Not applicable

**How was the account used for the source of transferred funds identified? List any other accounts that were also considered (but not used) as the source of the transferred funds.**

This requested transfer would shift funds into ARPA Initiative NT099 (Connected Communities) to expand projects supporting water infrastructure.

**Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.**

Not applicable

**If the answer to the above question is “none” then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.**

This request seeks to shift ARPA funds between Policy Pillars, which requires approval by the Board.
