Summary: DDW & Associates/REB Storage Systems International was selected from two (2) vendor bids received through the open market bid process. The contract for the rental of shelving was approved by the County Board on 2/4/2009. The vendor designed, installed, and anchored the shelving to the 89th Street warehouse floor. The temporary storage shelving system is needed by the Clerk of the Circuit Court to maintain a total of 3,072 pallets of court documents until space is made available at the new Cicero Record Center.

Due to the fact that the new Cicero Record Center construction is still in process, we believe that it is

more cost effective and efficient to retain the expertise and services of the current vendor.

If the current contract were to be rebid, the County would incur additional costs for the reconstruction of shelving, or reloading of pallets, and incur possible increases in labor costs needed for staff to search for the location of pallets/documents during the reconstruction. Additionally, the Clerk of the Circuit Court would experience delays in the retrieval and delivery of court documents during the reconstruction of the shelving.
