | Balance 1/1/2014 | | | | | | Additions | | <u> </u> | Deletions | 1 | Balance 2/31/2014 |
|---|---------------------|-------------|----|-------------|----|-----------|-----------|-------------|----------|-----------|---|----------------------|
| Capital assets not being depreciated: | | | | | | | | | | | | |
| Land | \$ | 202,304,590 | \$ | 15,050,500 | \$ | - | \$ | 217,355,090 | | | | |
| Construction in progress | | 14,875,506 | | 19,888,544 | | 4,759,313 | | 30,004,737 | | | | |
| Total capital assets not being depreciated | | 217,180,096 | | 34,939,044 | | 4,759,313 | | 247,359,827 | | | | |
| Capital assets being depreciated: | | | | | | | | | | | | |
| Land improvements | | 67,661,377 | | 1,045,732 | | - | | 68,707,109 | | | | |
| Buildings | | 80,151,546 | | 2,261,592 | | - | | 82,413,138 | | | | |
| Equipment | | 6,560,697 | | 177,533 | | - | | 6,738,230 | | | | |
| Vehicles | | 13,136,824 | | 948,947 | | - | | 14,085,771 | | | | |
| Total capital assets being depreciated | | 167,510,444 | | 4,433,804 | | - | | 171,944,248 | | | | |
| Less accumulated depreciation for: | | | | | | | | | | | | |
| Land improvements | | 17,722,534 | | 3,753,093 | | - | | 21,475,627 | | | | |
| Buildings | | 34,648,852 | | 3,457,671 | | - | | 38,106,523 | | | | |
| Equipment | | 4,326,995 | | 477,577 | | - | | 4,804,572 | | | | |
| Vehicles | | 7,353,915 | | 1,470,432 | | - | | 8,824,347 | | | | |
| Total accumulated depreciation | | 64,052,296 | | 9,158,773 | | - | | 73,211,069 | | | | |
| Total capital assets being depreciated, net | | 103,458,148 | | (4,724,969) | | | | 98,733,179 | | | | |
| Governmental Activities capital assets, net | \$ | 320,638,244 | \$ | 30,214,075 | \$ | 4,759,313 | \$ | 346,093,006 | | | | |

Amounts above exclude \$244.3 million of capital assets reported by the District's discretely presented component units.

D. Long-Term Debt

Long-term obligations activity for the year ended December 31, 2014, was as follows:

| | Beginning Balance | Additions | Refundings/ Reductions | 8 8 | |
|----------------------------|----------------------|---------------|---------------------------|----------------|--------------|
| General Obligation Bonds | \$ 179,655,000 | \$ - | \$ 7,120,000 | \$ 172,535,000 | \$ 7,205,000 |
| Unamortized bond | 20,517,164 | - | 1,353,720 | 19,163,444 | - |
| Compensated absences | 1,973,026 | 1,886,199 | 1,818,363 | 2,040,862 | 1,224,517 |
| Postemployment benefit | 14,854,307 | 2,781,230 | - | 17,635,537 | - |
| Net pension obligation | 45,763,389 | 9,264,691 | - | 55,028,080 | - |
| Total Long-tem liabilities | \$ 262,762,886 | \$ 13,932,120 | \$ 10,292,083 | \$ 266,402,923 | \$ 8,429,517 |

The table above excludes \$86.3 million of noncurrent liabilities reported by the District's discretely presented component units.

The obligations for postemployment benefits, pensions, and compensated absences will be repaid from the Corporate Fund.

General Obligation Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the District. Notes and bonds in the governmental funds will be retired by future property tax levies or tax increments accumulated by the debt service fund.

| | Interest Rates | Original Indebtedness | Carrying Amount |
|--|-------------------|--------------------------|--------------------|
| Series 2004 General Obligation Bonds - Due in annual installments of \$3,270,000 to \$8,000,000 through November 15, 2024. | 5.00% - 5.25% | \$ 100,000,000 | \$ 39,265,000 |
| Series 2012A General Obligation Unlimited Tax Refunding Bonds - Due in annual installments of \$815,000 to \$6,905,000 through November 15, 2022 | 2.00% - 5.00% | 31,575,000 | 25,640,000 |
| Series 2012B General Obligation Limited Tax Project and Refunding Bonds - Due in annual installments of \$45,000 to \$4,250,000 through December 15, 2037 | 2.00% - 5.00% | 54,905,000 | 53,705,000 |
| Series 2012C General Obligation Unlimited Tax Bonds (Personal Property Replacement Tax Alternative Revenue Source) - Due in annual installments of \$1,250,000 to \$3,805,000 through December 15, 2037 | 2.00% - 5.00% | 56,450,000 | 53,925,000 |
| Total Governmental Activities - General Obligation Bonds | | \$ 242,930,000 | \$ 172,535,000 |

Debt service requirements to maturity are as follows:

| Year Ending | | | | | | | |
|-------------|------|------------|----|------------|-------|-------------|--|
| December 31 |] | Principal | | Interest | Total | | |
| | | | | | | | |
| 2015 | \$ | 7,205,000 | \$ | 8,638,438 | \$ | 15,843,438 | |
| 2016 | | 7,820,000 | | 8,293,788 | | 16,113,788 | |
| 2017 | | 8,220,000 | | 7,889,500 | | 16,109,500 | |
| 2018 | | 8,380,000 | | 7,464,500 | | 15,844,500 | |
| 2019 | | 9,095,000 | | 7,045,500 | | 16,140,500 | |
| 2020-2024 | | 52,365,000 | | 27,998,000 | | 80,363,000 | |
| 2025-2029 | | 24,780,000 | | 17,505,250 | | 42,285,250 | |
| 2030-2034 | | 31,635,000 | | 10,658,250 | | 42,293,250 | |
| 2035-2037 | | 23,035,000 | | 2,340,750 | | 25,375,750 | |
| | | | | | | | |
| Total | \$ 1 | 72,535,000 | \$ | 97,833,976 | \$ | 270,368,976 | |

The District is subject to the Illinois Municipal Code, which limits the amount of certain indebtedness to 0.345% of the most recent available equalized assessed valuation of the District. As of December 31, 2014, the statutory debt limit for the District was \$434,406,194, providing a debt margin of \$269,076,194.

The District is required to implement the provisions of GASB Statement No. 68 for its year ended December 31, 2015. The impact of implementing this Statement is expected to have a material detrimental impact on the financial statements.

X. Restatement for Implementation of New Accounting Standards and Change in Accounting Principle

The County's financial statements have been restated as of November 30, 2014. The restatement is a result of the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No.* 27 and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No.* 68 and to report a change in accounting principle for self-insurance claims as more fully described below the table. The restatement for the implementation of the pension standard is to record the effect of the net pension liability and deferred outflows of resources as of the measurement date for the previous year (Governmental Activities, Business-type Activities and the CCHHS Fund) and to report pension contributions payable to the Pension Plan. Because the deferred outflows for contributions subsequent to the measurement date were equally offset by contributions payable to the Pension Plan, the amounts are not displayed below as they had no impact on total net position:

| | Governmental Activities | Business-type Activities and CCHHS Fund |
|---|----------------------------|---|
| Net position, November 30, 2014, as previously reported | \$ (4,974,196,388) | \$ 491,048,099 |
| Implementation of GASB Statement No. 68 and 71: | | |
| Beginning net pension liability | (8,145,524,670) | (4,044,752,616) |
| Removal of net pension obligation | 2,997,031,500 | - |
| Change in accounting policy | | |
| Self-insurance claims liability | 143,208,252 | (143,208,252) |
| Net position, November 30, 2014, as restated | \$ (9,979,481,306) | \$ (3,696,912,769) |

Restatement for the beginning balances for deferred outflows of resources and deferred inflows of resources related to pensions was not done because it was not practical to determine all such amounts. Additionally, the impact on the change in net position for FY 2014 was not determined.

The change in accounting principle had the following impact on the FY2015 change in net position:

| | Increase (Decrease) |
|---|---------------------|
| Governmental Activities | \$14,782,804 |
| Business-type Activities and CCHHS Fund | (\$14,782,804) |

Change in Accounting Principle - Previous to fiscal year 2015, the County accounted for its risk financing activities exclusively in the General Fund, as allowed under GASB Statement No. 10, as amended. Over the previous few years, some portion of claims expense was allocated to CCHHS but total claims and the associated liabilities were not allocated to the CCHHS Fund based on several factors including CCHHS' ability to liquidate the amounts and the County's expectation that the liability would not be paid by CCHHS. Beginning in FY2015 with the adoption of GASB Statement No. 68, the County reassessed its accounting policies with respect to the CCHHS enterprise fund. Beginning in FY2015, in order to better measure the operating expenses of running

the County's hospital system, the County has recorded pension expense and liabilities as well as self-insurance claims expense and liabilities attributable to CCHHS operations, in the CCHHS Fund. Additionally, during FY2015, CCHHS paid for a significant portion of claims and are expected to continue paying claims going forward. This policy is preferable as it more accurately reflects the true expense of operating the hospital system and the amount of County subsidies necessary to provide these services.

XI. Subsequent Events

A. Taxable Line of Credit

On February 25th, 2016, the County closed on a \$100 million Line of Credit Agreement with BMO Harris Bank NA. The Line of Credit is a General Obligation of the County and the full faith and credit of the County is pledged to the repayment of its principal and interest. It is issued on a taxable basis and is envisioned to be largely undrawn to provide the County flexibility for unforeseen contingencies. It carries an interest cost of LIBOR plus 0.575% on any outstanding principal and 0.25% on any unused principal portion, and is for a three-year agreement set to expire in February 2019. This agreement replaced the prior line of credit with JP Morgan Chase Bank for the same amount, which expired in November 2015 and was completely undrawn at the time.

B. General Obligation Bonds, Series 2016A

The County is authorized to issue bonds that will refund the County's approximately \$330 million of outstanding Series 2006A Bonds. The 2006A bonds are currently subject to an average interest cost of 4.83%. The refunding bonds are anticipated to be issued in July, 2016.

C. Forest Preserve District Notes

On March 26, 2015, the District issued \$16,620,000 in Series 2015A general Obligation refunding Bonds for the purpose of refunding the Series 2004 General Obligation Bonds. The bonds are due in annual installments of \$130,000 to \$7,925,000, with an interest rate of 2.90% and maturing on November 15, 2024.

On March 26, 2015, the District issued \$2,325,000 in Series 2015B General Obligation Limited tax Bonds for the purpose of funding capital projects. The bonds are due in annual installments of \$125,000 to \$1,230,000, with an interest rate of 2.39% and maturing on December 15, 2024.

On June 8, 2015, Moody's Investors Service downgraded the District's bond rating from A1 to A2 with a negative outlook. The rating downgrade was based on the agency's concern about the District's growing pension liabilities. The District's credit ratings with Standard and Poor's and Fitch held at an AA rating.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

November 30, 2015

I. Budgetary Basis of Accounting

The accompanying Schedules of Revenues, Expenditures and Encumbrances – Budget and Actual have been prepared on a legally prescribed budgetary basis of accounting that differs from GAAP. The significant differences in accounting practices between the operating statements presented under GAAP and the budgetary operating statements include:

- Property tax levies are recognized as revenue in the budgetary statements in the year they are earned (levied). The operating statements prepared under GAAP recognize property tax levies as revenue when they are earned and available (collected during the period or within 60 days after year-end).
- Expenditures related to specific property tax levies (i.e. pension obligation, principal and interest on general obligation bonds, rental obligations, and allowances for uncollectible taxes) are recognized in the budgetary statements in the year the taxes are levied. The GAAP operating statements recognize these expenditures when the related liability is incurred with the exception of principal and interest on general long-term debt, which is recognized when due.
- Encumbrances are combined with expenditures in the budgetary statements but are excluded in the GAAP operating statements.
- Revenue other than property taxes is recognized when received in the monthly budgetary statements (cash basis), while the GAAP operating statements recognize these items when measurable and available for financing current obligations (modified accrual).

The following schedule provides a reconciliation of the change in fund balance on the budgetary basis to the change in fund balance on a GAAP basis for the General Fund and major special revenue funds:

| | General Fund | Motor Fuel Tax Fund | Annuity & Benefit Fund |
|---|--|--|---|
| Change in fund balances - GAAP basis from Exhibit 5 Effect of deferring 2014 property tax levy Effect of accruing certain revenue Effect of not including encumbrances as expenditures Effect of excluding unbudgeted transfers | \$ 36,819,745 (109,289,531) 7,103,428 22,823,912 17,131,119 | \$ (28,836,294) - 24,105,243 4,679,328 51,723 | \$ (5,966,054) 2,222,572 3,743,482 |
| Revenues and other financing sources over expenditures and encumbrances and other financing uses - budgetary basis from Budget and Actuals respectively | \$ (25,411,327) | \$ | \$ |

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (continued)

November 30, 2015

Excess of expenditures over appropriations

For the year ended November 30, 2015, expenditures exceeded appropriations (non GAAP budget basis) for the General Fund.

GENERAL FUND

MAJOR GOVERNMENTAL FUND

GENERAL FUND

The General Fund of the County consists of four accounts: the Corporate Account, the Public Safety Account, the Self Insurance Account, and the Chief Judge Juvenile Justice Account. They are the general operating accounts of the County. The accounts are used for all financial resources except those accounted for in another fund.

The Corporate Account includes the expenditures of such departments as the County Assessor, the County Treasurer, the County Clerk, the Recorder of Deeds, and the County Highway Department. Revenues for this account are derived from the property tax levy, non property taxes, interest earned on investments, departmental fees, reimbursements from other governments and other miscellaneous sources.

The Public Safety Account consists of the expenditures of the County's criminal justice system: jails, courts, and related programs. County Departments included are the Corrections, State's Attorney, Public Defender, Adult Probation, Juvenile Division of the Judicial Administration, and the Juvenile Temporary Detention Center. Revenues supporting this account are obtained from the property tax levy, home-rule taxes (County Sales Tax), departmental fees, interest earned on investments, reimbursements from other governments and other miscellaneous sources.

The Self Insurance Account for the County accounts for self-insurance risks. The County funds its self-insurance liabilities on a current basis and has the authority to finance such liabilities through the levy of property taxes.

The Chief Judge Juvenile Justice Account was established to receive supplemental funding for additional juvenile officer positions. This funding was made available through the Juvenile Justice Reform Act. Revenues are received mainly from the Illinois Supreme Court, Administrative Office of the Illinois Courts. The fund was closed at the end of the fiscal year.

CAPITAL PROJECTS FUNDS

MAJOR GOVERNMENTAL FUND

CAPITAL PROJECTS FUND

The Combined Capital Projects Fund includes the following accounts: Government Management and Supporting Services, Protection of Health and Corrections and Courts.

The Government Management and Supporting Service Accounts were established to account for the acquisition or construction of major facilities for budgeted capital projects approved by the Board of Commissioners. Revenues are derived from interest earned on investments and miscellaneous sources. General obligation bond proceeds were used to finance many of the projects.

The Protection of Health Accounts were established to account for the monies to be used in various hospital construction projects. Revenues are derived from interest earned on investments. The proceeds of the general obligation bonds were used to finance most of the projects.

The Corrections Accounts were established to account for the monies to use in operating the County jail system. Revenues are derived from interest earned on investments. The proceeds of the general obligation bonds were used to finance most of the projects.

The Courts Accounts were established to account for the monies to be used in various County court system projects. Revenues are derived from interest earned on investments. Proceeds from general obligation bonds were used to support the project.

NONMAJOR GOVERNMENTAL FUNDS

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The Geographical Information Systems Fund was established to account for equipment, materials, and necessary expenditures incurred in implementing and maintaining this new project. The fund's revenues are derived from grants and interest earned on investments.

The Motor Fuel Tax Illinois First (1st) Fund was established to coordinate planning for road infrastructure improvements with the State of Illinois and Federal Government. Revenues are derived mainly from state motor fuel taxes and interest earned on investments.

The Township Roads Fund was established to provide for construction and maintenance of streets, roads and highways. Revenues are derived from non-property taxes, the State of Illinois, and interest earned on investments.

The Election Fund was established to pay for the costs of elections under the jurisdiction of the County Clerk. The fund's revenues are derived from property taxes levied for this purpose, interest earned on investments, reimbursements from the State of Illinois and other miscellaneous sources.

The County Law Library Fund was established to provide for organized book collections, bibliographical and reference services to lawyers and judges and general law library services to the public. Revenues are derived from fees received from users of library resources and interest earned on investments.

The Animal Control Department Fund was established to control and prevent the spread of rabies. Revenues are derived from fees charged for animal licenses and tags, and interest earned on investments.

The County Recorder Document Storage System Fund was established to pay for the expenditures involved in starting and maintaining a document storage system. Revenues are received from fees for such services as record retrieving and interest earned on investments.

The County Clerk Automation Fund was started to upgrade and establish computerized files for voter registration and election judges. Revenues are derived from fees and license charges for record retrieving and interest earned on investments.

The Circuit Court Document Storage Fund was started to assist in the preparation of documents to be microfilmed or microfiched, and also to perform the actual filming at times. Revenues are derived from fees for services such as retrieving, updating, refilling and transporting record orders and interest earned on investments.

The Circuit Court Automation Fund was established to actively participate in the selection, acquisition, installation and maintenance of all computer hardware, system analysis and design, programming, system implementation, documentation and maintenance of all computer programs. Revenues are derived from fees from users for such items as reports and statistical data and interest earned on investments.

The Circuit Court Illinois Dispute Resolution Fund was established to support activities to mediate disputes in an attempt to relieve the court system of lengthy lawsuits. Revenues are obtained from fees charged to the disputing parties and other principals and interest earned on investments. The Cook County Emergency Telephone System Fund was established to provide the public with detailed information on all inmates held at Cook County Jail. Revenues are derived from fees and interest earned on investments.

The Adult Probation Services Fee Fund was established to supervise people convicted of criminal and civil offenses. Revenues are derived mainly from fees charged to individuals on probation and interest earned on investments.

The Social Services Probation Fund was established to provide social service casework expertise for probation and court service cases. Revenues are derived mainly from fees and interest earned on investments.

The County Treasurer Tax Sales Automation Fund was established to pay for the expenditures required to start and maintain a computerized system to conduct delinquent property tax sales. Revenues are derived mainly from fees and interest earned on investments.

The Lead Poisoning Prevention Fund was established to begin programs to prevent lead poisoning in Cook County. Revenues are derived from fees charged and interest earned on investments.

The State's Attorney Narcotics Nuisance Abatement Fund was established to work with various agencies throughout Cook County to identify and eliminate drug houses. Revenues are derived through narcotics forfeited funds which are seized narcotic funds.

The State's Attorney Narcotics Forfeiture Fund was established to work with State, City and County Agencies on various drug related cases. Revenues are derived through monies forfeited through narcotics investigations.

The State's Attorney Bad Check Diversion Fund was established to account for monies pursuant to Public Act 93-0394 for the State's Attorney to offer a pre-trial educational diversion program for first time bad check passers, while providing restitution to victims, avoiding an increased caseload in the criminal justice system, and at no cost to the victims or taxpayers.

The Suburban Tuberculosis Sanitarium District Fund was established to account for monies committed for the prevention, care, treatment and control of tuberculosis within the suburban Cook County area. All assets and liabilities were transferred to the Cook County Board July 24, 2007 per Public Act 094-1050 by the State of Illinois. Revenues are derived from rentals and interest earned on investments.

The Clerk of the Circuit Court Administrative Fund was established to account for all monies per Illinois Statute to create a Circuit Court Operation and Administrative Fund, to be used to offset the costs incurred by the Circuit Court Clerk in performing additional duties required to collect and disburse funds to entities of State and Local Government as provided by law.

The Geographical Information System (GIS) Fee Fund was created solely to be used for the equipment, personnel, materials, and necessary expenditures incurred in implementing and maintaining an enterprise Cook County geographical information system. The fund is administered by the Cook County Bureau of Technology. Policy and priority are determined by the multi-agency Land Information Committee consisting of all the land based agencies within Cook County.

The Recorder of Deeds Rental Housing Support Fee Fund was established to assist property owners with maintaining ownership of their properties by offering early warning notification to property owners whenever documents are filed that may affect ownership. Revenues consist mainly of fees and interest earned on investments.

The Chief Judge Children's Waiting Room Fund was created for the collection and disbursement of fees to finance various court services. Revenues are derived from fees generated from Chapter 18, Section 18-41. They are credited to this fund to operate and administer the children's waiting rooms in Cook County.

The Chief Judge Mental Health Fund was created for the collection and disbursement of fees to finance various court services. Revenues are derived from fees generated from Chapter 18, Section 18-36. They are credited to this fund to operate and administer the mental health court program in Cook County.

The Chief Judge Peer Jury Fund was created for the collection and disbursement of fees to finance various court services. Revenues are derived from fees generated from Chapter 18, Section 18-37. They are credited to this fund to operate and administer the teen court, peer jury, youth court or other youth diversion program in Cook County.

The Chief Judge Drug Court Fund was created for the collection and disbursement of fees to finance various court services. Revenues are derived from fees generated from Chapter 18, Section 18-38. They are credited to this fund to operate and administer the drug court program in Cook County.

The Assessor Special Revenue Fund was established to collect fees from marketing previously unutilized commercial opportunities related to, but not limited to, the Assessor's Website, Assessor's Database, and Assessment Notices. These fees shall be placed in such special fund for the Assessor to be held by the Treasurer of the County.

The Sheriff's Youthful Alcohol and Drug Education Fund provides an educational alternative for youthful offenders and their parents to assist the court and community in decreasing alcohol and other drug use while increasing information regarding the negative consequences of such use. Revenues are obtained through intergovernmental revenue.

The Sheriff's Women's Justice Service Fund is utilized for purposes related to the operation of rehabilitation programs including mental health and substance abuse services. Revenues are provided mainly by fees and interest earned on investments.

The Vehicle Purchase Fund was created for the collection of fees from individuals who violate the Illinois Vehicle code or any similar ordinance. This is in compliance with Illinois General Assembly Act 625ILCS 5/16-104C. The fees shall be disbursed to the law enforcement agency and used for the acquisition and/or maintenance of police vehicles.

The Circuit Court Electronic Citation Fund is used to defray expenditures incurred by the office in performing its required duties of establishing and maintaining electronic citations in any traffic, misdemeanor, municipal ordinance, or conservation case upon a judgment of guilty or grant of supervision.

The State's Attorney Records Automation Fund was created for the collection of fees that shall be remitted monthly by such clerk to the county treasurer, to be retained by him in a special fund designated as the court automation fund. The fund shall be audited by the county auditor. And the board shall make expenditure from the fund in payments of any cost related to the automation of court records, including hardware, software, research, and development costs and personnel related thereto, provided that the expenditure is approved by the clerk of the court and by the chief judge of the circuit court or his designate.

The Public Defender Records Automation Fund was created for the collection of fees that shall be remitted monthly by such clerk to the county treasurer, to be retained by him in a special fund designated as the court automation fund. The fund shall be audited by the county auditor, and the board shall make expenditure from the fund in payment of any cost related to the automation of court records, including hardware, software, research and development costs and personnel related thereto, provided that the expenditure is approved by the clerk of the court and by the chief judge of the circuit court or his designate.

The Environmental Control Solid Waste Management Fund was created to include, but not limited to, consulting fees; long-term monitoring and maintenance of air pollution emitting sites; proper management of Cook County waste streams; environmental initiative planning, implementation, inspection, and enforcement; operational expenses for personnel and equipment procurement; and other activities consistent with activities of the Cook County Environmental Control Ordinance. Effective December 1, 2012, the Environmental Fund previously established is hereby eliminated and all funds in the Environmental Management Fund on or before November 30, 2012, and all of the various fees of the Department of Environmental Control received on or after December 1, 2012, shall be transferred or deposited into the County's general fund or other account deemed appropriate by the Budget Director for use by the Department of Environmental Control.

The Land Bank Authority fund will use available resources to facilitate the return of vacant, abandoned and tax-delinquent properties to productive use thereby combating community deterioration, creating economic growth and stabilizing the housing and job market. The County Board establishes the Cook County Land Bank Authority which shall be an agency of and funded by Cook County.

The Governmental Grants Fund is used to fund specific grant programs administered by the County. Revenues are obtained from Federal, State, local and private grant sources.

The Other Nonbudgeted Special Revenue Funds consist of miscellaneous funds established to account for all monies designated for use by programs within these funds. The programs are administered by the County, but are not included in the County's Annual Appropriation bill (Budget). The funds are categorized as nonbudgeted because they tend to be temporary in nature. Revenues are derived from Federal, State, and private sources, interest earned on investments, and other taxes.

Generally all interest earned and miscellaneous revenue is restricted or committed to the specific activity reported in each fund.

PENSION & OPEB TRUST FUNDS & AGENCY FUNDS

COOK COUNTY, ILLINOIS

PENSION & OPEB TRUST FUNDS & AGENCY FUNDS

The Pension and OPEB trust funds are for the benefit of the County employees and their beneficiaries. The Pension and OPEB trust funds are funded through County and employee contributions and investment income.

The Agency Funds consist of the County Treasurer, Clerk of the Circuit Court, County Sheriff, State's Attorney, Public Guardian, Public Administrator, and Other Departments. Agency Funds were established to account for assets received and held by the County as an agent for individuals, private organizations, other governments and payroll deductions.

Other Departments include the County Clerk, Recorder, Medical Examiner, Adult Probation and Liquor Commission.

STATISTICAL SECTION

COOK COUNTY, ILLINOIS STATISTICAL SECTION (UNAUDITED) For the Year Ended November 30, 2015

The information in this section is not covered by the Independent Auditor's Report, but is presented as supplemental data for the benefit of the readers of the comprehensive annual financial report. The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to better understand and assess the County's overall financial health.

| Contents | Page |
|--|-----------|
| Financial Trends | |
| These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time. | 222 - 229 |
| Revenue Capacity | |
| These schedules present information to help the reader assess the County's most significant local revenue source, the property tax. | 230 - 236 |
| Debt Capacity | |
| These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future. | 237 - 242 |
| Demographic and Economic Information | |
| The schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place. | 243 - 244 |
| Operating Information | |
| These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs. | 245 - 256 |
| Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual | |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes:

(1) Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position is considered restricted when (1) an external party, such as the state or federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the County, such as bond covenants.

(2) 2009 numbers have been restated due to a prior period error.

(3) 2012 Net Position for the primary government includes a decrease in "Net investment in capital assets" and an increase in "Unrestricted" deficit of \$915,431,089.

(4) 2013 Net Position for the primary government includes a decrease in "Net investment in capital assets" and an increase in "Unrestricted" deficit of \$397,439,170.

Note:

(1) Net (expense) / revenue is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program is supported with its own fee and program-specific grants versus its reliance upon funding from taxes and other general revenues. Numbers in parentheses indicate that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program. Numbers without parentheses mean that program revenues were more than sufficient to cover expenses.

(2)

Accrual-basis financial information for the County government as a whole is only available to 2002, the year GASB Statement 34 was implemented.

- (3) For fiscal years 2002 2005, Claims Expense was included in the Government Management and Supporting Services amount since these expenses were rolled up as an Internal Service Fund. Beginning fiscal year, 2006, Claims Expense is in the General Fund and thus a separate line item. In fiscal year 2009, as the appropriation was approved by the County Board, the Claims Expenses in the General Fund are to be off-set by charging the other County funds. The charges to the other County Funds were then reported as offsets to expenditures in the Self Insurance Account and expenditures of the fund charged.
- (4) 2009 numbers have been restated due to a prior period error.

Notes:

(1) Prior to 2006 the Self-Insurance Account was not part of the General Fund of the County

(2) 2009 numbers have been restated due to a prior period error.

(3) New fund balance categories used starting in FY11 due to the implementation of GASB 54.
