INDEPENDENT AUDITOR'S REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

To the Board of Commissioners of Cook County, Illinois

We have audited the accompanying Schedule of Expenditures of Federal Awards (Schedule) of **Cook County, Illinois** (the County) for the year ended November 30, 2013.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; and OMB Circular A-133, "<u>Audits of States, Local Governments, and Non-Profit Organizations</u>". Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of risks of the material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

Auditor's Responsibility (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedule of expenditures of federal awards referred to above presents fairly, in all material respects, the expenditures of federal awards of the County for the year ended November 30, 2013 in conformity with the accounting principles generally accepted in the United States of America.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED NOVEMBER 30, 2013

NOTE 1 - FINANCIAL REPORTING

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes all federal programs attributable to the County's reporting entity except those administered by the Forest Preserve District of Cook County and its component units, the County Sheriff Equitable Sharing Fund, and the County State's Attorney Narcotics Forfeiture Fund.

The information in this Schedule is presented in accordance with the requirements of the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations". Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Federal awards received directly from federal agencies, as well as the federal portion of grants passed through non-federal agencies, are included in the Schedule.

NOTE 2 - BASIS OF ACCOUNTING

The accompanying Schedule has been prepared to include expenditures reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, "Cost Principles for State, Local, and Indian Tribal Governments", wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The underlying accounting records for some grant programs are maintained on the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when measurable and available for financing current obligations. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are expected to be paid with available expendable resources and are recognized when obligations are incurred.

Accordingly, the accompanying Schedule is not intended to present the financial position and the results of operations in conformity with accounting principles generally accepted in the United States of America.

NOTE 3 - MAJOR PROGRAMS

Major programs are those programs identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs, which were determined using a risk-based approach in accordance with the requirements of OMB Circular A-133.

NOTE 5 - NON-CASH AWARDS

Non-cash awards identified during the current period have been included in the Schedule. The County had no non-cash federally-funded insurance, and loans and/or loan guarantees in effect during fiscal year 2013.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (Continued)

FOR THE YEAR ENDED NOVEMBER 30, 2013

NOTE 6 – NEGATIVE EXPENDITURES

The Schedule includes negative amounts that result from timing differences caused by the process of authorizing new grants and assigning business units. The County assigns each new grant a business unit. Expenditures for new grants are accumulated in the prior year's grant/business unit until the new grant/business unit has been authorized/assigned. Once the new grant/business unit has been authorized/assigned, expenditures applicable to the new grant, previously recorded in the prior year grant/business unit, are transferred to the new business unit. When the authorization of a new grant occurs in the subsequent fiscal year (after the normal year-end closing), the transfer of the expenditures from the prior year business unit to the new grant/business unit results in a negative expenditure in the prior year business unit.

During the current fiscal year, the County continued its analysis of grants that remained open but had no activity and anticipated no future activities. This analysis resulted in additional credits to the Schedule to correct grant amounts which were determined to be over expended in prior fiscal years.

NOTE 7 – DCEO AUDITS

The Illinois Department of Commerce & Economic Opportunity (DCEO) issued its report (dated July 28, 2010) of the Workforce Investment Act (WIA) fiscal monitoring findings identified for the period of 06/16/2009 through 06/30/2010 at the President's Office of Employment Training (POET) and its successor agency, Cook County Works pertaining to the 2009 Summer Youth Program.

POET submitted a response to DCEO on August 23, 2010. Based on determinations made by DCEO and the U.S. Department of Labor (U.S. DOL), POET was assessed disallowed costs in the amount of \$1,562,820 pertaining to the 2009 Summer Youth program which was funded with ARRA funds. During Fiscal Year 2012 the County reduced its reimbursable cost by \$1,492,029 and held back reimbursement vouchers for the remaining \$70,791. During current year communications, DCEO acknowledged issues pertaining to the 2009 Summer Youth Program were closed and provided a close-out letter dated September 2, 2011. There was no on-site monitoring of the 2010 Summer Youth Program.

NOTE 8 – HUD AUDITS

Cook County's HOME program was monitored in December of 2011. The monitoring resulted in four findings and two concerns. A letter conveying the results of the review was provided to Cook County on February 28, 2012. The Findings included the County not adhering to site/neighborhood standards, record maintenance, on-site inspections and eligibility records. HUD received a response letter from the County dated March 28, 2012.

<u>County Response</u>: The County has addressed these findings in a response dated April 11, 2013 and is currently awaiting a formal clearance letter from HUD and will follow-up immediately regarding anticipated receipt of said clearance.

FOR THE YEAR ENDED NOVEMBER 30, 2013

NOTE 8 – HUD AUDITS (Continued)

<u>HUD Clearance</u>: In a letter dated July 17, 2013, HUD cleared all findings from the HOME Monitoring.

NOTE 9 – U.S. DEPARTMENT OF HOMELAND SECURITY AUDIT

The U.S. Department of Homeland Security's (DHS) Office of the Inspector General (OIG) issued a draft audit report in August 2011. Under the direction of the new Executive Director of the Cook County Department of Homeland Security and Emergency Management (DHSEM), the DHSEM conducted an internal audit of the program and provided the DHS OIG with comments on the draft report in late September 2011. The final report was issued by the DHS OIG in December 2011. This report contained four (4) recommendations and concluded that the federal Emergency Management Agency (FEMA), the State of Illinois, the Urban Area Working Group, and Cook County did not ensure the effective implementation of Project Shield.

As of the date of this report, the DHSEM continues to work with the Illinois Emergency Management Authority (IEMA) and the U.S. DHS OIG to address the recommendations outlined in the Audit Report. Based on these recommendations, IEMA is currently working to hire an independent auditor to audit the Project Shield program. The DHSEM awaits additional information from IEMA regarding this independent audit.

NOTE 10 – PRIOR PERIOD EXPENDITURES

The County receives federal assistance funded by the U.S. Department of Health and Human Services and passed through the Illinois Department of Healthcare and Family Services. During the current year, amounts previously reported as expenditures in the Schedule were determined to be non-federal expenditures due to the fact these expenditures were never reimbursed by applicable federal grants. These expenditures were reported in CFDA No. 93.778 for the Medicaid Cluster: Medical Assistance Program, for the amounts of \$12,396, \$965,969 and \$2,186,112 for FY2008, FY2009 and FY2010, respectively.

NOTE 11 – ILLINOIS DEPARTMENT OF TRANSPORTATION

On November 20, 2015, the County was notified by the Illinois Department of Transportation (IDOT) that expenditures for Highway Planning and Construction (CFDA #20.205) in the amount of \$8,749,787 reimbursed to the County by IDOT had not been reflected in the Schedule of Expenditures as of November 30, 2014. Upon review by management, it was determined that the amounts expended applied to the following fiscal years:

Fiscal Year	<u>Amount</u>
2011	\$2,419,784
2012	5,685,725
2013	2,621,143
2014	492,350

The 2013 Schedule of Expenditures of Federal Awards has been restated to include the 2013 expenditures.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Commissioners of Cook County, Illinois

Report on Compliance for Each Major Federal Program

We have audited **Cook County, Illinois'** (the County) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended November 30, 2013. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

The County's basic financial statements include the operations of the Forest Preserve District of Cook (a discretely presented component unit), the County Sheriff Equitable Sharing Fund, and the County State's Attorney Narcotics Forfeiture Fund, which received federal awards that are not included in the Schedule of Expenditures of Federal Awards for the year ended November 30, 2013. Our audit, described below, did not include the operations of the Forest Preserve District of Cook County, the County Sheriff Equitable Sharing Fund, and the County State's Attorney Narcotics Forfeiture Fund, because the Forest Preserve District of Cook, the Sheriff Equitable Sharing Fund, and County State's Attorney Narcotics Forfeiture Fund engaged other auditors, when required, to perform audits in accordance with OMB Circular A-133.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and

OMB Circular A-133, "<u>Audits of States, Local Governments, and Non-Profit Organizations</u>". Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended November 30, 2013.

Other Matters

This report replaces our report dated May 30, 2014. As disclosed in Note 11, the County omitted program expenditures for the Highway Planning and Construction Program CFDA # 20.205, in the amount of \$1,040,186. Based on this new information, we were required to test the omitted program as a major program. This report is updated to include the effect of the additional testing.

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2013 – 001, 2013 – 002, 2013 – 003, 2013 – 004, 2013 – 005, 2013 – 006 and 2013 – 008. Our opinion on each major federal program is not modified with respect to these matters.

The County's response to the noncompliance findings identified in our audit are described in the accompanying Summary Schedule of Prior Audit Findings and Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of

compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items 2013 – 001, 2013 – 002, 2013 – 003, 2013 – 004, 2013 – 005, 2013 – 006, 2013 – 007, and 2013 – 008, that we consider to be significant deficiencies.

The County's response to the internal control over compliance findings identified in our audit are described in the accompanying Summary Schedule of Prior Audit Findings and Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

County Departments – Department of Budget and Management Services, Office of the Comptroller and Various Others

Finding 2013 – 001

Questioned Costs: Undetermined

CRITERIA

2 CFR Part 225 (OMB Circular A-87), Appendix C, requires that all local governments claiming central service costs must develop a cost allocation plan in accordance with the requirements described in this Circular and retain the plan and related supporting documentation for audit. "Each local government that has been designated as a "major local government" by the Office of Management and Budget (OMB) is also required to submit a plan to its cognizant agency annually. OMB periodically lists major local governments in the Federal Register."

"All central service cost allocation plans will be prepared and, when required, submitted within six months prior to the beginning of each of the governmental unit's fiscal years in which it proposes to claim central service costs. Extensions may be granted by the cognizant agency on a case-by-case basis." "All proposed plans must be accompanied by the following: an organizational chart sufficiently detailed to show operations including the central service activities of the State/local government whether or not they are shown as benefiting from central service functions; a copy of the Comprehensive Annual Financial Report (or a copy of the Executive Budget if budgeted costs are being proposed) to support the allowable costs of each central service activity included in the plan; and, a certification that the plan was prepared in accordance with this Circular, contains only allowable costs, and was prepared in a manner that treated similar costs consistently among the various federal awards and between federal and non-federal awards/activities."

"For each allocated central service, the plan must also include the following: a brief description of the service, an identification of the unit rendering the service and the operating agencies receiving the service, the items of expense included in the cost of the service, the method used to distribute the cost of the service to benefited agencies, and a summary schedule showing the allocation of each service to the specific benefited agencies."

"A governmental unit for which a cognizant agency assignment has been specifically designated must submit its indirect cost rate proposal to its cognizant agency. The Office of Management and Budget (OMB) will periodically publish lists of governmental units identifying the appropriate federal cognizant agencies. The cognizant agency for all governmental units or agencies not identified by OMB will be determined based on the federal agency providing the largest amount of federal funds. Indirect cost proposals must be developed (and, when required, submitted) within six months after the close of the governmental unit's fiscal year, unless an exception is approved by the cognizant federal agency. If the proposed central service cost allocation plan for the same period has not been approved by that time, the indirect cost proposal may be prepared including an amount for central services that is based on the latest federally-approved central service cost allocation plan."

Finding 2013 – 001 (Continued)

CONDITION

The County-wide cost allocation plan (CAP) and indirect cost rate proposal (ICRP) submitted by the County during the current year contained the required documentation as required by OMB Circular A-87. However, the CAP and ICRP were not submitted timely in accordance with the requirements of OMB Circular A-87.

As also required, the County received an approved provisional indirect cost rate agreement (ICRA) applicable to the Community Development Block Grants/Entitlement Grants (CDBG – CFDA No. 14.218) and Home Investment Partnerships (HOME – CFDA No. 14.239), effective from July 1, 2012 to June 30, 2014. However, the indirect costs charged to the County's major programs during the current year were not based the ICRA or on the CAP and ICRP submitted and maintained as documentation for these costs.

CONTEXT

During our test procedures we noted the following:

- The CAP and ICRP submitted during the year, due by June 1, 2013, were submitted October 24, 2013, approximately 145 days after the due date.
- The indirect costs charged to the County's major programs during the current period were based on amounts and rates other than those identified in the CAP, ICRP and ICRA applicable to the current fiscal year.

CAUSE

Based on discussions with County management, because audited financial statements are the basis for the costs utilized in the preparation of the CAP and ICRP, the timing of the County's audit each year impairs its ability to submit the CAP and ICRP timely. The County has partitioned its cognizant agency, the U.S. Department of Housing and Urban Development (HUD) for both extensions for its CAP and ICRP submissions as well as guidance for future submissions. As of the date of this report, the County has not received a formal response to its requests.

EFFECT

The failure to submit the CAP and ICRP timely is a violation of OMB Circular A-87. The failure to charge indirect costs that are supported by the amounts and methodologies contained in the CAP and ICRP applicable to the current year could result in unallowable indirect costs charged to federal programs.

Finding 2013 – 001 (Continued)

RECOMMENDATION

We recommend the County consult with the HUD National Single Audit Coordinator to determine whether it's CAP and ICRP can be prepared based on preliminary financial amounts which will be audited, which might allow the County to prepare the CAP and ICRP more timely. In addition, the County should formalize any request it makes to its cognizant agency regarding an extension on the submission of the CAP and ICRP.

Also, we recommend the County use the submitted CAP and ICRP as the basis for all indirect costs charged to its federal programs. Any deviation to the CAP and ICRP should be appropriately documented and maintained for audit purposes.

Davis-Bacon Act

Federal Department – U.S. Department of Housing and Urban Development CDBG – Entitlement Grants Cluster:

 Community Development Block Grants/Entitlement Grants (CDBG), CFDA #14.218

County Department - Department of Planning and Development (DPD)

Finding 2013 – 002 Questioned Costs: None

CRITERIA

In accordance with the requirements of the Davis-Bacon Act and the DOL regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"), non-federal entities shall include in their construction contracts a requirement that the contractor or subcontractor comply with the Davis-Bacon Act. This includes a requirement for the contractor or subcontractor to submit to the non-federal entity weekly, for each week in which any contract work is performed, a certified copy of the payroll and a statement of compliance (29 CFR sections 5.5 and 5.6).

OMB Circular A-133 Subpart C Section .300(b) requires auditees to maintain internal control over federal programs that provides reasonable assurance that the auditee is managing federal awards in compliance with laws, regulations, and the provisions of the contracts or grant agreements that could have a material effect on each of its federal programs.

The Community Development Block Grant (CDBG) program Procedures and Operations Guide, Chapter 3.4 – Project Management, requires that pre-construction conferences are held for all construction projects.

Davis-Bacon Act

Federal Department – U.S. Department of Housing and Urban Development CDBG – Entitlement Grants Cluster:

• Community Development Block Grants/Entitlement Grants (CDBG), CFDA #14.218

Finding 2013 – 002 (Continued)

CONDITION

During the current audit period, the Department of Planning and Development (DPD) did not adequately document its compliance with federal Davis-Bacon requirements for the CDBG program.

CONTEXT

Based on our review of sixteen (16) contractors' files selected, we noted the following:

- For one (1) file no supporting documentation was provided, which includes the contract agreement, weekly certified payrolls, Form 4E (checklist), Form 4F(employee interview), and preconstruction conference held.
- For fifteen (15) files, we were provided Form 4E's to support evidence of the review of certified payrolls. However, based on our review, this form only documents the receipt of weekly certified payrolls. Generally, the receipt dates were subsequent to the project close dates. We noted no evidence to support the performance of a review of weekly certified payrolls.
- Two (2) files had no evidence of a preconstruction conference held.

EFFECT

Failure to timely review certified payrolls submitted by contractors is a violation of federal regulations and impairs the DPD's ability to adequately monitor the federally funded program. The failure to hold preconstruction conferences impacts the communication of federal requirements and could result in violations of federal regulations.

CAUSE

Based on discussions with County management, the form currently used to document the review of certified weekly payrolls (Form 4E) is completed at the end of the project and indicates that certified weekly payrolls were received for the entire project period and compared to the wage determination in the contract. However, documentation indicating the ongoing payroll review throughout the course of the project has not routinely been maintained in the project file. Evidence of a preconstruction conference and other key project documentation is kept in each project file. DPD experienced a reduction in force in September 2013, and several projects managed by laid-off staff had incomplete files.

 Community Development Block Grants/Entitlement Grants (CDBG), CFDA #14.218

Finding 2013 – 002 (Continued)

RECOMMENDATIONS

We recommend DPD adhere to its established policies and procedures to ensure compliance with the Davis Bacon Act requirements and ensure the documentation of procedures performed are appropriately maintained. In addition, supporting documentation on preconstruction conferences held should be maintained in all project files.

Subrecipient Monitoring

Federal Department – U.S. Department of Housing and Urban Development CDBG – Entitlement Grants Cluster:

 Community Development Block Grants/Entitlement Grants (CDBG), CFDA #14.218

County Department - Department of Planning and Development (DPD)

Finding 2013 – 003 Questioned Costs: None

CRITERIA

Circular No. A-133, Subpart D – Federal Agencies & Pass-through Entities, §___.400(d)(3) requires that pass-through entities must monitor the activities of subrecipients as necessary to ensure that federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.

OMB Circular A-133 Subpart D Section .400 (d) requires pass-through entities to: (1) identify federal awards made by informing each subrecipient of Catalog of Federal Domestic Assistance (CFDA) title and number, award name and number, award year; (2) advise subrecipients of requirements imposed on them by federal laws, regulations, and the provisions of contracts or grant agreements as well as any supplemental requirements imposed by the pass-through entity; (3) monitor the activities of subrecipients as necessary to ensure that federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved; (4) ensure that subrecipients expending \$300,000 (\$500,000 for fiscal years ending after December 31, 2003) or more in federal awards during the subrecipient's fiscal year have met the audit requirements of this part for that fiscal year; (5) issue a management decision on audit findings within six months after receipt of the subrecipient's audit report and ensure that the subrecipient takes appropriate and timely corrective action; (6) consider whether subrecipient audits necessitate adjustment of the pass-through entity's own records; and (7) require each subrecipient to permit the pass-through entity and auditors to have access to the records and financial statements as necessary for the pass-through entity to comply with this part. In cases of continued inability or unwillingness of a subrecipient to have the required audits, the pass-through entity shall take appropriate action using sanctions.

Subrecipient Monitoring

Federal Department – U.S. Department of Housing and Urban Development CDBG – Entitlement Grants Cluster:

• Community Development Block Grants/Entitlement Grants (CDBG), CFDA #14.218

County Department – Department of Planning and Development (DPD) Finding 2013 – 003 (Continued)

CRITERIA

Per the Cook County Community Development Block Grant (CDBG) Program Procedures and Operations Guide (Draft version dated January 2012) and Revised Manual (effective January 2014), states "The County conducts annual monitoring of its HOME-, CDBG-, and ESG-funded activities. "Under Required Frequency of On-Site Monitoring Visits during Program Implementation Phase", for any activity administered by a subrecipient or contractor, while contract is in effect, the frequency of on-site monitoring visit is annually".

Per the County's subrecipient contract agreements, projects must be completed within twelve months from the "Notice to Proceed" (NTP) date. If projects are not completed within the required time frame the subrecipient should communicate the delay to the Department of Planning and Development (DPD). If the delay is considered reasonable a waiver is issued granting an extension.

CONDITION

During the current audit period, DPD did not adequately document its procedures for the monitoring of subrecipients, which resulted in noncompliance with federal regulations. Also, there were no procedures to ensure timely completion of projects.

CONTEXT

During our review of thirty-nine (39) subrecipients' files, we noted the following:

- Thirteen (13) subrecipients' files did not document whether DPD performed the required annual on-site review and monitoring visit for projects either open or completed during fiscal year 2013. Based on further discussions with management, five (5) of these projects are for capital improvement, which are monitored near the projects' completion. However, the Operations Guide and the Revised Manual do not distinguish anything other than annual monitoring.
- There was no evidence of supervisory review for programmatic monitoring in all files.

During our testing of twenty-five (25) project files (19 completed and 6 open projects) during fiscal year 2013, we noted the following:

• Four (4) projects remained open beyond the 12 months from the NTP completion date requirement. Also, we noted no evidence indicating an extension was granted.

EFFECT

Failure to adequately monitor the activities and performance of subrecipients could result in federal awards being used for unauthorized purposes and DPD's inability to adequately perform risk assessments on subrecipients.

Subrecipient Monitoring

Federal Department – U.S. Department of Housing and Urban Development CDBG – Entitlement Grants Cluster:

• Community Development Block Grants/Entitlement Grants (CDBG), CFDA #14.218

County Department – Department of Planning and Development (DPD) Finding 2013 – 003 (Continued)

EFFECT (Continued)

Failure to complete projects timely impairs DPD's ability to carry out its CDBG activities and certifications in accordance with pre-established policies and procedures designed to comply with applicable federal regulations.

CAUSE

Based on discussions with County management, DPD experienced reductions in force in October 2012 and September 2013, and several projects managed by laid-off staff or transitioned to new staff did not contain monitoring documentation. Several projects that remained open at the end of the fiscal year had not yet been monitored. Project extensions are typically documented in the file when needed, but in 4 cases – 3 related to laid-off staff – no evidence of an extension was included in the file.

RECOMMENDATION

We recommend DPD review and update established policies and procedures for monitoring its subrecipients based on the type of project. Also, DPD should maintain the appropriate documentation for on-site reviews and monitoring visits, based on the project type.

In addition, procedures should ensure that all projects not commencing in a timely manner are adequately documented and include the reason for the delay, any extensions approved and granted, as well as other actions taken.

- ARRA Edward Byrne Memorial Justice Assistance Grant (JAG) Program/ Grants to Units of Local Government, CFDA # 16.804

County Department - Justice Advisory Council

Finding 2013 – 004

Questioned Costs: \$159,981

CRITERIA

Per the Interagency Agreement between the Illinois Criminal Justice Information Authority (ICJIA) and the Justice Advisory Council (JAC), quarterly progress and fiscal reports shall be submitted by the 15th day of each month following the previous quarter. Also, within 45 days of the expiration date of this agreement or any approved extension thereof the following documents must be submitted: (a) final financial status report; (b) final progress reports; (c) property inventory report; (d) any refund of unexpended funds, and (e) other documents required by ICJIA.

Regarding the required quarterly fiscal reports, JAC's current practice is to submit monthly fiscal reports by the 15th day of each month following the previous month.

OMB Circular A-133 Subpart C Section .300(b) requires auditees to maintain internal control over federal programs that provides reasonable assurance that the auditee is managing federal awards in compliance with laws, regulations, and the provisions of the contracts or grant agreements that could have a material effect on each of its federal programs.

CONDITION

During the current audit period, the JAC did not comply with the reporting requirements of the Interagency Agreement.

CONTEXT

During our review of reporting requirements for the current fiscal year, we noted the following:

- One (1) of the 2 quarterly progress reports selected for testing was not provided.
- We selected four (4) monthly fiscal reports for testing. No supporting documentation was provided for any of the 4 reports, also, for one monthly fiscal report the "cumulative expenses last month" amount did not agree to the "cumulative expenses to date" amount on the previous month's submitted report, resulting in an overstatement of \$17,608.
- The final financial status report due 11/15/13 was submitted 1/8/2014, 54 days late. Also, this report includes \$193,460 which was reported as "final expenses for prior obligations". However, we were only able to verify that \$33,479 was expended within 45 days of the expiration date of the grant agreement as required.

- ARRA Edward Byrne Memorial Justice Assistance Grant (JAG) Program/ Grants to Units of Local Government, CFDA # 16.804

County Department - Justice Advisory Council

Finding 2013 – 004 (Continued)

EFFECT

Failure to submit progress reports and timely submit final financial status reports as required is a violation of the Interagency Agreement and impairs the grantor agency's ability to adequately monitor the federally funded program. Also, the failure to maintain adequate supporting documentation resulted in inaccurate reporting and questioned costs of \$159,981.

CAUSE

Per discussion with management, this occurred due to staff transitions during the current year.

RECOMMENDATION

We recommend JAC develop and implement procedures to ensure compliance with its Interagency Agreement. At a minimum, procedures should be in place to ensure accurate preparation, review and timely submission of all required reports. Also, supporting documentation should be maintained for all required reports.

Finding 2013 – 005
Questioned Costs: None

CRITERIA

The Office of Management and Budget A-133 Compliance Supplement (March 2013) states that there are eligibility requirements for subrecipients, but not for recipients.

42 USC 17154 states that an eligible entity may use a grant received under this part to carry out activities to achieve the purposes of the program, including (5) the provision of grants to nonprofit organizations and governmental agencies for the purpose of performing energy efficiency retrofits

Eligibility
Federal Department – U. S Department of Energy
ARRA-Energy Efficiency and Conservation Block Grant (EECBG), CFDA # 81.128
County Department – Department of Environmental Control
Finding 2013 – 005 (Continued)

CRITERIA (Continued)

For the purposes of the EECBG Program, "city" includes a city-equivalent unit of local government as defined by the U.S. Census of Governments. For example, a city-equivalent unit of local government such as town, village, or other municipality shall be considered eligible if it meets the required population thresholds. Consolidated city-county governments will be considered as cities.

Cities that are eligible for direct formula grants from the U.S. Department of Energy (DOE) are those that have a population of at least 35,000, or that are one of the 10 highest populated cities of the state in which the city is located. In states that have incorporated eligible municipalities (villages) within the boundaries of other incorporated eligible municipalities (towns), the village population will be subtracted from the town's population (42 USC Section 17151).

Nongovernmental organizations are eligible to receive subgrants for the purpose of assisting in the implementation of the energy efficiency and conservation strategy of the eligible unit of local government or Indian tribe (42 USC 17154(a) (5)).

OMB Circular A-133 Subpart C Section .300(b) requires auditees to maintain internal control over federal programs that provide reasonable assurance that the auditee is managing federal awards in compliance with laws, regulations, and the provisions of the contracts or grant agreements that could have a material effect on each of its federal programs.

CONDITION

During the current audit period, the Department of Environmental Control ("Department") did not adopt and implement adequate policies and procedures to comply with federal eligibility requirements.

CONTEXT

During the prior audit period, the Department did not maintain written policies and procedures to document the Department's ability to adequately determine compliance with eligibility requirements. It was recommended the Department immediately adopt and implement corrective policies and procedures over eligibility.

During our current year's review we noted no new projects were started. However, the Department did not implement corrective actions to the prior year's recommendation.

EFFECT

Failure to adequately document the eligibility determinations of subrecipients could result in federal awards being used for unauthorized purposes.

The lack of detailed written procedures could impair the Department's ability to adequately determine future subrecipient eligibility.

Eligibility

Federal Department - U. S Department of Energy

ARRA-Energy Efficiency and Conservation Block Grant (EECBG), CFDA # 81.128

County Department - Department of Environmental Control

Finding 2013 – 005 (Continued)

CAUSE

Based on discussions with County management, the Department's role is to manage the EECBG program and did not have a significant role in the subrecipient selection process. The decision of which subrecipients would participate in the EECBG Program was determined by the Bureau of Community and Economic Development during the period of 2009-2010. It was communicated to the Department by a previous administrator in the Bureau of Community and Economic Development that the subrecipient selection was based on set of entities that were previously awarded grant funding from the HUD funded Community Development Block Grant (CDBG).

RECOMMENDATION

We recommend the Department immediately adopt and implement written policies and procedures over eligibility to ensure compliance with federal regulations. At a minimum such policies and procedures should sufficiently detail the steps the Department's personnel would perform to determine eligibility on applicable future grant awards.

CRITERIA

Per EECBG Program Notice 10-07B (Effective Date: September 17, 2011), DOE Recovery Act Reporting Requirements for the Energy Efficiency and Conservation Block Grant (EECBG) Program, Section 6.2.4., "DOE requires the submission of two major reports from prime recipients:

- 1. Federal Financial Report (SF-425): submitted quarterly at the level of prime recipient.
- 2. Performance Report: submitted monthly (as applicable) and quarterly at the level of the activity.

Also, regardless of how recipients decide to manage their reporting process, prime recipients ultimately retain the responsibility to ensure that reports are submitted accurately and on time.

CONDITION

During the current audit period, the Department of Environmental Control ("Department") did not comply with federal reporting requirements.

Reporting
Federal Department – U. S Department of Energy
ARRA-Energy Efficiency and Conservation Block Grant (EECBG), CFDA # 81.128

Finding 2013 – 006 (Continued)

CONTEXT

During our testing of six (6) reports (two (2) Section 1512 ARRA reports, 2 quarterly performance reports, and 2 SF-425 reports), we noted the following:

- Total cumulative expenditures for the period ended 6/30/2013 per the SF-425 report were \$11,778,724. However, total expenditures per the Transaction Analysis provided were \$11,787,064, a difference of \$8,340.
- Total cumulative expenditures for the period ended 9/30/2013 per the SF-425 report were \$11,939,040. However, total expenditures per the Transaction Analysis provided were \$12,165,180, a difference of \$226,140.

EFFECT

Failure to maintain adequate documentation resulted in inaccurate reporting, reflecting a difference of \$234,480 in expenditures and is a violation of federal requirements.

CAUSE

Based on discussions with County management, the reporting inaccuracies noted in this finding were the result of the timing of the Department's draws from the federal government. The Department determined the amount of the monthly draw a week prior to the end of the month. Thus, expenses booked during the last week of the month were being captured in the federal drawdown in the following month. This practice resulted in a difference between the expenses shown on the federal reports and the month-end Transaction Analysis Report. Although all expenditures are being captured, they were not all being reported in the appropriate reporting time period.

RECOMMENDATION

We recommend the Department ensure all Federal Financial Reports are reconciled to the appropriate Transaction analysis. We also recommend all required reports are adequately reviewed and supporting documentation of the analysis and review appropriately maintained.

Internal Controls Over Financial Reporting Federal Department – Various Federal Programs – Various County Department – Various Finding 2013 – 007

CRITERIA

OMB Circular A-133, Subpart C-Auditees, Section 300 (a), Auditee responsibilities states that "the auditee shall identify, in its accounts, all federal awards received and expended and the federal programs under which they were received."

Ouestioned Costs: None

CONDITION

The County failed to maintain adequate controls over the reporting of expenditures of federal awards.

CONTEXT

During the current year, we noted the following:

- Department of Public Health/Stroger Hospital grants totaling of \$3.6 million were erroneously recorded to the Schedule. These amounts represent carry-forward grant balances that were incorrectly recorded as current year federal grant revenues that appeared as negative expenditures.
- Federal expenditures of \$1.6 million were incorrectly excluded from the Schedule.
- The County has revised its Grants Management Manual to include procedures to monitor the grant close-out process within 90 days prior to the end of the grant. However, these policies and procedures were not implemented until the beginning of fiscal year 2014.

EFFECT

Failure to adequately review negative expenditures and consistently close out federally funded grants timely could result in the over or understatement of federal expenditures in the SEFA. It also resulted in an inaccurate SEFA submitted for audit that could have impaired the audit planning and risk assessment process required by OMB Circular A-133. The net effect of the current year analysis of these grants was the understatement of the current year's SEFA by approximately \$5.2 million.

CAUSE

Based on discussions with management, this situation occurred because the reconciliation of the financial/claims reports maintained by the grant spending departments to the accounting system was not performed on a timely basis.

Internal Controls Over Financial Reporting Federal Department – Various Federal Programs – Various County Department – Various Finding 2013 – 007 (Continued)

RECOMMENDATION

We recommend the County implement procedures to ensure that: 1) negative expenditures are reviewed and adjusted in a consistent and timely manner; and 2) the preliminary SEFA is adequately reviewed to ensure that consideration has been given to the uniqueness of grants received and expended by each County department. We further recommend the County consider the implementation of a system which will ensure that expenditures cannot be charged to a federally funded grant in excess of grant revenues, and ultimately grant budgets.

Finding 2013 – 008

Questioned Costs: None

CRITERIA

In accordance with the requirements of the Davis-Bacon Act and the DOL regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"), non-Federal entities shall include in their construction contracts a requirement that the contractor or subcontractor comply with the Davis-Bacon Act. This includes a requirement for the contractor or subcontractor to submit to the non-Federal entity weekly, for each week in which any contract work is performed, a certified copy of the payroll and a statement of compliance (29 CFR sections 5.5 and 5.6).

OMB Circular A-133 Subpart C Section .300(b) requires auditees to maintain internal control over Federal programs that provides reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of the contracts or grant agreements that could have a material effect on each of its Federal programs.

CONDITION

During the current audit period, the Cook County Department of Transportation and Highways (DOTH) did not adequately document its compliance with Federal Davis-Bacon requirements for the Highway Planning and Construction program.

Highway Planning and Construction Cluster:

• Highway Planning and Construction (Federal-Aid Highway Program), CFDA #20.205

County Department – Department of Transportation and Highways (DOTH) Finding 2013 – 008 (Continued)

CONTEXT

During fiscal year 2013, DOTH had two (2) active projects that required compliance with Davis Bacon requirements. Based on our review of one (1) project, we noted the following:

- The project file had no evidence of the review of weekly certified payroll.
- The project file had no evidence of employee interviews being performed.
- There are no written policies and procedures to ensure controls are in place over compliance with the requirements of the Davis-Bacon Act.

EFFECT

Failure to document the review of certified payrolls submitted by contractors is a violation of Federal regulations and impairs the DOTH's ability to adequately monitor the Federally funded program.

CAUSE

Based on discussion with management, this occurred due to lack of expertise by DOTH Resident Engineers and their Supervisors in conducting interviews and documenting the review of weekly certified payroll records.

RECOMMENDATION

We recommend the DOTH develop and implement policies and procedures to ensure its compliance with the requirements of the Davis-Bacon Act. These policies and procedures should ensure certified payrolls are reviewed timely and the documentation of procedures performed is appropriately maintained.

AND CORRECTIVE ACTION PLAN

FOR THE YEAR ENDED NOVEMBER 30, 2013

Prior Year Findings	Current Year Status
Federal Award Findings	
Finding 2012-1	
During the prior fiscal year, the County's County-wide cost allocation plan (CAP) submitted by the County did not comply with the requirements of 2 CFR Part 225 (OMB Circular A-87).	Not Repeated — During the current fiscal year, the County implemented its corrective action plan and submitted a CAP meeting the requirements of OMB Circular A-87.
Finding 2012-2	
During the prior fiscal year, the County's Juvenile Temporary Detention Center (JTDC) failed to perform a physical inventory of commodities and reconcile the physical inventory to the inventory records to comply with the requirements of 7 CFR Section 250.14.	Not Repeated – During the current fiscal year, the JTDC implemented its corrective action plan and performed the physical inventories and related reconciliations in accordance with 7 CFR Section 250.14.

During the prior fiscal year, Cook County Health and Hospitals System (CCHHS) did not 1) adequately ensure federally-funded contracts issued to vendors were in compliance with certain federal regulations and 2) maintain documentation to ensure compliance with the Cook County Code of Ordinances which requires verification of whether potential contractors are delinquent in taxes and fees.

Not Repeated – During the current fiscal year, CCHHS implemented its corrective action plan and documented its compliance with the applicable federal regulations and the Cook County Code of Ordinances.

Finding 2012-20

During the prior fiscal year, the County failed to comply with the requirements of OMB Circular A-133 Subpart C, Section 320 (a).

During our review of the submissions of the prior two fiscal years' data collection forms and reporting packages, we noted the reporting package for fiscal year 2010 was dated September 6, 2011. The data collection form and the reporting package were submitted to the federal Audit Clearinghouse until September 22, 2011. As a result of M-10-14, no extension was allowed for fiscal year 2010. The final due date for the submission of the 2010 data collection form and the reporting package was August 31, 2011.

Not Repeated – During the current fiscal year, we noted the County submitted it's prior two fiscal years' data collection forms and reporting packages in a timely manner.

Finding 2012-21

During the prior fiscal year, the County's preliminary Schedule of Expenditures of Federal Awards (SEFA) contained various older grants, not yet closed out, with balances either in excess of, or less than, revenues received, resulting in significant revisions in amounts reported in the prior fiscal year's SEFA to close out these older grants.

Additionally, we noted there were no policies and procedures to consistently ensure the proper close-out of federally funded grants.

RE:

CORRECTIVE ACTION PLAN 2013-1

DATE:

May 30, 2014

Since 2011, the Department of Budget and Management (DBMS) has been communicating with the U.S. Department of Housing and Urban Development (HUD) to finalize guidance on the appropriate submission timeline and requirements for the review and approval of the County's Cost Allocation Plan (CAP). DBMS communicated to HUD that the County's Fiscal Year ends on November 30th and the audited financial statements needed to initiate and complete the CAP are not issued until six months after the fiscal year end. Therefore, the six month deadline for completion and submission of the CAP can not be met. As of today, HUD's written response is pending on the submission timeline the County needs to adhere to for the review and approval of the CAP. However, HUD did provide preliminary instructions to not submit the CAP but to maintain a copy of it in the event that HUD requests to review the plan.

DBMS concurs with the finding and will continue to work with the County's cognizant agency to develop formal guidance regarding CAP submission. In addition, DBMS will implement a new policy requiring all eligible grants and activities to include the appropriate indirect cost in each grant application and award, as detailed in CAP, by December 1, 2014. The new policy will also include a formal policy regarding the appropriate waivers or reduction in indirect rates requested by implementing departments. The person responsible for developing and implementing the new policy is the Grants Management Director.

Views of Responsible Officials and Corrective Action Plans:

Management will obtain the necessary documentation and/or develop the necessary forms to ensure that appropriate documentation of ongoing payroll review throughout the course of capital improvement projects is incorporated into the project files going forward. Similarly, management will make sure the appropriate documentation of a preconstruction conference is included in each file. This will include, but not be limited to, a preconstruction conference agenda and sign-in sheet. A project tracking spreadsheet will be created to address these two issues and will be used as a review tool by management. The file that was missing several documents will be addressed and all needed project documentation will be added to the file.

Views of Responsible Officials and Corrective Action Plans:

Related to on-site monitoring, management will ensure that staff completes monitoring visits for every project and that standard documentation of the visit and its results are included in each subrecipient's file. Management will also ensure that staff issues project extension letters when needed and includes a copy in the subrecipient file. A project tracking spreadsheet will be created to address these two issues and will be used as a review tool by management. Related to supervisory review of monitoring, the supervisor will review and sign all monitoring results letters with findings or concerns. The supervisor will be copied on all letters with no findings or concerns. The policy manual will be updated to reflect these monitoring practices. The DUNS number is now included in all CDBG applications and subrecipient agreements starting with Program Year 2013.

Corrective Action Plan for Preliminary Audit Findings on Business Unit

#9401103

The Cook County Justice Advisory Council (JAC) will implement the following Corrective Action Plan to address the preliminary audit findings for BU# 9401103:

- The Grants Coordinator will maintain complete master files for all grants and subrecipients, to include appropriate supporting documentation (grant agreements, vendor contracts, budget revisions, payment vouchers, reports submitted, etc.);
- The Grants Coordinator will reconcile all monthly expenditures reported by subrecipients with transactions posted in the JD Edwards system;
- The Grants Coordinator will ensure timely submission of all reports submitted to the grantor
- All reports submitted to the grantor will be checked for accuracy by the Grants Coordinator and then approved by the Executive Director; and,
- In preparation for the FY 14 audit activities, the Grants Coordinator will conduct an internal audit of all grantees and sub-recipient files.

These internal measures will be implemented effective September 1, 2014 to ensure that the JAC is in full compliance with the county's grant monitoring procedures. The Justice Advisory Council, specifically the Grants Coordinator, we will be working with the stakeholder departments to reconcile expenses for Business Unit #9401103. Condition

During the Current audit period, the Department of Environmental Control did not comply with Federal Eligibility requirements. Also, the Department did not maintain written policies and procedures to document adequate compliance with eligibility requirements.

Corrective Action

The Department of Environmental Control has developed eligibility criteria for all participating Municipalities and Non-Governmental Participants. Eligibility will be regularly monitored by EECBG Program Manager. These changes will be incorporated into the Standard Operating Procedures by May 21, 2014

- Cities that are eligible for direct formula grants from the DoE are those that have a population of at least 35,000, or that are one of 10 highest populated cities the state in which the cities is located.
- For cities that have incorporated eligible municipalities (villages) within the boundaries of other incorporated municipalities (towns), the village population will be subtracted from the town's population.
- The Department of Environmental Control will develop a step by step procedure that will detail the selection, review and approval of all participating sub-recipients. This procedure will mirror other previously approved programs such as Community Block Development Grant (CDBG) and the HOME Investment Partnership Program. Some of the steps that will be detailed: Announcement Process, Documentation-Dissemination and Collection and the Approval Process.

Re: 2013 Single Audit Corrective Action Plan

Finding 2013-06

Condition

During Current audit period, the Department of Environmental Control did not comply with Federal reporting requirements

Corrective Action Plan:

Procedural changes have been implemented to ensure compliance with Federal reporting requirements thereby eliminating timing discrepancies in the reporting of grant expenditures and providing supervisory review and approval of all reports. These changes were incorporated in the Standard Operating Procedures June 28, 2013.

- The reporting differences noted in this finding were the result of the timing of the Department of Environmental Control's draws from the Federal Government. The Department determined the amount of the monthly draw a week prior to the end of the month. Thus, expenses booked during the last week of the month were being captured in the Federal drawdown in the following month. This practice resulted in a difference between the expenses shown on the Federal reports and the month-end Transaction Analysis Report. Although all expenditures are being captured, some are being reported in the next quarter's report, when the drawdown covering them is made.
- The Department Business Manager determines the amount of the draw shortly after month-end. This information is passed on to the Department Deputy Director requesting the Federal drawdown and the contracted project management firm preparing the Federal reports. Modifying the timing of the monthly Federal draws eliminates the lag in reporting of grant expenditures on the Federal reports.
- The report preparer is required to submit all Federal reports to the Department one week prior to the submission deadlines for supervisory review and approval. The Business Manager verifies the amounts shown on the Federal reports utilizing available supporting documentation such as the Transaction Analysis Report as well as other tracking reports maintained by the Business Manager. The Business Manager confirms expenditures are captured in the correct reporting period and will resolve any discrepancies with the preparer. Once the Business Manager's review is complete, the Project Manager reviews and approves the reports. Upon approval, he informs the report preparer via e-mail to proceed to submit the reports.
- The Business Manager ensures copies of the Federal reports and approval e-mail are maintained in the department's records.

The Comptroller's Office and the Budget Office have implemented a grants policies and procedures -manual (manual) as of December 1, 2013. This manual does cover the proper way to account for grants and the need to reconcile the grantee's accounting records to the general ledger in a timely manner (e.g. monthly) and the SEFA (annually). On a quarterly basis, countywide grant managers meetings are conducted to ensure the manual is being reviewed and adhered to.

Mitch Soldberg

In addition the County has selected an ERP software vendor and the final steps of the procurement process are being executed. An ERP executive committee has been established as well as subject matter expert teams. The County is in the planning phase of issuing an RFP to select a vendor to assist with the implementation of the new ERP software by Fiscal Year 2016 to further enhance and automate the grant accounting process.

Corrective Action Response for:

Finding 2013-008

The Department of Transportation and Highways (DoTH) acknowledges stronger controls are required in order to comply with the Davis-Bacon reporting and associated requirements, as regulated under 29 CFR Part 5 of the Uniform Guidance. This oversight resulted from lack of expertise by DoTH's Resident Engineers and their Supervisors in conducting interviews and documenting the review of weekly certified payroll records.

Update Manuals and Train Staff:

As a corrective action response, DoTH will revise the policies and procedures and associated manuals to include stricter requirements governing the requirement to submit certified payroll records, the review of certified records, and any action resulting from noncompliance in accordance with the Labor Act and Davis-Bacon requirements. In addition, DoTH will train all required Department Staff on Davis Bacon and Labor Act regulations and requirements.

Procedures for the Collection and Review Certified Payroll Records:

DoTH Supervisors will collect and review certified payrolls weekly from the contractors, document the receipt and review and ensure that daily timesheets correlate to the pay period payroll report. This form will include a signature line to ensure reviewer is identified and will include the date.

Scheduled Interviews and Required Action:

DoTH will set frequent interview dates after the contractor submits their overall project schedule. DoTH will schedule interview dates based on high subcontractor scheduled activities to ensure numerous subcontractors will be interviewed and continue to record interviews by completing IDOT Form BC 163 for each and every one.

This corrective action plan will be implemented by August 1, 2016 by Holly Cichy, Chief Construction Engineer, 312/603-1613 and monitored by me. Please do not hesitate to contact me if you have any questions or need further assistance
