Summary: TASC will provide clinical professional services to probationers reporting to the Adult Probation Department as part of their participation in the Circuit Court of Cook County's Drug Treatment Court. These services include clinical assessments of probationers to determine the level of substance abuse treatment needed and recommendations for appropriate treatment placements from the provider network. TASC also develops individualized treatment plans, monitors participants' attendance and participation in treatment and identifies ongoing treatment and recovery needs.

The Circuit Court is required to contract with TASC for these services because state law (20 ILCS 301/1-1, et seq.,) and its implementation by the Department of Human Services (DHS) in 77 ILL Adm. Code, Part 2060, requires that one program be designated to provide statewide assessment and case management services for alleged substance abusers for all Illinois courts. TASC is the sole program so designated by the State.

This is a Sole Source Procurement pursuant to Section 34-139 of the Cook County Procurement Code. ...end
