Due to available funding in the Salaries/Wages account.

Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

None

If the answer to the above question is "none" then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

This transfer is being made to extend Professional Services contract to allow new staff to benefit from contract employee's knowledge base.
