Summary: This renewal and increase will allow Ameresco, Inc. to continue providing energy consultant, procurement, bill payment and data management services for the procurement of and budgeting for electricity, natural gas, and renewable energy for Cook County facilities. Due to deregulated energy markets, the County can seek energy supply from multiple sources, which may result in operational savings. Due to the complexity and number of County accounts, it is in the best interest of the County to use a subject matter expert to assist the County.

Ameresco's fee for the services provided is assessed as a percentage of the amount of energy procured for the County. In addition, the data management and bill consolidation/validation process are flat annual fees per account as outlined in the Request for Proposals (RFP). Together, these costs will not exceed \$150,000 annually.

This contract was awarded through a publicly advertised Request for Proposals (RFP) in accordance with the Cook County Procurement Code. Ameresco, Inc. was awarded this contract based on established evaluation criteria.

With approval of the agreement herein, it is respectfully requested that the Bureau Chief of Asset Management, or designee, be authorized to execute, on behalf of the County of Cook, all documents necessary to implement and administer the electricity and natural gas service agreement.
